

[Demo] NLP Dataset for Customer Service Automation

Company Type	Vehicle Rental Companies
Inquiry Category	Fuel policy and refueling charges
Inquiry Sub-Category	Alternative fuel options
Description	Customers may want to know if the rental company offers vehicles running on alternative fuels, such as hybrid or electric cars, along with information on charging stations or availability of such vehicles.
Data Size	5,140 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Vehicle Rental Company" customer inquiry. (Purchased data will not be masked.)

Should _____ different rates/charges _____ solely _____ type _____ vs pure-electric) selected?
 _____ it possible for _____ have _____ rates based _____ pure- electric choice?
 _____ rates _____ different _____ on _____ type _____ pure-electric _____ hybrid _____ that they have.
 Can _____ expect _____ pay different rates _____ hybrid _____?
 Do renters _____ anticipate _____ they _____ different type of engine?
 Do _____ to pay _____ choose a hybrid _____ completely electronic _____?
 Is it _____ idea to _____ varied _____ if I _____ models?
 _____ renters get different _____ for either a hybrid _____ electronic _____?
 _____ pay different rates just _____ or pure-electric car?
 _____ different costs for hybrid or pure _____.
 Should I _____ unique differences _____ renting out _____ hybrid or _____?
 _____ renters have the right _____ their choice _____ or all-electric powertrains?
 Will _____ be _____ different costs for _____ vehicles?
 _____ right _____ different costs for _____ and _____ vehicles when _____?
 Is _____ good idea for renters _____ based _____ their choice of _____ electric?
 Will _____ on their powertrain _____?
 Do _____ fees _____ renter chooses _____ hybrid or _____ electric vehicle?
 _____ have to _____ more to _____ or _____ cars?
 Should _____ charges if I rent _____ hybrid vs _____?
 _____ expect _____ rates when choosing _____ hybrid or pure-electric powertrain?
 Is _____ appropriate _____ renters to expect price _____ on _____ choice of a _____?
 Is it _____ for renters _____ think _____ different _____ or _____ type of _____?
 Is the rate _____ solely because _____ a direct EV _____?
 Rental rates _____ on the _____ of _____ or _____ electric engine they _____.
 _____ think _____ different rates because of pure-electric or _____ selection?
 Should _____ rates be influenced _____ the _____ of _____ or _____?
 Do _____ to pay _____ rates _____ choosing a _____ or _____ electric _____?
 _____ be _____ charges _____ hybrid or _____ electric car _____?

_____ think _____ have _____ more for _____ or pure-electric motor _____ renting something?
 Do _____ have to pay extra _____ hybrid _____ completely electronic _____?
 _____ to pay _____ or _____ when _____ a hybrid _____ pure electric car?
 Is _____ expect _____ costs _____ hybrid or pure-electric vehicles?
 Is rental rates affected _____ choice of _____?
 Rents _____ different _____ you choose a _____ electric or _____.
 Depending on whether a renter _____ hybrid _____ option _____ vehicle, the rental fees _____.
 Can _____ expect different _____ due _____ power _____ they _____?
 Is it possible _____ anticipate rate variations _____ hybrid _____ vehicles?
 _____ it a good _____ for renters _____ expect _____ discrepancies _____ they choose _____ electric powertrain?
 _____ need to _____ rates for _____ or hybrid _____?
 _____ a renter chooses _____ hybrid _____ for their vehicle, _____ the rental _____?
 _____ rates _____ be _____ depending on _____ of _____ or hybrid electric _____.
 _____ think _____ for pure-electric or hybrid type of vehicle?
 Is _____ of hybrid _____ pure electric likely _____ pricing?
 _____ of different _____ I rent _____ or pure-electric models?
 _____ renters _____ think of different rates and _____ on _____ or _____ electric _____?
 Do _____ different _____ for opting _____ hybrid _____ electronic vehicle?
 Is it _____ good idea _____ anticipate different rates _____ choose _____ or _____ powertrain?
 renters face _____ charges for opting _____ a _____ or _____
 _____ charges depending on their decision to _____ a _____ electronic _____?
 Will _____ charges _____ hybrid and _____ electric vehicle _____?
 Rents might _____ different _____ on the _____ electric _____ that they've.
 Do renters _____ different charges based on _____ type _____ engine?
 When renting hybrid and _____ it reasonable _____ different _____?
 _____ different _____ because they _____ a hybrid or pure-electric _____?
 Is it _____ for renters to _____ type of _____ vehicle?
 Is _____ possible _____ rate variations to be _____ and electric _____?
 Do _____ to pay different _____ on their decision _____ or _____ vehicle?
 _____ I expect different fees _____ rent a _____ vs _____?
 When selecting _____ hybrid _____ pure-electric _____ can renters _____ rates _____?
 Do renters _____ pay more to _____ hybrid _____?
 Can the _____ renting a _____ or _____ vehicle _____?
 _____ be different _____ type of pure _____ or _____ electric engine _____ they _____.
 Rent rates may _____ different depending _____ the _____ hybrid electric _____ they use.
 _____ it _____ good _____ renters _____ anticipate different rates for hybrid _____?
 _____ be different _____ on the _____ pure-electric _____ hybrid electric _____ have been
 If _____ a hybrid or _____ electric option _____ their car, are the rental _____?
 _____ renters _____ different _____ choose a _____ or pure-electric engine?
 _____ renters need _____ consider _____ or _____ based on _____ hybrid choices?
 Is _____ that renters can _____ different _____ due to _____?
 _____ renters to _____ different costs _____ on the _____ selected?
 Can _____ expect _____ differing _____ for _____ pure-electric powertrains?
 _____ renters have _____ rates _____ charges for their hybrid _____ pure-electric _____?
 Should I expect to _____ when _____ hybrid _____ pure-electric _____?
 Is _____ for renters to _____ to _____ power option selected?
 Is it _____ hybrid _____ electric model affects _____ charges?
 If a _____ chooses a _____ option _____ vehicle, _____ rental _____ can change.
 Do renters _____ anticipate separate _____ based on _____ of engine _____?
 Do _____ need to pay _____ rates when choosing _____ hybrid _____ option _____?

Is it ____ for ____ to ____ charges based ____ what ____ of ____ using?
 ____ have ____ think ____ and charges based on ____ or ____ type ____ vehicle?
 Do renters ____ to ____ of different ____ because of ____?
 ____ renters have ____ pay ____ rates ____ for ____ hybrid ____ pure- electric ____?
 Would it affect rental ____ a hybrid ____ car?
 Can ____ rates ____ the power choice?
 Do renters ____ to ____ different ____ just because ____ hybrid ____ powertrain?
 ____ renter ____ depend on ____ powertrain?
 Do renters ____ rates if ____ hybrid or ____ engine?
 ____ I ____ varied ____ power source when ____ hybrid or ____ car?
 Do ____ think of ____ based on pure-electric or ____ of car?
 Are ____ different ____ for ____ hybrid or ____?
 Is ____ a ____ for opting for ____ completely ____ for renters?
 Does ____ make ____ renters ____ discrepancies ____ based on their choice ____ or all-electric?
 Do renters ____ different rates or charges ____ vehicles?
 Do ____ need ____ of ____ rates based ____ pure-electric or hybrid ____?
 ____ there a ____ rental ____ because ____ vs electric?
 ____ it ____ renters to ____ of ____ rates and charges based ____ pure-electric ____ of vehicle?
 ____ it necessary ____ renters ____ rates ____ on ____ electric or hybrid ____ of engine?
 ____ expected ____ rates for ____ hybrid or pure-electric vehicle?
 ____ renters need ____ of ____ rates ____ choosing ____ or pure ____ vehicle?
 ____ renters have to ____ more ____ electric ____ hybrid ____?
 ____ it ____ to have ____ and charges ____ hybrid or pure-electric choice?
 When selecting a ____ powertrain, ____ different ____ and costs?
 Do ____ need ____ of ____ for pure electric and ____?
 ____ be ____ charges for renters ____ choose to use ____ pure-electric ____?
 Is it necessary for renters ____ anticipate ____ based ____ of ____ using?
 Can ____ costs when ____ hybrid or pure-electric ____?
 Is ____ appropriate ____ renters ____ rates ____ the type ____ hybrid ____ pure-electric vehicle they choose?
 Do ____ consider different ____ or ____ based ____ or hybrid choice?
 If ____ rent ____ vs ____ car, ____ I expect ____ on power source?
 ____ expect to ____ different rates ____ or pure-electric ____?
 ____ it ____ for renters ____ rates ____ on the ____ or ____ choice?
 Do ____ to ____ different ____ for pure-electric ____ hybrid ____?
 ____ need to pay ____ for hybrid or pure- ____?
 Rents might be ____ the type ____ they use
 ____ it ____ renters ____ expect ____ rates based ____ the ____ choice?
 ____ a good idea for ____ to anticipate ____ based ____ hybrid or ____?
 ____ there be differences in ____ when choosing ____ pure ____ car?
 Is it ____ to expect differing rates ____ on ____ of ____?
 ____ the ____ subject ____ only if the ____ chooses ____ hybrid or ____ vehicle?
 ____ prices ____ impacted differently ____ hybrid and ____ options.
 ____ there ____ for renting a ____ pure-electric car?
 Do renters need ____ based on ____ or ____ vehicles?
 The ____ or hybrid ____ engines ____ be different.
 Rents may vary ____ pure-electric ____ hybrid ____ engine used.
 ____ be ____ for ____ who use hybrid or pure- ____?
 Is it ____ to ____ based ____ the ____ or pure-electric option?
 Can ____ costs depending on ____ engine ____?
 ____ renters have ____ charges depending on ____ a hybrid or electronic ____?

_____ choice of _____ vs _____ cause differential pricing?

Renters can _____ to _____ different _____ for _____ hybrid _____ powertrain.

Do renters _____ to _____ different _____ or _____ a _____ or pure-electric _____?

Rents _____ be _____ depending _____ the _____ pure-electric _____ electric engine they _____.

Is _____ a _____ in _____ or pure-electric vehicle renters?

Do _____ rates differ _____ to _____ type of _____ vehicle?

Is it necessary _____ renters _____ different charges based _____ or _____ powertrain _____?

_____ renting a _____ or _____ vehicle have _____?

_____ differential pricing dependent upon _____ of hybrid _____?

_____ renters expect price discrepancies _____ choice of _____ all _____?

_____ it _____ for _____ expect different _____ based on _____ powertrain?

_____ rates might _____ different _____ or hybrid motor _____.

Should I _____ different _____ renting _____ electric car?

_____ anticipate _____ fees based _____ power _____ when _____ a hybrid or _____ car?

_____ vary _____ on the _____ pure-electric _____ hybrid motor you choose.

_____ renters be charged _____ for hybrid or _____ vehicles?

_____ can expect varied _____ for _____ pure-electric _____.

_____ might _____ on _____ type _____ or hybrid electric engine _____ they _____.

Will _____ be _____ their choice of engine?

Are _____ rental _____ subject to change if _____ purely _____ option for their vehicle?

_____ face differential pricing depending _____ their choice _____ hybrid _____?

_____ should expect _____ based on _____ of hybrid or _____.

_____ a variety _____ if I _____ hybrid vs pure-electric _____?

_____ it _____ renters _____ only based on their _____ of hybrid or _____?

Do _____ have _____ think _____ rates and _____ pure-electric _____ hybrid cars?

Do renters face _____ related _____ their _____ of _____ completely _____ vehicle?

_____ it _____ renters _____ expect price _____ based _____ their _____ of hybrid or _____?

_____ to _____ different rates based _____ pure- _____ or hybrid _____?

Is it possible _____ to _____ depending on _____ selected?

_____ have to pay different rates _____ on _____ or _____ of _____?

Do _____ different fees _____ or pure-electric car?

Do renters face different _____ for opting _____ or completely _____?

_____ possible for renters to _____ the _____ electric vehicle they choose?

_____ possible for renters _____ have _____ based on _____ pure-electric _____ hybrid _____?

Renters should _____ differences _____ on their _____ or _____ powertrain.

_____ be _____ charges for _____ pure-electric car renters?

_____ choosing _____ pure-electric powertrain, can renters _____ pay different _____?

Rent rates _____ be different _____ on _____ of _____ or hybrid _____ engine _____.

Is _____ possible for _____ to _____ different costs _____?

_____ it _____ for _____ different rates _____ hybrid or pure-electric selection?

Do _____ different _____ for _____ for either _____ hybrid _____ electronic vehicle?

_____ renters expect _____ different _____ for their _____ or pure-electric _____?

_____ renters _____ to pay different _____ on their _____ a hybrid or electronic _____?

Do _____ pay _____ rates just because _____ a _____ electric vehicle?

_____ possible for renters _____ rates based on the _____ pure-electric choice?

_____ I _____ different fees _____ on power _____ when _____ a _____ car?

Do _____ to pay different _____ if they choose _____ vehicle?

_____ it make _____ renters to expect price discrepancies based on their _____?

_____ it possible _____ renters to expect differing rates/charges _____ or _____ electric _____?

_____ opting for _____ hybrid _____ electric model _____ charges?

Renter ____ may ____ on ____ of pure-electric or ____ electric ____ they've.

Do renters have to ____ different rates ____ choosing ____ hybrid ____ vehicle?

Should I ____ when ____ hybrid and pure-electric ____?

Do ____ expect ____ leasers ____ extra for hybrid or ____?

____ it ____ expect ____ discrepancies only ____ on ____ choice of ____ or electric?

renters ____ expect ____ on powertrain

Is rental ____ depending on ____ a renter ____ a ____ purely ____ car?

Can ____ a different ____ or pure-electric vehicles?

____ it possible for ____ expect ____ based on ____ chosen ____?

____ renting ____ hybrid ____ electric car, ____ expect ____ on the power source?

____ for renters ____ expect ____ rates/charges for ____ or pure-electric?

____ different ____ for renting a hybrid ____ vehicle?

____ it ____ for ____ expect price ____ based ____ their ____ of hybrid ____ electric?

Will ____ be ____ for ____ and pure-electric vehicles?

____ renters ____ to ____ different ____ on their choice ____ or ____ vehicle?

Is ____ right to ____ for choosing ____ and ____ vehicles when ____?

____ renters have to pay ____ charges just for ____ or completely ____?

Is ____ possible ____ differing ____ based on ____ hybrid ____ pure-electric choice?

____ to ____ costs ____ hybrid and electric cars when you ____?

Is there a different ____ pure-electric car ____?

Rent ____ vary ____ the ____ pure-electric ____ hybrid electric engine ____ use.

____ renters ____ to ____ rates depending on ____ or hybrid ____ selection?

Do renters pay ____ just because ____ hybrid ____ electric vehicle?

____ change if a ____ a hybrid ____ electric vehicle?

Is there ____ difference ____ charges for hybrid ____?

Is ____ renters ____ expect differing rates/charges ____ on ____ hybrid ____ pure-electric ____?

Can renters expect ____ different rates ____ pure-electric ____?

Rent ____ be ____ if you ____ pure-electric or ____.

Renter rates ____ be ____ type of pure-electric or hybrid ____.

Do ____ need to ____ different ____ hybrid ____ pure-electric ____?

____ be different depending ____ the ____ of ____ or ____ electric ____ use.

____ can vary ____ a hybrid or ____.

____ for ____ to expect varied ____ on engine choice?

There ____ be different ____ pure-electric ____ for renters.

____ possible for renters to ____ differing rates ____ or ____?

____ renters expect ____ discrepancies ____ on their choice of ____ or ____?

____ price discrepancies based ____ their choice ____ hybrid ____ car.

____ expect different ____ when selecting a ____ pure-electric ____?

Do ____ of ____ charges based on ____ electric or hybrid choice?

____ differing charges ____ a ____ or completely electronic vehicle?

____ renters have ____ pay different ____ hybrid or ____ electric car?

____ the ____ fee ____ the ____ chooses ____ hybrid or ____ electric option ____ their vehicle?

Do renters pay ____ a hybrid or pure-electric ____?

Is it appropriate to ____ costs for ____ renting?

Do ____ pay ____ because ____ hybrid or pure-electric engine?

Should ____ expect price ____ based ____ their choice of ____ powertrain?

____ have to pay ____ charges because ____ their ____ of ____ or completely ____?

____ possible ____ can expect different rates ____ on the ____ or ____?

Depending ____ type of ____ or ____ electric ____ rental ____ might be ____.

When ____ hybrid ____ electric ____ should ____ expect ____ fees ____ on ____ power source?

Is it ____ good ____ for ____ rates ____ and pure-electric options?
 ____ need to pay ____ or charges ____ their ____ or pure-electric ____?

Is ____ a ____ of ____ hybrid ____ pure-electric ____ renters?

Are renters likely ____ see differential ____ their choice ____ pure-electric?

Do renters ____ to ____ different ____ when ____ hybrid ____ pure-electric ____?

Is it possible ____ renters ____ rates ____ on the ____ pure-electric ____?

Do renters ____ different ____ if they choose a ____ car?

Can renters ____ hybrid or pure-electric ____?

____ it ____ to ____ different ____ choosing a hybrid ____ pure-electric ____?

____ a good idea ____ renters to ____ different ____ based ____ pure-electric choice?

____ it possible ____ hybrid ____ electric cars have ____ structures?

____ need to ____ of different rates or ____ based ____ powertrain choice?

Are renters ____ to pay different rates due ____?

Rents might be different ____ on the ____ pure-electric ____.

____ on the ____ of ____ or ____ rental rates might ____ different.

Can ____ to ____ costs ____ hybrid ____ pure-electric cars?

____ renters need ____ think ____ different ____ hybrid or pure-electric ____?

____ different charges for opting ____ hybrid or ____?

Rents may ____ depending ____ the ____ electric ____ electric engine they have.

Does ____ choice ____ electric ____ model ____ rental charges?

Do ____ differing ____ due ____ their ____ of ____ or ____ electric?

Do ____ have ____ pay ____ electric or hybrid ____?

____ may be ____ type ____ pure ____ or hybrid electric engine ____.

____ it wise ____ renters to expect ____ discrepancies ____ their choice ____ hybrid ____?

Is there a ____ between a ____ and ____ electric ____?

Do renters ____ to anticipate ____ on ____ engine ____?

____ to find ____ pricing ____ of hybrid or pure electric.

____ pay different rates ____ choice ____ hybrid or ____ power source?

Is ____ renters to ____ different rates/charges ____ on ____ type of ____ they ____?

Do renters have ____ think ____ on pure-electric or ____ selection?

renters can ____ costs ____ pure-electric vehicles

____ to expect ____ rates when choosing ____ hybrid or ____?

Is ____ to ____ rate variations ____ to ____ between hybrid and ____?

Do renters ____ to ____ different ____ charges for ____ hybrid ____ pure-electric ____?

____ fees ____ to ____ the renter ____ a ____ pure electric vehicle?

Is ____ possible for rental ____ to ____ chooses a hybrid ____ purely ____ their vehicle?

____ renters expect ____ rates ____ when choosing a hybrid ____?

Do renters ____ think of ____ rates or ____ on ____ choice?

Should ____ different ____ on ____ renting ____ hybrid vs electric car?

Renters may ____ depending ____ their choice ____ hybrid or ____.

When renting hybrid or pure-electric ____ different ____?

Can ____ rate ____ to be ____ choosing ____ hybrid ____ electric vehicles?

____ rate ____ expected only ____ direct EV ____ hybrid EV?

Do ____ face ____ charges ____ opting ____ a hybrid ____ completely ____?

Is the rental ____ to ____ if the ____ hybrid ____ purely electric ____?

Do renters ____ to ____ charges ____ on whether they opt ____ or ____ electronic ____?

Is it ____ a different cost for ____ electric ____?

Is the ____ difference expected just because ____ direct ____?

Is ____ possible ____ a ____ electric ____ have different costs?

If ____ renter chooses ____ or pure electric ____ for ____ are ____ fees ____?

Rents _____ depending on the _____ pure-electric or _____ electric _____ been _____ rental rates _____ choice _____ electric _____ hybrid vehicles? _____ different for _____ and _____ motor types. _____ renters have _____ charges _____ on the _____ vehicle they _____? _____ renters need _____ and charges for _____ pure electric vehicles? _____ need _____ think _____ different charges based on _____ or _____ type of _____? _____ be charged different rates for hybrid _____? _____ expect _____ rates _____ selecting a hybrid or pure-electric _____? Do rental _____ based _____ the type _____ or _____ motor? Is _____ to _____ varied _____ if _____ vs pure-electric models? Is it _____ for renters _____ separate charges _____ which engine _____? _____ it possible for renters to expect different _____ or pure _____? Do renters pay _____ because of their _____ pure _____? _____ proper _____ renters to expect _____ discrepancies based _____ their _____ hybrid _____ electric? Should I _____ fees depending _____ the power source _____ renting a _____? _____ renters have _____ think _____ different _____ charges based _____ or hybrid _____? _____ expect different charges if _____ hybrid vs _____ models, _____? Will _____ differences _____ choosing between a hybrid and pure _____? Does _____ make _____ renters to _____ price discrepancies _____ their _____ hybrid or _____ powertrain? Do _____ need _____ different _____ and _____ on pure-electric or _____ technology? Do rental _____ depend _____ the _____ or hybrid _____? Can I _____ selecting _____ hybrid and electric vehicles? _____ renters expect _____ more _____ less for _____ or pure-electric _____? _____ possible for renters to _____ differing _____ or pure-electric _____? Is differential pricing _____ renters _____ of hybrid _____ variant? There _____ be different charges _____ car renters. _____ different depending _____ the _____ of pure-electric or _____ electric engine _____ have. _____ renters need _____ think of charges based _____ or _____ of _____? _____ need _____ pay different rates _____ they _____ a _____ or _____ vehicle? Do _____ need to pay different _____ charges _____ hybrid or _____ electric _____? Rent rates could be _____ depending on the _____ electric _____ they _____. Is _____ if the _____ a _____ purely electric option for their vehicle? Do renters _____ expect different _____ charges for _____ or _____? _____ there be _____ charges _____ people who _____ hybrid _____ cars? _____ it possible _____ expect different _____ based on the _____? Can _____ a different _____ due to _____ power _____? Can renters expect _____ different _____ on their _____ of _____ pure-electric? _____ it _____ for _____ to _____ different rates _____ on _____ type _____ powertrain _____? Is _____ necessary for renters _____ think of _____ rates _____ pure _____ or _____? Is _____ for _____ to expect different costs _____ powertrain _____? Do Renters _____ to _____ different _____ based on _____ hybrid _____ selection? _____ I _____ a variety of charges _____ hybrid _____ pure-electric _____? Do _____ need to _____ of _____ and _____ pure electric _____ hybrid _____ of vehicle? Rents might _____ type _____ electric or hybrid electric engine they _____. _____ it _____ renters to think of different _____ charges _____ on _____ type _____ vehicle? Do _____ to pay _____ rates for _____ or pure-electric _____? _____ rates might be _____ on the _____ of pure-electric _____ hybrid _____ they _____ different _____ just because they _____ a hybrid or _____ engine? Do renters _____ to pay _____ because they choose _____ engine? _____ it _____ for renters to expect _____ pure-electric or _____?

Do renters have _____ for _____ or pure-electric _____?

Will the _____ hybrid _____ vehicle _____ be different?

Is _____ on _____ choice _____ hybrid _____ pure electric?

_____ possible _____ to expect _____ rates _____ based _____ the _____ or pure-electric choice?

Depending on _____ renter chooses _____ hybrid or pure electric option _____ their _____.

Should I _____ rent a hybrid or pure-electric _____?

Is _____ possible that _____ pay _____ because _____ of hybrid or _____ engine?

_____ expect to _____ different _____ for _____ pure-electric Powertrains?

_____ different rates just _____ they use _____ pure-electric vehicle?

Rents can be _____ depending _____ pure-electric choice.

Rent _____ might _____ different for pure-electric _____ hybrid _____

Does the choice _____ electric vehicles affect _____?

_____ experience _____ pricing _____ on their choice _____ or pure _____.

_____ I _____ pure-electric, should I expect _____ charges?

_____ it _____ for renters _____ different charges based on _____ electric _____ choice?

_____ for different _____ if _____ rent _____ or pure-electric models?

_____ anticipate rate variations focused _____ and electric vehicles?

_____ there a _____ in _____ for hybrid _____ car _____?

Do I _____ different _____ based on _____ source _____ renting _____ or _____?

_____ a _____ or electric car, _____ different fees based _____ power _____?

Rents _____ be different _____ a _____ pure-electric _____.

_____ renters need to _____ rates based _____ pure-electric _____ powertrains?

_____ renters expect _____ different _____ for _____ hybrid or _____?

_____ choosing _____ hybrid or pure-electric powertrain, _____ rates?

Can renters _____ pay _____ rates _____ a _____ pure-electric vehicle?

_____ it possible _____ to _____ differing _____ based on the _____?

Do _____ need to _____ rates depending on _____ pure-electric _____ of _____?

_____ rates might _____ on the type of _____ or hybrid _____ engine _____ use.

Can _____ different rates based _____ the _____ option _____?

If _____ chooses a _____ for their vehicle, _____ rental fees subject to _____?

_____ fees subject _____ change if a _____ a _____ or _____ vehicle?

Is a hybrid _____ powertrain _____ renter fees?

Can _____ expect _____ pay different _____ for _____ hybrid _____ motor?

_____ a _____ chooses _____ or _____ electric _____ for _____ the _____ fee may change.

Is _____ necessary _____ of _____ rates for hybrid and pure-electric _____?

_____ the _____ difference expected _____ of _____ either direct EV or _____?

_____ rates might be different _____ on _____ type of _____ or _____ electric _____.

Is it _____ renters _____ expect _____ the hybrid _____ pure-electric option?

_____ anticipate varied fees _____ power source when _____ hybrid _____ electric car?

Do renters _____ to pay different rates _____ hybrid _____?

Can renters _____ a different _____ hybrid or _____?

Rent _____ be different depending _____ of _____ or hybrid electric engine _____.

_____ possible for _____ to expect _____ costs _____ selected engine?

Is _____ renters to _____ different rates/charges _____ or pure-electric _____?

_____ I _____ to _____ charges _____ vs pure-electric _____ when renting?

_____ be focused on _____ between _____ and electric _____?

Do renters _____ different _____ for _____ or hybrid type _____ powertrain?

Do _____ have _____ different rates _____ charges _____ hybrid or pure _____?

_____ renters expect different rates _____ pick _____ hybrid _____ powertrain?

Do renters need to think _____ different _____ on _____ electric _____?

_____ may _____ the _____ of _____ or hybrid electric engine they have.

Do _____ of different rates for _____ or _____ type _____ car?

_____ it possible _____ renters to _____ different _____ charges _____ on the _____ pure-electric _____?

Is it wise to _____ I _____ vs _____ models?

Does the choice of _____ or _____ model _____?

Do _____ face _____ pricing _____ on their _____ of _____ pure-electric _____?

_____ to _____ of different rates _____ based _____ the type _____ powertrain?

_____ I expect differing charges _____ hybrid vs _____?

Would _____ rental costs be _____ either _____ or _____ electric car?

When _____ a _____ pure-electric powertrain, can renters _____ costs?

_____ might be _____ rental _____ for _____ electric engines.

Is it _____ renters to _____ discrepancies based _____ choice of _____ electric?

Do _____ have to _____ rates or _____ for a hybrid _____?

_____ possible that _____ pay different _____ on _____ of hybrid or _____ electric?

Do _____ face different charges depending on _____ decision _____ or _____ vehicle?

_____ expect different _____ on _____ powertrain?

Is it _____ for _____ to expect price _____ on _____ hybrid or _____.

If I _____ hybrid _____ pure-electric _____ expect _____ costs?

Is it _____ for _____ think _____ different rates and _____ or _____ powertrain selection?

_____ to _____ different rates based on pure-electric _____ of vehicle

Is _____ renters to _____ different rates _____ and _____ vehicles?

Do _____ differing rates _____ they _____ hybrid or pure-electric _____?

_____ renters _____ to _____ rates _____ for hybrid and pure _____ vehicles?

Do _____ need _____ of different _____ for _____ or pure-electric cars?

_____ it _____ for renters _____ different _____ hybrid or pure-electric _____?

Can renters _____ to pay different _____ and _____ hybrid _____?

Do _____ get different charges _____ opting _____ hybrid _____ vehicle?

Rent might _____ the type of _____ or hybrid _____ engine that _____.

_____ on _____ type of pure _____ or _____ renter rates might be _____.

Do renters pay _____ for _____ either a hybrid _____ vehicle?

Do _____ to _____ of _____ rates for pure-electric _____ of vehicles?

Do rental _____ choice of _____ or hybrid _____?

_____ it possible _____ anticipate rate _____ focused on selecting between _____?

Can renters _____ costs _____ or _____ electric vehicles?

Is the _____ subject _____ change if a _____ hybrid _____ option for their vehicle?

_____ it _____ different costs _____ renting hybrid and electric _____?

Do renters _____ think _____ different rates based on _____ or _____?

_____ hybrid or _____ vehicle _____ incur _____ costs.

_____ it necessary for _____ of _____ rates for _____ hybrid cars?

_____ reckon I have to _____ more _____ a _____ when I _____ it?

Is it _____ rate _____ will be _____ to _____ renting _____ EV or _____?

Is the _____ hybrid _____ to have _____ effect on differential _____?

_____ can _____ different _____ the type _____ hybrid motor you choose.

_____ change based _____ a renter _____ a _____ purely electric _____ for their car?

Do renters need _____ think of different _____ on _____ choice?

_____ renters face different _____ depending on _____ decision _____ a hybrid _____ electronic _____?

_____ renters expect _____ different _____ a _____ or pure-electric car?

_____ renters _____ to _____ they choose a hybrid or pure-electric _____?

_____ the _____ renting _____ cars affected by powertrain _____?

Is it _____ renters to _____ costs _____ on _____ engine?

____ I anticipate rate variations that ____ hybrid and ____ ?
 Should ____ renting ____ or ____ be ____ on the power source?
 ____ it reasonable ____ differing costs for hybrid ____ when ____ ?
 Rental rates ____ be different ____ on ____ type ____ pure-electric or ____ they ____ .
 ____ of hybrid vs ____ mean ____ pricing?
 ____ pricing ____ on the choice of ____ vs ____ for ____ ?
 ____ rental fees subject to change ____ a hybrid or ____ ?
 Will ____ be ____ in charges ____ or ____ renters?
 Do renters ____ pay different rates for ____ or ____ ?
 Is the ____ to ____ depending ____ whether ____ chooses ____ or purely electric vehicle?
 Rents ____ be ____ hybrid or ____ electric ____ .
 ____ choice of hybrid vs ____ likely ____ result ____ pricing ____ renters?
 ____ to ____ of different ____ on pure-electric ____ type of powertrain
 ____ renters expect to pay ____ prices ____ or ____ ?
 ____ renters ____ on their decision ____ a hybrid or ____ electronic vehicle?
 Is ____ to have different rates ____ the ____ or ____ choice?
 Should ____ different ____ when ____ rent ____ vs pure-electric models, ____ ?
 ____ renters need to think ____ on pure-electric or ____ ?
 Is ____ reasonable ____ expect ____ costs when renting ____ or ____ ?
 Is it ____ to anticipate ____ renting ____ hybrid ____ car?
 Is it ____ expect varied ____ on power ____ a ____ vs electric ____ ?
 ____ renters ____ a different ____ hybrid or ____ vehicles?
 Is it possible ____ renters to ____ when ____ hybrid ____ pure-electric ____ ?
 Renting an ____ or ____ car ____ incur ____ .
 ____ renters expect ____ pay ____ rates ____ or ____ technology?
 ____ good idea for ____ anticipate ____ rates ____ hybrid ____ pure-electric vehicles?
 ____ it a good ____ for ____ anticipate different rates ____ hybrid ____ ?
 Do ____ charges ____ on pure-electric or ____ type of powertrain?
 Do renter's ____ charges for ____ for ____ or ____ electronic ____ ?
 There ____ different charges ____ hybrid or ____ renters.
 Is ____ to ____ if ____ renter chooses a ____ or pure ____ for their ____ ?
 ____ rental fees subject ____ if a ____ hybrid or ____ electric vehicle ____ their ____ ?
 Is it wise ____ renters ____ on type ____ hybrid or ____ choice?
 Do ____ have to ____ fees ____ hybrid or ____ vehicles?
 ____ reasonable ____ different costs ____ on which ____ and electric ____ you ____ ?
 Is it possible for renters ____ anticipate different ____ the ____ choose?
 Rent ____ may ____ if you choose ____ pure ____ or ____ .
 ____ need ____ different rates when ____ hybrid ____ pure-electric vehicle?
 Do ____ fees change ____ a renter ____ hybrid or ____ vehicle?
 Rent may be different ____ on ____ pure-electric ____ engine used.
 Do people ____ rent have to ____ more ____ hybrid ____ ?
 Should ____ of ____ charges for hybrid vs ____ when renting?
 If a ____ pure ____ their vehicle, does the rental ____ change?
 ____ renters have to think of ____ on ____ option?
 If ____ rent ____ hybrid vs ____ should ____ expect ____ charges?
 ____ renters ____ pay ____ for hybrid ____ pure-electric cars?
 Do renters ____ to pay ____ rates ____ charges ____ cars?
 ____ rental rates ____ by the choice of ____ or ____ ?
 ____ renters ____ consider ____ rates ____ depending ____ pure-electric ____ hybrid powertrain selection?
 I would like ____ I ____ expect varied fees ____ renting a ____ .

_____ to consider _____ rates and _____ on pure-electric or _____ type _____ powertrain?
 _____ rates _____ be _____ on _____ type of electric engine _____ use
 _____ it _____ the _____ if you _____ a hybrid or _____ car?
 _____ I expect _____ variations that focus _____ selecting _____ hybrid _____ fully _____ ?
 _____ it possible for renters _____ costs _____ hybrid or _____ electric _____ ?
 Do _____ different _____ depending on _____ decision _____ purchase a hybrid or _____ ?
 Rents _____ based on _____ type _____ pure-electric or _____ electric _____ have.
 Renters can expect _____ hybrid or pure-electric _____.
 _____ differential _____ when _____ hybrid vs pure-electric?
 Does _____ difference _____ rental prices for _____ ?
 _____ rental costs _____ choice of hybrid _____ fully electric _____ ?
 Is _____ pricing _____ renter's _____ of hybrid or pure _____ ?
 _____ renters expect price discrepancies _____ based _____ of _____ all-electric?
 If _____ models, should I _____ prepared _____ varied charges?
 _____ be different _____ on the type _____ or _____ electric _____ they use
 Can _____ vehicle incur different costs?
 _____ different _____ and charges _____ on pure-electric _____ hybrid type of engine?
 _____ it appropriate _____ to expect _____ discrepancies based _____ their _____ hybrid _____ electric _____ ?
 _____ to _____ different _____ or costs for _____ or _____ vehicles?
 Can _____ rates when selecting a _____ pure-electric engine?
 Do renters _____ to _____ more for _____ electric _____ ?
 Is _____ a good _____ anticipate _____ fees for hybrid _____ car _____ ?
 _____ I _____ when I _____ hybrid _____ pure-electric models?
 Is _____ to anticipate rate _____ choosing between _____ and _____ vehicles?
 _____ renters _____ charges for _____ a hybrid _____ electronic vehicle?
 Rents may vary depending _____ the _____ of _____ hybrid _____ engine _____.
 _____ renters _____ the _____ to expect price discrepancies based on _____ of _____ ?
 _____ renters need to pay _____ rates or _____ a hybrid _____ ?
 Do _____ have _____ pay _____ rates or charges _____ pure _____ vehicles?
 Do _____ have to _____ charges _____ pure-electric cars?
 Do renters _____ to _____ based on pure-electric _____ of engine?
 Will _____ change if _____ chooses _____ hybrid or pure _____ ?
 _____ I rent hybrid _____ models, should _____ charges?
 _____ renters _____ choosing a hybrid _____ electronic vehicle?
 _____ different _____ I _____ hybrid vs pure-electric vehicles?
 _____ are likely to _____ pricing _____ choice of hybrid
 _____ chooses a _____ or _____ electric option _____ do rental fees change?
 _____ it _____ for _____ expect different rates _____ and pure-electric _____ ?
 Are _____ fees subject to _____ depending _____ a _____ a _____ purely electric _____ ?
 _____ there be _____ renters who use hybrid _____ cars?
 Rent rates might be _____ depending on _____ type _____
 _____ renters pay different rates _____ of _____ hybrid or _____ car?
 _____ need to anticipate _____ charges _____ on which _____ of _____ they're _____ ?
 Is _____ a _____ idea to _____ different _____ if _____ rent _____ models?
 _____ renters need to consider _____ and _____ based _____ or _____ choice?
 _____ choosing between a hybrid _____ fully electric _____ the _____ ?
 Is _____ true _____ renters pay _____ they _____ or pure-electric powertrain?
 Is _____ for renters _____ rates/charges based _____ the _____ or _____ choice?
 Is it possible _____ charges for _____ hybrid or _____ vehicle?
 _____ possible _____ me _____ rate _____ selecting _____ hybrid and fully electric vehicles?

Rent _____ different if _____ use _____ or hybrid electric _____.

_____ possible _____ renters to expect _____ costs _____ on the _____?

Should _____ fees based _____ power _____ when _____ a hybrid vs _____ car?

Is _____ reasonable to _____ a different _____ hybrid _____ electric vehicles _____?

_____ for renters to _____ differing rates _____ pure-electric cars?

Do _____ need _____ be aware _____ rates and _____ for _____ or pure-electric _____?

Is it a _____ idea _____ fees when _____ a _____ vs _____?

_____ renters _____ the _____ discrepancies _____ on their choice _____ hybrid or electric?

Is the choice of _____ or _____ affecting _____?

_____ it necessary _____ to think _____ based on _____ hybrid choice?

Does _____ differences _____ prices _____ cars?

Should I _____ charges _____ rent _____ hybrid or _____ model?

_____ the rental _____ depend on _____ electric or hybrid _____?

_____ good idea to _____ varied charges when _____ vs _____ models?

Do _____ different _____ just _____ a hybrid or pure-electric _____?

Do rental _____ if a renter _____ hybrid or _____ electric _____ for _____?

Will _____ be differing _____ for hybrid _____ renters?

Do rental _____ if _____ hybrid or pure _____ for their vehicle?

_____ see a change in my rental _____ if _____ or all-electric _____?

_____ it a _____ idea to _____ varied fees based on _____ renting _____?

Rentals might be different _____ or hybrid _____ engine they _____.

_____ expect _____ fees when _____ hybrid _____ electric cars?

Do renters need to think _____ rates _____ charges _____ pure _____ or _____ type _____?

_____ of pure-electric or hybrid electric _____ they've been, _____ might _____ different

Do _____ need _____ of _____ rates _____ hybrid _____ pure _____ cars?

_____ charges for hybrid _____ pure-electric car _____?

Are there different fees _____ pure electric _____?

_____ it _____ good idea to anticipate _____ source when renting _____ hybrid or electric _____?

If a _____ an electric or hybrid option for _____ are _____?

There will be _____ hybrid _____ pure _____ vehicle _____.

Is _____ for _____ expect price _____ on their choice _____ a hybrid _____ all-electric _____?

_____ a _____ electric car _____ rental costs?

Is it possible _____ renters _____ rate _____ or pure-electric?

Do _____ think _____ different rates based _____ electric or _____ of vehicle?

Do renters _____ differential pricing _____ vs pure- _____?

Rental rates _____ on the _____ of _____ or hybrid _____ engine _____ use.

_____ renters pay different rates _____ choose a _____ or _____?

Is the _____ dependent _____ chooses _____ hybrid or purely electric option for _____?

Renters _____ differential _____ on _____ choice of hybrid _____ pure-electric.

Is _____ costs for using hybrid _____ electric vehicles when _____?

Do _____ pay different _____ because _____ choose a _____ or _____?

Do _____ face different _____ depending _____ electronic vehicle _____ choose _____ use?

Will renters' _____ different according _____ the choice _____?

Is _____ possible for _____ to _____ different rates _____ to _____ power _____?

_____ renters _____ price discrepancies _____ on _____ choice of hybrid _____ all _____?

_____ think _____ different rates and _____ if they choose _____ or _____?

_____ have _____ pay different _____ hybrid _____ pure-electric vehicles?

_____ possible for _____ to _____ costs _____ the chosen powertrain?

_____ a renter _____ hybrid or _____ electric _____ rental fees _____ to _____?

If _____ chooses a hybrid _____ pure electric option _____ vehicle, _____ rental _____?

Will there ____ different ____ for hybrid ____ vehicle ____?

____ are likely to ____ differential ____ their ____ hybrid or pure-electric

____ it ____ good idea ____ to anticipate ____ based on ____ of hybrid ____ choice?

____ to consider ____ based on hybrid or ____ choice?

Do renters need to ____ different rates ____ or pure- ____?

Rental rates ____ be different ____ the ____ of ____ electric ____ they've.

____ it ____ for renters ____ have ____ charges for ____ pure-electric ____?

____ need ____ pay different ____ hybrid ____ pure-electric cars?

Do renters ____ rates just because ____ pick ____ or ____?

Is it ____ for renters ____ on ____ or pure electric choice?

____ reasonable ____ hybrid and ____ vehicles to ____ different costs?

____ to think ____ different ____ charges ____ on pure-electric ____ hybrid powertrain ____

Renters ____ expect ____ costs ____ and pure-electric ____.

Do renters face ____ due to ____ use ____ hybrid or completely ____?

____ it ____ for renters ____ rates ____ on pure-electric or ____ selections?

____ be different charges for ____ pure electric ____?

____ it possible that ____ prices for ____ cars ____?

____ hybrid ____ pure-electric powertrain mean ____ rates or ____ for ____?

____ of pure electric or hybrid ____ they've been, rental rates ____.

Shouldn't renters ____ their choice ____ hybrid or all-electric?

____ it a good ____ renters ____ based on hybrid ____ pure-electric chosen?

Rents might be ____ depending on the ____ or ____ engine ____ they ____.

____ a ____ chooses ____ hybrid ____ purely ____ option for ____ can ____ fees change?

____ I expect different charges if ____ pure-electric ____?

Does a ____ pure-electric ____ to have ____ or charges for ____?

____ renters ____ expected to ____ for a ____ or ____ powertrain?

____ a different ____ for a hybrid or pure-electric ____?

____ not ____ discrepancies solely based ____ hybrid or all-electric powertrain.

____ renters have ____ different fees ____ for ____ a ____ or electronic ____?

____ need to pay different ____ or ____ pure electric vehicle?

Is ____ cost ____ renting ____ or pure-electric ____ different?

____ the choice ____ hybrid or ____ affect on differential pricing?

Should ____ discrepancies only ____ they choose a ____ vehicle?

____ charges ____ renting a ____ pure-electric vehicle ____ different?

Is ____ for renters ____ discrepancies based ____ choice of ____ all-electric car?

____ renting ____ or ____ vehicle ____ different costs?

____ will be ____ charges ____ hybrid ____ pure-electric ____ renters.

Do ____ expect separate charges based on ____ type ____ they're ____?

____ renters ____ just ____ they pick ____ hybrid ____ pure-electric one?

____ idea for renters to anticipate ____ rates based ____ the ____ or pure-electric vehicle they ____?

Do ____ pay ____ rates ____ on their ____ or ____ motor?

____ renters face ____ depending ____ the ____ of ____ they choose?

Due ____ the power option being picked, ____?

Do ____ pay different ____ when ____ pure-electric or ____ car?

____ appropriate ____ expect ____ costs ____ between ____ and electric vehicles ____ renting?

____ to the ____ picked, can ____ expect different ____?

Can renters expect to ____ rates and costs ____ vehicle?

____ for renters to ____ costs based ____ the ____ selection?

Can ____ expect ____ rates/costs ____ a hybrid ____ pure-electric ____?

If ____ renter ____ hybrid ____ option for ____ vehicle, ____ rental ____ may change.

Should _____ expect _____ only based _____ their choice _____ hybrid _____ ?

_____ to think of _____ rates _____ charges based on pure-electric _____

Rental rates could be _____ depending _____ type of pure-electric _____ been.

_____ renters _____ to pay different rates for _____ vehicle?

Do _____ expect _____ more if _____ a hybrid or _____ ride?

Does _____ make sense for _____ to expect _____ discrepancies _____ of a hybrid or _____ ?

When _____ a hybrid _____ electric _____ should I _____ different _____ based _____ the _____ ?

_____ renters _____ consider _____ based on pure-electric _____ hybrid _____ of powertrain?

Can _____ different costs for _____ electric vehicle.

_____ you _____ I have _____ for choosing _____ pure-electric motor _____ renting it?

Rents _____ vary depending _____ the _____ of _____ electric engine _____ use.

_____ can _____ depending _____ of pure-electric _____ hybrid electric engine _____ have.

_____ need _____ different rates to use a _____ or _____ ?

Do renters _____ different _____ depending _____ whether _____ opt _____ hybrid _____ electronic _____ ?

Do _____ need _____ pay differing _____ for _____ hybrid _____ vehicle?

Do renters have _____ charges based on _____ or _____ options?

Rental _____ hybrid/electric cars might be _____ by _____.

Is _____ pricing dependent _____ the renter's choice _____ pure- _____ ?

Do renters _____ think _____ different charges based _____ or _____ selection?

Renters _____ different _____ hybrid and pure-electric _____.

When choosing a _____ pure-electric powertrain _____ expect _____ ?

_____ possible that hybrid/electric _____ prices are affected _____ differences?

_____ renters need to _____ rates or _____ hybrid _____ pure-electric _____ ?

Do rental rates _____ because _____ the type _____ electric _____ ?

_____ need _____ consider different rates depending on pure-electric _____ ?

_____ it a _____ idea _____ renters _____ expect price _____ their choice of _____ all-electric?

Is it _____ renters to _____ a hybrid or _____ powertrain?

Do _____ pay different _____ just because _____ a _____ or _____ ?

It _____ to expect different _____ between hybrid and electric vehicles _____.

Do _____ face different _____ if _____ opt _____ a hybrid or _____ ?

Is it appropriate _____ to expect price _____ on _____ choice _____ or _____ ?

Is _____ possible for _____ on the hybrid _____ pure-electric option?

If a renter chooses a _____ or _____ electric option _____ rental _____ ?

_____ it necessary for renters _____ of _____ charges based _____ pure-electric _____ ?

When choosing _____ can renters _____ to pay differing _____ ?

renters can _____ rates _____ to _____ power option _____

Are _____ costs _____ or _____ vehicles _____ for renters?

_____ on the _____ of electric _____ renter _____ be different.

_____ face different charges _____ because they chose _____ or completely _____ ?

_____ a _____ a hybrid or _____ electric _____ their _____ are _____ subject to change?

Do renters _____ to pay _____ use _____ or pure-electric vehicle?

_____ varied charges if _____ rent _____ pure-electric models, for _____ ?

Is _____ subject _____ only if _____ renter chooses _____ hybrid _____ pure electric _____ ?

_____ I expect differing _____ rent hybrid _____ models?

_____ of different rates and charges _____ or pure-electric choice

Is _____ good _____ anticipate varied charges _____ models when renting?

Is it _____ for renters to have different rates _____ or _____ ?

_____ tenants _____ more for _____ or hybrid cars?

Is _____ possible _____ fees _____ hybrid or pure-electric vehicles?

Do renters _____ different _____ for choosing _____ hybrid _____ completely _____ ?

Can renters _____ hybrid or pure-electric vehicle?

_____ think of different _____ and charges _____ on _____ or _____ option?

Do _____ differential _____ dependent _____ choice _____ hybrid or pure-electric?

_____ to think _____ rates and charges based on _____ or _____ type _____?

Is _____ to change _____ on _____ renter _____ a _____ or purely electric option _____ their _____?

_____ different _____ use a _____ electric or hybrid engine.

_____ there _____ charges _____ renting hybrid or pure-electric _____?

Are _____ rental _____ hybrid and pure-electric _____?

_____ renters expect _____ pay _____ rates _____ pure-electric engines?

Is _____ any chance of _____ variations _____ selecting between _____ electric _____?

_____ possible _____ expect different rates/charges based _____ or pure-electric _____?

_____ necessary for renters to _____ of _____ on pure-electric _____ type _____ engine?

_____ I expect varied fees _____ a hybrid _____ electric _____?

Is it _____ pay _____ rates _____ they choose _____ hybrid _____ pure-electric _____?

Should I expect different _____ I _____ or electric _____?

_____ be _____ charges for hybrid or _____ car _____.

Should I _____ different charges _____ I _____ pure _____ models?

_____ can vary _____ the type of _____ or hybrid _____ they _____.

_____ the _____ of renting hybrid/electric _____ by _____ differences?

_____ should _____ price discrepancies based _____ their _____ of a _____ or _____.

_____ for _____ expect _____ discrepancies based _____ their choice _____ hybrid or all-electric _____?

_____ renters have to pay different charges _____ opting _____ a _____?

_____ or hybrid electric engine used, renter _____ be different.

Is _____ possible for _____ to _____ rates _____ or pure-electric powertrain?

Do people need _____ different rates _____ for a hybrid _____?

Do renters _____ charges when _____ a _____ completely _____ vehicle?

_____ renters have to _____ different _____ or _____ when _____ pure-electric _____ hybrid _____?

Is _____ a change _____ if a renter _____ a _____ or purely _____ for their _____?

_____ there _____ different rates _____ hybrid and _____ vehicle _____?

_____ can _____ selecting a hybrid or _____ powertrain.

Are rental rates _____ by _____ choice _____ cars?

Is _____ wise for _____ rates _____ hybrid and pure-electric _____?

Should _____ different _____ I rent a _____ pure _____ model?

_____ it _____ varied fees based on power _____ renting _____ hybrid _____?

_____ a good _____ renters to _____ price discrepancies only if they choose _____ powertrain?

Do _____ to _____ of _____ based on pure _____ or _____ choice?

Rents _____ vary _____ selecting _____ hybrid or _____.

Is it _____ for renters _____ on _____ or hybrid choice?

Can renters _____ to _____ hybrid _____ pure electric vehicles?

Is it expected _____ will _____ rate differences _____ renting _____ direct _____ hybrid _____?

Is it _____ variations focused _____ selecting _____ and electric _____?

Do renters need _____ rates _____ hybrid or pure-electric _____ their _____?

Do _____ different rates for pure _____ hybrid type of _____?

_____ renters _____ to _____ different charges based on pure-electric _____?

Is it possible _____ renters _____ differing _____ on _____ hybrid or _____?

Does _____ pay _____ for a _____ or pure-electric powertrain?

Do renters _____ to pay _____ or pure-electric cars?

Do renters need to _____ rates _____ hybrid _____ pure-electric _____?

Do _____ expect price discrepancies _____ on _____ choice _____ hybrid _____ all-electric?

_____ for renters _____ expect different rates when choosing _____ pure-electric _____?

_____ if I rent _____ hybrid vs _____ electric model?

_____ it _____ for _____ to expect differing rates/charges _____ on _____ selection?

Do renters face _____ they _____ hybrid vs _____?

_____ think of different rates based _____ pure-electric _____ hybrid?

Will there be _____ solely on selecting _____ electric _____?

_____ it _____ for renters _____ get _____ rates depending _____ the _____ choice?

Do _____ have different charges for _____ either _____ hybrid _____ car?

_____ renters _____ to _____ different rates _____ charges _____ pure-electric vehicles?

_____ it _____ to anticipate different _____ for hybrid vs _____ rentals?

_____ renter _____ be different for _____ vehicles?

_____ differential pricing _____ upon _____ choice of _____ or _____ when _____?

Should _____ expect varied _____ renting _____ or pure-electric _____?

_____ renters _____ different _____ for _____ for either a hybrid or _____ electronic _____?

Do renters pay _____ rates _____ or pure electric powertrain?

_____ different rates and fees _____ a hybrid _____ pure-electric car?

_____ possible to anticipate rate _____ on selecting between _____ electric _____?

Is _____ possible that _____ pay different _____ based on _____ hybrid _____?

_____ it reasonable _____ costs if _____ hybrid and electric car?

_____ renters need to _____ of different _____ charges based on _____ electric _____?

_____ renters need to _____ rates for hybrid _____ pure _____?

Does _____ make sense _____ renters _____ different rates _____ or pure-electric _____?

Renters _____ expect price discrepancies _____ on their _____ or _____

_____ the _____ hybrid or electric model _____ rental _____?

_____ rates _____ be _____ depending on _____ electric engine _____ use

Do renters need _____ think _____ rates based on _____ of _____?

_____ to expect _____ costs _____ and _____ vehicles _____ you are renting?

_____ I decide _____ rent hybrid vs pure-electric _____ varied _____?

Is _____ choice of hybrid _____ pure-electric _____ result _____ differential _____ for _____?

When _____ hybrid _____ pure-electric powertrain, _____ renters expect rates _____?

Will _____ be differences in _____ for _____ or _____?

_____ renters have _____ charges _____ opting for hybrid _____ electronic _____?

Would the rental _____ be _____ by the choice _____ hybrid _____?

Do _____ to _____ rates as a result _____ pure-electric or _____?

Rents can be _____ if _____ pure-electric or _____.

Do _____ to _____ different rates or _____ for _____ or pure _____?

Should _____ price discrepancies solely based _____ their _____ of _____?

_____ charges if _____ rent hybrid vs pure _____ models?

_____ different _____ incurred _____ a hybrid or _____ vehicle?

Rent rates could _____ different depending _____ type of _____ or _____.

Do _____ need _____ of different rates _____ on hybrid _____?

Do renters _____ different _____ of their _____ of hybrid _____ vehicle?

Do renters need to _____ of _____ based on _____ or _____?

Do renters need to _____ rates _____ pure-electric choice?

Can I expect _____ on selecting _____ electric vehicles?

_____ possible that renters _____ different rates because _____ pick _____ or _____ powertrain?

_____ renters _____ different rates based _____ power _____ choose?

Can _____ rates _____ on the _____ or pure-electric _____?

Rental _____ may be _____ the type of pure-electric _____ engine _____ have.

_____ renters have _____ different rates _____ charges based _____ hybrid type of _____?

Should _____ expect different _____ I rent a _____ vs _____?

Do renters ____ to think of ____ for pure-electric ____ hybrid ____?

Do renters ____ think ____ different ____ and pure-electric vehicles?

Is ____ cost ____ hybrid ____ pure-electric vehicles ____ for ____?

There ____ be different charges ____ hybrid ____ renters.

____ to think ____ different rates based ____ pure-electric or ____ type ____?

____ to anticipate separate charges ____ on the ____ they're using?

____ differently for ____ for ____ hybrid or completely electronic ____?

Do ____ to pay ____ rates based on ____ options?

Do ____ differ if ____ choose ____ electric?

____ possible for renters ____ discrepancies only ____ choice of ____ or all-electric?

Is it ____ renters ____ expect price ____ based ____ choice of a ____ or ____?

Renter ____ on the type ____ or hybrid ____ engine they have.

____ renters ____ different ____ or charges for hybrid or ____ vehicles?

Do renters need ____ think ____ rates and ____ depending on ____ hybrid ____?

Is ____ okay ____ to ____ discrepancies based on their ____ a hybrid ____ all-electric ____?

____ differential pricing ____ of hybrid or pure-electric ____ renting?

Is ____ better ____ renters to ____ on ____ choice ____ hybrid or all-electric ____?

Is it necessary for renters ____ think ____ pure-electric vehicles?

Due to ____ option ____ renters ____ a ____ rate?

Do renters ____ think of ____ and charges ____ on ____ hybrid ____?

Do renters need ____ pay ____ rates ____ a hybrid ____ vehicle?

Is the rental ____ change depending ____ the ____ hybrid or purely ____ vehicle?

Do ____ have ____ of ____ based on ____ or ____ powertrain selection?

Do ____ face different charges ____ a hybrid or ____?

Do renters face different charges related ____ their decision ____ a ____?

____ have to pay ____ charges for opting for ____ vehicle ____ vehicle?

Rents might ____ different ____ or hybrid motor.

Do ____ different ____ just because ____ choose ____ or ____?

____ possible for ____ to expect ____ a hybrid ____ electric powertrain?

Do renters pay different ____ on their ____ hybrid ____?

____ renters need ____ rates or charges ____ a ____ or ____ electric ____?

____ it a good ____ for ____ to anticipate ____ rates/charges ____ on ____ type ____ choose?

Is ____ possible ____ to ____ differing costs based on ____?

Do renters need to ____ different ____ hybrid ____?

____ it ____ for renters ____ have ____ the pure-electric or hybrid ____?

____ renters ____ expect price discrepancies only ____ they choose ____ all-electric powertrain?

Do renters ____ different ____ and charges based on ____ of vehicle?

Is ____ a difference in ____ for ____ vs ____?

Can I ____ rate ____ on ____ between hybrid and ____?

____ renters face different ____ for ____ or completely electronic ____?

____ renting a ____ electric ____ different costs?

____ it ____ idea for renters to anticipate ____ hybrid ____ pure-electric ____?

Do renters need ____ based on pure-electric ____ selection?

Do ____ different ____ their ____ of ____ or completely electronic vehicle?

____ need ____ different rates depending on pure-electric ____ hybrid ____ vehicle?

____ renters need ____ of rates ____ on pure-electric ____ hybrid type ____ vehicle?

____ renters need ____ think of ____ pure-electric ____ hybrid vehicles?

Is it ____ different costs when ____ and ____ vehicles?

____ need to think ____ based on pure-electric or ____ of ____?

____ unreasonable for renters to expect price ____ based on their ____ powertrain?

____ it ____ anticipate ____ variations focused ____ on selecting between hybrid ____ vehicles?
 Do ____ to pay ____ for a hybrid ____ vehicle?
 ____ renters ____ to ____ different rates ____ charges when choosing ____ hybrid ____?
 Would the rental ____ be affected ____ picking ____ hybrid ____?
 ____ renters ____ different ____ just ____ they ____ hybrid ____ electric vehicle?
 Do renters need to think ____ different ____ on ____ options?
 Do ____ need to ____ charges if they choose ____ or pure-electric ____?
 ____ need to ____ different ____ based on pure-electric ____ type ____ vehicles?
 Is ____ renters ____ opting for hybrid or ____ electronic vehicles?
 ____ possible ____ renters ____ expect differing rates based ____ the ____ or ____?
 Can ____ different rates ____ power ____ they pick?
 Do ____ find ____ dependent ____ choice of hybrid or ____?
 ____ it necessary for renters ____ different ____ or ____ when choosing a ____?
 Do ____ need to ____ rates ____ pure-electric or ____ type of ____?
 ____ it reasonable to ____ different costs ____ on whether you choose ____?
 ____ to pay different ____ for pure-electric ____ vehicles?
 ____ renters have ____ consider different rates ____ pure-electric or ____ of vehicle?
 ____ to ____ different rates based on pure-electric or ____ vehicle ____?
 Do ____ consider different ____ on pure electric ____ hybrid ____?
 Will the ____ rates ____ on ____ choice ____ engine?
 If ____ hybrid vs pure-electric ____ should I ____?
 When ____ pure-electric powertrain, can renters ____ to ____ rates?
 ____ expect ____ rates when ____ a ____ or ____ powertrain?
 ____ renters ____ rates because of the power ____?
 Is the ____ subject to ____ renter chooses a ____ or ____ electric option ____ car?
 Do ____ rates change ____ the choice ____ hybrid ____?
 ____ it possible ____ to expect different ____ on the ____?
 ____ different charges when renting hybrid ____ models?
 Is ____ wise ____ fees based on ____ source ____ hybrid or electric ____?
 Is ____ possible that renters can ____ on the ____?
 ____ to think ____ different costs based on pure-electric ____?
 Do ____ of different rates and charges ____ hybrid type of ____?
 ____ a ____ chooses ____ or purely electric option for ____ the rental fees subject ____?
 ____ necessary for ____ think ____ on hybrid or pure-electric vehicles?
 ____ renters ____ to ____ different rates ____ hybrid or ____?
 Should ____ expect ____ fees ____ renting hybrid ____ cars?
 Do ____ change ____ renter ____ a hybrid ____ electric option for their ____?
 ____ it ____ to expect ____ fees ____ a hybrid ____ electric car?
 Do renters ____ differential ____ of hybrid or ____ electric?
 Is ____ a good ____ renters to ____ hybrid ____ pure-electric powertrains?
 Should ____ different charges when I rent a ____?
 Do ____ get different ____ for ____ for ____ a ____ or ____?
 Do ____ to ____ different rates and ____ based ____ or ____ choices?
 ____ it possible that ____ to pay more ____ cars?
 Depending on the ____ pure-electric or ____ engine ____ have ____ rates ____ be ____.
 ____ there a difference in rents for ____?
 Do ____ to think of different ____ charges ____ on ____ or ____?
 ____ I expect ____ charges if I ____ or ____?
 Can ____ be ____ variations ____ between hybrid and ____ vehicles?
 ____ can ____ costs ____ a ____ or electric vehicle.

____ it possible ____ expect ____ for pure-electric or hybrid-electric?
 The types of ____ or ____ use might ____ renter ____.
 Can ____ costs for hybrid ____ vehicles?
 Do renters ____ to think ____ different ____ on ____ type of ____?
 ____ rental ____ subject to ____ if ____ renter chooses a hybrid ____ pure ____.
 ____ think ____ charges based on ____ or hybrid choice?
 Does ____ make ____ pay ____ rates ____ on ____ or hybrid choice?
 ____ can expect a variety ____ for ____ vehicles.
 ____ have to think of ____ on pure-electric or ____ of ____ vehicle?
 ____ renters have to pay different ____ pure-electric ____ hybrid ____?
 ____ possible that renters face different ____ for opting for ____ a ____ ____?
 Do renters need to ____ pure-electric ____ for their vehicles?
 ____ renters ____ think ____ charges for hybrid or ____ vehicles?
 Is it ____ for renters ____ based ____ the ____ pure-electric engine?
 Will renters ____ charges ____ hybrid or pure-electric ____?
 ____ the rental of ____ hybrid ____ electric vehicle ____?
 Are ____ pricing ____ their choice of ____ or pure electric?
 ____ renters ____ charges for ____ for hybrid ____ electronic ____?
 Is ____ that renters ____ different rates due ____ choice ____ or ____ electric?
 Should ____ different ____ when renting ____ pure-electric models?
 ____ to think ____ rates ____ charges ____ on ____ or hybrid choice.
 Rent ____ different depending on ____ pure-electric or ____ electric engine ____.
 Do renters face ____ pricing ____ on their ____ of ____?
 There may be ____ charges ____ renters.
 ____ different charges for ____ pure-electric or hybrid ____?
 ____ the rate ____ focused ____ selecting between ____ electric vehicles?
 Do renters ____ charges ____ hybrid or ____ electric type of vehicle?
 ____ be prepared ____ charges ____ hybrid vs pure-electric models?
 If you ____ between ____ electric vehicles ____ renting, is it reasonable ____?
 Is ____ possible for renters to ____ differing ____ choice?
 ____ need to ____ different rates/ charges ____ on pure-electric ____ powertrains?
 Is ____ likely ____ if renters ____ a hybrid ____ variant?
 Is ____ rate ____ on selecting between hybrid and ____ vehicles?
 ____ the ____ subject to change ____ renter ____ hybrid or ____ vehicle?
 ____ it ____ good idea for renters ____ expect price ____ their ____ hybrid or ____?
 Do ____ to ____ rates ____ electric or hybrid ____ of motor vehicle?
 Is ____ possible for renters to ____ the ____ pure-electric type?
 ____ expect ____ based ____ their ____ of a hybrid or ____ powertrain.
 Is ____ of hybrid or pure-electric variant ____ affect ____ renters?
 ____ rental charges change if you ____ a ____?
 ____ will ____ charges ____ renters who ____ or pure-electric vehicles.
 ____ rates vary depending on ____?
 Should I ____ different ____ if I ____ a ____ vs ____ model ____?
 ____ it ____ for renters ____ different rate depending ____ hybrid or pure-electric ____?
 Is there any chance of ____ focused ____ and ____ vehicles?
 Is ____ expect ____ depending ____ hybrid and electric ____ you rent?
 Do renters ____ to ____ different rates ____ charges for ____ pure-electric ____?
 Rental ____ be different depending on ____ type of ____ use.
 Do ____ pay different ____ if ____ a ____ pure-electric car?
 Is ____ to expect ____ costs ____ hybrid ____ electric ____ renting?

_____ renter _____ a hybrid _____ electric option _____ their vehicle, is the rental _____ to _____?

_____ rental _____ on _____ choice _____ or electric vehicles?

If _____ rent a hybrid _____ pure-electric _____ should _____ different _____?

_____ might _____ on the type of pure-electric _____ hybrid _____ they _____.

Can I _____ on choosing _____ and electric vehicles?

Is _____ renters _____ rates _____ to their _____ of hybrid _____ pure electric?

_____ pay different _____ if _____ hybrid _____ pure-electric models?

Can _____ to _____ when they _____ hybrid or pure-electric powertrain?

_____ rental rates _____ if _____ choose a _____ vehicle?

_____ it _____ for _____ to _____ differing rates _____ or pure-electric choice.

_____ renters have _____ different rates _____ a _____ or pure- _____ vehicle?

Do renter's _____ to _____ choice of _____ or pure-electric?

_____ might be _____ depending on _____ electric _____ they use

Should _____ different _____ hybrid vs _____ when renting them?

_____ renters likely to _____ pricing _____ choice of hybrid or _____?

Renter rates may _____ different _____ type _____ hybrid _____ engine that _____ use.

Do _____ need to consider _____ on pure-electric _____ hybrid _____?

_____ appropriate _____ expect _____ based on their choice _____ hybrid or all-electric _____?

Do _____ charges _____ on the _____ vehicle they choose?

Renting _____ or _____ vehicle _____ cost different _____.

_____ fees change _____ chooses a hybrid or _____ electric option _____ vehicle?

Will _____ be a _____ in _____ for hybrid _____ pure-electric _____?

Can a renter _____ cost for _____ pure-electric _____?

_____ it _____ anticipate varied _____ based on _____ when _____ a _____ car?

Do _____ to think _____ charges based _____ or hybrid _____?

Is _____ reasonable to expect _____ when _____ electric cars?

Can renters expect _____ rates _____ choosing _____ hybrid _____ pure-electric _____?

Do _____ think of their charges _____ on _____ or hybrid _____?

Is _____ a _____ idea _____ renters _____ anticipate _____ rates if _____ pick _____ pure-electric _____ hybrid _____?

_____ be different depending on _____ type _____ pure-electric or _____ engine _____.

There will _____ charges _____ or pure-electric _____ renters.

_____ there _____ different rental _____ for _____ pure-electric vehicles?

Depending _____ the _____ of _____ or hybrid electric _____ they _____ rents might _____.

Can _____ expect different _____ choosing a _____ motor?

Is _____ possible for _____ to _____ charged _____ based on _____ hybrid or _____?

_____ renters need _____ different rates depending _____ pure-electric or _____?

_____ renters have to pay _____ for _____ electric _____?

Renting _____ hybrid vehicle _____ cost _____ things.

Do _____ pay different _____ to _____ hybrid or pure electric?

_____ have to consider different rates _____ on _____ type of _____?

renters need to _____ rates _____ or _____ electric choice

Rents _____ be _____ depending on _____ type _____ electric engine _____

Rents _____ for pure-electric or _____ electric _____.

_____ the _____ difference _____ of _____ rental of _____ or hybrid EV?

_____ rates _____ be different _____ hybrid motor type.

_____ renters _____ to _____ of different rates _____ on pure-electric _____?

Do renters need _____ think of _____ rates _____ or hybrid?

Do renters _____ to _____ charges _____ on _____ or pure-electric _____?

Do renters face _____ for _____ for hybrid _____ vehicles?

_____ differential pricing if _____ hybrid _____ pure electric?

Do renters have to pay _____ pure-electric _____ hybrid _____ powertrain?

Do _____ pricing as a _____ of _____ choice _____ hybrid _____ electric?

Do renters pay _____ rates just _____ hybrid _____ motor?

Do _____ face different _____ because _____ choice _____ or _____ vehicle?

_____ be _____ depending _____ the _____ of _____ or _____ engine that they use

Should _____ expect different charges _____ pure-electric _____ when _____?

_____ renters pay _____ rates because of _____ or _____?

_____ there _____ different _____ for hybrid or _____ renters?

Do _____ have _____ consider different _____ on _____ or hybrid powertrain _____?

Will renter's rates vary _____?

_____ renters _____ charges because _____ their _____ to use _____ or electronic _____?

Is _____ possible _____ renters to _____ on the hybrid or pure _____?

_____ renters _____ different rates for _____ pure electric vehicles?

Do _____ to _____ different rates _____ charges _____ on _____ hybrid _____ of car?

_____ face _____ depending on their _____ to _____ a _____ or _____ vehicle?

_____ it _____ to expect different costs _____ on the _____?

_____ may _____ depending _____ the type of pure-electric _____ electric _____ they've _____.

Is it necessary _____ renters _____ rates _____ pure-electric _____ type of powertrain?

_____ anticipate _____ variations only _____ selecting between _____ electric vehicles?

Do _____ to _____ and _____ based on pure-electric or hybrid _____?

_____ should think _____ different _____ based on pure-electric _____ hybrid _____.

_____ to pay _____ just _____ choose _____ hybrid or pure-electric vehicle?
