

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Network connectivity and signal issues
Inquiry Sub-Category	Slow internet speed
Description	Customers experiencing persistently slow data transfer rates, leading to delays in web browsing, buffering while streaming media, or difficulty in downloading/uploading files.
Data Size	12,424 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Is ____ possible that nearby ____ impacting our ____ slower speeds?
 ____ close-by interferences ____ disruptions in ____?
 Slow speeds are ____ interference ____ our network.
 Is ____ interference ____ may ____ connection and yield ____ promptness?
 Are the local ____ internet ____ connection?
 Is it ____ interference ____ us ____ affect ____ and ____ slower ____?
 ____ possible that interference close ____ impede ____ promptness?
 Local ____ affecting connection ____?
 ____ speeds ____ by nearby disruptions.
 Is ____ speeds ____ caused by nearby disruptions?
 Are ____ interferences ____ slower speeds?
 Is ____ presence ____ local disturbances responsible ____ slow ____ network?
 Our ____ speed may ____ decreased ____ to ____ of ____.
 Do ____ data rates?
 ____ if nearby disruptions affect ____ network's ____.
 ____ interference causing ____ speeds ____?
 ____ possible that ____ signals ____ hinder connection ____ diminish ____?
 Is ____ bad ____ speed and ____?
 Is ____ possible ____ neighboring interferences ____ down data ____?
 ____ think ____ adjacent ____ slow us down?
 ____ speeds may ____ linked to ____.
 ____ internet connection ____ because of ____ from nearby ____.
 Could that ____ slower ____?
 Is ____ our networks?
 Should ____ into the possibility ____ interfering elements nearby us?
 Could ____ our network ____?
 Could proximity ____ be ____?
 The ____ signal quality ____ impacted by ____.

_____ interference _____ connection speeds?

Did the _____ disruption _____?

The _____ quality might _____ by _____ disturbances

We _____ know _____ nearby _____ could _____ affecting our _____.

Is the presence _____ the _____ slower network _____?

Reduced _____ may be _____ close.

Is there a _____ disruptions _____ are affecting _____?

_____ may _____ connection and _____ promptness

The _____ could _____ by _____ nearby.

_____ interference _____ our network.

_____ don't know _____ the _____ will _____ our _____ speed.

_____ interference in the network _____ us down?

Is _____ possible _____ local disruptions _____?

_____ could slow down _____.

I'm wondering if the _____ are affecting _____ reducing _____ speed.

Does _____ network _____ there?

_____ be said _____ are slowing _____ our network performance?

Could _____ interferences _____ disruptions _____ network _____.

Could _____ be _____ our _____ capabilities?

Is the connection speed _____.

_____ interference _____ the net to _____?

_____ you think that _____ proximity _____ to slower _____?

It _____ that proximity _____ cause _____ wi-fi _____.

_____ network _____ by nearby interference?

Does closeby _____ an _____ internet velocity _____ inhabitants?

_____ our network being interfered _____?

_____ interference affect _____ speed?

Could nearby _____ cause _____ networking capabilities _____?

_____ network _____ malfunctioning due to _____.

_____ it likely _____ the network causes _____ speeds?

_____ nearby _____ internet service _____?

_____ speeds could come _____.

_____ there any chance _____ internet speeds?

Does _____ surrounding noise _____ speed?

_____ it _____ that _____ close might _____ a reduced _____?

Do _____ think interference _____ may _____ connection to be _____?

Is it _____ for _____ to affect the _____ the _____?

Is it _____ interference _____ slowing down _____ network _____?

_____ be slow due to _____.

_____ that _____ disturbances affect _____ and slow down _____ speed?

Slower speeds _____ be _____ by _____ on our _____.

The interferences _____ be slowing _____ transfer on _____.

Is the _____ interference affecting _____ speed?

Could _____ a problem _____ network _____?

Does _____ Internet _____ for our _____?

_____ the noise _____ connection speed?

_____ hurt our network?

_____ the _____ slower because of _____ nearby sources?

Is _____ a possibility _____ affect _____ network's pace?

_____ disruption impairs _____.

____ proximity ____ on the internet?
 ____ you ____ adjacent ____ hurt network ____?
 ____ internet ____ may be slow ____ potential interference from _____.
 Is ____ that ____ slows internet ____ for ____?
 ____ may ____ nearby ____ could ____ our network.
 ____ sluggishness ____ internet connection is due ____ nearby sources?
 ____ proximity ____ cause a slow reception.
 Is ____ interference ____ door could make our ____?
 ____ interferences with the ____ with ____ speed?
 Local interferences could ____ speed _____.
 Is it ____ that close-range ____?
 Does this noise ____ network ____?
 Is the presence of local ____ the ____ on our ____?
 ____ can interference ____ to ____ here?
 ____ a ____ of ____ speeds?
 Is that ____ mess ____ network ____?
 What ____ us down?
 Is the speed ____ affected by ____?
 ____ there any chance ____ are ____ down ____ connection?
 Is ____ issue ____ to ____ sources near us?
 Is ____ interferences ____ the ____?
 Any ____ external ____ slow ____ our ____?
 ____ we ____ issues ____ due to external ____ our network?
 Is it possible ____ next door will ____ connection ____?
 ____ local interferences ____ affect connection _____.
 ____ nearby ____ affect ____ internet ____?
 Our ____ might be ____ interference.
 Potential ____ from nearby ____ may ____ blame ____ our ____ connection being _____.
 Can ____ nearby ____ our ____ speed?
 Data rates ____ be ____ close-range _____.
 ____ internet signal ____ could ____ by ____ disruptions.
 Could close-by interferences cause ____ reduce download ____?
 ____ interference ____ network affecting ____?
 Network ____ may be _____.
 Is it ____ that ____ range interferences ____ network ____ and ____?
 Are ____ with our ____ with ____ speed?
 ____ our ____ by nearby disruptions?
 Could close-by ____ disruption ____ our network ____?
 Does ____ know ____ affect our internet ____?
 ____ are ____ likely ____ nearby disruptions.
 ____ proximity ____ affect ____ speeds?
 It is ____ could ____ reception ____ be slow.
 ____ our connections ____ slowed ____ by external ____?
 Is ____ network speed?
 ____ don't know ____ affect ____ network performance.
 ____ are ____ due ____ closeby interferences.
 Is ____ slowing the ____?
 It ____ possible for local interferences to _____.
 ____ chance ____ web ____ near us will be ____?
 Are ____ affecting network ____?

____ the ____ of our ____ connection related ____ interference ____ ____ sources?
 ____ ____ and network connections might ____ linked to ____ ____.
 ____ ____ disruption ____ the ____ performance?
 Possible for ____ ____ to affect ____ speed ____ ____?
 ____ ____ interference ____ ____ the network pace?
 interference ____ ____ slow ____ network.
 Can ____ ____ ____ affect the network ____?
 Could the ____ ____ slowing ____ ____ down?
 ____ ____ interference be ____ ____ network speed?
 Could close proximity ____ ____ ____?
 ____ speeds ____ likely to be ____ ____ interruptions.
 ____ ____ ____ be ____ by local disturbances.
 ____ ____ us ____ for slower networking ____?
 Is interference ____ us ____ ____ our ____?
 ____ ____ obstructions be a ____ with ____ ____ capabilities?
 Does ____ interference ____ ____ connection ____?
 Can interference ____ ____ and ____ ____ speeds?
 ____ the ____ ____ ____ affecting our speed?
 ____ ____ ____ diminish speed?
 Are the ____ problems due ____ ____ ____?
 ____ interference ____ proximity making ____ ____ connection ____?
 ____ interference ____ ____ network?
 Local ____ of ____ ____ us ____ be ____ caused ____ decreased speed ____.
 ____ neighboring ____ ____ ____ harder to ____ and reduce speed?
 Data ____ ____ be ____ ____ ____ of the neighboring interferences.
 ____ it possible that some ____ factors ____ ____ network performance ____?
 Maybe the interference ____ ____ ____ ____ it slow?
 ____ ____ nearby ____ affect the speed ____ ____ network?
 Is it ____ ____ ____ disturbances affecting our ____ ____?
 Is it ____ that the ____ is ____ ____ network?
 ____ ____ ____ can ____ our connection speed.
 The ____ interference ____ ____ ____ network speed.
 Is that ____ messing ____ ____ pace?
 ____ ____ ____ neighboring interferences are ____ down the ____ transfer.
 ____ interference make ____ ____ slower?
 Is ____ ____ likely to ____ connection ____ yield ____ promptness?
 Is there a chance that ____ next ____ ____ ____ ____ slower?
 The ____ ____ ____ and could be ____ by outside ____.
 Is the ____ ____ affecting the ____ ____?
 ____ ____ possible that external ____ can ____ our network ____ ____ result in ____ ____ ____ rates?
 Is neighboring ____ ____ ____ network ____ speed?
 Should we ____ at ____ ____ of diminished speeds ____ ____ ____ nearby?
 Do ____ ____ obstacles hurt ____ ____?
 ____ ____ interferences affect ____ speed?
 Is it ____ ____ ____ interferences ____ ____ slower speeds?
 ____ transfer can ____ ____ down ____ neighboring ____.
 ____ local turbulence ____ ____ ____ speed of ____ connection?
 ____ internet connection ____ ____ slower ____ of interference from ____ ____.
 Could ____ ____ ____ our network speed?
 Does ____ ____ if the ____ ____ by ____ ____ internet speed?

____ nearby disruptions affect ____ ____ ?
 ____ closeby impair ____ speed ____ residents?
 Is it ____ disruptions affect ____ ?
 Local sources ____ us ____ be ____ of the decreased speed ____ .
 ____ speeds ____ by ____ near us?
 ____ with our ____ our speed?
 ____ think ____ interferences cause ____ issues and slow ____ ?
 ____ interference with our ____ it ____ ?
 Is ____ neighbors leading to ____ ____ ?
 ____ the local disruption ____ the ____ ?
 ____ disruption ____ network performance?
 Network ____ could be ____ by ____ .
 interference ____ can ____ performance
 Is ____ that ____ affected ____ pace?
 ____ it possible ____ interference ____ impedeconnection and yield ____ ?
 ____ have an effect ____ speeds?
 ____ nearby ____ hurt network speed?
 Are ____ interferences ____ to ____ speed?
 Slow wi-fi ____ could ____ due ____ .
 ____ the network ____ issues ____ speeds ____ to external ____ ?
 Is closeby ____ internet ____ us ____ ?
 ____ close-by interferences ____ disruptions ____ our ____ ?
 The network ____ be ____ interference.
 ____ just me or ____ that ____ our network ____ ?
 I ____ if nearby ____ are affecting our network's ____ reducing ____ .
 Is ____ obstructions slowing ____ networking ____ ?
 Is disruption ____ slower internet ____ ?
 Can the ____ our network ____ ?
 ____ speeds ____ due ____ on our network.
 ____ speeds might ____ to ____ interference.
 Is it ____ diminish ____ speed?
 Is ____ us down?
 Data transfer rates would ____ interference ____
 ____ internet ____ slow ____ to ____ from nearby sources?
 ____ the disruptions ____ by will ruin our internet ____ ?
 ____ thought ____ be ____ to nearby interference.
 ____ the interferences ____ the data ____ ?
 ____ impair ____ speeds?
 Is ____ interference that ____ impact ____ ?
 Is ____ the network?
 Our network may ____ due ____ nearby interference.
 ____ nearby ____ the ____ network speeds?
 ____ connection ____ speeds related ____ interference?
 Network speeds might ____ disturbances?
 slower ____ be ____ by ____ interference.
 Is that interference ____ for ____ ?
 There is a ____ that ____ slowing ____ our ____ service.
 Is ____ possible that closeby interferences ____ reduced ____ ?
 I'm ____ nearby ____ affecting our network ____ by ____ speed.
 ____ surrounding ____ hurt network speed?

Did _____ if _____ interference was _____ network _____ causing reduced _____?
 Reduced _____ be _____ by _____ close _____.
 _____ local _____ slows _____ network down?
 _____ we know if _____ interference could _____ our _____ causing reduced _____?
 Is _____ connections and speeds _____?
 There _____ be _____ chance _____ local disruptions _____ internet _____.
 Is internet _____ slow _____ nearby _____?
 _____ the _____ be affecting _____ network _____?
 _____ this _____ with network _____?
 _____ affecting our _____ performance?
 Does _____ impair internet _____ for _____?
 interference _____ slow _____.
 _____ is a _____ of _____ disturbances affecting _____
 Is _____ near _____ affect networking and cause _____?
 Is interference _____ network _____ down?
 Local _____ affecting _____ speed, are _____.
 _____ closeby affect _____ internet _____?
 Internet _____ affected by _____ disturbances.
 _____ service delays _____ to nearby _____?
 _____ nearby could slow _____?
 _____ around us _____ for network _____?
 _____ that _____ the network's pace?
 Is it possible _____ interference _____ making _____ connection slow?
 _____ a _____ of nearby _____ down our _____ service?
 There could _____ that could _____ slower _____ connections.
 _____ factors affecting _____ network performance _____ resulting _____ slower _____ rates?
 Is nearby _____ affecting _____ of _____?
 Is _____ possible _____ network _____?
 Is it possible _____ may be tarnishing _____?
 It is possible _____ close _____ in _____ network connection.
 _____ the _____ the result of _____ of interruption nearby?
 Is _____ possible _____ interferences _____ cause _____ in our network _____?
 _____ the network _____ down because _____?
 _____ network _____ be _____ to _____ nearby.
 Data _____ might _____ lowered _____ close-range _____.
 _____ can be linked _____ interference.
 Is the _____ nearby interference?
 Is _____ likely that _____ slows _____?
 _____ me, or _____ that interference _____ our _____ pace?
 _____ you _____ nearby _____ are _____ network _____?
 _____ interference _____ network _____?
 _____ that disruptions _____ the network's _____.
 _____ wonder if _____ interferences _____ transfer on our network.
 _____ that _____ interferences _____ disruptions in our network connection.
 _____ network _____ caused _____ interference from _____
 _____ interferences impacting the _____ of _____?
 _____ close by _____ us inhabitants?
 Is _____ possible _____ affect _____ speed?
 _____ we _____ whether nearby _____ is _____ our _____ speed?
 _____ neighboring disruptions affect _____?

_____ nearby _____ networking capabilities?
 Could the _____ connection be _____ nearby sources?
 _____ lead to reduced speeds.
 _____ signal quality _____ be _____ by nearby _____.
 _____ internet signal _____ impacted _____?
 _____ disruptions nearby affect the network's _____?
 _____ the _____ speed _____ by the _____?
 _____ affect Internet velocity _____?
 _____ it possible nearby _____ down _____ communication?
 _____ may be _____ nearby _____.
 Is _____ possible that interference _____ could _____ and _____ promptness?
 _____ interference close _____ impede _____ and yield less promptness?
 _____ the _____ are slowing _____ transfer.
 _____ speed can _____ the nearby problems.
 _____ have an impact _____ network _____?
 _____ local _____ affecting _____ internet speed?
 _____ are _____ to be linked _____ interference.
 _____ chance _____ disruption slows down our _____.
 Is our _____ it slow?
 _____ could be _____ down by nearby interference?
 _____ may be affected _____ nearby _____.
 _____ interference _____ in connection _____.
 _____ there a decreased _____ our _____ to external _____?
 Local _____ of interruption _____ might _____ the _____ speed issue in _____.
 _____ events affect our _____ speeds?
 Is the _____ our _____ connection _____ to _____?
 Are nearby _____ slow _____?
 Could _____ affect the _____ communication?
 Potential interference from _____ might _____ connection _____ lag.
 _____ speeds _____ caused by interference.
 _____ possible that slows the _____.
 Any chance of a _____?
 _____ it possible that _____ slows _____.
 _____ network _____ linked _____ nearby interference.
 _____ it _____ possibility that _____ the _____ pace?
 Local _____ of _____ be to blame _____ the decreased speed _____ in _____.
 network speeds _____ affected _____ nearby _____
 Could _____ obstructions _____ to _____ slower _____ speeds?
 _____ possible that _____ hurt _____ velocity?
 _____ is _____ chance _____ web _____ be reduced near _____.
 Is _____ that close-by interferences could _____ disruptions _____?
 _____ there _____ chance _____ local _____ internet speed?
 _____ signal quality could be _____.
 Is there a _____ bad interference _____ is making _____?
 _____ may _____ online _____.
 _____ obstructions impede _____ networking _____?
 Could _____ slow us _____?
 Is _____ messing up our network _____ it _____?
 Could interference _____ speeds?
 _____ data _____ close-range disruptions?

____ network may be slowing ____ because of _____.
 Is ____ speed ____ system because of ____ obstructions?
 ____ it ____ that local ____ network ____ slow down?
 ____ closeby ____ to ____ speeds?
 ____ can ____ result of neighboring disruptions.
 ____ is ____ possibility that ____ interferences ____ cause disruptions to _____.
 Do ____ adjacent ____ hurt ____ speed?
 Could the internet ____ slow ____ of ____ sources?
 Are those interferences ____ with our ____?
 Is ____ possible that ____ can affect ____ speed?
 Is it ____ interference ____ the network ____ slowing ____ our ____?
 The ____ be affected ____ disruptions.
 Local ____ can ____ network.
 Will our network speed ____ by ____?
 ____ interference ____ with ____ network ____ speeds?
 The ____ slowing down ____ net.
 ____ facing ____ speeds because of ____ problems affecting our ____?
 Is our ____ by neighboring ____.
 ____ might be ____ promptness reduced ____.
 Is ____ possible that ____ lousy ____ disturbances ____ affecting ____ speed?
 Should we look ____ the ____ of ____ interfering elements?
 ____ that interference ____ net?
 Is ____ causing ____ speeds?
 ____ interference near ____ causing ____ speeds?
 ____ be ____ that external ____ are making ____ performance slow?
 ____ speeds may be ____ by ____
 Can ____ disturbances ____ network's speed?
 Would ____ interference affect ____?
 Will ____ internet speed?
 Is ____ interference ____ speeds?
 ____ nearby ____ us down?
 ____ you ____ network ____ by adjacent obstacles?
 Is it ____ interference is ____ connection?
 ____ network speeds ____ by ____
 ____ the network's performance ____ us?
 ____ be ____ local ____ cause slower ____?
 This ____ our ____ speed.
 Are ____ any ____ that ____ disruption ____ down ____ connections ____?
 Could ____ the ____ slower connections?
 ____ chance that external disruption slows ____?
 ____ it ____ neighboring signals affect connections ____ diminish ____?
 Is it possible ____ network down?
 ____ chance ____ disruptions slowing ____ our connections?
 ____ affect ____ signal quality?
 Is ____ that interference is ____ our ____?
 ____ speeds may ____ linked ____ interference.
 ____ interference slowing our ____?
 Is the ____ performance impacted ____?
 ____ interference ____ proximity ____ our ____ connection to go ____?
 We are wondering ____ are ____ our ____ speed.

Does close-range disruption _____?

_____ close-by interferences _____ cause disruptions in the network.

Could _____ jibber-jabber negatively _____ net _____?

I'm _____ if _____ network performance _____ affected _____ nearby.

Is _____ nearby disruptions _____ affecting _____ network _____ by reducing _____ speed?

There is a _____ of _____ internet _____.

_____ it possible that local _____ connection _____?

_____ disruptions affecting _____ connection _____ possible.

Is _____ slow due to _____?

_____ disruption affecting _____ results _____ delays?

_____ it _____ the area cause slower speeds?

_____ it _____ me or is the _____ up our _____?

Local _____ can _____ the _____.

Our _____ can be affected _____.

_____ disruption slowing _____ down?

_____ local _____ affect _____ speed?

Did _____ know if _____ could be _____ reduced _____?

_____ believe local _____ slows down _____?

Is our _____ slower _____ to nearby _____?

Can the _____ affect _____ network _____?

Is _____ possible that _____ cause network issues _____ slow _____?

Our _____ connection _____ be slower _____ interference from _____.

Slower _____ possible because nearby interference _____ affecting _____.

_____ you _____ network problems could _____ to nearby _____?

Does the noise surrounding us _____?

_____ feasible local _____ that affect _____ speed?

_____ there _____ around us _____ network _____?

_____ interference likely to _____ us _____?

Our _____ might _____ affected _____ nearby.

Does _____ affect _____ availability?

Is _____ internet _____ of _____ lousy _____ disturbances?

Local sources of interruption _____ could _____ for our _____.

Is _____ likely that _____ connection?

It _____ interference could _____ yield reduced promptness.

Is _____ possible that _____ jibber-jabber could be _____ our _____?

Did nearby _____ affect _____?

_____ speeds _____ be due _____ on our network.

_____ it _____ that _____ are slowing _____ our connection?

Slow _____ might be _____ by nearby interference _____.

_____ is any chance _____ local disturbances _____.

_____ if _____ disruptions are affecting _____ performance _____ reducing its speed.

Local _____ the _____ speed.

Local sources _____ interruption _____ be to blame _____ the decreased _____.

_____ rates _____ reduced by _____ disruption.

_____ proximity _____ connection speeds?

Is that _____ our _____ pace _____ just me?

_____ am wondering _____ there _____ a _____ that _____ affecting our _____ by reducing its speed.

_____ of our _____ connection _____ due to interference?

Is _____ chance _____ the _____ next door _____ down the _____ connection?

I don't know if _____ disruptions _____ network's _____.

_____ speeds can _____ affected _____.

_____ it _____ that _____ disruptions slow the _____?

Local _____ slow _____ the network.

_____ nearby interference causing our _____?

_____ from nearby _____ may be _____ blame for _____ slowness.

_____ interference around us is making _____ slow?

_____ it _____ interference is impacting our network _____?

_____ network is _____ to slow _____ local disruption.

Is _____ true _____ not _____ internet speed?

Do _____ signal quality?

_____ internet _____ get delayed _____ disruption?

It _____ be that close-range _____ issues _____ speeds.

Is _____ possible that _____ could _____ network speed?

_____ the _____ interferences impacting _____ connection _____?

It's _____ neighboring _____ could diminish _____.

Local sources _____ interruption _____ may be _____ speed _____ in our network.

_____ might be _____ by _____ disturbances.

_____ of external disruption slowing _____?

_____ the _____ down by interference?

_____ is possible _____ close-by interferences can cause disruptions _____.

Is _____ affecting _____

_____ could _____ speeds of _____ internet.

_____ are caused _____ nearby interference.

_____ slowing _____ our connection speed?

_____ may _____ the internet's _____.

_____ network speed _____ by the nuisance of _____.

_____ network _____ be _____ interference?

_____ noise can _____ network connection _____.

Is there _____ nearby issues _____ down our _____?

_____ nearby _____ causing harm _____ net speed?

_____ possibility that _____ interferences could cause disruptions _____ network _____.

_____ there a _____ nearby _____ our internet service?

Is _____ possible _____ local _____ internet speed?

Could _____ slowing down _____ networking _____?

_____ speeds _____ linked _____ nearby interference

_____ interference interfering _____ our _____ down?

Network speeds _____ by nearby _____.

_____ disturbances, _____ our connection speed, _____.

_____ local _____ might _____ our network connection.

_____ will _____ our networking capabilities.

Is nearby _____ impacting _____?

Is _____ chance that web _____ will _____ affected _____?

_____ nearby obstructions _____ our networking _____?

Network _____ might be _____ obstacles.

_____ closeby _____ velocity _____ us?

interference _____ can _____ our _____.

Is _____ around us _____ problem _____?

_____ it possible _____ disturbance _____ down our _____.

interference nearby _____ slow _____.

Slower _____ to nearby interference.

Is _____ just me _____ the _____ our _____ speed?

Could nearby obstructions _____ limiting _____?

Maybe _____ interference is _____ our _____?

Do you _____ interference _____ slow _____?

_____ speeds _____ caused _____ nearby interruptions.

_____ wondering _____ chance that the disruptions _____ are affecting _____ network _____.

_____ a chance _____ door will _____ our connection slow?

_____ local _____ slow _____ network?

Can neighbors _____ performance?

_____ that the interference _____ is making it _____.

_____ that slower _____ caused by interruptions?

_____ network speeds _____ outside interference be to _____?

Is _____ possible that closelyby _____ our _____ lead _____ reduced speeds?

Reduced _____ may _____ from _____.

_____ slow speeds are _____ to be _____ by _____ interference.

_____ is _____ nearby issues are slowing _____ connections.

_____ noise affect our _____ speed?

Do you _____ nearby _____ are bad _____?

Can _____ network connection _____?

_____ speed may be affected by _____.

Does internet _____ delays because _____?

Potential _____ hinders _____?

_____ the _____ with _____ messing with the _____?

Maybe the slow _____ connection is _____ sources.

Can _____ nearby _____ affect _____ network _____?

Is _____ just _____ or is interference _____ our _____?

_____ wondering _____ is a chance that _____ could _____ the _____ performance.

Any chance of _____ affecting _____?

_____ be interference near _____.

Can _____ affect networking _____ cause _____?

Is the _____ network.

_____ closelyby _____ internet speed _____ inhabitants?

_____ proximity cause slower _____?

Could _____ proximity _____ wi-fi _____ reception?

_____ that close-range interferences cause _____ issues _____ slow _____?

_____ it _____ the interference is messing _____ our _____?

Is _____ signals _____ diminishing speed?

There is a chance that _____ will make _____.

_____ disruptions impact _____ speed.

Slower _____ may be _____ by nearby interference _____.

Is it possible that _____ the network _____?

Data _____ rates _____ interference around us.

Reduced speeds _____ be caused _____.

_____ interference _____ network _____?

_____ it _____ nearby _____ affect the _____ pace?

_____ there _____ of _____ speeds due _____ interfering _____ nearby?

_____ it _____ interference _____ slow _____ network?

It _____ possible _____ network's pace.

Is _____ our _____ performance?

Is _____ chance _____ issues _____ slowing down _____ connection?

Could interference _____?
 Is there _____ slower _____ near us?
 _____ it _____ the interference _____ slowing down our _____?
 _____ caused by nearby interference
 _____ it possible _____ nearby interference _____ slowing _____ connection?
 _____ nearby _____ affecting _____ the internet?
 Could the sluggishness of _____ related _____ interference?
 Could nearby jibber-jabber _____?
 I'm _____ if nearby disruptions _____ affecting _____ performance by _____
 Is _____ making _____ harder to connect _____ speed?
 _____ signal quality _____ neighboring disturbances?
 _____ interference from outside _____ network?
 _____ possible for local _____ to affect _____ speeds.
 _____ to _____ a cause _____ slower speeds?
 _____ could slow down _____
 _____ interference likely _____ cause network _____ and slow _____.
 Local _____ may affect _____.
 _____ you think the _____ could _____?
 Can _____ tell _____ those _____ affect our _____ speed?
 _____ slower _____ possible due _____ nearby _____?
 _____ near _____ messing up _____?
 I _____ if _____ is _____ that nearby _____ affect _____ network performance.
 Possible _____ interferences to affect _____ internet _____?
 _____ is possible _____ disruptions _____ the _____.
 Is _____ speeds _____ by _____?
 Is it possible _____ the nearby _____ network connection?
 Can _____ taint _____ speed?
 Slow speeds _____ be caused _____.
 Is interference _____ to _____ performance?
 Slow _____ speeds _____ caused _____?
 _____ disruptions _____ connection _____.
 Do you _____ local disruption _____ down _____?
 _____ nearby activity _____ internet _____?
 Reduced _____ close by interferences.
 _____ internet speed _____ connection _____ the local disruptions?
 _____ possible that _____ signals may diminish _____?
 _____ this _____ disruptions affect the _____?
 Could _____ our network's speed?
 _____ lower connections?
 _____ is _____ interferences to _____ the speed _____ connection.
 _____ interference _____ down _____ speeds?
 _____ interference affect _____.
 Is _____ that _____ interference is impacting our _____?
 _____ might be _____ by nearby _____.
 Is _____ any likelihood of _____ due _____ interfering _____?
 Is _____ decreased speed issue _____ result _____ near _____?
 It's possible that _____ nearby _____.
 Is _____ interference _____ networks?
 There is _____ of _____ affecting _____ speed.
 Is _____ internet connection _____ due to _____ from _____?

_____ is a possibility of _____ affecting _____.

Do you think _____ disruptions _____ the _____?

_____ it _____ that disruptions can _____ reduced _____ speeds?

_____ network speeds?

Did _____ know _____ those _____ cause havoc on _____ speed _____ stuff?

_____ close _____ internet speed _____ inhabitants?

_____ the interference messing _____ network _____?

Is the internet _____ slow _____ of _____ from _____?

Could _____ cause _____ network to _____?

_____ it possible that external factors _____ network _____ causing slower data _____?

Is it possible _____ interferences could _____ network _____ reduce _____ speed?

_____ our network slow _____ interference?

Any _____ disruption could _____ down _____ here?

_____ know _____ nearby interference could _____ affecting our _____?

_____ network velocity _____ the adjacent _____?

_____ adjoining interference could slow _____ down?

Is interference near _____ of _____?

Local _____ may _____ speed.

Is _____ interference _____ us _____?

_____ speeds _____ to _____ interference?

_____ nearby obstructions _____ affect _____ capabilities.

_____ interference _____ network speeds?

_____ interference slowing _____ our _____?

Is _____ that _____ nearby affect _____ pace?

Is _____ chance _____ issues are slowing _____ our _____?

Is there a _____ our connections?

Do _____ delays result _____ nearby _____?

_____ close-by interferences affect _____ and reduce _____ download _____?

_____ interferences _____ speed of the _____?

_____ likely that local _____ the _____.

Is _____ that disruptions _____ are _____ network performance?

Is our connection speed _____?

Is internet _____ nearby disruption?

_____ it just me _____ our network pace?

Is it possible _____ signals _____ and _____?

_____ interferences could be _____ down _____ transfer on _____.

_____ interference nearby _____ network?

_____ neighboring _____ hinder connection and diminish speed?

Are _____ interferences _____ the speed _____?

Nearby _____ networking capabilities.

Can our network _____ the _____ commotion?

_____ it possible _____ neighboring _____ hamper communication _____ speed?

Is the local _____ our internet _____?

Is _____ likely to _____ down _____ disruption?

_____ may _____ caused _____ nearby disruptions?

Disruption _____ online _____

_____ disruption _____ outside _____ down _____ connections here?

_____ is _____ chance nearby _____ are slowing _____.

Our network _____ by _____ interference.

_____ ruin our _____ speed?

_____ disruptions _____ the _____ of our network by reducing _____ speed.

_____ interference affecting our network _____ speeds?

Is _____ chance that _____ reduced near us.

Is the _____ system _____ due to _____ obstructions?

There's _____ that interference _____ will make our _____ slow.

_____ disruptions effecting _____ rates?

_____ neighboring signals _____ diminish speed.

Is _____ speed affected _____ the _____ local _____?

_____ chance _____ door _____ make our net connection slow?

_____ there a _____ that _____ slowing down _____ connections?

_____ the _____ made our _____?

Do _____ could make us _____?

Is _____ because _____ interference from nearby sources that _____?

_____ chance that disruption _____ slow down our _____?

_____ it _____ closeby interferences could _____ our network and lead _____?

_____ can _____ connection speed.

_____ affecting network speeds?

Is _____ of _____ to blame for our _____ connection?

_____ the interference _____ up _____?

There _____ trouble _____ affect our internet connections.

I'm _____ disruptions _____ by _____ ruin our internet speed.

Is _____ possible _____ poor interference next door is _____?

Slow _____ to interference nearby.

_____ interference from _____ be _____ slow _____?

Does _____ affect internet _____?

Is _____ internet speed _____ connection affected _____ the _____?

Our internet connection _____ slow _____ from _____ sources.

Is _____ quality impacted _____ disturbances.

Is network _____ to _____?

_____ disruption might slow _____ here.

_____ sources of interruption _____ us _____ the _____ speed issue.

_____ surroundings _____ network performance?

Data transfer may be slowing down _____ interferences.

Is there _____ chance _____ bad interference next _____ will slow _____?

_____ we _____ be slowed _____ by adjacent interference?

_____ nearby _____ network speed?

_____ network _____ said _____ be caused _____ nearby interference.

_____ connections near _____ be affected.

Might _____ internet connection be _____ to _____ sources?

_____ it _____ me _____ the interference _____ with our _____ pace?

_____ network _____ be slowing down _____ to _____.

_____ think that interference _____ proximity can _____ to _____?

Is _____ possible _____ the _____ down data _____ on our network?

_____ interference near us _____ networking _____ speeds?

The _____ service might _____ because of _____.

It's possible that _____ could _____ reduced _____.

Could proximity _____ signal?

Our network _____ because _____ interference _____.

_____ potential issues _____ slower _____ to external impediments?

_____ possible that _____ could _____ the _____?

Is _____ network _____ up _____ nearby _____?

_____ you _____ the _____ interference _____ slow us _____?

_____ network being slowed down _____?

Is _____ a chance _____ slowing down our _____?

_____ possible that _____ slowing down _____ to local disturbance?

_____ of local _____ affecting _____ speeds?

_____ nearby obstructions have _____ negative _____ our networking _____?

It _____ nearby obstructions could hinder _____ networking _____.

_____ external factors be making _____?

Is _____ possible that _____ issues _____ slowing _____ our _____?

Is _____ possible the _____ interferences are _____ the _____?

_____ this noise _____ speed?

Our _____ may be _____ presence of local _____.

Is _____ true that disruptions _____?

Is there _____ chance _____ external disruption _____ connections?

_____ a _____ disturbance slows down our connection?

Disruption _____ online _____.

_____ you think _____ interference _____ lead to slower network _____?

Does _____ disruptions affect _____.

_____ be _____ by nearby disturbances.

_____ nearby _____ internet service?

Is _____ network speed?

_____ the local _____ our connection?

_____ network _____ interference near us.

Our _____ capabilities could _____ adversely _____ by _____.

_____ with slower speeds due to _____ our network?

Our internet _____ connection _____ the local disturbances.

_____ closely affect _____ us inhabitants.

_____ a chance that _____ disruptions _____ affect _____ network performance.

_____ there any _____ disturbances _____ internet speed?

I'm wondering _____ performance _____ affected _____ disruptions nearby.

_____ closely interferences _____ for _____ speeds?

Is it _____ the _____ is _____ interference from nearby sources?

It _____ that _____ cause disruptions _____ our network connection.

I'm _____ there _____ a _____ that disruptions nearby will _____ the _____ of _____.

_____ the _____ interferences slowing _____ our _____?

_____ disruptions _____ network's pace.

Is the _____ internet _____ due to _____ from _____?

_____ it _____ the _____ next _____ might make our _____ slow?

_____ are connected _____ interference?

_____ interference _____ be _____ our _____ speeds?

Is _____ on our _____ our data transfer?

Is the local _____ slowing _____?

_____ interferences _____ in our _____ and thus reduce download _____?

_____ interferences _____ internet speed?

Is it just _____ or is _____ our network _____?

interference nearby could _____

Is it _____ door _____ cause _____ connection to slow down?

Is nearby _____ network _____?

Is interference _____ up _____?

____ disruption may ____ the ____
 Do ____ interferences ____ speeds?
 ____ disruption slows the _____.
 Is ____ a ____ of ____ affecting ____ speed?
 ____ performance ____ by interference ____ us?
 ____ speeds are ____ interference from ____.
 Is it possible that nearby _____?
 Maybe neighbors ____ affect ____ signal ____.
 _____ the connection slower?
 Is ____ possible ____ the ____ is tarnishing our ____?
 Do ____ that ____ hurt network ____?
 Is interference ____ us ____ networking ____ slower ____?
 ____ nearby jibber-jabber ____ staining ____ speed?
 There's a _____ issues ____ slowing ____ our connection.
 Possible _____ interferences to ____ network ____?
 _____ issue ____ our connection?
 _____ surrounding noise ____ our ____ connection ____?
 _____ a chance ____ interference next _____ our net connection?
 Local _____ affect connection ____.
 Is interference causing _____?
 _____ interference ____ connection speed?
 _____ velocity harmed ____ obstacles?
 _____ around us be ____ our ____?
 _____ jibber-jabber tainting ____ speed.
 Will slower ____ be ____ nearby ____?
 _____ you ____ slower speeds ____ caused ____ interruptions?
 Do you ____ that interference ____ proximity is _____ the ____?
 Is ____ possible ____ interference ____ impede ____ and ____ less ____?
 Is it _____ the ____ pace?
 Is _____ speeds _____ nearby interference?
 _____ the ____ problems affecting ____ internet ____ connection?
 _____ make ____ harder to connect?
 _____ you think nearby _____ speeds?
 _____ network ____ down due ____ interference?
 Did close-range interferences _____ issues _____?
 I'm _____ there _____ nearby ____ can affect our network performance.
 Slow ____ could be caused _____ network.
 _____ nearby ____ affect network ____?
 _____ it _____ or ____ that interference ____ with our network ____?
 Should ____ look _____ possibility _____ speeds ____ to interfering elements ____?
 Should nearby ____ affect _____?
 Is ____ nearby _____ the network's ____?
 I'm ____ if there ____ a chance ____ disruptions _____ affect ____ performance.
 Reductions in _____ possible ____ to _____.
 I _____ if the ____ close ____ are affecting our _____.
 _____ the decreased _____ network ____ to local sources of ____?
 _____ proximity cause the ____ reception _____ slow?
 Should _____ us _____ speeds?
 _____ nearby noise ____ our network's ____?
 _____ internet ____ quality might _____ by ____ disturbances.

Can _____ speeds?

Is our _____ performance _____ by _____?

_____ affect _____ speeds?

Could _____ ruin _____ speed?

_____ and _____ connectivity _____ to nearby interference.

_____ any chance of _____ internet speed?

Is _____ internet _____ impacted by _____?

_____ speeds _____ damaged by nearby _____.

Our _____ speed _____ may be affected _____ locals.

_____ nearby jibber-jabber affect _____ net _____?

Is it _____ the interference _____ will _____ down _____ connection?

Do _____ neighboring interference _____ us _____?

Could _____ affect _____ networking _____.

_____ is _____ chance _____ are slowing _____ down.

_____ due to neighboring disruptions.

Does the _____ noise _____ our _____?

I don't know if the disruptions _____ our _____.

Could _____ our _____ capabilities?

_____ slow due to _____?

Is interference _____?

_____ it _____ some disruptions affect _____ pace?

Is _____ that _____ around _____ slowing down our net?

Is it _____ interference _____ and yield less promptness?

Local _____ may _____ network _____.

_____ possible _____ the neighboring _____ are slowing _____ the _____ on our _____?

_____ network's speed _____ by _____ nearby disturbances.

_____ affect _____ connection speed.

_____ disturbances affect the _____?

might external factors _____ our _____?

Is _____ service _____ disruption?

_____ anyone _____ if the disruptions _____ by _____ affect our _____ and _____?

_____ nuisance of _____ interference _____ affect _____ network _____.

Slower _____ network connections _____ be related to _____.

Slower _____ be _____ nearby interruptions.

_____ local _____ slowing _____ networks?

_____ hinder _____ performance.

_____ that disruption _____ slow down _____ connections _____?

_____ disruption _____ the network?

Is it _____ me or _____ messing _____ network?

Are _____ obstructions _____ our _____?

_____ can be _____ affecting _____ here.

_____ you _____ network _____ due _____ adjacent disruptions?

Could interference from outside cause _____ down?

_____ nearby _____ affect _____ speeds?

Is it _____ for _____ affect _____ speed?

_____ speeds _____ be caused _____ disruptions.

_____ it _____ issues _____ slowing down our _____ connection?

_____ that _____ nearby interference _____ affecting our _____ speeds?

Reducing internet _____ due to _____.

There is _____ nearby issues are slowing _____.

_____ obstructions be _____ our _____ capabilities?
 _____ neighboring disruptions _____ performance?
 _____ of _____ network impacted _____ nearby interferences?
 _____ you _____ that interference _____ proximity could _____ slower _____?
 Is _____ being impacted by _____?
 _____ interference affecting _____ connection _____?
 _____ there network _____ that _____ due to adjacent _____?
 _____ causing a slower _____?
 _____ caused by _____ nearby.
 _____ you _____ that _____ in _____ may be _____ down _____ connection?
 _____ could slow _____ performance.
 _____ speeds _____ linked _____ interference.
 Is _____ messing with our _____?
 _____ disruptions are affecting _____ network _____ decreasing its speed.
 _____ local _____ affecting our internet _____?
 _____ disruptions _____ our _____ connection and reduce our download _____?
 _____ it _____ that the disruptions close _____ havoc on _____ speed?
 _____ are linked _____ nearby _____?
 _____ have a _____ on _____ speeds?
 Is there any chance _____ are slowing _____?
 Might _____ slower speeds?
 _____ we look into the likelihood _____ due _____ interfering _____?
 Local sources _____ interruption _____ possibly have caused _____ decreased _____.
 There is _____ that disruption _____ down our _____.
 Do you think interference _____ be _____ network _____ slower?
 Is proximity- _____ interference _____?
 Is _____ that _____ will impede _____ and _____ less _____?
 _____ possible _____ interference is _____ network?
 I'm _____ if _____ are affecting the _____.
 _____ there any _____ network?
 _____ a _____ that _____ interference _____ ruin our _____ connection?
 _____ that _____ will _____ down _____ connections here?
 Reduced speeds _____ the closeby _____.
 _____ think interference _____ proximity _____ lead to slower _____?
 _____ a _____ disruption might slow down _____ here.
 Is _____ a _____ in _____ our system _____ of external _____?
 Does _____ speeds?
 _____ disruption _____ slow the _____.
 Is _____ down our _____?
 _____ neighboring _____ problem with _____ speed?
 Is _____ chance _____ external disruptions will _____ down _____?
 Is _____ possible neighboring signals _____?
 _____ may affect _____ speed of _____.
 Do _____ think _____ slow us down?
 _____ affect our _____ velocity?
 Can _____ network speeds be _____?
 Is _____ possible _____ disruptions _____ the _____?
 _____ interference _____ is close _____ one _____ connection speeds?
 Slower speeds may _____.
 Is _____ local _____ blame for _____ slower network results?

Is _____ interference messing _____?

Is it possible that _____ signals _____ affect _____?

_____ a chance that _____ slowing down our _____?

Slow _____ speeds could _____ interference.

_____ might be _____ local disturbances.

_____ neighboring interferences be _____ down the _____?

Are _____ interferences _____ the _____?

Our _____ slow because of potential _____.

Local disruption _____ to slow _____.

_____ look into the _____ diminished connective speeds _____ to _____?

_____ connections might be caused _____.

Reductions _____ speeds _____ caused _____ disruptions.

_____ it _____ that interference in our network _____ leading _____?

I want _____ know if _____ disruptions affect _____.

_____ we know if nearby _____ network speeds?

Did you know _____ the _____ close _____ cause _____ the _____?

Isn't it possible _____ local _____ the _____?

I _____ if _____ is a _____ that _____ are affecting _____ network _____.

Is _____ of _____ disruptions impacting _____ speed?

_____ local _____ to slow _____ network?

Is _____ interference close could impede connectivity _____ yield _____?

Our _____ could potentially _____ disrupted by _____.

_____ you think interference in _____ slowing _____ connection?

_____ interference around _____ affecting _____ network's _____?

Is _____ that _____ interference could affect _____ leading to _____ speeds?

_____ network _____ due to nearby _____.

Is _____ decreased speed _____ a result of _____ sources of _____?

Could _____ be slowing down _____?

Is _____ network _____ us down?

interference _____ network

Do you believe that _____ might cause _____?

_____ interference _____ outside be slowing _____ network _____?

Do proximity-based _____ reduce _____?

_____ for local _____ to have an _____?

Our network _____ might be _____.

_____ look _____ of _____ speeds because _____ the interfering elements?

I'm wondering if _____ nearby are _____ the _____ down.

_____ that neighboring signals _____ affect communication _____ speed?

Is our internet _____ by _____?

_____ closeby _____ internet _____?

_____ network speeds might _____ to _____.

Is our _____ down _____ of _____?

Could _____ be making _____ to _____?

_____ interference _____ network speeds?

Nearby _____ might _____ affecting _____.

_____ the local _____ our _____ speed?

_____ network _____ be caused by _____ outside.

_____ disruption slowing _____ online _____.

Is _____ could slow our _____?

_____ hinder Internet velocity _____ inhabitants?

_____ interferences _____ affect _____ of communication.

Slower _____ be _____ by the _____.

_____ internet connection may _____ because _____ interference _____ nearby _____.

Local _____ affect _____ network.

_____ myself _____ is _____ messing with _____ network pace?

_____ network _____ by _____ disruptions?

_____ interference affect _____ here?

_____ our network slow?

_____ affect _____ speeds?

Do you think _____ cause _____ network connection _____ slow _____?

interfering nearby _____ slow _____?

Is _____ causing _____ speeds?

_____ neighboring _____ of information and speed?

_____ might be _____ local issues.

_____ have an effect _____ for us?

Could the slow _____ be _____ interference _____ nearby _____?

_____ affect our _____ capabilities?

Do _____ interference can affect _____?

_____ affect our _____ capabilities.

Slower _____ may _____ caused by _____ network.

Could _____ from _____ network speeds?

Local _____ be _____ speeds.

_____ the presence of local _____ for _____ connections?

_____ nearby interference _____ the _____ speed?

Our networking _____ be affected _____.

_____ that _____ could _____ network speeds?

_____ hamper online _____.

Is adjacent _____ velocity?

_____ closeby hinder _____ for _____?

_____ the _____ is making it slow.

_____ nearby _____ slow _____ network.

Is _____ a chance the _____ next _____ our _____ sluggish?

_____ factors be causing _____ speed to _____ slower?

_____ events affect _____ network _____?

Is the network _____ because of _____ nearby _____?

It is possible _____ may cause _____ network connection.

Does close-range _____ decrease _____?

It _____ be that _____ interference is making _____.

_____ going to affect internet _____?

_____ we facing _____ with _____ speeds due to _____ with _____?

_____ possible that _____ interference _____ making our network _____?

There _____ chance of local disruptions _____?

Is _____ for _____ affect _____ speeds here?

It _____ questionable if close-range _____ network issues _____.

_____ nearby interference _____ speed?

_____ closeby _____ cause our _____ to _____?

Is there _____ chance of _____ internet _____?

Are _____ with _____ due _____ external _____ impacting our network?

Does _____ Internet _____?

_____ the _____ speed _____ local disturbances?

_____ interference affect networking _____ it _____?

Does nearby _____ affect _____.

Is _____ local interferences cause _____?

I wonder _____ is making _____ net slow.

Data _____ by interference around us.

_____ possible _____ interference next door _____ internet connection slow?

_____ proximity-based interference _____ speeds?

_____ the result of local _____ of _____ us?

_____ interferences _____ down _____ network?

_____ that local disruptions _____ the network down?

_____ is _____ that _____ next _____ will _____ our _____ connection slow.

_____ nearby obstacles _____ our _____?

Is interference _____ connection _____?

_____ chance _____ issues slowing down our connection?

Slow network _____ are possible _____ result of _____.

Local _____ interruption could be _____ caused the _____ issue _____ our _____.

Can _____ network performance.

Slow _____ be _____ the _____ interference.

Will the _____ disturbances _____ the _____?

_____ there interference _____ could _____ network?

_____ could _____ the nearby interruptions.

Can _____ be determined _____ are _____ our _____ performance slower?
