

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Vehicle specifications and features queries
Inquiry Sub-Category	Engine Specifications
Description	Customers seek information about the engine type, horsepower, torque, and fuel efficiency to understand the vehicle's performance and fuel economy potential.
Data Size	5,074 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

_____ the _____ range for _____ and how _____ this _____ compare with others on the market?
_____ does _____ model _____ the _____ range _____ cars in _____ category?
_____ tell _____ average fuel consumption _____ vehicles, as well as where our _____ among _____?
How _____ compare _____ others on the market, and _____ is _____ fuel _____ vehicles _____ this
_____ fuel _____ is _____ vehicle _____ do it compare to _____ other models?
Does _____ model fare _____?
_____ range of _____ values _____ available _____ vehicle segment?
What _____ this vehicle _____ this segment, and how _____ do it compare _____ other _____?
_____ the range _____ fuel _____ in this segment _____ how does _____ compare _____ other _____?
_____ does the model compare against _____ on _____ and _____ the fuel efficiency _____ for _____ in _____?
What is _____ fuel _____ like _____?
_____ efficiency _____ is this vehicle in, _____ how _____ it _____ the _____?
_____ you have a comparison of _____ economy _____ similar _____?
_____ efficient are _____ in _____ segment, and _____ they _____ against _____ competitors?
_____ well does _____ to the other _____ in _____ efficiency range?
In _____ efficiency _____ vehicle in this _____ how _____ it compare with _____ others?
How _____ the model _____ against _____ competitors, _____ range for cars _____ this segment?
Tell _____ range _____ efficiency _____ cars, _____ stacks up against other cars.
How _____ the model _____ others on _____ market and _____ range _____ efficiency in this _____?
How well _____ this _____ compare _____ its competitors _____ is _____ typical _____ economy _____ vehicles in _____?
What _____ efficiency range is this _____ in _____ how do _____ compare _____?
_____ does this model compare to _____ on the _____ and what _____ the fuel _____.
_____ me an idea _____ offered _____ vehicles within its _____ as well _____ a _____ other models.
_____ fuel _____ is _____ in _____ segment, _____ well does it compare to the _____?
_____ efficient _____ in _____ segment and how do _____ against their _____.
_____ typical fuel economy for the vehicles _____ this category _____ this _____ compare _____ its _____?
Does _____ noted vehicle meet _____?
_____ does _____ to _____ models for _____ usage?
What is _____ fuel _____ range for _____ does the specific model _____ up against others?

Compare _____ this _____ against others.

What fuel efficiency range _____ vehicle _____ this _____ how does _____ to _____?

How efficient _____ vehicles _____ and how _____ they fare against _____

_____ would like _____ the mileage offered by the vehicles in _____ segment _____ well as _____ there.

How does _____ against its rivals, and what _____ the _____ range _____?

Can _____ me _____ average fuel consumption of _____ including _____ our _____ is _____?

_____ you give _____ insight _____ the average fuel consumption _____ comparable _____ our model _____ among _____?

What is _____ fuel efficiency _____ vehicles like _____ how _____ compare with _____.

I _____ like to _____ mileage offered by vehicles within _____ is _____ other _____.

_____ am looking for an idea of the _____ offered _____ vehicles _____ segment, _____ models out _____.

_____ compare _____ its competitors, and _____ the fuel range for _____ segment?

_____ efficiency range is this vehicle _____ this _____ how _____ does it _____ to _____ rest?

_____ you tell _____ the _____ of fuel efficiency _____ cars _____?

_____ is _____ efficiency _____ cars, and how _____ it _____ up against competitors?

What _____ efficiency range _____ this _____ how _____ do _____ compare to the _____?

_____ it in terms _____ compared to _____ models?

What _____ the _____ for _____ in _____ segment _____ this model compare with _____?

_____ is the range of _____ efficiency _____ in this vehicle segment, _____ does _____ fare _____?

_____ fuel _____ is this _____ in _____ and _____ well does _____ compare to _____ vehicles?

What _____ of _____ mileage can _____ a car _____ category?

_____ rank in terms of fuel _____ comparable vehicles?

_____ you _____ me the typical _____ economy for _____ in _____ category and _____ model _____ competitors?

What _____ range is this _____ this _____ and _____ other models compare?

_____ can ask _____ average fuel efficiency of _____ in this segment _____ them to _____.

_____ cars _____ and how does this _____ measure _____ in terms _____ fuel efficiency?

How _____ are these vehicles _____?

What _____ the fuel efficiency _____ for _____ segment _____ how does this model _____?

_____ fuel efficiency _____ of this _____ and how _____ it _____ to _____?

How _____ fuel efficiency _____ to _____?

I want _____ know _____ typical _____ economy _____ this category _____ how _____ compares to others.

Can you compare _____ fuel _____ to _____.

_____ is the _____ efficiency _____ this _____ and how _____ this model _____ with _____?

What _____ its competitors, and how _____ is it?

_____ terms of _____ for _____ cars, _____ they typically fall into and how _____ this model _____?

Does its _____ compare _____ other _____?

How does this model compare _____ others _____ and _____ range _____ efficiency in this _____?

What is _____ typical _____ for _____ in this category, and _____ this _____ stack up _____ competitors?

Tell me _____ the _____ of _____ for _____ like _____ stacks up with competitors.

What do you _____ fuel efficiency _____ like this?

How is _____ efficiency _____ this model compared to _____ market?

_____ do similar cars _____ into in terms of _____ and _____ model _____ up?

How efficient are _____ and _____ their competitors?

_____ fuel efficiency range is _____ vehicle _____ this segment, and _____ well _____ it compare _____?

Find _____ how fuel-wise this _____ fares _____.

_____ me the typical _____ vehicles _____ this _____ and _____ well _____ compares to its competitors.

_____ fuel _____ for cars _____ these, _____ how it compares to _____ cars.

In _____ fuel _____ for similar cars, _____ do _____ fall _____ and how does _____ up?

_____ the _____ range for vehicles _____ this segment _____ how does _____ model _____ with _____ on _____ market?

In what _____ range is this _____ segment and _____ well _____ it compare _____ models?

_____ with the fuel range _____ cars in _____ category?

How ____ are ____ in ____ to ____?

____ you compare ____ car's fuel ____?

____ like to know ____ mileage ____ by ____ within ____ as well ____ a comparison to ____ there.

____ of ____ efficiency for ____ like ____ and how ____ up against its competitors.

How does the ____ fare ____ its ____ what is ____ for vehicles in ____?

What ____ can expect from ____ capability is ____ I'd ____ to know.

____ this model compare ____ others on ____ and what ____ fuelefficiency range for ____ this?

How ____ mileage ____ I expect from ____ model ____?

____ is ____ one compared to other ones?

I ____ like ____ know ____ fuel economy for ____ this category, and ____ model ____ to ____ competitors.

How ____ this car ____ against competitors, and ____ range ____ efficiency?

What ____ is ____ in this segment? ____ well do ____ to others?

How well do the ____ models compare ____ this ____ in ____?

What is the ____ of cars ____ this ____ where ____ this model stand ____ models?

____ are the ____ segment, and what do ____ their competitors?

____ its fuel efficiency compared ____ other ____?

In terms ____ efficiency for similar cars, ____ do ____ into, and how does ____ measure ____?

How ____ are vehicles ____ this one perform against ____ competitors?

How does ____ model fare against ____ competitors ____ what ____ fuel range ____ vehicles?

____ the fuel efficiency ____ for ____ this?

Are ____ able to ____ fuel ____ car to others?

____ the typical fuel ____ in ____ class, and ____ model stand against others?

What is the ____ efficiency in ____ how does ____ compare with others ____ market?

____ need ____ know ____ fuel economy for ____ in ____ category and ____ well this ____ to its ____.

How does ____ compare with ____ and what ____ the fuel ____ range for vehicles in ____.

How does this ____ perform ____ and ____ of fuel ____ values are ____ vehicle ____?

____ is ____ efficiency range ____ vehicles ____ this category, ____ how ____ this ____ up against ____ models?

____ what fuel efficiency ____ in ____ segment compared to ____ rest?

____ fuel efficiency ____ is ____ this segment, and ____ compare to ____ others?

Can you tell me ____ typical fuel economy for ____ well this ____ to ____?

____ vehicle segment has ____ of fuel ____ how does this ____ other models?

I ____ know the average ____ comparable vehicles, ____ model ranks.

____ curious about the average fuel consumption ____ where ____ ranks.

In terms ____ do similar cars ____ into ____ how does this ____ model ____ up?

How ____ model compare ____ others and ____ the ____ range for ____ like ____?

____ does the model ____ the fuel ____ the category?

____ is the ____ on these ____ and ____ does ____ measure ____ others?

____ me how fuel ____ are ____ how they ____ up ____ competitors.

How ____ vehicles ____ segment ____ their competitors?

____ you ____ me the range ____ fuel ____ for ____ these?

____ does ____ model ____ its ____ and ____ the ____ range for cars in this ____?

____ the noted vehicle have ____ ranges ____ competitors?

Do ____ compare for ____?

Let me know ____ range of ____ like ____ and ____ it stacks up ____.

How ____ this ____ range in this category?

I'm looking for an ____ of ____ vehicles within ____ segment, ____ well ____ a ____ other models.

____ efficiency range is ____ vehicle ____ segment and how well do ____?

____ does this model stand compared to ____ what is the ____ fuel ____ this ____?

____ range ____ this ____ in, and how well ____ the ____ do?

What fuel ____ this vehicle in this ____ well do ____ to the ____?

Is there a ____ economy ____ ?

____ efficiency range for ____ and does this ____ compare with others on ____ market?

____ you give me ____ idea ____ the ____ within ____ segment as well as ____ other ____ out there?

____ fuel ____ range ____ this ____ this ____ how do it ____ with ____ others?

What is ____ average fuel ____ range ____ in this ____ and ____ does ____ stack up against ____ ?

In ____ fuel efficiency range ____ vehicle ____ well do ____ compare to others?

How ____ are the cars ____ in this ____ ?

I ____ to know ____ offered by ____ its ____ is comparable ____ other ____ out there.

How does ____ from other ____ usage?

____ range ____ fuel efficiency in this segment, and ____ does ____ model ____ on ____ market?

How is it compared ____ other ____ ?

Does this model have ____ same ____ range ____ ?

____ how fuel-wise ____ model ____

____ efficiency ____ this vehicle in this ____ how well ____ it ____ ?

What is ____ typical fuel ____ this category and ____ does ____ compare ____ its rivals?

Can ____ compare the fuel ____ of ____ against ____ ?

____ well does this model compare ____ competitors ____ fuel ____ ?

What kind ____ gas mileage ____ from this ____ ?

____ would like ____ know ____ offered by the vehicles ____ its ____ well ____ a ____ other models.

How does ____ the ____ range ____ in that category?

Where does our model ____ comes ____ fuel consumption ____ vehicles?

____ vehicle ____ this segment, and how ____ it compare to other ____ ?

____ efficiency range is this ____ and ____ well do the others ____ ?

How does the ____ the fuel range ____ the ____ this ____ ?

____ know the ____ offered ____ vehicles within its ____ as well as ____ comparison ____ out there.

____ would like to know ____ average fuel ____ vehicles, ____ where our ____ .

Should ____ compare the ____ economy of ____ to ____ ?

You ____ the average ____ efficiency of ____ cars ____ segment ____ compare them ____ other models.

What is the ____ efficiency ____ for vehicles in this ____ does this ____ on the ____ ?

Tell me ____ for ____ cars, and how ____ stack ____ against their ____ ?

____ is ____ average ____ efficiency ____ for ____ category, and how does this ____ up ____ their competitors?

____ does ____ model ____ competitors, as ____ as ____ range for vehicles in this ____ ?

I ____ idea of ____ mileage offered by vehicles within ____ and ____ a ____ to ____ models ____ .

____ how fuel-wise this model ____ .

____ it compare to other ____ fuel ____ ?

What range of ____ do ____ cars ____ how ____ they ____ up against ____ ?

____ does the model compare to the ____ cars ____ ?

Does ____ vehicle match ____ ranges ____ ?

____ range ____ vehicles in this ____ how does ____ model compare to other models?

____ this model ____ against its competition, and what is ____ fuel range ____ ?

What ____ of fuel ____ values fall within ____ vehicle segment, ____ perform against ____ models?

____ fuel efficiency range ____ vehicle ____ segment ____ how ____ does it ____ to ____ others?

In ____ efficiency range ____ this ____ in ____ segment, compared ____ the ____ ?

____ the ____ of fuel ____ values ____ this ____ and ____ does this model compare ____ others?

____ the ____ range ____ vehicles ____ this segment, ____ how ____ they fare against ____ ?

____ me about ____ efficiency of ____ how they ____ up against their ____ .

I need an ____ of ____ mileage ____ the vehicles ____ well ____ a ____ of other models.

You ____ inquire ____ the average fuel ____ of ____ along ____ comparison ____ between competing models.

How are ____ efficiency ____ this model ____ to ____ ?

Inquire about ____ average ____ efficiency ____ the ____ and compare ____ other models.

_____ wondering _____ an _____ of the mileage _____ vehicles within its segment as well as a comparison _____
 _____ what fuel efficiency _____ this _____ compared to other vehicles?
 _____ fuel efficiency range is _____ vehicle _____ this segment, _____ do _____ compare with _____?
 Tell me _____ range of _____ for cars like _____ stacks up against _____.
 How _____ the model _____ against its competitors _____ this _____ and what is _____ vehicles _____?
 _____ fuel efficiency of cars _____ does this _____ stand _____ to others?
 _____ efficiency range is this vehicle _____ segment _____ how well do _____ compare _____ the _____?
 _____ does it _____ fuel usage _____?
 Which is _____ mileage for _____ of vehicles?
 _____ compare this _____ fuel _____?
 How does this specific model _____ up _____ efficiency?
 How _____ I expect from _____ of vehicle?
 _____ do similar cars _____ fall _____ this particular model measure _____ it comes to _____ efficiency?
 _____ is _____ range for _____ in this category, and _____ this specific _____ up?
 _____ of gas _____ can _____ expect from _____ vehicle?
 _____ can _____ the fuel _____ of _____ to _____ models.
 What is _____ typical fuel efficiency _____ for vehicles _____ category and how _____ stack _____?
 What _____ fuel _____ compared to _____ models?
 I _____ know the _____ fuel _____ in this _____ how _____ the _____ compares to its competitors.
 I need an idea _____ mileage _____ by vehicles _____ segment _____ well _____ a _____ other _____.
 How do this _____ fuel _____ other _____ on _____ market?
 How does this model _____ others and _____ the _____ range for _____?
 _____ fuel _____ is _____ vehicle in this _____ how well do it _____ other _____?
 How _____ to the fuel range of the _____ category?
 What fuel _____ range _____ compared to the other models?
 How does the fuel _____ model _____ the _____ the market?
 Fuel _____ and _____ others?
 Compare _____ mileage _____ with others
 What _____ this model compared to _____ cars on the _____?
 _____ do _____ car's mileage _____ against _____ models on the _____?
 Tell _____ range of fuel efficiency for _____ how this _____ against competitors?
 _____ this model _____ what is the fuel efficiency range _____ cars like this?
 _____ range is _____ in _____ segment, _____ do the other models compare?
 What does _____ efficiency _____ this _____ compare to _____?
 How will _____ mileage of _____ compare to _____ market?
 _____ you _____ this model to the _____ range for _____ category?
 What _____ the comparative _____ usage _____ car _____ competitors?
 What _____ range _____ this vehicle _____ how do _____ compare _____ the rest?
 Inquire _____ average fuel efficiency of _____ to this segment, _____ other _____.
 How _____ the _____ up in _____ of _____ economy?
 _____ model compare _____ on the market, and what _____ the fuel efficiency range _____
 _____ the _____ to other cars in _____ fuel usage?
 _____ does _____ car _____ against _____ competition in terms _____ usage?
 _____ efficient _____ vehicles there, and how _____ fare _____ their _____?
 _____ efficient is _____ compared _____ other _____?
 What _____ the _____ efficiency _____ for a _____ this _____ others on the _____?
 Compare the _____ the _____ others.
 How _____ average fuel _____ of _____ vehicles, _____ well as _____ our _____ rank?
 _____ typical _____ efficiency _____ for _____ in this _____ and how does _____ model stack up?
 Can you _____ me _____ fuel _____ vehicles _____ this _____ and _____ this model _____ to other models?

_____ the _____ fuel _____ this class? Where does this _____ stand compared to _____?

What fuel _____ vehicle in _____ and how well _____ the others _____?

_____ need an idea of _____ offered _____ within its segment, _____ as _____ comparison _____ models.

_____ the _____ of vehicles _____ this category, and how does _____ particular model stack _____ competitors?

How does this _____ to _____ on the market, and what _____ the _____ range _____ this _____?

What fuel efficiency range _____ vehicle _____ and _____ to others?

How well _____ other _____ compare _____ this model in _____?

Do _____ to _____ models _____ usage?

_____ range of fuel _____ found _____ vehicle segment, _____ does _____ model fare against others?

_____ the _____ vehicles in this category and _____ compare to its competitors?

How _____ compare with others on _____ market, _____ is _____ fuel efficiency _____ this segment?

_____ compared _____ how efficient are _____?

_____ its fuel _____ compared to _____ models?

I _____ like _____ the _____ offered _____ within _____ segment, as _____ a comparison to other models.

What fuel _____ range _____ well do this model compare _____ others?

How _____ this _____ others on the market _____ is the fuel _____?

What is the typical _____ economy for vehicles _____ this model compare _____ others?

_____ you tell me about _____ mileage offered _____ vehicles within _____ as well _____ a _____ to _____?

You _____ compare _____ fuel efficiency _____ with others.

_____ am _____ for _____ idea of the _____ by the _____ within its _____ a _____ other models.

How _____ against its competitors, _____ what is _____ fuel range _____ there?

_____ efficiency _____ does this _____ to other models?

_____ does the model _____ the _____ and _____ is the fuel _____ range?

How _____ this _____ compare to _____ on the _____ what _____ the _____ range for this _____?

How _____ compare to other _____ of _____?

What _____ efficiency for cars like these, and _____ this _____ up?

_____ you shed _____ on _____ can _____ from similar autos when _____ comes _____ capability?

What _____ the _____ fuel _____ for vehicles _____ this category _____ does this specific _____ its competitors?

_____ is _____ others in how efficient is _____?

_____ does this _____ on the market, as well _____ the fuel efficiency _____ for _____ this _____?

_____ tell _____ the typical _____ vehicles in this category _____ how _____ model compares to _____?

How _____ this model compare _____ other _____ on _____ what is _____ fuel efficiency _____ for _____?

_____ the _____ this segment and _____ do _____ fare against their competitors?

_____ fuel _____ range _____ in this segment in _____ to _____ others?

I _____ for an _____ mileage _____ in its segment and a comparison _____ other _____ out _____.

What fuel efficiency _____ is _____ vehicle in this _____ and _____ it _____ rest?

Its fuel _____ compared _____ different _____.

What _____ the _____ fuel economy for vehicles _____ and _____ does _____ compare _____ others?

Is this _____ economy _____ similar _____?

_____ need to _____ the mileage offered _____ vehicles _____ segment and _____ to _____.

What fuel _____ vehicle in _____ and how well _____ perform compared _____ the others?

How does _____ model _____ compared _____ range of _____ efficiency values _____ it?

What _____ efficiency values is within this _____?

_____ this model _____ others _____ and _____ the fuel efficiency range for vehicles?

What _____ efficiency _____ for vehicles in this _____ is this model _____ from other _____?

What _____ similar cars _____ for fuel efficiency, and _____ this _____ up?

_____ well does _____ compare to _____ competitors, _____ what _____ the typical _____ economy _____ vehicles in _____ category?

_____ efficiency range is the vehicle in _____ comparison to _____?

Can _____ compare this _____ to _____?

What is _____ efficiency range for _____ like this, _____ with others on the _____?

____ does this model compare with ____ on the ____ and what ____ efficiency ____ for ____ this ____?
 What ____ the ____ vehicles in this category, ____ how ____ the ____ stack up ____ competitors?
 ____ does ____ others on ____ market, and what is the fuel ____ it?
 In ____ fuel efficiency range ____ this ____ this ____ and how ____ models do?
 ____ think the ____ fares ____ with ____?
 Can ____ me an idea of ____ vehicles ____ its segment, ____ well as a ____ to other ____?
 How ____ this ____ fare against ____ competitors, ____ range for vehicles in ____?
 What ____ the fuel range for vehicles ____ and ____ does this ____ fare ____?
 Could ____ an ____ of the ____ by ____ its ____ as well as a comparison ____ models?
 Does ____ fuel efficiency ____ model compare to ____ market?
 Tell me about ____ for cars ____ this and ____ it ____ against competitors.
 ____ the vehicle meet ____?
 How does ____ against its ____ comes to fuel ____?
 ____ fuel ____ range is this ____ in ____ how ____ to the others?
 How ____ gas mileage can ____ from vehicles ____?
 ____ compared to other ____ in terms of ____ usage?
 ____ would ____ to ____ the mileage offered by ____ vehicles ____ well ____ a comparison to other models ____.
 How ____ this ____ different from others ____ for ____ efficiency ____ this segment?
 ____ is the ____ for ____ efficiency in this segment ____ to ____ market?
 How ____ the model measure ____ when it ____?
 ____ the ____ efficiency of ____ in ____ and how does this ____ stack up against ____?
 ____ of fuel efficiency ____ range do they fall into ____ how ____ this ____ measure ____?
 Can ____ compare ____ economy to similar ____?
 ____ is ____ model ____ from ____ market ____ what is the fuel ____ range for vehicles ____?
 ____ efficiency values ____ this vehicle segment, ____ how does this ____ perform?
 ____ average ____ efficiency ____ vehicles ____ category, ____ how does this model stack ____ against other
 models?
 ____ the ____ efficiency ____ for vehicles in this ____ and ____ this model stack ____ against ____?
 ____ fuel ____ range ____ this vehicle ____ this ____ and ____ it ____ with the ____?
 This ____ compares with others ____ the market ____ is ____ fuel ____ like this.
 I ____ the ____ for vehicles ____ this ____ and how well this model ____ to other ____.
 What ____ efficiency range is ____ in ____ segment and how well ____ this ____ the ____?
 ____ is ____ typical ____ efficiency ____ for ____ this ____ how do they stack ____ against ____ competitors?
 What is the fuel ____ this ____ how ____ this model ____ on the market?
 ____ you compare ____ car's fuel ____ models?
 What ____ similar cars ____ how ____ this ____ model measure up ____ efficiency?
 ____ give me an idea ____ the mileage ____ by vehicles in ____ segment ____ well ____ other ____ there?
 What is the ____ fuel ____ of ____ cars in this class and ____ model ____?
 ____ me the range of fuel ____ for cars ____ how ____ competitors.
 ____ efficiency ____ is this ____ in this segment, ____ it ____ other vehicles?
 ____ the mileage of vehicles in ____ class ____ how ____ model ____ others?
 ____ this ____ different ____ others and what is the ____ fuel ____?
 How ____ are these cars, ____ they ____ against ____ competitors?
 ____ the ____ efficiency ____ in this ____ with a comparison ____ of competing models
 ____ am looking for ____ idea ____ the mileage offered by vehicles ____ its ____ comparison ____ there.
 What ____ gas ____ can I expect ____ in ____ category?
 How ____ model ____ to the ____ range ____ the ____ in this ____?
 ____ is ____ in ____ class and how does this model do ____?
 ____ of ____ mileage ____ you ____ from this model?
 How efficient ____ such as ____?
 ____ the fuel ____ range for vehicles ____ and how ____ this model compare with ____ on ____?

_____ compares to others on _____ market and _____ is the _____ for vehicles _____.

_____ one and others?

What is _____ fuel _____ range for this segment of _____ how does _____ compare _____ market?

_____ the _____ fuel efficiency of _____ in _____ segment, along with a _____ between _____.

_____ fuel _____ is this _____ in _____ segment, _____ do it _____ other models?

What fuel efficiency _____ is _____ vehicle _____ do _____ perform against _____ rest?

When it comes to fuel efficiency, _____ do _____ fall into, _____ this _____ measure _____?

_____ what _____ efficiency _____ is _____ in this _____ how _____ it _____ to _____ others?

_____ how efficient these _____ are, _____ how they _____ up against _____.

How _____ the _____ range stack _____ against other _____?

How do you compare this model to _____ the _____ is the _____ for vehicles _____?

_____ about _____ of _____ efficiency for the cars _____ are _____ this segment?

Tell _____ of fuel efficiency for _____ these _____ how _____ against others.

What does it _____ other _____?

_____ fuel economy be _____ other models?

_____ this car _____ cars in terms of _____ use?

How does this model _____ others _____ the _____ what _____ fuel _____ range for vehicles _____?

_____ is this _____ to other models _____ and _____ is the range for _____?

_____ fuel efficiency _____?

_____ this model _____ with _____ on the _____ and what _____ fuel efficiency range _____ these _____?

_____ about the average fuel _____ of _____ belonging _____ compare them to _____.

You _____ compare _____ mileage _____ cars with _____.

How does this model _____ what _____ typical fuel _____ range for _____ in _____ category.

What _____ the fuel efficiency range _____ vehicles in _____ this model _____ to _____?

_____ this _____ have _____ same fuel _____ as _____ on the _____?

What _____ efficiency range is _____ in _____ segment _____ with _____?

Inquire _____ the _____ fuel _____ cars _____ this _____ and a comparison _____ competing models.

_____ type of gas mileage _____ a vehicle in _____?

_____ know the average _____ of comparable _____ and _____ our model _____ among _____.

_____ is _____ comparison to _____ models on _____?

_____ models _____ efficiency compare _____ other models?

_____ have _____ on _____ fuel _____ of _____ vehicles _____ where our model ranks?

_____ is the fuel efficiency _____ vehicles like _____ when compared _____ on _____?

How _____ do the _____ compare _____ this _____ of fuel _____ range?

_____ the typical fuel efficiency _____ for the _____ in this category, _____ how does _____ against _____?

_____ on vehicles in _____ class, _____ what is the _____ performance against _____?

What is _____ range _____ efficiency in _____ to _____ others on the _____?

_____ the comparison _____ other models on _____?

How _____ this model _____ the market _____ comes to fuel _____?

How _____ this model _____ than _____ on the market _____ what _____ the range _____ in _____?

This _____ is compared to _____ how _____ is _____?

How efficient are vehicles _____ fare against _____ competitors?

Which _____ of fuel efficiency values falls _____ vehicle _____ and _____ does this model _____?

_____ does our _____ among other _____ it _____ to average fuel _____?

_____ an idea of the _____ by vehicles in its _____ well _____ comparison of _____.

How does the _____ on the market and _____ is _____ fuel efficiency _____ like _____?

Does _____ range for these types _____ rides _____?

_____ model _____ against _____ and _____ range of fuel _____ values _____ it have?

_____ range _____ fuel efficiency values lies _____ this _____ segment, _____ does _____ perform against _____?

_____ this model compare _____ others on the _____ what is the _____?

_____ compares _____ the market _____ what is the range for _____ this segment.
 I _____ if _____ an _____ of _____ mileage _____ in its _____ as _____ as a comparison to other models
 What fuel efficiency range is this vehicle _____ compare?
 _____ do _____ think about the average _____ consumption _____ comparable vehicles, _____ does _____?
 _____ does _____ rank _____ comparable vehicles in _____ of fuel _____?
 _____ fuel efficient this _____ with _____
 How well is _____ efficiency _____ other _____?
 Can _____ me _____ by _____ within its segment as well _____ comparison to _____ models?
 What is the _____ efficiency _____ for _____ like this _____ compared _____?
 What _____ within this _____ how does _____ model perform compared _____ others?
 How does _____ compare _____ on the _____ the fuel efficiency range for vehicles _____ this _____.
 What _____ for _____ in _____ category, _____ how _____ this model compare with others?
 What is _____ for _____ efficiency in this _____ with _____?
 How _____ this particular model _____ when it comes _____ efficiency _____?
 _____ the model _____ with _____ models and _____ range _____ fuel efficiency?
 How efficient _____ in this segment, and how _____ competitors?
 _____ is the _____ efficiency _____ vehicles _____ this _____ how is this _____ from others on the _____?
 How _____ the average fuel consumption _____ comparable _____ does our model _____?
 What is _____ consumption among _____ vehicles _____ where _____ our _____ among them?
 What _____ of this model's fuel _____ to _____?
 _____ this _____ compare _____ others and _____ is _____ fuel _____ in this segment?
 _____ does _____ against its competitors, _____ what _____ fuel range for these _____?
 What _____ is this vehicle in this _____ and _____ do _____ others?
 _____ know _____ average fuel consumption among comparable vehicles, as _____ our model _____ them.
 _____ the _____ fuel efficiency _____ this class, and _____ is this model compared _____ available?
 _____ does this model _____ to _____ it _____ to _____?
 What _____ the _____ efficiency range for vehicles in _____ and _____ does _____ up against _____?
 _____ does _____ model rank _____ vehicles in _____ of _____ consumption?
 _____ the _____ range for _____ for vehicles _____ this _____ and how _____ this model stack _____ competitors?
 I need an idea of the _____ the vehicles _____ its _____ a comparison _____ models.
 _____ what fuel _____ range _____ vehicle in this _____ how does _____ to _____?
 This vehicle segment has _____ of _____ how does _____ model _____ others?
 What is _____ for _____ how does this model fare _____ others?
 What _____ fuel _____ for similar _____ and how _____ this _____ measure up?
 _____ range of fuel efficiency _____ vehicle _____ and how _____ this model _____ others?
 Can _____ compare _____ car's _____ with _____ cars?
 _____ the range _____ in this _____ when _____ to other models?
 _____ want to _____ the _____ fuel economy _____ vehicles _____ and _____ it _____ its competitors.
 _____ this model compared to other models?
 _____ the _____ for fuel _____ in _____ segment when compared with _____?
 What is the fuel _____ vehicles _____ compared to other _____ the _____?
 _____ fuel efficiency range is this _____ this segment, _____ do _____ the rest?
 _____ know _____ economy _____ vehicles in this category _____ well this model compares to _____?
 _____ model _____ against its _____ in this segment, and what _____ range for _____ model?
 _____ the range for fuel efficiency _____ this _____ to other models _____?
 How do this _____ with _____ market and what _____ fuel efficiency?
 _____ you _____ the typical fuel _____ in this category compares to _____?
 Does _____ vehicle _____ competitors' _____ in its class?
 _____ need _____ of _____ mileage offered _____ vehicles _____ its segment and a comparison _____ models.
 _____ efficient _____ vehicles _____ segment, and do _____ fare against _____ competitors?

How ____ are ____ in the ____ do ____ fare ____ their competitors?
 ____ efficiency range is this ____ in this ____ how well ____ it ____?
 ____ one ____ to other cars?
 ____ tell me the typical ____ economy ____ vehicles in this category ____ compares ____ competitors?
 ____ range ____ efficiency values falls within this vehicle ____ how does ____ compared to ____?
 How efficient are these ____ they fare ____?
 What ____ is ____ vehicle in this ____ how well do ____ compare ____ others?
 What is the average fuel ____ in ____ how does ____ stack up ____ competitors?
 What ____ for fuel efficiency in ____ and ____ the model ____ to ____ on the ____?
 Tell ____ about ____ range of ____ for ____ these, and ____ it ____ competitors.
 ____ what fuel efficiency range ____ this vehicle in ____ how ____ it ____ to the ____?
 ____ is ____ comparative fuel ____ of ____ car ____ competition?
 ____ looking ____ mileage offered ____ vehicles within its segment ____ a comparison ____ other models.
 ____ is ____ fuel efficiency ____ this ____ to others?
 ____ is the ____ range ____ model of vehicle, and ____ with others on the ____?
 ____ to ____ the average fuel ____ of ____ vehicles, as ____ of our ____ among them.
 ____ need ____ of ____ mileage ____ by ____ segment and a comparison to other models.
 ____ possible to ____ this car's fuel economy ____?
 ____ does this ____ model ____ up against ____ what ____ the ____ efficiency range for ____ this category.
 Do ____ to ____ fuel usage?
 What range ____ similar ____ fall ____ of ____ efficiency, and how does ____ measure up?
 What is ____ typical fuel ____ for ____ category ____ how well does ____ do compared ____ competitors?
 What ____ the range for ____ this ____ how does ____ model ____?
 What are ____ vehicle compared ____ others?
 How ____ with others on the market ____ is the ____ efficiency ____ vehicles like ____
 ____ does ____ compare ____ others on ____ market, what is ____ fuel range for ____ this ____?
 ____ model ____ with others ____ market ____ what ____ fuel efficiency ____ for vehicles like this?
 What's ____ typical ____ efficiency of ____ in this ____ where ____ stand compared ____ models?
 How ____ this vehicle ____ against ____ competitors, ____ the ____ range ____ it?
 What fuel efficiency range is ____ segment, how ____ do ____ models ____?
 ____ this ____ to its competitors, and what ____ average ____ economy ____ these vehicles?
 ____ looking for an ____ the ____ offered by ____ in its segment, ____ well ____ comparison ____ models.
 What ____ is ____ vehicle in this ____ compared ____ vehicles?
 ____ the ____ efficiency ____ cars in this class and ____ does it ____ compared ____ other ____?
 How ____ the model ____ fuel ____ in ____ category?
 ____ the typical ____ of ____ class, and ____ this model stand against others available?
 ____ are ____ here, and ____ do ____ against their competitors?
 ____ is ____ range ____ efficiency ____ within this vehicle segment?
 How ____ fare against ____ competitors, and what is the ____ it?
 ____ to ____ average fuel consumption among similar vehicles, as well ____ model ____ among ____.
 ____ the efficiency of this ____ comparison to ____?
 How does this ____ competition when it ____ fuel ____?
 Inquire about ____ fuel ____ cars ____ to this ____ them ____ other models.
 ____ what fuel efficiency range ____ vehicle ____ this ____ well ____ compare to the other ____?
 ____ vehicles in this class, ____ what does ____ do against others?
 ____ this model fare ____ competitors, and ____ fuel range ____ that vehicle?
 ____ need an idea of mileage offered ____ vehicles ____ its ____ as ____ a ____ other ____ out ____.
 I ____ to ____ the mileage ____ vehicles within its segment ____ as ____ comparison ____ other ____ out ____.
 ____ this model compare to others ____ the market, ____ what ____ the fuel ____ in ____?
 What ____ range ____ this ____ in this ____ compare it to ____ models?

What _____ fuel _____ in this _____ compared with other _____?

_____ fuel efficiency values falls within _____ vehicle _____ and how _____ model _____?

I would _____ to _____ the typical _____ economy _____ in _____ category _____ how well this _____ others.

How _____ this _____ other _____ the _____ and what is _____ fuel _____ for these vehicles?

Does _____ compare _____ models of _____?

_____ is the _____ efficiency _____ in this _____ and how does _____ specific model stack _____?

_____ efficiency _____ this model _____ to others?

_____ the _____ for vehicles _____ this _____ and how does this model compare with other _____?

_____ does _____ rank _____ comparable _____ average fuel consumption?

I would like to know the mileage offered by _____ comparison to other _____.

How do _____ models _____ in terms _____ mileage capabilities?

_____ is _____ range _____ fuel efficiency _____ this _____ how does _____ compare with _____?

What range _____ values fall in this _____ and _____ this _____ fare _____ others?

Which _____ of fuel efficiency _____ fall _____ segment, and _____ does this model _____ to _____?

_____ model compare with other models on the market _____ is the _____ range _____?

How _____ model compare _____ the other _____ what _____ efficiency range?

What _____ fuel _____ values in this vehicle _____ does this model _____ against others?

How does _____ model compare _____ what is _____ range _____ vehicles _____ this?

How does this _____ what is the fuel efficiency _____ for _____?

_____ this _____ compare _____ terms _____ fuel use?

_____ the _____ of _____ vehicle against its _____?

_____ is this vehicle in this _____ how well _____ compare to others?

I want to _____ the average fuel _____ as _____ as _____ our model _____ them.

_____ the _____ vehicles in this class, _____ does this _____ others?

In _____ fuel efficiency range _____ this _____ in _____ and _____ well _____ it _____ the rest?

What fuel efficiency _____ is _____ how does _____ compare to _____?

_____ is _____ fuel efficiency _____ in _____ segment, _____ how does this _____ compare _____ others?

_____ this _____ on _____ market and what is the fuel efficiency _____ for vehicles _____?

_____ is this vehicle in _____ segment, how do it _____ vehicles?

What is _____ range _____ fuel efficiency _____ this _____ how does this _____ compare to _____?

I _____ like to know an idea of _____ by vehicles _____ a _____ other models.

_____ the _____ efficiency _____ for vehicles like this _____ to _____ on _____ market.

How does _____ model _____ to the _____ in this _____?

I need to know _____ mileage _____ by vehicles _____ its _____ as _____ to other _____.

_____ looking for an idea _____ mileage offered by _____ segment and a comparison of _____.

The _____ of cars belonging _____ this segment _____ inquired _____ along _____ a _____ analysis.

_____ is _____ fuel _____ for vehicles _____ this category, _____ does this model _____ up _____ rivals?

_____ fuel _____ similar _____ what range do _____ into, and _____ does the _____ model measure up?

_____ is the _____ efficiency _____ cars in _____ category, _____ how does this _____ model _____ up _____ competitors?

_____ want _____ know the average _____ consumption among _____ vehicles, _____ as _____ the _____ among them.

_____ do _____ compare with _____ efficiency?

_____ of fuel _____ falls _____ vehicle segment, _____ how does _____ model do _____ others?

How does the _____ against its _____ in this _____ what _____ the _____ vehicles?

_____ terms of fuel _____ what range do _____ cars typically _____ and _____ model measure _____?

How _____ other _____ compare to this _____ terms of _____ efficiency?

What fuel _____ this segment and _____ well do it compare _____?

_____ is _____ range _____ fuel efficiency values _____ in _____ vehicle _____?

_____ you give _____ of _____ the average fuel consumption of comparable vehicles _____?

_____ does _____ in _____ of fuel usage?

_____ this vehicle _____ to the _____?

I would like to know _____ mileage _____ within _____ as _____ a _____ to other models.
 In what _____ efficiency range is _____ in _____ compared _____ others?
 Does this _____ compare with others on the _____ what _____ the _____ vehicles _____ this?
 What _____ the _____ fuel _____ comparable _____ including where does our _____ rank _____?
 What is the _____ for fuel _____ this _____ on the market?
 I _____ to _____ the typical _____ vehicles _____ this category, and _____ well _____ compares _____ its competitors.
 What _____ the fuel efficiency of cars _____ class, _____ where _____ this _____ to others _____?
 How _____ this _____ others available.
 What is _____ efficiency of cars _____ the _____ and where _____ compared to others?
 _____ is _____ typical fuel efficiency range for vehicles _____ this category, _____ does this _____ competitors.
 What fuel efficiency _____ vehicle _____ this _____ how _____ do it _____ with _____?
 How does _____ model compare _____ others on _____ market _____ what _____ range _____ in this segment?
 In _____ in this segment and _____ well do it compare?
 _____ the model's fuel _____ compare _____?
 _____ efficient _____ some vehicles _____ to _____?
 What fuel efficiency _____ is _____ and how _____ it compare _____ others?
 _____ do _____ against _____ when it comes to mileage capability?
 _____ efficiency _____ is _____ in _____ segment, _____ do the other models _____?
 _____ fuel efficiency _____ this vehicle _____ and compare it _____ the rest?
 _____ well does this model _____ to its _____ is the _____ vehicles in this _____ like?
 _____ range _____ fuel efficiency values _____ this _____ segment, and how does _____ others?
 _____ these _____ and _____ do they fare _____ competitors?
 What fuel _____ range _____ vehicle _____ segment, how well do it _____ models?
 How _____ the model compare against _____ on _____ market and _____ fuel _____ in _____ segment?
 _____ me what _____ range _____ fuel efficiency is _____ cars _____ these?
 _____ about the average fuel _____ of cars _____ this _____ well _____ comparison analysis between _____.
 _____ to know how well _____ to _____ competitors, _____ what the typical _____ is for _____ this category.
 Where does this _____ others and what _____ efficiency _____ cars in this class?
 _____ do _____ models compare to this _____ in fuel _____?
 What _____ efficiency _____ this vehicle in this _____ does _____ with other _____?
 _____ you tell _____ fuel efficiency for _____ car in _____ segment?
 Tell _____ of fuel efficiency for _____ how _____ stack up against _____ competitors.
 How _____ compared to others?
 _____ does the model _____ to _____ fuel range _____ this _____?
 _____ fuel efficiency for these cars, _____ they stack _____ against others.
 How _____ model _____ up _____ competitors _____ what is _____ typical _____ for vehicles in this category?
 What is the _____ range _____ this segment _____ how _____ it _____ on the market?
 _____ fuel _____ for vehicles _____ this segment, _____ does it _____ against _____ competitors?
 Does _____ fuel _____ of other models _____ to _____?
 How efficient _____ and what _____ they _____ their competitors?
 _____ efficient is _____ compared _____ models?
 _____ does _____ model _____ to _____ models on _____ market, and _____ is _____ fuel _____ range _____ segment?
 _____ tell _____ the average fuel _____ of _____ well as _____ ranking _____ our model among _____?
 _____ you _____ me _____ average fuel _____ comparable _____ where our _____ is ranked?
 I'd like _____ average _____ consumption of _____ well _____ where our model ranks among _____.
 I _____ know _____ by _____ within its segment, _____ as a comparison of other _____ out _____.
 What _____ typical fuel efficiency range _____ vehicles in _____ and how _____ this _____ model _____?
 _____ efficiency range _____ this _____ how well does it compare _____ others?
 _____ does _____ model _____ others _____ market _____ is the _____ efficiency range for vehicles like _____?
 _____ this _____ a _____ for the competition in _____ usage?

____ does this model compare ____ and what's ____ fuel efficiency ____ segment?
 ____ am ____ the mileage ____ by vehicles in ____ segment ____ well as ____ comparison to other models ____
 ____ the ____ efficiency ____ for vehicles ____ category, and ____ does this model ____ against competitors.
 How ____ its ____ to ____ models?
 What is the ____ of ____ does ____ model stand compared to other models?
 ____ does ____ fare against its competitors, and ____ the fuel range ____?
 In ____ range ____ in ____ segment, ____ how well do ____ compare with the rest?
 ____ fuel efficiency compared ____ models?
 ____ fuel efficiency ____ this model different ____ other ____?
 What ____ efficiency ____ is this ____ in ____ how ____ it compare ____ the ____?
 ____ fuel efficiency values ____ vehicle ____ and how ____ this model perform against ____?
 ____ would this model ____ others on the market, and ____ the ____ range for ____ in ____?
 ____ me ____ the range ____ efficiency ____ these cars, and ____ stack ____ the competition.
 ____ fuel efficiency ____ in this ____ how does it fare ____ the ____?
 How does ____ fare ____ its competitors, ____ the fuel ____ the vehicles?
 What ____ vehicles like this ____ compared to ____?
 How ____ compare to the ____ in terms of ____?
 ____ efficiency range ____ vehicle ____ this segment in ____ to other ____?
 What is ____ fuel ____ for ____ model and ____ to others?
 How ____ models ____ fuel efficient ____?
 Can ____ tell ____ we can ____ from similar autos when ____ capability?
 ____ you ____ me ____ idea of the mileage offered ____ its segment as well ____ comparison ____?
 What fuel ____ range ____ vehicle ____ segment, ____ do the others ____?
 ____ fuel efficiency ____ compared ____ other ____
 Can you ____ economy for ____ in this ____ how ____ this model ____ compared ____ its competitors?
 How efficient ____ vehicles ____ and how do ____ fare ____ competitors?
 ____ think about the ____ consumption of ____ vehicles, ____ where ____ our model rank among ____?
 ____ like to know the average ____ among ____ well as where our ____.
 ____ about the ____ fuel efficiency of ____ in this ____ well as ____ comparison ____ competing ____.
 ____ does this model ____ against ____ is ____ fuel range ____ these vehicles?
 What fuel ____ this ____ in this segment, ____ well ____ compare with ____?
 How ____ are ____ cars ____ they ____ against their competitors?
 ____ this ____ compare with others, ____ the fuel efficiency ____ cars ____ this?
 What ____ the gas ____ this ____ compare ____ other ____?
 ____ me ____ range ____ efficiency for this car, ____ it ____ against ____ competitors.
 ____ fuel ____ is ____ vehicle ____ this segment, ____ with the ____ models?
 ____ does ____ model ____ to its ____ and what is ____ fuel ____ vehicles ____ this segment?
 ____ is the average ____ efficiency ____ vehicles in ____ category ____ how does it stack ____?
 What ____ the average ____ for vehicles ____ this category, and ____ does this ____ model ____ others?
 What ____ of gas ____ is expected ____ this category?
 ____ range of fuel efficiency for ____ like ____ they ____ up against the ____.
 ____ to know the mileage ____ by the ____ its segment, ____ well ____ comparison ____ other models.
 Do ____ know ____ this ____ fuel ____ is comparable to ____?
 ____ well ____ model compare to ____ others ____ its ____ range?
 ____ the ____ efficiency compare ____ others?
 ____ would like to know ____ of ____ offered ____ vehicles ____ and a ____ to other ____ out there.
 ____ does ____ model fare ____ its ____ this segment, and what is ____ range for ____ in ____?
 ____ the ____ fuel efficiency range ____ vehicles ____ this ____ and ____ this model ____ against competitors?
 ____ to ____ mileage offered by ____ and a comparison ____ other models.
 ____ efficiency ____ compared ____ other models?

How _____ this vehicle _____ vehicles?

_____ efficiency range is _____ vehicle in _____ and how do it _____?

What _____ for vehicles in _____ segment, _____ does this model compare _____ in the market?

_____ the fuel _____ compare to other vehicles?

_____ our model rank _____ terms of _____ among _____ vehicles?

_____ range _____ fuel _____ values _____ this vehicle segment and how does _____ perform _____?

_____ compares it _____ other _____ on _____?

_____ the _____ of this model compare _____ competitors?

_____ the _____ fuel _____ cars in this class and _____ this model _____ to _____?

What _____ a _____ fuel efficiency range for _____ category and _____ does _____ particular model _____ competitors?

_____ this model _____ with _____ on the _____ what _____ the _____ range for _____ this segment?

I'm _____ an idea of _____ offered _____ the vehicles within _____ a comparison _____ out there.

_____ is the _____ of cars in _____ class, and _____ does this _____ comparison to _____?

Is this _____ comparable to _____ in terms _____?

In what fuel _____ this segment, compare it to _____.

What's the typical fuel efficiency _____ this _____ this model _____ compared to _____?

What _____ the typical _____ of cars _____ this class, _____ where does _____ to _____ models?

I am looking for _____ idea _____ offered by vehicles within _____ segment _____ comparison _____ out _____.

How _____ this _____ compare with _____ on the _____ what's _____ for fuel _____?

_____ the mileage offered _____ vehicles within _____ as _____ as a _____ to _____ models.

_____ fuel _____ of _____ in this _____ should be _____ about along _____ a _____ competing models.

How does this _____ compare with others _____ the _____ efficiency range _____ it?

_____ of _____ in this _____ should _____ inquired _____ along with _____ comparison _____ between competing models.

What _____ similar cars fall into, _____ how does this _____ up _____ it comes _____?

_____ would _____ know the average _____ as well as _____ our _____ ranks among them.

_____ the _____ range _____ fuel efficiency for vehicles in _____ and how does this _____ stack _____?

What _____ the _____ fuel _____ range _____ vehicles _____ this _____ does this particular model _____ up against _____?

_____ do similar cars fall into, and how _____ this _____ up in _____ fuel _____?

_____ would like _____ know the mileage _____ vehicles _____ well as a comparison _____ other models.

What is _____ for _____ and _____ does it fare _____ competitors?

_____ is _____ efficiency _____ in this _____ and where _____ this model stand _____?

_____ about _____ consumption among comparable vehicles, including _____ does _____ rank?

Can you _____ comparison _____ this car's _____ other models?

Is _____ possible _____ compare _____ economy to similar _____?

What is _____ range for _____ this segment _____ this model _____ against _____?

What fuel _____ is this vehicle _____ segment, and _____ the _____ of _____ model _____?

How _____ this _____ compare _____ others _____ the market and what _____ the _____ efficiency _____ like _____?

_____ you give me _____ idea of the _____ by vehicles _____ segment, _____ a _____ models?

Does the noted _____ competitors' _____?

_____ is _____ range for vehicles _____ does _____ model fare against its competition?

What is the _____ fuel efficiency _____ of this _____ where does _____ model _____ compared _____?

_____ efficient are _____ this segment, _____ how _____ against their competition?

_____ range _____ fuel efficiency for cars like _____ and _____ up _____ their competitors.

How _____ efficiency _____ this _____ compare to other _____ on the _____?

_____ the _____ for _____ cars against _____.

What _____ the typical _____ efficiency of _____ this _____ this _____ stand compared to others?

Tell _____ the range of _____ like this, and how it _____ competitors.

How _____ this _____ to its competitors in terms _____?

How do _____ similar _____ for fuel _____?

Compare _____ fuel efficiency _____ models.

_____ does the _____ compare _____ fuel range _____ this _____?

I would _____ the _____ vehicles within its _____ and a _____ to other models.

Do you know _____ of _____ efficiency is _____ cars _____?

Do _____ know _____ range of _____ cars _____ these?

_____ the _____ on _____ this _____ how _____ this model stack up against _____?

What is _____ typical _____ efficiency _____ for vehicles _____ this category, _____ how does this _____ stack _____?

_____ does it compare to _____ models _____?

What _____ the _____ efficiency _____ cars _____ this _____ Where does this _____ stand _____ to _____ models?

How _____ is _____ economy compared _____ other _____?

_____ efficiency _____ is this vehicle _____ this _____ and _____ it _____ against the _____?

_____ is _____ typical fuel efficiency _____ does this model _____ compared to other _____?

Can _____ tell _____ fuel consumption _____ as well _____ where our model ranks among _____?

How _____ compare to fuel _____

_____ does our _____ among _____ vehicles _____ it _____ to average _____ consumption?

How _____ compare _____ on _____ and what _____ the _____ efficiency range _____ vehicles like this?

_____ of _____ values _____ within this vehicle _____ and how _____ this model _____ to _____?

Is it possible to compare _____ car _____ others?

_____ fuel _____ vehicle _____ this segment and compare it to _____?

I would like _____ idea of _____ mileage offered _____ vehicles within _____ segment, _____ as _____ comparison to _____ out _____.

How does this _____ stack _____ against others, and _____ is _____ typical _____ efficiency _____ in this _____?

How _____ is _____ terms of fuel _____?

How will _____ efficiency _____ compare to _____ models?

How _____ model _____ up against _____ and what _____ typical fuel _____ range for vehicles _____?

_____ you compare _____ fuel economy _____ car _____ cars?

Can _____ compare its _____ models?

_____ is _____ range _____ efficiency _____ this _____ and how _____ compare to others?

Tell _____ about the _____ of _____ these _____ it stacks up _____ competitors.

compare fuel _____ with others

What is _____ typical _____ for _____ category, and how does _____ compare _____ competitors?

I _____ to know _____ average _____ consumption _____ comparable vehicles, _____ as _____ our _____.

_____ kind of _____ per gallon can _____ expect from _____ and _____ there _____ them?

_____ MPG rating to competitors' cars?

_____ range of fuel efficiency _____ like _____ and how it _____ up _____.

_____ mileage on vehicles _____ this _____ how does _____ measure up _____ other models?

What fuel efficiency range _____ this _____ in _____ segment, how well _____?

Tell me _____ the range _____ fuel _____ for _____ how they stack _____ other _____.

How efficient _____ and _____ they do against _____?

_____ with _____ on the market and what _____ fuel efficiency _____ for vehicles _____ this

You _____ about the _____ of cars _____ this segment along with _____ comparison _____ between _____.

Do _____ a better _____ range than competitors?

_____ is _____ fuel _____ of _____ in this class and where _____ this model _____?

_____ is _____ range for _____ category _____ how does _____ model _____ up against other models?

_____ fuel efficiency range _____ in _____ and do it _____ to _____?

What's the typical fuel efficiency of cars _____ where _____ stand compared to others _____?

What's _____ of the cars _____ and where does this _____ stand compared _____ models?

Do _____ have any information _____ what _____ can _____ similar _____ regarding _____?

Can you tell _____ about _____ range of _____ efficiency for _____ that _____?

How does _____ others, and _____ the _____ efficiency range for vehicles _____?

_____ fuel _____ range _____ this vehicle _____ segment, how well _____ to _____ rest?

What is the _____ fuel _____ range _____ this _____ and how _____ this particular _____ up?

_____ is the _____ efficiency range for vehicles _____ category, _____ does _____ model stack _____ the competition?
 I _____ an _____ of mileage _____ vehicles within its segment _____ as _____ to other models _____ there.
 _____ does this model _____ what is _____ fuel _____ this segment?
 _____ can ask _____ average fuel efficiency _____ this segment and compare _____ models.
 How _____ the _____ against its _____ what _____ the _____ range for _____ this segment?
 _____ does this model _____ on _____ market, and _____ is _____ efficiency _____ for cars like _____?
 What is the _____ for fuel _____ this _____ does it _____ to _____?
 How efficient are the vehicles _____ how _____ against _____ competitors?
 _____ this model compare _____ other vehicles _____ market, and what _____ efficiency range _____ vehicles _____ segment?
 How does this particular model _____ and what is _____ average _____ range for _____ in _____?
 What _____ gas mileage of this _____ compared _____ other models _____?
 What is _____ efficiency of cars in this _____ it stand compared _____ other _____?
 What _____ fuel _____ range _____ this _____ compared with _____ on the market?
 What _____ think the _____ efficiency for _____ like _____ is?
 I'd like _____ know the mileage _____ vehicles _____ and a comparison _____.
 _____ the _____ compare _____ range for cars in _____ category?
 _____ you able _____ the car's _____ similar models?
 _____ fuel _____ compare to _____ models?
 _____ is the typical range _____ fuel efficiency _____ in _____ how does _____ model stack _____ competitors?
 Is it _____ fuel _____ to other models?
 What _____ range _____ vehicle in _____ segment, how do _____ fare?
 What _____ the fuel range _____ vehicles in _____ segment, _____ this model perform _____?
 _____ the fuel _____ range of _____ how do it compare to _____?
 _____ model compares with _____ the _____ and _____ efficiency range for cars _____ this.
 What kind _____ is it _____ to _____ models?
 compare the _____ for _____ cars _____
 You can tell me _____ typical fuel _____ for _____ this _____ how well _____ its competitors.
 Ask _____ average _____ efficiency of _____ this segment along with a comparison _____ competing _____.
 _____ does _____ specific model stack up _____ competitors, _____ efficiency _____ for vehicles in this _____?
 What _____ range is _____ in this _____ it compare to _____ others?
 _____ fuel _____ range is the vehicle in _____ how well do _____ rest?
 _____ to know _____ mileage offered by _____ within its segment as _____ as _____ to other models _____.
 _____ about _____ fuel _____ cars in this segment and _____ them _____ models.
 _____ me _____ range _____ efficiency _____ cars like _____ and how they stack up _____.
 _____ is this _____ to other _____?
 What range do _____ cars typically _____ into _____ how _____ particular model _____ fuel _____?
 _____ the _____ of fuel _____ for these types _____ they stack up _____ their competitors.
 _____ inquire _____ the _____ efficiency of cars belonging _____ this segment along _____ comparison _____ models.
 _____ model compare with _____ on _____ market, and what _____ the _____ efficiency _____ in this _____?
 _____ can _____ the average fuel efficiency of _____ to this _____ and _____ them _____ other _____.
 _____ you _____ car's _____ economy _____ the others?
 What is _____ fuel _____ range for _____ this and _____ do _____ compare _____?
 I would _____ know the _____ offered by vehicles _____ its _____ to _____ models.
 _____ efficiency _____ is this _____ in this type of _____?
 _____ range of fuel economy _____ model?
 How does _____ competitors, and _____ is the _____ range _____ vehicles _____ this segment?
 How does this model _____ to _____ models _____ what _____ fuel efficiency range _____ vehicles _____ this?
 What _____ the fuel range _____ how _____ it fare _____ its _____?
 What _____ fuel _____ for _____ segment, and _____ does _____ model _____ against _____ competitors?
 _____ you tell _____ fuel economy of the _____ in this _____ and _____ they _____ competitors?

How _____ others in terms of fuel _____?

How _____ compare _____ fuel range for cars _____ category?

_____ want _____ the range _____ fuel efficiency for these _____ how they _____ against _____ competitors.

_____ efficiency range is this vehicle in this _____ and _____ does _____?

_____ is the _____ like _____ comparable ones?

What range of fuel _____ fall _____ this vehicle _____ does this model _____ others?

_____ the _____ its competitors in this segment, _____ is the _____ range?

_____ is _____ cars _____ category, _____ how does this _____ model stack up against competitors?

How _____ this _____ efficiency _____ to _____?

_____ fuel _____ of this model is _____ others.

Does the _____ come close _____ ranges?

How does this model _____ with _____ on _____ market _____ efficiency range for vehicles _____?

How _____ this _____ to _____ fuel _____ in that category?

What range of _____ fall in this _____ segment, _____ does this _____ compare _____?

_____ an _____ the mileage _____ by the _____ segment as well as a comparison _____ other models _____.

I want _____ know _____ mileage offered _____ vehicles within _____ as well as _____ other models _____.

_____ fuel efficiency _____ in this _____ and how does _____ model perform _____ to others?

_____ does the _____ compare _____ on _____ market _____ what _____ the fuel efficiency _____ vehicles _____ this?

_____ is _____ fuel economy _____ vehicles in _____ category, and _____ model _____ to its competitors?

_____ you _____ economy to other models?

Compare _____ of this _____ to _____.

_____ fuel efficiency range is this _____ this _____ it compare with other _____?

What _____ of _____ mileage can I _____ from _____?

_____ about _____ average fuel efficiency _____ cars _____ to this segment _____ with _____.

_____ rank in terms of average _____ consumption among _____?

_____ model stand compared _____ others, _____ what is _____ typical fuel efficiency of the _____?

How does _____ model compare _____ others on _____ market, _____ what _____ the fuel efficiency _____?

I _____ the mileage offered by vehicles within its _____ as _____ comparison to _____ models.

How _____ the model _____ against its competitors _____ the _____ for cars in _____?

_____ fuel-wise this _____ others.

_____ does _____ model _____ others _____ the _____ and what is _____ efficient range _____ vehicles like _____?

Can _____ measure the _____ of _____ car _____ models?

_____ the range _____ fuel efficiency in this segment _____ how _____ this _____ compare with other _____?

_____ fuel efficiency range _____ in this _____ and _____ do _____ fare against _____ rest?

_____ tell _____ efficient _____ are in this category?

_____ the _____ of _____ this class, and where does _____ model stand _____ others?

_____ can ask _____ average _____ cars belonging to _____ and compare them against _____ models.

_____ to others _____ fuel _____?

_____ would _____ how the average fuel consumption _____ vehicles _____ to _____ model.

What is _____ fuel _____ values for _____ vehicle _____ how does _____ model _____ to others?

_____ efficiency range is _____ this segment, how _____ do this _____ compare _____?

What type _____ can I _____ a vehicle _____ this?

How does the _____ perform _____ it _____ to _____?

_____ fuel _____ values fall within the _____ segment and _____ model perform against _____?

How _____ you think the range _____ fuel _____ like these _____ cars?

_____ have _____ of _____ car's fuel economy to _____ models?

_____ do _____ think _____ the _____ of fuel efficiency for _____?

_____ you _____ this car's _____ similar ones?

Can you _____ me _____ average _____ in _____ category, and how _____ compares to its competitors?

_____ the _____ competitors in _____ segment, and _____ is the fuel _____ for vehicles in _____ segment?

_____ range is this vehicle _____ this _____ well _____ compare with the rest?
 _____ want to know _____ of fuel _____ these, and how _____ one stacks up _____.
 What fuel _____ is this _____ in _____ and _____ it fare _____ models?
 _____ does _____ model compare _____ fuel _____?
 What _____ efficiency _____ is this _____ in _____ segment, and _____ does it _____ models?
 I _____ to know how mileage _____ by _____ within _____ as a comparison _____ models.
 I'm looking _____ idea of the mileage _____ segment, as _____ as a _____ other models.
 What fuel _____ this vehicle in _____ segment, and _____ well _____ it _____ to _____?
 _____ me about _____ range _____ fuel _____ for cars like _____ how _____ other cars.
 _____ its fuel _____ to _____.
 _____ what _____ efficiency range _____ this vehicle _____ how _____ it compare to other _____?
 In what _____ range is _____ vehicle _____ this segment _____ well _____ it _____ to _____ rest?
 _____ is the typical _____ range for _____ in _____ category, and _____ this _____ model stack up _____?
 _____ kind _____ gas _____ can _____ expect from this _____ of _____?
 _____ an idea _____ mileage offered _____ vehicles _____ segment, _____ as a comparison _____ other models out _____.
 What is _____ efficiency of _____ compared _____ others?
 How _____ vehicle and _____ in _____ segment?
 Are _____ able to compare the _____ to _____?
 How _____ model _____ to other models on the _____ what _____ fuel _____ in _____ segment?
 In what fuel efficiency _____ is this vehicle in _____ well do _____ model _____?
 _____ have an _____ of the average fuel _____ of _____ vehicles, _____ model _____?
 What is the fuel efficiency _____ of this _____ and _____ do _____?
 _____ want to know the _____ economy _____ in this category and _____ model _____ its competitors.
 _____ need _____ know _____ range _____ fuel efficiency for _____ and how _____ stack _____ against _____.
 _____ mileage _____ these cars _____ cars
 I'm looking _____ an idea _____ offered _____ vehicles within _____ and _____ to other models.
 _____ need an _____ by vehicles _____ its segment as well _____ a comparison _____ other _____ there.
 How well _____ compare _____ others in its fuel _____?
 _____ is _____ efficiency range for vehicles _____ this _____ and how _____ the _____ model _____ up _____?
 Does the _____ mileage for this _____ class _____?
 How _____ economy _____ this _____ have _____ to its _____?
 _____ me _____ of _____ efficiency for this _____ and how _____ stacks _____ competitors.
 _____ of _____ model with _____.
 _____ range for _____ in this segment and how does _____ model _____ models on the _____?
 _____ would like to know _____ average _____ consumption _____ as _____ where our _____ among them.
 When it _____ similar cars, what range _____ fall _____ how does this specific _____ measure up?
 _____ is _____ fuel efficiency _____ in this _____ how does this model _____ others available?
 _____ our model _____ among _____ when it _____ fuel consumption?
 _____ model _____ fuel efficiency
 _____ you _____ me _____ mpg _____ the cars in this _____?
 What _____ of _____ values _____ within _____ vehicle segment _____ how does this _____ compared _____ others?
 In what _____ range _____ this _____ this segment _____ it compare with the _____?
 How _____ fare against _____ and what is the fuel _____ the _____ this segment?
 _____ to know _____ typical fuel economy for vehicles in _____ and _____ they compare _____.
 What's the _____ cars _____ this class and _____ this model stand compared to _____?
 What _____ the typical _____ efficiency of _____ and _____ does this _____ compared _____ the others?
 What range _____ efficiency _____ are found within this vehicle _____ and _____ compare _____ others?
 Do these _____ rides _____ fuel range than their _____?
 _____ is the fuel efficiency _____ like this and _____ this model _____ with others _____.
 _____ this model compare with others _____ the _____ and _____ is _____ fuel _____ range _____ this segment?

_____ and model _____ to _____?

What is _____ range _____ vehicles like _____ compared to _____?

_____ model fare _____ its competitors, _____ what is _____ fuel _____ this vehicles?

What fuel _____ this _____ and _____ do _____ to the rest?

What _____ the _____ this segment compared with other models _____ the _____?

_____ does this _____ others _____ and _____ range of fuel efficiency values _____ this vehicle _____?

How does the _____ with others on the _____ is _____ for _____?

_____ it _____ from _____ models _____ fuel usage?

What is _____ fuel _____ for this _____ it _____ to others on _____ market?

Tell me _____ of fuel efficiency _____ these _____ they stack _____ others.

What _____ the fuel _____ for vehicles _____ area, _____ how _____ model fare against _____?

Inquire about _____ average _____ efficiency of _____ belonging _____ this _____ well _____ comparison analysis _____ models.

_____ can compare _____ this car to others.

_____ efficient _____ vehicle and _____ the segment?

Tell me the _____ fuel _____ for _____ like _____ and how _____ other cars.

What is _____ average fuel _____ category, and _____ does this _____ model stack _____ against _____ competitors?

_____ this model _____ others _____ the market and _____ is the _____?

How does this model compare _____ others _____ the _____ and _____ efficiency range _____ vehicles _____?

_____ this model's fuel _____ to _____?

_____ about the range _____ cars _____ and how _____ compares to other cars.

_____ this _____ is compared with _____.

_____ fuel efficient _____ model is _____.

Can _____ if _____ car's fuel economy _____ comparable _____ similar _____?

What _____ the _____ efficiency in _____ model _____ compared to _____ on _____ market?

What _____ efficiency _____ is _____ in _____ how does it fare against _____ other _____?

_____ can _____ about the average _____ efficiency of cars belonging to _____ and _____ models.

_____ is the _____ efficiency range _____ vehicles _____ this _____ does this particular _____ stack up against _____?

How _____ this _____ fuel _____ for _____ of this category?

Does _____ noted _____ better _____ ranges?

How _____ against _____ competitors, and _____ is the _____ range _____ the vehicle?

_____ the vehicles here, and how do _____ fare _____?

I want _____ economy _____ vehicles in this category and how _____ this _____ to its _____.

_____ is _____ efficiency of this _____ to _____ vehicles?

Can this model _____ compared _____ its competitors _____?

Tell me the range _____ for cars like these, _____ well _____ stacks _____.

How _____ does the model compare _____ competitors, _____ what is _____ average _____ in _____ category?

I _____ know _____ economy _____ vehicles in this _____ and _____ well the model _____ to _____ competitors.

How does _____ others on the market _____ range for _____ efficiency _____ segment?

_____ this model compare to the _____ on _____ market and _____ range for _____?

How _____ this _____ other _____ on _____ and _____ is the fuel efficiency range for _____ like _____.

What _____ the fuel _____ range _____ in this _____ does _____ stack up against competitors?

_____ the typical _____ a car in this class, _____ where _____ it stand _____ to _____?

How _____ the model compare _____ of this _____?

_____ the typical _____ the _____ in _____ class, and _____ does the _____ compared to others?

You _____ inquire about the average _____ cars _____ segment and _____ to other _____.

_____ fuel-efficient _____ the _____ of this _____?

_____ what _____ efficiency _____ is _____ vehicle _____ this segment, _____ do it compare to _____?

How does the model _____ competitors, _____ typical fuel economy _____ vehicles _____ this category?

_____ does this model _____ to _____ the _____ range for _____ efficiency in this segment?

I would like ____ know ____ range ____ fuel ____ for ____ .

____ should inquire about the average fuel efficiency of ____ along ____ .

What is ____ typical fuel ____ of cars ____ and where ____ model ____ to ____ the market?

What fuel efficiency ____ is ____ vehicle ____ compare it to ____

How is ____ different ____ others on ____ and ____ fuel efficiency ____ for ____ like this?

How ____ fare ____ its competitors, ____ what is ____ fuel range for ____ ?

What is the ____ economy ____ in this category, ____ the ____ compare ____ its competitors?

____ the typical ____ for ____ category and how does it compare ____ competitors?

What ____ efficiency range is this ____ segment, and ____ other ____ have?

How ____ this model fare against ____ what is ____ for ____ in ____ segment?

____ compare ____ the fuel range ____ for cars in this ____ ?

Inquire ____ efficiency ____ belonging to ____ segment, ____ them against competing models.

What ____ of ____ values are in this vehicle ____ and how does ____ ?

____ is ____ from others ____ market and ____ the fuel efficiency ____ for cars ____ this?

How ____ this model compare to ____ and what is ____ fuel efficiency ____ for ____ this?

How ____ this model compare with others ____ the ____ and ____ fuel efficiency range ____ vehicles ____ ?

How does this particular ____ stack ____ what is ____ fuel efficiency ____ for vehicles ____ category.

How are ____ compared ____ car in ____ mileage capabilities?

____ does this ____ compare to ____ category's fuel ____ ?

What is the fuel efficiency range ____ in this ____ and ____ model ____ with ____ models on ____ ?

____ this ____ against its ____ and what is the ____ range for ____ ?

____ the model ____ it comes to ____ efficiency?

How ____ it ____ to ____ for fuel ____ ?

____ need ____ idea of ____ mileage ____ by ____ segment, as well as ____ with other ____ there.

____ give me ____ of ____ mileage offered ____ within ____ segment and ____ to ____ models out there?

____ about ____ average ____ efficiency ____ cars ____ this segment ____ a comparison analysis ____ competitors.

____ do you ____ fuel ____ of ____ and ____ does our model rank?

____ for an ____ of mileage offered by ____ within ____ segment ____ to other ____ .

____ the ____ better mileage ____ than its rivals?

What range of fuel efficiency ____ in ____ ?

____ is the ____ fuel ____ in this category, and ____ model ____ against competitors?

How does ____ against its ____ the ____ for this type of vehicle?

____ it ____ other models on fuel ____ ?
