

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Compatibility with other devices inquiries
Inquiry Sub-Category	NFC Compatibility
Description	Customers inquire about whether their smartphone has Near Field Communication (NFC) capabilities, which allow for contactless communication with other NFC-enabled devices or services.
Data Size	5,154 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ it ____ to ____ data between ____ smartphone ____ another ____ through ____ Field Communication ____ ?
 Near field communication could ____ information from ____ phone ____ another ____ .
 ____ I use Near Field ____ on ____ share data with ____ ?
 Is it possible ____ send ____ my phone ____ that ____ Communication?
 ____ I send things from my phone ____ use ____ ?
 Data ____ near ____ on my ____ and another ____ ?
 I ____ to send ____ from ____ phone to ____ device that ____ Near ____ .
 ____ to transfer my ____ to ____ device ____ phone's ____ Communication (NFC) technology.
 ____ Communication ____ the ____ from my phone to ____ device?
 ____ I swap ____ with ____ different ____ my phone's Near ____ ?
 ____ to ____ my data to ____ device ____ my phone's ____ Field ____ .
 ____ near field communication ____ my phone ____ me ____ smoothly?
 ____ it ____ possible ____ to be sent ____ devices ____ seamless manner with ____ of the ____ ?
 Do you know if it's possible ____ Field ____ feature ____ information between ____ devices?
 ____ (NFC) ____ be ____ to send information ____ my ____ to another ____ .
 ____ it work ____ move ____ on my ____ Near Field ____ ?
 Can ____ Field ____ be ____ to transfer ____ from my ____ device?
 ____ send ____ receive data from ____ phone to ____ device with Near ____ Communication ____ ?
 ____ Near Field ____ my ____ allow ____ to share ____ other devices?
 If ____ to ____ files with ____ can I have ____ my mobile device.
 ____ Near Field ____ (NFC) ____ used ____ transfer data ____ phone ____ other ____ ?
 Can ____ with others ____ Near- Field Communication ____ ?
 ____ field ____ to transfer data ____ my ____ and another device?
 Does Near- ____ transfer data from my phone ____ another ____ ?
 ____ my phone have the ____ to ____ with ____ devices with ____ ?
 ____ my ____ to swap ____ devices using Near Field ____ ?
 ____ the ____ to exchange data ____ devices ____ Near Field Communications technology?
 ____ capable of ____ with other devices ____ on ____ Field Communications?

____ possible ____ phones to connect with ____ transfer via ____ protocol.
 ____ send ____ receive ____ from my ____ to ____ using ____ Field Communication Technology?
 ____ Near ____ Communication ____ used to transfer ____ between my ____ other ____?
 ____ my ____ of sending data ____ devices with ____ field ____?
 ____ Field Communication ____ me ____ information from my phone ____ device.
 Near field ____ to send ____ data from my ____ to ____ device
 Will using ____ field communication ____ my ____ me ____ easily?
 Can I swap ____ phone ____ another device using ____ field ____?
 I am wondering if I can send ____ to a ____ field communication.
 Can ____ my ____ to other ____ near field communication?
 ____ exist to transfer data on ____ using ____ near field ____?
 Can ____ phone to send things to ____ with ____ communication?
 ____ it ____ to transfer ____ my phone and device ____ Communication?
 ____ phone's Near field communication ____ to transfer my ____ to another ____.
 ____ receive data through ____ Field Communication through ____ phone?
 ____ like to ____ Near Field ____ technology ____ phone to ____ data.
 Can I ____ to ____ or receive data ____ Communication?
 Is ____ possible to send data ____ to ____ via Near- ____?
 ____ from ____ to other gadgets with near field ____?
 Does ____ work ____ me ____ phone information ____ my ____ near field communication technology?
 Can I ____ from my phone ____ device ____ near ____?
 ____ Field ____ technology ____ send and receive data from ____ phone?
 Does ____ work ____ I ____ with ____ using my ____ Near field communication ____?
 Can I ____ my phone's Near ____ to share ____ another ____?
 ____ I ____ phone to ____ receive information ____ Near ____ Communication?
 Can Near field ____ (NFC) allow ____ data?
 I am wondering if ____ can send ____ from ____ phone ____ a ____ Field Communication ____.
 ____ it be ____ share ____ with ____ devices with ____ communication on ____ phone?
 Can ____ send ____ Receive data ____ my phone ____ a device ____ Communication?
 ____ send ____ from my ____ to ____ gadgets, using ____ Field ____?
 ____ the ability ____ transfer information from ____ phone ____ device using ____ Near-field Communication ____?
 ____ use ____ Field Communication to transfer ____ my phone to ____?
 ____ my phone ____ use ____ Communication technology?
 Can ____ something ____ phone to another ____ near ____ communication?
 Can ____ transfer ____ information from ____ to ____ device ____ Near-field ____?
 ____ I send ____ my phone ____ a ____ with Near ____ Communications?
 Is my phone able to communicate ____ others ____?
 Is ____ phone ____ through ____ field ____ for data transfers?
 ____ that exist to move data ____ my phone ____?
 Is it possible for ____ to ____ devices ____ Near ____ Communication?
 Does ____ let ____ data ____ a phone ____ device?
 Can ____ send or receive ____ from ____ a device ____ Communication?
 Can ____ be used ____ transfer data ____ my ____ and others?
 Do you know if ____ exists ____ data ____ phone using ____?
 Is it ____ to swap data with ____ NFC capability?
 ____ sent between ____ in a ____ manner using the ____?
 Can ____ use Near Field ____ (NFC) to transfer ____ phone and ____?
 ____ it ____ transfer ____ my phone's NFC technology?
 ____ want to share ____ with another device ____ Near ____ Communication (NFC) ____.
 ____ I ____ Near ____ Communication technology ____ move my information between ____ device?

____ it exist for me ____ a ____ field device ____ data ____ my ____?
 ____ phone ____ information with other ____ using Near- ____ technology?
 Is ____ possible ____ information between ____ phone and ____ using Near ____?
 ____ I ____ near ____ communication from my ____ to ____ gadgets?
 How can ____ send or ____ data ____ phone to a ____ uses ____?
 ____ phone ____ data ____ other devices that use Near Field ____?
 Can ____ transfer ____ my ____ another ____ with the ____ Communication device?
 ____ it ____ to send my ____ through my ____ Near-field ____?
 I would ____ to use near ____ send ____ my ____ to another ____.
 ____ it ____ send ____ between my ____ and ____ using Near Field ____?
 ____ it possible ____ use Near ____ Communication ____ my phone ____?
 Do ____ know if ____ your ____ Near Field Communication ____ data?
 ____ field ____ can ____ used ____ from ____ phone to another device.
 Can ____ send and receive ____ phone ____ a device ____ uses Near ____?
 ____ it possible to ____ field communication capabilities ____ data between two devices?
 ____ Field ____ my ____ me ____ data with other devices easily?
 Is ____ possible ____ information ____ to a different device ____ Near ____ Communication?
 Do I ____ able to ____ another ____ using Near-field Communications?
 ____ transfer data on my phone ____ a ____ field ____ technology?
 Is ____ phone ____ to exchange ____ different ____ Field Communications?
 Is ____ to ____ information using my ____ technology?
 ____ I send or ____ phone ____ phone to ____ device ____ Field Communication?
 ____ send or receive ____ from ____ to a ____ Field Communication technology?
 Is ____ possible ____ swap data ____ a ____ device ____ the ____ field communication ____?
 ____ phone capable ____ with ____ devices ____ use Near Field Communications?
 ____ to send ____ data from my phone ____ a device that ____ Field ____?
 Is it possible ____ data ____ a different device using ____ Communication ____ on ____?
 ____ I send ____ receive data from ____ to ____ that uses ____?
 ____ it ____ that I ____ send or receive ____ to ____ device ____ Near Field Communication?
 I would ____ to give ____ another device ____ Near ____ technology ____ my ____
 ____ I ____ data ____ a device ____ Near field Communication?
 I would ____ give my ____ to ____ Near ____ on my phone.
 ____ my phone capable ____ with other devices, ____ Communications?
 I ____ like ____ my data ____ with the ____ phone's near-field communications
 I want ____ my phone's Near Field ____ (NFC) ____ my ____ another ____.
 ____ I use Near field Communication (NFC) ____ phone ____ other ____?
 ____ Field Communication could allow me to send ____ to ____.
 ____ would like to ____ data ____ another ____ using Near ____ Communications ____ phone.
 ____ communication ____ to send ____ my ____ to another device?
 ____ would ____ give ____ data to another ____ Near Field ____ technology ____ phone.
 ____ to send ____ receive data from my phone ____ a device ____ field ____?
 ____ like to ____ my data ____ my phone's ____ Communication ____.
 Data ____ via ____ field ____ my ____ or ____ device?
 ____ Near-field Communication allow me ____ my ____ to another?
 Do ____ can ____ from ____ phone ____ another ____ Near- Field Communications?
 Is ____ transfer ____ from ____ phone ____ another ____ using Near ____ Communication (NFC)?
 ____ it ____ to send my ____ using ____ phone's Near-field ____?
 ____ use ____ Communication (NFC) ____ transfer data ____ my ____ and ____ device?
 ____ phone ____ use ____ Near ____ Communication system ____ data transfers?
 ____ it exist ____ use ____ near ____ communication ____ data on ____ phone?

____ Near- ____ allow me to transfer ____ my phone ____ another ____?
 ____ Field Communication ____ me ____ transfer data from ____ phone to ____?
 Is my phone capable ____ other ____ with ____ field ____?
 Can I use ____ Field ____ transmit data?
 Can ____ near ____ communication to send things ____ my phone ____?
 Can I ____ or receive ____ my ____ a device ____ works with ____?
 Is it ____ to use near ____ to ____ data ____ my ____?
 ____ would like to ____ my ____ device ____ Near Field ____ (NFC) technology
 Is ____ possible to ____ my information using ____ Near ____?
 Is ____ possible ____ transfer some ____ phone ____ device using a ____ device?
 Can ____ transfer ____ my phone ____ another ____ that has ____?
 ____ to ____ through my phone's ____ field communication technology.
 ____ send information from my phone to ____ that ____ field Communication?
 I ____ to use Near ____ my ____ transfer my ____ another device.
 ____ use near ____ communication ____ to ____ my ____ my phone and ____?
 Can ____ Near ____ Communication ____ transfer data ____ phone and ____ gadgets?
 Data ____ field ____ on my phone ____ another ____?
 Can I ____ from ____ phone ____ with near ____ communication?
 ____ send or receive a data ____ phone to ____ that ____ field ____?
 I was wondering ____ I ____ send ____ receive data from ____ to ____ device ____ Communication.
 ____ Field Communication ____ to transfer ____ between ____ phone ____ device?
 ____ using Near ____ phone let ____ data with other devices?
 Can ____ be used ____ information ____ my phone to a ____?
 Is ____ possible to transmit or receive data ____ that uses ____ field ____?
 ____ to share my ____ through my ____ (NFC) technology.
 ____ to move my information from my ____ device using ____ Field ____?
 Does it ____ to ____ my ____ with a near ____?
 Does it ____ to use a ____ data on ____ phone?
 ____ would like to ____ Near ____ to transfer my ____ from my ____ device.
 Can I ____ field communication ____ phone ____ things?
 ____ using near ____ communication on ____ allow ____ to ____ easily with other ____?
 ____ to use ____ technology called ____ communication to send ____ receive ____ my phone ____ another device.
 ____ I ____ phone to ____ device ____ uses ____ Field Communication, or else?
 ____ use ____ near-field ____ to move my ____ on my ____?
 ____ my ____ to send ____ to ____ gadgets ____ near field communication?
 Can phones ____ (nFC) technology to ____ data?
 Does ____ to move ____ phone using ____ near ____ device?
 ____ the ____ to ____ information with ____ using Near-Field Communication?
 ____ it be possible ____ be sent ____ a seamless manner ____ the ____
 Does ____ Communication ____ to transfer ____ my phone to ____ new ____?
 Does ____ work to ____ phone information with ____ devices ____ field ____ technology?
 ____ my phone ____ to ____ data to other ____ Communication?
 ____ could ____ information from ____ to another ____ Near field communication?
 ____ possible ____ transfer ____ Field ____ on ____ phone and external device?
 ____ okay for ____ to send or ____ data from ____ to ____ that ____ Field Communication?
 ____ I send things ____ my ____ to ____ near ____ communication?
 I ____ my phone to a device that ____ field Communication.
 ____ field ____ can ____ to move information from ____ to ____ device.
 ____ I ____ receive data from my ____ to ____ a Near field ____?
 Can ____ send or ____ cell phone ____ device that ____ Near ____ Communication?

I _____ like to _____ Field Communications technology on my phone _____ give _____ .
 Is it possible _____ send _____ from my _____ to _____ Field Communication _____ ?
 Can _____ send or receive _____ from my _____ to _____ device?
 _____ it possible to swap data with _____ different _____ using _____ Near _____ phone?
 _____ would like to use _____ phone's _____ to _____ my _____ another device.
 Can I _____ things _____ my _____ to _____ near field communication?
 _____ Near- _____ Communication _____ transfer data _____ my _____ to _____ device?
 Is _____ a _____ to _____ information from my _____ to _____ device through _____ ?
 _____ I _____ to swap files _____ can _____ a NFC device on my _____ .
 _____ I _____ data _____ my phone _____ device _____ Field Communication, or _____ ?
 I would _____ to _____ phone's _____ Communication (NFC) _____ to another device.
 Is _____ me to _____ or _____ data from _____ to _____ device that _____ Near Field _____ .
 Does data _____ moved on my _____ using a _____ ?
 Can _____ send _____ my phone to _____ using _____ Communication?
 _____ send information _____ my phone _____ device through Near- _____ Communication?
 Can _____ use Near Field _____ my phone _____ ?
 Can _____ send or receive _____ my phone to something _____ ?
 Does _____ phone _____ the ability to _____ with other _____ with _____ ?
 _____ it possible for _____ to send or _____ my _____ a _____ Near field Communications?
 Does _____ Communication allow _____ data _____ phone to an electronic _____ ?
 _____ transfer data from my _____ device _____ Near-field Communications?
 _____ my phone _____ information _____ other devices through _____ ?
 Can my _____ exchange _____ with other devices _____ technology?
 _____ exchange my data with _____ device using my _____ Near _____ .
 _____ would _____ I _____ use Near- Field Communication to _____ data between my _____ other _____ .
 _____ it _____ or _____ data _____ my phone to a device _____ uses _____ Communication?
 _____ really _____ to _____ or _____ data from my _____ to a _____ with Near Field _____ ?
 _____ want to _____ if _____ can _____ my _____ and _____ device with Near- _____ Communication.
 It's possible to move _____ to a _____ device with the use _____ .
 I'm not _____ I can _____ receive data _____ a device that uses _____ Field _____ .
 If I want to swap files _____ different _____ can _____ a _____ on _____ device?
 Can _____ near _____ transfer _____ between _____ phone and other device?
 _____ use _____ field _____ to send data _____ to another device?
 Can I _____ phone _____ a _____ that uses Near _____ or not?
 Can _____ send or receive data _____ my _____ to another _____ uses _____ ?
 _____ send _____ using Near- Field Communication (NFC) _____ my _____ ?
 I _____ like _____ if _____ can _____ receive data _____ my phone _____ device _____ uses Near _____ Communication.
 Can _____ my phone's Near _____ capabilities _____ move data between _____ ?
 Is it possible for me _____ send _____ data from _____ device _____ Near _____ Communication?
 _____ send things _____ near field _____ from _____ to _____ gadgets?
 _____ Near _____ (NFC) _____ me _____ transfer phone data?
 _____ I have _____ chance _____ information from _____ to _____ using _____ Field Communications?
 _____ know _____ exists to _____ my _____ using a _____ field communication device.
 What if _____ from my _____ to _____ device _____ Near _____ Communication?
 Can I _____ information _____ phone _____ device using near-field _____ ?
 Can I _____ or _____ data from my _____ a _____ uses _____ Field _____ is it just _____ ?
 Can _____ phone send _____ data with _____ devices using _____ ?
 _____ my _____ communication technology to _____ my phone information with _____ device?
 Can _____ send _____ receive data _____ a device _____ uses a _____ field _____ ?
 Is _____ possible to _____ my information with my _____ ?

Can ____ use ____ phone's ____ capability to bring ____ other ____?

____ would like ____ data ____ phone ____ another device ____ Near ____ communication.

Can ____ my phone ____ device ____ Near Field Communication?

____ would like to ____ my ____ through my phone's ____ Communication technology.

What ____ could ____ data from ____ another device ____ has near field ____?

I'm interested in ____ field ____ technology ____ and ____ data from ____ phone to ____.

Is ____ to ____ something using the Near- ____ phone?

____ it ____ me ____ transfer ____ my phone to another ____ using ____ Field ____?

____ I ____ or ____ data ____ to ____ using Near field communication?

Could ____ near ____ technology ____ move ____ my phone and another device?

NFC ____ be used to transfer ____ phone ____ device.

Near Field ____ technology ____ allow ____ to ____ with ____ that transfer ____.

____ it ____ transfer info ____ my phone to ____ different device ____ near ____?

Can ____ or receive data from my ____ that uses ____ field ____?

____ get ____ from ____ phone to a ____ uses Near Field Communication?

Can ____ or ____ from ____ to a device ____ field Communication?

____ phone capable ____ data ____ other phones ____ Near Field ____?

I ____ like ____ data through my phone's ____ technology.

____ receive ____ from my ____ to another ____ that ____ Near Field Communication?

____ be ____ for ____ be ____ by utilizing the phone's NFC?

I would ____ my data to ____ else using the ____ communication ____ phone.

I ____ I ____ send ____ my ____ to ____ device that ____ field communication.

____ Field Communication ____ allow for ____ sharing ____ phones?

____ possible ____ send ____ via ____ phone's Near-field Communications (NFC) ____?

____ my data from my ____ another ____ using Near Field ____.

____ I use my ____ to ____ data ____ near ____ communication?

It's possible ____ move ____ from my ____ a ____ using the ____ field ____.

Is it ____ information using my phone's ____ field ____?

____ send things from my ____ to other ____ via Near ____?

Is ____ to use ____ phone's ____ field ____ capabilities ____ data between two ____?

Can ____ from ____ phone ____ device that works with ____ field communication?

____ it possible ____ data ____ a ____ by using Near ____ on my ____?

____ I ____ data ____ my phone and ____ things ____ Communication?

____ my ____ capable of ____ other devices through near ____?

I want ____ my ____ to ____ using ____ Field communication technology on ____.

Does ____ to move data ____ my phone using a ____?

Can I use ____ Near ____ to move data ____ phones?

Can ____ send or receive ____ from my phone to ____ Field ____.

I'd ____ to ____ my ____ to another ____ using the ____ technology ____ phone.

What ____ could send ____ from ____ phone to ____ Field Communication?

____ would ____ my data to another device through ____ Near ____.

Is ____ to swap data with ____ different ____ near ____ on ____ phone.

Will using ____ Field ____ on my phone ____ transfer ____ smoothly ____ other ____?

____ Field Communication (NFC) work ____ transfer data ____ my ____ and ____?

____ would like ____ my data ____ via my ____ Near ____ Communication.

____ it ____ to ____ data ____ using the near field ____ technology?

Is ____ to swap ____ different device by using ____ Communications ____ my phone?

Can ____ transfer ____ phone ____ device using Near- Field Communication ____?

Could ____ Near Field ____ capabilities ____ share data with ____ compatible ____?

Can I use ____ Field ____ to transfer ____ gizmo?

____ it ____ a ____ using ____ Near Field Communication on my phone?
 ____ want to exchange my data ____ device ____ Near ____ Communication.
 Can I quickly send ____ from my ____ another ____ Near ____?
 Does Near-field Communication allow me ____ phone ____ another ____?
 Is ____ possible to ____ some information ____ phone to ____ device ____ Near ____?
 ____ use my ____ Near Field Communication ____ information?
 ____ if I can send or receive data ____ phone ____ a device ____ Near ____?
 ____ possible to ____ my phone ____ a device ____ uses Near Field ____?
 Can I ____ my phone ____ with ____ communications technology?
 ____ am wondering if ____ can ____ my ____ to another ____ field communication.
 Can I get ____ send data from ____ a device ____ uses ____?
 ____ be ____ exchange information ____ others using ____ field communications?
 Can I transfer ____ my ____ device ____ near-field communications?
 Can ____ things ____ another device in near ____ communication?
 Can I transfer ____ my ____ the Near field ____ protocol?
 ____ my phone able ____ data through the ____ communication ____?
 Can ____ send my ____ using my phone's ____?
 ____ it possible ____ between your phones using ____ feature?
 ____ I transfer information from ____ with Near-Field Communication?
 ____ it possible for me ____ send ____ from ____ a ____ Field Communication device?
 Can ____ Communication transfer ____ my ____ to a ____?
 Can ____ use ____ Field Communication ____ move ____ between two ____ devices?
 ____ my ____ be used ____ exchange ____ with other devices ____ Near ____?
 I ____ to ____ if I can switch ____ device with Near- Field ____.
 ____ Communication technology be ____ move information between ____ phone and ____?
 ____ possible ____ transmit ____ from my ____ to ____ that uses ____ Field Communication?
 Does ____ exist to ____ data ____ a near ____ technology?
 Does my ____ the capacity to exchange ____ with ____ technology?
 Is ____ compatible with ____ Communications (nFC) ____?
 ____ it possible ____ data between my phone ____ device using ____?
 Can I ____ things from ____ phone ____ other ____ that use ____?
 Can you ____ field ____ on your phone?
 Can ____ move information between ____ phone ____ device ____ Field ____?
 ____ to transmit or ____ data from ____ phone ____ device ____ Near Field Communication?
 ____ send my info ____ Near-field Communications ____ capabilities?
 Can I send a ____ from my phone to ____ Near ____?
 ____ you ____ using the ____ field communication tech on ____?
 Is there ____ receive ____ from my phone ____ a device ____ Field Communication?
 ____ Communications permit me to transfer information from ____ another ____?
 Is ____ to ____ the Near Field ____ my phone to move ____?
 ____ possible to move data ____ my phone ____ a ____.
 ____ I send or ____ data from my phone ____ a ____ Technology?
 I ____ to ____ to another ____ using near field ____ my phone.
 Does it ____ use near-field ____ technology ____ on ____ phone?
 Does ____ data ____ my ____ can ____ using ____ near ____ device?
 Can ____ send things ____ to ____ gadgets ____ have Near field ____?
 ____ want to know if ____ use Near- Field ____ data between ____ phone and ____.
 Can ____ Communication ____ transfer ____ from my phone ____ a device?
 ____ could communicate from ____ another ____ that uses ____ Field Communication?
 ____ of ____ field communication on ____ make it ____ share data with other ____?

Can I _____ receive _____ my _____ device with near field _____?

Does _____ Field Communication (NFC) allow _____ data between my _____?

I want to use near field _____ data _____ phone _____.

_____ use _____ phone's _____ Field _____ technology _____ transfer _____ data to another device.

Is _____ to send _____ my phones' _____ Communications (NFC) _____?

Is _____ possible _____ use Near- _____ Communication (NFC) _____ phone to _____?

Does anyone _____ can _____ receive data _____ my _____ to _____ device that uses _____ communication?

_____ between _____ and other device using Near Field _____?

_____ this _____ to _____ data _____ my phone _____ near field communication _____?

Can _____ field communication technology on your _____?

The near _____ communication can _____ to _____ to another device.

Can _____ send things from _____ gadgets with Near _____?

I _____ to _____ if _____ can _____ Near- Field Communication _____ switch data between _____ and _____.

It _____ possible _____ connect with devices with _____ the _____ protocol.

Is this _____ Field _____ (NFC) _____ on _____ good _____ data to other _____?

I would like _____ my _____ through my _____ Field _____ (NFC) _____.

_____ I actually _____ data between my phone _____ other _____ using _____?

Is it _____ to _____ your phone's _____ Communications _____ to transfer _____ phones?

Is _____ possible _____ use _____ phone's NFC _____ data?

_____ Near Field Communication _____ transfer data _____ my _____ and _____ gizmos?

_____ send _____ information _____ my _____ to another device that uses Near _____?

Is it _____ to move _____ data _____ my _____ different _____ using _____ Communications?

Will the use of near _____ communication _____ my _____ me _____?

_____ it possible to transfer _____ a different device _____ use of a Near- _____?

Can _____ send _____ my phone _____ a _____ that _____ Near field Communication _____?

Will it be possible _____ be sent _____ the _____ phone's NFC?

_____ via _____ field Communications _____ my phone _____ another _____?

Can _____ phone _____ other devices through _____ Field _____?

_____ I _____ stuff _____ phone _____ gadgets _____ near field communication?

Can I _____ near _____ communication _____ send something from my _____?

Can _____ my phone's Near _____ Communication _____ with _____ device?

I _____ my data _____ my phone to another device _____ Communications.

Data sharing in _____ communication _____ my _____ device?

Can _____ phone _____ exchange _____ with _____ with Near Field Communications?

_____ it _____ to send things _____ to another device with _____?

_____ send _____ receive data _____ to a device that uses Near _____ or _____?

Does Near- _____ communication _____ me transfer data _____ to _____?

_____ able to send or _____ data from _____ phone to _____ with _____ Communication _____?

_____ exist to move data on my _____ technology?

What if _____ phone could communicate _____ another _____ using _____?

_____ I send or receive data _____ my phone _____ it _____?

_____ it _____ move data _____ my _____ with a near _____ communications _____?

What _____ send my _____ phone to _____ device using Near field _____?

Can _____ use _____ phone _____ things to _____ Near field communication?

Does _____ work with my _____ Communications (nFC) _____?

Does it _____ move _____ my phone using a near _____?

_____ I use _____ communication to _____ information from my _____ device?

_____ possible to _____ NFC _____ transfers?

Can I send _____ phone _____ something _____ uses _____ communication?

_____ like to _____ my data with my _____ Communication _____.

Can _____ use near _____ send things _____ my _____?

_____ possible _____ information from _____ phone _____ another device using Near field _____?

_____ transfer my data from my phone _____ Near-field _____?

Can I send _____ a _____ my _____ to a device that _____ Near _____?

I _____ to transfer my data _____ phone _____ device _____ Field _____.

Can I _____ Near- Field _____ my information _____ my _____ another _____?

Is _____ Field Communications (nFC)?

I _____ like _____ data _____ to another device through _____ Field Communication.

Can I use a _____ to move _____ my _____?

_____ my phone _____ a device that uses _____ Field Communication.

Does near- _____ transfer data _____ my phone _____ a device _____ possible _____ information from my _____ to _____ different device using _____ communication.

Is _____ phone able _____ send _____ field Communication?

Can phones use the _____ Communication _____ to _____?

I _____ to _____ I _____ or receive _____ phone to a device _____ Near field communication.

_____ send or _____ data from my phone _____ a _____ which uses _____?

_____ phone be _____ or receive data _____ Near _____ Communication?

I _____ to transfer my data to another _____ using _____ Field _____ technology _____

_____ transfer my phone _____ to _____ using the _____ Field _____ technology?

_____ field communication _____ me to transfer _____ data?

Could Near _____ be used to transfer data between _____?

Is it necessary to _____ or receive _____ phone _____ a _____ with _____ Communication _____?

Can Near field Communication, _____ transfer phone _____?

Does it _____ use near field _____ to move _____?

Is my _____ make _____ transfers through _____ Near _____ system?

I _____ like _____ use near field communication _____ to transfer _____ from _____ phone _____.

_____ it possible for _____ with different _____ Near Field Communication?

Can I use _____ Near _____ move data _____ device to another?

Does _____ have the ability to _____ with _____ devices _____ Communication technology?

_____ it _____ field _____ to swap information with another device?

_____ transfer information _____ my phone _____ another device _____ Communication?

Does _____ work with _____ with other _____ using _____ Near field Communication technology?

It is possible to move _____ from _____ phone _____ a _____ near _____.

Can _____ Near Field Communication (NFC) _____ transfer _____ and other gadgets?

_____ it possible to use the _____ on _____ data between devices?

_____ okay to _____ or _____ data from _____ phone _____ that uses _____ field communication?

Can _____ or receive data from my _____ device _____ Field _____?

_____ send _____ from my _____ another _____ that uses _____ Field _____ or not?

_____ send _____ receive _____ from _____ phone _____ a device that does _____ Communication?

_____ I _____ my phone's Near _____ Communications _____ my _____ between _____ devices?

Does _____ Communication allow _____ transfer _____ from my _____ to a _____?

_____ know if _____ can _____ data from _____ phone to a _____ uses _____ Communication.

_____ I use _____ phone's _____ Communications _____ capabilities to _____?

Near field _____ be _____ information from _____ to a different _____.

_____ send _____ my phone _____ other gadgets with _____ Communication?

_____ I transfer _____ data between my _____ other _____ Near Field _____?

_____ I transfer data between _____ through _____ Field Communication?

I would like to use near field _____ technology _____ my _____ to _____ different _____

Is _____ possible to send _____ using Near- Field _____?

I _____ unsure if _____ or _____ from _____ phone to _____ device with _____ Communication technology.

Can I _____ things from my _____ to another _____ communication?
 _____ don't know _____ NFC on my phone _____ help _____ transfer _____ other _____.

Is _____ possible for _____ send _____ my phone _____ another _____ field communication?
 _____ I use _____ phones' _____ Communications _____ to _____ my info?
 _____ I be _____ send or _____ from _____ a device that uses Near field _____?

Does _____ phone _____ capacity to _____ data with _____ devices _____ Field Communications _____?
 _____ it work with _____ Communications _____ capabilities?

Can _____ send things from _____ gadgets _____ field communication?

Can I _____ my phone's _____ Communications _____ move _____ my two devices?

Do _____ to transfer _____ from my phone to another device _____ protocol?

Can I use _____ phone _____ send or _____ through _____?

Is my phone capable _____ near field communication?

Is there _____ way to transfer _____ using _____ field communication _____?

Does it work with _____ Communication _____ to _____ phone information _____ devices?
 _____ if I can _____ or _____ data _____ my phone _____ a _____ that uses _____ field _____.

_____ it possible to move _____ on my _____ communication device.

_____ it possible _____ swap data _____ a _____ through _____ Near _____ Communication _____ my phone?

Does it _____ move _____ on _____ phone _____ the Near _____ technology?

Data sharing _____ field communications on _____ device?

Is _____ possible to _____ phone's Near _____ Communication (NFC) _____ to send _____?
 _____ Near Field Communication _____ my _____ data smoothly with other _____?

_____ it possible _____ information _____ my phone's _____ Communications capabilities?

Does _____ technology work _____ my _____ to swap _____ information _____ devices?

Is it possible _____ move _____ my _____ to another _____ using Near _____?

_____ use Near Field Communication _____ transfer _____ between _____ phone _____ devices?

Is _____ able to send _____ through Near _____ Communication?

Does _____ swap phone _____ with _____ device _____ phone's Near field Communication _____?
 _____ it possible _____ data _____ from my phone _____ a device that _____ Near _____?

I'd _____ transfer my data through _____ Field Communication _____.

Data _____ near field communications _____ phone, _____ device?
 _____ use _____ phone's _____ Field Communication _____ to move _____ two gadgets?

Can I _____ near _____ communication _____ my _____ send _____?

Data _____ by _____ field communications on my _____?

Is my phone _____ send _____ Near field _____ system?

Is _____ to _____ or receive _____ phone to _____ that uses _____ field Communication?
 _____ it _____ use _____ Communications capability _____ move data between two devices?
 _____ I transfer _____ my _____ nFC _____?

_____ it _____ with me to swap phone information with _____ field _____ technology?

I _____ my data to _____ my _____ Near Field Communication.
 _____ I send or _____ from my phone _____ that _____ Communication?
 _____ if _____ can send or _____ data _____ my _____ to a device _____ Near Field _____.

_____ to _____ data from my phone to _____ device that uses _____?

_____ it _____ send _____ between _____ phone _____ another device _____ NFC?

Is it _____ data _____ phone _____ another device _____ the _____ Field Communications _____?

Do _____ send data _____ my phone _____ a _____ with Near Field _____?

Is it _____ to use _____ field _____ on _____ phone _____ data _____?

_____ allow _____ to transfer my _____ data to a _____?

Am I _____ to send or receive _____ from _____ device _____ Field Communication _____?
 _____ near field communications on _____ phone, _____ another _____?

_____ exist _____ move my phone's data _____ communication?

____ it possible ____ data between my phone ____ external ____ help of ____?
 Is it possible for ____ exchange data ____ other ____ using ____ Field ____?
 Can I transfer data ____ another ____ using ____ communication?
 ____ things from ____ to other ____ with ____ field communication.
 ____ Field ____ technology transfer ____ from my phone to ____?
 ____ would ____ to transfer ____ data ____ phone ____ another device ____ Field Communication technology.
 Is it ____ to ____ data with ____ phone's ____ Field Communications capabilities?
 Does near field ____ send or receive data from ____?
 Do ____ be able ____ data from ____ to ____ using the Near-field ____?
 ____ Communication allow me to ____ my data from my ____?
 What ____ could communicate from ____ another device ____ uses ____ Communication?
 ____ sharing ____ near ____ communications on my ____ well as ____?
 ____ I ____ files ____ different ____ can I have a ____ device on my mobile ____?
 ____ or receive data ____ my ____ to ____ device ____ uses ____ Communication technology?
 Do ____ have the ability ____ from ____ to ____ using ____ Field Communication?
 Can I ____ from ____ phone to another ____ Near ____?
 ____ I send or ____ my ____ someone ____ Near Field Communication?
 ____ like ____ to another device ____ my phone's Near Field ____ technology.
 ____ use near ____ to transfer ____ from my phone ____ different ____?
 Can I ____ stuff ____ my ____ to other ____ Communication?
 ____ transfer ____ my phone's Near ____ (nFC) technology?
 ____ my ____ capable of exchanging ____ devices ____ use nFC ____?
 ____ Communication ____ me ____ from my phone to another device?
 ____ I ____ information with ____ phone's Near ____ Communications ____?
 ____ transfer something ____ my ____ to another device ____ Near-field ____?
 Could ____ Field Communication ____ used ____ share ____ from ____ phone ____ device?
 I would like ____ things ____ my phone to ____ Communication.
 Is it ____ me ____ send information from ____ phone ____ another device ____?
 ____ it ____ move ____ on my phone ____ a near ____ device?
 ____ allow me to ____ data from ____ phone to another ____?
 ____ Near ____ (NFC) allow ____ to ____ phone data to other ____?
 Can I send data ____ phone ____ device ____ Near ____ Communication?
 Is ____ use NFC on my ____ transfer ____?
 Can ____ Near- ____ Communication (NFC) on ____ my information?
 ____ you know ____ near-field communications ____ exists to move ____ my ____?
 ____ it ____ me to send ____ receive data from my ____ Near field Communication?
 ____ Near Field Communication ____ transferring ____ between my ____ and other ____?
 ____ Near ____ (NFC), ____ me ____ transfer ____ to other gizmos?
 Can ____ send or ____ from my phone ____ a ____?
 ____ like to send information ____ to ____ Near field communication.
 ____ possible to send ____ using ____ Near- ____ Communication ____ my phone?
 Can I ____ or ____ my phone ____ Near Field Communication technology or ____?
 I ____ my phone's ____ communication ____ to ____ my data ____ another device.
 ____ like ____ if I can use near- field ____ data ____ phone and ____ device.
 Can I ____ from ____ a ____ that ____ near field communication, ____ is that ____?
 ____ possible to use ____ field communication ____ information ____ a different device?
 I ____ to ____ from ____ phone to a device ____ field ____.
 Could ____ use ____ technology to ____ information ____ my ____ and a ____ device?
 ____ phones ____ Field ____ (NFC) capabilities to share data ____ other ____?
 If ____ want to swap files with ____ can I ____ on ____?

_____ actually exist to _____ phone using a near _____ device?
 _____ via near _____ communications _____ my _____ and _____ device
 Does _____ exist _____ move _____ on _____ using _____ near-field communication _____?
 _____ possible to _____ my information _____ Near-field communication (NFC) _____?
 _____ sharing via near _____ my _____ other devices?
 Is it _____ use _____ phone's Near _____ Communication feature _____ data _____ devices?
 _____ possible _____ transfer information _____ phone's _____ technology.
 Would _____ be possible _____ my phone _____ another _____ Near field communication?
 Is my _____ of exchanging _____ other _____ Near Field _____ technology?
 If I want _____ swap files with another _____ can _____?
 I was _____ if _____ or _____ data _____ a device that uses Near field _____.
 Can _____ info from _____ to _____ device through _____ communication?
 _____ okay to _____ receive data _____ phone _____ a _____ that uses Near Field Communication _____?
 Is _____ send my _____ Near-field Communication (NFC) capabilities?
 I would like _____ use my _____ field communications _____ data to _____.
 Does _____ the capacity _____ exchange _____ with other devices _____ field _____?
 Does _____ the _____ to _____ with other devices through _____ field _____?
 Is it possible _____ using my phone's _____ capabilities?
 _____ for _____ send _____ from _____ to _____ device through near field communication?
 _____ Near-Field Communication good for _____ data from _____ a _____?
 Can _____ Communication (NFC) _____ me _____ phone _____?
 Is _____ possible _____ transfer _____ from my phone _____ device using _____ field _____?
 _____ a good idea to _____ data from _____ phone to _____ Communication technology?
 _____ communication let _____ transfer my _____ my phone _____ a _____?
 Does _____ exist to move data _____ phone _____ communication _____ technology?
 _____ it _____ to transfer _____ between your _____ your phone's Near _____ Communication _____?
 Can _____ Field Communication _____ between my phone and _____ device?
 Can _____ my _____ my phones' Near-field _____ (NFC)?
 Can _____ or _____ my _____ if I _____ Field Communication technology?
 _____ Near _____ Communication _____ to transfer _____ my _____ and device?
 Is _____ possible _____ my _____ via my phones' Near-field _____?
 I _____ near field communication _____ and _____ data from my _____ to _____ different device.
 Is _____ possible _____ to use _____ Near-field Communications _____ capabilities?
 _____ it exist to _____ my phone _____ Field _____ technology?
 I _____ to know if _____ send _____ from _____ phone to _____ that uses _____ field _____.
 _____ I use _____ Near _____ Communication _____ on _____ phone _____ share _____?
 Is _____ possible to _____ phone's NFC _____ send data?
 Can I _____ or receive data _____ it uses Near _____?
 Can _____ use the near _____ communications _____ make a _____ and device?
 What if _____ use my phone's _____ to send information _____?
 Can I use _____ field _____ to send stuff to _____?
 _____ data be sent between _____ a _____ manner _____ using _____?
 Can _____ my _____ using _____ phone's Near-field _____ capabilities?
 Does it exist _____ my _____ my _____ using _____ communication?
 Can you _____ stuff on _____ phone with _____?
 Will it _____ to _____ from _____ device to another _____ the _____?
 I _____ like _____ send information _____ phone _____ another _____ Near- Field _____.
 Can I make _____ between my _____ and _____ with _____ field _____?
 Is _____ be moved _____ my _____ and _____ device using near _____ communication?
 Could phones _____ Near Field Communication _____ data sharing _____ compatible _____?

_____ send my phone data _____ a _____ using Near _____ ?
 _____ possible to _____ from my phone to another _____ using _____ field _____ ?
 _____ to _____ phone's _____ Field Communication _____ to transfer information _____ two mobile _____ ?
 Can I _____ my _____ my _____ Communication _____ capabilities?
 Can _____ data from my _____ a _____ using _____ field _____ ?
 _____ possible _____ send data from my phone to a _____ ?
 Can I _____ capabilities _____ move data between _____ two devices?
 _____ sharing _____ near field communications on _____ device?
 _____ want to _____ if I can _____ field communication _____ data between _____ phone _____ other _____ .
 _____ for my phone _____ or receive _____ to _____ device that uses _____ Communication?
 Is _____ send or _____ data from _____ phone _____ device _____ Field Communication technology?
 _____ it possible to _____ my phone _____ device _____ near field _____ ?
 Is _____ data _____ different device, using near field _____ on _____ phone?
 _____ I can send _____ receive _____ from my phone _____ that uses Near field _____ .
 _____ asked if I _____ send _____ receive data _____ my _____ to _____ that _____ Near _____ Communication.
 _____ Field Communication allow me _____ my phones?
 _____ I _____ to send or _____ data from my phone _____ device that _____ ?
 Can I send _____ my _____ to _____ gadgets _____ Near _____ ?
 _____ Field Communication _____ transfer data between _____ and other gadgets?
 _____ it _____ transfer data _____ phone and other _____ Near _____ Communication (NFC)?
 Does your _____ Near _____ Communication _____ allow _____ data between _____ devices?
 Is _____ possible _____ data on _____ phone _____ near field communications _____ ?
 Could _____ use _____ Field Communication _____ sharing with compatible _____ ?
 _____ possible to send information using _____ (NFC) _____ phone?
 _____ items from my phone _____ device _____ has near field _____ ?
 _____ send a _____ packet from my phone _____ device _____ uses _____ field _____ ?
 _____ I _____ near field _____ to send _____ phone?
 _____ I send data _____ phone to _____ device _____ uses Near _____ or _____ nonsense?
 _____ it exist _____ use _____ (NFC) to move _____ my _____ ?
 _____ would like to _____ my data _____ my phone's Near _____ .
 Is my _____ able to _____ with different devices _____ ?
 Can _____ send _____ data from my phone to a _____ or something else?
 _____ allow _____ to transfer information _____ my phone to _____ device?
 I wonder _____ I could _____ transfer something from my phone _____ device.
 _____ use my _____ to send things _____ other _____ using _____ Field _____ ?
 I would _____ to share my _____ another _____ Field Communication.
 Is it possible _____ data _____ my _____ device using the _____ method?
 I would _____ send information _____ device _____ Near- Field Communication.
 Can _____ or receive _____ to _____ who _____ Near field communication?
 _____ want to _____ phone _____ gadgets with Near field communication.
 _____ there _____ to move data on _____ using a _____ communications _____ ?
 _____ use _____ Communication _____ information between my phone _____ a _____ device?
 Is it possible to move some _____ my phone _____ another _____ ?
 Can I send _____ receive _____ from my _____ a _____ that _____ Communication?
 _____ it _____ for me to _____ from my _____ to _____ that _____ near _____ communication?
 _____ use my phone to transmit _____ receive _____ using _____ ?
 I _____ I _____ or _____ data _____ phone to _____ device that uses Near field Communication.
 _____ I could _____ something from my _____ another _____ Near-field communication?
 _____ is _____ to transfer information with _____ phone's _____ .
 Does it _____ to _____ data on _____ using _____ near _____ device?

Is it possible for _____ to be _____ between _____ in _____ phone's NFC?

_____ like to _____ my _____ another _____ using _____ Near Field _____ technology on _____.

Could _____ Field _____ send information _____ my phone to _____ device?

Can I _____ data _____ a _____ Near field communication?

Is _____ possible _____ data _____ phone _____ using a near _____ communication _____?

Is _____ capable _____ other _____ using Near Field Communication?

_____ the _____ wireless _____ transfer between _____ through the near _____ technology?

Is _____ to send information from _____ with near field _____?

Is _____ phone to exchange _____ with _____ using Near- _____ Communication _____?

_____ would like to _____ communication _____ data from _____ to another device

_____ information _____ my phones' Near-field Communications _____ capabilities?

Do _____ be able _____ transfer data from my _____ another _____ Near- _____?

Can _____ have _____ mobile device if I _____ swap _____ with another _____?

_____ Communication allow me _____ data from _____ a device?

Will _____ Near Field _____ my _____ me _____ share data _____ other _____ easily?

I _____ transfer my data _____ another device through _____ phone's _____ Communications _____.

_____ it _____ Near-field Communications (NFC) capabilities on _____ phone?

_____ field communication _____ be _____ to _____ information _____ phone to another _____.

_____ send _____ data _____ my _____ to a Near _____ Communication device?

_____ using near _____ on my phone _____ me to _____?

Can _____ send or receive _____ to _____ device _____ uses _____ Communication technology

_____ to share _____ data with another device _____ Near Field _____.

Is it possible to _____ and _____ devices _____ use of NFC?

_____ field _____ can be _____ from _____ phone to another device.

I _____ if I could _____ my phone _____ device using a _____.

Is _____ to move information between _____ phone _____ device, _____ Near _____?

_____ the fancy-schmancy _____ thing on _____ be good _____ transferring data to _____?

_____ able to allow me to transfer phone data _____?

Is it possible to use _____ to transfer information _____ devices?

_____ feature allow _____ to transmit data?

_____ able to _____ with others _____ near field communications?

_____ my _____ Near Field _____ capabilities to move data between _____?

Can _____ with my _____ nFC _____?

_____ I use _____ phone's _____ capabilities to _____ between devices?

_____ I _____ Near Field Communication _____ transfer _____ from _____ to something _____?

_____ I use _____ Field Communication to send _____ my phone _____?

Is _____ possible _____ transfer _____ between my phone _____ external _____?

Is _____ possible to _____ a _____ my _____ device _____ I want _____ swap files with _____?

_____ phone _____ to _____ information to _____ devices via Near _____?

Can I _____ information _____ my phone to _____ the Near-field _____?

I want _____ to another device _____ Near Field _____ on _____ phone

Does Near-field _____ me _____ my data from my _____ to _____?

_____ to _____ my data to another device through Near _____ my _____.

_____ my phone and another device _____ Near field _____?

Does Near Field Communication allow _____ information _____ phone _____ another _____?

_____ I _____ on my mobile _____ to swap files with _____ different phone?

Does Near- _____ Communication allow _____ to _____ from _____ a device?

_____ my _____ of _____ Near Field _____ to exchange _____ other devices?

I'd _____ to give _____ data to _____ my phone's _____ (NFC) technology.

I _____ share _____ data with another _____ Near _____ Communication (NFC) technology.

_____ Field _____ able _____ information _____ my phone to _____ device?

Can I use _____ to transfer data from _____ to _____?

Is _____ phone _____ sending _____ receiving _____ to _____ device that uses _____ field _____?

Do Near Field Communication _____ to _____ my _____ to _____ device?

_____ like _____ use _____ field communication to _____ receive _____ from my phone _____ another _____

Can _____ transfer information _____ phone _____ another _____ Near _____ Communications?

Is it possible _____ from _____ device to _____ with near field _____ on _____?

_____ swap my phone with my device _____ communications _____?

I _____ like to use _____ communication technology _____ transmit _____ my _____ another _____.

Is it possible to send or _____ to a device _____ uses _____?

I wonder _____ fancy-schmancy _____ thing on _____ will _____ transfer data _____ other _____?

Will _____ to send data _____ using the _____ phone's NFC?

_____ Field Communication allow _____ send things _____ phone to _____ gadgets?

_____ like to _____ data _____ another _____ via _____ phone's _____ Field Communication technology.

_____ moved _____ my phone using a near field _____ device?

Does near-field _____ allow me _____ my phone _____ device?

Would _____ able to send information _____ to _____ device _____ near _____ communication?

Could _____ information from my _____ to another _____ that _____ field _____?

_____ I _____ or _____ my phone _____ using near field communication technology?

_____ possible to _____ using your _____ NFC feature?

Does _____ exist _____ use _____ near-field communications _____ to move _____ phone?

Will the _____ of _____ on _____ phone allow _____ to _____ data?

_____ capable _____ using near _____ exchange data with other devices?

Does Near-Field _____ allow _____ to transfer _____ between my _____?

I want to know _____ I can swap _____ other _____ with _____ field _____.

_____ know if _____ exists to move data _____ phone _____ a _____ device?

Can _____ my phone's _____ technology _____ exchange _____ with another device?

I _____ to _____ data _____ another _____ my phone's _____ Field Communication.

_____ you know if it is _____ to _____ data _____ a near-field _____?

I wish to _____ another device _____ phone's _____ Communication (NFC) technology.

_____ if _____ could send _____ from _____ another device through _____ communication?

Can _____ Communication to _____ information from my phone _____ another _____?

_____ it exist to _____ data _____ via a _____ device?

Is it possible to _____ information using my _____?

Can I send my data _____ capabilities?

_____ work _____ my _____ field _____ to swap _____ with another device?

_____ you _____ using Near _____ on your phone?

_____ would _____ to know _____ I can use _____ Field _____ between my _____ and _____ device

_____ it be possible to send data from _____ device _____ a _____ phone's NFC?

I want to _____ I can _____ near field _____ my phone and _____ device.

_____ to transfer _____ from my _____ to another device with _____ technology.

Is _____ possible _____ data _____ my _____ a Near field _____ device?

Is it _____ or receive _____ from my _____ to _____ with _____ Communication technology?

_____ a NFC _____ my mobile device if I _____ to swap _____ else?

Can I _____ near _____ communication on _____ data?

_____ Communication _____ may _____ used _____ connect smartphones.

_____ it work when _____ swap _____ information _____ device using _____ phone's _____ technology?

_____ capable of connecting through _____ field _____ system for _____ transfers?

Does _____ exist _____ use _____ field communications _____ data on my _____?

Can _____ use a _____ to _____ from my phone?

Near-field _____ used to _____ from _____ phone to another _____.

_____ I _____ receive data from my _____ using Near Field _____?

Will _____ field communication on _____ phone _____ me to _____ data _____ devices?

_____ can be sent between devices _____ manner _____ phone's NFC

Can I _____ Field _____ transfer _____ phone _____ a different device?

Will _____ to _____ data between devices in _____ seamless _____ using _____?

_____ send _____ receive data _____ my phone to a device with _____.

Can _____ things from my _____ gadgets _____ Near Field Communication?

_____ device _____ my mobile device _____ swap _____ with another phone?

Can _____ use Near Field Communication _____ information _____ my _____ and _____?

Can _____ use _____ Near- _____ technology _____ information from _____ phone _____ another device?

_____ it be possible _____ data _____ be sent _____ in a seamless _____?

Am I _____ to _____ phone's Near Field _____ feature to _____ between _____?

Is _____ NFC _____ on my phone good _____ transferring _____ to _____?

_____ it possible _____ send a _____ my _____ (NFC) capabilities?

_____ wondering _____ I can _____ receive data _____ phone to a device _____ uses Near _____ not.

_____ it _____ phone's near _____ capabilities to move _____ between devices?

Does _____ transfer my phone's _____?

What _____ I could send _____ from _____ phone _____ device _____ had Near _____?

_____ that mean I _____ send or _____ my _____ a device that uses Near _____?

_____ hope _____ use _____ field communication _____ to _____ from my phone _____ another device.

Is it possible to use _____ Near _____ Communications _____ my phone _____?

_____ it possible _____ transfer _____ my _____ a different device using _____ field _____?

Is _____ possible to _____ Field Communications on _____ phone to _____ devices?

_____ data from my phone to _____ with _____ field _____?

_____ I swap _____ phone with _____ device using _____ near _____?

Will using Near Field _____ on my _____ me _____ data _____?

Is _____ a different device _____ my phone's Near Field _____ capability?

_____ possible to _____ data between my phone _____ with Near _____?

_____ am not _____ if _____ send or _____ data _____ my _____ to a _____ that _____ Near Field _____.

Is _____ to send _____ data from my _____ to _____ device _____ Near Field Communication?

_____ exist to _____ on my _____ near field communication _____?

_____ I _____ phone to another device via _____ Field _____?

Is this _____ NFC thing on _____ phone _____ transfer data _____ devices?

Can _____ send or _____ from my phone _____ a device _____?

_____ a device with _____ Field _____ technology _____ to _____ data _____ my phone?

_____ Field Communication capable of transferring data _____ my _____?

Can I _____ and _____ data from _____ that _____ Near Field _____ technology?

I need _____ know _____ I _____ receive data _____ my _____ that uses Near field communication.

Is it _____ to _____ from _____ phone to _____ near field communication?

I wonder if _____ from _____ phone to other gadgets with _____.

Is my _____ able _____ data _____ multiple _____ using _____ Field _____?

_____ be _____ to _____ data between devices in a _____ manner _____?

Is _____ possible to _____ or receive _____ from _____ Near field communication _____?

_____ I use Near Field _____ information between _____ phone _____ a _____?

Will _____ near _____ communication on _____ my data with _____ devices?

Can I _____ from _____ phone _____ a device that _____ field _____ it nothing?

_____ like to use _____ field technology _____ send _____ receive data _____ to another _____

_____ Field Communications _____ me _____ data from _____ phone to another _____?

_____ phone send information _____ Communication?

____ it possible to ____ receive ____ from my phone to ____ uses ____ Communication
 ____ it ____ use my phones' Near-field Communications (NFC) ____ ?
 ____ allow me to transfer phone data ____ gadgets
 ____ I ____ or receive data ____ phone to ____ that uses ____ Communication, ____ is that ____ ?
 ____ able to send data ____ the ____ Communication system?
 ____ send my information using ____ Near-field Communications (NFC) ____ ?
 What if ____ could ____ from ____ phone to a device ____ Near ____ ?
 I want ____ field communication ____ data from ____ phone to a ____ .
 ____ it exist ____ move data on ____ phone ____ near-field ____ ?
 Is ____ to transmit data using ____ ?
 I ____ like ____ my ____ to another ____ phone's ____ field communication technology.
 Does ____ data on ____ a near field device?
 ____ wish to use near field communication ____ from my ____ to ____ .
 ____ fancy-schmancy ____ phone going to help me ____ to other devices?
 ____ near-field ____ transfer data from my phone?
 Is ____ phone ____ connecting through ____ field ____ for data ____ ?
 ____ I ____ Near Field Communication ____ between ____ phone and ____ device?
 I would ____ to ____ field communication technology ____ send ____ my ____ to ____ .
 ____ via ____ field ____ my ____ to another device?
 ____ transfer ____ data ____ devices using near ____ communication?
 ____ communication can be used for ____ my phone ____ device.
 ____ I ____ my ____ Near-field Communications (NFC) capabilities?
 Is ____ way to move ____ my ____ using a near-field ____ ?
 ____ it ____ send ____ my phone to ____ device using near ____ ?
 ____ Communication feature to transfer information between ____ two devices?
 I ____ like ____ transfer my ____ to ____ device with ____ on ____ phone.
 Can I send data from ____ phone ____ a device ____ Field Communication ____ it ____ ?
 ____ Field ____ be used to move some ____ phone ____ a different ____ ?
 ____ to transmit information using ____ phone's ____ technology?
 Is my ____ capable ____ data ____ other devices ____ Near ____ ?
 Can ____ my ____ Near Field Communication ____ share ____ ?
 Near- ____ Communications can be ____ to transfer ____ to another ____ .
 Can ____ send ____ phones' ____ Communications (NFC) capabilities?
 Is it ____ some information from ____ using Near Field Communication?
 ____ possible to use ____ Near Field Communication ____ data ____ devices?
 ____ use ____ phone to ____ or receive ____ Field Communication?
 Is ____ to send or receive ____ from ____ to ____ device that ____ Near ____ ?
 What ____ I could send information from ____ another ____ using ____ ?
 Can ____ stuff from my ____ to other gadgets ____ near ____ ?
 ____ it ____ data from my phone ____ something ____ Near field Communication?
 ____ using ____ Field Communication on my phone ____ data ____ ?
 Can I ____ information ____ to ____ device through Near- ____ ?
 Did Near-Field Communication let ____ transfer data ____ device?
 Can ____ data ____ another device ____ near field communications?
 Is ____ fancy-schmancy ____ on my ____ transferring ____ to ____ devices?
 Can my ____ another device using Near ____ Communication?
 I would ____ know if ____ my phone and device ____ near- ____ communication.
 ____ I use Near Field ____ to ____ my phone ____ other ____ ?
 ____ for data ____ be moved on my ____ using near ____ ?
 What if I ____ use Near- ____ from my ____ ?

Can I send _____ data _____ my phone to _____ device _____ field _____?

_____ I _____ information _____ to _____ different device using near _____ communication?

_____ let me send _____ my phone to another _____.

Is _____ possible to _____ some information _____ a different device _____ communication?

Does _____ Field Communication _____ data sharing between _____?

_____ I _____ information _____ phones' _____ Communications (NFC) capabilities?

_____ want _____ device through my phone's Near Field Communication.

_____ I send _____ my phone _____ using Near _____ Communication?

Is it possible to _____ data _____ and _____ using Near Field _____?

Does it _____ if I swap _____ information _____ device _____ phone's Near _____?

_____ I _____ or _____ data _____ phone to another _____ using Near _____?

Can _____ use your _____ Near _____ information between two devices?

Is _____ sending _____ receiving data using Near Field _____?

Is _____ possible to _____ my data _____ Near-field Communications _____?

_____ using _____ field _____ on my _____ help _____ share _____ with _____ devices?

Can I _____ data _____ my phone _____ using Near _____ Communication _____?

Near field communication _____ allow me _____ send _____ my _____ gadgets.

Is _____ capable _____ exchanging _____ others using _____ Field Communication _____?

_____ my _____ able to transmit _____ Near field Communication _____?

I _____ like _____ know if I _____ communication to _____ data between _____.

Is it _____ to _____ from _____ other gadgets _____ Near _____ Communication?

Is _____ alright to send _____ receive _____ from _____ a _____ Near _____ Communication technology?

Is it possible _____ send _____ with _____ (NFC) capabilities?

_____ my phone could send information _____ using _____ communication?

_____ field Communications _____ me _____ transfer information from my phone _____?

Is it _____ to send _____ via _____ phone's _____ Communications _____?

Am _____ to use my _____ Field _____ to _____ data?

Does _____ Field Communication _____ data _____ my phone _____ device

_____ would like _____ transfer my data to another _____ Near _____ technology.

Can _____ stuff _____ my phone _____ another _____ using near _____?

Can I send _____ from _____ phone _____ other _____ use _____ Field _____?

_____ you swap stuff _____ (NFC) _____ your cellphone?

Near _____ communication _____ be used to _____ data _____ my _____ to _____ device.

Can I transfer _____ phone _____ Field _____?

_____ I _____ phone's _____ capabilities _____ move data between my _____ devices?

_____ it possible to _____ or _____ my _____ uses Near field communication?

Is _____ my phone's _____ with nFC?

Do you think _____ possible _____ data to be _____ phone's nFC?

_____ my _____ data with _____ using Near _____ Communications?

_____ Field Communication _____ phone allow me _____ data smoothly?

Can _____ Communication (NFC) allow _____ to _____ phone _____?

Is _____ possible to _____ from my _____ device that _____ Near _____ Communication?

Is _____ for me to send or _____ data from _____ phone _____ that _____ Communication?

Can _____ aNFC _____ on my mobile _____ if _____ want _____ files _____ different phone?

Is near field _____ capable _____ transferring _____ my _____ a _____?

_____ have _____ ability _____ information from _____ phone to another _____ Near-field Communication?

Do I use _____ Communication protocol _____ my _____ another device?

_____ like to give _____ data _____ Near Field Communications technology on _____.

Can I _____ information from _____ to another _____ Field _____?

Does Near-Field Communication _____ of data _____ a device?

____ I swap data with ____ my phone's ____ Field Communication ____?
 ____ I could send something ____ phone ____ another ____ with Near-field ____?
 ____ I send or ____ data from ____ phone to a device ____ uses ____ similar?
 ____ could send information ____ phone ____ another ____ that uses near ____ communication?
 Is it ____ use my phone's nFC ____ transfer ____?
 Will ____ Near Field ____ on ____ help me ____ data ____?
 I would like to ____ Near ____ transfer ____ to another device.
 ____ my ____ nFC technology?
 Is ____ possible to move data ____ and ____ the ____ Field Communication ____?
 It would be ____ for ____ be sent ____ a seamless ____ by ____ the ____.
 ____ I transfer my ____ device with near-field ____?
 ____ use Near ____ Communication to transfer data ____ to ____ else?
 ____ I ____ data from ____ phone to ____ device ____ Field ____ that nonsense?
 Will it be ____ for ____ be sent ____ devices ____ the ____?
 Can I ____ information ____ my phone to ____ near ____ communication?
 ____ it possible to use ____ to send ____ between two ____?
 Is ____ to send ____ using ____ phone's Near-field Communications ____?
 ____ possible to ____ to transfer ____?
 Does ____ phone ____ ability ____ exchange ____ other people ____ Near Field Communications ____?
 ____ the ____ Field Communication technology on ____ to share ____ with ____ device?
 Can ____ communication allow me ____ send ____ from ____ device?
 Can I ____ data from my phone ____ device that uses ____?
 Is it okay to send ____ a ____ that uses Near ____ Communication?
 Does ____ allow me to ____ data ____ my ____ device?
 ____ a data ____ my ____ a Near Field Communication device?
 Is ____ possible ____ data from ____ to a device ____ Communication?
 Can I ____ near ____ communication ____ data between ____ phone ____ device?
 ____ my phone have ____ ability to exchange ____ using Near ____?
 Can ____ send or receive data ____ my ____ device ____ field communication?
 Is ____ to transfer my ____ my ____ to another device ____ Communications?
 Is ____ possible ____ send ____ from my phone ____ with Near ____?
 Can ____ send information ____ my phone to ____ using ____?
 ____ I ____ information from ____ to ____ device ____ the ____ Communications technology?
 Is it possible ____ data ____ using my ____ Near ____ Communications capability?
 ____ communication is ____ like ____ to ____ information from my phone to another device.
 ____ I send ____ receive ____ my phone ____ that ____ using ____ field Communication?
 I ____ know if ____ send or receive data ____ phone to a device ____ uses ____.
 ____ I ____ send ____ my ____ to another ____ uses Near ____ communication?
 ____ exchange ____ with others using Near-Field ____ technology?
 Data sharing by ____ field communications ____ my ____?
 ____ use my ____ to send ____ to my ____ device?
 ____ you use ____ feature ____ data?
 ____ have ____ ability to swap data ____ using Near ____ Communication?
 I ____ use ____ Communication ____ send ____ from my phone to ____ device.
 Is ____ a ____ to send ____ from ____ to ____ device that ____ Near ____?
 I ____ know if ____ can send ____ from my ____ device ____ uses Near ____ Communication.
 Can ____ data ____ my ____ to ____ device using Near-field ____?
 ____ to transfer my data ____ device ____ Near ____ Communications technology ____ phone.
 Can ____ transfer ____ from my ____ to ____ using Near-field ____?
 Is it ____ to transfer ____ nFC technology?

____ my phone capable ____ sending ____ devices ____ nFC technology?
 ____ to ____ my data to another device with my _____.
 Would it be possible to send ____ from ____ to another _____?
 Does ____ work for ____ to swap ____ information _____ using my phone's _____ technology?
 Can _____ Near ____ Communication to communicate _____ phone ____ device?
 Is it ok ____ send or receive _____ my phone to _____ with _____?
 Is my ____ able _____ through the ____ field Communication ____?
 ____ I ____ or receive ____ from my ____ to a _____ Near ____ communications?
 Does it ____ with me to swap _____ another ____ using _____ Near ____ Communication ____?
 _____ to transfer data from my ____ to ____ device ____ Near _____.
 _____ possible to use your ____ near field _____ feature to _____?
 Can I ____ information ____ my _____ another _____ Near-field Communication?
 ____ that _____ data on my phone ____ Near Field ____?
 Datasharing _____ field communications on _____ and ____?
 Can I ____ my _____ send data _____ Field ____?
 _____ Field Communications _____ move information from _____ to another device?
 I want to ____ my data from my _____ device _____ technology.
 ____ I ____ things _____ phone _____ gadgets with a near ____ communication?
 Could I send or _____ my _____ a device _____ Near ____ Communication?
 ____ near ____ communication can be _____ from my phone ____ a different _____.
 ____ want ____ use near field communication ____ to send data _____ device
 Can _____ data _____ phone to ____ Near ____ Communication device, or ____ that nonsense?
 _____ to know ____ I _____ Communication to switch _____ my phone and another device.
 ____ I ____ or receive _____ my phone _____ device with ____ Field ____ technology?
 Does _____ Communication ____ allow ____ to send data _____ phone _____ device?
 Can my _____ to other devices _____ communication?
 _____ Communication let ____ transfer _____ my phone to a device?
 Can my phone _____ other devices ____ Near _____?
 Is it _____ transfer some data from _____ to another _____ Communications?
 Does _____ Communication ____ me to ____ information ____ my phone to _____?
 ____ I want to _____ different phone, can ____ have aNFC device on _____?
 _____ to ____ data on my ____ with near field communication?
 I'd like _____ field communication _____ and receive data _____ phone ____ another device
 I would ____ to send ____ from ____ phone to ____ device _____ Communication.
 ____ I ____ my _____ Field Communication technology _____ to another device?
 Does ____ Field Communication allow me ____ transfer data ____ my _____?
 ____ it ____ to ____ your ____ NFC feature ____ transmit?
 Does _____ Communication ____ for the transfer _____ my phone to _____?
 I _____ to another ____ through ____ phone's ____ Field Communication technology.
 Can ____ send the data _____ to _____ that uses ____ Field ____ or ____?
 _____ possible _____ data ____ a different ____ with ____ phone's ____ Field Communication capabilities?
 Is it ____ to use Near ____ Communication capabilities _____ my phone _____?
 _____ to send ____ receive data from ____ phone _____ device that ____ Near ____ Communication.
 _____ transfer information from _____ different device with Near Field ____?
 _____ transfer my data _____ phone ____ another device _____ Field Communication.
 Does _____ Communication ____ me to ____ my ____ data?
 Does Near-_____ let me _____ from my ____ to _____?
 _____ to ____ my ____ from my phone _____ device using _____ communication technology.
 _____ phone able to _____ transfers through ____ field ____?
 Is ____ phone able _____ Near field communication?

Can I _____ my phone _____ device that uses _____ Field Communication?

Can _____ from my _____ via near field communication?

Does that exist _____ move _____ on my phone _____ technology?

_____ be _____ for _____ send information from _____ phone to another _____ field Communication?

_____ like to _____ Near _____ communication technology _____ my phone to give my _____ another _____

_____ phone capable _____ information _____ other _____ Near Field Communications?

Would it _____ possible _____ information _____ phone to another _____ using Near field _____?

Can I _____ stuff _____ phone to _____ use Near _____ Communication?

_____ would _____ data from my _____ to _____ Near Field Communications technology.

Should _____ be able _____ transfer information from _____ to _____ Near-field _____ protocol?

_____ to _____ on my _____ using a _____ field technology?

_____ Communication _____ on my phone gonna _____ transfer data _____ other devices?

_____ you swap stuff _____ your _____ Near field _____?

_____ my _____ Near-field _____ allow _____ to send my _____?

_____ possible _____ data from _____ phone to a _____ with _____?

_____ I send _____ from my phone _____ another _____ using Near _____?

_____ it possible to _____ devices _____ Near _____ Communication on _____ phone?

Will _____ possible for data _____ be sent _____ devices _____ manner by _____ phone'sNFC?

_____ it _____ to _____ or _____ phone to a device using _____ Communication technology?

_____ could send _____ my _____ to another _____ using Near-field communication?

_____ would like to _____ my information _____ phone's _____ Communications _____.

Can I _____ or _____ from _____ phone if it uses _____?
