

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	HD and 4K resolution support
Inquiry Sub-Category	Troubleshooting HD and 4K issues
Description	Customers seek support for troubleshooting problems related to HD and 4K resolution, such as signal degradation, pixelation, or screen flickering. Assistance may involve troubleshooting connections, adjusting picture settings, or identifying equipment issues.
Data Size	5,003 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Does _____ regular _____ programming and 4K broadcasts _____ or _____ broadcasts _____ vulnerable _____ disruptions _____ storms?
_____ it more _____ to _____ when there's storms?
_____ high _____ and 4K broadcasts _____ in _____ way or are _____ vulnerable to _____ disruptions?
_____ both _____ shows and _____ broadcasts _____ disruption risks _____ storms?
Do high definition _____ each _____ according _____ weather interference?
Do 4K _____ and regular TV _____ the _____ susceptibility _____?
Is _____ affected by _____ same way 4K broadcasts _____?
Do _____ programming and _____ transmissions _____ risks from storms _____ weather?
_____ 4K broadcasts _____ to be _____ of weather _____ regular _____ programs?
_____ wonder _____ storm disruptions are more pronounced _____.
Does _____ weather _____ both HD _____ 4K channels _____?
_____ hurt _____ of HD TV and _____?
Do _____ definition _____ 4k broadcasts _____ other depending _____ interference?
In times _____ types _____ encounter interference or _____ it worse for _____ content?
Is it more pronounced _____ when _____?
Bad weather may affect HD _____ and _____ broadcasts _____.
Is bad _____ going to affect _____ both regular _____ and 4K broadcasts, _____ 4K streams more _____
Do storms _____ programming _____ broadcasts _____ the same way?
_____ factor in _____ for _____ high-definition programming and 4K _____?
_____ weather affect both _____ 4K channels _____?
Can storms _____ regular _____ and _____?
Are _____ more _____ during storms than _____ high-definition programming?
Does bad weather have _____ on high-def _____?
_____ thingies _____ more prone _____ messing with TV.
_____ bad weather _____ my _____ of both HD _____ 4K broadcasts, _____ the _____ more susceptible _____ interruption _____ storms?
