

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Pre-sales inquiries and product recommendations
Inquiry Sub-Category	Software and User Interface
Description	Customers ask about smartphone operating systems, user interfaces, pre-installed applications, and software updates to ensure a smooth and user-friendly experience.
Data Size	7,654 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ using multiple apps _____ impact overall _____ or _____ over _____?

_____ could be _____ that _____ app usage slows _____.

_____ there going to _____ if I use too _____ apps _____?

Can _____ many _____ slow _____ your _____?

_____ multiple _____ slow down _____?

Will using _____ many _____ hamper _____.

_____ use of _____ apps _____ lag?

Can several _____ _____ lagging _____ later?

Is _____ possible _____ simultaneous app _____ results _____ slower _____?

Does _____ applications at the _____ in sluggishness _____ time?

Does running _____ applications _____ same time affect _____ speed?

Does _____ affect _____ or _____ lagging issues?

Does using _____ than one _____ affect _____?

_____ many _____ affect performance _____ problems?

I am _____ if running multiple _____ at _____ slows _____.

Does running too many _____ the _____ lag?

Do _____ app _____ result in _____?

_____ of multiple apps cause long-term _____ or notable _____?

_____ concerns _____ slowing down _____ using multiple _____ together?

_____ may be a _____ simultaneous _____ usage.

Do _____ use _____ app affect _____?

Is there a chance _____ usage _____ phone?

Is it possible _____ multiple _____ in _____ decreased performance?

_____ likely _____ using several apps _____ same time will affect _____.

Will the _____ affected _____ I run several _____ a _____?

_____ using _____ than one _____ down _____?

_____ opening _____ application compromise speed _____ cause lags _____?

Could _____ result _____ slower performance?

Will employing ____ lot ____ applications affect ____ ____ ____
 ____ it possible ____ opening ____ applications ____ compromise ____ ____ ____ lags eventually?
 Does ____ utilization of multiple ____ cause ____ ____ ____?
 ____ ____ worry about ____ loss ____ efficiency ____ ____ ____ by operating several mobile ____ concurrently?
 Is ____ app usage ____ ____ ____?
 Will the ____ of ____ apps ____ ____?
 ____ multitasking ____ ____ affect ____ results?
 Do ____ app ____ ____ problems ____ on?
 ____ there ____ ____ be slow ____ if ____ use too ____ apps ____ the ____ time?
 Will ____ ____ affect performance ____ ____ ____ way?
 Can the utilization ____ ____ apps ____ ____ cause ____ performance ____?
 Multiplying various apps ____ ____ ____.
 ____ ____ ____ lot of ____ ____ my device?
 Does ____ multiple apps ____ ____ ____ time?
 ____ ____ app ____ lead to ____ issues later ____?
 ____ ____ possible ____ using ____ apps could impact ____ performance?
 Does the ____ apps lead ____ ____ ____?
 Do you ____ ____ about ____ ____ speed of using ____ applications ____?
 ____ running ____ applications ____ result in ____ ____ time?
 Can the use ____ ____ ____ cause ____ ____.
 ____ using ____ apps ____ performance?
 Is ____ ____ that using multiple ____ ____ ____ same time may ____ their ____.
 Can ____ with many ____ ____ ____ the road?
 multitasking ____ many ____ ____ ____ overall ____ slowly?
 Do ____ ____ of ____ ____ your performance ____ on?
 ____ the use of multiple apps ____ ____ decline in ____ ____ ____ run?
 ____ ____ many ____ ____ ____ reduction in performance?
 Is ____ ____ ____ using multiple apps ____ ____ same ____ ____ cause ____ to degrade?
 ____ ____ ____ than one app cause lagging ____ the ____ ____?
 ____ ____ ____ activations lead to lagging ____?
 Should I ____ ____ about the loss of ____ ____ ____ ____ by ____ several mobile applications concurrently ____ extended periods
 ____ ____?
 ____ ____ lots of applications ____ ____ ____ eventually.
 ____ do you affect ____ with ____ ____ ____ once?
 ____ the utilization ____ multiple ____ ____ to cause ____ ____ decline?
 ____ using a ____ ____ apps ____ the ____?
 ____ lots ____ ____ in sluggishness ____ time?
 Do ____ ____ ____ to ____ issues?
 ____ ____ can ____ ____ the performance.
 ____ it ____ that simultaneous app ____ ____ ____ the phone?
 ____ it ____ that ____ ____ ____ could cause ____ decrease in performance?
 ____ ____ ____ going ____ affect overall speed?
 Could using ____ ____ ____ impact the ____?
 Does running ____ ____ ____ applications ____ sluggishness ____ time?
 ____ concurrent ____ ____ ____ effect on performance?
 ____ use cause ____ ____ time?
 ____ there ____ ____ of lower ____ when using ____ ____ together?
 Does running multiple ____ ____ the ____ time ____ this ____ ____?
 Is ____ possible ____ ____ several apps at the ____ ____ ____ affect ____.
 ____ ____ ____ the app performance?
 ____ running ____ of applications ____ performance ____ ____?

_____ app _____ affecting performance?

_____ running _____ you sluggish over _____?

Should _____ be worried _____ of efficiency or _____ responses _____ operating _____ mobile _____ concurrently?

Does multi-app usage lead _____.

Should I worry about _____ of efficiency or _____ responses caused _____ mobile _____ periods?

_____ there _____ to be _____ I use too _____ applications _____ the _____ time?

_____ having more than _____ app _____ functioning and performance _____ time?

Is _____ possible _____ simultaneously could cause _____ eventually?

_____ too many apps _____?

_____ applications _____ together _____ performance later _____?

_____ a _____ possible when _____ multiple _____?

Do _____ in _____ over time?

_____ going to _____ too many apps at _____ same time?

_____ I _____ several _____ will it affect _____ performance?

_____ many applications _____ result _____ slowness over _____.

Will _____ apps impact _____?

There _____ a negative _____ you _____ apps at once.

_____ simultaneous app _____ make the _____?

_____ the _____ lag my device _____?

_____ apps produce lagging _____?

Overall _____ may be _____ by _____ app _____.

_____ running many applications combine _____ device's _____?

_____ a _____ apps lag my device _____?

Is use _____ affecting _____?

Do _____ loss _____ efficiency _____ slower responses caused _____ several mobile applications concurrently during _____?

_____ I be concerned _____ loss of efficiency _____ responses caused _____ operating several _____ extended periods?

_____ using _____ apps hurting _____?

Will _____ bunch _____ impact speed?

Is _____ possible _____ multitasking _____ performance?

_____ lag affected _____ running all _____ apps _____ time?

Is _____ app _____ a _____ performance?

Is multitasking with _____?

_____ time, _____ many _____ cause sluggishness?

_____ using _____ apps _____ performance?

Is there _____ be slow _____ lags if I _____ at once?

Will _____ apps _____ later?

_____ I run several _____ at _____ time, will the _____?

_____ simultaneous apps causes _____?

Do _____ more _____ app _____ performance?

_____ affect the function _____ gradually?

_____ it _____ to use _____ apps _____ once and have _____?

Is _____ these _____ going _____ affect lag later?

There may be _____ chance _____ simultaneous _____ down the _____.

_____ using multiple _____ will _____ performance?

Do simultaneous _____ over _____?

_____ run concurrently _____ performance _____ on?

Does _____ apps negatively _____?

simultaneous _____ can result in _____

_____ that _____ several apps could _____ a negative _____ on the _____?

Is it possible ____ using multiple apps ____ performance?

It is possible that ____ in slower ____.

____ to ____ issues over time?

____ of multiple ____ of ____ performance decline or lags?

Is ____ app ____ detrimental ____?

Is ____ possible ____ using ____ simultaneously will ____ performance.

____ that running ____ simultaneously causes sluggishness?

Is mixing ____ of ____ me later?

Does activation of ____ than ____ app ____ slow ____?

Will ____ lots ____ performance levels eventually.

____ a lot ____ applications ____ later on?

Does using ____ large ____ performance?

____ it ____ for the utilization ____ apps to ____ decline ____ performance?

____ employing many applications ____.

____ multi-app usage leave ____ time?

____ more than ____ app impact ____?

____ applications cause ____ over ____?

Does using ____ apps ____ performance ____?

lagging ____ be caused by ____ at once.

____ use result in lagging ____?

____ possible ____ multitasking with lots of ____ would ____ the ____ slowly?

Does ____ a ____ of ____ affect ____ device's ____ or ____ lags?

____ more than ____ application affect ____?

____ multiple apps ____ to performance ____?

____ likely that using many apps ____ affect performance.

Is ____ possible that using ____ will ____ issues?

Do ____ to ____ issues over ____?

____ an app's performance?

____ running ____ number ____ applications ____ later on?

Will ____ applications ____ speed?

Do ____ app ____ effects ____?

____ of multiple apps ____ lag ____.

____ running ____ apps ____ this thing ____?

____ possibility of ____ impact from running ____ apps ____ once.

Are ____ several apps ____ to ____?

Will ____ lot ____ diminish performance?

Is ____ of loss ____ responses caused ____ operating ____ mobile applications concurrently?

Do ____ multiple ____ downs?

Does the ____ multiple ____ cause ____ performance decline ____ noticeable ____?

____ that using different apps will degrade ____.

____ it ____ several ____ affect the ____ phone performance negatively?

____ the ____ of ____ long-term performance declines?

____ running ____ apps at ____ make ____ phone slower?

Can ____ utilization of multiple apps cause ____ or ____?

____ multiple applications concurrently ____ on?

____ with ____ apps ____ cause lagging?

____ can simultaneous ____ to ____ issues?

Do ____ slow down?

____ using ____ apps ____ or cause lagging ____?

____ possibility of reduced ____ when ____ more than one ____.

Is running many applications _____ the _____ performance _____?

_____ applications running _____ the _____ time _____ in slowness?

_____ more than one _____ and cause lags?

_____ using more than _____ app _____?

_____ there _____ concern about reduced _____ when _____ applications _____?

Over time, do _____ lagging _____?

Does _____ together affect the device's speed _____?

_____ it likely that _____ apps _____ their performance over _____.

Is _____ app performance impacted _____?

_____ multiple _____ may have a negative _____.

When _____ multiple apps _____ there _____ decreased performance?

Does _____ many _____ hurt _____.

Can the _____ different _____ lag?

_____ using _____ hurt your performance?

_____ many _____ slow down _____ time?

Can working with _____ one _____?

Is _____ multiple _____ down?

Will _____ performance get _____ if _____ run _____ applications _____?

Long-term lag issues _____ be _____ use _____ apps.

_____ to be slowdowns _____ I _____ too many _____ at _____?

Does _____ at once cause it _____ sluggish?

Will using _____ performance?

Do _____ lots of applications result _____?

_____ many applications _____ the _____ speed _____ lag?

Will _____ lead to _____?

_____ app performance?

Has _____ app performance?

Do you _____ using _____ at _____ affect performance?

Running _____ apps _____ may _____ a _____ impact.

_____ any _____ speed from using _____ applications together?

_____ more than one _____ slow down performance?

Is using more _____ one _____ at _____ slowing _____ down?

Do _____ with _____ affect _____?

_____ apps _____ lagging issues _____?

_____ with _____ apps cause _____?

Do you think there is _____ chance _____ usage _____?

There's _____ that simultaneous _____ down.

_____ apps causing lagging _____ over _____?

_____ use _____ than one app lead _____?

_____ possible _____ using _____ than _____ app _____ decrease performance?

_____ lots of apps hurt _____?

Can multiple _____ cause _____?

_____ it possible that _____ simultaneously compromise _____?

_____ applications slow down?

Can simultaneous _____ slow _____ performance?

Is it possible _____ using multiple _____ their _____?

_____ does multitasking have _____ app _____?

_____ of multiple apps lead to _____ declines _____?

Is running _____ at _____ same time _____ lag later _____?

Is it _____ problem _____ apps _____ the same _____?

____ it ____ that using lots ____ will ____ performance?
 Should I ____ about the loss ____ operating several ____ applications concurrently during extended ____?
 Do ____ think using ____ apps ____ once ____ down ____?
 Will running many ____ the same ____?
 ____ lots of apps ____?
 Does ____ many ____ hurt ____?
 Is ____ performance ____ app usage?
 Will ____ lots of ____ performance?
 Is ____ possibility that ____ slows down ____ phone.
 Does running ____ performance in the ____?
 Can using ____ than ____ app ____ affect ____ performance?
 Can working with lots of ____ lagging ____ long ____?
 ____ there ____ negative ____ from ____ multiple apps at ____ same ____?
 ____ simultaneous apps cause ____?
 Is ____ lag ____ slowdowns ____ use a ____ of apps at ____ same time?
 ____ with ____ affected ____ results?
 Do ____ application usage ____?
 Does ____ usage ____ to ____?
 ____ use ____ multiple apps ____ the ____?
 ____ the ____ by ____ running together?
 ____ it possible that multiple apps at once ____?
 Is ____ if I ____ many ____ together?
 ____ to ____ lags ____ if I use too ____ apps.
 ____ have ____ about ____ in speed ____ using multiple ____ together?
 ____ using a ____ make the ____ worse?
 Can ____ apps cause ____?
 ____ it ____ for ____ when using multiple apps?
 ____ using multiple applications ____ eventually?
 ____ it possible ____ multiple apps cause slow ____ time?
 Does ____ apps ____ lagging?
 Is simultaneous ____ performance?
 Is ____ possible ____ applications simultaneously ____ compromise ____ cause lags?
 Will ____ usage ____ to ____ over ____?
 ____ it possible that using ____ affect ____?
 Will ____ several ____ affect ____?
 Is working ____ more ____ lagging ____ the long run?
 Can using ____ than ____ affect performance?
 ____ your ____ slow ____ when you ____ together?
 ____ simultaneous app ____ affect the ____?
 Does ____ of apps affect ____?
 Is juggling ____ efficiency/speed?
 Could ____ multiple apps ____?
 Is ____ simultaneous apps ____ to ____ issues?
 ____ usage ____ with lagging over ____?
 ____ it ____ using multiple apps ____ will degrade performance?
 ____ running multiple apps at ____ making ____ thing ____?
 ____ lead ____ lagging issues?
 ____ affected by ____ multiple ____ at once.
 ____ many app ____ performance?
 ____ the ____ down when ____ together?

Can multiple _____ issues?

There may be _____ impact _____ running _____ apps _____.

_____ more than _____ app cause _____?

_____ numerous applications together _____ the device's _____ cause _____ lags?

Does _____ multiple apps _____ time?

Is running lots of _____?

Did _____ multiple _____ compromise speed _____?

_____ multiple apps cause _____ over _____?

_____ with many _____ cause _____ lagging?

Is _____ related to _____ over _____?

_____ concern _____ decreased speed from _____ applications together?

Will running _____ applications _____ the speed of _____?

_____ opening _____ applications compromise _____ cause _____ eventually?

_____ that multitasking with _____ apps would _____ the _____ function?

_____ use many _____ hinder performance _____

Did _____ use _____ to _____?

_____ using multiple apps _____?

_____ using many apps _____ or _____ performance?

Does running _____ make the _____?

_____ it possible _____ using many _____ at the _____ time _____.

Can running many apps _____ down _____?

_____ apps might lead _____ issues _____ time.

_____ I _____ several _____ together will _____ performance be _____?

Is _____ that _____ apps concurrently could _____ performance?

_____ lots of applications _____.

Is running _____ apps _____ later _____?

Will _____ affect lag later _____?

_____ it _____ that using several _____ lead to _____?

Is it possible that _____ multiple applications _____ cause _____?

Is it _____ you _____ apps at the same _____?

Can _____ apps _____ results?

Is a possibility of _____ performance _____ apps _____?

Is it possible _____ apps at the _____ over time.

_____ using many _____ performance?

_____ many _____ affect performance levels.

Is it likely that _____ degrade their _____ time.

Over _____ does _____ apps _____ issues?

Does _____ than _____ app _____ performance or _____ problems?

_____ running _____ make _____ slow?

Is _____ all _____ at _____ affecting _____ later _____?

Will using multiple _____?

_____ use _____ applications together _____ eventually.

Do _____ think simultaneous _____ affects _____?

_____ multiple apps related _____ lagging issues _____?

_____ multiple apps cause _____?

Will _____ many apps _____?

_____ running a _____ of apps _____ speed?

Does _____ use _____ apps _____ lag?

_____ running _____ applications _____ you _____ time?

Is _____ multitasking with _____ will impact the _____ function _____?

____ running several applications ____ ____ ?
 Does running ____ of applications ____ ____ ?
 Can the use ____ ____ one app ____ ____ performance?
 Will several apps ____ ____ ?
 Is ____ many ____ hurts ____ ?
 Does using ____ apps ____ ____ ?
 Can the ____ of multiple apps ____ ____ time cause ____ performance ____ ____ ?
 There ____ be a ____ impact on ____ ____ at ____ same ____ .
 Do ____ more than ____ ____ cause ____ ?
 ____ a bunch of ____ ____ performance?
 Do ____ ____ of ____ activations lead to ____ ____ ?
 Will ____ lag ____ ____ later on when I ____ ____ of ____ ?
 ____ multiple ____ ____ the same time ____ in sluggishness?
 Does running ____ ____ affect the ____ ____ ?
 ____ ____ that ____ ____ apps at ____ same time will ____ performance.
 ____ using ____ ____ one app ____ ____ affect performance?
 Does ____ some applications ____ ____ same ____ ____ performance ____ on?
 Is it ____ that ____ ____ many apps would ____ ____ ?
 ____ does ____ ____ usage affect ____ performance?
 Will using ____ ____ one ____ affect ____ or ____ lagging ____ ?
 ____ ____ later on if ____ mix lots of ____ ?
 Does running a lot ____ ____ ____ slow?
 Is ____ possible that ____ ____ apps simultaneously ____ ____ ____ over time?
 ____ ____ my ____ when I mix ____ apps?
 Will ____ ____ affected if ____ ____ a ____ of apps?
 Does using ____ apps ____ ____ ?
 ____ it likely that ____ more than ____ ____ ____ degrade performance ____ ____ .
 ____ apps ____ over time?
 Do ____ ____ when use ____ ?
 ____ employing ____ ____ of applications ____ performance.
 ____ using ____ apps hurting ____ .
 Slow performance ____ ____ by simultaneous ____ ____ .
 ____ running all of ____ apps ____ ____ ?
 Is ____ too ____ ____ going ____ ____ performance?
 Is ____ ____ that the ____ of multiple ____ ____ ____ down?
 Will employing many applications ____ ____ ____
 ____ opening ____ than one application ____ ____ ____ cause lags ____ ?
 ____ any correlation between ____ apps ____ ____ issues over ____ ?
 ____ the ____ of multiple ____ impact ____ ____ time?
 Is ____ ____ that using several ____ ____ ____ same time ____ ____ performance slowly?
 ____ ____ performance suffer ____ I run ____ ____ apps together?
 Do ____ ____ ____ have lagging ____ ____ on?
 ____ ____ too many ____ at once affect the ____ ____ ?
 Do ____ app ____ impact ____ ?
 ____ ____ ____ many applications affect ____ levels eventually.
 ____ various ____ could ____ ____ efficiency.
 ____ ____ ____ issues over time?
 ____ ____ with many ____ cause ____ ?
 I ____ ____ ____ if running ____ apps ____ once slows ____ my ____ .
 ____ ____ be ____ about ____ potential loss of ____ or slower response ____ ____ ____ ____ mobile applications concurrently?

Does running _____ slow it _____?

Is it a _____ using multiple _____ together?

Is _____ that all _____ apps _____ lag _____ on?

Can _____ with _____ one app _____?

Are there going _____ be _____ and lags if _____ many _____ the _____?

_____ opening _____ than one application _____ speed _____ cause _____?

_____ running _____ than _____ app at _____ time making this _____?

_____ use of multiple _____ lead _____ performance _____?

_____ lots _____ applications will affect _____ levels _____.

multitasking _____ lot _____ would _____ the overall function _____.

_____ do simultaneous _____ cause lagging _____?

_____ too _____ or performance issues?

_____ running _____ at _____ time sluggish?

Does _____ reduce performance?

_____ of applications affect _____ in the _____?

I wonder if using multiple _____ slow _____.

Will the _____ of _____ the _____?

_____ I be _____ about possible _____ efficiency _____ slower responses _____ multiple mobile _____ concurrently?

_____ running _____ apps affect _____?

Will the _____ apps _____ long-term performance decline or _____?

_____ it _____ later _____ mix more apps?

How _____ usage _____ overall performance?

_____ running a _____ of _____ performance _____ on?

Is _____ a negative _____ multiple _____ at once?

_____ with many apps _____ lagging?

_____ use _____ many _____ diminish _____ performance?

_____ possible that using multiple _____ simultaneously will _____.

_____ juggling _____ apps bad for _____ efficiency _____?

Can _____ of _____ the performance?

Is _____ multitasking with _____ apps would impact _____ functions _____?

_____ using _____ many _____ affect _____?

Do _____ to lagging?

Will _____ a _____ apps _____ the _____?

Does _____ apps _____ lagging _____?

Can _____ multiple _____ long-term performance decline _____ lag?

Does the _____ multiple applications _____?

_____ working _____ lot _____ apps _____ lagging?

_____ multiple _____ cause lag _____.

_____ all _____ apps affect _____ lag _____ on?

_____ to _____ lag and slowdowns _____ use _____ many apps at _____?

_____ multiple applications _____ the thing _____?

_____ apps _____ at _____ affect speeds?

_____ a _____ of efficiency or slower responses caused by _____ several _____?

Will _____ be affected if _____ applications together?

Will it lag _____ when _____ of apps?

_____ app _____ result _____ slower performance?

Should _____ be concerned _____ loss of _____ or _____ responses _____ by _____ applications simultaneously?

Will _____ of several _____ performance?

Does _____ more _____ application affect the device's speed _____?

_____ tell if _____ to lagging issues.

Running multiple _____ at _____ might _____ effect.

_____ you _____ apps at _____ will affect lag?

Is _____ slowing _____ device?

Is _____ of diminished performance _____ multiple apps?

Is _____ more than _____ app _____?

_____ be worried _____ loss _____ efficiency _____ slower responses caused _____ operating several _____ applications concurrently _____ extended _____?

Does _____ over time?

Is _____ possible that activation _____ can cause _____ over _____?

_____ I be concerned about _____ efficiency or slower _____ caused by _____ at _____ same time?

Do running so _____ applications _____?

_____ usage might result _____ performance.

_____ using _____ than _____ lead _____ lagging?

_____ multiple apps cause _____ over _____?

_____ it possible that _____ apps _____ same _____ will affect performance _____?

_____ one app affect performance or cause _____?

_____ utilization _____ multiple _____ lead to _____ decline _____ over time?

Is there _____ correlation _____ multi-app _____ and _____ time?

_____ multiple apps _____ for _____?

_____ many applications interfere _____ performance _____.

Does running _____ together _____ device?

Do _____ app _____ to lagging _____?

Is _____ multiple apps going _____ slow it _____?

Will _____ apps _____ your _____?

Will _____ a lot of _____ eventually.

_____ running _____ of _____ affect performance later _____?

_____ performance impacted _____ multitasking?

_____ usage _____ from performance?

_____ running multiple _____ a _____ slow down the _____?

_____ applications simultaneously _____ compromise speed and cause _____.

_____ simultaneous apps cause _____?

_____ app activations might _____ to _____ later _____.

_____ multi-app _____ mean _____ time?

Can the _____ of _____ to long-term _____ decline _____ lags over _____?

_____ cause lagging issues _____ time?

_____ multiple apps _____ same time slow _____ thing _____?

Is it _____ applications simultaneously and _____ lags?

_____ chance that _____ apps will affect their _____?

Do running _____ lot _____ applications _____?

_____ be caused by running all _____ apps _____?

Is _____ one app will decrease performance?

How _____ several _____ affect _____?

_____ of several apps cause _____?

_____ many apps _____ slow the thing down?

There is _____ possibility _____ reduced _____ multiple apps.

Does _____ apps _____ it sluggish or not?

Are _____ concerns about slower _____ multiple applications _____?

Can _____ apps _____ to _____ decline in _____?

_____ more than _____ performance _____ cause lagging issues over time?

Does using _____ many _____ affect _____?

_____ different _____ cause lagging?

_____ multiple applications degrade the efficiency _____?

Is _____ over time?

_____ it _____ multiple applications _____ could cause lags?

_____ a _____ effect _____ run _____ apps at once?

Does multitasking _____ affect the _____?

_____ apps _____ on _____ issues?

_____ apps affect performance?

Is _____ multiple _____ performance?

Is there _____ to _____ slowness _____ too many apps _____?

Will _____ apps cause _____?

_____ with several apps _____?

Are _____ apps going to _____?

_____ you have _____ the decreased speed of _____ multiple _____?

_____ for _____ use _____ apps to lead to _____ performance decline?

Can _____ apps _____ affect lagging?

_____ using more _____ one application _____?

Is it _____ that _____ apps _____?

Is it _____ apps _____ and _____ a decline in performance?

Is using _____ eventually _____ down?

Multiple _____ the _____ functioning and result _____ performance over time.

Does using _____ apps _____ time?

Can the utilization _____ multiple apps at _____ a _____ in _____?

_____ use _____ multiple apps _____ long-term _____?

Do _____ slow _____ using _____ together?

Can _____ several _____ once _____ performance?

Does _____ more than one _____ time make the _____?

_____ using a _____ performance levels eventually.

_____ it _____ that using different _____ the _____ time will _____ performance?

_____ it _____ my _____ later on if _____ mix lots _____?

Will _____ apps affect _____?

_____ many apps at the _____ make _____ phone _____?

_____ using _____ affect performance

_____ performance to _____ so _____ apps?

_____ more than _____ app affect _____?

_____ having _____ affect performance?

Does _____ to slower performance?

Will apps _____ at _____ affect _____?

_____ multi-app _____ translate to _____?

There is a _____ app _____ down.

Do _____ app usage _____?

_____ the performance _____ if I _____ several apps _____?

Is it _____ using multiple _____ the same _____ will _____ performance _____?

_____ it _____ using multiple apps _____ time will _____ their performance?

Is _____ affected if _____ run _____?

Will _____ many _____ affect _____?

Slower _____ due to concurrent _____.

There _____ a _____ that simultaneous _____ usage slows down _____.

_____ with _____ many _____ cause lagging?

_____ the performance _____ I run many _____ once?

Does _____ applications _____ the _____ speed or long-term _____?

____ it possible that ____ multiple apps ____ same time ____ performance _____.
 ____ think running all ____ at the ____ time will ____ later on?
 ____ it ____ simultaneous app usage slows ____ the ____?
 Will ____ many applications _____.
 ____ bunch of apps make ____?
 Is ____ time making my phone ____?
 Will the ____ I ____ several apps ____?
 ____ simultaneous app ____ in slower ____?
 Is ____ multiple applications ____ to compromise speed ____?
 ____ possible that ____ apps ____ same time ____ degrade performance.
 simultaneous app ____ may _____.
 Will ____ performance levels eventually.
 ____ running many ____ at the ____ time ____ speed?
 Is it possible ____ using multiple apps ____ performance?
 ____ going to be ____ slowdowns if I ____ so ____ apps ____?
 ____ simultaneous ____ lagging ____ over time.
 ____ use of multiple ____ cause a ____ over time.
 Does ____ multiple ____ down the thing?
 ____ there ____ chance ____ slow ____ lags if I use ____ apps?
 Will running ____ performance later ____?
 Does ____ a ____ of applications ____?
 Does ____ apps lead to ____?
 Over ____ many applications ____ slowness?
 ____ run lots of apps ____ will the ____?
 ____ that ____ usage may slow down performance?
 Might opening more ____ one application ____ cause ____?
 Is it likely ____ apps ____ the same time ____ over ____.
 ____ there going ____ delays ____ lags ____ I use too many ____ at ____?
 ____ it possible ____ apps to affect ____ the same ____?
 ____ it possible ____ apps ____ hurts performance?
 Does ____ manyapps hurt ____?
 Is it possible ____ use slows ____ the ____?
 Do you think ____ with many ____ would ____?
 ____ simultaneous ____ cause lagging ____ in ____?
 ____ activations ____ cause lagging issues ____.
 ____ more ____ one app impact overall ____ or cause ____?
 Will ____ apps ____ problems?
 Is ____ a correlation ____ simultaneous apps ____ time.
 Is ____ more than ____ app at ____ time ____ this ____?
 Should I ____ about potential ____ efficiency or slower responses caused by ____ concurrently ____
 periods of ____?
 ____ using ____ one application ____ issues?
 Can ____ apps ____ the same ____ slow ____ performance?
 ____ running many applications ____ down ____ device?
 ____ using multiple apps affect ____ causes ____ issues ____?
 ____ applications at the same ____ result in sluggishness ____.
 ____ more ____ one ____ compromise speed and ____ eventually?
 ____ multi-app usage ____ in ____?
 Is ____ one application likely ____ compromise ____ and ____ lags?
 ____ many ____ my ____ speed ____ the long run
 ____ multiple apps ____ it ____?

Is _____ concern _____ decreased speed _____ multiple _____ together?

_____ running a bunch of _____ thing _____?

Will running _____ these apps at _____ later?

_____ using _____ apps causing _____?

_____ it possible that simultaneous _____ lagging _____ over _____?

Do simultaneous _____ lead to _____?

_____ multi app _____ to _____?

How _____ these _____ affect lag?

_____ apps _____ reduce _____ efficiency

Is there _____ to _____ and lags _____ too many apps _____?

Is _____ going to _____ delays if _____ use so _____ same _____?

_____ concurrent app _____ slower performance?

Can _____ apps affect lag _____?

_____ applications run at the _____ later?

Does concurrent _____ cause _____?

_____ may _____ a slower _____ due to _____ usage.

_____ lots _____ in slowness over time?

_____ use of multiple apps _____ over _____?

_____ it a problem to run _____ time?

_____ running all these _____ lag _____?

_____ running many _____ affect _____?

Are _____ to lagging?

Is the _____ by _____ together?

_____ simultaneous _____ lead _____ issues?

Can working with lots _____ lagging _____ run?

Will it lag _____ lots of _____?

Will _____ more _____ one _____ diminish _____?

_____ it possible _____ these apps _____ affect lag _____?

Does multi-app usage _____ lagging _____

_____ all these _____ later on?

_____ running more _____ one app _____ a _____?

_____ applications _____ affect performance later _____?

_____ running _____ slow you _____ over time?

_____ may be a _____ when using _____ apps together.

Can _____ of multiple apps result _____ performance?

_____ worry _____ of _____ slower _____ caused by operating _____ mobile _____ at the same time?

_____ simultaneous _____ cause _____ performance?

Wouldn't _____ many _____ cause _____?

_____ using _____ lot of apps _____?

Is _____ possible to _____ slow downs over _____?

Several app activations _____ affect _____.

_____ using more _____ app _____ problems over time?

If _____ use too _____ time, _____ there be delays?

How _____ multitasking _____ different _____ affect my phone's _____ and _____?

Is using multiple _____?

_____ multitasking with _____ apps affect _____?

_____ several _____ to lagging issues?

_____ apps going to _____ performance?

Do _____ apps _____ lagging _____?

Is running many _____ slow or not?

_____ there any _____ about _____ decreased speed from _____ multiple _____?
 There _____ a _____ impact on running multiple _____ the _____.
 Is _____ apps _____ once making _____?
 _____ the simultaneous apps _____ to _____?
 Performance can _____ using multiple apps _____.
 _____ use of _____ apps affect _____ over _____?
 Does running _____ performance later on?
 Do _____ using multiple _____ will _____ performance or _____?
 _____ it _____ that _____ apps _____ result in less _____?
 Is _____ if you _____ multiple _____ at once?
 Is _____ a problem that _____ slows _____?
 _____ there a negative effect _____ multiple _____ the same _____?
 _____ mixing _____ apps _____ to _____ my device later?
 Will _____ performance levels.
 Does _____ affect _____ issues?
 _____ the simultaneous _____ affect the _____?
 _____ possible that using _____ apps _____ affect _____ performance?
 Is _____ going to _____ slowdowns if I _____ so _____ concurrently?
 _____ running a lot _____ applications _____ in _____ time?
 Do multiple _____ performance _____ cause lagging issues _____?
 _____ juggling _____ apps _____ long-term _____?
 _____ result _____ lagging issues over _____?
 Are _____ issues _____ from using multiple applications _____?
 _____ the utilization of multiple _____ performance _____ lag?
 _____ multiple _____ it _____ eventually?
 Could _____ app _____ in _____ performance?
 Running multiple _____ at _____ have _____ negative _____.
 _____ multiple _____ lag problems?
 _____ running multiple _____ the same time making _____?
 _____ it possible that _____ concurrently _____ my _____ speed?
 _____ possible for multiple apps _____ to affect _____?
 _____ so _____ lead _____ performance issues?
 _____ running many applications at _____ affect the _____ cause lags?
 Will _____ app _____ result in _____?
 Is _____ so _____ apps _____ once going _____ it _____?
 _____ using multiple apps _____?
 _____ multiple _____ the same _____ make the _____ slow _____ not?
 There _____ a negative _____ from _____ multiple _____ the same _____.
 If I run many _____ together, _____ affect _____?
 Does _____ apps _____ the _____ way?
 _____ performance going _____ affected if I run many _____?
 _____ multiple applications at _____ it _____?
 Will _____ performance suffer _____ I _____ at _____ same time?
 Does _____ performance at _____?
 _____ several _____ slow down _____ device?
 Hey _____ will _____ these _____ affect lag _____?
 Will _____ number of _____ issues?
 Is it possible _____ results _____ slower _____?
 _____ affect the performance _____ an _____?
 _____ a lot of _____ hamper _____ levels _____.

Can _____ of multiple _____ cause _____?

_____ using _____ than one _____ performance or _____ trouble?

_____ running _____ lot _____ overall speed?

_____ _____ apps affect overall _____?

_____ a bunch _____ together, will _____ performance suffer?

_____ more than one app _____ once _____ performance?

Does _____ multiple _____ at _____ same time _____ later _____?

_____ the use of multiple apps at _____ to _____ in _____?

_____ _____ activations cause _____ issues?

_____ lots _____ affect performance down _____ road?

_____ use of _____ it down?

Is there going _____ be _____ I _____ many applications _____ the same _____?

_____ the mixture _____ device later on?

_____ use of _____ of apps _____?

Do you _____ about _____ speed _____ using _____ applications together?

Will _____ applications slow _____ device?

_____ running _____ the same time _____ my phone?

Is _____ that _____ multiple _____ could _____ lags?

_____ the utilization _____ apps _____ long-term _____?

_____ of apps _____ my device?

_____ many apps harm _____?

_____ to be _____ slowdowns if I _____ too _____ apps concurrently?

_____ several app _____ lagging _____?

_____ multiple applications _____ speed and _____?

There _____ a _____ apps will affect performance.

_____ it _____ using several _____ could _____ phone _____ negatively?

_____ that using _____ apps _____ will degrade _____ over time.

Is it _____ multiple _____ concurrently _____ speed?

_____ the use _____ multiple apps _____ to _____ performance over _____?

Does _____ affect outcome?

Did _____ to lagging over _____?

Long-term lag _____ can _____ caused _____ use _____ applications.

_____ it _____ that _____ apps cause _____ downs _____ time?

_____ apps cause lagging over _____?

_____ employing _____ applications together _____ eventually

Does _____ app _____ results?

Is there _____ use slows down your _____?

Can _____ of _____ affect _____ over time?

_____ running _____ affect the performance later _____?

_____ using _____ than one app _____ performance _____?

Will _____ many _____ performance _____ eventually.

Will _____ applications _____ levels eventually.

Should I be _____ about potential loss of efficiency _____ operating _____ applications _____?

Do _____ cause _____ issues?

_____ app _____ cause slower _____?

_____ opening more than _____ and causing lags _____?

_____ running _____ many _____ together affect _____ of the _____?

Did several _____ to _____ issues later _____?

Is there _____ to be _____ and _____ if I _____ too _____ same _____?

_____ multiple apps _____ issues over _____?

_____ juggling _____ affect long-term _____?

Does using _____ performance

Is _____ be lag and slowdown if _____ apps?

_____ multiple _____ detrimental to _____?

Does _____ applications at the _____ you down?

Is _____ many apps _____ diminish _____?

There is _____ of decreased performance _____ together.

Can working with so _____ long run?

_____ working _____ different _____ cause lagging?

_____ employing _____ applications _____ hinder _____ levels _____ evolve.

_____ multiple apps make _____?

Is _____ overall app _____?

_____ using _____ apps _____ affect _____?

Does _____ apps affect _____.

Will the _____ more _____ lead to performance _____?

Do apps _____ together?

_____ applications running at _____ same _____ the device?

Will _____ suffer if _____ many apps _____?

Is _____ apps _____ effecting performance?

_____ a lot _____ at the _____ make my phone _____?

_____ using lots _____ affect _____?

Performance can _____ affected by _____ same time.

Will _____ use _____ applications affect _____ efficiency _____?

_____ using more _____ one app _____ or causes issues _____?

Does _____ usage _____ performance?

Do _____ many apps _____ issues _____?

_____ multitasking _____ Performance?

Do I have to worry about _____ efficiency _____ responses _____ by _____ mobile _____ concurrently?

_____ be affected if _____ apps at once.

Is _____ that using _____ apps _____ will degrade performance _____?

I wonder _____ multiple _____ at once _____ performance.

_____ running many _____ going to _____?

_____ the _____ more _____ one app _____ a lag?

_____ lot of _____ apps hurt _____?

Should I _____ potential loss of _____ or _____ responses _____ operating _____ applications _____ the same time?

_____ using _____ decreases performance?

_____ many applications on _____ device _____ the _____ speed?

_____ slow down performance?

Can _____ other _____ lagging?

Can _____ use _____ apps _____ a _____ performance _____ or lag?

_____ using _____ applications affect performance at _____?

_____ multiple apps cause _____ time?

Is _____ going to lag my _____ later _____?

Is _____ that running several _____ time will impact _____?

_____ there a chance _____ concurrent _____ down the _____?

_____ many applications at once affect _____?

Is mixing _____ to lag my _____?

There is _____ of lower _____ when _____ multiple _____.

If _____ will the performance _____ affected?

Is there _____ to be delays _____ I _____ at once?

Is _____ possible _____ multiple apps cause _____?

_____ using _____ lot _____ apps at _____ slowing _____ down?

_____ app usage _____ performance?

Should I _____ about _____ loss of _____ or slower responses caused _____ applications concurrently _____ extended _____?

_____ affect _____ when _____ are _____ concurrently?

Is it _____ using many _____ at the _____ will _____ performance.

Will _____ apps _____ performance?

_____ apps _____ to _____ issues?

_____ going _____ slow _____ if _____ use too many apps _____ once?

_____ app _____ lag _____ later on?

Does _____ many _____ in performance?

Can the _____ multiple apps _____ long-term _____ in _____?

_____ running many _____ at the same time _____?

_____ several apps effect _____?

Is _____ likely that _____ multiple _____ affect _____ over _____.

Is working with multiple _____?

_____ use of multiple apps _____ in _____ performance _____ lags?

Should _____ of efficiency _____ responses caused by operating several _____ applications _____?

Do _____ running _____ the same _____ sluggishness?

Long _____ lag _____ can _____ by the use of _____.

_____ the mix _____ lag _____ device _____?

_____ using lots of _____ affect _____?

Is _____ app performance?

_____ that multi-app usage _____ lagging?

Do _____ apps _____ over time?

_____ is a chance _____ usage slows _____ down.
