

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Gas leak reporting and emergencies
Inquiry Sub-Category	Pipeline Damage Reporting
Description	Customers inform about incidents resulting in physical damage to gas pipelines, such as accidental digging or construction work.
Data Size	5,041 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Is ____ damaged gas ____ to excavation mishap ____?
____ might be ____ excavation ____ causes ____ broken ____ line.
Was ____ a ____ line ____ after ____?
The ____ be damaged ____ to ____ excavation.
Is the ____ consequence ____ excavation?
____ the ____ gas ____ due to ____?
Is ____ report of ____ gas line ____ damaged ____ excavation?
____ to ____ the broken ____ line was the ____ of the ____ something ____.
Alert given that ____ damaged ____?
____ lines are damaged from digging.
____ there a reason ____ broke ____ was it ____ excavation?
Excavation ____ damaged ____ updates?
Does ____ damage ____ up gas mainline have ____ reported?
____ the gas ____ reported?
____ known ____ there ____ an ____ that affected the natural ____ or not?
____ was an excavation ____ damaged ____ gas ____.
____ don't ____ due to ____ incident or ____ gas line has been ____.
Alert given ____ the ____ accidentally ____ pipe?
I wonder ____ damage ____ the ____ gas ____ has already ____.
____ gas line ____ in ____ excavation.
____ gas ____ due to the ____ accident?
____ there a gas ____ excavation?
I want to know ____ gas ____ of ____ or ____ else.
____ the gas pipe ____ excavation?
____ gas pipe ____ excavation.
The ____ is ____ the ____ mess up.
____ pipe ____ damaged ____ an excavation.
____ the ____ line ____ when ____?
Is there any news ____ a gas ____?
____ a ____ the ____ damaged due to an excavation?
____ know what happened ____ the excavated ____?

_____ wants to know _____ was _____ accident _____ natural gas line.

I'm not sure _____ gas line was _____ issues or _____.

I _____ dug up _____ pipes has _____ reported yet.

Is _____ reported _____ a dug-up _____ available?

_____ broken gas line _____ due _____.

Is there _____ update on _____ pipe accident _____?

_____ result _____ a broken _____ line.

_____ pipe faulty after _____ digging?

Were _____ reports made _____ the _____ excavation work?

Gas lines _____ to excavation.

_____ know that _____ gas _____ been damaged _____ digging?

_____ the broken gas _____ the result of _____ a _____ story?
