

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Requests for energy-saving tips or recommendations
Inquiry Sub-Category	Efficient appliances and equipment
Description	Customers seek recommendations on energy-efficient appliances and equipment that can help lower their electricity bills.
Data Size	8,522 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ the best energy-efficient _____ conditioners in _____ consumption in summer?
_____ AC units _____ less _____ it's _____?
_____ any air conditioner _____ will _____ reduce power _____ during _____?
_____ on _____ air _____ help reduce electricity _____ during _____ summer months _____ being _____.
_____ are air _____ options _____ reduce _____ usage _____ the summer.
_____ is the best _____ to _____?
_____ powerful air _____ to reduce _____ use during summer?
_____ for efficient _____ conditioning _____ use _____ power during the _____.
_____ an energy-saving _____ works _____ in hot weather?
Which _____ of air _____ less electricity while _____?
Do you _____ of _____ use less air conditioning _____?
_____ AC _____ electricity during the summer.
Which _____ ACs _____ electricity for _____ cooler _____?
Which summer-friendly _____ should _____?
Which _____ have high efficiency _____ power consumption _____ the _____?
_____ ACs are the _____ energy _____ the _____?
_____ to save electricity?
_____ on ways _____ save energy _____?
Do you _____ the _____?
Which air conditioner _____ better _____ rooms _____ while using _____?
Is there _____ AC _____ can _____ this _____ heat?
How _____ energy-efficient A/C _____ use of electricity?
Looking for _____ less electricity in _____ summer.
_____ top energy _____ conditioners?
Is there _____ that do _____ in _____ weather?
_____ top _____ electricity in summer?
_____ air _____ take less _____?
Do _____ recommend the _____ energy _____ air conditioners to _____?
Which ACs use _____ during _____?
_____ models save the most energy _____?
_____ some _____ energy- efficient air _____.

_____ spend less power?

_____ AC units usually _____ power _____ hot _____?

What _____ some _____ the best _____ out there?

_____ air conditioners for summer?

_____ save most _____ summer?

Seeking efficient air _____ to _____ summer _____ use.

_____ into _____ that don't _____ a _____ electricity and are ideal during _____.

Which _____ for low _____ during the _____ months?

What types of _____ can be _____ the summer?

Suggestions on _____ air _____ reduce _____ bills _____ be appreciated.

_____ you _____ ACs _____ to lower _____ when it's hot?

What _____ the _____ energy-efficient _____ conditioners _____?

What _____ are _____ for their efficiency _____ during hot _____?

_____ you _____ energy-saving air conditioners?

_____ efficient ACs that _____ electricity consumption _____ it's hot out?

What _____ that use _____ electricity?

_____ air conditioning _____ that _____ use a _____ of power _____ ideal during _____ summers.

What _____ the top _____ summer _____?

Do _____ air conditioning options?

_____ are _____ eco-friendly AC systems that _____ electrical _____.

_____ the best electricity saving _____?

_____ a good electricity-reducing _____ out _____?

_____ the summer _____ can you _____ most _____ efficient _____ conditioners?

_____ for suggestions on energy-saving _____ that _____ save _____.

What _____ the _____ low _____ during warm months?

Tell _____ the _____ save electricity in _____ months.

_____ systems that use less _____ this _____.

Is _____ a better _____ for _____ summer bills?

_____ top energy-efficient air _____?

It is _____ to inquire _____ efficient _____ for _____.

The best _____ to decrease _____.

Do _____ that _____ cool _____ save money _____ electricity?

Do _____ the best _____ air _____ are?

Suggestions _____ help reduce power usage _____ the summer?

_____ you looking for _____ most efficient _____?

_____ you _____ best _____ for _____ savings?

What are the _____ energy- _____ options _____ summer _____?

Which _____ conditioner _____ rooms cool _____ are high?

Which eco-friendly _____ use _____ power _____?

Suggestions _____ air _____ help _____ electricity _____ is what we _____ for.

_____ on energy-saving _____ conditioners that _____ the _____ months are needed.

In the summer, _____ best _____ conditioners?

In warm _____ could _____ suggest _____ air _____?

_____ any _____ will perform _____ in hot weather?

_____ info on _____ best _____ AC _____.

_____ are _____ most _____ ACs _____ summer?

_____ information _____ the _____ eco-friendly _____ systems.

_____ into _____ units that don't _____ a _____ in the summer.

_____ air conditioners _____ the least electricity _____ rooms _____?

Looking _____ air _____ low-power usage that are _____ optimal during _____.

_____ for _____ best eco-friendly AC _____.
 _____ possible _____ suggest _____ air _____ that _____ in hot weather?
 Is _____ a best _____ conditioners _____?
 Are power-sipping _____ units _____ give my electricity bill _____ during _____?
 _____ use the least electricity _____ the _____ months?
 Is _____ any good, _____ keep the heat _____?
 The best energy _____ for _____?
 _____ tell _____ energy-saving ACs _____ use less electricity _____ the summer.
 _____ the most energy _____ ACs _____ the summer?
 What _____ top _____ saving electricity during the _____?
 _____ you know of _____ conditioners _____?
 Any _____ auto-cooling choices this _____?
 _____ a _____ power _____ air cons?
 _____ are the _____ energy-efficient options _____?
 Which are _____ conditioners?
 Which _____ ACs _____ less _____ a cooler _____?
 Which air conditioner models _____ effective _____ cool?
 Want _____ the most _____ air _____?
 _____ can energy-efficient A/C devices _____ summertime _____ electricity?
 For summers, _____ essential _____ highly-energy efficient _____.
 What _____ the best _____ conditioners _____ in _____ reduce electricity _____?
 _____ the best _____ efficient _____ conditioner for reducing _____ use _____ summer?
 _____ to reduce _____ during _____ season.
 _____ highly efficient A/C options to _____ back _____ power _____.
 Which _____ of air conditioner use _____ keeping _____?
 _____ ACs _____ you _____ heat?
 _____ best for _____ electricity saving?
 Suggestions for efficient air _____ options _____ less power _____?
 Information on _____ eco friendly _____.
 Are there _____ air _____ use _____ power in _____?
 The _____ air _____ for reducing _____ during _____ season.
 _____ me about _____ units that _____ electricity _____ months.
 Which energy-efficient _____ usage?
 Which _____ models _____ cut _____ rates?
 _____ me about air-conditioning _____ less _____ in _____ months.
 _____ ACs _____ during the summer season?
 _____ the top _____ consuming _____ power?
 Are _____ any _____ energy _____ conditioners?
 Air _____ for summer _____ are _____?
 _____ of AC trims _____ usage _____?
 _____ are _____ top ACs for _____?
 _____ AC _____ use _____ during _____ hot season?
 Which _____ electricity _____ the _____ keeping rooms cool?
 Which _____ has the _____ in the summer?
 What _____ ACs to use _____ hotter _____?
 Do you have _____ for the _____ energy _____ summer?
 _____ types _____ energy efficient A/C devices can _____ electricity _____?
 Is _____ any energy _____ that perform well _____ weather?
 _____ air conditioners _____ will reduce power usage _____ the _____?
 _____ to know if _____ can recommend the most _____ air _____ use less power _____ months.

Tell me _____ best air-conditioners _____ in _____.
 _____ brand has _____ least _____ use in the _____?
 _____ the top-notch _____ efficient A/C _____ living?
 Suggestions _____ conditioning options to _____ power during _____.
 _____ reliable brands _____ consumption air conditioning?
 Do you _____ there _____ energy-saving _____ that perform well _____ weather?
 _____ you _____ the best _____ ACs?
 Which _____ for low _____ consumption _____ hot weather?
 I _____ some _____ that will _____ my _____ bill a break _____ the _____.
 Which models _____ electricity use while keeping _____?
 _____ you _____ for _____ efficient air-conditioning?
 _____ the top _____ coolers that _____ less _____ days.
 _____ consumption in _____ summer, _____ are the _____ energy efficient _____ conditioners?
 Do _____ of _____ air conditioning _____ that _____ less _____?
 _____ hotter _____ what are the _____?
 _____ there a _____ energy-saving _____ summer heat?
 _____ recommend the _____ efficient _____ will _____ reduce power consumption _____ hot months?
 Do you _____ ACs that _____ use _____ electricity _____ hot?
 _____ conditioning _____ that use _____ and are ideal for _____.
 In _____ summer, _____ eco-conscious cooling solution _____ reduces _____ consumption?
 Do you know _____ ACs _____ beating the _____?
 Are there _____ conditioners _____ help reduce _____ during the _____?
 _____ want the most _____ Conditioners?
 _____ find _____ electricity-saving ACs?
 _____ there _____ electricity-reducing air _____ out _____?
 Which _____ conditioning _____ power?
 Is _____ the _____ power-saving _____?
 For summer _____ are _____ top _____ ACs?
 Which _____ should I _____ summer?
 Is _____ air _____ that will _____ usage _____ the summer?
 _____ best _____ air _____ for summer?
 _____ recommend the most energy efficient _____ conditioners?
 Do you recommend the _____ efficient _____ to cut down _____?
 _____ any _____ for energy _____ use less electricity when it's hot?
 Can _____ the _____ efficient air _____ units that _____ power _____ in hot _____?
 What _____ of _____ A/C devices _____ help _____ electricity _____ in _____ summer?
 What are the _____ use _____ in hotter _____?
 _____ it possible to find _____ conditioners in _____ market.
 _____ can be used _____ usage.
 What _____ ACs that use _____ the hotter months?
 Do _____ which air _____ models work _____ hot season?
 _____ the _____ season, do you _____ energy-minded _____ conditioning _____?
 _____ know of _____ conditioning _____ use less _____ in the hot _____?
 _____ air conditioners _____ help _____ power usage during summer?
 Should you _____ the _____ cons?
 Is _____ specific _____ conditioner _____ reduces power usage _____?
 Which eco-friendly ACs consume _____ power _____?
 _____ anyone know _____ good, energy-saving _____ that can _____ heat?
 _____ there _____ air _____ that _____ reduce power use _____ summer?
 Do _____ know about air-conditioners that _____ months?

_____ is _____ power-saving air _____ for _____?

_____ summer, _____ efficient A/C options?

_____ conditioners are _____?

_____ brand has ACs _____ less _____ in _____?

Is _____ efficient, bill _____ auto-cooling choices this _____?

_____ for saving energy?

Information _____ designed to decrease _____ consumption in _____ should _____.

_____ energy efficient _____ models _____ energy use?

_____ the best _____ electricity use during _____ hot months?

_____ AC _____ are most _____ efficient?

What _____ the best _____ efficient _____ options for _____?

How can _____ AC units that _____ less _____ summer?

_____ air conditioner _____ summer _____ usage the _____?

_____ summers inquiring about _____ ACs

_____ top-rated _____ ACs designed _____ decrease electricity use _____ the summer _____.

Seeking info _____ the _____ eco-friendly _____.

Recommendations for efficient air conditioning _____ reduce _____.

Some efficient A/C _____ on electricity _____.

Do _____ the most _____ efficient air _____ to cut _____ on _____ usage _____?

In the summer, _____ that _____ electricity consumption.

The best eco-cooling _____ summer _____.

_____ top AC models _____ summer?

_____ there _____ energy-saving _____ conditioners _____ perform _____ hot weather?

Are there some _____ air _____?

_____ you _____ which _____ are _____ most energy _____ in _____ market?

_____ can _____ reduce summer _____ bill?

How _____ energy-wise AC _____ that reduce _____ use?

_____ are _____ air cons _____ can help reduce _____.

Seeking _____ A/C _____ to cut _____ on _____ power _____.

What _____ the _____ efficient _____ conditioners out _____?

_____ are the best _____ for _____ electricity _____ during _____?

_____ me _____ units _____ less _____ in the summer.

_____ into _____ air conditioning units considered _____ summers more _____ new _____ falling _____.

_____ find _____ AC units that use less electricity _____?

_____ you want _____ find _____ ACs?

_____ air _____ less electricity?

Best _____ for _____ summer bills?

Tell _____ that save _____ electricity.

What _____ A/C devices _____ summertime _____ of electricity?

There _____ AC models that reduce electricity _____.

Which _____ air _____ save power in summer?

Which AC units _____ efficiency _____ power consumption when _____?

Which AC models _____ the _____?

_____ you _____ air conditioning models _____ less power during _____?

Tell _____ air _____ save electricity.

Which _____ units _____ known for _____ hot weather?

_____ for _____ conditioning options _____ will _____ power in _____ summer.

_____ best _____ low _____ usage _____ hotter months.

Do _____ any suggestions for _____ ACs that _____ use less electricity _____?

Are you _____ the _____ air _____?

_____ are _____ rated _____ that _____ less electricity during _____ summer?

Which _____ ACs use less power _____?

Suggestions for efficient _____ conditioning _____ won't _____ power _____ summer?

What AC _____ reduce _____ usage _____?

_____ best air conditioners for _____ electricity _____?

Which air _____ units save _____?

Which brand has _____ ACs _____?

_____ energy-efficient air _____?

_____ for efficient air conditioning systems _____.

Can _____ the _____ conditioners to cut _____ electricity usage?

Looking _____ the most _____ home _____ significant _____?

Which AC _____ this _____?

_____ know of the most efficient _____ on the _____?

_____ efficient are _____ ACs for _____?

Which air conditioner models _____ rooms _____?

Do you _____ that _____ energy _____ when _____ out?

_____ are _____ most energy-effective?

Are there any _____ power usage during _____?

The _____ systems _____ lower _____ consumption.

_____ are cooling _____ reduce electricity _____ in the _____.

_____ the top ACs for _____ summer?

_____ are the _____ ACs _____ low _____ usage _____ hotter months?

Which of _____ top air _____ power the _____?

_____ has the _____ ACs _____ the summer?

_____ are more _____ efficient.

_____ is _____ to find _____ best _____ air _____.

_____ the most efficient _____ conditioners?

_____ us _____ energy-saving _____ that _____ less electricity in _____ summer.

_____ to _____ most _____ conditioners left?

Suggestions _____ that _____ help reduce electricity bills _____ summer months.

There are some air conditioners that can _____.

_____ are the best energy _____ air _____ to _____ in _____?

What _____ energy efficient A/C _____ that can _____ summertime _____?

Looking into _____ units _____ use a lot _____ yet _____ ideal _____ summer.

Which types of energy _____ be used _____ the _____?

Which AC _____ have _____ and _____ consumption during the _____?

_____ models _____ use while keeping _____?

Do you _____ conditioning models will work _____ season?

_____ there _____ conditioner that will work well _____ hot _____?

Tell _____ air-conditioners _____ electricity.

_____ hotter _____ what _____ the best ACs _____ electricity _____?

_____ are _____ summer _____ conditioner models?

Is _____ energy-saving _____ conditioning _____ can _____ well _____ hot weather?

Which air _____ to _____ less _____?

_____ AC _____ lower summer _____ usage?

Are you looking for _____ most efficient _____?

_____ there any _____ air _____ that _____ power during _____ summer?

Suggestions on energy-saving _____ that _____ reduce _____ during _____ summer months are _____.

_____ efficient _____ systems help _____ costs _____ summer.

Which top _____ save the most energy _____?

Which air _____ save most power _____?

Are you looking _____ the _____ ACs _____?

_____ summer, what _____ some _____ choices?

_____ the air _____ that _____ less _____.

_____ conditioner models use _____ keep _____ rooms cool?

_____ hot season, _____ air _____ elec usage.

_____ of _____ best _____ Reducing air conditioners?

_____ air conditioners _____ summer?

Can you _____ the _____ efficient air _____ use _____ power _____ the _____ months?

Tell me about _____ air-conditioners _____ in _____ months.

_____ brand has _____ most energy efficient _____?

Which _____ conditioner _____ have the _____?

_____ ready _____ AC should I _____?

_____ important to _____ highly-energy efficient ACs.

Which _____ the _____ efficient ACs _____?

Which _____ conditioners _____ power?

The _____ to reduce _____ by using air _____.

Do _____ air conditioning model that _____ use _____ in _____ season?

_____ kind of _____ can _____ utility costs this _____?

_____ AC units _____ known for _____ consumption in hot weather?

Top air _____ use _____ during _____.

For _____ necessary to inquire _____ ACs.

_____ AC units _____ less _____ weather?

Looking into air conditioning units _____ use _____ power, _____ are optimal _____.

This _____ are looking _____ AC _____.

Information _____ best eco-friendly AC _____.

_____ save the most energy _____?

_____ about air-conditioners that use _____ in _____ months.

_____ most energy efficient _____?

_____ to inquire about highly energy _____ ACs.

Looking for _____ on _____ best _____ conditioning _____.

Is _____ best _____ air cons to reduce _____?

How can _____ units that use less _____ during _____?

_____ airconditioners consume _____?

Which _____ the _____ this summer?

_____ the _____ there is _____ need for _____ AC _____.

Which _____ are _____ energy- _____?

Which _____ use _____ electricity while _____ rooms cool?

_____ information _____ top-rated energy-saving ACs designed _____ consumption _____ the _____.

_____ of _____ efficient air conditioning _____ that _____ power consumption _____ hot months?

Seeking _____ AC _____ that _____ less _____ the summer

I need _____ escape _____ summers by using _____ effective air _____.

_____ are the _____ energy-efficient A/C options _____?

What _____ the _____ for low electricity _____ during _____?

_____ for the most efficient _____ possible?

Good _____ use _____ electricity in _____.

_____ eco-friendly ACs use _____ power _____?

_____ have _____ the most efficient air _____ that can help _____ consumption in hot _____?

_____ best electricity saving _____?

Are _____ AC units that _____ electricity bill during hot months?

Looking ____ low-power-Utilizing air ____ units ____ optimal ____ .

____ models ____ use during ____ summer?

____ can ____ A/C devices help ____ electricity ____ summer?

____ models ____ air conditioner ____ most ____ ?

Which AC ____ are known for ____ power ____ hot ____ ?

Which ____ are the ____ during ____ ?

____ the ____ cooling units to ____ the ____ .

Seeking ____ AC ____ that ____ less ____ summer.

Best ____ save energy.

____ for ____ on ____ conditioners ____ save ____ during ____ summer.

____ to ____ the market's best ____ ?

Which AC ____ decrease summer ____ ?

____ to ____ on summer ____ can I find ____ AC units?

Do you ____ for ____ conditioning ____ less energy ____ hot season?

What top-rated ACs use ____ during ____ ?

____ are ____ best ____ that use ____ ?

Suggestions for ____ yet efficient air ____ reducing power usage ____ ?

Looking for ____ models ____ the ____ .

____ models save electricity ____ summer?

____ AC units ____ more efficient ____ ?

In ____ can you ____ the most ____ conditioners?

____ the best ____ ACs?

____ you ____ of ____ good, energy-saving ____ for this ____ ?

____ energy-saving ____ that ____ reduce electricity bills during ____ summer ____

____ are the best air conditioning options ____ in ____ ?

Is ____ air ____ for summers?

Try ____ best electricity-saving ____ .

____ the ____ are ____ efficient ____ solutions?

Which A/C ____ efficient in ____ ?

Which ____ models help ____ cool during high ____ ?

Looking ____ air conditioning ____ much power ____ are ____ for summers.

____ energy-saving ____ that ____ electricity bills ____ the summer ____ needed.

____ the summertime, top-rated ____ are ____ decrease electricity ____ .

____ AC ____ consume less electric ____ in ____ summer.

____ highly efficient ____ to reduce power ____ the ____ .

Suggestions ____ air ____ that ____ electricity bills during the summer ____ .

____ you ____ for the ____ con?

____ the best air ____ to use ____ summer?

____ you ____ any ____ for energy ____ ACs that ____ electricity ____ when it's ____ ?

The best ____ conditioning ____ during hot season

____ summer, ____ for an ____ system.

Looking ____ information ____ best ____ AC ____

____ AC units are known ____ low power ____ weather?

____ eco-friendly ____ consume ____ power.

____ AC models save ____ the ____ ?

____ you ____ the ____ electricity-reducing ____ conditioners?

____ to lower electricity consumption ____ it's hot?

____ air conditioners consume ____ amount ____ ?

Seeking efficient AC ____ .

____ want ____ if ____ the ____ efficient air conditioning ____ that ____ lower power consumption.

Someone _____ information on _____ eco-friendly AC _____.

Do _____ desirable air _____ models _____ less _____ in the _____ season?

_____ recommend the most efficient _____ can lower _____ consumption _____ hot months?

Are _____ any air _____ can reduce power _____ summer?

_____ how to save energy in _____?

_____ conditioning _____ save power in the _____?

What _____ bill-reducing _____ this season?

Which AC _____ their low _____ consumption _____ hot weather?

_____ the top-notch _____ efficient A/C options are?

_____ for _____ best eco- _____ AC systems.

_____ help _____ costs this summer?

What _____ the _____ ACs _____ using _____?

How _____ I find energy-wise AC _____ that use _____ electricity _____?

_____ the top _____ that save electricity on _____.

_____ there any good _____ ACs _____ this _____ heat?

What _____ energy- _____ A/C options for _____ living?

_____ a _____ air cons?

_____ on _____ that _____ help reduce electricity _____ the summer.

What are _____ ACs for _____ electricity use _____?

_____ you know _____ conditioning _____ that use _____ the hot _____?

_____ are _____ ACs _____ use less electricity _____ the _____.

_____ looking for the _____ conditioning units on the _____ help lower power _____ months.

Do you _____ most energy- _____ to cut _____ electricity usage?

The _____ to use this _____?

_____ air conditioners on _____ market?

_____ can you recommend _____ most _____ conditioners?

Is there _____ good, energy-saving AC _____ summer _____?

Which _____ summer energy _____?

Which AC _____ use less _____ during _____?

There are _____ available.

Which brand _____ energy-saving _____ in _____?

The top energy _____ the _____.

_____ models save power _____ summer?

The _____ efficient _____ in the market.

The _____ air conditioners for _____ elec _____ hot _____.

_____ air conditioners?

Looking _____ air conditioning _____ lot _____ power, _____ are _____ in the summer.

How _____ find AC _____ that _____ electricity usage?

_____ it possible _____ recommend _____ energy efficient _____ conditioners for _____?

Which AC units use _____ least _____ in _____?

_____ is _____ to _____ about highly energy efficient _____.

The top-rated energy-saving _____ are designed _____ decrease _____ summertime.

The _____ for _____ ACs _____ during summers.

_____ the _____ efficient air _____ still _____?

What _____ conditioners to use _____ the summer?

_____ efficient _____ options to cut _____ use.

_____ you recommend _____ ACs designed _____ lower _____ consumption _____ it's hot _____?

_____ a _____ energy-efficient air _____ summer?

_____ hotter months, _____ are _____ ACs?

Which are the _____ for _____?

_____ the _____ ACs for _____ use?
_____ best _____ that save electricity.
_____ the summer, _____ are _____ best energy-efficient _____ to _____?
_____ has _____ in the summer?
What _____ top-rated _____ use _____ least electricity in hotter _____?
_____ the best energy-saving _____ conditioning _____ be found.
Is there _____ ACs _____ beating the _____?
What _____ most energy- _____ A/C options _____ living?
Which _____ conditioning _____ are _____?
_____ you recommend energy efficient ACs that _____ electricity _____?
Are there _____ air conditioners _____ use _____ power _____?
Do you _____ what _____ top energy-wise _____ are _____?
_____ air conditioning _____ reduce elec _____
_____ the best _____ to _____ electricity this _____?
Who has _____ best, money-saving _____?
Do _____ know _____ top-notch _____ A/C _____ are?
Looking _____ conditioning units _____ don't _____ a lot of power _____ summer.
In _____ efficient _____ are listed.
_____ suggestions on _____ air conditioners that _____ help reduce _____.
_____ of _____ cut electricity in the summer?
_____ specific _____ that uses _____ power in the summer?
For _____ summer, _____ top energy- _____ air conditioners?
What _____ that _____ less electricity during hot months?
Top _____ use _____ on hot _____.
Which air conditioner _____?
_____ cooling _____ can help cut utility costs _____?
Do you _____ which air _____ will _____ in _____ hot season?
_____ top-rated energy-saving _____ designed to decrease electricity _____ summer _____.
_____ best _____ to _____ elec usage is in _____ hot _____.
_____ aware _____ best electricity- _____ air Conditioners?
Best _____ saving _____ for summer _____?
For escaping expensive summers, _____ know about _____.
_____ you have any good _____ ACs _____ beat _____ heat?
_____ air Conditioners _____ in _____ summer?
_____ you recommend energy-efficient _____ be used _____ hot?
Are there _____ ACs that _____ the heat?
_____ air-conditioners that use _____ electricity in hotter _____
Can _____ power-sipping _____ unit _____ a break from _____ during hot months?
What are _____ are the most _____?
_____ what are _____ efficient _____ options?
Seeking efficient AC models _____ electricity _____ the _____
_____ the top-notch _____ for energy _____?
_____ yet _____ air conditioning options _____ power _____ during summer.
_____ you _____ energy-efficient ACs _____ less electricity when _____ outside?
_____ I _____ eco-cooling _____ to _____ electric bills?
_____ A/C options to cut _____ summer _____ use
_____ energy-saving _____ conditioner suggestions _____ the _____.
_____ air Conditioners _____ help reduce electricity _____ during _____ summer months _____.
It's necessary _____ highly-energy _____ ACs for _____.
For _____ wallet-friendly summer _____ what are _____ A/C options?

_____ AC models _____ summer energy _____?

Are you looking _____ ACs?

_____ possible _____ expensive summers _____ cost-effective air _____.

_____ you _____ of energy _____ that use less?

Suggestions for efficient _____ conditioning _____ to reduce _____?

_____ AC _____ are _____ their efficiency during hot _____.

_____ anyone have suggestions for _____ solutions?

_____ best _____ conditioning for summer?

During _____ summer, _____ most _____ cooling _____.

_____ you _____ the most efficient air conditioning _____ use _____ power _____ hot _____?

_____ AC models that use _____ the _____.

_____ conditioner models _____ energy efficient?

Looking for _____ to save _____.

The best _____ to reduce elec usage _____.

_____ is _____ air conditioner to _____ summer to reduce electricity _____?

_____ eco-friendly ACs _____ less power _____?

Can _____ recommend _____ that _____ give my electricity _____ a _____ the hot _____?

The best air _____ reduce _____.

Are there currently _____ air _____?

_____ summer, _____ seek _____ AC models that _____ electricity.

_____ air _____ models use less electricity _____ rooms _____?

The _____ energy efficient _____ for _____?

_____ air _____ models _____ less _____ while keeping rooms _____?

Which _____ models _____ electricity while _____ rooms _____?

_____ recommendations for power-sipping AC units _____ will give my electricity _____ during hot _____?

Is there _____ air _____ this season?

 Is there any _____ conditioner _____ power _____ the _____?
 Information about _____ ACs _____ electricity consumption during _____ should be _____.
 Seeking _____ air conditioning _____ to cut _____ summer _____ use.
 _____ us about _____ coolers that _____ electricity.
 Tell _____ about _____ air-conditioners to use in _____.
 _____ of A/C devices can _____ reduce _____ electricity _____?
 How _____ are _____ air _____ for _____?
 _____ are _____ best air conditioners _____ cutting _____ use _____ the _____?
 _____ essential _____ have _____ for summers.

_____ air _____ reduce _____ electricity usage?

_____ on _____ air conditioners.

Which airconditioning _____ are _____?

AC _____ electricity use _____ summer.

Which top _____ energy in the _____?

Which _____ use _____ energy _____ summertime?

_____ cons to _____ during _____ summer?

Which AC models _____ in _____?

Any _____ on _____ air _____?

Suggestions on _____ air _____ can _____ reduce electricity _____ appreciated.

_____ air conditioning units that _____ and _____ lot during _____ summer.

_____ are _____ air _____ for _____ electricity use _____ summer?

Which air conditioner _____ rooms _____ the temperature _____?

Seeking information _____ best _____ with lower _____ consumption.

Looking _____ conditioning _____ don't _____ lot _____ power and are considered _____ during _____.

I want to _____ AC units _____ down _____ electricity _____.

_____ air _____ units _____ less _____?

Which AC brand has _____ units in _____?

Are _____ to _____ most efficient air _____?

Does _____ good, _____ AC that will help _____ the _____?

What _____ most _____ ACs?

Which _____ electricity _____ while keeping rooms cool?

_____ any air conditioner _____ can help _____ power usage _____?

_____ power-saving _____ cons?

Which air conditioners can _____ high _____?

_____ there specific air _____ use less _____ the _____?

The _____ conditioners _____ use during _____.

_____ are _____ energy- efficient _____ for sweat-free _____ wallet-friendly _____ living?

_____ tell us about _____ top-rated energy-saving _____ designed _____ decrease _____ during _____.

_____ are _____ top ACs _____ energy _____?

Is there a good, _____ heat?

Which AC _____ are more _____ less _____ hot weather?

_____ most efficient _____ conditioners _____?

_____ any top _____ air _____?

_____ top energy efficient _____ summer?

_____ AC _____ have _____ consumption and high efficiency _____ hot _____?

Is _____ an _____ cooling solution _____ use in _____ summer?

The best _____ to reduce elec usage _____.

Which _____ reduce energy use in _____?

List _____ most efficient _____ in _____.

Do _____ know a _____ air conditioning _____ in the _____?

_____ about highly-energy _____ ACs _____ required.

Which _____ the _____ efficient _____ conditioners?

_____ the best _____ air conditioners?

Can _____ power-sipping AC unit _____ would _____ me _____ break from my _____ bill _____ months?

I'm _____ the most efficient _____ on _____ that _____ lower power consumption during _____ months.

Looking _____ on _____ air conditioners that _____ electricity _____.

_____ there _____ eco-conscious cooling _____ electrical consumption in _____?

_____ AC models _____ less power during _____ summer.

Do _____ have _____ suggestions _____ efficient _____ will save electricity _____ it's _____?

_____ energy-efficient _____ for summer?

Which _____ air _____ can _____ rooms cool _____ using _____ electricity?

_____ are _____ A/C _____ summer living?

There are _____ the market.

Do you know _____ air conditioning _____ use in _____?

_____ energy _____ devices help reduce electricity use _____ summer _____?

To save electricity _____ days, _____ about _____ efficient _____.

Which AC _____ less _____ summer?

_____ models that consume _____ electric _____ the summer.

_____ expensive _____ give me a _____ up _____ air conditioning.
