

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Contract and subscription inquiries
Inquiry Sub-Category	Package customization
Description	Customers may want to customize their subscription and inquire about adding or removing specific channels or services from their current package.
Data Size	5,002 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

_____ if switching between fiber-optic _____ connections requires _____ customization options _____ available _____.

If _____ switch _____ connections, will _____ any alterations to _____ available plans?

_____ the _____ between _____ and _____ affect the _____ options?

_____ changing _____ Coax requires personalized _____ within service offerings, please _____.

Is _____ a _____ modify the _____ new plans _____ switch between _____ coaxial connections?

_____ making _____ transition _____ fiber-optic to _____ requires me to _____ any _____ customizations, please _____.

Can I modify the _____ for _____ plans if _____ both _____ connections?

_____ changing from _____ connection to a coaxial _____ going to _____?

Do I need _____ when I switch _____ a _____ connection?

Is it _____ that _____ from _____ affects _____ customization?

Do _____ if _____ switch _____ fiber-optic _____ connections impacts the plan _____?

_____ necessary to modify _____ options _____ if _____ from fiber-optic _____ coaxial connections?

_____ you tell me _____ changing _____ a fiber-optic to _____ options?

_____ the plan choices _____ swap _____ to coaxial?

I'm _____ if changing _____ fiber-optic _____ coaxial _____ will _____ my plan options.

When transitioning _____ fiber-optic connection _____ coaxial one, is _____ my _____ plans?

_____ between fiber-optic and _____ requires changes in customization options _____.

If changing _____ Fiberoptic _____ Coax _____ of personalized _____ it.

_____ change _____ coaxial from fiber-optical requires changing settings _____ my _____.

_____ any _____ for custom plans _____ fiber and coax cables?

Is _____ and coaxial connections _____ options?

Is there _____ required _____ the _____ to _____ shift _____ to coaxial connections?

_____ for adjustments to existing plans when _____ from _____ to _____?

_____ transitioning between _____ and coaxials, is _____ requirement _____ options?

Do _____ have _____ any changes to _____ regarding the _____ from fiber-optic _____?

Is there a requirement _____ your _____ if _____ between fiber _____?

_____ between _____ and coaxial connections, can you tell _____ if _____ options need _____ be _____?

When changing from fiber _____ coaxial, do _____ adjust _____?

_____ modify the options _____ plans if _____ switch between _____ coaxial connections.

Can _____ me _____ plan's customization _____ need to be _____ changing to _____?

_____ I switch to both fiber and _____ connections, _____ I _____ certain _____?

Can you _____ me _____ have to _____ plans if you _____ between _____ connections?

_____ changing _____ a fiber-optic _____ a coaxial connection will _____ plan _____.

Will _____ when _____ between a fiber-optic and a _____ hookup?

Is _____ necessary to _____ changes _____ plans _____ from fiber-optic to _____ coaxial connection?

_____ to _____ to custom _____ between fiber and coax cables.

_____ have _____ when I switch to _____ fiber-optic or _____ hookup?

Is it necessary _____ preferred plans when transitioning from _____ one?

If the _____ is _____ requires me to modify _____ plan please _____.

_____ from fiber-optical to coaxial _____ that requires _____ for _____ plan, please give me _____.

Will I need to _____ my _____ switch _____ and coaxial _____?

_____ make changes to your options _____ you _____ from fiber _____?

Is there _____ requirement _____ change option for _____ if I _____ and _____?

_____ the change from fiber-optical _____ requires me _____ make changes _____ my plan _____ explain.

Is _____ changes _____ in the customization of plans _____ coaxial?

When _____ switch _____ fiber-optic and _____ will _____ to _____ my choices?

_____ there any _____ plans _____ one _____ to swap from fiberoptic _____ to a _____?

If _____ switch to both fiber _____ coaxial _____ the options _____ plans?

When transitioning _____ fiber-optics and _____ there a requirement _____ options _____?

_____ it _____ between fiber-optic _____ coaxial necessitates plan _____?

Are _____ any adjustments needed to _____ when _____ coaxial?

_____ moving _____ fiber-optic _____ coaxial connections _____ different about the _____?

Will _____ switch from fiber _____ coaxial _____ the _____ plans?

Is it necessary _____ options _____ changing between _____ coax _____.

When changing _____ fiber and _____ connections, is _____ to _____?

_____ possible that _____ swap of _____ to _____ affects _____ customization?

_____ you _____ me if you _____ fiber-optic _____ connections will affect _____ have?

_____ it possible toggling _____ coaxial _____ necessitates plan _____?

Is _____ necessary _____ make _____ when shifting between fiber-optic and _____?

Do I _____ modify options _____ change between fiber- _____ connections?

_____ my _____ choices be _____ switch between _____ fiber-optic and coaxial _____?

_____ true that _____ fiber-optic to _____ affects plan _____?

_____ I _____ make changes _____ when I _____ between fiber-optic and coaxial _____?

There _____ be changes _____ the customization _____ available plans _____ you _____ between _____ and _____.

_____ the _____ choices affected _____ switch _____ to coaxial?

_____ there a requirement _____ modify option _____ different plans when _____ and _____?

If _____ switch between fiber-optic and _____ in customization, _____ know.

_____ from a _____ connection _____ coaxial _____ is it necessary _____ make adjustments to my _____?

_____ it necessary to modify my _____ transition from _____ to a _____?

_____ to _____ plans when _____ switch from a fiber-optic to _____ coaxial _____?

_____ the plan _____ by the _____ from _____ to _____?

_____ changes are _____ the customization of _____ when _____ from _____ to _____?

Do I need to _____ plans if _____ and coaxial _____?

_____ there _____ required in _____ plans to accommodate _____ from fiber-optic to _____?

Should _____ be _____ the customization _____ for _____ plans _____ there is _____ switch _____ and _____ connections?

_____ fiber-optic _____ coaxial _____ plan _____ could you _____?

If changing _____ and _____ adaptation _____ personalized selections, please _____.

If _____ between fiber-optic and coaxial _____ requires _____ in _____.

Does _____ fiber-optic _____ coaxial _____ affect plan _____?

Is _____ a requirement for _____ plans _____ fiber-optics _____ coaxials?
 _____ changing _____ fiber-optic _____ affect the plan options?
 _____ fiber-optic and _____ available plans?
 _____ have to modify options _____ available _____ I switch _____ and _____ connections?
 _____ available in my plan will _____ affected by _____ fiber-optic _____ cables?
 _____ any changes _____ the plans _____ accommodate the shift _____ to _____ connections?
 _____ need _____ modify _____ for available plans if _____ switch _____ fiber-optic _____ connections?
 Is changing _____ fiber-optic and coaxial _____ ?
 Do I _____ to _____ the options _____ if _____ switch between _____ coaxial _____ ?
 When changing _____ from _____ to _____ we have to _____ ?
 Do I _____ modify _____ I switch _____ fiber-optic _____ coaxial?
 Is _____ to _____ affecting plan _____ ?
 Can you tell me _____ plan's _____ to be _____ fiber-optic and coaxial _____ ?
 Does _____ my plan options?
 Can _____ coaxial connections _____ the plan option?
 Will _____ adjustments _____ my _____ plans _____ I transition from _____ fiber-optic connection _____ a coaxial one?
 _____ if the plan _____ are _____ by the switch _____ fiber-optic _____ connections?
 _____ I transition _____ a _____ connection _____ a _____ one, will it _____ make adjustments _____ my _____ plans?
 _____ changes are _____ a _____ plan if you switch between _____ ?
 What _____ need _____ the _____ customization _____ to _____ between fiber _____ coaxial connections?
 Is _____ to modify options _____ change _____ fiber- and coaxial _____ ?
 Is _____ switch _____ fiber-optic _____ coaxial _____ choices?
 _____ possible to _____ customization _____ switch to _____ and coaxial connections?
 _____ coaxial affecting plan customizations?
 _____ to modify _____ customization options when changing _____ coaxial?
 I _____ like to _____ if swap _____ the plan.
 Do _____ if the _____ fiber-optic to _____ alters _____ customizations?
 Is _____ shift _____ to coaxial _____ for customization?
 Is there a need _____ the _____ when _____ fiber _____ coaxial?
 Do _____ if _____ from fiber-optic to coaxial _____ ?
 Would _____ affect _____ if you _____ from fiber-optic _____ ?
 Any changes are _____ plans if _____ switch between fiber _____ ?
 _____ the _____ plan _____ be affected _____ from fiber to _____ ?
 _____ am _____ swap from fiber-optic _____ affects plan customization.
 _____ toggling fiber-optic _____ coaxial _____ plan customizations?
 _____ switch between fiber-optic and _____ going _____ affect _____ ?
 Is it _____ change the _____ for _____ switch to both _____ and coaxial _____ ?
 _____ the customization options for _____ plans _____ I switch to _____ connections?
 _____ you _____ me if _____ from a fiber-optic _____ cable _____ affect _____ options?
 _____ there _____ need for _____ to the _____ between fiber _____ and cables?
 Is _____ change to the _____ plans _____ between fiber optics and _____ ?
 _____ you _____ from _____ do you _____ to modify _____ options?
 _____ between _____ coaxial connections, do I need to modify _____ ?
 Will it _____ necessary _____ when changing between _____ and _____ connections?
 _____ tell me if _____ switch _____ coaxial connections _____ plans?
 _____ the transition _____ fiber-optic _____ coaxial _____ me _____ change _____ or _____ please _____ .
 Do you know _____ to coaxial _____ plan _____ ?
 _____ you _____ swapping from _____ to _____ affects the plan?
 When _____ coaxial, do _____ need _____ be made to existing _____ ?
 _____ it _____ options for _____ plans if I change between _____ coaxial _____ ?

____ it ____ to modify ____ options ____ available plans ____ I switch ____ fiber-optic ____ coaxial ____?
 ____ you confirm ____ the swap of ____ affects ____ plan?
 ____ changing ____ fiber-optic to ____ affect ____ options?
 What ____ needed for ____ plans ____ switch between ____ and ____?
 If you ____ confirm that switch ____ and ____ connections _____.
 ____ switch ____ fiber and ____ connections, ____ the ____ certain plans be changed?
 Do I ____ to ____ option ____ plans ____ I ____ between ____ coaxial connections?
 Is there any need ____ moving back and ____ fiber optics ____ coax cables?
 ____ you have to ____ the ____ for ____ plans if ____ change ____ fiber ____?
 ____ transitioning ____ and ____ do there ____ changes in the plans?
 When ____ between ____ coaxial connections, what ____ will need ____ be ____ options?
 Is there any ____ required for ____ customization of ____ transitioning ____?
 When changing connections from ____ need ____ modify ____ plans?
 ____ you ____ the available plan's options need to ____ changed when ____ between ____ coaxial ____?
 ____ let me know if the ____ coaxial ____ me ____ change any ____.
 If ____ to make modifications to my ____ fiber-optical to coaxial, ____ explain.
 ____ there ____ for different ____ if I change ____ fiber to coaxial?
 You ____ confirm if the ____ fiber-optic ____ coaxial ____ plan.
 ____ it ____ that ____ customization ____ need ____ when using both ____ and coaxial connections?
 ____ there ____ change needed for custom ____ if you ____ and ____?
 Will switch between ____ and ____ affect your ____?
 Are there ____ need to ____ made ____ plans ____ from ____ to coaxial?
 ____ I ____ fiber-optic ____ coaxial one, ____ I ____ to make changes ____ my preferred plans?
 Is ____ necessary for changes ____ specifications ____ moving ____ fiber-optic ____?
 ____ changing ____ optic and Coax ____ adapting ____ selections within ____ verify.
 ____ change ____ options for ____ plans if I ____ both fiber and ____?
 When ____ connections ____ to coaxial ____ to modify ____ in the ____?
 Can I ____ for certain plans if ____ switch ____ both fiber ____?
 Can ____ the change from a fiber-optic ____ connection will ____ my ____?
 ____ there be ____ to ____ I switch ____ fiber-optic ____ coaxial connections?
 When ____ coax connections, is it necessary ____ alter ____ options?
 Will the ____ from ____ to coaxial affect ____?
 ____ to clarify if ____ is necessary ____ change the ____ options of the ____ between ____.
 ____ connections ____ fiber-optic ____ do we ____ to ____ options in the ____?
 Can you ____ if ____ of fiber-optic to ____ the ____?
 ____ you clarify ____ changing from ____ to a ____ connection will ____ my ____?
 ____ it's ____ change ____ plans ____ between coaxial, ____ need to clarify.
 Is changing ____ and coaxial cables going ____ customizations ____ my ____?
 Can you ____ me ____ customization ____ need ____ be changed in order ____ switch ____ fiber-optic ____ coaxial ____?
 ____ I ____ between ____ connections, is ____ requirement to modify ____ plans?
 If one decides to swap ____ fiber optical cables to ____ coaxial ____ changes ____?
 ____ switch to both ____ coaxial connections, can ____ change my ____?
 If it necessitates plan customizations ____ between ____.
 Please ____ transition from fiber-optic ____ requires me ____ any settings ____ customizations.
 ____ you switch between fiber ____ cables, ____ are needed ____.
 ____ changes need to ____ custom ____ if ____ switch between fiber and ____?
 ____ able ____ confirm if ____ from ____ to coaxial affects plan ____.
 Are ____ any ____ required ____ that shift from ____ coaxial ____?
 Does ____ to coaxial connection affect my ____?
 Can you ____ between ____ and coaxial connections impact ____?

I _____ swap _____ fiber-optic to coaxial affects _____.
 _____ necessary to clarify _____ it's necessary to _____ the _____ between _____.
 Do there have to _____ to _____ regarding a _____ from _____ coaxial _____?
 _____ there _____ reason _____ plan customizations if _____ and coaxial?
 Is it _____ modify the _____ for _____ plans _____ fiber and coaxial connections.
 _____ there any _____ for _____ plans when going _____ fiber _____ coaxial?
 _____ be _____ required in the _____ of _____ transitioning _____ fiber _____ coaxial.
 Is it _____ fiber-optic and _____ necessitates plan _____?
 If toggling _____ coaxial _____ plan customizations, could _____?
 _____ necessary to clarify _____ it _____ necessary _____ the plans for _____ between _____
 _____ true that swaps from _____ coaxial _____ customization?
 Can you _____ if _____ change _____ fiber-optic connection _____ will affect my plan options?
 Is _____ possible to modify _____ for certain _____ I switch _____ both fiber _____ connections.
 If _____ switch to both _____ and coaxial _____ change _____ customization _____?
 _____ the plan _____ by the switch _____ fiber-optic _____?
 When changing between fiber and _____ necessary _____ options _____ be _____?
 If the _____ fiber-optical to _____ to modify _____ plan please _____.
 _____ I switch _____ fiber-optic and _____ will _____ any _____ the plans?
 _____ fiber-optics and coaxials, is there a _____ to _____ in _____?
 _____ to change plan options _____ between fiber and _____?
 _____ changing _____ from _____ to coaxial, _____ we _____ to _____ plans?
 _____ I _____ to both fiber and coaxial _____ can _____ options _____ certain _____?
 Are _____ to existing _____ going from fiber-optic _____ coaxial?
 Is there _____ requirement to _____ change between fiber and _____ connections?
 _____ that need to be _____ the plans' options in _____ to move _____ forth _____ fiber optics _____?
 _____ you let _____ know if _____ to a _____ will _____ my options?
 Will it _____ to _____ options for _____ between fiber _____ connections?
 _____ transitioning _____ fiber-optics and _____ need to _____ an update _____ choices?
 _____ I need _____ change _____ if _____ between a fiber-optic _____ coaxial hookup?
 _____ plan customizations be _____ if weggling _____ coaxial?
 _____ me _____ the transition from fiber-optic _____ requires me to _____ settings?
 _____ there be changes _____ the _____ you transition _____ to _____?
 _____ to modify the _____ you _____ fiber to coaxial?
 Do _____ to modify option _____ if _____ between fiber and coaxial _____?
 Will _____ be _____ the switch _____ fiber-optic to coaxial?
 _____ switch from fiber-optic _____ coaxial connections, do _____ to change _____ plan _____?
 If _____ transition from fiber-optic to _____ me to _____ settings or modify my _____.
 _____ I switch _____ to _____ connections, do _____ to modify my _____?
 Is it possible to _____ the _____ certain _____ switch _____ connections?
 _____ connections _____ fiber-optic to _____ modify _____ in the plans?
 _____ want to _____ transition from fiber-optic to coaxial _____ me _____ change _____.
 _____ I need to _____ options for _____ change between fiber _____ coaxial _____?
 _____ the _____ to coaxial _____ is something that _____ changing settings for _____.
 Is it _____ me _____ change my _____ I switch from _____ connections?
 _____ tell me if the change _____ is _____ that requires _____ for my _____.
 _____ you tell me if _____ and coaxial alters _____?
 Is _____ possible to _____ for certain _____ I switch _____ fiber _____ connections?
 _____ the _____ fiber-optic to coaxial _____ me to change settings _____ modify _____ please _____ about _____.
 When changing connections between fiber-optic _____ coaxial, _____ plans?
 What changes will _____ to _____ to the _____ when _____ fiber and _____ connections?

____ changing ____ fiber and coax ____ necessary to ____ Options?
 ____ needed ____ custom ____ if you switch ____ fiber ____ cables?
 ____ between fiber-optic and coaxial ____ plan customization ____?
 Does ____ fiber-optic connection to ____ coaxial ____ my plan ____?
 ____ it ____ necessary ____ options if you change between ____ coax ____?
 ____ you can confirm that ____ from ____ affects plan ____?
 ____ a ____ to ____ plans ____ changing connections ____ fiber-optic ____ coaxial?
 ____ fiber-optic ____ coaxial affect plan ____?
 ____ my ____ choices need ____ changed ____ I ____ between a ____ and a ____?
 Please ____ if the ____ from fiber-optic to ____ change any ____ settings.
 Can I modify the options ____ certain plans ____?
 ____ it possible ____ switched between fiber-optic ____ impacts plan ____?
 ____ it ____ changing to fiber-optic ____ alters plan ____?
 Can I ____ for certain ____ if ____ fiber and ____ connections?
 Is it ____ personalized ____ within ____ to be changed between Fiber ____?
 ____ you ____ me ____ swap from ____ to ____ affects plan ____?
 ____ any modifications ____ to ____ made ____ plans' options ____ moving ____ and forth between fiber optics ____?
 ____ plan customizations ____ between ____ coaxial?
 ____ there be any changes required ____ the ____ plans ____ fiber to ____?
 When you ____ to coaxial, do ____ to modify ____?
 ____ to modify the option ____ plans ____ between ____ and coaxial connections?
 Can ____ tell me ____ a fiber-optic ____ to a ____ will ____ plan options?
 ____ there ____ changes to the ____ chooses to ____ fiber to ____ cables?
 ____ it ____ to modify ____ changing ____ fiber to coaxial?
 ____ change from fiber ____ to modify your options?
 Is ____ for personalized selections within service offerings ____ be ____ Coax?
 When ____ fiber-optic to coaxial connections, ____ to alter my ____?
 ____ transitioning ____ fiber-optics and coaxials, ____ requirement ____ customization choices?
 ____ between ____ and coaxial connections ____ plan ____.
 ____ switching ____ fiber-optic ____ affect the ____ choices?
 ____ any ____ if one ____ to swap from fiber ____ coaxial?
 ____ are ____ custom plans ____ is a ____ fiber and ____ cables.
 Are there ____ changes ____ to ____ to ____ the shift ____ to ____?
 Do you know ____ switch between ____ plan customizations?
 Is it ____ that ____ coaxial affects ____ customization?
 Will ____ have to change my ____ a ____ and coaxial ____?
 ____ it possible ____ fiber-optic ____ coaxial affects ____ customization?
 Is ____ necessary ____ modify ____ plans ____ I change between fiber ____ connections?
 Is ____ a ____ to ____ for ____ plans if I ____ and ____ connections?
 Are you ____ to modify ____ options ____ changing from ____ to ____?
 If the change ____ coaxial from fiber-optical ____ settings ____ provide.
 Changing ____ coaxial, ____ you ____ to modify ____ options?
 When transitioning ____ to ____ are ____ any ____ required for ____ of ____?
 ____ switch between fiber-optic ____ can you tell ____ customization ____ need to be changed?
 ____ like to know if ____ are changes ____ one ____ from fiber to ____ cables.
 Is it necessary ____ you to ____ changing ____ to coaxial?
 ____ changing between fiber-optic ____ the ____ customizations?
 Can you tell ____ changing ____ coaxial connections ____ plan ____?
 ____ the ____ to ____ from fiber-optical ____ something ____ changing ____ for ____ please ____ me your information.
 Should there ____ custom plans ____ there is ____ switch between ____ coax ____?

Is there _____ for changing _____ plans when _____ to coaxials?

Can _____ modify _____ options for certain _____ if _____ and _____ connections?

Is it _____ that plan _____ by swap _____ fiber-optic _____?

_____ there a requirement to _____ options _____ the _____ change _____ and _____ connections?

_____ have to _____ changes in plan specifications _____ fiber-optic _____ coaxial?

_____ that changing between _____ and coaxial connections will _____?

If the change to _____ the _____ plan, please let _____ know.

Do _____ have to modify _____ when you switch _____?

Will _____ my choices if I _____ between fiber-optic _____ hookup?

Can I _____ my _____ I _____ to _____ fiber _____ coaxial _____?

Am I _____ to modify the customization _____ for _____ plans _____ fiber _____ coaxial connections?

_____ to _____ from fiber-optical requires _____ the settings _____ plan, _____ give me.

Is _____ necessary _____ change my _____ plans if I switch from _____ connection _____?

_____ you _____ if the _____ between fiber-optic and _____ impacts _____?

_____ fiber optics to coaxial affect _____ customizations?

When transitioning from _____ connection to _____ coaxial _____ it _____ to _____ to _____ plans?

Is it _____ make _____ my _____ when _____ transition _____ a fiber-optic _____ to a coaxial _____?

_____ plan customizations be required _____ fiber-optic _____?

Is there a requirement for changing _____ when _____.

_____ the change from _____ to _____ requires _____ to _____ alterations to _____ explain.

Is _____ necessary _____ change plan options _____ there _____ connections?

When changing _____ fiber and coax _____ you need _____?

_____ I _____ modify _____ new plans if I change _____ fiber and _____?

Is there _____ custom _____ if they _____ fiber and coax _____?

_____ tell me _____ changing _____ and coaxial _____ affects plans?

Is _____ possible _____ option for _____ plans _____ I switch to _____ and coaxial _____?

If _____ between _____ coaxial _____ could you tell us?

Can you _____ me if changing between _____ and _____?

_____ there _____ that need to _____ to _____ plans' _____ while _____ forth between fiber optics _____ cable?

Changing from fiber _____ some changes _____ options.

Do I have to _____ the plans _____ I _____ coaxial _____?

_____ there a _____ to modify _____ option _____ plans if I _____ fiber _____ connections?

_____ changing from fiber to _____ are _____ to _____ your _____?

Can _____ if a change from a _____ to a coaxial _____ will _____?

Is _____ make changes to _____ plans when _____ from _____ to _____?

_____ from _____ to a coaxial _____ affect my ability _____ my _____?

Do you have _____ if you _____ from _____ to coaxial?

_____ be any _____ to the _____ to _____ a _____ from fiber-optic _____ coaxial connections?

I _____ to _____ if _____ fiber-optic and _____ necessitates _____ customizations.

Would _____ be _____ toggling between _____ necessitates _____ customizations?

Is it necessary to make _____ to _____ specifications _____ and _____?

Is _____ to _____ plans _____ changing from _____ to coaxial?

_____ any _____ required _____ include a shift from _____ to coaxial connections?

_____ tell me if the _____ from fiber-optic _____ me _____ or customizations.

You _____ changing _____ a fiber-optic _____ a coaxial connection will _____ plan _____.

_____ it necessary _____ adapt _____ selections within _____ offerings _____ change _____ and Coax?

Please clarify _____ the _____ fiber-optic _____ cables will affect _____ customizations.

When I transition _____ a _____ a coaxial _____ to make adjustments _____ my _____ plans?

Is _____ plan customizations if _____ fiber-optic _____ coaxial?

Do _____ need _____ made _____ specifications _____ shifting _____ fiber-optic and coaxial?

Are ____ any ____ required ____ the plans ____ shift from ____ to ____ connections?

When ____ fibreoptic vs ____ are any switches that are ____?

____ it ____ to ____ plans if ____ change ____ and coaxial connections?

____ possible toggling ____ fiber-optic ____ coaxial necessitates ____ customizations?

____ plan options when changing ____ coax ____ fiber connections?

____ it ____ necessary toggling ____ fiber-optic and ____ requires ____?

Is it possible ____ modify customization options ____ certain plans ____ I ____?

____ to change my ____ when I switch between ____ coaxial ____?

____ if switch between fiber-optic and coaxial ____ plan ____?

____ me ____ the ____ modify my ____ will be ____ by moving ____ a fiber-optic connection to ____ cable?

____ the ____ to coaxial ____ me ____ change settings, please tell ____.

Do ____ there ____ to the ____ if one ____ from fiber ____ coaxial cables?

____ you switch between ____ what changes are ____ for ____ custom ____?

____ you tell me ____ switch ____ and coaxial connections ____ customizations?

Is ____ necessary ____ make changes to ____ changing between ____ and ____?

____ I have ____ modify my ____ I ____ fiber-optic to ____ connections?

____ the ____ to modify option ____ different ____ I change between ____ connections?

Would it be ____ and coaxial weregglng?

____ the change from fiber-optical to ____ make modifications to ____ plan, ____.

____ you ____ me if the change from fiber-optic ____ affect ____ options?

Do ____ to ____ the options ____ my ____ if ____ switch ____ fiber-optic ____ coaxial?

____ I switch ____ fiber-optic ____ coaxial ____ there be ____ the plans?

Can you ____ fiber-optic and ____ affects ____ customizations?

____ you tell ____ fiber-optic and ____ connections will affect ____ plans?

When ____ between ____ coaxial, is there ____ for ____ in plan ____?

Can you ____ if ____ fiber-optic ____ a coaxial connection will affect ____?

____ tell me if the ____ fiber-optical to ____ requires ____ modify ____.

Is there a requirement for ____ modify ____ switch ____ and ____ connections?

Is ____ switch ____ fiber-optic ____ coaxial ____ customizations?

Is there ____ to modify ____ I ____ and coaxial?

____ switch to ____ fiber ____ coaxial ____ can ____ plan's customization options?

____ I need to ____ available ____ if I switch between ____ and coaxial ____?

Is ____ a ____ modify ____ if I change between ____ and ____ connections?

____ I ____ change my choices ____ I ____ coaxial and fiber-optic ____?

Should changes ____ required ____ plan specifications ____ fiber-optic and ____?

Is it necessary ____ any changes ____ plans' options ____ moving ____ and forth ____ cable?

Should ____ if yougglng between ____ and coaxial?

____ between ____ and ____ connections ____ plan options?

____ changing from ____ to a ____ connection ____ plan ____?

____ am ____ if ____ can modify the ____ for ____ I switch to both ____ connections.

____ between ____ connections requires changes to ____ plans, please let ____ know.

____ tell ____ if ____ necessary to ____ the plan's options when ____ connections?

If you ____ and coax ____ make ____ to your ____?

____ between fiber-optic ____ requires plan ____?

____ like to ____ to coaxial ____ fiber-optical requires changing ____ for my ____.

Is it ____ to ____ you ____ from fiber-optic to coaxial?

Will the ____ choices ____ affected ____ fiber-optic to ____?

____ from fiber-optical is something that ____ settings for my plan, ____ provide.

Do ____ know if the ____ fiber-optic ____ coaxial ____ customizations?

____ tell ____ if changing from ____ fiber-optic ____ coaxial one ____ affect ____ options?

_____ confirm _____ the swap from _____ coaxial affects the _____?
 Is _____ fiber-optic to coaxial _____ my _____?
 Is _____ modifications _____ to be _____ to _____ while moving _____ optics and coax cables?
 _____ there any _____ to _____ plans _____ swaps from _____ to _____ cable?
 _____ there any _____ in the plans _____ accommodate _____ from fiber-optic _____ coaxial _____?
 Is there _____ change _____ the plans if _____ fiber _____ cables _____?
 _____ there a requirement to _____ plans if _____ change _____ fiber- _____?
 Is it _____ modify _____ certain plans if I _____ both fiber _____ coaxial connections?
 _____ me if the _____ between _____ and coaxial connections _____?
 _____ between _____ and coaxials, _____ requirement for _____ customization options?
 _____ be a _____ to modify the option _____ new plans _____ I change between _____ _____?
 _____ necessary for _____ to _____ made to the _____ when transitioning _____ fiber _____?
 _____ switch _____ fiber-optic _____ coaxial effecting _____ customizations?
 _____ between Fiber _____ and Coax _____ adaptation _____ personalized selections, please _____.
 _____ necessary _____ modify option _____ if I change between fiber _____ coaxial _____.
 _____ necessary to change the options _____ if you _____ between _____ and _____?
 _____ know if _____ from fiber-optic _____ coaxial affects _____ design?
 _____ a need _____ plan customizations _____ fiber-optic and _____.
 _____ it _____ personalized selections _____ service _____ when changing _____ Optic and Coax?
 Do I _____ to modify the _____ plans if _____ fiber-optic _____ coaxial connections?
 _____ there _____ modify _____ for new _____ if I change _____ fiber and _____?
 _____ have _____ be a change in _____ for _____ plans _____ change between fiber _____ coaxial _____?
 _____ there _____ requirement to _____ the plan _____ switch between fiber _____ _____?
 Do _____ to _____ your customization _____ when _____ fiber to _____?
 _____ in _____ to _____ from fiber to coaxial _____?
 Please _____ the transition _____ fiber-optic to coaxial _____ me to _____.
 Is _____ necessary toggling _____ coaxial necessitates _____?
 Does changing between fiber-optic _____ coaxial connections _____?
 _____ change from fiber-optic _____ coaxial _____ my plan _____?
 If the change _____ from _____ that _____ changing settings, _____ provide.
 Should I _____ if I switch _____ fiber-optic _____ coaxial _____?
 _____ the _____ choices _____ affected by _____ fiber- to coaxial?
 _____ changes are _____ in _____ options _____ switch _____ fiber _____ coaxial?
 _____ switch between _____ and _____ connections _____ to the plans, please _____.
 _____ let me _____ if _____ from a fiber-optic to a coaxial _____?
 _____ switch between a fiber-optic _____ coaxial _____ have _____ change _____ choices?
 Is _____ possible _____ between _____ optical _____ coaxial _____ plan _____?
 Are _____ if _____ coaxial necessitates plan customizations?
 _____ adjustments needed _____ you switch from fiber-optic to _____?
 If _____ change to _____ from _____ is something _____ requires changing _____ for my plan, _____.
 Should plan customizations _____ if fiber-optic _____ place?
 _____ transition from a fiber-optic _____ to _____ coaxial _____ it _____ to my preferred plans?
 _____ you _____ me if the _____ and coaxial _____ plan _____?
 _____ have _____ change _____ I switch to a fiber-optic _____ hookup?
 Can you _____ if my ability _____ my _____ is affected _____ from _____ connection _____ cable?
 Does the _____ to _____ the plan choices?
 _____ there _____ changes required _____ plans in _____ shift from fiber-optic _____ coaxial _____?
 _____ necessary toggling _____ and coaxial necessitates _____ revisions?
 _____ switch _____ fiber-optic to coaxial connections, _____ there be any _____?
 _____ the plan _____ affected _____ the _____ to coaxial?

Would _____ be necessary _____ plan _____ if _____ between fiber-optic _____ ?
_____ the plan _____ affected by this _____ from _____ coaxial?
Are _____ say _____ changing _____ fiber-optic to a _____ affect my options?
If there _____ changes _____ options for available plans _____ is a switch between _____ .
_____ there _____ in _____ to accommodate the _____ from fiber-optic _____ coaxial?
_____ switch between fiber-optic and _____ affect _____ choices?
_____ any modifications that _____ to be _____ plans' options _____ moving back _____ forth between _____ and _____ ?
Can you _____ customizations are _____ by _____ between fiber-optic and _____ ?
Is a _____ to modify the _____ new _____ if _____ and _____ connections?
_____ it possible _____ fiber-optic to _____ affects _____ customization.
_____ you tell me if _____ are impacted _____ between _____ and coaxial _____ ?
Is it necessary _____ personalized selections _____ offerings _____ changing _____ Fiber _____ ?
Do _____ to _____ plan options when _____ between fiber _____ connections?
When I transition _____ a fiber-optic connection _____ it necessary to make _____ plans?
_____ the _____ to _____ requires changing settings, _____ give me _____ information.
_____ fiber and _____ connections, can I _____ the plans' customization _____ ?
If the change from fiber-optical _____ is _____ requires _____ to _____ explain.
_____ tell _____ the switch between _____ and coaxial connections _____ affect _____ ?
_____ like to _____ the transition _____ coaxial _____ me to change any of _____ .
_____ swap _____ fiber-optic to coaxial _____ plan _____ ?
_____ alter the customization options _____ certain _____ I switch to fiber and _____ ?
If _____ switch _____ and coaxial _____ in customization, please _____ us.
Is _____ to modify the _____ plans' _____ moving _____ and _____ between fiber _____ and _____ ?
When you switch _____ and coaxial connections, what _____ needed _____ customization?
_____ tell _____ the _____ customizations _____ impacted by the _____ fiber-optic and coaxial _____ ?
If the change _____ from _____ that requires _____ to make _____ to my _____ please _____ .
_____ the _____ between fiber-optic _____ affecting customization _____ .
While _____ between fiber _____ coax cables, are _____ modifications to the available plans?
What _____ need to be made in regards _____ plan _____ changing _____ fiber _____ ?
_____ to change plan specifications when _____ and coaxial?
_____ there _____ changes that _____ to _____ the plans' options _____ moving between _____ coax cables?
_____ need for adjustments _____ plans when you switch from _____ ?
_____ be _____ toggling _____ fiber-optical and coaxial _____ plan _____ ?
_____ you tell me _____ to _____ plan is _____ moving from _____ fiber-optic connection to _____ cable?
_____ you _____ if toggling between _____ and coaxial _____ ?
When _____ between _____ coaxial _____ I _____ to change my choices?
Will the plan _____ be _____ to coaxial?
What changes _____ to _____ custom _____ if you _____ between fiber _____ ?
If the _____ to _____ from _____ me _____ plan, please let me _____ .
_____ that swapping _____ coaxial affects plan personalization?
Is _____ necessary _____ me _____ change settings or _____ plan in _____ to _____ to coaxial?
_____ know if fiber-optic _____ affect plan customizations?
_____ shift from fiber-optic _____ coaxial _____ require _____ the plans?
_____ any _____ to _____ plans if _____ swaps from fiber optic _____ ?
_____ any changes _____ to _____ plans regarding _____ from fiber-optic to _____ connections?
_____ you tell _____ the change from _____ fiber-optic to a _____ connection _____ ?
_____ to _____ if _____ transition _____ fiber-optic to coaxial _____ me to _____ my _____ plan.
If the _____ from _____ coaxial _____ settings or customizations, please tell _____ about _____ .
_____ would _____ to _____ whether changing _____ a fiber-optic to _____ coaxial _____ will _____ plan _____ .
Do _____ know _____ swap from _____ to coaxial _____ ?

____ change ____ fiber to ____ do you ____ modify your ____?
 ____ making ____ transition ____ fiber-optic to ____ requires ____ to change any settings.
 When ____ fiber-optic to coaxial, are ____ necessary adjustments ____?
 Can I modify the ____ options ____ I ____ to ____ coaxial?
 ____ I ____ the ____ for different plans ____ change between ____ and ____?
 ____ you tell ____ if ____ and ____ switch ____ customizations?
 Will the ____ affected by shifting from ____ to ____?
 Do ____ my plans if ____ switch from ____ to coaxial ____?
 ____ you tell me ____ between fiber-optic ____ coaxial alters ____ plan ____?
 Can you ____ if the ____ fiber-optic ____ coaxial ____ the ____?
 ____ like ____ know ____ transition ____ to coaxial requires me ____ change any ____.
 ____ it be possible ____ fiber-optic ____ plan changes?
 When ____ fiber ____ coax connections, ____ it necessary ____ the ____ options?
 ____ me if changing ____ and coaxial ____ will affect ____ plans?
 ____ I ____ to change my ____ to a fiber-optic or ____?
 ____ that switch between fiber-optic ____ changes ____ customizations?
 Does anyone know if ____ changes ____ if one ____ fiber to ____?
 ____ tell ____ if ____ transition from fiber-optic ____ coaxial ____ to ____ any of ____ settings?
 Can ____ change the ____ on certain ____ if I ____ to ____ connections?
 ____ you ____ me if ____ to switch ____ fiber-optic ____ for your plans?
 When ____ fiber-optic ____ there ____ changes ____ in plan specifications?
 What changes will need ____ be made to ____ options ____ coaxial ____?
 If ____ change ____ from ____ requires changing ____ for ____ please ____ it.
 ____ be changes to ____ you switch ____ and coax cables?
 Can ____ tell me ____ a switch between ____ messes up ____ for ____ plans?
 Do you ____ changing between fiber-optic ____ connections impact ____?
 Is ____ necessary to modify ____ for ____ I ____ between fiber ____ coaxial ____?
 Is there a requirement to ____ the ____ for ____ I ____ between ____ and ____?
 ____ you need ____ changes to your options when going ____?
 Is it ____ to ____ the options ____ certain ____ if I ____ both ____ connections?
 ____ true that ____ fiber-optic ____ coaxial affects ____ design?
 Will it be necessary ____ modify ____ changing ____ fiber ____ connections?
 If I ____ to ____ fiber and ____ connections, can I modify ____?
 ____ I transition ____ connection to ____ coaxial one, ____ it ____ to make adjustments ____ plans?
 Will it ____ make adjustments to ____ when I ____ a ____ connection to a coaxial ____?
 Are ____ any ____ need to be ____ to ____ to move back and ____ fiber ____ and ____?
 Is it ____ change ____ plan options when ____ from ____ coaxial?
 ____ offer ____ change to coaxial from ____ is ____ settings for my ____.
 Is it necessary ____ me ____ change my ____ when ____ switch ____ coaxial ____?
 What changes ____ needed for custom ____ they ____ between ____ cables?
 Is ____ between fiber-optic and coaxial ____ customizations?
 Are ____ fiber-optic ____ coaxial ____ customizations?
 ____ there ____ to ____ different plans when changing between fiber and ____?
 Do ____ need to ____ plans ____ they switch between ____ coax cables?
 ____ I ____ to both ____ connections, can I ____ the ____ I ____?
 Do I ____ to make changes ____ plans ____ switch ____ fiber-optic ____?
 ____ there ____ requirement for you ____ modify plans if ____ coaxial connections?
 ____ don't ____ need to ____ choices ____ I switch ____ fiber-optic ____ coaxial hookups.
 Will changing between ____ and ____?
 Is it ____ modify the customization options for certain ____ if ____ to ____ coaxial ____?

Can _____ me _____ switching between fiber-optic and _____ the _____?

Should plan customizations _____ required _____ fiber-optic _____ are _____?

_____ fiber-optic to coaxial, _____ need to modify our plans?

_____ clarify _____ the switch between _____ coaxial cables _____ customizations in _____ plan.

_____ swapping _____ fiber-optic to _____ plan _____?

Is _____ between fiber-optic and _____ necessitates plan _____?

_____ between _____ and _____ changes required in _____ specifications?

_____ that the switch _____ and coaxial _____ plan customizations?

_____ coaxial from fiber-optical is something I _____ to _____ modifications _____ plan, _____ explain.

_____ tell me if _____ fiber-optic _____ coaxial necessitates plan _____?

Is _____ reason _____ plan _____ between fiber-optic _____ coaxial?

_____ options when _____ between _____ and coax connections is _____.

_____ between fiber-optic _____ connections affect _____ plan customizations?

_____ from fiber-optical to coaxial requires changing _____ for _____ give me _____.

_____ I _____ customization options for certain plans _____ switch _____ coaxial connections?

_____ want to know _____ changing _____ fiber-optic connection to _____ one will _____.

Is changing _____ connection affecting my ability to _____ plan options?

_____ you _____ me _____ coaxial _____ affect plan customizations?

_____ for plan _____ when _____ between fiber-optic _____ coaxial?

Will it _____ to _____ plan _____ when _____ between fiber _____ coax _____?

Does _____ affect _____ if _____ switch _____ fiber-optic and _____ connections?

_____ I have _____ change _____ options if I _____ fiber-optic and _____ hookup?

_____ requirement for updating _____ when _____ between _____ and coaxials?

_____ have to _____ for available plans if _____ switch _____ fiber-optic to _____?

_____ transitioning between fiber-optics _____ coaxials, _____ a _____ for _____ plans?

Is it possible _____ the option _____ plans _____ I change _____ coaxial _____?

_____ change _____ fiber to coaxial, _____ need to modify _____?

Is there a _____ to _____ if you _____ fiber _____ connections?

_____ changing _____ fiber-optic _____ coaxial _____ my plan options?

If fiber-optic and _____ necessitate plan customizations, _____?

_____ changing connections from _____ to _____ we need _____ plans?

Please tell _____ the _____ be _____ switch between fiber-optic _____ coaxial cables.

If _____ change _____ fiber-optical _____ me to make _____ to _____ plan _____ tell _____.

_____ I _____ from _____ fiber-optic _____ coaxial _____ it necessary to make adjustments _____ plans?

_____ it required to modify _____ for _____ plans _____ I _____ between fiber- _____?

_____ the switch _____ to _____ affect customizations?

Is there _____ customization _____ fiber-optic and coaxial _____?

Is _____ for modifications to _____ options when moving _____ and forth _____ fiber _____?

_____ change _____ options _____ you change _____ fiber and coax connections?

Does _____ changing _____ to _____ connection affect my _____?

_____ it _____ change plan options if _____ switch _____ and _____?

Is it possible _____ from _____ a _____ will _____ my _____ options?

_____ plan choices be _____ fiber-optic with coaxial?

If the _____ from _____ coaxial _____ me to _____ or _____ please _____ me.

_____ the change to coaxial _____ fiber-optical is _____ I _____ make _____ my plan _____.

_____ are changes _____ need _____ be _____ for _____ if _____ between fiber _____ coax cables.

If it's necessary to change the _____ available plans if _____ fiber-optic _____.

_____ there adjustments _____ need to _____ made _____ existing plans _____ fiber-optic to _____?

_____ there _____ to modify plan _____ when changing between _____ and _____?

_____ tell _____ a fiber-optic connection _____ a coaxial connection will _____ plan options?

Can a _____ between fiber-optic _____ connections _____ plan _____?

Is _____ requirement _____ the options for _____ plans _____ I _____ fiber _____ coaxial connections?

_____ there _____ changes that _____ to _____ available plans' options while _____ and _____ between fiber _____ cable?

Is _____ to _____ choices if I _____ a _____ and coaxial _____?

_____ changing _____ and coax _____ it _____ to modify the plan _____?

Will the _____ subscription _____ affected by the switch _____ fiber-optic _____ cables?

Is there a requirement _____ modify _____ change between fiber and coaxial _____?

_____ I _____ to _____ coaxial and fiber connections, _____ the options _____ plans?

Will _____ choices be _____ a switch _____ to coaxial?

_____ a _____ for different _____ if I change between fiber- and _____?

_____ changing _____ fiber-optic and _____ impact plan _____?

Please _____ if _____ from _____ coaxial is _____ requires changing _____ for _____ plan.

_____ don't know if I have _____ modify _____ options when _____ switch _____ connection.

_____ from _____ to coaxial do _____ to _____ options?

Can _____ me _____ the plan's _____ need _____ be _____ when changing _____ fiber-optic _____ coaxial connections?

Please let _____ know if _____ fiber-optical to _____ changing _____ my plan.

_____ between _____ and _____ is there _____ requirement _____ updating _____ customization _____ in _____ plans?

_____ the _____ fiber to coaxial affect _____ on _____ plans?

_____ between fiber-optics _____ there need to _____ changes to _____ plans?

_____ the option for different plans _____ I _____ between fiber- _____ coaxial _____?

Is _____ any _____ adjustments to _____ plans _____ you switch from _____?

_____ the _____ plan choices be affected _____ to coaxial?

_____ it _____ toggling _____ fiberoptic and _____ necessitates plan _____?

_____ you _____ if changing _____ coaxial affects plan _____?

_____ the _____ between _____ and coaxial _____ customizations?

_____ the transition from _____ coaxial requires _____ to _____ changes _____ my _____ please _____.

_____ you _____ if _____ and _____ changes plan customizations?

_____ it _____ plan options when changing between fiber _____.

_____ any _____ for changes _____ the _____ from fiber to coaxial?

Will it _____ to modify plan options _____ coax connections.

_____ there _____ changes for _____ if _____ switch _____ fiber and coax _____?

_____ I have to change _____ I _____ between _____ fiber-optic and _____?

_____ it possible to _____ customization options for certain _____ I switch to _____ coaxial _____?

Does _____ shift _____ coaxial _____ any _____ to the plans?

Can you _____ if _____ fiber-optic _____ a _____ connection will affect _____ plan _____?

_____ any _____ be _____ to the _____ options _____ moving _____ forth _____ fiber and coax _____?

Can _____ change the _____ for _____ plans _____ I _____ to _____ fiber _____ connections?

If I change _____ and coaxial connections, is _____ to _____?

If the change _____ from fiber-optical _____ make modifications to my _____.

_____ requirement to modify _____ plans if _____ fiber and coaxial connections?

_____ have _____ modify _____ for the _____ if _____ change between _____ coaxial connections?

_____ me _____ and coaxial connections affect customizations?

Is there _____ change to _____ plans if _____ swaps _____ optic _____ setup?

_____ it possible _____ fiber-optic _____ to a coaxial connection _____ my _____ options?

When you _____ between fiber-optic _____ coaxial _____ me how _____ affect _____ plans?

_____ I need to _____ to _____ when I _____ from fiber-optic _____ connections?

Are _____ plan _____ impacted by the _____ coaxial connections?

Will the plan _____ affected by _____ switch _____ fiberoptic _____?

_____ know _____ switch between fiber-optic _____ alters _____ plan?

Does changing from _____ fiber-optic to _____ my ability _____ my _____ options?

____ you tell ____ if ____ customization options ____ be changed ____ from fiber-optic ____ coaxial connections?
 Will you ____ to ____ options when ____ change ____ coaxial?
 ____ there a requirement ____ modify ____ between fiber ____ coaxial connections?
 I ____ to know if ____ from ____ me to modify ____ plan.
 Is it ____ modify ____ certain plans ____ I switch to ____ coaxial connections?
 Will the customizations ____ be affected ____ between ____ and coaxial cables?
 ____ between ____ coaxial connections affect your ____?
 Changes ____ plans if ____ switch between ____ coax cables.
 Is there ____ to the ____ plans ____ I ____ fiber ____ and coax ____?
 Is ____ for ____ to ____ plans ____ you ____ from ____ to coaxial?
 ____ need to be ____ to existing ____ when you ____ to ____?
 ____ I have to change my ____ when ____ a fiber-optic ____ coaxial ____?
 Will the ____ plan ____ you switch ____ fiber-optic ____ coaxial?
 Changing between fiber ____ coax ____ may ____ modifying ____.
 Is ____ the available plans ____ switch between ____ optics ____ coax feeds?
 Will I be ____ to modify ____ if ____ switch to both fiber and ____?
 ____ to both ____ and ____ can ____ modify the customization ____ for certain ____.
 It's necessary ____ if it ____ necessary ____ plans ____ between coaxial.
 Would it be possible ____ and ____ plan ____?
 If switching ____ and coaxial connections ____ in customization, ____.
 ____ the switch ____ fiber-optic and coaxial ____ customization ____?
 Can ____ tell ____ if ____ need to ____ altered to ____ between ____ coaxial connections?
 When changing ____ fiber ____ coaxial ____ required to ____ options?
 When I ____ a fiber-optic ____ a ____ do ____ to ____ adjustments ____ my preferred plans?
 ____ swap ____ fiber-optic to coaxial affects plan ____?
 ____ I ____ plans ____ I switch to both ____ and coaxial connections?
 Is it necessary toggling ____ coaxial ____ customizations?
 ____ it comes ____ between fiber-optics and ____ a requirement for ____ choices?
 ____ you ____ if the swap ____ to ____ affects ____ design?
 ____ fiber-optic to coaxial affect the available ____?
 Do I have to ____ the ____ for ____ plans ____ change ____ coaxial ____?
 ____ possible that the available plan's customization ____ need to ____ changed ____ between ____ and ____?
 Do ____ between ____ and ____ necessitates plan customizations?
 When ____ between fiber-optics ____ do ____ to ____ changes in ____ plans?
 When you ____ between ____ and coaxial ____ tell ____ if the plan's ____ to be ____?
 ____ can confirm ____ swap from fiber-optic ____ coaxial affects ____.
 ____ it ____ for ____ in ____ specifications when shifting between ____?
 ____ need ____ made to plan ____ to switch between ____ and ____ connections?
 Can ____ me if ____ between fiber-optic and coaxial?
 ____ there any ____ in the ____ one chooses to ____ fiber ____?
 If ____ is necessary to ____ the customization ____ for the ____ between fiber-optic ____ coaxial ____.
 ____ between ____ and ____ connections ____ plan options?
 Do I have to modify ____ if I switch ____ fiber-optic ____ coaxial ____?
 Do you know if ____ a ____ to a coaxial ____ my ____?
 ____ tell ____ whether ____ and coaxial changes plan ____?
 When transitioning between ____ coaxials, is a ____ for ____ customization ____?
 ____ a ____ modify option ____ different ____ if ____ change ____ fiber and coaxial ____?
 Is it possible ____ fiber-optic ____ changes plan ____?
 ____ you tell ____ if changing from ____ a ____ connection will ____ my ____.
 ____ plan ____ have to ____ changed ____ fiber and coax ____?

_____ and coaxial _____ customizations, _____ you clarify?

_____ it _____ change _____ options _____ connecting fiber _____ coax?

Can _____ tell me _____ a _____ and _____ connections will affect _____?

_____ changing _____ and _____ what changes will _____ to _____ to the plan _____ options?

_____ you switch from fiber _____ coaxial, _____ you _____ your _____?

Can _____ tell me whether _____ between _____ affects _____ customizations?

Is _____ me _____ the customization options _____ certain plans if I switch _____ fiber _____ coaxial _____?

If the change _____ fiber-optical _____ settings _____ my _____ please provide

Is there _____ to modify _____ changing _____ to coaxial?

_____ offer if the change _____ coaxial from _____ is _____ that _____ changing _____.

Can there be _____ to the _____ fiber _____ coaxial?

_____ connections _____ to coaxial _____ we _____ to modify plans?

There are _____ needed _____ customization of _____ when _____ from _____ to _____.

Will the available _____ options _____ affected by _____ from _____?

Is _____ necessary for _____ customizations if you are juggling _____?

_____ any modifications be made to the _____ options _____ back _____ between _____ and _____?

_____ there _____ need _____ be made to the plans' _____ moving between fiber optics _____?

Is _____ to _____ the _____ different _____ when I change between fiber _____ connections?

_____ the _____ coaxial from _____ changing settings for _____ plan, _____ provide.

_____ requirement _____ modify the _____ different _____ I change between fiber and coaxial _____?

_____ to modify the _____ for _____ plans _____ I _____ to _____ fibers?

Do _____ have to modify _____ plans _____ switch from _____?

_____ it affect _____ customizations if _____ and coaxial?

Does changing _____ a fiber-optic _____ a coaxial _____ personalize _____ plans?

Is there _____ plans if I switch _____ fiber and _____ connections?

When transitioning between _____ there _____ be _____ for _____ customization choices in _____.

Can _____ from fiber-optic to coaxial _____ plan _____?

_____ I make changes _____ my _____ I _____ to both fiber _____?

_____ plan _____ be _____ juggling fiber-optic and _____?

_____ it _____ options for certain plans _____ I switch to fiber and _____.

When changing _____ fiber-optic and coaxial _____ can _____ tell _____ if _____ customization _____ be changed?

_____ between _____ can you tell _____ if _____ plan's _____ options need to be changed?

_____ it _____ if you _____ from fiber-optic _____ coaxial connections?

_____ switching between _____ affect _____ plan customizations?

Is _____ requirement to _____ option _____ new plans if I _____ fiber _____ connections?

Can _____ options for certain _____ I switch to both _____ connections?

_____ I modify _____ options for _____ switch to _____ coaxial and _____ connections.

Can _____ tell me _____ coaxial _____ plan customizations?

_____ necessary to modify personalization _____ when _____ from fiber _____?

_____ I switch from _____ to _____ connections, do _____ have _____ options?

If _____ from fiber-optical _____ changing _____ for the plan, _____ provide.

_____ you clarify if _____ plan's customization options _____ to be changed _____ you _____ fiber-optic _____?

Will _____ plan choices be influenced by _____ from _____?

Is _____ requirement _____ modify option _____ I change _____ fiber _____ coaxial connections.

_____ between _____ and coaxials, _____ there have to _____ changes to _____?

Is it _____ that the _____ plan's _____ be changed when _____ connections?

Is it _____ modify _____ plans for changing _____ fiber-optic to _____?

_____ you clarify _____ the _____ a _____ to _____ coaxial _____ affect my _____ options?

Will _____ plan _____ if you _____ between _____ and coaxial _____?

_____ it _____ between fiber-optic _____ necessitates customizations?

Is it _____ swapping _____ to coaxial affects _____?

If _____ between _____ and Coax requires _____ selections _____ offerings, _____ that.

_____ to change my choices _____ to a _____ coaxial hookup?

While moving _____ and _____ optics and _____ there any changes required _____ the plans' _____?

Do _____ think _____ a _____ a _____ connection will affect _____ plan _____?

Can _____ the _____ certain plans if _____ to _____ fiber _____ coaxial connections?

_____ modify the customization options for certain plans _____ and fiber _____?

Can you tell me _____ the _____ from a _____ connection _____ affect _____ options?

_____ I have to _____ the _____ if I switch _____ fiber-optic _____ coaxial _____?

If _____ transition _____ to coaxial _____ change settings _____ modify my _____ please explain.

Will I have _____ the _____ switch from _____ coaxial connections?

Changing _____ fiber-optic _____ coaxial should _____ the options in _____?

_____ like to know _____ changing _____ a fiber-optic _____ connection will _____ options.

Is there _____ to custom _____ if you _____ fiber and _____ cables?

Can the switch between fiber-optic _____ coaxial _____?

Is _____ any _____ the plans _____ chooses to _____ fiberoptic cables to _____ setup?

_____ be any changes made to the plans' _____ while _____ back _____ and cable?

_____ the plan _____ be affected _____ going _____ to _____?

Would _____ make sense _____ coaxial necessitates plan _____?

_____ switch between _____ coaxial _____ the plan _____?

_____ you _____ if the _____ fiber-optic _____ coaxial alters _____ plan?

_____ I change _____ plan options _____ from _____ to _____ connections?

Do _____ need _____ the customization options _____ I switch between fiber-optic _____ connections?

_____ confirm _____ coaxial connections affect plan customizations?

Do _____ know _____ and coaxial _____ customizations?

Does _____ switch from _____ plan choices?

_____ you tell me _____ options _____ your plans will _____ if _____ between _____ and _____ connections?

Is _____ plan customizations _____ yougglng _____ and coaxial?

When I switch from _____ do I _____ make changes _____ my _____?

_____ the change to _____ fiber-optical requires changing _____ my _____ that.

Is _____ requirement to _____ new _____ I change between _____ and fiber connections?

When I _____ a _____ and _____ will I _____ to _____ my _____?

Do I need to change _____ for _____ available _____ if _____ fiber-optic _____ coaxial _____?

Can you clarify if _____ coaxial _____ plan customizations?

_____ we change _____ from fiber-optic to coaxial _____ we _____ to _____?

Do _____ need _____ modify _____ plans if I _____ fiber-optic and _____?

Can _____ tell _____ the switch _____ and coaxial _____ plan?

_____ the plan _____ be _____ the switch _____ fiber-optic and _____?

_____ there a _____ to modify the _____ plans if I _____ fiber- _____ coaxial _____?

_____ I need to _____ my _____ I _____ and coaxial hookups?

Does switch _____ coaxial _____ affect _____ customizations?

Can you tell me if the plan's options need to _____ fiber-optic _____?

When changing connections _____ coaxial _____ we need to _____?

Will the _____ affected by _____ switch from _____ to _____?

_____ the _____ options _____ the switch _____ fiber to coaxial?

Is _____ any changes _____ plans _____ one _____ to _____ fiber _____ coaxial setup?

Would it be _____ between _____ necessitates _____ modifications?

Can _____ the plans _____ certain _____ if _____ to both _____ and _____ connections?

Is there a requirement _____ plan _____ if _____?

_____ necessary _____ me to _____ my _____ I _____ from _____ connection to a coaxial one?

_____ changing from fiber _____ need _____ alter your options?
_____ the _____ of fiber-optic to _____ affects plan customization?
_____ between _____ coaxial affect customization?
Changing _____ fiber-optic to _____ require modifying _____ in available _____.
Will _____ to coaxial _____ on _____?
Is _____ possible that fiber-optic _____ plan _____?
Does _____ between _____ and _____ connections affect _____ options?
Will I _____ change my _____ if _____ switch to a _____?
_____ necessary toggling between fiber-optic _____ necessitates plan _____?
If the _____ coaxial from _____ optical is _____ that _____ for my plan, _____.
_____ know if the swap _____ to _____ plan customization?
When changing _____ fiber-optic _____ do we need _____?
_____ needed for a _____ plan if you _____ between _____ cable?
Is it _____ for _____ modify _____ for _____ plans if I _____ fiber _____ connections?
When _____ from fiber-optic _____ adjustments necessary for _____?
Is _____ to modify the _____ if _____ between fiber and _____ connections?
Is it _____ changing _____ coaxial connections impacts _____ plan _____?
_____ is _____ between fiber-optic and _____ requires _____ customizations.
_____ it possible _____ the customization _____ for certain _____ if _____ switch to either _____ or _____?
Will switch from _____ coaxial _____ choices?
_____ switch between _____ connections affect plan choices?
_____ be made _____ custom _____ they switch _____ fiber and _____ cables?
_____ from fiber-optic to coaxial _____ options in our _____?
Changing connections _____ fiber-optic _____ coaxial _____ we need _____ modify _____?
If fiber-optic _____ plan _____ could _____ tell us?
Is _____ possible that _____ plan's _____ options _____ to _____ changed _____ fiber-optic and coaxial connections?
_____ you _____ fiber-optic and coaxial connections _____ plan customizations?
If you _____ and coaxial _____ me how it will _____ my _____?
Can you _____ me _____ the plan's _____ need to _____ when _____ fiber-optic _____ coaxial connections?
_____ the change to _____ from _____ that _____ settings for _____ plan, _____ offer that.
Do you know _____ coaxial _____ requires me to _____ modifications _____ my _____?
_____ necessary to _____ options when changing to a coax connection.
Can I modify _____ options for _____ plans _____ to both _____ and _____.
_____ plan customizations be _____ by _____ switch between _____ connections?
If the _____ coaxial from _____ for my _____ please _____ me that _____.
Is _____ to _____ my _____ when I _____ a _____ and a coaxial _____?
When _____ fiber-optics _____ coaxials, _____ a requirement _____ update options _____ plans?
_____ I _____ customization _____ certain _____ if _____ switch _____ both fiber _____ coaxial connections?
Is _____ to _____ when shifting between fiber-optic and coaxial?
_____ would _____ know _____ transition from fiber-optic _____ requires _____ to change _____ settings.
Can I change my choices _____ a fiber-optic _____ coaxial _____?
Are there _____ fiber-optic _____ coaxial _____ customizations?
_____ switch from fiber-optic _____ going _____ affect _____ plan choices?
Is it necessary to _____ options when _____ and _____?
_____ tell _____ if the _____ between fiber-optic _____ plan customizations?
_____ like to know if _____ transition from fiber-optic _____ requires _____ to _____.
Is there _____ requirement to _____ the _____ between _____ coaxial connections?
What _____ required _____ the _____ of the plans when transitioning _____?
_____ between _____ connections do _____ need to modify _____ options?
_____ the transition _____ fiber-optic to coaxial _____ to _____ current _____ please tell me _____.

____ it necessary ____ to ____ changes to my ____ switch from ____ to ____ connections?
 Is it ____ change my choices ____ to ____ fiber-optic ____ hookup?
 Can ____ fiber-optic and coaxial ____ plan ____?
 Can ____ tell ____ if the ____ customization options need ____ be ____ when ____?
 Can you ____ if ____ fiber-optic and ____ affects plan ____?
 ____ it ____ to modify ____ options ____ you change ____ coax?
 If ____ change to ____ from ____ my plan, please provide.
 Can you tell us ____ and ____ plan customizations?
 ____ there have to ____ modifications for ____ if I ____ fiber ____ connections?
 ____ you need to make ____ options ____ from fiber ____ coaxial?
 ____ plan choices ____ affected by going from fiber-optic ____?
 Do ____ if the plan ____ by switch ____ coaxial connections?
 Do ____ know ____ from fiber-optic ____ me ____ change settings or modify ____ plan?
 ____ it required to change ____ option ____ new ____ I change between ____?
 ____ it possible that a ____ between ____ and ____ customizations?
 Can you ____ messes ____ the options for ____ plans ____ you switch between fiber-optic ____?
 If the ____ to coaxial from ____ requires ____ plan, please ____.
 ____ shifting between ____ is it necessary to ____ plan ____?
 Is the switch ____ fiber-optic ____ coaxial ____ choices?
 Can you ____ if the change from ____ fiber-optic ____ connection will ____?
 Will I ____ my ____ I switch between fiber-optic and ____?
 ____ I ____ option ____ different plans if I ____ between fiber and ____?
 Is ____ that ____ fiber-optic and coaxial ____ customizations?
 ____ I ____ to ____ plans ____ to fiber-optic or coaxial connections?
 ____ there changes ____ in the ____ accommodate a shift from ____?
 Should there be changes ____ the ____ options ____ available ____ if ____ fiber-optic and ____?
 Is ____ modify ____ plans ____ changing connections ____ fiber-optic ____ coaxial?
 ____ I ____ fiber-optic and ____ will there be adjustments ____ plans?
 ____ plan customizations ____ yougling ____ fiber-optic and coaxial?
 Is ____ any need ____ adjustments to ____ plans when ____ fiber-optic ____?
 Is it possible ____ switch ____ coaxial connections ____ customizations.
 ____ the available ____ be ____ moving from fiber-optic ____ coaxial?
 ____ tell me if ____ between ____ with the plans you have?
 Is ____ true that ____ fiber-optic and ____ plan customizations?
 ____ necessary ____ modify ____ when changing connections ____ fiber-optic ____ coaxial?
 ____ a need ____ make adjustments to ____ changing from fiber-optic ____?
 Please provide ____ the change to coaxial ____ that ____ settings.
 If the ____ fiber-optical ____ me ____ modifications ____ my plan please explain.
 Are there any requirements ____ option ____ different ____ change ____ fiber and ____?
 Can you say ____ and coaxial ____ affect ____?
 What ____ needed ____ plan ____ to ____ from ____ to ____ connection?
 ____ if the swap ____ to coaxial ____ the plan.
 ____ you ____ me whether changing from a ____ connection will ____ my ____?
 ____ necessary to ____ changes ____ my ____ I switch from fiber-optic ____ coaxial ____?
 ____ am ____ if ____ fiber-optic to ____ me to change any ____ customizations.
 Is there ____ that ____ to be made ____ the ____ moving ____ optics ____ coax cables?
 Are there ____ that ____ be made to the plans' options ____ between ____?
 Do I ____ modify the customization options ____ the available plans ____ between ____ coaxial ____?
 ____ like ____ if ____ fiber-optic to coaxial ____ me to change ____.
 Are there requirements ____ modify ____ for ____ if I change ____ fiber ____?

_____ requirement to _____ a plan if _____ change _____ coaxial connections?

Can you _____ if the _____ coaxial _____ plan customizations?

_____ have _____ change the options _____ plans _____ between fiber-optic _____ coaxial connections?

Please explain, _____ the _____ coaxial _____ fiber-optical is _____ requires me _____ make modifications _____ plan.

_____ will be _____ in terms _____ to _____ between fiber and _____ connections?

Is _____ necessary _____ change connections from _____ to _____ plans?

Does _____ switch between _____ and _____ affect _____ choices?

Can _____ me if _____ change between _____ it will affect your _____?

Can I _____ for _____ plans _____ I switch _____ and coaxial cables?

Is _____ any changes _____ if _____ chooses to swap _____ fiber _____ cables?

_____ changing _____ from _____ coaxial, do we _____ modify _____ plans?

Is _____ necessary _____ modify _____ in _____ when _____ connections _____ fiber-optic _____ coaxial?

Is _____ necessary _____ between Fiber-optic and _____ necessitates _____?

_____ tell _____ making _____ from fiber-optic to coaxial _____ me _____ change settings or _____ my _____.

When _____ from _____ to a _____ one, is it _____ changes to my _____ plans?

Do _____ have to _____ your options _____ from _____ to _____?

Can _____ between _____ and _____ connections _____ plan _____?

_____ that _____ switch between _____ and coaxial _____ the plan?

Is there _____ to _____ plans _____ fiber-optic to coaxial?

Is _____ need for adjustments _____ existing _____ from fiber-optic to _____?

_____ I _____ between fiber-optic and _____ connections, _____ I _____ modify _____ plans?

Is it necessary _____ if fiber-optic and _____?

_____ between fiber-optic and _____ connections _____ options?

_____ you confirm _____ fiber-optic _____ coaxial _____ affect plan _____?

When _____ fiber and _____ connections, _____ will be needed _____ terms _____ options?

_____ changing _____ fiber-optic _____ coaxial connections alter _____?

_____ me if the change _____ coaxial connections affects _____ customizations?

_____ would like _____ transition from _____ coaxial requires me to change settings _____ customizations.

Do changes _____ to plan specifications when _____ between _____ and _____?

_____ any requirements to modify _____ option _____ new plans _____ I _____ fiber _____ connections?

_____ it _____ to _____ my _____ I _____ from a _____ to a coaxial one?

_____ there any _____ to _____ for _____ plans if I _____ between _____ and _____ connections?

Can I modify _____ customization _____ if I change to _____ and _____?

Does anyone _____ there _____ to the plans _____ one _____ from fiber _____ coaxial setup?

Is it _____ to _____ customization options for certain plans _____ I _____ connections?

Is _____ changes that need to _____ made to the _____ fiber _____ and _____ cables?

_____ don't _____ if using _____ or _____ connections _____ plan options.

_____ the change to _____ from fiber-optical is _____ requires _____ plan, _____ contact me.

_____ it _____ that _____ customization _____ to _____ changed _____ using fiber-optic and _____ connections?

Is _____ necessary _____ modify options _____ from fiber to _____?

Will you clarify _____ toggling _____ fiber-optic _____ plan _____?

Is _____ necessary _____ change my preferred plans' _____ when _____ switch _____ a fiber-optic _____ to _____?

_____ between fiber-optic and coaxial _____ the _____ of _____?

If _____ coaxial _____ can I _____ the customization options for my _____?

_____ tell _____ I _____ change settings or modify _____ order _____ transition from fiber-optic to _____.

_____ changes needed _____ plans if _____ between fiber and _____ cables.

_____ changing from fiber-optic _____ coaxial _____?

_____ to modify _____ for some plans if _____ switch _____ both fiber _____ coaxial connections?

Do I need _____ plans _____ between fiber and coaxial connections?

Can you explain _____ toggling _____ fiber-optic _____ customizations?

Will ____ between ____ affect your plan ____?

Does ____ fiber-optic ____ coaxial ____ affect plan ____?

Do there need ____ be changes to ____ you ____ and ____ cables?

Does the ____ from fiber-optic ____ require ____ or customizations?

Is ____ possible toggling between ____ and ____ requires ____.

____ it is ____ plans for switch between coaxial, ____ necessary to ____.

____ between fiber ____ coaxial ____ changes will ____ to ____ to plan options?

Can you say ____ switch between ____ and coaxial ____?

____ confirm if the swap from ____ the plan?

____ fiber ____ and coaxial ____ changes will be ____ in terms ____ customization?

____ toggling ____ fiber-optic ____ coaxial necessitate plan customizations?

Should ____ clarify if ____ between ____ and ____ necessitates ____?

____ changing ____ fiber and ____ what ____ are needed ____ terms ____ plan customization ____?

____ the change ____ from fiber-optical requires ____ for ____ plan, please ____.

____ changes ____ fiber-optic to ____ my plan ____?

Are ____ any ____ the ____ for different plans ____ I ____ between fiber ____ coaxial ____?

____ it ____ plan choices due to switch ____ optical-fiber to ____?

____ changing from ____ a coaxial ____ going ____ affect my ____ options?

Does ____ between ____ and coaxial connections ____?

Is ____ true ____ changing ____ and coaxial alters ____?

Do I have to ____ options ____ I ____ fiber-optic ____?

Is ____ a ____ to modify ____ plans if ____ fiber and ____?

____ tell me if ____ plan customizations ____ impacted ____ switch ____ fiber-optic and ____?

____ the switch between fiber-optic and coaxial ____ my ____?

____ switch between a fiber-optic and coaxial hookup, ____ I need ____?

Is it ok toggling ____ coaxial necessitates ____?

When transitioning ____ fiber-optic connection to ____ coaxial one, ____ it ____ to ____ preferred plans?

____ does changing ____ to ____ affect my ____ options?

I would ____ if ____ transition ____ coaxial requires me to change settings or ____ my ____.

If changing ____ Fiberoptic and Coax ____ please ____ it out.

What ____ be ____ terms of plan ____ when ____ fiber and coaxial ____?

Is ____ fiber-optic ____ coaxial ____ required in ____ customization choices?

If it is ____ modify ____ customization ____ plans if you switch between fiber-optic ____.

____ like ____ if the transition ____ fiber-optic to ____ me to ____ settings.

____ be ____ needed ____ they switch ____ fiber and coax cables?

____ switch ____ fiber-optical ____ coaxial ____ for ____ plan, please give me.

Can ____ switch between fiber-optic and ____ affects ____ customizations?

Can fiber-optic and ____ options?

____ plan customization ____ you swap from fiber-optic ____?

____ choices be ____ if we switch ____ to coaxial?

Can you ____ me if plan ____ switch ____ and coaxial ____?

Is there ____ modifications that ____ made ____ the ____ while ____ fiber optics and cables?

When ____ from fiber-optic ____ coaxial, are there ____ existing ____?

____ transition from ____ coaxial requires ____ settings, ____ let me know.

Did ____ from fiber-optic to coaxial ____ plan ____?

____ change from fiber-optical ____ settings, please provide.

____ the ____ fiber-optic to ____ affect plan ____?

When transitioning ____ is a ____ updating customization choices?

____ it be ____ to change my choices when ____ fiber-optic ____?

Is changing between fiber-optic ____ cables ____ the customizations ____ plan?

_____ like _____ fiber-optical _____ coaxial requires changing settings for my plan.

_____ from _____ to _____ affects _____ customization?

_____ between _____ a requirement to update customization choices?

_____ switch _____ and coaxial connections affect your _____?

Is it _____ to modify _____ option for _____ if _____ coaxial connections?

Can _____ fiber-optic and _____ connections _____ the _____ options?

_____ change _____ from _____ requires _____ settings for my _____ please give _____.

Is there _____ change to the _____ if one _____ fiber-optic _____?

_____ necessary _____ make _____ to my plans when _____ from a _____ connection _____ one?

Can I _____ changes to _____ plans _____ I _____ fiber _____ coaxial _____?

Can I _____ options for certain _____ if I _____ coaxial cables?

Does _____ requirement exist to _____ the option _____ different _____ change _____ and coaxial _____?

_____ I _____ to _____ my _____ when _____ switch _____ a coax connection?

_____ between fiber-optics _____ coaxials _____ there _____ a requirement for _____ choices in _____?
