

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network outages and service disruptions
Inquiry Sub-Category	Service disruptions during maintenance
Description	Customers may experience temporary service disruptions during maintenance activities, such as network upgrades or repairs.
Data Size	6,417 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ will service _____ during upgrades?

During _____ how will _____ be _____?

How _____ we reduce _____ upgrade?

Do _____ have a _____ for _____ while you _____?

_____ interruptions _____ be reduced _____ an _____.

How will _____ interruption _____ the upgrade period?

Can service _____ avoided _____?

_____ way of _____ of _____?

It _____ downtime with _____ upgrade of services.

Ways _____ an upgrade.

_____ are _____ for downtime when there _____ an _____?

_____ you ensure _____ an upgrade?

_____ deal _____ service downtime _____ an upgrade?

There _____ to minimize _____ disruption.

_____ disruptions _____ while you are _____.

The _____ to _____ a upgrade.

Can service _____ by _____?

Is _____ a chance _____ minimal _____?

_____ plan _____ minimizing _____ during upgrade?

When _____ out _____ will be _____ in _____ ensure minimal _____.

_____ service _____ reduced while _____?

_____ do _____ protect _____ when you _____?

_____ considering limiting downtime _____ upgrade _____?

_____ upgrade _____ reducing service issues?

_____ is _____ approach to _____ disruptions during _____ upgrade?

Is the interruption _____?

_____ be minimized in _____?

_____ you reduce _____ upgrade?

_____ enhancements less _____?

How _____ you _____ upgrading?

Are there _____ minimizing _____ updates?
_____ operations not be _____ during _____ period.
How can _____ minimize _____ we _____?
_____ should you _____ for _____ downtime during _____?
_____ to _____ disruption of _____?
_____ do _____ will be less _____ upcoming enhancements?
_____ replacements _____ problems?
Reduce the _____ of _____ the _____?
_____ decreasing service during _____?
_____ can _____ mess up service when _____?
_____ it _____ minimize _____ during _____ updates?
_____ it possible to reduce _____ during _____?
How _____ while changing systems?
_____ to _____ service during _____?
How will _____ during a _____?
_____ is downtime _____ is upgraded?
Do _____ want _____ limit _____ while _____?
How _____ there be _____ upgrades?
_____ about how to _____ upgrade _____.
_____ interruption _____ during _____?
_____ interruptions is _____ that is _____ upgrading.
_____ be measures _____ minimize interruptions _____ the _____.
_____ interruptions _____ something that _____ be _____ while you _____.
During upgrade, _____ be _____ to minimize _____?
_____ service _____ can _____ used for _____.
Do you _____ plans _____ you upgrade?
There _____ way _____ upgrade disruption.
_____ you _____ plans to decrease _____ disruptions _____ you _____?
Do you _____ for how _____ service _____ during upgrades?
_____ be minimized _____ you upgrade?
Does _____ have _____ aim for _____ disruptions?
What _____ to _____ disruptions in upgrades?
There are ways _____ interruption _____.
_____ can _____ minimize service _____ while _____?
You _____ minimal _____ during _____.
Service _____ reduced while _____ upgrade.
_____ there plans for _____ to be _____ while _____?
_____ service during _____?
There is any _____ disruptions?
_____ is meant _____ downtime _____ services.
Is _____ to mitigate _____ in _____?
There will _____ less _____ during _____.
Allow minimal _____ upgrade.
_____ to mitigate service disruptions during _____ enhancements?
_____ you plan _____ service _____ during _____ upgrade?
_____ can issues _____ reduced _____?
_____ any _____ to _____ upgrade disruption?
Is there _____ plan _____ service _____ during an _____?
How are you going _____ service _____ during _____?
_____ have _____ for _____ disruptions during system enhancements?

_____ can we _____ while _____ upgrade _____?

With _____ maintaining consistent and _____ what _____ can _____ minimized disruption _____ services being upgraded?

_____ we minimize _____ during renovations?

Can _____ service _____?

_____ there any plan _____ reducing _____ during _____?

Can _____ delays _____ upgrades?

_____ avoid service _____.

When _____ can _____ be _____?

What are the _____ of reducing _____?

Strategies _____ during _____ updates?

_____ for disruptions to _____ minimized _____ enhancements?

How _____ downtime reduced _____?

_____ can _____ do _____ in enhancements?

_____ service _____ during _____ enhancements.

How _____ upgrade disruption _____?

_____ we minimize downtime _____?

What are _____ downtime _____ upgrades?

_____ the upgrade _____ on fewer _____?

How to limit _____ during _____?

What _____ taken to _____ while _____?

How can _____ not lose _____?

_____ a way _____ outage _____ updates?

_____ there a _____ minimize _____ enhancements?

What _____ be _____ minimize interruptions _____ are upgraded?

_____ that can be used to ensure _____ downtime _____ out _____.

_____ avoiding outages _____ planned _____?

_____ to _____ interruption while Upgrading?

_____ of making _____ disruption less _____?

Reducing _____ system _____?

_____ your plans to _____ with _____ during the _____ enhancements?

How to _____ during _____?

Service disruptions _____ be _____ upgrades.

Maybe reduce _____?

_____ be done _____ limit the number _____ outages _____ upgrade?

_____ with _____ focus _____ maintaining consistent and _____ can be _____ if _____ are _____ to ensure _____ disruption to _____.

_____ downtime be reduced after _____?

_____ have a plan for _____ interruptions _____ you _____?

It's _____ of _____ downtime when _____ services.

_____ is possible _____ when _____ upgrade services.

_____ steps _____ to _____ when you upgrade?

How _____ reduce _____ the systems?

How _____ disruptions _____ an _____?

_____ disruptions during improvements?

_____ reduces _____ how?

_____ be limited _____ the upgrades?

_____ how will service disruptions _____?

_____ are ways _____ interruptions during _____.

To minimize _____ upgrading _____.

_____ limit downtime while _____?

_____ do _____ minimal disruptions during _____?

_____ be _____ way to minimize _____?

_____ can _____ downtime _____ reduced _____ upgrade?

_____ going _____ be minimal interruption _____?

How _____ avoid _____ disruptions _____ upgrades?

_____ of _____ halted _____ enhancements?

_____ be reduced _____ enhancements?

_____ there _____ to reduce _____ disruptions while _____?

_____ possible _____ have limited outages when you _____?

How _____ service disruptions _____?

We need _____ we upgrade _____.

_____ be strategies for minimizing outages _____?

What _____ the plan _____ during _____ upgrade?

_____ can downtime be _____ service is _____?

_____ you _____ to _____ service _____ during enhancements?

_____ less disturbance _____ enhancements?

_____ can _____ use _____ minimize outages during planned _____?

Reducing _____ possible while you _____.

_____ possible to _____ interruptions during _____ upgrades?

_____ arrangements can _____ put in _____ to _____ being upgraded?

Are _____ service _____ reduced while you upgrade?

We need _____ can expect _____ interruption during the _____.

How can _____ minimize _____ update _____?

How _____ reduce _____ you upgrade?

_____ know _____ to minimize _____ disruption?

What steps will _____ reduce interruptions _____ upgrade?

When _____ downtime reduced?

How do _____ plan _____ downtime during _____?

interruptions can _____ enhancements?

_____ service disruptions _____ while upgrading.

Reduced _____ of _____ updates?

_____ interruptions _____ limited during the _____?

How _____ during the upgrade?

Suggestions on _____ disruption?

_____ there be _____ during _____ upgrades?

When _____ services, you _____ downtime.

_____ upgrade process _____ fewer disruptions?

_____ service disruptions _____ while you _____.

How _____ the _____ go without _____?

_____ can be _____ minimize disruptions during _____?

_____ there _____ way _____ reduce _____ downtime for _____?

There is _____ reducing downtime _____ a service _____.

Service downtime can be _____.

Can _____ less _____ upcoming enhancements?

_____ are _____ plans _____ minimize _____ during _____?

_____ is downtime reduced when _____?

_____ interruptions _____

During _____ what _____ be taken to _____ interruptions?

_____ can _____ done _____ minimize _____ disruptions during _____?

_____ plans to minimize _____ while you upgrade.

_____ issues _____ reduced while _____.

_____ to _____ service _____ enhancements.

Is it _____ disruptive _____?

_____ limiting downtime?

_____ the _____ aim for _____ disruptions _____?

There _____ ways _____ minimize _____ renovations.

_____ way _____ reduce upgrade disruption?

How _____ there _____ less _____ upgrade?

Should _____ expect minimal interruption _____?

_____ is offered with a focus on _____ and seamless _____ what arrangements _____ disruption _____ services _____?

How _____ be limited _____ upgraded?

_____ can reduce interruptions _____.

_____ can I _____ minimal disruptions _____?

We should be _____ to _____ minimal _____.

When _____ services, you _____ downtime.

_____ important _____ minimal disruptions during _____.

Can upgrades avoid _____?

_____ there any _____ mind for minimal _____ while _____?

_____ reducing outages during updates?

_____ will be mitigated _____ system _____.

How _____ you upgrade services?

_____ interruptions reduced _____?

_____ upgrades _____ minimal breaks

How do you minimize _____ the _____?

What will _____ done _____ minimize _____?

What can we _____ to minimize _____?

_____ much downtime _____ upgrade _____?

Strategies _____ disruptions _____ planned _____?

_____ approach to minimize _____ disruptions _____ upgrades?

_____ issues _____ you upgrade?

_____ plans _____ in place _____ minimize downtime _____ an _____?

_____ are _____ outages during planned updates?

_____ the upgrade _____ get _____ disruptions?

What _____ done to minimize interruptions _____ the _____ upgraded?

What _____ to ensure _____ during upgrades?

Will _____ limited _____ renovations?

_____ are _____ minimize downtime during _____ upgrade?

Is there any plan _____ minimize _____ an _____?

During _____ should be _____ to _____?

When Upgrading, _____ limited disruptions?

_____ reduce service downtime _____?

Less _____ with _____?

_____ the _____ of interruptions _____.

_____ system enhancements, _____ service?

_____ should you ensure minimal _____?

possible ways to _____?

How _____ disrupted by _____ upgrade period?

What _____ be _____ during upgrade?

How can _____ during _____.

There _____ will be taken _____ during an upgrade.

It's ____ to reduce ____ during _____.
 ____ you have ____ in ____ for a ____ interruption ____?
 How ____ you ____ less commotion ____?
 ____ restricted while ____ are upgraded?
 ____ be limited ____ upgrades?
 Reducing ____ will ____ done _____.
 ____ it ____ to reduce ____ a ____?
 ____ be limited during _____.
 ____ does downtime change?
 ____ do ____ disruption while ____ upgrade?
 Is ____ possible ____ service disruptions while ____?
 ____ meant ____ downtime ____ you upgrade ____.
 ____ can be minimized _____.
 Can ____ service disruptions ____ you _____.
 Will ____ with upcoming improvements?
 When ____ services, means of _____.
 ____ are the strategies ____ minimizing ____ updates?
 When Upgrading ____ much ____ reduced?
 ____ issues ____ while ____ upgrade things.
 Are ____ measures ____ place for ____ while you ____?
 Will ____ be ____ place ____ when carrying out updates?
 ____ can ____ service downtime ____ upgrade?
 ____ a possibility of minimizing _____.
 ____ downtime for ____ is a _____.
 Can ____ service ____ you ____ upgraded?
 ____ reduce ____ while upgrading?
 What ____ we ____ interruptions while we ____?
 When carrying ____ there ____ to ensure ____ downtime?
 There will be steps ____ to minimize _____.
 ____ are ____ plans ____ downtime during a ____?
 ____ it ____ to ____ while upgrade?
 How can ____ disruptions ____ the ____?
 ____ the upgrade somehow?
 Plans to ____ disruption ____?
 ____ process ____ aim for less ____?
 ____ can ____ stop interruptions ____?
 ____ of ____ during ____ improvements?
 Is ____ possible ____ while ____ upgrade?
 ____ have ____ to ____ interruption while you upgrade?
 ____ plans to ____ downtime during ____?
 ____ it possible to reduce ____ while ____?
 ____ is a ____ how to ____ upgrade _____.
 Any plans ____ disruptions ____ upgrade?
 ____ plan to reduce service ____ Upgrading?
 ____ interruptions while we update ____?
 How should disruptions ____ updating ____?
 Should service ____ upgrading?
 ____ when services are _____.
 ____ will ____ done ____ interruptions during ____?
 Should service ____ be ____ enhancements?

How _____ upgrade disruption?

interruptions _____ be _____ during _____

Will there _____ during _____ upgrade?

_____ enhancements avoid _____?

_____ to _____ downtime _____ you upgrade?

_____ service _____ during the _____?

How _____ the _____ outages _____ planned updates?

How _____ there be limited _____?

_____ minimize interruptions while adding _____?

How _____ there be _____ when _____?

How can interruptions _____ during _____?

_____ will be _____ to minimize _____ the service _____?

_____ you avoid _____ after you upgrade?

There are possible precautions _____.

Can you _____ you upgrade?

What _____ favored _____ updates?

_____ the _____ for less downtime during _____?

_____ reducing _____ during system improvements.

You're _____ ensure _____ service _____ messing _____ upgrades?

Make _____ there are no _____.

How _____ we _____ downtime during _____?

_____ there any _____ during updates?

_____ interruptions _____ upgrades?

_____ an upgrade how will _____?

_____ strategies for _____ downtime when _____?

Will _____ be _____ is done?

_____ it possible to _____ when _____ services?

_____ is _____ plan to _____ updates?

_____ will interruptions be _____?

Is _____ for us _____ expect _____ interruption during _____?

Any _____ to _____ disruptions to _____?

During upgrade, _____ steps _____ be _____ minimize _____?

_____ disruptions be _____ during system _____.

When _____ service is _____ how _____ is _____?

When you _____ do you not _____?

_____ should service _____ minimized during _____?

Can _____ be _____ by _____?

What will _____ to _____ interruptions _____ the services _____ upgraded?

There are _____ to _____ the _____.

_____ upgrade, _____ minimal _____.

_____ be _____ minimize _____ while services are upgraded.

interruptions _____ be _____ upgrade.

_____ there any way _____ service _____ improvements?

interruptions will be _____?

How _____ upcoming _____ be _____ disturbed?

_____ there be _____ disruptive _____?

_____ by _____ and _____ offered and what arrangements can ensure minimized disruption to _____?

_____ upgrade _____ intend _____ fewer disruptions?

_____ avoid service _____.

_____ it _____ reduce _____ downtime for _____ upgrade?

_____ interruptions be _____ during a _____?

_____ of interruptions during _____?

What steps _____ be _____ interruption during _____ upgrade?

_____ are the steps _____ to _____ interruption _____?

_____ was _____ to _____ during the _____.

How do _____ reduce service _____?

_____ can _____ there are minimal _____ during upgrades?

How _____ the _____ reduced _____ the _____?

_____ a _____ for reducing _____ upgrades?

_____ for reducing _____ during _____ updates.

_____ can _____ be limited _____ upgrade?

_____ upgrading, _____ can there _____ limited _____?

There are _____ service _____ enhancements.

_____ downtime reduced _____ upgrade?

_____ to reduce _____ a _____.

_____ upheaval _____ enhancements?

How _____ there be _____ you _____?

Do _____ in _____ to _____ minimal disruptions while _____ upgrade?

How can there be _____?

_____ the _____ how _____ service interruptions _____?

_____ there a way _____ reduce _____?

_____ can _____ be _____ when _____ are _____.

_____ diminish service during _____?

There _____ ways _____ in _____ upgrade.

Will _____ ensure _____ downtime for updates?

How will service _____ upgrade?

How _____ the _____ interruptions?

How _____ service _____ upgrades.

There _____ ways _____ reduce interruptions _____.

Is _____ any _____ to _____ while upgrading?

_____ reduce service downtime _____ upgrades?

_____ can we ensure minimal _____?

Can upgraded _____ service _____?

How _____ the _____ is an upgrade?

_____ there are _____ the upgrades.

_____ to prevent service _____?

_____ will _____ done _____ interruptions when _____ services?

How can _____ not be _____ upgrade?

_____ it _____ to _____ during upgrades?

_____ be limited problems when _____?

Is _____ reduce disruptions in _____?

Can _____ service disruptions while _____?

_____ to minimize downtime _____ upgrade _____.

How do _____ plan to deal _____ during _____?

Can _____ issues as _____ upgrade?

_____ handle _____ disruptions during _____ enhancements?

Do you _____ measures in _____ for minimal _____ while _____?

During upgrades what _____ taken to _____?

Is there a _____ upgrading?

It's _____ to _____ downtime _____ services.

_____ to minimize service _____ during _____

How _____ you _____ during _____?

Are you _____ to _____ uninterrupted _____ while messing _____?

Would the upgrade _____ disruptions?

Plans to _____ while _____?

How _____ minimize _____ disruption.

Are service _____ you _____?

_____ be done _____ prevent service problems _____?

There _____ ways _____ interruptions _____ upgrade.

_____ do you _____ during _____ updates?

_____ during the upgrade?

When updating services, _____.

_____ downtime is _____ of the plans _____.

There _____ reduce _____ the upgrade.

How _____ operations continue _____ during _____ upgrade _____?

Does the upgrade _____ intend _____?

_____ do you reduce interruptions _____?

Will _____ be less _____ upcoming _____?

Any way to _____?

Can _____ service _____?

_____ you upgrade to _____?

Is _____ any plan _____ service _____ while _____?

It's possible _____ have _____ downtime _____ upgrade _____.

When _____ services, how _____?

_____ are _____ keep _____ to _____ minimum during upgrades.

_____ there _____ a way _____ upgrade _____?

_____ disruptions will be _____ upgrade.

Is _____ that interruption _____ reduced during _____ upgrade?

_____ any strategies for reducing _____ planned _____?

_____ service during improvements?

How _____ during upgrade?

_____ can _____ minimize _____ disruption?

How _____ mitigate service _____ during _____?

_____ be _____ while you upgrade.

Service _____ can _____ mitigated _____.

How _____ planned updates?

_____ an upgrade, what _____ taken _____ minimize disruptions?

Reducing interruptions in _____.

Service problems _____ with _____.

_____ that there is _____ interference _____ upcoming enhancements?

_____ ensuring minimal _____ during _____?

_____ you _____ service disruptions _____ system _____?

Any method _____ reduce _____?

_____ is _____ services upgrade?

_____ during upgrade _____?

Is _____ a _____ minimize service _____ while _____?

Are _____ a break in service _____ upgrade?

How _____ minimize _____ we _____ services?

_____ there a way _____ minimize _____?

_____ you propose _____ reduce _____ upgrades?

____ Upgrading ____ means of _____.
 ____ minimize interruptions ____ upgrades?
 ____ operations continue ____ the upgrade?
 How ____ you ____ when you ____?
 How ____ during upgrade.
 Can the upgrade process _____?
 ____ we do to reduce service _____ upgrade?
 ____ minimize downtime ____ upgrade services.
 ____ minimize service disruptions _____
 ____ need ____ way ____ minimize ____ disruption.
 The interruptions ____ be ____ somehow _____.
 Is ____ a way ____ during the planned ____?
 How can ____ trouble with _____?
 ____ way to minimize service disruptions during _____?
 Is it ____ to ____ an ____?
 Measures ____ be put ____ to ____ disruptions while ____ are _____.
 ____ decreasing service ____ during ____ enhancements?
 ____ expect minimal interruption _____?
 How ____ not messing ____ when _____?
 ____ plans ____ service disruption during an upgrade.
 Can ____ expect ____ upgrades?
 ____ how will ____ interruptions ____ reduced?
 Should ____ service disruption ____ we ____?
 ____ can you make ____ disruptions _____?
 ____ be done ____ disruptions during ____?
 ____ be taken to ____ during upgrade?
 ____ we reduce service _____?
 Possible ways of ____ during _____.
 When ____ how ____ interruptions?
 Can the ____ delays?
 Is ____ way ____ interruptions ____ enhancements?
 ____ to ____ to avoid ____ disruptions?
 ____ to minimize ____ when ____ is _____?
 Ways ____ diminishing ____ enhancements.
 ____ to ____ service ____ during ____?
 ____ it ____ to upgrade ____ service ____?
 How ____ disruption ____ minimized?
 ____ a way ____ reduce ____ during ____?
 ____ it ____ minimize service ____ upgrading?
 How ____ downtime reduce ____ services?
 ____ are ways to ____ enhancements.
 ____ you think ____ interruptions during ____?
 If ____ how ____ there ____ outages?
 ____ will ____ during upgrades?
 How should ____ while ____ systems?
 ____ what ____ the ____ to minimize ____?
 How ____ you minimize downtime _____?
 ____ plans for service ____ when _____?
 Any way ____ disruption ____ the ____?
 There ____ ways ____ minimize ____ upgrade.

_____ interruption be _____ the upgrade?

How to _____ while _____.

How _____ be less _____ when _____?

Is _____ strategies _____ minimizing _____ during _____ updates?

Can _____ disruptions after _____?

_____ be taken _____ disruptions during the upgrade?

_____ are taken _____ interruptions while _____?

_____ the number _____ interruptions _____ upgrade.

Should you _____ measures _____ interruptions while you _____?

Is there any _____ reducing _____ the planned _____?

Some way _____ disruption?

Are there _____ to reduce service _____ while _____?

Any plans _____ when _____ upgrade?

_____ service _____ system enhancements

_____ be done to _____ during upgrade?

_____ be less _____ upcoming enhancements.

There _____ plans _____ downtime during _____.

_____ will _____ be less _____ the _____?

_____ are _____ to keep _____ during _____.

_____ are the plans _____ downtime _____ upgrade?

Can people _____ problems?

_____ will _____ limited _____ upgrade

_____ will you manage disruptions _____?

_____ ways to _____ in _____ upgrade.

_____ it possible _____ service _____ improvements?

How _____ limit interruptions _____?

_____ do we minimize _____?

_____ the upgrade _____ aim _____ lower number _____ disruptions?

Make _____ minimal _____ the _____.

_____ can there _____ outages when _____?

_____ can we _____ when updating _____?

_____ you going _____ uninterrupted service while _____ with _____?

Ways in _____ can be _____ interruption during _____.

Is there _____ while _____ are upgraded?

What will be _____ to _____ you _____ services?

_____ can _____ compromise _____ when _____ upgrade?

It's meant _____ minimizing _____ upgrade _____.

Is there _____ plan to _____ service _____ upgrade?

Is _____ plans _____ reduce _____ disruptions while you _____?

_____ upgrade to _____ service _____?

There _____ be a _____ to _____.

_____ can _____ expect minimal _____?

_____ is a _____ to _____ downtime when you _____.

_____ will service _____ be minimized _____?

Should _____ be _____ services _____ upgraded?

When _____ services, this _____.

What _____ plans regarding _____ disruptions _____ system _____?

Will there be _____?

_____ the _____ to minimize upgrade _____?

How to _____ enhancements?

The _____ is _____ service _____ upgraded.
_____ will you _____ the _____ you upgrade?
How do _____ service _____ upgrade?
_____ steps are _____ to reduce _____ upgrade?
_____ not _____ the _____ when you _____?
_____ upgraded _____ avoid service _____?
Will _____ be _____ to _____ updates running smoothly?
_____ you going _____ service _____ during an upgrade?
_____ be _____ plan _____ place for _____ downtime _____ updating?
_____ reduce service issues while _____?
_____ to minimize service _____ upgrading.
How do _____ minimal _____ during _____?
_____ service _____ be mitigated _____ system _____?
_____ minimal disruptions _____?
Are _____ any plans to _____ service _____ upgrade?
Is there _____ to reduce service _____?
Can upgrades _____?
_____ can disruptions _____ be _____?
_____ there _____ in _____ when _____ upgrade services?
_____ is the plan for _____ downtime _____?
_____ reduce issues _____ upgrade?
_____ measures in place for minimal _____ upgrade?
_____ to know _____ expect minimal _____ during upgrades.
Will there be _____ upgrades?
What can be _____ disruptions in _____ upgrade?
It's possible _____ when upgraded _____.
_____ of _____ service during _____.
_____ will _____ minimize _____ the upgrade?
_____ are _____ interruption _____ the upgrade.
_____ during renovations?
_____ there _____ plans to _____ service downtime _____?
_____ service _____ upgraded services?
Service _____ during _____ be _____.
Is _____ the outages during planned updates?
_____ disruptions _____ upgrade.
Can _____ hindrances?
Do you have _____ to _____ disruptions _____ you _____?
_____ ways _____ reducing _____ during _____ enhancements.
_____ should we _____ disruptions _____ systems?
_____ be _____ interruptions _____ the upgrades.
Can _____ during upgrades?
_____ how _____ you reduce downtime?
_____ to smooth _____ disruption?
Service _____ be _____ during _____.
_____ problems _____ avoided _____ upgrades?
_____ can there _____ limited downtime?
How can we minimize _____?
Will _____ less interruptions _____?
Are _____ any plans to _____ disruption _____?
How _____ minimal disruptions during _____?

_____ there any plan _____ minimize _____ disruptions _____ upgrade?
 Are _____ measures _____ minimal interruptions _____ you upgrade?
 Is _____ plan _____ downtime _____ upgrades?
 _____ of _____ service _____ during _____?
 How _____ downtime _____ upgrades?
 How _____ limited _____ with an _____?
 _____ can _____ taken to _____ service _____ in an _____.
 _____ we _____ minimal _____ duringupgrades?
 _____ it possible _____ minimize _____ disruptions _____ upgrade?
 _____ reduced when _____ an upgrade?
 _____ upgrading services, what _____ be _____ interruption?
 Can _____ minimized in _____?
 Is it _____ to _____ minimal _____ during _____?
 When _____ services _____ how _____ reduced?
 _____ reduced when services are _____?
 _____ can _____ done to limit _____ you _____?
 Will there _____ upgrades?
 How _____ upcoming enhancements _____?
 _____ interruptions _____ be _____ upgrade
 How can _____ disruption of _____?
 Will _____ minimal _____ upgrades?
 Service _____ may _____ mitigated during _____.
 There will be measures _____ when _____ are _____.
 Is _____ disruptions during upgrade?
 _____ done to _____ disruptions during _____ upgrade?
 How _____ prepare for _____ downtime _____ the _____?
 How _____ make sure _____ during _____?
 It _____ possible to _____ interruptions _____.
 _____ be less _____ with upcoming _____?
 _____ ways _____ decrease _____ during enhancements.
 _____ interruptions _____ upgrading?
 _____ possible _____ reduce _____ during upgraded?
 _____ I _____ upgrade disruption?
 _____ updates _____ service _____?
 _____ will _____ disruptions _____ the upgrade.
 How _____ interruptions while updating _____?
 It is _____ to ensure _____.
 _____ can I _____ service _____ during _____?
 Would the _____ aim _____ disruptions?
 _____ do you plan _____ disruptions _____ enhancements?
 _____ will be done to _____ services?
 _____ service _____ during the upgrade.
 _____ can there _____ with _____ upgrade?
 How _____ interruption _____ upgrades?
 _____ the steps _____ reduce interruptions _____ upgraded?
 _____ done to _____ while the services are _____?
 How _____ reduce _____ downtime _____ upgrade?
 _____ does _____ reduction _____ services _____ upgraded?
 _____ services, how _____ downtime _____ reduced?
 Does _____ upgrade process _____ disruptions?

Is _____ upgrades?

Do _____ want to _____ while _____?

_____ plan _____ reduce service _____ while upgrading?

Ways _____ disruptions _____ an _____.

_____ upgrading, _____ be limited incidents?

Downtime _____ be limited _____ upgraded.

_____ will _____ minimal _____ upgrades.

_____ upgrades _____ steps will be _____ minimize _____?

_____ are _____ to _____ a upgrade.

_____ there any plan to _____ service _____?

_____ service stops _____ system _____

Will _____ interruptions _____ upgrades?

_____ you upgrade?

When _____ how _____ be _____ problems?

What _____ we _____ to _____ service _____ upgrades?

Plans _____ disruption while _____.

_____ done _____ minimize disruptions _____ enhancements?

Strategies _____ downtime _____ planned _____?

_____ will be steps _____ disruptions _____ upgrade.

_____ the upgrade _____ plan for _____ disruptions?

_____ can we _____ upgrading?

Are _____ explain your approach for minimizing _____ disruptions _____?

If _____ upgrade _____ can _____ reduce _____?

_____ decrease _____ stops during system _____?

_____ minimize _____ updating the systems?

Do _____ want to _____ downtime while _____?

What can _____ do _____ disruptions _____?

_____ are _____ of _____ service during _____.

During _____ expect minimal _____?

There _____ for minimizing _____ planned updates.

_____ during _____ could be _____.

_____ there are ways _____ minimize _____.

Does it _____ sense _____ reduce _____ disruptions _____ you _____?

_____ for minimizing downtime during _____ upgrade?

What actions _____ be _____ to _____ an upgrade?

_____ should _____ upgrade services.

Ways _____ avoid _____ a _____.

_____ will be put in _____ to _____ services.

During the upgrade, _____ be _____?

Is _____ any strategy _____ updates?

_____ to minimize _____ disruptions?

_____ not _____ disrupted _____ you mess _____ upgrades?

_____ can _____ problem _____ you upgrade?

_____ will upcoming _____ be _____?

_____ reduced interruptions _____ the upgrades.

How will operations not be _____?

_____ the upgrade, will the _____?

_____ it possible to _____ approach to minimizing _____ upgrades?

_____ there _____ to decrease _____ disruptions _____ upgrading?

_____ issues _____ reduced while _____ upgrade

_____ can _____ reduce interruptions?

_____ be _____ to _____ service _____ while upgrading?

While _____ can _____ reduce service _____?

Can _____ upgrade _____ service _____?

You _____ downtime when _____ upgrade _____.

_____ to keep upgrade _____?

_____ there be _____ you upgrade?

When _____ can there _____ disruptions?

_____ should be _____ interruptions during _____.

Is _____ chance of minimal _____?

How _____ we diminish _____ during _____?

_____ are strategies _____ planned updates.

Can enhancements _____?

_____ want _____ know _____ we can _____ interruption _____ upgrades.

_____ disruptions be minimized?

_____ we minimize interruptions _____ updating _____.

_____ can _____ minimize _____ disruptions _____ upgrades?

_____ how to _____ service _____?

_____ interruptions will be _____ the _____ of services.

Is _____ of minimal interruption _____ upgrades?

_____ do you have _____ service disruptions _____ enhancements?

What _____ your plan _____ with _____ disruptions _____ system _____?

What _____ for _____ outages _____ planned updates?

_____ minimal _____ during the upgrade?

_____ a way to _____ during _____?

_____ can there be _____ upgrade?

_____ will we minimize _____?

When _____ upgrade, how do _____ not _____ service?

How _____ the _____ reduced _____ upgrade?

Will _____ interruptions _____ during an _____?

_____ there _____ plan to reduce _____ upgrading?

How _____ limited _____ when you _____?

How _____ you plan to _____ with service _____?

_____ does downtime decrease _____ upgraded?

How will _____ less _____ the _____?

_____ operations continue _____ any _____ during the _____ period?

_____ how can interruptions _____?

_____ we _____ reduce service downtime for _____?

Is _____ possible _____ be reduced during _____?

_____ interruption limited _____.

How to _____ service _____ the _____?

Is _____ to reduce _____ upgrade?

_____ you minimize _____ the upgrade?

_____ the situation _____ when upgrading?

Do _____ the downtime while _____ upgrade _____ services?

It _____ minimize downtime while _____.

_____ will _____ reduced _____ the upgrade?

When _____ can _____ reduce _____ disruptions?

_____ for reducing disruptions during _____?

_____ do _____ plan on _____ downtime during an _____?

How _____ upgrade disruptions?

Are _____ disruptions reduced _____?

_____ any strategies _____ disruptions _____ planned updates?

_____ interruptions _____ upgrade?

_____ upgrades reduce _____?

Service _____ while upgrading.

Is _____ restrict _____ while _____ services?

What should we do _____ interruptions _____?

_____ can disruptions _____ you upgrade?

_____ is _____ means of _____ services.

_____ ways _____ curtail _____ an upgrade.

_____ disruptions _____ reduced during _____?

_____ possible to _____ during an _____?

_____ downtime is an _____ for _____.

How can _____ be _____?

_____ there strategies _____ during updates?

Can _____ drawbacks?

It's possible to _____ interruptions _____.

_____ the upgrade, _____ will _____ be _____?

_____ can interrupt _____ minimized _____ updating _____?

Interruptions _____ reduced during _____.

During _____ reduce service?

_____ the disruptions _____ upgrade?

_____ to _____ minimal _____ during upgrades.

_____ you have _____ plans for _____ interruption while _____?

What is _____ best _____ upgrade _____?

Ways _____ disruptions _____ upgrades.

_____ you _____ place that will _____ minimal _____ while _____ upgrade?

Is there _____ to _____ disruption?

_____ that interruptions _____ be reduced _____ upgrades.

_____ ways to minimize _____.

_____ be reduced during _____?

During upgrades, _____ interruptions?

_____ is _____ mitigated _____ services are _____?

There are _____ minimize interruption _____.

There _____ be _____ disruptions during _____.

Service _____ reduced during _____ upgrades.

There should _____ taken for _____.

_____ a _____ in place _____ minimal _____ while _____ upgrade?

_____ it _____ to _____ whileUpgrading?

Continuity _____ a focus _____ consistent _____ is achieved through what _____ minimized _____ to services being _____?

_____ possible to minimize service _____ an _____?

Attempt _____ interruptions _____ the _____?

_____ can you not _____ up _____ upgrade?

_____ to _____ disruptions _____ upgrade.

_____ possible _____ reduce downtime whenUpgrading _____.

_____ the _____ process _____ fewer disruptions?

_____ done to _____ interruptions while you _____ your _____?

_____ way _____ upgrade disruption?

Will the _____ have _____?

_____ be done _____ minimize interruption _____ an _____?
_____ there _____ less disruptions _____?
It's _____ minimal disruptions during _____.
_____ your upgrade _____ service _____?
How can _____ limited _____?
_____ ensure minimal _____ during renovations?
Do _____ measures in _____ a minimal interruption _____ you _____?
interrupt favored _____ planned _____
_____ minimize interruptions when _____ systems?
_____ reduce service _____ we upgrade?
_____ it _____ outages to _____ limited _____ you upgrade?
_____ interruption _____ Upgrading _____ steps _____ taken?
_____ measures _____ place for _____ disruptions while upgrading?
How can _____ be _____?
_____ upgrading, _____ there be _____?
_____ be _____ disruptions during the _____?
There are _____ mitigate _____ disruptions _____.
_____ do you _____ interruptions _____ update the _____?
_____ are ways _____ not _____ an _____.
_____ you ensure minimal disruptions _____?
_____ way _____ the _____ disruption low?
Should _____ limited _____ upgrade services?
We would like _____ know _____ expect _____ interruption _____ upgrade.
_____ it possible _____ reduce _____ upgrading _____?
_____ something that _____ in upgrading.
_____ carrying _____ updates, will there _____ strategies in place _____ is minimal _____?
When _____ is _____ reduced?
_____ minimize downtime _____ upgrade services.
_____ ways _____ upgrade disruption.
In _____ can there _____ less _____?
_____ of _____ downtime when _____ upgrade _____.
It's possible to minimize _____.
_____ should we _____ to ensure minimal _____?
