Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can multiple ____ control the ____ different platforms ____ Alexa, ____?

Multiple users ____ separate ____ is ____?

____ users from ____ have ____ ability to ____ appliance

Is it possible for an ____ to ____ Amazon's voice ____?

One ____ be controlled by ____ using ____ platforms.

____ more ____ one ____ for the same device?

Can ____ people ____ the ____ appliance from ____?

____ platform users capable of controlling ____ appliance ____ the ____?

Can ____ different ____ to manage a ____ appliance?

Is it ____ for ____ people ____ appliance on different ____?

____ to control an appliance.

Do different ____ for people to ____ same ____?

____ it ____ for many ____ to ____ different ____ to ____ the ____ appliance?

____ use AlexOrSiri for ____ device?

Do multiple ____ have control over ____ different ____?

____ we use ____ to ____ a single ____?

____ it ____ for lots of ____ different platforms ____ manage an ____?

Is ____ possible ____ to ____ different platforms to ____ a ____?

Is it ____ for ____ than ____ person to ____ via ____ platforms?

____ possible for ____ lot ____ to manage ____ on different platforms?

____ users on different ____ appliance ____?

____ platforms allow ____ to ____ their ____?

Several individuals ____ control ____ same ____ platforms.

____ for many users to ____ appliance through different ____?

____ possible to ____ multiple ____ to manipulate ____ across different ____ as ____ done with ____ and Apple's

____ it ____ users to operate an appliance ____ various ____?

____ multiple users control ____ through different ____?

____ users control ____ appliance through ____?

Is it possible for ____ users to ____ on a ____?

Multiple users ____ different ____ can ____.

____ people ____ an appliance via different platforms?

Do ____ people ____ of a single ____ different ____?

Is it possible for ____ an appliance ____?

____ individuals ____ varied ____ to manipulate ____

____ there any way ____ people ____ operate an appliance ____?

Multiple ____ to control ____ same appliance

Can ____ different platform options?

Is ____ same appliance ____ by ____ on different ____?

Different ____ could ____ many people to ____ device.

____ possible for several ____ AlexOrSiri?

____ different ____ to control some appliance?

Is ____ possible ____ use different systems ____ command ____ single appliance?

Multiple users can ____ control ____ different platforms.

____ control ____ single ____ on multiple platforms?

____ it possible ____ multiple ____ and different ____ control ____?

Multiple ____ control an ____ different ____.

____ than one person using ____ platforms to control ____ appliance?

Do multiple users have ____ ability ____ appliances ____?

Multiple ____ can ____ different ____ one appliance.

Wouldn't it ____ possible ____ allow multiple ____ manipulate an ____ across ____?

____ are ____ platforms ____ let people ____ same device.

Is it ____ for more ____ control ____ appliance through ____ platforms?

____ multiple users control ____ platforms?

Do multiple users ____ the ability of ____?

Is ____ control ____ for multiple ____ platforms?

Can a ____ different ____ to control ____?

____ it possible for ____ to ____ a ____ by ____ different ____?

____ can use ____ platforms to ____ an ____.

____ it possible for ____ operate ____ common appliance on ____?

____ several users ____ to ____ one device on ____?

____ more ____ person use different platforms to ____ appliance?

____ platforms ____ able ____ control ____ same appliance?

____ possible to operate ____ platforms?

____ users can ____ various ____ one appliance.

Is ____ for users to ____ an ____ through ____.

Is ____ possible to have ____ people ____ an ____ different ____?

____ be possible for multiple users ____ an appliance ____ different interfaces?

Is ____ appliance ____ use different platforms ____ Amazon'sAlexa,Apple'sSiri, etc?

Does a ____ appliance have the ability ____ be ____ by ____?

____ people use ____ platforms to manipulate ____?

____ it possible ____ many ____ to use ____ manage appliances?

____ multiple ____ the ____ to control ____ appliances ____ different platforms?

____ individuals may ____ varied ____ manipulate an ____.

Do ____ users ____ the ____ control appliances ____ separate ____?

____ users control a ____ device on ____?

Does appliance ____ work ____ users ____ different ____?

____ it ____ for ____ single ____ be controlled through many ____?

Different people ____ platforms ____ control a ____

Can different _____ same appliance _____ platform?

_____ different people control an _____ different platforms?

_____ certain platforms _____ same appliance _____ different _____?

_____ it possible _____ people _____ manage _____ appliance _____ different platforms?

_____ use different platform _____ manage an _____?

Wouldn't _____ be possible _____ allow multiple users to _____ across _____ of _____?

Multiple platform _____ are capable _____ controlling a _____ at _____

Is it possible _____ users _____ on _____ platforms?

Can _____ control their _____ via _____?

_____ a group of people _____ using _____ platforms?

Is _____ possible for _____ platforms to _____ appliances?

_____ allow individuals _____ control the _____.

_____ it _____ command appliances from multiple _____ and _____?

Can different _____ use _____ control their _____?

Is it possible _____ people _____ a common _____ on _____?

_____ have _____ on different platforms?

There _____ many users _____ operate _____ appliance through different _____.

_____ it possible _____ several users to manage _____ via _____?

_____ people _____ OrSiri for _____ same _____?

One device may be _____ by _____.

_____ platforms let _____ control _____ same device?

_____ group _____ use different systems _____ command one _____?

Is _____ for different individuals _____ control one device _____?

Is it possible _____ more _____ person to _____ appliance _____ platforms?

Can diverse _____ different _____ one appliance?

Many people can _____ device using _____.

_____ users share control _____ platforms?

Do _____ allow many people _____ same device?

Is it _____ for _____ one user to use _____ to _____ single _____?

Can more _____ control an _____ different platforms?

Is appliance control _____ there _____ users _____ different _____?

_____ many _____ have _____ over _____ single device _____ platforms?

_____ people from _____ the appliance?

Can a _____ of _____ a _____ via multiple _____?

_____ people control _____ appliance _____ platforms.

_____ use _____ platforms to _____ appliance?

Do _____ let everyone _____ the _____?

_____ of people _____ a single _____ several platforms?

Is _____ possible for multiple people _____ with different _____?

_____ users on different _____ the _____ to manipulate _____

Is it _____ command a single appliance using _____?

Does _____ work with _____ users _____ different _____?

_____ for several people _____ manage an _____ different platforms.

_____ it _____ an _____ to be controlled by _____ users _____ different _____?

Is _____ people to _____ one device by _____ various _____?

_____ users are _____ of controlling _____ at the _____ time.

Is _____ possible _____ people _____ use _____ systems to command _____?

Is _____ for several _____ control _____ single _____ using different _____?

_____ appliance using different platforms?

_____ possible for _____ platforms to _____ the _____?
 Do _____ users have _____ to control their _____ using _____?
 Will _____ users _____ different _____ be _____ control _____ appliance?
 Can _____ control an _____ platforms?
 _____ an appliance _____ controlled _____ different _____?
 Can several users _____ different platforms _____ manage _____?
 _____ people control _____ device _____ different _____?
 _____ multiple _____ from various _____ an _____?
 Can different people use _____ appliance?
 Can more _____ one _____ appliance using different _____?
 Multiple users might _____ ability _____ use _____ platforms _____ their _____.
 _____ it possible _____ operate _____ with different voice _____ the same _____?
 Multiple users across _____ platforms is possible _____?
 _____ it _____ for an appliance _____ like Amazon's Alexa, _____ Siri _____ so on?
 Different people _____ the same _____ on _____.
 _____ users control _____ different platforms?
 _____ be able to _____ a _____ with different _____.
 _____ than _____ user handle _____ single device _____ platforms?
 How _____ people can use _____ the _____?
 Can _____ control _____ different _____?
 _____ appliance _____ controlled by many _____ using _____ platforms?
 _____ users _____ operate a single appliance through multiple _____?
 _____ a lot of people _____ an _____ platforms?
 _____ use varied platforms _____ control _____?
 _____ might _____ able to _____ appliances through _____ platforms.
 Is _____ possible for many _____ control _____ appliance _____ different _____?
 Can a _____ of _____ device on different _____?
 Is _____ possible to _____ an appliance _____ voice _____ the _____ time?
 Multiple _____ control an _____ different _____.
 _____ multiple _____ use different _____ to _____ the _____ appliance?
 Can several _____ appliance _____ platforms?
 Is it _____ several people to _____ appliance _____ separate _____?
 Can many _____ handle a _____ via _____?
 _____ people can control _____ on _____.
 _____ use _____ platforms to control a single _____ appliance?
 Can _____ users _____ different _____ manage their _____?
 _____ platform _____ have _____ ability to control _____ appliance at _____ time _____ alternative _____?
 _____ single _____ be manipulated by _____ users from _____.
 _____ can _____ platforms to control _____ same appliance.
 _____ multiple _____ of different _____ same appliance?
 Is _____ for multiple _____ operate a common _____ various _____?
 _____ possible _____ the appliance with contrasting voice _____?
 Would _____ possible for _____ people to manage _____ different _____?
 _____ people use AlexOrSiri?
 Can _____ from _____ control the _____?
 Multiple _____ can use _____ manage _____ device
 _____ appliance _____ multiple users _____ differing platforms?
 It _____ possible to operate _____ voice assistants.
 _____ different platforms can control _____.
 _____ multiple _____ users use _____ methods _____ control one _____?

_____ is possible _____ different _____ to _____ same appliance _____ different _____.

Can _____ a _____ from various _____?

_____ users on various platforms _____ the _____ to _____ single _____?

_____ users _____ able _____ manage one device _____ platforms.

_____ several _____ use _____ manipulate one appliance?

Is _____ possible _____ different _____ control _____ appliance from different _____?

Do _____ users _____ the _____ platforms _____ control their appliances?

Can different people control _____ different _____?

_____ possible for _____ to control an _____ from _____?

_____ people _____ for the _____ device?

Is _____ for several _____ one device via a _____ of _____?

_____ have the _____ using different _____ control their appliances?

_____ users _____ a single _____ through _____ platforms

_____ people _____ the ability _____ control appliances _____ platforms?

Is _____ multiple users to control _____ appliance _____ platforms?

_____ it _____ to control _____ device using different platforms?

_____ people _____ through various platforms?

_____ it _____ several users _____ manage one device from _____?

_____ it _____ many people to use _____ to _____ appliance?

_____ possible for a single appliance to _____ controlled _____?

_____ possible for several _____ to manage _____ on _____ platforms?

_____ a _____ people _____ AlexOrSiri?

_____ control one _____ using _____ platforms.

Can _____ platforms to _____ appliances?

Do multiple _____ control over a _____ device _____?

Is _____ possible _____ to control a _____ using different _____?

_____ it possible for _____ users _____ platforms to _____ appliance?

Do _____ users have control of _____ different _____?

_____ possible to _____ appliance with both voice _____.

Multiple _____ are able to _____ single appliance.

_____ different _____ for appliance control?

Are multiple _____ capable of controlling _____ at _____ time?

_____ users _____ operate an _____ platforms.

Is _____ possible _____ people _____ an appliance _____ multiple platforms?

_____ different _____ control an appliance?

_____ users _____ different platforms _____ their appliance

Would it be possible to _____ to manipulate _____ various _____?

_____ users using distinct _____ appliance _____?

_____ collaborative _____ appliances _____ with different _____?

_____ manage a common _____ different _____?

Can there _____ different _____ controlling _____?

_____ use different platforms for _____ one _____?

_____ several _____ manage an appliance from a _____ platform?

Do different _____ allow _____ control _____ same device?

_____ way for _____ to use _____ appliance through different _____?

Multiple users _____ control _____ through _____ platforms.

_____ it possible for _____ control around _____ gizmo _____ different gadgets?

Can _____ users _____ appliances _____ different _____?

_____ control _____ device from _____ platforms?

It's possible to run _____ different _____.

Can some ____ use AlexOrSiri ____ use ____ ____ ?

____ people can use ____ platforms ____ their ____

Multiple ____ can ____ appliance ____ different ____

____ different ____ a single device with ____ ?

Multiple ____ on different ____ possible ____ one ____ ?

Is it ____ to ____ appliance ____ different ____ assistants?

____ it possible ____ to ____ device ____ different platforms?

____ it possible ____ multiple people ____ control ____ different platforms?

Is ____ for users ____ control an ____ platforms?

Can anyone ____ AlexOrSiri ____ same ____ ?

____ platforms that ____ many people to ____ the same ____.

____ be able to ____ an ____ with various ____ ?

____ manage an appliance ____ platforms?

Various individuals ____ use ____ platforms ____ control ____.

____ possible ____ various ____ control a single ____ using ____ platforms?

____ controlled by ____ people using different platforms?

____ appliance ____ possible ____ multiple ____ on different ____ ?

____ people control ____ from ____ platforms?

Is it ____ control one device ____ different ____ ?

Is ____ way ____ control ____ device by using ____ ?

____ it possible for several ____ to ____ an appliance ____ ?

Can you control ____ appliance ____ ?

Can lots of ____ use different systems ____ ?

Is it ____ for multiple ____ different platforms ____ appliance?

____ possible to ____ multiple users manipulating an appliance ____ ?

Is ____ control ____ on ____ like ____ ?

____ be controlled by ____ people ____ different platforms?

Some platforms allow more ____ the ____ device.

Can appliance control be ____ multiple ____ different ____ ?

Different ____ may ____ people ____ control ____ device.

Is ____ possible to ____ appliance with ____ assistants?

____ for more than one ____ appliance on different platforms?

____ users ____ an appliance ____ different ____ ?

____ different platforms can control ____.

____ multiple ____ control ____ same ____ different platforms?

____ have the ____ of ____ appliances using separate ____ ?

____ lot of ____ different ____ to ____ an appliance?

____ different ____ allow ____ one person to control the ____ ?

Can people ____ from ____ platforms?

____ users from ____ platforms ____ able to ____ appliance.

Can ____ more than ____ user who can use ____ a single ____ ?

Can many ____ single ____ using ____ platforms?

____ an appliance ____ using different platforms ____ Amazon'sAlexa, ____ else?

____ control ____ appliances from various ____ ?

Does ____ control ____ same ____ different platforms?

Do different platforms ____ multiple ____ appliance?

Is ____ many users to ____ appliance ____ different platforms?

Do several people manipulate ____ ?

____ operate ____ appliance with different ____ assistants.

Is it ____ operate a common ____ platforms?

_____ possible _____ to use _____ platforms _____ control an appliance?

Can multiple _____ from _____ appliance together?

Is it _____ allow _____ users to manipulate _____ different _____?

_____ possible _____ control one device on _____ platforms?

_____ people _____ use _____ to _____ one appliance.

Is _____ for _____ people to _____ an appliance _____ platforms?

Is it _____ that multiple users _____ control _____ various platforms?

Multiple _____ varied platforms _____ one _____

_____ users could control the _____ appliance _____.

Can _____ platforms to control a single _____?

Can _____ people _____ different systems _____ single _____?

_____ control _____ appliance _____ different platforms?

_____ possible for _____ to command a _____ appliance _____ different _____?

Can _____ platforms _____ control one _____?

_____ several users _____ single _____ multiple platforms?

Do _____ have the capability _____ appliances _____ platforms?

Multiple _____ operate one _____ different _____.

_____ using different platforms _____ one _____?

_____ you control one _____ from _____?

_____ be _____ to allow multiple users _____ manipulate _____ appliance _____ with Amazon's _____ assistant and Apple's

_____ multiple users _____ using _____ platforms?

_____ it be _____ operate _____ with different voice assistants _____ the _____?

Is it _____ many _____ the _____ through different platforms?

_____ control _____ appliance with _____ platforms?

_____ people _____ different _____ the appliance _____?

Does different _____ multiple _____ to _____ appliance?

_____ it possible _____ several _____ use different _____ control _____ single appliance?

Is _____ possible _____ joint controls for _____ appliance _____ varied _____?

Can people _____ same _____ platforms?

_____ the _____ through different platforms?

_____ people _____ a _____ control an appliance?

Can more _____ one _____ control _____ appliance _____ platforms?

_____ individuals _____ manipulate _____ appliance _____ platforms.

_____ multiple platforms control the _____?

_____ people _____ different ways _____ one _____?

_____ different _____ be used to _____ appliance?

_____ multiple _____ on different platforms.

It is possible for _____ and _____ platforms _____.

_____ be _____ for multiple _____ to _____ an appliance across _____?

It is possible _____ operate _____ appliance with different _____ the _____.

Multiple _____ appliances through different _____.

_____ appliance _____ possible _____ various platform _____?

Can someone _____ multiple _____ manipulate a _____?

_____ a way _____ manipulate _____ single appliance _____ users from various _____?

_____ it possible for _____ to _____ an _____ platforms?

Can _____ device be _____ by many, _____ different _____?

Is it _____ to use _____ platforms for _____?

_____ it _____ to control _____ using different platforms?

Multiple _____ manipulate an appliance _____ a variety _____.

_____ people control an appliance _____?

Is it ____ for users ____ an appliance ____?

Is ____ for ____ to share appliance ____ platforms?

Is it ____ different platforms to ____?

Is ____ possible to use ____ common appliance?

____ for ____ manage an appliance with ____ platforms.

Different platforms ____ allow ____ to ____ appliance.

____ have the ____ controlling appliances ____ separate platforms?

____ appliance be ____ by ____?

____ allow people ____ the same device?

Is it ____ manage the same ____ on different ____?

____ you use ____ with ____ device?

It ____ be ____ to ____ appliance ____ different voice ____.

____ multiple ____ have control over ____ device ____ various ____?

____ possible ____ users ____ operate ____ single appliance ____ various platforms?

____ control over a single ____ on ____ platforms?

____ handle a single ____ on ____ platforms?

Several ____ able ____ an appliance ____ different platforms.

____ control ____ from multiple platforms?

Can ____ people ____ platforms ____ appliance.

____ it possible for ____ operate ____ single ____ using ____ platforms?

Is ____ for different people ____ appliance using different ____?

Can ____ an appliance ____ platforms?

____ possible for people ____ an appliance ____ platforms?

____ more than one ____ control ____ with different ____?

Can ____ of people ____ the ____ devices via ____?

Can ____ control ____ using different ____?

Multiple people ____ be able ____ control an ____.

Is there ____ for ____ users ____ control ____ single appliance using ____?

Can ____ their device via ____?

Would ____ multiple users ____ an appliance ____ with Amazon's voice assistant and Apple's voice ____?

With ____ can ____ platforms ____ the same ____?

____ possible for more than one user to ____ platforms ____ appliance?

____ different ____ allow multiple people ____ operate ____ same ____?

____ users ____ able to operate ____ appliance through ____ platforms?

Multiple ____ platforms ____ control ____ appliance.

____ for ____ people to manage ____ appliance ____ separate platforms?

____ be ____ multiple users ____ an appliance across different interfaces?

____ platforms control ____ appliance for ____ users?

Is ____ possible via ____?

Is ____ various people to control one device ____?

____ users can use ____ operate one ____.

How can users ____ on ____?

Can ____ users control one ____ at the ____ different ____?

____ can ____ a common ____ different ____.

____ appliance control possible when multiple ____ using ____?

____ possible ____ use ____ appliance with ____ voice assistant, ____ voice assistant, etc?

Is it ____ for a ____ control one device ____ different ____?

____ possible to enable multiple ____ manipulate an ____ across ____ interface?

Can ____ manage ____ appliance ____ different ____?

Users from ____ control ____ appliance.

Is ____ possible ____ multiple users ____ different ____ appliances?
 ____ individuals manipulate ____ using ____ platforms

Is it possible to ____ the ____ different ____?
 Do multiple ____ have ____ ability ____ use ____ platforms ____ appliances?
 ____ than ____ person ____ platforms to access a ____ appliance?
 Can different platforms ____ multiple ____?
 ____ be possible to operate an appliance ____?
 Can ____ use different ____ to control ____?
 ____ for some people ____ manage ____ appliance ____ different platforms?
 Do ____ have the same ____ to ____ appliances ____ different ____?
 Is ____ possible ____ more than ____ manipulate ____ single ____ using ____ platforms?
 ____ it ____ to ____ appliances ____ and different platforms?
 Does ____ users ____ over ____ device ____ different platforms?
 Multiple platform users ____ control one appliance at ____ same ____ different ____.
 ____ for the same device?
 ____ can use ____ platforms to ____ appliance
 The appliance ____ controlled ____ from various platforms.
 Is it ____ many people to ____ an ____ different ____?
 Is ____ possible ____ multiple users to ____ same ____ using ____?
 ____ it possible for ____ be managed ____ platforms?
 ____ several ____ be able ____ manage ____ device ____ different ____?
 Can ____ people ____ the ____ different platforms?
 Does ____ from different ____ have the ability ____ single ____?
 ____ platforms ____ multiple ____ to operate ____ appliance.
 ____ it ____ systems to command one appliance?
 Can ____ people ____ different ____ for controlling ____?
 Multiple users ____ various ____ possible for ____ control?
 Can several ____ to ____ one device?
 Is it possible to ____ different platforms ____ Apple's ____ etc?
 Is it ____ users ____ to command appliances?
 Multiple ____ capable ____ controlling ____ appliance simultaneously.
 ____ there ____ way to command ____ single ____ using ____?
 Is ____ a way ____ users ____ operate an ____ platforms?
 Is ____ for ____ to control a ____ from ____ platforms?
 ____ users ____ platforms can control ____ appliance.
 Can ____ different platforms ____ their ____?
 Wouldn't it be ____ to ____ manipulate an ____ across different ____ like with ____ products
 ____ be ____ people ____ an ____ via different platforms?
 AlexOrSiri ____ be ____ by ____ people ____ the same ____.
 One ____ can ____ by ____ platforms
 ____ users from different ____ control ____.
 Are more than ____ platform user ____ controlling one appliance ____?
 Multiple ____ using different platforms might ____ to ____.
 Do ____ users ____ the ability to ____ their ____ platforms?
 Can there be ____ people ____ AlexOrSiri ____ the ____?
 ____ more than ____ person ____ a ____ various platforms?
 ____ appliance control possible ____ using ____ platforms?
 ____ multi- ____ appliance ____ enabled ____ various ____ connections?
 ____ be possible ____ operate ____ appliance via different ____.
 Users ____ to ____ an ____ through various platforms.

Can ____ use ____ and ____ same ____?

____ from different platforms have ____ ability ____ manipulate ____ appliance

Can ____ than ____ person from ____ platforms ____ appliance?

Can separate ____ manage ____ common ____ platforms?

Can you control ____ device ____?

____ for ____ to be managed ____ several platforms?

Can ____ people use ____ platforms ____ single appliance?

____ multiple ____ use ____ platforms to ____?

Can several ____ from different ____?

Can ____ one person ____ to control a single ____?

____ from ____ platforms control the same ____?

Can multiple users use ____ to ____?

____ it ____ people ____ manage ____ from different platforms?

____ diverse ____ a single appliance ____ various ____?

____ possible for ____ people ____ control one ____ different platforms?

Can different ____ use ____ to ____ appliance?

Can ____ appliance be managed ____?

____ people manage ____ device ____ multiple platforms?

____ be ____ controlling the ____ appliance ____ different platforms?

____ different platforms control ____ appliance together?

____ have the ability ____ appliances through different platforms.

____ different people ____ the ____ appliance ____ platforms?

Can a ____ manage one device through ____?

Is it possible ____ more ____ user ____ different ____ to ____ the ____ appliance?

Is ____ individuals to control ____ device with different ____?

____ people ____ various ____ control ____ appliance?

____ possible to ____ an appliance ____ assistants

____ possible ____ different people to ____ a ____ on ____ platforms?

There ____ that allow multiple ____ one appliance.

____ different platforms ____ control the ____?

Is ____ for individuals ____ control ____ devices ____ different ____?

Can multiple ____ different platforms ____ interact ____ a single ____?

Can ____ handle ____ single device using ____?

Can ____ with different systems?

____ users ____ certain ____ to ____ appliance?

____ control one ____ different platforms?

Is ____ for users to operate their appliance ____?

____ the ____ appliance with different ____?

____ possible for ____ individuals ____ different ____ to control ____ device?

____ it ____ several ____ one device on varied platforms?

____ use ____ platforms ____ operate one appliance

____ possible ____ control ____ appliance with ____ platforms?

____ multiple ____ users able ____ control ____ appliance at ____ via alternative ____?

Is ____ people to ____ an appliance on various ____?

Wouldn't it be ____ to enable ____ to ____ an appliance ____ a ____?

____ for several people to ____ an ____ different platform?

____ multi- user ____ control ____ using ____ connections?

It's ____ use an ____ with ____ voice ____.

____ it feasible to ____ an appliance ____ different interfaces?

Multiple users ____ platforms ____ a device control?

Do multiple people from different _____ to _____ appliance?

Is it _____ for _____ a common _____ using different _____?

Can _____ people use different _____ control _____

_____ platform _____ allow _____ appliance control?

_____ different platforms allow people _____ same _____?

_____ appliance _____ possible for _____ users using _____.

Can _____ people _____ different systems to _____ an _____?

_____ it _____ for multiple _____ a single appliance _____ time via alternative methods?

Is _____ for _____ people _____ manage _____ device _____ different platforms?

_____ individuals be _____ a common appliance through _____?

Wouldn't it _____ to _____ multiple users _____ manipulate _____ appliance with _____?

Can _____ users control _____ different _____?

Is it _____ several _____ to manage one _____ through a _____?

_____ joint _____ control _____ with different _____?

_____ possible for people _____ device using _____ platforms?

_____ many _____ use _____ to _____ a single appliance?

_____ be possible to use _____ appliance _____ different _____?

_____ single device via various platforms?

Do _____ users have _____ ability to _____ at the _____ time?

Multiple users can _____ control of a _____.

_____ different platforms to control _____?

Can users from _____ platforms _____?

_____ to operate _____ appliance _____ different voice assistants.

Is _____ for many people _____ use distinct _____ to _____ single _____?

_____ people to _____ different systems _____ command a single appliance?

_____ it possible for _____ use _____ single _____ on multiple _____?

_____ possible to _____ a _____ device from different _____?

_____ control an _____ different platforms?

_____ various _____ different _____ control a single device?

_____ people _____ device _____ different platforms?

Is _____ possible that _____ interfaces allow _____ in _____?

_____ possible _____ people to use _____ platforms _____ manage an _____.

Is it _____ for _____ use different _____ Apple's Siri, or _____?

_____ are capable _____ using _____ methods to control one _____.

Can _____ users share appliance _____?

Is _____ more than _____ person to operate an _____ different _____?

_____ diverse users _____ single _____ through _____ platforms?

_____ multiple platform users _____ controlling one _____?

_____ people use _____ platforms to _____ device?

_____ appliance be _____ using _____ platforms?

Can _____ use different _____ to manage their _____?

_____ more than _____ user can use different platforms _____ manipulate _____ appliance?

Can _____ to _____ a single device?

Will diverse _____ be able _____ operate _____ single _____ platforms?

_____ be multiple people controlling an _____ different _____?

Is it possible for people _____ single _____ using _____?

Multiple users _____ appliance _____ platforms.

_____ have people controlling _____ home _____ in _____ ways?

Is it _____ to _____ your appliance _____?

Can users use different _____ with _____ appliance?

Is _____ people _____ operate _____ appliance through different platforms?

Can _____ different platforms _____ a single _____?

_____ different platforms _____ the _____ control one appliance.

Is _____ possible _____ users using distinct _____?

_____ a _____ appliance through various platforms.

Can _____ platforms _____ the appliance?

Multiple users have _____ ability _____ different platforms _____ control _____.

Can _____ control _____ appliance _____ different _____?

_____ common appliance through a variety _____ platforms?

_____ use _____ for the same _____?

Can multiple _____ different _____ appliance?

_____ possible for _____ to _____ single devices via _____ platforms?

_____ it be _____ to _____ multiple users _____ appliance _____ a number _____ different _____?

_____ possible _____ several users to manage _____ from _____ platforms?

_____ way for multiple users to _____ their appliances _____?

_____ multiple people use _____ the _____?

_____ many _____ use _____ systems _____ command one _____.

_____ diverse users _____ operate _____ single appliance _____ various platforms?

_____ there be _____ controlling an appliance _____ platforms?

_____ can _____ to control appliances.

Is it _____ control an _____ using _____?

_____ you _____ one _____ with different _____?

Users might _____ to control _____ via various _____.

Is _____ possible for _____ users _____ one _____ using different _____?

How can different people _____ same appliance _____?

_____ possible for _____ users _____ different platforms to _____?

Multiple _____ platforms _____ manipulate a single _____

_____ users allowed _____ share _____ platforms?

_____ might be able to _____ a single appliance.

_____ people _____ different _____ control _____ appliance?

Are _____ of controlling _____ through separate _____?

Would it be possible _____ allow _____ users to _____ interface?

Can _____ a _____ appliance _____ platforms?

Is _____ for users _____ control _____ various platforms?

_____ there be _____ user _____ the appliance _____ different platforms?

Is it _____ for _____ operate _____ common _____ on _____ platforms?

_____ of people _____ one device _____ different platforms?

_____ many _____ use _____ to manage one _____?

Is _____ control an appliance _____ platforms?

_____ multi-user appliance control possible _____?

_____ manage the same device on _____?

_____ it possible _____ users to _____ single _____ various platforms?

Do _____ over a single _____ multiple platforms?

_____ more than one _____ different platforms _____ a _____ home _____?

Is _____ to _____ an _____ through multiple platforms?

_____ for multiple users to _____ one appliance via _____?

_____ it _____ several people to _____ one _____ different platforms?

_____ there _____ way _____ several _____ an _____ on separate platforms?

_____ the _____ platforms to control an _____?

Different _____ be _____ to _____ same appliance.

____ users use ____ control ____ appliance?
 ____ control ____ appliance ____ different platforms?
 ____ an ____ be ____ using ____ platforms?
 ____ an appliance through ____ platforms.
 Do different ____ more ____ one ____ to control ____ device?
 Can ____ users ____ a ____ appliance through ____ ?
 ____ users have ____ single device ____ different platforms?
 ____ more ____ one person use ____ system ____ ?
 Different platforms ____ more ____ person to ____ the ____ device.
 Is ____ possible ____ several ____ control one ____ different platforms?
 Can ____ from ____ control ____ appliance?
 ____ many ____ can ____ an appliance ____ platforms?
 ____ be ____ for ____ users to manipulate ____ different interfaces?
 ____ possible ____ users to command ____ appliances?
 ____ be able to ____ one appliance ____ platforms.
 Is ____ control ____ several ____ different platforms?
 Do ____ think it's possible ____ enable ____ users to manipulate ____ ?
 ____ possible to ____ appliance control ____ different ____
 ____ manipulate an ____ different platforms?
 Multiple ____ to manipulate one ____ ?
 ____ it ____ have multiple people manage ____ different platforms?
 Multiple users ____ to ____ appliance.
 Is there a way ____ on different ____ ?
 Is there ____ way ____ operate an appliance ____ platforms?
 It ____ possible ____ users ____ different platforms ____ command appliances.
 Is it ____ for multiple people ____ over ____ by ____ gadgets?
 Is ____ possible to run ____ appliance ____ voice ____ ?
 ____ people ____ different ____ to control one ____ ?
 ____ users use various platforms ____ manage ____ ?
 Can ____ appliance ____ various ____ ?
 Multiple people can ____ platforms ____ .
 Different ____ may ____ one ____ to ____ a device.
 ____ control one device ____ different ____ ?
 Different platforms ____ multiple ____ an appliance.
 Joint ____ possible ____ different ____ like Alexa/Siri.
 Can multiple ____ a ____ on ____ platforms?
 Can many ____ from different ____ ?
 There ____ platforms that ____ multiple users ____ an ____ .
 ____ people control ____ different ____ ?
 Wouldn't ____ possible ____ multiple users ____ manipulate an appliance across ____ ?
 ____ control possible ____ multiple users ____ distinct platforms?
 ____ you think ____ possible ____ to manipulate an appliance ____ different interfaces?
 ____ users ____ different ____ appliance ____ possible?
 Can ____ platforms to operate a ____ appliance?
 Is there ____ to control one appliance at ____ same ____ ?
 Diverse ____ can use different platforms to ____ .
 ____ a group of ____ different ____ to ____ one ____ ?
 Multiple ____ different platforms ____ the ability ____ manipulate ____
 Can ____ use different ____ to ____ one ____ ?
 ____ various ____ platforms ____ control one appliance?

Can _____ appliances using _____ ?

_____ multiple _____ have the _____ to control _____ at _____ time through _____ methods?

Can multiple users _____ various _____ appliance _____ ?

_____ there a way _____ users to _____ an appliance _____ ?

It's _____ an _____ using different _____.

Is _____ possible _____ an _____ controls on multiple platforms, _____ Amazon's voice _____ ?

_____ platforms allow different _____ control _____ same _____

Multiple _____ different platforms to _____.

Is it possible to _____ appliance _____ ?

Can _____ diverse platforms to manage a _____ ?

_____ users _____ handle a _____ device via different platforms?

It is possible for _____ to _____ an _____ different _____.

_____ be possible _____ users to manipulate an appliance _____ different _____ as _____ Amazon's Alexa, Apple's

Is it _____ many people _____ the _____ with different _____ ?

It's possible _____ with different _____ assistants simultaneously.

Is _____ possible _____ people _____ manage _____ appliance through _____ ?

Can there _____ user controlling the appliance on _____ ?

_____ it _____ multiple users _____ a single appliance on _____ ?

Is there _____ to operate the same appliance _____ different _____ ?

_____ users _____ different platforms _____ manipulate _____.

Is _____ people _____ control _____ device _____ various platforms?

_____ multiple people use different platforms _____ control _____ ?

Multiple _____ from various _____ can control _____.

_____ people _____ platforms to _____ one _____

_____ possible for users to use _____ to manipulate _____ ?
