

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Generation source mix disclosure
Inquiry Sub-Category	Renewable energy percentage
Description	Customers request information on the percentage of electricity generated from renewable sources, such as solar, wind, hydro, or biomass, to ensure they are supporting a sustainable energy provider.
Data Size	5,032 paraphrases

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can you ____ how much of ____ from ____ wind, ____ biomass ____?
____ to know ____ types ____ energy it comes ____ wind, ____ solar, ____ sources.
____ it ____ to specify ____ allocation ____ wind, ____ and Biomass ____?
____ you let ____ know the ____ split ____ solar, ____ and biomass?
What ____ of juice are you ____ from ____ or ____?
____ much electricity comes ____ different ____ energy?
____ electricity origins ____ fuels?
____ amount of ____ wind, water ____ plant ____ you ____?
How much power comes ____ renewable ____ wind ____?
____ tell the ____ about the ____ hydro or biomass?
Do you ____ percentage ____ derived ____ solar, ____ or biomass sources?
Does your ____ renewable sources like ____ or ____?
____ want to know ____ of energy ____ from, ____ wind, ____ solar, and/or biomass.
How ____ you get from ____ wind, hydro, and ____?
____ do ____ get from solar, wind, hydro ____ sources?
I would ____ to know the amount of electricity ____ wind, ____.
____ to ____ resource allocation ____ the solar, wind, hydro or ____?
____ you ____ how much electricity ____ renewable sources?
____ you know a ____ of ____ portions for the solar, ____ source ____?
I'd ____ know what energy comes ____ solar, ____.
____ me the type of ____ solar, wind, ____ biomass?
____ tell ____ how ____ from wind, solar, hydro, or biomass ____.
Do ____ the ____ of ____ that ____ from renewable ____ like solar, ____ and ____?
____ amount ____ electricity ____ from ____ sources?
____ get ____ from ____ wind, ____ or Biomass?
How ____ power is provided by ____ or ____?
Is ____ amount ____ you got from the ____ the like?
____ your electricity breakdown in terms ____ wind, ____ and ____?

How much _____ get from _____ sources?

How _____ is supplied _____ sources?

What levels _____ from the sun, wind, _____ similar _____?

_____ know the amount _____ got from _____ sun, wind, _____ else?

Is your _____ terms _____ solar, _____ hydro, or _____?

Is _____ way to specify _____ solar, _____ or _____ categories?

Can you _____ amount _____ electricity _____ from _____ sources?

How much _____ sunlight, _____ water, and plant _____?

Do _____ the percentage _____ electricity that _____ from _____ sources _____ hydro _____ bio-mass?

How _____ electricity is _____ using _____?

_____ power is derived _____?

Can you _____ the solar/ wind/ hydro/biomass _____ periods?

Are _____ getting electricity _____ or Biomass?

Do _____ a percentage of _____ use?

_____ amount _____ reveal _____ solar/wind/ hydro/biomass source periods?

How much renewable energy _____ you _____ from _____ wind, _____?

Do you _____ renewable _____ as _____ wind, _____ or biomass?

_____ electricity _____ sources such _____ solar, wind, _____ or biomass?

Please tell us how _____ comes _____ solar, hydro _____.

_____ much power is _____ renewable _____?

How much electricity _____ solar, wind, _____ or _____ sources?

Please _____ percentages that _____ wind, solar, hydro, _____ biomass _____

_____ much electricity _____ wind, solar, and/or _____?

Share renewable _____ composition: _____ hydro, _____?

_____ much power do _____ from _____ renewable _____?

_____ much _____ is provided by _____ sources _____ or _____?

_____ like _____ what type _____ energy it is _____ from _____ hydro, _____ and/orbiomass.

How _____ renewable sources like wind and _____?

_____ me _____ you use _____ or _____ for your electricity.

Do _____ a description _____ portion _____ the _____ hydro, _____ Biomass source _____?

_____ much _____ get from renewable sources _____ Wind, _____ and bioenergy?

_____ is the level _____ you get from _____ sun, _____ sources?

_____ much _____ is _____ by _____ energy?

_____ come from _____ solar, hydro, and biomass sources

Give us _____ percentage of your _____ hydroelectric, _____ bio-mass sources.

_____ you _____ power is derived _____ renewable resources?

I want to know _____ it _____ solar, _____ or _____.

_____ you know _____ percentage _____ electricity you _____ from _____ sources, such _____ wind, _____ and _____?

I _____ know what _____ of energy it comes _____ and/orbiomass.

_____ us know _____ much electricity comes _____ wind, _____ or _____.

Let _____ know _____ you get electricity _____ solar, _____ the _____.

How _____ specify from _____ wind, hydro, and _____ sources?

What percentage _____ electricity come from _____ hydro _____?

How much _____ do you _____ the _____ wind _____ the _____?

_____ do you breakdown your _____ renewable sources?

_____ much electricity _____ comes from _____ hydro or _____?

We need _____ know how much _____ comes from _____ solar, _____.

How _____ electricity _____ from renewable _____?

_____ juice _____ getting from the sun, _____ and _____ sources?

_____ how many portions you reveal for _____ solar/wind/ _____ source _____.

Tell _____ you get, _____ wind, hydro, or biomass?
 _____ me how _____ electricity is supplied _____ the renewable _____?
 _____ much _____ your power _____ in _____ form of _____?
 Please _____ the _____ come from wind, _____ hydro and _____.
 How _____ electricity comes _____ renewable _____?
 How much of your _____ energy sources?
 _____ much _____ generated _____ solar, wind, _____ biomass?
 I _____ to know _____ types of _____ from _____ solar, and/or biomass.
 How much _____ your electricity _____ or biomass?
 Is your _____ breakdown _____ wind, _____ or biomass?
 I _____ to _____ kind of energy _____ wind, hydro, _____ biomass sources.
 Do you _____ you get _____ sources such _____ Wind, hydro and _____?
 I want _____ know how much _____ from solar, _____ biomass _____.
 I'm _____ the type _____ energy it comes _____ from _____ and/or biomass.
 _____ comes from various renewable _____?
 Is it known _____ juice you got _____ the _____ or _____?
 You _____ me _____ of _____ electricity _____ generated _____ wind, solar, hydro _____ the like
 _____ want to _____ what _____ of energy _____ comes _____ hydro, _____ and/or biomass.
 You _____ specify _____ of _____ that _____ solar, _____ hydro or _____ sources.
 How _____ electricity _____ by solar, _____ and biomass?
 _____ tell _____ the _____ that come _____ wind, solar, hydro, _____.
 _____ should state _____ percentage of electricity _____ by _____ or _____ like.
 Is _____ information _____ contributions _____ by solar/wind/hydro/biomass?
 _____ we know how much _____ from _____ sources such as _____ crops _____?
 Would _____ like _____ of your energy _____ that comes _____ sources?
 You should _____ electricity _____ by solar, wind, hydroelectric, or _____.
 How much of your _____ power is _____?
 _____ the _____ of _____ received from the sun, _____ sources?
 What _____ from the _____ wind and _____ sources?
 _____ is a _____ about the _____ solar/wind/hydro/biomass _____ supplies.
 _____ much _____ is _____ from _____ sources?
 _____ there _____ specify allocation _____ wind, hydro or _____ categories?
 I _____ the _____ it comes from, from _____ solar, and biomass sources.
 What is the portion _____ by _____?
 _____ way to _____ solar, wind, hydro and biomass?
 _____ curious _____ what _____ of _____ comes _____ from wind, hydro, solar, _____.
 Do _____ solar, wind, hydro, _____ Biomass.
 For the solar/wind/ _____ source periods, _____ portions you reveal.
 _____ you _____ me know how _____ is _____ by renewable _____?
 _____ me _____ much electricity comes from renewable _____?
 Do _____ split for solar, wind, _____ biomass?
 How _____ renewable sources like wind and _____?
 Please specify _____ percentages that _____ solar, hydro or _____ sources _____ the _____
 _____ is _____ breakdown of _____ electricity from _____ wind, _____ biomass?
 _____ am _____ about the _____ of _____ comes _____ hydro, solar, and/or biomass.
 _____ you know the _____ of electricity _____ solar and _____?
 Tell us _____ much _____ your electricity comes _____ wind, _____ biomass _____.
 How _____ electricity _____ solar, _____ hydro/biomass?
 Please tell _____ percentage of electricity generated from _____.
 _____ the percentages that _____ from _____ hydro _____ Biomass sources.

What _____ renewable _____ that you use?

_____ me what _____ electricity is _____ wind, solar, hydro, or the _____.

Can _____ tell me _____ is _____ by renewable _____ wind or _____?

_____ much of _____ do you get from _____?

_____ you _____ me _____ much of my electric _____ sources?

How much _____ energy comes _____ wind, _____ like?

_____ much _____ produced _____ renewable sources?

_____ the _____ that comes _____ wind, solar, hydro or _____.

How much electricity do you _____ such _____ and bioenergy?

Do you _____ electricity _____ the _____ hydro or _____?

_____ percentage of electricity generated from _____ and _____ sources.

_____ the energy comes from _____ and other _____?

How much _____ you use _____ hydro and _____?

_____ much electricity is supplied _____ sources like _____ the like?

How much _____ renewable sources?

What _____ your electricity _____ comes _____ renewable _____?

How _____ electrical power _____ from renewable sources?

_____ much _____ is _____ by wind, _____ or the like _____ specified.

_____ you _____ the percentage _____ electricity _____ comes _____ such as wind, _____ hydro, _____ bio-mass?

Is _____ specify resource _____ for solar, wind, _____ categories?

Is it _____ from _____ sun, wind, or something else?

_____ in the comment section the percentages _____ from _____ solar, _____ sources.

_____ should _____ the _____ of _____ generated by _____ hydro or _____ like

_____ it possible _____ how _____ from _____ energy sources _____ as sun, water _____ crops bases?

Please _____ the percentages that _____ from _____ or _____ sources.

_____ much electricity _____ by renewable sources _____ as solar _____?

_____ me know what _____ you get, from _____ wind, hydro _____.

_____ have a _____ of your energy from _____?

What _____ the _____ of _____ from _____ wind, and _____ sources?

I'd like _____ if it _____ from _____ hydro, _____.

Please _____ that comes from _____ solar, hydro, _____ sources.

_____ tell _____ is _____ wind, solar, hydro, and biomass sources.

The _____ of _____ comes from solar _____ sources?

Do _____ know how much _____ you get _____ such _____ wind _____ bio-mass?

Tell me, _____ you use _____ wind, hydro _____ for _____?

_____ want _____ know if _____ on solar, _____ Biomass for your _____.

Do _____ if _____ is solar, wind, hydro, or _____?

_____ know how _____ electricity you _____ from _____ sources _____ as solar _____?

_____ that come from _____ solar, _____ or _____ sources.

_____ know the percentage _____ get from _____ such as wind, solar, _____?

What level _____ do _____ from the _____ other sources?

_____ how _____ comes from renewable energy?

_____ tell us the _____ from wind, _____ hydro _____ biomass _____.

How much _____ generated _____ solar, wind, hydroelectric, _____ bio-mass _____ should _____.

_____ know how _____ of _____ energy comes _____ hydro, and _____ sources?

_____ the percentage _____ comes _____ hydro, and biomass.

_____ power do _____ get _____ renewable _____

_____ much _____ you _____ from the sun, wind or _____ like?

_____ know _____ much _____ comes _____ renewable energy sources?

_____ you _____ percentage _____ electricity you get _____ sources _____ as _____ and wind?

_____ know the _____ of electricity derived from solar, _____ hydro _____ biomass _____.
 _____ much _____ you _____ the sun, _____ and _____ of those?
 How much juice _____ from the _____ wind, _____ any of _____?
 _____ the _____ is _____ by renewable sources?
 Do you get _____ wind, _____ bio-mass?
 What is _____ of juice you _____ from the _____ sources.
 I want _____ much of _____ solar, wind, hydro or _____ sources.
 _____ much _____ is derived _____ energy _____?
 _____ information on _____ percentage of _____ from _____ renewable sources?
 I want to _____ it _____ wind, hydro, _____.
 How _____ is _____ by _____ wind, hydro, or _____?
 _____ like _____ know _____ type of _____ it comes _____ from _____ hydro, _____ and _____ sources.
 Do you _____ ratio _____ wind, _____ biomass _____ your electricity _____ mix?
 _____ you give out the ratio _____ or Biomass?
 What _____ your _____ is _____ renewable sources?
 _____ down the _____ sun/water/plant resources?
 How _____ produced _____ renewable energy _____?
 Will _____ the amount _____ the _____ wind or the like?
 The amount _____ generated _____ hydroelectric, and bio-mass _____ should _____ specified.
 _____ how much _____ renewable electricity.
 Do _____ get _____ solar, _____ hydro, and _____?
 Are you _____ of the _____ of _____ renewable sources such as Solar, Wind, _____?
 Are you _____ how _____ electricity you get _____ such as Solar, _____ hydro, _____?
 Please tell _____ electricity _____ wind, _____ hydro or _____ sources.
 What is the _____ in terms _____ hydro or _____?
 _____ how _____ renewable energy you _____.
 _____ a _____ regarding the breakdown _____.
 _____ me what percentage _____ is generated by _____ or _____ like.
 How much electricity comes _____ sources _____ solar _____?
 _____ you know _____ amount of _____ get _____ the _____ wind, _____ the _____?
 Please _____ the _____ from _____ solar, hydro, and _____ sources.
 Did _____ amount _____ juice you _____ from _____ wind, or the _____?
 _____ do _____ get from, _____ wind, hydro or Biomass?
 Is your _____ supply _____ of solar, wind, _____?
 Are you _____ your _____ comes from renewable _____?
 How much _____ comes from _____ solar, wind, hydro _____?
 Let _____ know how much electricity is _____ from solar, _____.
 _____ of _____ power _____ from renewable sources?
 How _____ are you _____ from the _____ wind, _____ things?
 _____ of _____ comes from solar, _____ and _____?
 How much _____ get from _____ sun, _____ and _____ things?
 You should _____ generated by _____ wind, _____ or bio-mass sources.
 _____ tell _____ the percentage of electricity derived from _____ wind, _____.
 Please tell _____ of _____ generated _____ solar, wind, _____ or bio-mass _____.
 I'm curious _____ what _____ it comes _____ wind, _____ solar and/or biomass.
 _____ much electricity _____ generated _____ hydro, or the _____?
 How much _____ your _____ can be _____ renewable _____?
 _____ much _____ your power comes _____ sources _____ solar.
 _____ specify the percentage _____ that _____ from _____ solar, _____ or Biomass _____.
 _____ know _____ type of electricity _____ get: solar, _____ hydro or _____?

Is _____ renewable energy in _____ wind, hydro _____?

_____ you _____ the _____ of _____ get from renewables?

How _____ electricity is supplied _____ solar, _____ and _____?

What _____ the breakdown of _____ in _____ solar, _____ and _____?

_____ me _____ type _____ electricity you _____ hydro, or biomass?

_____ want to know the _____ that come _____ wind, _____ hydro, _____.

_____ curious to know _____ it _____ hydro, _____ and/or biomass.

Please _____ the percentages that _____ from wind, _____ hydro _____

_____ portion of your _____ is generated _____ solar?

_____ electricity is _____ renewable sources?

_____ tell the _____ that come from _____ or bioenergy _____.

_____ the percentages _____ from _____ solar, hydro, and _____ sources.

Can _____ much electricity _____ energy _____ such as _____ water and crops _____?

How much _____ do _____?

Tell me if _____ rely _____ solar, _____ or _____.

Is _____ information on _____ contributions made _____ technologies?

Tell _____ if _____ hydro, or biomass _____ electricity.

_____ much _____ do _____ from sun, wind, and _____?

I _____ hear _____ much electricity comes _____ solar, wind, _____ biomass _____.

What _____ my power come from _____ like _____ and _____?

There _____ question about the _____ the supply.

How _____ juice are _____ from _____ sun, wind or _____ of _____?

_____ tell _____ how _____ comes from _____ and biomass sources.

How _____ power _____ supplied by _____ sources like solar, _____?

_____ know the type _____ energy that _____ wind, hydro, solar, _____.

_____ you know _____ of _____ comes _____ renewable sources like Solar, _____ and _____?

I _____ to know _____ type of energy it _____ from, from _____.

Is _____ to specify _____ for solar, wind, _____ Biomass categories?

What level of _____ do _____ get _____ sun, _____ and _____?

How much of your power comes _____ sources, _____?

_____ there _____ on the _____ made _____ solar/wind/hydro/biomass technologies?

_____ much _____ variety of renewable sources?

_____ is the level of _____ from _____ sun, wind, _____?

What is _____ made _____?

_____ power is _____ by the _____ wind, water _____?

What amount _____ is _____ renewable _____?

Share _____ energy composition: _____.

_____ want to _____ if it _____ from _____ solar, _____.

_____ part _____ your electricity _____ generated by _____?

_____ much _____ power comes from renewable _____ like _____ wind?

_____ me the _____ you _____ from solar, wind, _____ or _____?

What portion _____ your electricity _____ renewable _____?

Do _____ receive _____ sources such as Solar, Wind, _____ and bioenergy?

_____ you tell _____ power is _____ from renewable _____?

_____ your electricity via solar, _____ or Biomass?

Do you _____ the _____ of _____ that _____ from solar, _____ sources?

The _____ of _____ by solar, wind, _____ bio-mass _____ be _____.

_____ much juice _____ get from _____ or other sources?

Please _____ percentage _____ electricity that _____ from wind, _____ hydro _____.

Let me _____ what _____ you _____ wind, hydro, or Biomass.

Is _____ possible to _____ portions _____ the solar, _____ source _____?

_____ tell us how electricity comes from _____ hydro, _____.

_____ down _____ origins from _____ and plant _____ resources?

_____ much _____ come from _____ other renewable _____?

What _____ juice _____ from _____ sun, wind, and _____ sources?

How _____ juice can you get _____ sun, _____ things?

_____ the percentages that _____ from _____ hydro _____ bio-mass sources.

Do _____ how much of your _____ is _____ from _____?

_____ sharing _____ composition: solar, wind, hydro, _____?

_____ get your electricity _____ solar, wind, _____?

What _____ energy comes from solar _____?

I _____ to know how _____ electricity _____ from _____ wind, _____ sources.

_____ know what _____ amount of juice _____ got _____ the sun, _____ or _____?

_____ much _____ you get _____ sun, _____ or whatever?

Information about _____ energy _____ solar and other _____ sources?

_____ proportion of _____ use _____ wind, hydro and Biomass _____?

How _____ power comes from _____?

Are you aware _____ percentage of electricity _____ renewable _____ such _____ Solar, Wind, _____ bioenergy?

_____ you _____ how much _____ power is _____ by _____ sources?

_____ much power _____ made _____ renewable _____?

_____ it _____ much juice you got _____ wind or _____ like?

_____ percentage of _____ generated _____ solar, hydro, or _____ sources in the _____.

_____ electricity _____ comes _____ wind, hydro or biomass?

_____ of your electricity _____ come from _____ sources?

_____ renewable _____ composition: _____ solar, _____.

_____ of electricity produced _____ wind, _____ or _____ sources _____ be specified.

You _____ the percentage _____ electricity generated by _____ hydroelectric, _____ bio-mass _____.

_____ the _____ of _____ from solar and other renewable _____.

_____ many of your _____ energy _____ come _____ solar, _____ and/or _____ like?

Can you _____ how _____ is _____ through _____ sources?

Is part _____ electricity supply made _____ solar, _____ biomass?

_____ let us know the _____ electricity _____ solar, _____ hydro _____ sources.

_____ tell me the percentage that _____ wind, _____ sources.

Which portion of electricity is generated _____?

_____ would _____ to _____ how much energy _____ hydro, _____ and/or biomass.

_____ get _____ solar, wind, hydro or biomass?

_____ energy _____ solar, wind, _____ biomass?

_____ wind, hydro _____ Biomass contribute to your _____?

Do you know how much _____ sun, _____ or _____ like.

_____ percentage _____ electricity is generated _____ solar, _____ bio-mass sources?

What are _____ breakdown in _____ of _____ wind, _____?

Please _____ the percentages _____ wind, solar, _____ biomass sources

_____ much electricity is _____ solar _____?

_____ possible to specify the _____ for solar, wind, _____?

The percentage _____ electricity _____ solar, _____ or _____ sources _____ be given.

How much _____ do you _____ sources?

Please tell us the percentages _____ from _____ hydro, _____.

You _____ what percentage of _____ is _____ by wind, solar, hydro or _____.

What _____ your electricity is generated _____ sun _____?

Please _____ percentages _____ wind, SOLAR, or hydro _____ biomass sources.

____ you ____ portion of ____ energy ____?
 Is it possible ____ portions for ____ and biomass source ____?
 ____ are you getting from sun, ____ any of ____?
 ____ from solar, wind, hydro or ____ sources.
 How much of your ____ generation ____?
 I ____ like to know ____ comes ____ hydro, ____ or biomass.
 Please give us the ____ comes from ____ hydro, ____.
 Are you ____ of ____ received from the sun, wind or ____?
 How ____ of the ____ renewable ____?
 ____ need ____ know how ____ is generated by ____ biomass sources.
 ____ much juice do you ____ from the sun, ____?
 ____ power comes ____ energy?
 Information ____ of energy ____ solar and other ____ sources?
 ____ do you get ____ sunlight, wind, ____ plants?
 So ____ much ____ electricity ____ from renewable ____?
 ____ know how ____ from renewable sources ____ as ____ wind, ____ and bio-mass?
 How much ____ provided by ____?
 ____ the percentages ____ from ____ hydro or Biomass sources.
 What ____ total amount ____ coming ____ and ____ renewable sources?
 ____ us ____ the percentage of ____ that ____ wind, ____ or biochar ____.
 Do ____ percentage ____ electricity ____ sources ____ Solar, Wind, hydro, and bioenergy?
 Do you ____ what ____ of ____ generated by renewable ____?
 Does solar, wind, hydro ____ of ____ electricity ____?
 Please tell me ____ proportion of electricity that ____ hydro or ____.
 Do ____ the percentage ____ get from ____ such as Solar, ____ hydro and ____?
 There ____ questions regarding the proportion ____ from ____ and other ____.
 What amount of ____ generated ____ solar, wind, ____?
 I ____ types ____ it ____ from, from wind, hydro, solar, ____.
 ____ part ____ energy comes ____ renewable ____?
 ____ to specify resource allocation ____ solar, wind, hydro, ____?
 Please tell ____ how much ____ comes from ____ or ____.
 ____ much electricity ____ sources like wind and ____?
 How ____ juice ____ getting from the sun, ____?
 Can ____ tell me the ____ from solar, wind, ____?
 ____ electricity ____ various types of renewable ____?
 ____ you know the ____ renewable sources ____ as ____ Wind, hydro and ____?
 How much ____ you get ____?
 ____ say how much electricity ____ sources?
 ____ power do ____ draw ____ sources?
 What is the ____ of ____ received ____ the ____ wind or ____?
 Was ____ possible to ____ allocation for ____ wind, hydro ____?
 ____ part ____ supply come ____ solar, wind ____ hydro?
 Is ____ of your ____ supply made ____ solar, ____ hydro ____?
 ____ of your electricity that ____ from renewable ____?
 Tell me what ____ electricity ____ wind, solar, hydro or ____.
 ____ the level of ____ you ____ from ____ sun, ____ or ____ sources?
 How ____ electricity is ____ renewable ____?
 ____ much ____ your electricity ____ from renewable ____?
 ____ me ____ much electricity is supplied ____ renewable ____?
 ____ a ____ electricity ____ you get from renewable ____?

_____ of _____ is generated from renewable _____ sources?

How much _____ renewable _____ wind or solar?

_____ portion _____ your power _____ solar, _____ hydro, and _____?

Can you _____ me _____ of _____ power _____ from _____ sources?

Tell me _____ much _____ you _____ or wind.

_____ much of _____ renewable sources such as _____ wind, _____ or _____?

_____ about _____ down electricity _____ resources?

Do _____ have a description of the _____ of _____ and _____ source _____?

Please _____ percentage of _____ generated _____ solar, _____ Biomass sources.

How _____ power _____ wind _____ solar?

_____ how solar-wind-hydro-biomass fuels my electric _____?

_____ would _____ to _____ you rely on solar, _____ hydro _____ Biomass _____ electricity.

I am interested in knowing the _____ energy _____ comes _____.

_____ is the _____ of electricity _____ of solar, _____ or _____?

_____ the percentage _____ electricity you derive _____ wind, hydro _____ sources?

Break _____ from sun/water and _____ resources?

_____ power can come from renewable _____?

_____ you aware of _____ percentage of _____ you _____ such _____ Wind, hydro, and bio-mass?

Please tell me the percentage of _____ comes _____ wind, _____.

Can you _____ me how _____ you reveal for _____?

Is it possible _____ description _____ portions for _____ wind, hydro, _____ periods?

Please indicate _____ percentage _____ comes from _____ solar, _____ sources.

Please tell me the _____ wind, hydro _____.

_____ energy _____ wind, hydro, _____ biomass?

_____ should give _____ of _____ generated by _____ wind, _____ bio-mass sources.

Can _____ how _____ fuels _____ grid?

Can _____ description of the _____ wind, _____ Biomass sources?

_____ much _____ produced by the sun, _____ or _____?

Please specify _____ percentage that _____ from _____ solar, _____ sources in _____ comments _____

Please _____ what _____ of _____ comes from wind, solar, _____ or _____.

I want to _____ how much _____ solar, _____ hydro, and _____.

What amount _____ juice _____ you _____ the sun, _____ or _____?

Please specify the _____ from _____ solar, hydro and _____ sources.

_____ much of _____ power _____ from _____?

How much energy _____ specify _____ solar, wind, _____ sources?

_____ to know _____ get electricity _____ solar, wind, _____ or _____.

I _____ to know _____ solar, _____ hydro or _____ for _____ electricity.

Do _____ electricity _____ hydro, or Biomass?

Do _____ how much electricity _____ get from solar, wind, _____?

_____ you get _____ electricity _____ solar _____ hydro, _____ Biomass?

_____ know _____ percentage _____ generated by solar, wind, hydroelectric, or _____.

_____ the percentage of _____ from _____ hydro or biomass.

_____ of electricity solar, wind, _____ or _____?

_____ tell _____ the _____ of _____ get from solar, _____ biomass sources.

Do you _____ the percentage _____ electricity _____ from _____ as solar, _____ and bio-mass?

_____ known what _____ amount of _____ you got from _____ sun, _____ else?

_____ should _____ electricity _____ generated by wind, solar, _____ or the like.

How much juice _____ you get _____ wind and _____?

_____ the _____ that come from wind, _____ hydro, or _____ sources _____ comment _____

_____ much _____ do you _____ sources?

Is _____ on the _____ made _____ solar/wind/ _____ technologies?

Can you _____ allocation of resources _____ wind, _____ or _____?

How _____ electric power _____ from _____ sources.

_____ is _____ amount of power that _____ from _____?

Can you tell _____ from _____ wind, _____ or _____ sources?

_____ electricity you get, do you get it _____ solar _____ wind _____?

_____ what the amount of juice _____ get from _____ wind _____?

_____ need to _____ what _____ by _____ hydro or the like.

You should _____ how _____ your _____ generated by wind,solar, hydro _____ like.

_____ much electricity _____ by _____ water, or plant _____?

How _____ juice _____ get from _____ wind, and _____ that?

Please _____ me _____ much _____ you _____.

Do _____ get _____ from _____ or bio-energy?

_____ is _____ as _____ the breakdown _____ solar/wind/hydro/biomass in _____.

_____ me know if _____ on _____ wind, _____ or Biomass for _____.

_____ us _____ much electricity you derive _____ solar, _____ hydro or _____.

_____ know what type of energy comes _____ hydro, solar _____.

What _____ electric power comes _____ renewable _____?

I'm curious _____ energy _____ from wind, _____ and/orbiomass.

_____ the _____ of electricity supplied by _____ energy _____?

What _____ energy you _____ comes from renewable _____?

_____ energy do you get from _____ and so _____?

Is _____ possible _____ specify an allocation for _____ biomass?

Does _____ wind, _____ and _____ make up part _____ the _____?

_____ you _____ of _____ of _____ you receive from _____ such _____ Solar, Wind, hydro and _____?

_____ need _____ how _____ you give for the _____ hydro/biomass source _____.

_____ percentage _____ energy _____ renewable options?

_____ there _____ way to specify allocation _____ solar, _____ or _____?

Please tell _____ percentage that _____ from _____ solar, _____ sources.

What _____ electric _____ from renewable _____?

We _____ to _____ the _____ comes _____ solar, _____ or biomass.

How _____ from solar/wind/ hydro/biomass?

How _____ like solar, wind, hydro, or the _____?

_____ know the types of _____ from wind, _____ and biomass sources.

_____ much is _____ from _____ other _____ sources?

_____ comes _____ renewable sources like _____ or solar?

_____ of _____ electricity is _____ by renewable _____?

Do you know _____ much electricity _____ sources?

How _____ of your power _____ comes _____?

_____ is _____ of juice _____ the _____ wind, and _____ sources?

The _____ from _____ wind, hydroelectric, or _____ sources _____ be specified.

How much renewable _____ solar, wind, _____ or the _____?

_____ me _____ much _____ electricity _____ get

_____ you know how much _____ get from _____ sources _____ hydro, and _____.

Do _____ know how much electricity _____ renewable _____ like Solar, Wind, _____?

_____ you rely _____ solar, wind, _____ biomass for your _____.

_____ amount of _____ solar _____ wind?

_____ curious _____ it comes from, from wind, hydro, solar, _____.

_____ renewable _____ composition: solar, _____ hydro, _____?

_____ us how much _____ our electricity comes _____ wind, _____ sources.

_____ proportion _____ coming _____ solar and other _____ sources.

How much of the _____ renewable _____?

In the comment section, please specify _____ that came _____ bioenergy _____.

How _____ comes _____ solar, wind, _____ and biomass?

_____ amounts _____ are _____ from solar _____ other _____ sources?

Let _____ type _____ electricity you _____ solar, _____ hydro or _____?

_____ juice did _____ get from _____ sun, _____ or _____?

_____ you derive electricity _____ wind, _____ biomass sources?

Do _____ proportion of your _____ solar, wind, _____ or _____ sources?

_____ tell _____ how _____ electricity we _____ from _____ or biomass.

_____ comes from solar, wind, hydro, and/or the _____?

_____ you know how much _____ from sun, wind _____?

_____ us how _____ electricity comes _____ solar, hydro, and _____.

_____ much _____ is _____ by _____ sources _____ solar and _____?

Please specify _____ come from wind, solar, hydro, _____

How much electricity _____ you derive _____ solar, _____ or _____?

_____ percentage of _____ comes from renewable sources?

_____ what the amount of juice _____ got _____ the _____ wind, _____ sources?

What _____ solar, wind, _____ in _____ electricity generation mix?

_____ us _____ what percentage _____ is generated by wind,solar, _____ the _____.

_____ know _____ type of energy it _____ from, _____ solar, and/orbiomass.

How _____ of your renewable _____ wind, hydro _____ the _____?

_____ the percentage of electricity _____ wind, solar, hydro, _____ sources in the _____.

_____ juice did _____ get from _____ wind, or _____?

How much _____ from solar _____ other _____ sources?

_____ generation comes from solar, wind, hydro, _____?

_____ energy _____ wind, hydro, biomass?

What percentage _____ from renewable sources?

_____ much _____ you _____ from _____ wind, or _____ of that?

What amount of _____ getting from _____ sun, _____ whatever?

How _____ of _____ comes from _____ like _____ wind _____ hydro?

Please tell _____ the percentage that comes _____ and _____.

What is _____ percentage _____ coming from _____ and _____?

What type of electricity _____ you _____ from: solar _____?

How much _____ powered by _____ sources?

I _____ like to know _____ type of _____ comes from, _____ hydro, _____ Biomass _____.

Please _____ me _____ percentage from _____ or biomass _____.

What _____ of _____ you _____ from _____?

_____ to know _____ energy _____ from wind, _____ solar, _____.

_____ hydro, _____ biomass make _____ a _____ of your _____ supply?

Are you _____ composition: _____ hydro?

I want _____ know _____ kind _____ energy it _____ from, _____ solar _____.

_____ much _____ you get from sunlight, wind, _____?

_____ you know _____ juice you _____ from the _____ wind, _____ similar _____?

_____ the percentage _____ generated _____ solar, and biomass?

_____ you specify _____ split for _____ wind, hydro _____?

_____ much _____ by renewable energy _____?

_____ tell _____ portion of each _____ wind/ hydro/biomass source _____?

Tell _____ if _____ electricity _____ wind or hydro.

_____ get electricity from solar _____ wind.

_____ of _____ power _____ coming _____ renewable sources?

_____ you _____ of _____ that _____ wind, hydro, or biomass sources?

Do you get _____ solar, _____ or _____?

How much _____ your _____ wind and _____?

_____ you _____ the percentage of _____ comes _____ renewable _____ such _____ bio-mass?

_____ many _____ you _____ the solar/wind/ _____ sources?

How _____ renewable sources like _____ and solar?

_____ the percentages _____ come _____ wind, solar, _____ or _____ sources.

Tell me _____ type of electricity you _____ whether _____ and _____ or _____ fuels _____ solar, wind

_____ it possible to specify resource allocation _____ biomass?

Please list _____ wind, solar, hydro _____ Biomass sources.

Please _____ the percentage _____ from wind, _____ hydro, or bioenergy _____ the _____

Please _____ us how _____ comes from _____ solar, _____ or _____ the _____ section.

How _____ my _____ from renewable _____?

Can you describe _____ the _____ hydro,biomass and/or _____ periods?

_____ your _____ comes fromrenewables?

_____ much _____ sun, wind or _____ of the other sources?

How _____ comes from _____ hydro, or the _____?

How much _____ your electricity _____ from _____

Do _____ get electricity _____ wind, hydro, _____?

How _____ of _____ comes _____ renewable sources?

_____ would like to _____ what energy it _____ from _____ and/orbiomass.

How much _____ my _____ comes _____?

How _____ juice do you _____ the _____ wind, and _____?

How _____ your electricity _____ from renewable _____ sources?

What amount of juice _____ you _____ similar sources?

How _____ get _____ renewable Sources?

_____ is _____ through renewable sources?

_____ you _____ the electricity _____ solar, _____ hydro _____ Biomass?

Do you _____ electricity from _____ wind, _____ or _____?

How _____ do you get from _____ biomass?

_____ to specify the resource _____ for solar, _____ or _____?

_____ much _____ from the sun, _____ or _____ other sources?

_____ to reveal _____ each _____ wind, hydro, _____ biomass source?

_____ you _____ much _____ your _____ is _____ by renewable sources?

_____ muchpower _____ get from _____ sources?

Is _____ the _____ of juice _____ got _____ sun, wind or the _____?

_____ know _____ of juice you _____ sun, wind, _____ the like.

_____ you _____ the _____ electricity _____ get _____ wind, hydro _____ biomass sources?

_____ much electricity is supplied by renewable sources, like _____?

How much _____ you get _____ such as _____ hydro, _____ bio-mass?

_____ much _____ do _____ from solar, wind, hydro, _____ biomass _____?

Do _____ know _____ much _____ your _____ is from _____?

_____ amount of _____ got _____ the sun, wind _____ the _____?

How much _____ and _____ coming from?

Let _____ how _____ electricity is produced, _____ solar, _____ hydro _____ biochar _____.

_____ the _____ of _____ it _____ from, from _____ hydro, solar, and/orbiomass.

_____ of electricity _____ from _____ hydroelectric, _____ sources should _____ specified.

How much electricity _____ from _____ wind, _____ or _____?

_____ of _____ power comes from _____ sources?

What _____ do you get from sun, wind, _____?

_____ much _____ came from _____ sources?

Please give the percentage of _____ comes _____ solar, hydro, _____.

How _____ of _____ from _____ Sources?

_____ is supplied by _____ sources, _____ wind and _____?

_____ solar, _____ hydro _____ make up _____ of your electricity _____?

_____ percentage that _____ from wind, _____ and biomass sources.

_____ want _____ know what type _____ it comes from, from _____ hydro, _____.

_____ your _____ energy usage?

Do you _____ of your electricity _____ generated _____ renewable _____?

_____ how _____ you get from renewable _____ like Solar, Wind, hydro, _____?

_____ us _____ percentage _____ comes _____ wind, solar, hydro or _____.

Is _____ known how _____ got from the _____ and the _____?

Please tell me the percentage _____ get _____ solar, wind, _____.

_____ much power do you get _____ plant?

What _____ levels of juice you get _____ sun, _____?

What _____ breakdown _____ terms of solar, wind, _____ or _____?

What is the _____ in _____ of _____ wind, hydro, or _____?

_____ am _____ to _____ type of energy it _____ wind, _____ solar, and _____ sources.

Do _____ your electricity _____ solar, _____ or Biomass _____?

What's _____ energy in you?

_____ renewable energy composition: solar, _____?

I _____ to _____ type of _____ it _____ wind, hydro, solar, _____.

I _____ to _____ reveal _____ the solar/wind/ hydro/biomass source _____.

Is it possible _____ specify resource allocation _____ solar, _____.

Let me know if you _____ electricity _____ Biomass.

_____ you know how _____ of your power _____ resources?

_____ of your electricity _____ from _____?

Tell me the _____ solar, wind, hydro or _____.

_____ the percentage _____ in your _____?

I _____ to _____ percentage of energy coming _____ other _____ sources.

_____ me what kind _____ electricity _____ from _____ sun _____ wind.

_____ much _____ the sun, wind, and similar _____?

Do you _____ electricity _____ renewable sources such as _____?

_____ of electricity _____ generated _____ wind,solar, hydro _____ similar?

_____ know _____ many _____ reveal for the solar/wind/ hydro/biomass source _____.

_____ should specify _____ percentage of electricity that comes _____ and _____.

Please _____ me the _____ of _____ solar, wind, hydro or _____.

_____ tell _____ truth about _____ solar, wind, hydro or biomass?

_____ am _____ about the types _____ energy _____ comes _____ from wind, _____.

Do _____ the percentage _____ from renewable sources _____ solar and hydro?

Do _____ want to specify the _____ of electricity _____ biomass sources?

I _____ to _____ what _____ of energy it _____ wind, _____ and biomass sources.

_____ me _____ you get _____ solar, _____ hydro or biomass?

How _____ electricity comes from _____ sources _____?

Do _____ get electricity from _____ sources _____ or biomass?

_____ to _____ the _____ of _____ comes from wind, solar, hydro or _____.

Is it known _____ energy _____ from _____ and _____?

_____ how much electricity _____ get from renewable _____ as _____ and _____?

What _____ of _____ do _____ get _____ or something?

_____ much juice do _____ from _____ sun, _____ and _____ sources?
 I'd like to _____ the type _____ energy it _____ solar, _____.
 _____ me know how _____ renewable _____.
 How _____ energy _____ solar _____ other renewable sources?
 _____ you _____ how _____ is supplied by _____ energy sources?
 Does _____ electricity supply _____ wind, _____ or _____?
 _____ how _____ you generate by _____ and bio-mass sources.
 How _____ your energy _____ from renewable _____?
 _____ energy _____ derived from _____ and _____ renewable sources?
 _____ has been supplied _____ sources?
 How _____ electrical _____ from renewable sources?
 _____ percentage of your energy _____ from _____ and biomass _____?
 How much _____ the power is _____?
 There's _____ the breakdown of solar/wind/hydro/biomass _____.
 _____ of the energy _____ from solar _____ renewable sources?
 _____ portion of _____ electricity _____ sources?
 Can you give _____ idea _____ contributions made by _____?
 _____ the amount of juice _____ from the sun, _____ the _____?
 Do you _____ much electricity you get _____
 How _____ you _____ electricity _____ solar, wind, hydro, _____?
 _____ energy comes _____ renewable _____ such as wind?
 Do _____ juice _____ sun, wind, or _____?
 Which _____ your electricity _____ generated by _____ biomass?
 Please _____ the _____ that _____ from wind, SOLAR, _____ hydro or _____.
 How _____ is supplied _____ resources?
 Do _____ how much electricity _____ renewable _____?
 Please tell me _____ of _____ comes _____ solar, _____ biomass sources.
 _____ us _____ from wind, solar, hydro, _____ bioenergy _____.
 _____ is _____ breakdown _____ in terms of solar, _____ or biomass?
 _____ much of the electricity _____?
 How many _____ do _____ for the _____ hydro/biomass _____?
 Would _____ be _____ to _____ allocation for _____ or biomass categories?
 _____ how much _____ your electricity comes from _____?
 _____ you _____ ratio split for _____ wind, hydro _____?
 _____ want _____ know if you get _____ from solar _____ or _____ in between.
 What _____ electric power comes _____ Sources?
 Please _____ us how _____ from wind, solar, _____ or _____.
 _____ much electricity comes _____?
 _____ of power is _____ from _____?
 What _____ the breakdown of _____ wind, _____ your electricity?
 Can _____ tell _____ the contributions made _____ solar/wind/Hydro/biomass _____?
 _____ percentage _____ energy comes from _____ of things?
 _____ much electricity _____ wind, solar, _____ and biomass?
 I _____ to know what _____ of _____ comes from, _____ wind, _____ solar, _____.
 What level _____ do _____ the sun, wind, and _____?
 _____ energy _____ solar, _____ hydro, and _____.
 What percentage of _____ energy _____ from a _____?
 _____ section please _____ the percentages that come _____ solar, hydro, _____ sources.
 _____ am _____ of electricity _____ from solar, _____ hydro or biomass sources.
 _____ need _____ know _____ percentage of our _____ is generated _____ hydro _____ the _____.

How _____ electricity do _____ get _____ renewable _____ solar, _____ hydro and _____?

_____ much energy is _____ solar _____ renewable energy _____?

_____ that _____ much juice you got from _____ like?

The percentage _____ generated by _____ wind, hydroelectric, _____ should _____.

How _____ juice do you get _____ wind, or _____?

Is _____ possible _____ the _____ of renewable energy _____?

How _____ for the _____ hydro/biomass source?

_____ want to hear how much _____ and biomass sources.

_____ are your electricity _____ solar, wind, _____ and biomass?

_____ much power is _____ renewable _____?

How _____ juice do _____ get from _____ wind, _____ any _____?

_____ you know _____ percentage _____ get _____ sources, such _____ Wind, hydro, and bio-mass?

_____ how much _____ comes from wind, _____ and/or biomass.

Please _____ us _____ that _____ wind, solar, hydro, _____ sources.

_____ know _____ electricity you _____ from _____ sources _____ Solar, _____ hydro and bio-mass?

How much electricity _____ generated _____ solar, wind, _____?

_____ me _____ rely on solar, wind, hydro _____ electricity.

Does solar, wind, _____ to _____ electricity _____?

_____ much _____ is generated by wind, _____?

Please _____ percentages that _____ hydro, or biomass sources

How _____ from renewable _____ like _____ and wind?

Can you _____ us _____ the portions for _____ solar, _____ Biomass _____?

_____ specify _____ of _____ from wind, solar, hydro, and _____

_____ need to _____ much _____ comes _____ wind, _____ hydro or biomass _____.

_____ much _____ do you _____ the sun, wind, and _____?

_____ you know the percentage _____ electricity _____ renewable _____ as Solar, Wind, _____?

How _____ your electric power _____ sources?

I am interested _____ knowing what type _____ solar, and biomass sources.

What percentage _____ from _____ energy?

_____ is the level of _____ you _____ from _____ sun, _____ any of _____?

How much _____ your energy _____ sources _____ or solar?

_____ of _____ comes from solar _____ renewables?

Please _____ the _____ that _____ wind, _____ hydro, _____ Biomass sources.

_____ you tell me _____ coming from renewable _____?

_____ me the type _____ receive: _____ wind, _____ or biomass?

How much _____ your power comes _____ solar and _____?

_____ you _____ composition: _____ wind, hydro?

_____ energy _____ solar, wind, hydro, _____?

_____ much _____ do you get _____ sun, _____ and _____ sources?

_____ much _____ is generated _____ solar, _____?

_____ you get your electricity from _____ wind, _____?

_____ your _____ generated from renewable sources?

_____ percentage of electricity _____ solar, wind, _____ sources should _____ specified.

What information about _____ percentage _____ coming _____ and _____ renewable _____?

Let _____ the _____ solar, _____ or biomass sources.

There is _____ question about _____ breakdown of _____.

I _____ know how much _____ comes _____ wind, hydro _____.

What type of _____ you get, _____ wind, hydro _____?

How much _____ produced from _____ or biomass _____?

I want to _____ what _____ it _____ from wind, _____ biomass _____.

How much of your _____ supplied _____?

_____ is the amount of _____ you _____ from _____ wind _____ other _____?

I want to _____ comes _____ solar, or biomass.

_____ tell me how _____ comes from _____ Biomass sources.

How _____ electricity do _____ like solar, wind, hydro _____ bioenergy?

What _____ the _____ juice you get from _____ sun, _____ and _____?

Can _____ how _____ is supplied by _____ like solar and _____?

_____ of _____ in terms _____ solar, wind, _____ and Biomass?

_____ your electricity _____ terms of _____ wind, _____ and Biomass?

_____ much _____ you get _____ renewable energy _____?

Is _____ a _____ renewable _____ get?

The percentages _____ from wind, solar, hydro, _____ sources _____.

_____ percentage _____ comes from solar, _____ hydro _____ Biomass?

_____ the percentages _____ wind, SOLAR, _____ hydro _____ biomass sources.

What percentage _____ is _____ from _____ resources?

_____ power is _____ through _____ sources?

How _____ do you get _____ wind _____ something?

What _____ your _____ of _____?

How _____ of _____ comes from _____?

Do _____ that include _____ wind, hydro _____ Biomass?

_____ the _____ from renewable sources such _____ solar, wind, hydro, _____ bio-mass?

_____ you tell me _____ portions _____ hydro, _____ biomass source period?

_____ us the _____ that come from _____ solar, hydro _____.

Is your _____ by _____ hydro, or _____?

_____ much _____ your _____ comes _____ sources, like wind _____ solar?

Please tell us _____ from _____ or biomass.

_____ know _____ proportion of _____ you _____ wind, hydro _____ biomass sources?

_____ is _____ by renewable sources _____ solar or wind?

Do _____ solar, wind _____ hydropower _____ some portion _____ the _____?

How much power is _____ from _____ like _____?

Do you _____ amount _____ got _____ the sun, wind, _____ like?

_____ much _____ from _____ sources, like wind or _____?

Do _____ that use solar, _____ hydro _____ biomass?

How much _____ electricity _____ generated by _____ or _____?

How much juice _____ from sun, _____ something?

_____ solar, wind, hydro _____ make _____ part of your electricity _____?

How is _____ in terms _____ solar, wind, _____ biomass?

Do you _____ how much electricity you _____ from _____ sources _____ hydro _____?

I want to _____ which type _____ electricity _____ wind, hydro _____?

Share _____ energy _____ such _____ hydro, and biomass?

Can you tell me _____ of juice _____ sun, wind, _____ sources?

Tell me _____ type _____ you receive: _____ hydro, _____ Biomass?

Do you know how much electricity _____?

Tell me _____ get _____ via _____ using renewable fuels like solar, _____.

_____ like _____ much electricity comes from solar, _____ hydro, and _____.

Share _____ energy composition: _____ hydro, _____?

_____ there a _____ to _____ resource allocation for _____ or _____?

_____ much juice _____ you _____ wind, and _____ of the _____ things?

_____ much of _____ is _____ by renewable _____?

_____ the breakdown _____ your _____ terms of solar, _____ or biomass?

_____ want _____ know _____ that come _____ solar, hydro _____ biomass sources.
 Please _____ electricity comes from _____ hydro, or _____ sources.
 _____ would like _____ the _____ energy _____ from solar _____ other renewable _____.
 _____ type of energy it comes from, _____ solar, and orbiomass.
 How much power comes _____ solar, wind _____?
 _____ much _____ renewable _____ like wind or solar?
 _____ get from renewable sources?
 How much juice _____ get from _____ some other _____?
 _____ you _____ electricity _____ hydro, or Biomass?
 How _____ juice _____ get _____ sun, wind, or _____ above?
 You should specify the _____ electricity _____ hydroelectric, or _____ sources.
 _____ know if _____ on solar, _____ hydro or _____ for electricity.
 _____ you _____ percentage _____ solar, wind, _____ biomass sources?
 _____ you _____ me _____ ratio split for solar, _____ hydro _____?
 What is _____ proportion of _____ electricity generation _____?
 How _____ power is generated _____ hydro, and _____?
 Let _____ the _____ of _____ you get from _____ wind, _____ or _____.
 How _____ energy comes _____ other _____ sources?
 _____ know the _____ of _____ electricity derived from solar, wind, _____.
 _____ much _____ does _____ from _____ sources?
 _____ part _____ your _____ is generated _____ sources?
 You _____ give the percentage of electricity _____ hydroelectric, or _____.
 _____ aware _____ how _____ juice you got _____ the _____ or the _____?
 _____ your _____ is generated from _____ wind?
 How _____ do you get from _____ and other _____?
 _____ much juice do you _____ from _____ sun, _____ that?
 _____ want _____ know _____ type _____ you _____ from solar, _____ hydro _____ Biomass.
 We want to know _____ percentages _____ from _____ solar, _____ sources.
 How much _____ electric power you _____ renewable _____?
 _____ of _____ power _____ from different _____ of _____ energy?
 _____ much of _____ energy comes from _____?
 _____ kind _____ energy _____ from _____ and other renewable _____?
 How much _____ is _____ by renewable sources _____ solar, _____ or _____?
 _____ much power is _____ sources _____ wind or _____?
 How _____ do you _____ from _____ sun, _____ or _____?
 How much _____ get from sun, _____ any _____ that?
 Let _____ know the _____ that comes _____ wind, _____ sources.
 _____ how _____ portions you reveal for _____ solar/wind/ hydro/biomass _____.
 _____ electricity comes from solar, wind, _____ or _____ sources.
 The percentage of _____ generation _____ from _____?
 _____ juice you got from _____ sun, wind _____ the like?
 How much _____ you _____ renewable sources, _____ as Solar, Wind, _____?
 specifying the _____ electricity generated by solar, _____ sources
 Please _____ us _____ percentage of electricity _____ comes from _____ like.
 Sharerenewable _____ composition: solar, _____?
 _____ of my _____ from renewable sources?
 _____ know the percentage of electricity _____ wind, _____ or _____ sources.
 _____ if you _____ hydro, or biomass for _____ electricity.
 How _____ of the energy you _____ from _____?
 What _____ of electricity is generated _____ wind, _____?

What _____ that you get _____ the _____ wind, _____ other things?

I _____ to _____ your electricity from solar, wind, hydro, _____.

You should _____ what percentage _____ electricity is _____ by _____ like.

How much _____ your electricity _____ sources?

How much electricity _____ renewable _____?

Can _____ let _____ know how _____ from _____ sources?

What _____ come _____ the _____ wind _____ similar sources?

What _____ of _____ coming from _____ and _____ renewables?

How _____ power do you get _____ wind?

Let _____ know what type _____ you get: _____ Biomass?

_____ tell us _____ generate _____ solar, hydro, _____ biomass sources.

_____ electricity _____ generated from solar, wind, hydroelectric, _____ sources?

Do _____ know the _____ electricity _____ from _____ sources _____ as solar, _____ and _____?

I want _____ know _____ wind, hydro _____ for your electricity.

How much of your _____ from the _____ and/or _____ like?

Tell me what percentage _____ by wind, solar, hydro _____.

_____ of _____ do _____ get _____ the _____ sun, _____ similar sources?

I want to _____ the _____ of _____ coming from _____ other _____.

_____ the _____ electricity _____ comes from wind, solar, _____ or biomass _____.

Do _____ know _____ much _____ you get from renewable sources _____ hydro?

_____ percentage _____ get _____ solar, wind, hydro or biochar sources.

_____ much solar, _____ and _____ is in _____ supply?

How _____ you get from renewable _____ like _____ hydro?

Is _____ amount of energy _____ from _____ renewable _____ known?

_____ electricity is _____ by solar and wind?

Some information _____ amount _____ from solar and other _____.

_____ tell _____ how much juice you _____ from the _____ whatever?

What _____ of _____ solar and other renewable _____?

Is there any information _____ the _____ made _____?

_____ much electricity is supplied _____ like _____ hydro?

What are _____ energy coming _____ solar and _____ renewable _____?

Is _____ electricity _____ by _____ or biomass?

_____ need to know the percentages of _____ from _____ or _____.

_____ juice you _____ from sun, wind, or something?

How much power do you _____ from _____?

_____ the proportion of _____ coming from solar _____ sources?

What _____ do _____ get from _____ sources?

How much _____ you _____ source?

What _____ electricity _____ by solar, wind, _____ and _____ sources?

How much renewable _____ get for _____?

_____ comes from wind, _____ and/or biomass?

_____ much _____ your _____ is derived _____ renewable _____?

_____ it _____ or _____ you get electricity from?

How _____ power _____ get from _____?

_____ much juice are _____ from sun, _____ or _____?

_____ aware of _____ electricity _____ from renewable sources such as solar, _____ and bio-mass?

_____ down the electricity origins _____?

I _____ to know _____ type of _____ solar, wind, hydro _____?

What _____ of your _____ generated by the _____ biomass?

_____ how much _____ wind, solar, _____ or biomass sources

How much _____ supplied?

_____ us know the _____ of _____ produced from _____ or _____ sources.

Tell _____ the _____ of electricity _____ wind, hydro, or _____?

How much _____ you _____ from the _____ wind, and _____

_____ tell _____ how _____ of the electricity _____ solar, _____ or _____ sources.

_____ much _____ is _____ by the _____ wind, _____ or _____ power?

_____ much _____ you _____ from _____ wind and _____ of that?

What amount _____ energy come _____ other _____ sources?

What _____ your _____ comes _____ solar, _____ and biomass?

Please give us the _____ that come _____ solar, _____.

What _____ electricity _____ you _____ renewable _____ as _____ Wind, hydro, and bioenergy?

_____ it _____ much _____ you got from _____ sun, _____ like?

Can you _____ of _____ energy?

_____ composition: solar, wind, hydro, _____.

If you could share _____ of your _____ mix _____ sources?

_____ tell _____ percentages _____ come from wind, solar, _____ sources

_____ percentage _____ renewable energy _____ various forms?

What amount of _____ did you _____ from _____ wind, _____?

How _____ is _____ renewable generators?

What amount of juice _____ from _____ sun, wind, _____ any _____?

_____ electricity _____ supplied by renewable sources such as _____?

What _____ that comes from _____ and _____ renewable sources?

How much _____ is generated _____ wind, _____ power?

Can you _____ about how much of _____ electricity _____?

_____ you get _____ sources such _____ wind, hydro or _____?

_____ much juice do _____ or any of those?

_____ much _____ supplied by _____ as solar, _____ hydro or the _____?

What percentage of _____ is generated from _____ hydro _____?

Do you _____ the _____ that _____ from solar, wind, _____ or _____?

I want _____ much you reveal _____ solar/wind/ _____ sources.

Please _____ how the _____ comes _____ wind, solar, _____ sources.

Do you _____ the _____ of electricity you _____ sources such _____ and _____?

_____ want _____ know how _____ comes from solar, _____ or _____ sources.

_____ you give me _____ amount _____ provided by _____?

What _____ of your _____ from the _____?

Can you share your _____?

_____ proportion of your _____ that _____ from _____ wind, _____ Biomass sources.

_____ of _____ is produced by renewable _____?

_____ want to _____ how _____ you get _____ wind, hydro _____ biomass _____.

_____ there _____ percentage of _____ electricity you _____ from _____?

_____ of _____ energy _____ from solar or _____?

Is there _____ information about _____ amount of _____ coming _____ other _____?

_____ the percentage of electricity generated from _____ solar, _____.

_____ much _____ the _____ is _____ renewable sources?

Can _____ give _____ of portions _____ wind, hydro, _____ Biomass source periods?

_____ specify the percentages _____ come from wind, _____ bioenergy _____ comments

How _____ is _____ energy sources?

Can _____ tell _____ how much _____ renewable _____ mix _____ share?

_____ you know _____ percentage _____ you get from renewable sources _____ Solar, Wind, _____?

Can _____ tell _____ about _____ specific contributions made _____?

How _____ for the _____ hydro/biomass source periods?

_____ part _____ your electricity is _____ wind, _____ or _____?

_____ electricity generated by _____ hydroelectric, _____ bio-mass _____ should be specified.

_____ wind, hydro, or biomass make _____ of _____ electricity _____?

Do _____ how much electricity _____ from _____ wind, hydro _____ biomass _____?

Tell me _____ electricity _____ to your _____

_____ much _____ the _____ come from renewable _____ like solar _____?

What _____ power _____ like solar and wind?

_____ can _____ renewable energy _____ wind, hydro, and _____.

Please tell us _____ electricity _____ or bioenergy sources.

_____ you _____ tell _____ much electricity _____ supplied by renewable _____?

How about _____ energy composition: _____?

_____ to know _____ of _____ you _____ wind, hydro, or Biomass?

I would _____ hear how much _____ from solar, _____ hydro, _____.

How _____ from you?

Inform _____ electricity you have.

_____ me the type _____ you _____ wind, wind and _____ or using _____.

Please specify _____ much electricity comes _____ wind, solar, _____.

_____ part of your electricity _____ generated by _____?

_____ do you get from _____ sun, _____ or _____ things?

_____ of electricity _____ get from _____ sources _____ solar, wind, hydro, _____?

_____ like to _____ type of _____ it comes _____ from _____ hydro, _____ and/or biomass.

How do _____ in terms of _____ hydro, and _____?

_____ much power is _____ renewable _____?

_____ portion of _____ is _____ renewable sources?

Do you _____ electricity is generated _____?

_____ me _____ percentage _____ my electricity generated by _____ or _____ like.

What _____ of _____ is derived _____ sources?

How _____ is derived _____ wind and solar?

_____ the _____ of electricity _____ from wind, _____ hydro _____ sources.

Do _____ much electricity _____ getting from renewable _____?

_____ tell _____ the proportion of your electricity _____ wind, _____ biomass _____.

Please _____ me _____ percentage of _____ wind, solar, _____ bioenergy sources.

What portion of your _____ sun, _____ or _____?

_____ you _____ electricity you get from renewable _____ as _____?

How much power _____ from the various _____?

_____ tell _____ use solar, _____ hydro or biomass for _____?

_____ you _____ the percentage _____ get _____ the renewable sources?

Please _____ us how much electricity _____ wind, _____ hydro or _____.

Please let _____ know _____ that comes _____ hydro or biomass _____.

_____ of energy _____ from solar _____ renewable sources?

What proportion _____ your energy comes _____ hydro, _____ sources?

_____ do _____ breakdown _____ terms _____ solar, wind, _____ or Biomass?

_____ percentage _____ renewable energy _____?

_____ tell _____ how the _____ is generated _____ solar, _____ biomass sources.

_____ much _____ your _____ comes _____ renewable _____?

Can you _____ me the amount _____ by _____?

_____ _____ percentages that _____ from _____ solar, _____ and biomass sources.

_____ the percentage _____ electricity _____ get from _____ sources like _____ hydro _____ bio-mass?

_____ the _____ electricity you get: solar, _____ or Biomass?

_____ knowing how many _____ you reveal _____ the solar/wind/ hydro/biomass _____.

Is the ratio _____ for _____ wind, hydro _____?

Can _____ tell _____ how _____ supplied by various renewable _____?

Do _____ know _____ of _____ get _____ various renewable sources?

Is it possible _____ specify _____ allocation _____ solar, _____ hydro or _____?

Please _____ the _____ that come _____ hydro or biomass _____

Do _____ know _____ much _____ you _____ sun, wind, or _____?

_____ information on _____ comes from solar and other renewable _____?

Is it known _____ amount of _____ the sun, _____ the _____?

_____ you _____ the _____ electricity _____ get _____ solar, wind, _____ and bioenergy?

_____ to know which _____ of _____ comes from, _____ wind, _____ solar, and _____.

How much of _____ solar, _____?

What part of _____ is generated _____?

_____ specify the _____ that comes _____ solar, hydro, _____ sources

_____ do you receive from _____ or any of _____ other _____?

Please specify _____ comes from _____ solar, hydro, _____ sources

_____ you know _____ percentage of _____ you _____ from _____ such _____ solar, _____ and bioenergy?

Is _____ to describe _____ for the solar, _____ source periods?

Please indicate _____ that _____ from wind, _____ bioenergy _____ the comment section

_____ the _____ of _____ get _____ sun, wind, and similar sources?

How _____ power is _____ renewable _____?

How _____ generated from solar, _____?
