

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	HVAC system maintenance and repair
Inquiry Sub-Category	Energy efficiency concerns in HVAC system
Description	Customers seek advice on improving the energy efficiency of their HVAC system, requesting information on energy-saving options like programmable thermostats, duct insulation, or upgrading to more efficient models for lower utility bills and reduced environmental impact.
Data Size	7,195 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Are there any ____ for ____ that would ____ me ____ ____ conserve energy?
____ you ____ thermostats ____ will make temp ____ efficient?
____ to ____ if there ____ any thermostat options that ____ help ____ temperature.
Can you give me ____ to conserve ____?
Can ____ find a thermostat that ____ energy use?
____ would like to know ____ are options ____ can ____ saving energy.
____ you ____ a thermostat for ____ and ____ saving?
There ____ options ____ thermostat thingamajigs that ____ save on ____.
Can ____ help to ____?
____ wonder if temp-controlling ____ maximize ____.
There are ____ for ____ control?
Temp maximization ____ programmatic ____ searched for.
Is there ____ way ____ save ____ with a ____.
____ guys have ____ for ____ thingamajigs that ____ on ____ bills?
Is ____ possible to ____ thermostat ____ with ____ savings ____ temperature efficiency?
____ any eco-friendly ____ options?
What options do ____ have ____ smart ____ help ____ cut ____ energy ____?
____ it possible ____ you to ____ a ____ and energy saving?
You have ____ that save ____ power bills?
Is ____ reprogram thermos to ____ energy and ____?
____ there ____ thermostat ____ suitable for ____ energy ____ setting ____ settings?
____ are the options for ____ thingamajigs ____ on ____ bills?
I need ____ energy-saving ____ will ____ temp setting.
Can I ____ use less ____?
____ you ____ Thermostats ____ power?
Can I ____ a ____ the temperature?
____ on ____ temperatures with ____ smart ____?
Is ____ a ____ find ____ best ____ temperature control ____ energy saving?

_____ thermostats that saves energy _____ temperature settings?
 I would _____ to _____ if _____ any _____ that can help conserve _____ in _____.
 Is it possible that _____ a _____ that _____ energy _____ savings?
 _____ know that _____ are _____ for _____ thermostats that _____ energy and temp?
 _____ regarding _____ availability _____ thermostat _____ that can balance the use _____.
 _____ there _____ on power use?
 _____ if there are any thermostat _____ help conserve energy in _____.
 I'm _____ for a _____ option _____ levels _____ energy waste.
 Is _____ possible to find models that _____ temp _____?
 Do you _____ save power?
 Any _____ that are _____ efficient?
 _____ you offer thermostats _____ are _____ energy?
 Have _____ thermostat _____ can _____ power?
 Should _____ for comfort and energy _____?
 _____ it _____ for temperature control and energy efficiency.
 Is there _____ energy?
 Suggestions _____ a thermostat _____ save _____?
 Can _____ recommend _____ that is better _____ control and _____ usage?
 How _____ with a _____ thermostat?
 Is _____ any way _____ save on _____ a _____?
 _____ way to give _____ and energy saving?
 _____ smart thermostat that _____ improve temp _____?
 Are _____ eco-friendly _____?
 _____ you suggest _____ to _____ with a thermostat?
 _____ have _____ I _____ use to save energy?
 _____ there any _____ that's suitable _____?
 Is it _____ a thermostats _____ temperature control.
 Is _____ a way _____ they can save _____?
 I _____ any _____ for smart thermostats that help _____ energy.
 _____ any thermostat options _____ can help conserve _____ in _____?
 Can _____ tell _____ if _____ thermostat _____ to save power?
 I am _____ are _____ options for _____ that _____ in saving _____.
 Is there _____ that _____ save _____?
 _____ you _____ any _____ conserve _____ with a thermostats?
 _____ have _____ suggestion _____ thermostats to _____ power?
 There _____ queries _____ availability of thermostat alternatives _____ balance _____.
 _____ a smart _____ used _____ save _____?
 How _____ smart _____ to save on _____?
 Can you _____ me find _____ that saves energy _____?
 _____ it possible _____ cut _____ on energy _____ by using _____ thermostats?
 Home automation devices _____ can _____ saving _____?
 How _____ thermostats _____ power usage?
 Is there _____ thermostats to _____?
 Do _____ have _____ for _____ thermostats that can help _____ time?
 Options _____ that _____ power.
 _____ an _____ thermostat _____ has _____ temperature control?
 I _____ to know if _____ thermostat _____ that _____ help _____ energy.
 I am looking for a _____ maximizes comfort levels _____.
 There can _____ thermostat _____.
 _____ don't _____ if you _____ to _____ my energy.

_____ any way _____ the temperature _____ on _____ thermostat to _____ energy?
 _____ thermostats _____ conserve energy?
 There _____ about _____ of thermostat alternatives _____ can _____ use and _____.
 Are there _____ choices?
 Is it _____ to use _____ thermostat that _____ conserve energy _____ temperature _____ ?
 _____ we use _____ thermostat to _____ ?
 _____ questions _____ the _____ thermostat alternatives _____ are able to balance _____.
 _____ there a way _____ control _____ energy-saving thermostats?
 _____ know if _____ can program temp-regulating devices _____ energy.
 _____ the _____ to save power and control _____ ?
 _____ there any way _____ using _____ thermostat?
 _____ you _____ there _____ eco-friendly _____ choices?
 _____ anyone _____ of _____ energy-saving thermostat _____ temperature _____ ?
 Should _____ be _____ that save _____ ?
 Are you _____ for _____ on _____ thermostats that _____ settings?
 Is it _____ to _____ thermostat that facilitates _____ saving _____ ?
 I would like _____ electricity, but I'm not sure what _____ I _____.
 Is there _____ to make _____ thermostat _____ energy _____ ?
 Can _____ temp-regulating _____ to _____ energy.
 Is it possible _____ thermostat _____ control temperatures and _____ ?
 Is there a _____ that allows for _____ saving?
 _____ thermostats _____ used to _____ energy?
 Is it possible to _____ can facilitate energy _____ and _____ ?
 I don't _____ if _____ are any _____ that can _____.
 Can _____ a _____ with _____ control?
 _____ suggest ways to conserve _____ thermostat?
 Are _____ eco _____ choices?
 Is _____ way _____ thermos _____ be programmed to _____ more _____ ?
 Can I find a _____ works _____ control and _____ ?
 _____ smart _____ that can _____ with power use?
 _____ any way to save _____ by _____ ?
 _____ I _____ devices to _____ energy?
 Is _____ a _____ for smart thermostats that _____ cut down _____ ?
 Does _____ any _____ eco-friendly thermostat?
 The _____ be programmed _____ conserve _____ ?
 _____ possible _____ find _____ devices that _____ maximize efficiency?
 _____ you have _____ that is _____ saving energy _____ settings?
 _____ you _____ thermostat models that _____ energy _____ settings?
 Is _____ a way _____ find _____ for temperature _____ energy _____ ?
 _____ for _____ thermostat alternatives that _____ energy.
 _____ models _____ save energy while controlling _____ ?
 Is _____ you _____ thermostat that facilitates energy savings and _____ ?
 Is _____ possible to _____ that will help _____ in _____ house?
 _____ would like _____ find a _____ conserve _____ by changing temperature settings _____.
 Is _____ you _____ smart thermostats that help _____ energy?
 _____ thermostats to conserve _____
 _____ finding a _____ that _____ comfort _____ saving energy.
 _____ there any way that _____ thermostats can help _____ cut _____ ?
 _____ a way to _____ an optimal _____ energy savings?
 Can _____ a thermostat _____ energy?

How ____ an ____ thermostat ____ temperature ____?

____ you ____ any ____ smart thermostats ____ help ____ cut down ____ energy consumption?

Suggestions ____ is ____ to conserve power?

Is ____ smart thermostats that can help save ____?

Is there ____ to ____ power with an ____?

____ I find ____ controlling ____ efficiency?

Can you recommend ____ thermostat ____ provides better temperature ____ and ____?

Could you ____ me ____ thermostat ____ and doesn't waste ____?

____ possible to ____ eco-friendly ____ choices?

____ you ____ find a ____ that ____ energy ____ comfort?

____ to ____ if ____ any options for a ____ would ____ conserve energy.

____ for ____ thermostat ____ that maximizes comfort levels ____ reducing energy ____.

I would ____ a thermostat ____ that maximizes comfort levels ____.

____ there a ____ to ____ controls temperature ____ conserves energy?

____ options for ____ that ____ be ____ adjust ____ and save ____.

____ options ____ thermostat settings ____ save ____.

Is there a ____ to ____ to save energy ____?

____ you have any ____ thermostats that can ____?

Suggestions ____ a thermostat ____ could ____?

____ have thermostat ____ that save ____?

____ advice ____ choose a thermostat ____ enable efficient energy usage?

____ thermostat ____ that will help conserve energy ____ my ____?

____ any ____ smart ____ that will help me reduce energy ____?

____ your ____ the ability to save ____ and ____ settings?

Do ____ have any ____ options ____ save ____?

Is there an ____ of thermostats that ____ adjusted ____?

____ it ____ temp-controlling devices ____ maximizing efficiency?

____ a need for help ____ that ____ energy consumption.

Suggestions ____ how ____ thermostat ____ adjusted to ____ power?

Is there any home ____ save energy by ____?

____ it possible that programmable ____?

____ thermostat choices ____ available?

I ____ to conserve ____ but could you recommend any ____ ways to do ____?

____ there ____ way to ____ thermostat ____ a way ____ would conserve ____?

____ any ____ for a ____ to ____ energy?

____ have ____ thermostats ____ use ____ conserve my energy?

Could ____ help me find a ____ option ____ comfort ____ waste ____?

____ are ____ about the ____ alternatives that ____ able ____ balance ____ and temperatures.

Is ____ thermostats to conserve ____?

Is ____ any ____ smart ____ that help ____ saving ____?

Is there an option of ____ can ____ energy?

Are the ____ currently?

____ any thermostat ____ to save ____ or control ____?

____ any way ____ temperature of the thermostat ____ save ____?

____ be able to help ____ a ____ option that ____ comfort levels while ____?

____ is a need ____ help ____ saves energy.

Do ____ offer ____ energy and help set the ____?

To ____ settings ____ conserve ____ there are options ____ thermostat.

Is it ____ to ____ thermostats ____ control.

Is there any advice ____ enable ____ energy use.

Will you have _____ thermostat _____ that _____ power bills?

Is there a _____ can save _____ and _____ with _____?

Can there _____ any thermostat _____ conserve energy in _____?

_____ there any way _____ to save energy?

I _____ like _____ thermostat to _____ I am _____ sure if _____ any options you can _____.

_____ you _____ a _____ that _____ energy?

_____ there _____ better temperature _____ with _____?

Is _____ possible to use an _____ control.

_____ for smart thermostats that _____ help me cut _____ energy consumption?

_____ with a smart _____?

Is _____ way to control the _____ and _____?

Is _____ any thermostat options that can _____ temperature?

I _____ to _____ if you have _____ smart _____ that _____ saving _____.

Is there _____ thermos to _____ programmed to _____?

_____ it possible to _____ that will _____ saving and temperature _____?

Is there a way _____ find _____ thermostat _____ can _____ and _____?

I'm _____ smart thermostat alternatives _____ will _____ energy.

_____ you _____ to save _____?

I _____ find a thermostat _____ control and _____ efficiency.

_____ there any _____ I could change _____ on _____ save energy?

_____ you recommend _____ thermostat _____ better _____ control _____ energy usage?

_____ any _____ will save my _____?

There _____ about _____ availability _____ thermostat alternatives that _____ the _____ of energy _____.

_____ sell thermostat models that _____ temperature settings?

_____ there _____ any advice _____ choosing a thermostat _____ allow _____ energy usage.

_____ you have any _____ for _____ help _____ down on _____ usage?

_____ way to _____ with the thermostat?

Are _____ any _____ temperature control?

_____ on high-tech, eco-friendly _____ that _____ optimal temp _____?

Would _____ able _____ help me _____ thermostat _____ levels while minimizing _____ waste?

_____ a _____ that can _____ energy _____ make the _____ better?

Is it _____ to suggest a thermostat _____ can _____ efficiency?

Should _____ be programmed _____?

_____ any _____ that are energy efficient?

_____ thermostat option for energy _____?

_____ you sell thermostats _____ using _____?

Am _____ able _____ program temp-regulating _____ energy?

Do _____ thermostat that _____ save energy and _____ better?

_____ have _____ options to save _____ with _____ thermostat?

Suggestions on a thermostat _____ to _____?

_____ there any home automation device _____ manage _____ energy?

Is there an _____?

Is _____ option for thermostats that _____.

_____ way to program _____ regulating devices _____ energy?

I am _____ thermostats you _____ give me.

Do you _____ suggestions _____ smart _____ that I can _____ energy consumption?

_____ any energy-saving thermostats _____ you can _____.

Can _____ any _____ be programmed to _____ energy?

_____ we use _____ smart _____ save _____ power?

Is _____ any _____ to _____ using the thermostats?

Is there _____ way to save _____ thermostat?

There _____ options _____ to conserve _____.

_____ smart _____ reduced energy use

_____ are any options _____ save _____?

_____ have any energy-saving _____ will help me with _____?

_____ you _____ thermostats that reduce temperate or _____?

_____ a good idea _____ a _____ that _____ energy usage _____ temperatures?

Is there _____ way _____ temperature _____ and _____ saving thermostats?

_____ there _____ way to _____ by thermostat _____?

_____ there any _____ to _____ with a _____.

Do you have thermostats _____ energy _____ improve _____?

_____ possible _____ thermostat options that will help conserve _____ in _____?

_____ there any way _____ the thermostat to _____?

_____ you _____ a better thermostat for _____ control _____ energy _____?

_____ energy-saving thermostats _____ help _____ temperature _____?

Is _____ any _____ set the thermostat _____ I _____ energy?

_____ you _____ any thermostats that _____ for _____ energy _____ settings?

Is there _____ way _____ me _____ control the temperature _____?

Do you _____ for thermostats _____ save _____?

_____ carry smart _____ that can _____ used for _____ and power _____?

_____ smart thermostat alternatives _____ would _____ energy _____.

_____ smart thermostats that use _____ temperate _____ power?

Any _____ thermostat _____?

_____ you _____ smart thermostats _____ can help me cut _____ on _____ consumption?

Have the _____ save _____ and _____ the temp?

Is _____ energy with _____ thermostat.

_____ know if _____ is an _____ for better temperature _____?

A _____ on _____ power usage?

Is _____ way to _____ thermos that _____ energy?

Do you _____ for _____ thermostats _____ will help me _____ down _____ my _____?

_____ have any _____ are suitable _____ temperature settings and _____?

Is there any way that _____ change _____ and _____?

Suggestions _____ a thermostat _____ to _____?

What options _____ to _____ energy with _____?

_____ it possible _____ thermostat _____ help _____ energy in _____ house?

_____ on _____ thermostat to save _____?

_____ for you to suggest a thermostat that can _____?

_____ it possible to suggest _____ thermostat that can _____?

_____ home automation _____ that can manage temperatures _____ electricity?

Are _____ for _____ thermostats _____ save _____?

Is there _____ will cut _____?

Do _____ have _____ ability _____ to save energy?

There _____ availability of thermostat _____ that can _____ the _____ of _____ temperature.

_____ there a thermostats _____ and improve temperature _____.

_____ a _____ to _____ temperature and _____ electricity?

Is _____ any _____ for energy _____?

_____ offer thermostats _____ energy and improve _____ settings?

Is _____ any _____ that _____ be adjusted to save _____?

_____ for thermostats to adjust _____.

I'd like to find a thermostat _____ that _____ waste.

_____ be options for _____ thermostats?
 Do _____ have _____ suitable _____ energy and temp settings?
 Any energy-saving thermostat _____ used for _____ control?
 _____ eco-friendly _____ that is energy _____?
 _____ there _____ smart _____ save energy and reduce temp?
 There _____ the _____ thermostat alternatives _____ balance energy _____ and temperature.
 Do you have _____ for _____ cut down _____ energy consumption?
 _____ there _____ choices?
 Do _____ any options for smart _____ save energy?
 _____ using a _____ to _____ power.
 _____ way I can _____ the _____ thermostat to save energy?
 Should _____ be _____ for _____ that save _____ power?
 For _____ that _____ on _____?
 Is _____ way _____ a _____ for optimal _____ control?
 _____ way I _____ modify the temperature _____ my thermostats _____ save _____?
 Do _____ have any smart _____ that can _____ cut _____ usage?
 Is there a _____ and _____ Energy?
 _____ thermostat choices to _____ save _____?
 _____ there any option for _____ thermostat _____ help _____ and temperature?
 _____ there any _____ automation _____ can _____ temperatures while saving _____?
 Are _____ thermostat choices _____ energy?
 Do you _____ models that _____ by _____ temperature?
 _____ you have _____ options _____ smart thermostats that _____ reduce energy _____?
 Do _____ thermostats that help with both _____ and _____?
 What _____ thermostat _____ that _____ save on power bills?
 I want _____ know _____ there _____ thermostats that help _____ saving _____.
 _____ choice of _____ thermostats _____ cut down on energy use?
 Is _____ a _____ can save energy _____ settings?
 _____ be able to help _____ find a thermostat _____ levels _____ decreasing _____ waste?
 _____ there _____ tips _____ money on _____ the programmable thermostat?
 Is there _____ thermostat that _____ help _____ temperature _____ home?
 Is _____ a thermostat _____ efficient _____ control and _____?
 _____ any _____ automation devices that can _____ and _____ energy?
 _____ are options for _____ the _____ to _____.
 Is there _____ way _____ find _____ and energy _____ thermostats?
 I'm _____ need of a _____ that maximizes _____ cutting energy _____.
 Can _____ of _____ of _____ energy?
 Looking _____ smart _____ alternatives _____ save _____ money.
 Did you _____ that _____ are _____ smart _____ that can _____ saving _____?
 _____ there any _____ to _____ energy by _____ thermostat _____?
 _____ there _____ thermostat that is _____ temperature control?
 Is there _____ thermostat that _____ in my house?
 Do you _____ thermostats that can _____ cut down _____ my _____?
 Do _____ on _____ to conserve electricity by _____ settings using _____?
 _____ options for _____ save power _____ temperature.
 _____ options _____ efficient _____ settings.
 _____ there any temp _____ devices _____ can _____?
 Have _____ considered _____ to _____ and control _____ effectively?
 Do _____ offer a _____ that saves energy _____ can _____?
 Do _____ have _____ options _____ thermostats _____ be used to save _____?

_____ smart thermostat to save _____?
 _____ find _____ that improve temp _____ saving _____?
 Can you tell _____ ways _____ conserve _____ a thermostat?
 Do you _____ smart _____ and temperate?
 _____ to _____ temp-controlling devices that _____ help maximize _____.
 Do _____ have _____ choices for _____ help _____ cut _____ on energy _____?
 _____ be _____ way _____ control temperature and _____ energy?
 I _____ wondering _____ could help me _____ thermostat _____ maximized comfort and _____ energy _____.
 _____ it possible that _____ energy?
 Is there _____ option of thermos _____ save _____?
 Are _____ for _____ thermostats that can _____ save _____?
 Suggestions on _____ thermostat to _____?
 _____ thermostat _____ can _____ to _____ energy in my home?
 _____ it possible _____ find thermostat _____ that _____ conserve energy _____?
 Do _____ any eco friendly _____?
 Can you tell me _____ can _____ electricity _____ adjusting _____ settings?
 _____ you offer thermostats that can _____ change _____?
 Do _____ thermostats _____ save energy?
 _____ there _____ that can _____ for _____ temperature control and energy _____.
 Can _____ recommend a _____ temperature control and _____ use?
 _____ you _____ me _____ a thermostat option _____ levels _____ saving energy?
 I was wondering if you _____ thermostat option _____ comfort _____ minimized energy waste.
 _____ I _____ temp _____ to help maximize _____?
 _____ you _____ me if there are any _____ that _____ save _____?
 _____ there _____ thermostat that could be used for _____?
 There are possibilities _____ on _____ smart thermostat.
 _____ I find temp controlling devices _____?
 _____ about eco-friendly thermostat _____ for _____?
 _____ you _____ a _____ with _____ temperature control _____ reduced energy _____?
 _____ there any thermostat _____ will help conserve _____ temperature _____ my _____?
 Is _____ thermostat option _____ energy savings?
 _____ you _____ a _____ that _____ temperature _____ and less energy _____?
 Is _____ set a _____ to conserve _____?
 _____ if _____ can find a thermostat for optimal _____.
 Is there _____ thermostat that _____ better _____ control?
 Suggestions on _____ a thermostat _____
 Looking _____ smart thermostat alternatives that _____ and have _____.
 Is it _____ you _____ temperature _____ your thermostats?
 _____ it possible _____ energy _____ adjusting _____ thermostats?
 Do _____ the ability _____ program _____ to conserve energy?
 Can _____ suggest a thermostat with _____ also _____ use?
 _____ could _____ temp-regulating devices that _____.
 _____ it _____ to use _____ to conserve _____.
 Can _____ suggest a _____ that can control _____ energy?
 _____ there _____ way you could _____ a _____ that _____ energy _____ saving?
 _____ was wondering _____ temp-controlling _____ could _____ efficiency.
 Any _____ options _____ eco-friendly?
 _____ any thermostat _____ can help conserve _____ my _____?
 _____ any advice for choosing a thermostat _____ help with _____ control?
 Is _____ to set _____ in _____ way _____ will help me _____ energy?

_____ there _____ thermostat _____ to save _____?

I'm looking _____ a thermostat _____ comfort _____ while still _____ waste.

_____ for reprogrammable _____ save power _____ temperature.

_____ find an optimal temperature control _____?

Can _____ suggest a better thermostat _____ temperature _____ energy _____?

_____ there _____ to save _____ power when using _____ smart _____?

Can you give _____ options for thermostat thingamajigs _____?

Suggestions on _____ is designed _____ conserve _____.

_____ know if there _____ help me conserve electricity by using thermostats.

I'm _____ you _____ recommend _____ conserve _____ by using thermostats.

Is _____ thermostat _____ power or control _____ effectively?

Is _____ option _____ that _____ help me save energy and _____?

Can _____ about any other _____ to conserve energy _____?

_____ choices that could save _____?

_____ any thermostats _____ energy-saving for better temperature _____?

I _____ if _____ are temp-regulating devices _____ energy.

_____ you have any _____ how to _____ energy _____ a _____?

_____ anyone know if _____ to conserve _____ with a _____?

To _____ settings and _____ power, _____ are _____ options for _____.

_____ you _____ thermostat that can help conserve _____?

Is it possible _____ that help _____ efficiency?

Would _____ for _____ find a _____ that maximizes comfort levels while minimizing energy _____?

_____ in _____ energy-saving _____ that can help with _____ settings.

There are temp _____ solutions _____

_____ there other _____ for thermostats _____ on _____?

_____ that could be _____ efficient temperature control and _____ saving?

_____ you _____ to _____ power with the _____?

Does anyone _____ of any thermostat options _____ energy _____ temperature in _____?

Is there _____ that _____ save _____ and _____ temperature settings?

_____ anyone _____ any energy-saving thermostat _____ better _____ control?

I _____ like _____ know if there _____ smart _____ help save energy.

_____ any thermostat _____ can help _____ conserve energy and temperature _____?

Is it _____ to _____ help with efficiency?

How _____ models _____ save energy?

Is _____ have thermostat options that will help _____?

I _____ there are _____ thermostat options that _____ me conserve _____ and temperature _____ my _____.

_____ there an _____ thermostat _____ available?

Suggestions on _____ thermostat _____ for _____?

Can you please _____ improve temp control and _____?

Are _____ any energy-saving _____?

_____ there any _____ that _____ better temperature control?

Do _____ sell _____ thermostat that _____ be _____ to conserve _____?

_____ there _____ thermostats?

Could _____ help me _____ a thermostat _____ comfort _____ while avoiding _____?

_____ any thermostat _____ to _____ control temps effectively?

_____ you _____ smart thermostats _____ save temparate _____?

Suggestions _____ designed _____ help conserve _____?

_____ have _____ thermostats that you can use _____?

Is there _____ thermostat options I can _____ in my _____?

Looking _____ thermostat alternatives with _____.

_____ way _____ me to save _____ with _____ thermostats?

_____ have _____ you can _____ to save me _____?

Is it possible _____ you _____ a thermostat that facilitates _____?

Does _____ are _____ that can help conserve energy?

_____ you _____ that help with _____ temperate and power _____?

_____ there _____ thermostat options _____ help _____ and temperature?

_____ recommendations _____ eco-friendly thermostats to _____ temp _____?

Do _____ have _____ conserve energy with _____ thermostat?

Can you _____ a _____ control _____ less energy use?

_____ you _____ thermostat models _____ can be _____ conserve _____?

_____ there any _____ on how _____ a _____ enable efficient use _____ energy.

_____ you any thermostat _____ save _____ control _____ effectively?

_____ recommendations on high tech, _____ thermostats that _____ optimal temp _____?

_____ the _____ energy with the thermostats?

There _____ need _____ help finding a _____ maximizes comfort _____ saving _____.

Are there any thermostats that _____ for _____ and _____ saving?

_____ are _____ the _____ of _____ alternatives that _____ able _____ energies utilization.

I _____ I can find _____ thermostat _____ temperature control.

Is there _____ that _____ be used _____ and save _____?

I _____ know if there _____ any _____ that _____ me conserve _____ in my _____.

_____ there _____ thermostat _____ can save energy and _____?

Is _____ any _____ save energy _____ customized _____?

Are _____ thermostat _____ that _____?

Is _____ possible _____ with a _____ thermostat?

Is it possible for you to _____ thermostat _____ and _____?

_____ a way to have _____ control with _____?

Do _____ have _____ thermostats that _____ be _____ save _____ energy?

_____ you offer _____ that saves _____ and improves _____?

_____ there _____ thermostat _____ temperature control _____ energy saving?

Can you _____ me any _____ are _____ settings and saving _____?

_____ for thermostats _____ can be _____ to conserve _____.

_____ find a _____ that saves energy while _____ comfort?

Is _____ any way _____ save _____?

_____ a _____ energy savings?

_____ modify the temperature settings on _____ to save energy?

Is _____ a thermostat _____ for saving _____ adjusting _____?

Save _____ by using _____ thermostat?

_____ there exist a _____ and energy saving?

_____ are questions regarding _____ of _____ can balance the energies _____.

_____ that _____ on power use?

_____ offer thermostats that can _____ improve temperature _____?

_____ possible to program _____ save _____.

_____ are _____ regarding _____ availability of thermostat _____ balance _____ utilization.

Seeking options for _____ of _____ thermostat _____ conserve _____.

_____ ways to _____ with a smart thermostat.

Can _____ a _____ that _____ control and lower energy _____?

_____ help _____ find a _____ option that _____ comfort and _____ waste energy?

_____ have any _____ that will save _____ and _____ effectively?

Have any thermostat _____ would _____?

Suggestions on _____ power?

_____ you help me _____ a thermostat _____ that _____ energy?
_____ temp control, saving energy?
How about _____ conserve energy _____?
Is it _____ find _____ thermostats _____ temperature control?
_____ can help _____ efficiency?
_____ there _____ thermostat that's energy _____?
_____ thermostats that can save _____.
I _____ for _____ ways _____ conserve _____ by changing temperature _____ thermostats.
Do you have _____ choices for _____ cut _____ on energy use?
Want _____ on _____ eco-friendly _____ optimal temp settings?
Want advice _____ eco-friendly thermostats _____ settings?
I'm _____ for suggestions _____ thermostat adjusting _____.
I was wondering _____ you could _____ find _____ thermostat _____ that _____ comfort _____ energy.
_____ there _____ thermostats that can _____ temperature control?
I _____ if _____ are _____ thermostats _____ save energy?
_____ with a smart _____?
Have _____ thermostats _____ for _____ settings and _____ energy?
Do you _____ thermostats _____ can _____ energy _____ settings better?
_____ you have _____ use _____ cut down on energy use?
_____ would _____ use _____ electricity, but I'm not _____ if there are any _____ available.
Are there any _____ for smart _____ that can _____?
I am wondering _____ temp-regulating _____ energy that _____.
_____ was _____ you _____ options for smart thermostats that can _____ energy _____.
Do you _____ that are compatible _____ temp _____ energy?
_____ about a _____ that _____?
_____ way _____ thermostat to save energy?
_____ any way _____ smart _____ energy and reduce temps?
Which _____ be _____ to _____ energy?
Options _____ thermostats _____ conserve _____?
_____ have _____ that I _____ use to cut _____ on _____ use?
_____ there _____ way _____ program _____ save energy and _____?
_____ there any home _____ that _____ manage _____ saving energy?
Is there a _____ to _____ thermostats _____ temperature _____ energy _____?
_____ to find _____ devices _____ will maximize _____.
_____ a _____ that can _____ for better temperature _____.
Seeking models _____ but _____ energy?
Are _____ for _____ that _____ help _____ down on energy consumption?
_____ have _____ choices _____ can help _____ cut down on energy consumption?
_____ a way to _____ a _____ for _____ temperature _____.
_____ on _____ wanting to conserve _____?
Can _____ find _____ temperature control?
_____ there _____ way _____ reprogram thermostats _____ save _____ and reduce _____?
_____ there a _____ find _____ thermostat that _____ temperature _____ energy?
_____ thermostat options for _____ savings?
There are _____ thermostat _____ for _____?
What _____ for saving _____ thermostats?
Help _____ that maximizes _____ while _____ energy.
_____ any alternatives _____ energy _____ a thermostat?
_____ need to _____ if there are _____ options _____ help _____ energy.
Do _____ that _____ improve temperature _____?

_____ to conserve energy.

_____ it _____ to _____ better temperature control and _____ energy usage?

_____ questions _____ the availability _____ thermostat _____ can balance energy utilization _____.

I'm wondering _____ there's any _____ for _____ thermostat _____ will _____ usage.

_____ to suggest a _____ facilitate energy savings and _____ improvement?

_____ there any advice _____ a thermostat that _____ usage _____ temperature management?

_____ it _____ that home automation _____ while saving energy?

_____ thermostat options to _____ control temps effectively?

_____ there any way to _____ smart _____ down _____ energy _____?

Suggestions _____ thermostat _____ conserve _____

_____ if there are _____ thermostat options _____ can help conserve _____ in _____.

_____ to reduce consumption _____ controllable _____?

Seeking smart _____ that _____ less _____.

Any eco- _____?

_____ there any _____ that I can _____ to _____ energy use?

Is _____ a thermostat that can _____ energy savings and _____?

Can _____ recommend a _____ energy?

_____ there a _____ is efficient for _____ and energy _____.

_____ be used _____ save _____?

Is _____ any _____ are suitable for _____ temp settings _____?

_____ am wondering if _____ have any options _____ smart thermostats _____.

_____ it possible _____ you _____ suggest thermostats _____ can _____ and temperature _____?

_____ have any thermostats for me _____ save _____?

Are _____ looking for recommendations _____ optimal temp _____?

Is _____ any options _____ thermostat _____ saves _____ power?

_____ there any _____ options?

_____ get _____ smart _____ will help me cut _____ on _____ consumption?

_____ you have any _____ appropriate for _____ energy _____ adjusting _____?

_____ need _____ know if there _____ for _____ thermostats that _____ saving energy.

Is _____ to recommend a thermostat _____ better _____ and reduced _____?

Want _____ eco-friendly _____ that _____ optimum temp _____?

_____ that will help me _____ temp settings?

How about _____ thermostat for _____?

_____ about a _____ that saves _____?

_____ way to find a _____ with _____ temperature _____.

Is _____ choices that save _____?

Is there _____ thermostat can be changed _____ energy?

_____ there _____ way for me _____ temperature settings _____ my _____?

Is _____ way for _____ set my _____ so _____ it _____ energy.

_____ that save energy _____ temperature?

_____ you _____ models _____ energy by _____ temperature settings?

_____ you offer thermostats _____ energy and can _____?

Can you _____ me about _____ that can _____?

An _____ better temperature _____?

Is there _____ save _____ power with _____?

Is _____ way to _____ thermostats for _____ and _____ efficiency?

I _____ know _____ there _____ any _____ to conserve energy _____ a _____.

_____ need _____ know if you _____ options _____ smart _____ that _____ energy.

_____ got any thermostats _____ save _____?

_____ choices _____ save power and _____ temperature effectively?

_____ to _____ the temperature settings _____ thermostat to save energy?

_____ offer thermostats that _____ programmed to save _____?

You have _____ for thermostat things _____ on _____ bills?

_____ that _____ on the _____?

Is it _____ to _____ save _____.

Is _____ a way for _____ to _____ changed _____?

_____ way to save energy with _____ customizable _____?

I _____ if _____ can help _____ efficiency.

_____ interested in _____ thermostats _____ you can give _____.

Is _____ a thermostats that _____ on _____?

I _____ wondering _____ could _____ me _____ a thermostat option _____ while _____ minimizing energy waste.

I was _____ if _____ advice for choosing _____ thermostat _____ could _____ efficient _____.

_____ there any _____ that can save _____ better _____?

_____ you _____ any _____ options?

_____ you _____ thermostats that will _____ my energy?

Is _____ advice _____ a thermostat _____ will enable _____ usage?

Can _____ please find _____ that _____ temp control, _____?

_____ any ways _____ conserve energy with a _____?

_____ any thermostats that _____ and adjusting temp settings?

Suggestions on _____ conserve power?

_____ a _____ that can _____ power usage?

Are you able _____ find _____ saves energy while _____?

There are questions _____ availability of _____ balance _____ energy and the temperature.

Is _____ any home _____ device that can _____ temperatures _____?

I was _____ there _____ any _____ conserve _____ with a _____.

There _____ options _____ thermostats that _____ save _____?

_____ other options _____ thermostats _____ energy?

Is _____ smart thermostats that _____ in saving energy _____?

Do you _____ advice on _____ a _____ that will allow _____.

_____ on a _____ could be _____ conserve power?

Is there _____ that reduces _____?

I _____ you sell _____ models that use _____ settings _____ energy.

_____ are _____ regarding the _____ of thermostat _____ able _____ balance energies.

There's any advice _____ a _____ enable efficient energy _____.

_____ device _____ I can program?

_____ about any _____ that can _____ conserve energy?

_____ there _____ way _____ me to maximize _____ and _____ energy with _____?

Is it possible _____ find temp-controlling _____ in _____?

Suggestions _____ thermostat geared _____ power?

Do _____ offer a _____ saves _____ and can _____?

Can _____ eco-friendly thermostat _____?

_____ you have _____ thermostats _____ help me cut down on _____?

_____ you _____ can reduce energy use?

Are _____ options _____ thermostats that _____ energy?

_____ for _____ programmed thermostat _____ that maximizes comfort levels _____ waste.

_____ want _____ know _____ any options for smart _____ that _____ energy.

_____ it possible _____ sell _____ models _____ conserve energy _____ the _____?

There are questions about the _____ thermostat _____ balance energies.

Do you have _____ options for _____ can help _____ cut _____ usage?

_____ are questions regarding the availability _____ that _____ to balance _____.

_____ a thermostat _____ a goal _____ power?

I would like _____ if _____ have options _____ thermostats _____ help save _____.

_____ any options _____ save on _____ a _____ thermostat.

Do _____ on _____ to _____ money on _____ the programmable thermostat?

Is _____ any _____ choice _____ or _____ savings?

Are _____ any options for _____ help _____ down _____ energy use?

_____ thermostat alternatives that will reduce _____.

_____ options _____ settings that can _____ adjusted to _____.

Do _____ know if _____ are _____ thermostats that _____?

_____ there any _____ for _____ thermostats that _____ in saving _____?

_____ thermostat _____ that maximizes _____ levels while _____ same time not _____ energy.

Want _____ that promote optimal _____?

How _____ temp-controlling _____ maximize _____?

_____ on a thermostat _____ goal of _____?

_____ there _____ choice _____ for _____ savings?

_____ it _____ to choose _____ thermostat _____ will enable _____ energy usage and _____?

What _____ thermostat _____?

_____ it _____ to adjust _____ and _____ energy?

If you _____ any _____ for _____ thingamajigs that _____ power bills, _____ know.

I'm searching _____ a thermostat _____ that maximizes _____ levels _____.

Do _____ have any _____ thermostat _____ use to _____ down _____ energy _____?

Looking _____ consumption with _____ temp _____.

Can _____ to maximize efficiency?

What options exist _____ thermostats _____?

_____ any way _____ me to adjust temperature _____?

Is it _____ to _____ the thermostat _____?

Is it _____ for a thermostat _____ be _____ and energy _____?

Is there any way that _____ me _____?

_____ there any _____ on choosing _____ thermostat that _____ usage and temperature _____?

How _____ thermostat choices _____ save power and _____?

_____ it possible _____ find thermostat _____ that will help _____?

Is _____ devices to conserve energy.

Can _____ find _____ devices that _____?

Is _____ to _____ a thermostat _____ can facilitate energy efficiency _____?

I _____ that saves energy

_____ for smart thermostat alternatives _____ will _____ less _____.

Is _____ way _____ modify the _____ to _____ energy?

_____ wonder _____ temp-regulating devices _____ I can program.

Is there _____ on choosing _____ will allow _____ of energy.

Is _____ a _____ to find _____ temperature control _____?

I'd like _____ thermostat _____ maximizes comfort _____ while _____ energy waste.

Do you _____ that are programmed _____?

There are _____ for _____ energy _____?

Do you have thermostat _____ save power _____?

_____ for smart thermostats _____ help _____ energy?

Is _____ to _____ energy _____ changing the _____?

_____ there _____ way that _____ the _____ my thermostats to _____ energy?

Is _____ a way _____ thermos to use _____?

_____ about _____ that _____ energy?

Is _____ to _____ that can control _____ and _____ energy?

Are _____ the thermostats suitable for _____ energy _____ temp _____?
 _____ energy-saving _____?

Is there a thermostat option that _____ my _____?

Do you _____ thermostats that save _____ power?
 _____ you _____ smart _____ that can _____ with saving _____ and temp?

Can _____ tell _____ about _____ that can _____ used _____ energy?
 _____ any _____ options of _____ energy?
 _____ want to know _____ sell _____ that conserve energy _____ adjusting _____.

Can there _____ energy-saving _____ for _____?

Can _____ recommend _____ thermostat _____ better _____ and _____ energy use?
 _____ you _____ choices for _____ to _____ me _____ down on energy _____?
 _____ for comfort _____ savings?
 _____ of _____ thermostat aiming at _____?
 _____ there _____ thermostat options _____ can _____ to conserve energy _____?

Seeking _____ for _____ settings _____ money.

I am wondering if _____ thermostats _____ save _____.
 _____ eco-friendly thermostat _____ temperature control?
 _____ it possible to _____ thermostats for optimal _____ control _____?
 _____ for _____ that can _____ power _____ temperature.

Is there any _____ thermostat _____ enable efficient _____ and optimal temperatures?
 _____ there a _____ that is _____ temperature _____ energy saving?
 _____ the thermostats _____ to conserve _____?
 _____ suggestions on _____ to _____ energy with a thermostat?
 _____ to sell thermostat _____ that _____ energy by changing _____?
 _____ there any _____ comfort _____ energy savings?
 _____ eco-friendly thermostat _____ are _____?
 _____ can _____ use _____ smart _____ to _____ on power?

Can _____ that can _____ energy?
 _____ the energy-saving _____ available?

Do _____ exist to _____ energy?

Is _____ advice for choosing _____ will help _____ energy?

Is there an eco-friendly _____.

_____ there a _____ can provide _____ temperature _____ energy saving?

I am wondering _____ there _____ options _____ help me conserve _____.

Is it _____ to save _____ with _____?

Is _____ any eco-friendly _____ uses _____?

I _____ looking for _____ thermostat _____ temperature and conserve _____.

Is _____ thermostat for temperature control _____ energy?

Is there _____ Thermostat _____ temperature _____?

Is it _____ to _____ thermostat _____ optimal _____ and _____ savings?

Is _____ possible _____ you _____ thermostat that _____ energy efficiency and _____?
 _____ on _____ that saved _____?

Do you _____ thermostats _____ conserve _____ by _____?

I _____ there are _____ options for smart _____ can help save _____.
 _____ way _____ thermostats _____ save power?

What _____ that _____ on _____ use?

Do you _____ any _____ save on power bills?
 _____ suggest a _____ reduces _____ use?
 _____ are options _____ to save _____.

Is _____ could _____ a _____ facilitates energy savings _____ temperature management?

_____ possible _____ find _____ with optimal _____ control and energy _____?
 _____ a thermostat that can _____ energy _____?
 I _____ to _____ if _____ have _____ for _____ thermostats _____ will _____ save energy.
 _____ find a thermostat _____ that maximizes _____ still being _____ efficient.
 _____ was _____ any energy-saving thermostats _____ used _____ better temperature _____.
 _____ for thermostat _____ to conserve _____.
 Have _____ got any thermostats _____ energy?
 _____ on how to _____ a _____ that will enable efficient energy _____?
 _____ a _____ choice to save _____ while _____ temps?
 Suggestions _____ a _____ designed _____ power
 Are _____ choices _____ save energy?
 _____ you _____ for thermostats _____ energy?
 Is _____ way for me to _____ temperature on my _____?
 Do _____ any options for _____ will _____ energy?
 Is there any option _____ a _____ help me _____?
 There _____ questions _____ the availability _____ alternatives _____ balance energies _____.
 Suggestions on a thermostat _____?
 Is _____ way to _____ that can control temperature _____ conserve _____?
 Any energy-saving _____ can be _____ better temperature _____?
 I _____ know _____ any advice for choosing _____ thermostat that _____ allow _____.
 _____ it possible _____ save _____ by _____ thermostat?
 _____ to find a thermostat _____ optimal temperature control _____ energy _____?
 I _____ if you _____ smart _____ that will save energy.
 I'm searching for a _____ that _____ while _____ wasting _____.
 Can you tell _____ any _____ should _____ to conserve _____?
 You _____ programmed _____ save my _____?
 _____ options for smart thermostat to _____ me cut down _____?
 Do you _____ any _____ that are _____ and _____ temp settings?
 I'm _____ for _____ option _____ comfort levels _____ not consuming _____ lot of _____.
 _____ there _____ way you could _____ a _____ that would _____ energy _____?
 Do _____ thermostats _____ you _____ use _____ save my energy?
 _____ are options _____ thermostats that _____ power.
 Suggestions _____ that could _____ power?
 _____ the _____ customizable thermostat _____ currently _____?
 _____ to _____ a _____ that maximizes temperature control _____ savings?
 _____ have _____ for _____ that will save on power _____?
 Is _____ possible to _____ energy-saving _____ better temperature _____?
 I _____ to know if _____ any _____ that can _____ energy in _____.
 Is _____ way _____ save money _____ energy-savin' _____ the programmable _____?
 I want to _____ you have options _____ smart _____ that _____ and _____.
 _____ recommend _____ that has better _____ less energy use?
 _____ it _____ you to _____ a thermostat _____ saving and _____ maximization?
 _____ thermostat _____ help conserve energy?
 Is _____ any way to _____ smart thermostat?
 _____ thermostats suitable for saving energy _____ settings?
 Do _____ sell _____ energy by adjusting _____ thermostat?
 _____ there _____ for energy savings?
 _____ what options _____ have _____ conserve energy with _____ thermostat?
 Can _____ help _____ a thermostat option that _____ and doesn't _____ energy?
 _____ a thermostat _____ can be _____ to conserve _____?

_____ the _____ choices _____ save _____ and _____ temps?

I _____ to know _____ there _____ any _____ that _____ conserve energy and _____.

_____ you have _____ thermostats _____ you can set to _____?

I was wondering if _____ any advice _____ that could help _____ usage and _____.

Is there _____ that can save energy _____ temperatures?

Is _____ to _____ thermostat _____ energy efficiency and temperature reduction?

Do you have _____ alternatives _____ to _____ cut down _____ energy _____?

_____ it possible to _____ temp-controlling _____ efficiency?

Save on energy _____?

Do you have _____ thermostat _____ that will _____ bills?

Do _____ any options for _____ can _____ power bills?

_____ possible to _____ a Thermostat _____ temperature control?

_____ are there energy-saving _____?

_____ any _____ are suitable _____ settings and saving _____?

I am _____ any _____ thermostats _____ help with temp _____.

Can _____ ways for _____ thermostat _____ power?

_____ exist _____ thermostat choices?

_____ you _____ any _____ that will help save energy?

Is _____ any home automation _____ that can _____ save _____?

_____ you _____ reduce _____ with _____ temp gadgets?

Is there options _____ that _____?

_____ help me _____ a _____ that will _____ and _____ energy?

_____ would _____ to get any _____ thermostats that adjust _____.

Is it _____ to _____ appropriate _____ for _____ and _____ efficiency?

_____ looking for a _____ option _____ maximizes comfort _____ energy.

There _____ energy-saving thermostats _____ control?

Is _____ thermostats that _____ better _____ control?

_____ devices helpful _____ maximizing _____?

Is _____ any way _____ set _____ to conserve _____?

_____ would like _____ can _____ a _____ to conserve energy.

I would _____ use a _____ to _____ but _____ not _____ if _____ recommend any _____.

Is _____ any _____ that _____ efficiency?

_____ have the _____ program temp-regulating devices _____ conserve _____?

Is it _____ thermostat that _____ help _____ energy savings and _____?

_____ there _____ smart _____ that help to _____ energy?

I _____ wondering if you _____ a _____ to _____.

_____ to find _____ that improve efficiency?

Is there _____ to _____ temperature control and _____?

_____ options _____ that can _____ programmed to _____ power.

_____ a way _____ and _____ money on energy?

_____ option to conserve energy _____ thermostat.

Is _____ a thermostats that _____ energy _____ temperatures?

Do you _____ any _____ that will _____ power _____?

_____ there _____ temp-controlling devices _____ efficiency?

Is there any _____ use _____ save energy.

_____ I _____ smart _____ help me _____ down _____ energy consumption?

Can I _____ temp-regulating _____ save _____?

Suggestions on a _____ would _____?

Do you _____ for smart _____ can help me _____ energy _____?

_____ to reduce _____ that adjust _____?

Is there any _____ save _____ using _____ thermostat?

_____ any _____ I _____ set _____ thermostats to conserve energy?

_____ there a way _____ find a _____ control?

There are questions _____ availability _____ that _____ balance energies _____ and _____ temperatures.

_____ a thermostat to save _____?

_____ you _____ options for smart _____ that will _____ cut down on _____?

Suggestions on _____ thermostat _____ power?

Suggestions _____ will conserve power

_____ would _____ to program _____ to conserve _____.

Is _____ a _____ for _____ temperature control _____ saving _____?

_____ it possible _____ that control _____ and conserve _____?
