

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Pre-sales inquiries and product recommendations
Inquiry Sub-Category	Battery Life and Charging
Description	Customers want insights into the battery life, charging mechanisms, and any additional features related to power management for extended daily usage.
Data Size	5,146 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Will using ____ apps ____ more ____ due ____ resource-intensive nature?
Are ____ more power?
____ specific apps ____ because ____ a lot of resources?
____ resource- ____ draining ____ energy?
Is draining ____ by some ____ bigger ____ others because ____ ?
____ certain ____ may drain ____ energy?
Do specific ____ consume more ____ have more ____ ?
Is ____ that resource intensive ____ battery life.
Is there ____ app ____ in higher battery ____ demands ____ resources?
Is ____ true that ____ use more ____ than ____ ?
____ it ____ apps use more ____ ?
____ apps ____ lot of energy.
____ apps ____ more ____ than others because ____ resources?
Do ____ need a lot ____ more batteries?
There ____ some ____ that use up more ____ .
Is it possible that resource-demanding ____ the ____ ?
Are ____ apps ____ others?
Is ____ possible ____ resources ____ batteries faster?
I ____ if specific apps use more ____ a lot ____ .
Resource ____ apps ____ strain ____ .
Will using up ____ lot of resources ____ battery ____ ?
Some apps ____ faster because of ____ nature.
Is it possible that ____ apps ____ drain ____ usage?
____ some apps ____ battery than ____ ?
____ it ____ certain ____ charge quickly?
____ apps ____ battery because ____ have ____ lot of resources?
Resources-intensive ____ batteries?
Can ____ more draining of ____ than ____ because ____ their ____ ?

_____ demand _____ resources _____ others and _____ up more _____.

Might _____ apps _____ the _____ supply _____ wear down _____?

_____ possible that _____ apps _____ more battery _____ other ones?

Will _____ a _____ resources that will hurt _____ life?

_____ it _____ applications drain more _____?

Is it _____ can drain _____?

_____ apps _____ resources _____ others, _____ can cause battery _____.

Resource-demanding _____ the _____ quicker than other _____.

_____ reduce the _____ charge rate?

Is _____ true that _____ battery due _____ their resources?

Do _____ that _____ lot _____ resources _____ batteries?

_____ true that _____ demand _____ resources than others?

_____ are some apps _____ can _____.

Some apps _____ power-hungry tendencies _____.

Is _____ apps drain _____ energy?

Is _____ possible _____ some apps _____ much _____ on _____ phone?

Is _____ true that _____ apps kill _____?

_____ some apps _____ power?

_____ apps wear down the _____ supply _____ quickly?

Some _____ demands on resources _____ result _____ battery consumption.

Is it _____ battery life using _____ intensive _____.

_____ true _____ the resource-heavy apps _____ my _____?

_____ some _____ suck _____ more than _____?

_____ energy consumption in phones?

_____ more _____ is used _____ certain apps _____ resources?

_____ apps _____ batteries?

_____ reason _____ applications _____ more battery?

_____ deplete more energy?

Do _____ consume _____ because they _____ so much _____?

Will _____ the battery _____ rapidly?

_____ it _____ intensive apps use _____?

_____ possible _____ resources-heavy _____ will drain _____ faster?

_____ some apps _____ more _____ than _____.

Is it possible that some _____ more _____?

_____ resource-laden _____ going _____ drain batteries _____?

_____ it true that _____ resource-hungry _____ battery?

_____ apps might _____ sucking _____.

_____ apps draining _____ power?

Will _____ heavy _____ be draining _____?

_____ drain _____ battery faster _____ to _____ resource-intensive.

_____ demanding _____ batteries more quickly?

Do resource-intensive apps _____?

_____ applications with _____ resources _____ batteries _____?

_____ resource _____ apps use more battery?

Is _____ resource-heavy _____ energy?

_____ some _____ consume _____ battery?

With heavy _____ usage, _____ more battery is _____ certain _____?

_____ specific _____ use _____ because of _____ a _____ of resources?

_____ may be certain _____ more _____ juice.

_____ there a correlation _____ faster battery drain?

_____ apps suck more _____ than _____?

_____ apps _____ a _____ of resources _____ battery _____?

_____ life _____ damaged by using _____ apps.

Do specific _____ more _____ because of _____ need _____ resources?

Is it _____ that some apps use _____.

Will _____ applications discharge _____ battery _____ rapidly _____?

Is it _____ apps _____ cause _____ due to _____ resource usage?

_____ that use _____ battery power due to _____?

_____ it possible _____ some apps _____ battery drain because _____ usage?

_____ resource intensive _____ the batteries?

Do certain _____ suck your _____.

Will _____ that use _____ lot _____ the _____ life?

_____ are _____ that have _____ on _____ to higher battery consumption.

_____ specific apps _____ battery _____ of the resources _____?

_____ apps _____ of resource intensity?

The heavy _____ of _____ may _____ my phone's battery _____.

Do _____ with heavy _____ for _____ cause higher _____?

Is it _____ apps use _____ battery?

Are _____ draining batteries?

Is it true _____ up more _____?

_____ apps negatively _____ battery _____ by using up _____ resources?

_____ apps are _____ so will _____ more _____ others?

Is _____ life _____ by using _____?

_____ some apps _____ more _____?

_____ applications use _____ battery _____ their characteristics?

Are _____ that _____ lot of resources that _____ more _____?

_____ you think _____ some _____ use up _____ battery _____?

_____ there _____ why some apps _____ more resources _____?

_____ apps _____ battery time _____?

Do resource-demanding _____ faster than other _____?

Will apps use more _____ due to _____?

_____ certain applications _____ more _____ due to _____ use?

Do certain applications _____ battery _____ their _____?

Is _____ damage battery life _____ using _____ apps.

_____ some of _____ apps consuming _____?

_____ apps use _____ lot _____ battery _____ than others?

There _____ some _____ use _____ lot of batteries.

Do _____ apps ruin _____ battery life by _____ more _____?

Are specific apps _____ battery because _____ require _____?

Are _____ consume extra juice?

_____ that use _____ energy than _____.

_____ certain apps _____ to _____ quicker than others?

Is there _____ that has _____ battery _____ because _____ demands?

Do _____ apps _____ battery _____ their requirements?

_____ possible _____ intensive apps _____ more battery?

Is it _____ apps _____ batteries?

_____ some _____ too much _____ to drain _____ battery?

Some _____ too _____ resources and use _____.

_____ there an app _____ higher _____ consumption because of _____ resources?

_____ certain apps use _____ than _____?

Did ____ apps ____ battery?
 ____ possible that some apps ____ thirsty ____ others?
 ____ that ____ wear down the ____ supply quicker?
 Do specific ____ consume ____ batteries because ____ more ____?
 Some resource-heavy ____ be draining ____.
 ____ deplete your ____ faster?
 ____ applications ____ more ____ because they require a ____ resources?
 ____ possible ____ using resource- intensive apps ____ life?
 Is ____ apps with ____ of resources consume more ____?
 ____ apps deplete ____ batteries ____?
 ____ batteries larger for apps ____ more than ____?
 Is it ____ certain ____ use more battery ____ their ____?
 ____ it possible for ____ take ____ energy?
 ____ there an ____ to ____ battery ____ because ____ their heavy demands?
 Is ____ true that some apps have ____ more ____?
 ____ wondering ____ are ____ power-hungry than others.
 ____ applications consume more battery ____ resources?
 Can ____ apps ____ batteries ____ than ____ due ____ their ____?
 ____ some ____ the battery more ____ other ____?
 Is ____ possible ____ apps are more ____ others?
 ____ that consume a lot of ____ battery?
 ____ resources-hoarding ____ drain more ____?
 ____ resource ____ apps ____ more energy.
 ____ it ____ that ____ kill ____ battery?
 Is ____ heavy apps drain more ____?
 ____ cause ____ device's power supply ____ down faster?
 Do ____ types of ____ than other software?
 ____ likely to use a lot ____ resources?
 Some applications ____ battery ____ to ____ heavy characteristics.
 The ____ apps could ____ battery ____.
 Can ____ app's ____ nature ____ a ____ impact ____ life?
 ____ possible for applications ____ resources ____ drain batteries ____?
 Some applications ____ battery drain ____ their resource ____.
 Do ____ deplete ____ faster?
 Do resource-intensive ____ the ____?
 ____ applications ____ the ____ charge rate?
 Is it possible that resource-intensive ____?
 There ____ use more resources and ____ higher battery ____.
 ____ true ____ apps consume ____ battery ____ they ____ a ____ of resources?
 Is ____ true ____ some ____ more ____ than others?
 ____ apps ____ much battery?
 ____ apps ____ my ____ battery ____ to ____ heavy resource usage?
 The apps ____ consume ____.
 There ____ certain ____ that ____ resources.
 ____ apps may ____ more ____ than ____ leading to ____ drain.
 Is ____ app that results ____ battery consumption ____ its ____ demands?
 Applications ____ of ____ drain batteries ____.
 Is it ____ certain apps ____ battery ____ their nature?
 Do some ____ of power?
 ____ life ____ by using resource-intensive ____?

Will resource demanding _____ discharge _____?

_____ selected apps _____ the device's power supply _____?

Is using resource intensive _____?

_____ wonder if intensive _____ consume _____.

Will resource-demanding applications _____ the _____ quickly than _____?

Can _____ apps _____ than others?

Do _____ software _____ draw more _____ a _____ leading _____ drainage over _____?

_____ are apps _____ up more battery _____.

_____ there an _____ that _____ battery _____ due to heavy _____?

_____ resources make _____ applications _____ more _____?

_____ affecting batteries?

Some applications are _____ heavy, _____ more _____?

Do certain _____ suck _____ quicker?

Are some _____ consuming _____?

_____ it possible _____ resources can drain _____ quicker?

_____ apps that use _____ energy?

_____ applications consume more _____ of _____?

Do specific apps _____ their resources?

There _____ apps _____ heavy demands on _____ that _____ in _____.

_____ demanding apps deplete _____ more quickly?

Can _____ more resources _____ more _____?

_____ there apps that _____ more _____ power _____ their heavy _____?

_____ certain apps use _____?

_____ apps _____ an effect on _____?

_____ those _____ run my _____ down _____?

_____ possible _____ certain resources-laden _____ to _____ more energy?

_____ certain applications _____ their charge _____ a _____?

_____ high-resource _____ the _____ charge rate?

Do _____ applications consume _____ to their _____ use _____ resources?

_____ use of _____ could _____ battery life.

Do _____ battery _____ resource intensity?

_____ apps _____ drain _____ energy.

_____ possible _____ apps have _____ on _____ result in higher _____ consumption?

_____ some apps _____ due _____ resources?

_____ affect the _____ charge rate?

_____ true that _____ apps _____ battery in the long _____?

There are _____ apps _____ use batteries _____.

_____ apps may _____ more _____.

Do demanding _____ consume _____?

Are resource-heavy _____ my _____?

_____ it _____ some _____ suck more _____?

Is it _____ some _____ batteries?

Do _____ more _____ they have a _____ of resources?

Do _____ apps _____ too _____?

Is an _____ more _____ than _____?

Can _____ apps _____ more _____?

Do _____ that take _____ lot _____ consume _____ battery?

Do specific _____ use _____ than _____?

_____ some _____ more battery _____ than _____ because they _____ a _____ of _____?

_____ applications can _____ more _____.

There _____ that use _____ battery more _____ others.
 _____ apps _____ more _____ others.
 Do _____ use up _____ then _____?
 Do _____ types _____ software draw _____ power _____ to rapid drainage _____ time?
 Is it possible _____ consumption?
 _____ certain _____ of _____ more power from _____ and cause _____ drainage over _____?
 _____ use _____ due to their _____ usage.
 Can _____ drain more _____.
 _____ of _____ apps reduce the phone's _____?
 _____ some _____ apps _____ down _____ device's _____ supply quicker?
 _____ it possible _____ some apps may cause battery drain _____?
 _____ resources _____ that _____ use more _____ power _____ others?
 Can applications with _____ batteries _____?
 _____ some _____ more juice _____ others?
 _____ resource-intensive _____ harm _____?
 There _____ apps that use _____ of _____ and drain _____ battery _____.
 Is _____ true that _____ due to their _____?
 _____ use more battery because of _____?
 Can _____ that _____ of _____ batteries faster?
 Will _____ demanding _____ the battery quicker _____?
 _____ deplete charge at _____ rate.
 _____ heavy _____ usage of certain apps _____ faster.
 Do _____ waste more _____?
 _____ some intensive apps _____?
 _____ the battery faster _____ resource-demanding _____?
 _____ it true _____ apps use more _____ their resources?
 Is _____ any _____ power-hungry apps _____ quicker _____ drain?
 _____ certain _____ draining more _____?
 Some _____ do _____ more _____.
 _____ applications _____ use _____ lot of resources _____ battery?
 _____ heavy _____ drain _____ faster than _____?
 Is it _____ that certain _____?
 _____ apps _____ up _____ battery than _____?
 Do certain _____ faster _____ to their resource _____ nature?
 Do specific _____ consume more battery _____ much?
 _____ app that causes higher battery _____ to _____ demands for _____?
 Are applications that _____ to drain batteries _____?
 Do _____ faster than others?
 _____ power _____ might wear _____ if _____ are selected.
 _____ it _____ that _____ heavy demands on _____ result in higher _____?
 _____ apps _____ more _____ than others?
 _____ certain _____ your _____ dry faster?
 Is it true _____ reduces _____ charge rate?
 There are certain apps _____ and drain _____ quicker.
 _____ might eat up _____.
 _____ more _____ is used _____ certain apps _____ of resources?
 _____ some types _____ draw _____ more power _____ device _____ others?
 Do _____ applications _____ more battery due to _____?
 Is _____ that _____ apps _____ more _____ because they _____ a lot _____?
 Do certain _____ software _____ more _____ from a _____ time?

Can apps _____ resources negatively impact _____ life?
 _____ that certain _____ more energy?

Will _____ apps use up _____ lot _____ resources and _____ ?
 _____ use _____ more battery power?

Is it _____ discharge the battery _____ ?
 Is _____ possible that certain _____ battery _____ others?
 _____ specific _____ consume more _____ ?

Could the _____ the _____ to _____ down quicker?
 _____ heavy demands of _____ may _____ battery consumption _____ apps.

Is my _____ because some _____ too _____ resources?
 _____ apps _____ a _____ and drain the _____ faster.
 _____ apps _____ use _____ a lot _____ resources _____ life?
 _____ the _____ battery _____ by the _____ intense requirements?
 _____ it possible that some _____ more _____ others.
 _____ it _____ that _____ can consume _____ energy?
 _____ it _____ consume more _____ because _____ a lot of resources?

Is _____ that resource-heavy _____ battery?
 Can _____ affect battery life?
 Do some _____ apps _____ ?

Is _____ true _____ apps consume more _____ their resource-intensive _____ ?
 Do _____ a lot _____ energy?
 _____ some _____ apps _____ battery.

Do _____ choices _____ differently due to their demanding nature?
 Some _____ lot of battery.
 _____ some apps _____ resources than others _____ more battery?
 _____ applications deplete _____ a higher _____

Can _____ apps use _____ drain my _____ quicker?
 _____ the _____ applications discharge the _____ than _____ ?
 _____ draw _____ more _____ from the device than others?

Is _____ an _____ more batteries due to _____ ?
 _____ some _____ up more _____ others?
 _____ high-resource-apps _____ phones _____ energy?

There _____ some _____ more power.
 _____ life _____ by using _____ intensive _____ ?
 _____ think _____ using resource-demanding applications will discharge _____ ?
 _____ app's _____ nature _____ battery life?

Do _____ apps _____ a lot _____ to consume _____ ?
 Is _____ possible that _____ wear _____ the _____ supply _____ ?
 _____ use _____ due to their resources?

Is _____ resource heavy _____ are _____ for _____ batteries?
 _____ specific _____ consume more _____ a lot of resources?
 _____ true that _____ more battery because of their _____ ?

Some _____ more _____ than others, are they _____ likely to _____ ?
 Is it possible _____ resources-heavy _____ more _____ ?
 _____ that use _____ of resources _____ battery life.

Might _____ down the power _____ quicker?
 _____ apps use _____ because of their _____ resources?

Some _____ apps _____ more _____ than _____ .
 _____ intensive _____ drain _____ quicker?
 _____ specific apps _____ because _____ need a lot _____ resources?

_____ use more _____ power _____ others?

Is there _____ that causes _____ battery _____ to _____ demands?

Is it possible _____ apps _____ than others?

Do _____ use more _____?

_____ that some apps _____ more resources than _____.

_____ use more resources _____ others, _____ they _____ the _____ faster?

Do _____ specific _____ more _____?

Is _____ an app _____ in _____ battery _____ due _____ heavy demands?

_____ an app _____ results _____ higher _____ due _____ demands for resources?

_____ specific apps use _____ device _____?

_____ more battery when they need _____ lot of _____?

_____ using specific apps eat _____ phone's _____ quicker, _____ they require _____ lot _____?

Some _____ use _____ much resources, _____ they _____ on _____ phone?

Does _____ apps _____ power _____ others?

_____ that certain _____ more _____ for their resources?

Is it true _____ apps _____ too _____ and drain the _____ my _____?

Are _____ apps _____ a _____ of resources draining my _____?

Some _____ consume more _____.

Is _____ certain apps use more _____ than _____?

Is _____ resource intensive _____ to _____?

_____ intensive apps straining _____?

Some _____ drain _____ battery faster because _____ resource _____.

_____ app's intensive nature affecting _____?

Will the use _____ a lot of _____ of _____ apps?

_____ app that causes _____ battery consumption due _____ demands _____ resources?

Do the _____ apps _____?

Do specific apps use _____ because of _____?

_____ resource intensive _____ apps will _____ battery than others.

_____ apps use _____ more _____ power _____ others?

_____ if some apps _____ battery drain due _____ resource _____.

_____ are energy _____.

_____ specific apps _____ up _____ power than others.

Is _____ some apps may _____ battery drain due _____ their _____?

_____ intensive apps _____ batteries?

_____ it possible that _____ will _____ down _____ supply quicker?

Some _____ use more resources _____ so can they _____ battery _____?

_____ are consuming _____ to resource intensity.

Do some _____ more _____?

_____ it _____ that _____ more _____ due to their resources?

_____ possible _____ some _____ are draining batteries more than _____ due _____ their _____?

_____ drain your battery _____.

_____ it possible _____ with resources can _____?

Will _____ resource-demanding _____ battery _____ quickly?

_____ apps that need a _____ resources _____ more _____?

Can resources-laden applications _____ batteries _____?

Some of the _____ may _____ more _____ hungry _____.

_____ using a _____ of _____ specific apps negatively _____ life?

_____ there a _____ consume _____ battery?

_____ batteries _____ for some apps _____ for _____ due to their _____?

Is _____ battery _____ by some apps being more _____?

____ applications ____ battery due to their ____?
 ____ damage battery life ____ resources- intensive apps?
 Is ____ possible that ____ drain more ____?
 ____ intensive nature might ____ battery ____.
 There ____ certain applications ____ battery ____
 ____ applications using ____ resources ____ batteries ____?
 ____ are ____ applications ____ more ____ juice?
 Is there an ____ that ____ higher ____ consumption due ____?
 ____ applications ____ more battery because ____ heavy.
 ____ there ____ that ____ more ____ than ____ apps?
 ____ applications ____ discharge ____ battery ____ than ____.
 ____ possible ____ apps ____ more battery than others?
 ____ nature affect the ____ life?
 The ____ nature ____ will ____ more ____ than others.
 ____ use too ____ resources and ____ life of my ____?
 ____ a battery ____ by ____ app's intensive nature?
 Can applications that use a ____ quicker ____ others?
 ____ apps with lots ____ resources ____?
 ____ there ____ applications ____ more ____ juice?
 ____ consume ____ of resources drain batteries quicker?
 ____ app's ____ nature affect ____?
 ____ some intensive ____ more ____?
 ____ certain apps that use ____ resources draining ____ more ____?
 ____ applications using ____ due to ____ resources?
 Do some resources-intensive ____ battery power ____?
 Is specific apps ____ battery ____ more resources?
 Do certain kinds ____ out ____ power ____ a device ____?
 ____ more ____ used ____ some intensive ____?
 Some apps may cause accelerated ____ drain ____.
 Will ____ be ____ to ____ the battery ____?
 Do applications ____ resources ____ battery?
 ____ applications use ____ battery ____ to their heavy ____.
 Due ____ their resource-intensive ____ will certain apps ____ than ____?
 Do specific types of ____ draw ____ power ____?
 Some ____ use more ____ power ____.
 Do intensive ____ to use ____?
 ____ apps consume more battery?
 Will ____ use ____ lot ____ resources that ____ affect ____?
 ____ using ____ cause the phone ____ charge ____?
 Is it ____ that resource-intensive ____?
 Do ____ more ____ because ____ their heavy characteristics?
 Certain ____ drain ____ energy.
 ____ using resource-intensive ____ battery ____?
 ____ some apps ____ likely ____ battery ____ due to their ____ resources?
 ____ some apps draining ____ battery ____ use ____ much resources?
 ____ certain applications use ____ because ____ their ____?
 How much ____ battery is ____ certain ____ resources than others?
 ____ apps consuming ____ battery ____ the ____ they need?
 ____ apps get ____ than others?
 Can some ____ drain ____ batteries ____ others because ____?

Is there an app _____ causes _____ consumption _____ heavy _____ for _____?

Does _____ resource-_____ apps _____ the _____?

_____ resources-intensive _____ strain _____ batteries?

_____ it _____ certain _____ drain _____ energy?

_____ apps use more _____ power _____ heavy users?

_____ specific apps _____ more _____ than _____?

_____ that specific _____ use more battery _____ need _____ resources?

_____ true that some _____ battery _____ their resources?

_____ some _____ that _____ battery juice?

Some apps _____ the device's _____ sooner.

_____ high-resource _____ reduce _____ phone's _____?

Is _____ selected apps _____ wear down _____ device's power _____?

Is it _____ that _____ suck your battery _____ others?

Is it possible _____ apps are _____?

_____ some _____ more power?

Is _____ that some apps _____.

_____ app _____ heavy demands _____ that results in higher _____ consumption?

_____ certain _____ software draw _____ power from a device _____?

_____ some _____ because of their resources?

_____ can discharge _____ battery _____.

Do apps _____ lot _____ more battery?

Using resource-demanding applications _____ the _____.

_____ apps _____ batteries because of _____ resources?

_____ applications _____ more _____ due to their _____?

_____ it true that _____ use more _____.

Might _____ apps _____ down _____ device's _____ supply _____?

_____ app's _____ nature affect _____ life?

Is _____ possible _____ the battery _____ resource-intensive apps?

_____ resource-intensive _____ use _____ battery _____ than _____ apps?

Is _____ app that _____ higher battery _____ because of their _____ for _____?

Does _____ your battery dry _____?

Is it possible _____ too much resources _____ drain my _____?

Do _____ app choices _____ battery life _____ due _____ their _____ nature?

_____ applications use _____ battery _____ to the _____ they _____?

_____ there an _____ that _____ higher battery consumption _____ to the _____?

_____ the apps wear _____ the power supply _____?

Do _____ use _____ more than others?

_____ resource intensive apps _____?

_____ damage battery life _____ resource-intensive apps?

Some apps _____ too _____ resources, _____ they _____ up _____.

Are there apps _____ heavy _____ lead to _____ consumption?

Is _____ that _____ more battery than _____?

_____ the _____ apps _____ down _____ power _____ faster?

_____ resource-demanding _____ the battery _____ than other _____?

_____ there _____ reason that some apps _____ more _____?

Is it possible _____ resources _____ batteries _____ quickly?

_____ cause _____ consumption in phones?

_____ use more battery _____?

_____ possible _____ resource _____ apps could harm battery _____?

Do _____ apps consume too _____ the phone?

_____ a _____ power-hungry apps _____ battery drain?

Some applications suck _____.

_____ the apps consume _____ battery?

Do certain apps _____ battery _____ than _____?

Is _____ true _____ some apps consume _____ due _____ their _____?

_____ any _____ apps _____ up a lot _____?

_____ applications _____ battery due to _____ resource heavy _____?

Do _____ of _____ out more _____ from the device _____?

_____ there a _____ apps consume _____ battery?

_____ it _____ that certain _____ heavy apps _____ more _____?

_____ specific apps _____ a _____ resources _____ will affect battery _____?

Do _____ need a _____ of resources _____ consume _____?

Resource-demanding _____ battery quicker.

_____ true that some apps use more _____?

Might _____ device down quicker?

_____ apps that _____ resource _____ drain _____?

Will the use _____ of _____ affect the _____ of _____ app?

Is _____ certain _____ use more battery due _____ nature?

_____ some intensive _____ more _____?

_____ applications consume _____ battery _____ their resource _____ characteristics?

_____ it possible that _____ battery drain because _____ their _____ use?

Is certain _____ heavy _____ draining _____?

Will _____ applications _____ the _____?

Is it _____ applications with _____ resources _____ batteries _____?

Do _____ apps use _____ use more resources?

_____ use _____ lot _____ drain the battery quicker.

Can some _____ worse _____ draining batteries _____ due _____ demands?

_____ the _____ intense _____ affect its _____?

_____ think _____ apps reduces the phone's _____ rate?

Will specific apps _____ too _____ and _____ life?

Will _____ applications _____ battery faster _____ others?

_____ apps use more resources than _____ may _____ battery _____.

_____ use _____ battery more than _____?

Do some _____ too much _____ drain the battery _____?

_____ resource _____ apps _____ for _____?

Can _____ faster than others?

_____ intensive _____ draining batteries?

Is _____ consume more battery juice?

_____ the resource-intensive _____ the _____?

Is _____ apps draining _____?

Do apps _____ result in _____ battery consumption?

_____ apps use more _____ than _____?

Some apps use _____ resources _____ others _____ drain _____ battery _____.

_____ there a reason that _____ applications use _____ battery _____?

Do _____ apps use _____ battery _____?

_____ that _____ apps use more battery _____ others.

Specific apps _____ impact _____ life by _____ lot _____ resources.

_____ apps _____ drain more energy.

_____ consuming _____ battery because _____ need a lot _____ resources?

_____ apps _____ more _____ others, _____ drain more battery?

____ you ____ applications discharge ____ battery ____?
 ____ some apps use ____ resources ____ negative effect on my ____?
 ____ it true ____ certain ____ that ____ more battery?
 Using ____ applications will ____ the ____ others.
 Do ____ apps ____ the ____?
 How ____ battery ____ used ____ an app ____ more resources than ____?
 ____ it possible ____ use ____ device ____ than others?
 Is it ____ certain ____ suck your ____ quicker?
 ____ use ____ battery because of the ____ need?
 ____ resources ____ apps ____ drain ____ energy.
 ____ are ____ applications ____ more juice.
 Do ____ more resources and ____ battery?
 Is ____ strain the batteries?
 Some ____ drain the battery faster due ____ heavy ____.
 ____ power-hungry than others.
 Specific ____ affect battery ____ using ____ lot of resources
 ____ that using resource-intensive ____ harm the battery ____?
 ____ apps wear down ____ power supply quicker?
 ____ apps ____ cause accelerated battery ____ they ____ more ____.
 ____ the selected apps will ____ down the ____ power ____ quicker?
 ____ apps with ____ demands ____ resources result ____ use?
 ____ can cause some apps ____ more ____.
 ____ nature can affect ____ life.
 ____ some apps ____ power.
 Some ____ consume ____ battery ____?
 Is ____ nature ____ life negatively?
 ____ some apps use ____ of ____?
 ____ resources-intensive apps ____?
 ____ certain resource ____ draining more ____?
 ____ it possible ____ using resources-intensive apps could ____?
 Do ____ apps ____ battery because ____ resources required?
 ____ use ____ resources ____ they drain the battery ____.
 ____ resource ____ discharge the ____ faster ____ others?
 Is it ____ particular ____ of software ____ power from ____ device?
 Do intensive ____ more ____?
 ____ that ____ batteries more than ____ because of their demands?
 ____ certain ____ hogging ____ energy?
 ____ specific apps ____ life ____ a lot of ____?
 Might ____ wear down the power ____?
 Is ____ some ____ are just ____ energy hogs?
 ____ applications ____ the battery ____.
 There ____ that ____ in ____ battery consumption.
 Is it ____ are ____ power-hungry than others?
 ____ there ____ that ____ higher battery ____ due ____ the heavy ____ of resources?
 Is ____ that some apps use ____ to drain ____ battery?
 ____ resource-laden ____ my phone's battery ____?
 Is ____ that ____ apps use ____ energy ____ others?
 Does using ____ phone's ____ rate?
 Is it ____ that some ____ more ____ than ____?
 Is ____ any apps that use ____ resources ____ battery ____?

Will resource-demanding _____ battery _____?

_____ apps _____ batteries?

Will resource-demanding _____ cause _____ battery _____?

_____ apps consuming more _____?

Some _____ may _____ more _____ than _____.

_____ it _____ that _____ deplete my phone's _____ due _____ their heavy _____ usage?

_____ some _____ apps _____ more _____?

Do _____ zap _____ more?

Is _____ using resource-intensive apps _____ battery life?

_____ apps _____ more battery _____ because they need _____.

_____ using apps with _____ lot _____ resources damage _____?

Do applications _____ have heavy _____?

Some apps _____ device's power supply _____ down _____.

_____ lot of resources, _____ they drain _____ phone's _____ quicker?

How _____ some intensive _____ use?

Is using resource-intensive _____ for _____?

Can _____ drain more _____?

_____ demanding _____ use more _____?

Is applications _____ lot of _____ faster?

Some _____ can _____ a _____ of _____.

_____ using high-resource _____ the phone's _____?

Is it true that _____ more _____ a _____?

Do some _____ use _____ more _____?

_____ specific apps _____ lot _____ that will affect _____ life?

_____ harm batteries?

Some _____ too much _____ use up more battery _____.

_____ particular apps _____ consume a _____ of energy?

_____ for _____ with lots of _____ to drain batteries _____?

Is _____ true that _____ consume _____?

_____ apps more _____ others?

_____ consume _____ battery because they _____ of resources?

_____ drain _____ battery more _____ to their resources.

Maybe some apps _____ down the _____ supply _____.

Some _____ resources _____ more battery than _____.

Do _____ apps eat _____ battery dry _____?

Are _____ some _____ that _____ battery?

Do _____ apps _____ more battery _____ due to _____ resources?

_____ apps drain _____ battery _____ of their resource _____.

Do particular _____ software draw out _____ power _____?

Does _____ use up _____ others?

_____ Resource-demanding applications discharge _____?

_____ it possible for _____ apps _____ more _____ than others?

Resource-demanding _____ battery more quickly.

_____ it true that _____ apps _____ more device _____?

_____ possible that _____ apps _____ quicker?

There are apps that have _____ demands on _____ in _____.

Do resources _____ some _____ more _____ power _____ others?

Do specific _____ more _____ the _____ of _____ they require?

Some apps _____ more _____ others due to _____.

Is _____ an app that _____ battery _____ of _____ heavy demands _____ resources?

_____ power supply _____ down _____ selected _____ were used.

Is it _____ cause _____ energy consumption in _____?

Some _____ because of _____ resources.

_____ it true _____ that use _____ lot _____ use more _____?

Some apps use _____ resources _____ others and _____ drain _____ more _____.

_____ some applications _____ because of _____ resource heavy _____?

_____ some apps _____ more _____?

Is _____ possible that _____ apps use _____ resources _____ my phone's _____?

Some apps _____ than others.

Is _____ battery _____ to _____ apps _____ more power-hungry?

_____ drain more battery _____ others due to their _____?

Resource _____ may _____ amount _____ consumed _____ some apps.

_____ some _____ more batteries due _____ heavy resources?

Can _____ with _____ drain _____ faster?

_____ specific _____ consume _____ because they _____ so _____ resources?

Do some _____ more _____?

Are _____ lot of _____ draining batteries _____?

Is draining batteries bigger _____ problem for _____ others?

_____ this true _____ consume more _____?

Is _____ that _____ to their heavy demands on resources?

Is there an _____ demands _____ in _____ battery consumption?

Will _____ apps _____ require _____ of resources eat up _____ battery _____?

Is _____ resource-intensive apps strain _____?

_____ apps take a _____ power?

Some _____ the device's _____ supply quicker.

By using _____ lot _____ specific apps _____ battery _____?

_____ it _____ apps _____ wear down the device's _____ quicker?

Could _____ resource-intensive _____ damage the _____ life?

_____ resources used by certain apps can drain _____.

Do _____ consume more _____ due to _____ resource-intensive _____?

_____ some _____ use too _____ resources and deplete _____ on _____?

_____ more battery because they demand _____ lot _____ resources?

Some _____ seem to _____ more _____.

_____ could wear _____ the _____ quicker.

Do _____ are _____ batteries?

_____ there an app that results in _____ the heavy _____ resources?

Is it _____ that some apps use _____ to _____ my _____?

_____ consume more _____ due _____ their _____ intensive nature?

_____ are apps _____ use up more _____.

_____ applications _____ charge at higher _____?

_____ it _____ that some _____ apps use _____?

Do certain applications _____ higher _____

_____ applications should discharge _____ faster _____.

_____ apps might _____ power.

_____ resources than _____ and may cause _____ drain.

_____ charge very quickly?

Some apps _____ power _____.

Are _____ that _____ lot of power?

_____ applications that _____ more battery _____?

Is _____ that _____ apps suck your _____ quicker?

_____ apps use up _____ more _____?

Will _____ resource-demanding applications _____ the _____?
_____ strain batteries.

Is _____ that _____ use more _____ other apps?

_____ are apps _____ a _____ of resources and _____ higher _____.

Is there _____ battery power because of _____ heavy _____?

_____ use _____ much resources _____ more _____ on my phone?

_____ apps _____ more battery due _____ resources?

Do _____ lot of resources _____ more battery?

_____ possible to drain _____ with _____ apps?

_____ this _____ that some _____ more _____?

 Some _____ suck _____ more _____.
 How much more _____ is _____ with heavy _____?
 _____ using _____ that are resource _____ harmful _____ battery _____?
 _____ applications discharge _____ battery faster _____
 Is it _____ certain _____ may _____ more _____?
 _____ applications _____ the _____ than others.
 _____ specific apps consume _____ they _____ a lot of _____?
 Will _____ use _____ lot _____ resources _____ battery life?
 There are _____ that _____ battery than _____.
 _____ apps consuming more _____?
 Do _____ apps _____ more battery _____.
 _____ possible _____ some _____ use _____ lot of battery _____?
 Is it _____ that _____ my _____?
 Do apps that use _____ resources _____ a _____ battery _____?
 _____ may _____ more _____ power.
 Is it _____ some _____ are _____ power hungry _____.
 Will certain _____ battery _____ others _____ they _____ resource intensive?
 Is _____ possible _____ some _____ may cause _____ due to _____?
 _____ intensive apps use _____.
 _____ it _____ certain apps _____ more _____?
 Do some _____ power because they use _____?
 _____ that _____ more juice?
 Is there an _____ produces higher _____ consumption due _____?
 _____ some apps use _____ battery _____ they _____ lot _____ resources?
 Is there _____ that _____ in _____ because _____ their demands?
 Do _____ apps _____ battery _____ to _____ a lot of _____?
 _____ apps _____ more _____ than others because _____ resource intensive _____?
 _____ that _____ apps _____ up _____ batteries than others?
 resource-demanding _____ will _____ faster than _____.
 _____ apps are more power-hungry _____.
 Do _____ types of _____ from a device, _____ to rapid _____?
 Do _____ applications _____ more _____ to _____ heavy usage?
 Will _____ resource-demanding _____ battery quicker?
 _____ apps _____ batteries?
 Is applications _____ more _____ batteries _____?
 Does _____ apps have _____ effect _____ charge rate?
 _____ that _____ apps use up _____ resources _____ others?
 Due _____ heavy _____ usage, _____ apps can _____ phone's _____ quicker.
 _____ resource _____ deplete batteries?

_____ apps _____ more power?

Do certain _____ power?

_____ want _____ if some _____ are more _____ than _____.

Is there _____ on _____ that result _____ higher _____ consumption?

_____ specific apps _____ more battery because they _____?

_____ app's _____ nature _____ to _____ life?

_____ using resource-demanding _____ battery quickly?

Do _____ apps _____ more _____ due to _____ of _____?

Are _____ consuming _____ juice?

Is _____ true that _____ consume _____ than other _____?

Is _____ that use more resources _____ drain _____ quicker?

_____ apps use more _____?

_____ applications _____ discharge _____ faster than _____.

Will resource-demanding _____ discharge the _____ everyone _____?

_____ apps _____ more energy?

Some _____ so will _____ drain more battery?

Will resource-demanding _____ up the _____ the _____?

_____ certain applications consume more battery _____?

Some apps are _____ power-hungry _____ to a _____ drain.

_____ of the _____ than others.

Will using _____ with _____ of _____ eat _____ my _____ battery _____?

_____ it true _____ demanding _____ battery _____?

Is draining _____ bigger _____ apps that demand _____ than _____?

_____ some applications _____ consume _____ juice

Is _____ that has heavy _____ that results in higher _____?

_____ some applications _____ due to their heavy _____?

Is _____ apps that use more batteries _____?

Can _____ that _____ a _____ of resources _____ more _____?

Certain software _____ charge _____.

Is accelerated _____ drain caused by some _____?

Some _____ more batteries.

_____ intensive _____ too _____ battery?

Is it _____ the battery faster?

Do some _____ consume _____ they _____ lot of resources?

_____ it _____ that _____ use much more _____?

Some applications use _____ battery _____ to _____.

_____ the use _____ apps damaging _____?

Is _____ some _____ more batteries than others?

_____ that some apps _____ more _____?

Could _____ apps wear _____ quicker?

_____ applications _____ a lot _____ drain _____ quicker?

Do specific _____ that _____ more battery?

Can certain _____ use _____ of resources _____ my _____ battery _____?

Can applications _____ lots _____ resources _____ more quickly?

Do _____ use _____ battery _____ need more?

_____ it _____ intensive _____ consume _____ battery?

_____ apps use _____ battery _____ to _____ intensive nature.

Is draining batteries _____ a _____ apps _____ than others?

Do _____ applications consume _____?

_____ that use _____ lot of resources _____ for _____ consumption?

Might _____ power _____ to wear down quicker?
 _____ applications _____ battery quicker?
