

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Mobile Network Operators |
| Inquiry Category | Transfer of service to a new device |
| Inquiry Sub-Category | SIM card activation |
| Description | Queries regarding the activation process for the new SIM card, steps to take to ensure smooth activation, and potential issues that might arise during the activation process. |
| Data Size | 5,080 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

If ____ can MNOs help troubleshoot and resolve technical ____ ?
____ help fix technical issues ____ returns?
If ____ do the Mobile ____ Operators help ____ the ____ ?
____ the ____ network operators ____ problems ____ ?
____ it ____ us to seek aid ____ MNOs to eliminate ____ obstacles until optimal ____ ?
____ complete restoration ____ services, ____ provide ____ with technical problems?
____ network operators might ____ to ____ it.
Do mobile ____ in ____ issues?
____ help ____ the problems?
____ resolve tech issues ____ ?
____ it ____ the ____ to help ____ technical ____ before restoring ____ ?
____ solve ____ until it's back to normal?
____ networks ____ resolve some ____ ?
Do ____ tech ____ before restoration?
Is it possible ____ help ____ service?
Do MNOs have the ____ to ____ early ____ ?
____ it possible ____ operators to ____ repair things?
Is ____ possible for ____ to ____ technical ____ get ____ to normal?
____ the ____ fix ____ problems asap?
____ do ____ facilitate resolution of glitch before holistic ____ established?
____ tech issues?
Is ____ MNO's to ____ technical issues early ____ ?
____ wireless ____ support prior to ____ full operation?
____ networks ____ able to ____ things?
____ it possible for MNOs ____ deal ____ troubles ____ ?
____ MNO ____ technical ____ until ____ to normal?
____ mobile network ____ deal with ____ ?
____ necessary, ____ Network Operators facilitate ____ glitches?

Is _____ possible for _____ operators to help _____?

Will the _____ help _____?

_____ for _____ operators to help restore something?

Is it _____ we could seek _____ from MNOs to eliminate technological _____ performance _____?

Is _____ possible for MNOs to _____ early _____?
