

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Operating system requirements
Description	Customers inquire about the compatibility of their smartphone with different operating systems, such as Android or iOS, and seek information on the specific requirements and functionalities of each system for their device.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Do both _____ offer similar _____ measures _____ and data breaches?

Can you _____ if the ANDROID _____ the _____ security measures _____ for _____ attacks _____ data _____?

What measures do _____ Apple and Android _____ to _____ our _____ safe _____ hacks _____?

Is _____ that there's _____ same _____ of protection _____ comes to data _____ with _____ two _____?

Is _____ possible _____ there is _____ of _____ from data leaks for _____?

_____ you _____ that _____ mobile operating _____ are _____ the _____ measures for fighting _____ attacks?

_____ is being _____ and Apple phone OSs _____ the _____ as _____ exploits.

_____ the two operating _____ detect the _____ types _____ and _____ hacks?

Is _____ possible that _____ same _____ from _____ be achieved with either _____ operating system?

It is _____ the _____ & _____ towards _____ exploits is _____ same.

_____ you _____ if _____ and iOS are compatible _____ attacks?

It _____ suspected _____ of ANDROID & Apple phone OSs _____ exploits _____ similar.

It _____ speculated if the operating _____ phones _____ the Apple _____ OS or _____ will protect _____.

It is _____ same _____ when it comes to _____ leaks with either the iOS _____ operating _____.

_____ is being speculated if the protection _____ Apple _____ OSs _____ as for _____

_____ it _____ both the Android _____ have _____ same level of _____ from _____ data?

What do the Apple and Android systems _____ our _____ safe _____ leaks?

_____ you _____ both _____ operating _____ have _____ same security measures for _____ cyber _____?

_____ the _____ and Android _____ safe against _____?

I need _____ if Apple _____ same _____ of _____ against hacking.

_____ people are wondering _____ the protection _____ and Apple phone _____ are _____ cyber _____.

What _____ are _____ by _____ and Android _____ to _____ our phones _____ compromises and _____?

It is thought that _____ and Apple _____ towards cyber _____.

It is _____ the protection of _____ the same for _____ exploits.

Is it _____ level of _____ against _____ leaks _____ same _____ the Android _____ the iOS?

It _____ said that the protection _____ Apple _____ are _____ it _____ to _____.

_____ tell _____ if _____ and iOS have _____ same _____ for hacker attacks.

_____ being _____ that the protection of ANDROID and _____ OSs are _____ for _____ exploits.

_____ take to keep our phones safe _____ data compromises _____ threats?
 _____ to _____ if Apple and Android _____ same security when _____ with _____.
 Does Android _____ follow the _____ precautions _____ data?
 _____ alike safe against hacker _____?
 Is _____ possible _____ the Android _____ the _____ keep out the malicious _____ has _____.
 When faced with _____ tell _____ if _____ security in _____ the _____.
 Is _____ possible that there _____ the same _____ it comes _____ leaks _____ the _____ devices?
 _____ possible _____ is the _____ level of protection against _____ both the iOS _____ the Android?
 It _____ speculated whether _____ systems for _____ like the Apple _____ or _____ device _____ cyber.
 _____ you know if the Android and iOS have the same _____ measures _____?
 I'm _____ have _____ same security measures for _____ attacks.
 _____ need to _____ if Android _____ have the _____ level of _____ with hacking _____.
 It is _____ protection _____ and _____ phone OSs _____ the _____ cyber exploits.
 _____ security against _____ similar _____ that _____ by the two mobile _____?
 _____ and Android systems have _____ to protect our _____ cyber attacks?
 Is _____ and Android safe against _____?
 _____ it possible _____ and _____ to protect against _____ hacks?
 Is _____ a _____ two leading _____ operating _____ fraud _____ data security?
 There is a _____ that the Android and the _____ can _____ data.
 Is _____ that the same _____ protection _____ data leaks is _____ with _____ the iOS _____ operating _____?
 _____ it possible _____ level of _____ against data _____ is _____ same on both _____?
 _____ it _____ the same _____ of protection against data leaks _____ both the iPhone _____?
 Is it possible _____ data breaches the _____ way?
 _____ the protection of Android _____ against _____ exploits is the same.
 Are _____ systems capable of detecting _____ same _____ software _____ breaches?
 There _____ a _____ in _____ between _____ today's leading _____ operating _____ data misuse.
 _____ is unclear _____ the _____ and _____ phone OSs _____ the same _____ cyber _____.
 Is it possible _____ and _____ have the _____ level of _____?
 _____ you _____ me if Android _____ security _____ for hacker attacks.
 _____ security _____ and _____ the _____ that of hacker _____ data theft?
 Can you _____ me _____ and Android have _____ hacking risks?
 _____ security _____ and _____ the same _____ the hacker _____ theft?
 _____ it _____ that _____ is the _____ protection _____ data leaks with _____ the iOS _____ operating system?
 _____ to _____ if _____ have the _____ security measures _____ hacker attacks.
 When faced _____ the hacking risks, I need _____ know _____ and _____.
 It is _____ systems for phones like the Apple _____ the Android _____ cyber.
 It _____ that the _____ of Android and _____ phone _____ is _____ as _____ cyber _____.
 _____ know _____ and _____ security _____ the same _____ faced with _____ risks.
 _____ have the _____ security measures _____ place _____ anti-malicious attacks?
 Can you tell me _____ same protection _____ attacks.
 _____ do Apple _____ to make our phones _____ cyber _____?
 _____ it possible that the level of protection from _____ with _____ system _____ same.
 It is _____ the protection of Android _____ Apple _____ same when _____ exploits.
 _____ that _____ of Android and _____ towards cyber _____ is the same.
 _____ the _____ and _____ the same for hacks _____?
 _____ it possible that _____ iPhone platforms _____ level of _____ from _____ leaks.
 _____ security of Android and APPS equally protect against _____?
 It _____ speculated as _____ the protection of Android _____ Apple phone _____ same _____ cyber exploits.
 _____ the security of Android and _____ equaled _____ hacking?
 _____ is _____ speculated as _____ whether _____ operating _____ phones like the Apple _____ OS or _____ Android _____ cyber.

_____ speculated as _____ whether _____ protection of ANDROID _____ Apple phone OSs are _____ same _____ cyber _____.

Is _____ possible that both _____ the Android have _____ of _____ from _____ leak?

Is _____ possible for both _____ and Apple _____ hacks?

_____ being speculated as to _____ the protection of ANDROID _____ OSs is _____ as _____ cyber _____.

Can _____ tell _____ if the ANDROID _____ same _____ used _____ hacker attacks.

Is _____ security of the ANDROID and _____ to _____ data _____?

It _____ speculated whether the protection of ANDROID and Apple _____ when _____ cyber _____.

_____ is _____ the _____ and Apple phone OSs are _____ same when compared _____.

_____ possible that there is _____ level of protection _____ either _____ or Android operating _____.

_____ are _____ Apple _____ systems take to _____ phones _____ from data compromises and _____?

Is it _____ for _____ two _____ operating systems to _____ similarly?

Do _____ Apple _____ security for hacking risks?

_____ true that both mobile operating _____ have the _____ security _____ for _____ and data _____?

Is _____ of ANDROID and ios comparable to _____?

What _____ the ANDROID systems take to make _____ phones safe from _____ and threats _____?

It is _____ if the _____ of ANDROID & _____ phone OSs _____ same _____ cyber exploits.

I _____ know _____ the ANDROID and IOS _____ equipped with _____ security _____.

When _____ exploits, is _____ of ANDROID _____ apple phone OSs _____ same?

It _____ speculated if the _____ Apple _____ was the same.

_____ is _____ the _____ of ANDROID and Apple _____ towards cyber _____ similar.

_____ that the protection _____ phone OSs against _____ exploits was similar.

_____ from _____ and data leaks the _____ for both _____?

It _____ protection of ANDROID and Apple phone _____ the same _____ cyber _____.

Is the protection of ANDROID _____ phone _____ as _____ exploits?

_____ security _____ and _____ equal _____ hacker _____ data thefts?

_____ it _____ for _____ and iOS _____ against hacks?

Is ios _____ security against hacker _____ data _____?

_____ similarity _____ the security _____ of _____ leading mobile _____ systems _____ fraud _____ data leaks.

_____ you confirm _____ are equipped _____ the same _____ to fight hacker attacks?

_____ have the same precautions for _____?

Is it possible that _____ the _____ it _____ to data leaks with either iOS _____?

There is _____ that _____ protection _____ Apple _____ against _____ exploits is _____ same.

_____ ios _____ have _____ level of _____ as hacker and _____?

_____ speculated whether the protection of ANDROID _____ Apple _____ are the _____ for _____.

_____ do Apple and Android _____ place to _____ phones safe _____ data compromises _____?

_____ ios _____ equally _____ against _____ activity

It is _____ the _____ Apple phone OSs are _____ same _____ for _____ exploits.

_____ the security _____ two mobile _____ systems the _____ against data _____?

It is _____ of ANDROID _____ Apple phone OSs _____ the same.

_____ compared _____ exploits, it's being _____ protection of ANDROID _____ Apple phone OSs are _____.

_____ speculated whether the _____ systems for phones _____ Apple _____ OS _____ the _____ device protects _____.

_____ is _____ speculated _____ the protection _____ and Apple _____ the same _____ exploits.

_____ of ANDROID & Apple _____ the same _____ cyber exploits?

_____ being _____ if _____ systems _____ such as the _____ OS or the Android _____ protect against cyber.

Is _____ possible that both _____ their _____ the same types _____ malicious _____ data breaches?

What _____ the Apple and Android systems _____ our phones _____ hacking and _____?

Is _____ of ANDROID and APPS equally _____ against cyber _____?

Do Android _____ the same level _____ protection _____ software?

_____ speculated _____ the operating _____ the Apple phone _____ or _____ device protect against cyber.

_____ if Android _____ apple's security _____ same when facing hacking risks.

_____ is being speculated _____ the protection of ANDROID _____ phone OSs _____ same for _____.

_____ is suspected _____ the protection _____ phone _____ are _____ same as _____ cyber _____.

What measures _____ the _____ and _____ systems _____ keep our phones free _____ cyber _____ data _____?

_____ and APPS equally protected _____ data and _____ criminals?

_____ you _____ both mobile operating _____ are _____ same _____ for fighting cyberattacks?

Is _____ of ANDROID and APPS equally _____ and _____ hacking?

_____ and IOS _____ the _____ measures for _____ and data breaches?

_____ of ANDROID _____ ios the _____ for _____ hacks and threats?

It is being _____ if _____ protection of ANDROID & _____ exploits is _____ to _____.

_____ to _____ and Android _____ the same protection against hacking _____.

It _____ being speculated _____ the _____ like _____ Apple _____ or the _____ device protect against cyber.

_____ of ANDROID and _____ phone OSs the _____ as for _____?

_____ tell me _____ the ANDROID and IOS have the _____ measures against _____.

_____ and IOS _____ similar _____ measures for _____ attacks?

_____ their operating _____ the same _____ of malicious software and _____?

_____ and _____ safe _____ hacking?

_____ the security of ANDROID _____ comparable to _____ and _____?

_____ is _____ chance _____ both the Android and _____ will _____ able to _____ malicious _____.

It _____ speculated _____ the _____ of ANDROID _____ phone OSs _____ the same as _____ compared to cyber _____.

It is _____ if _____ protection _____ apple phone _____ the same for _____.

_____ a similar security _____ both ANDROID and _____ platforms.

_____ tell _____ the ANDROID and IOS are _____ from _____ attacks?

_____ measures do the _____ and _____ systems _____ in place to _____ phones _____ from data _____?

_____ do _____ Apple and Android _____ protect our phones _____ and _____?

_____ need to _____ and apple's security _____ the _____ faced _____.

_____ is being speculated whether the _____ cyber exploits _____ the same.

There is _____ that both _____ the _____ keep out _____ software.

_____ is a chance _____ both the Android and the _____ software from _____.

It _____ that _____ protection of ANDROID and _____ is the _____ cyber _____.

What measures do Apple and _____ place to _____ safe _____ data _____ hacker threats?

It _____ the _____ of ANDROID and apple phones _____ exploits is the _____.

_____ there is the _____ level _____ protection for _____ in both _____ operating systems?

_____ of ANDROID _____ ios as good _____ and data breaches?

_____ know if Android _____ apple's security _____ the _____ when faced _____ risks.

_____ precautions _____ the _____ and ANDROID _____ take to _____ our phones safe from _____ compromises _____ of _____?

It is being speculated _____ the operating systems _____ like _____ OS _____ device _____ cyber.

It _____ that the protection _____ Apple phone OSs are _____ same _____.

_____ the protection _____ phone OSs is the same as _____ cyber exploits.

_____ is _____ as to _____ operating _____ for phones _____ OS or the Android device protect against _____.

It's _____ if the _____ & Apple _____ for cyber exploits.

_____ it _____ and ios to handle _____ breaches the _____?

_____ the security _____ ios alike against hacker _____?

_____ being speculated _____ of ANDROID _____ Apple _____ systems are the same as for _____ exploits.

It is _____ speculated if the _____ of _____ the _____ phone OS _____ Android device _____ cyber _____

_____ being _____ protection _____ and apple phone OSs towards cyber _____ is the _____.

_____ need to _____ if _____ and Android _____ protection against hacking risks.

Is it possible _____ both Android _____ protect _____.

_____ and ios alike _____ against _____?

_____ possible _____ the level of protection _____ leaks is the same with _____ system?

Is it _____ level _____ from data leaks _____ be the _____ or Android operating system?

_____ being speculated whether the _____ of ANDROID _____ the _____ for cyber.

Is the _____ ios _____ the hacker _____ data breach?

_____ that there is _____ same _____ protection _____ data leaks _____ the ios or Android operating _____?

Is _____ for ios and _____ handle data breaches _____?

_____ and ios _____ the same precautions _____ keep _____?

It _____ that the protection _____ Apple phone _____ same _____ against _____ exploits.

Some _____ if the protection _____ phoneOS is _____ same _____ cyber _____.

Some _____ wondering _____ operating _____ for _____ like the Apple _____ the Android device protect against _____.

Some _____ the protection of ANDROID _____ phone _____ are the _____ as _____ cyber _____.

Is the security of ANDROID and _____ the same _____?

Can you tell _____ whether _____ and ios _____ the same security _____?

It _____ speculated _____ the protection of ANDROID _____ Apple phoneOSs _____ cyber _____ related _____ - _____ and ios _____ against hacker _____?

Can the two _____ operating _____ protect _____ data _____?

It's _____ that the _____ of ANDROID and Apple phone OSs _____ exploits.

_____ is _____ operating systems for phones like _____ Apple _____ or the Android device _____ cyber

Is it possible that _____ is _____ same _____ of _____ data _____ both _____ platforms?

Are _____ of _____ operating _____ of _____ kinds of _____ software and _____ hacks?

_____ it possible that there is the same _____ of protection _____ to _____ the Android?

_____ the security of ANDROID _____ ios _____ data theft?

Is the security _____ ios the _____ as _____ data _____?

Is the _____ of ANDROID _____ ios the same _____ and security _____?

Is it _____ both _____ ios to _____ data hacks?

What measures do _____ and Android _____ take _____ make our phones safe _____ attacks _____?

Do _____ know _____ the ANDROID _____ are _____ with the same _____ hacker _____?

There is a possibility _____ the _____ the Android can keep _____.

Do you _____ in Apple and Android is _____ with hacking _____?

It _____ speculated if the _____ for phones like the Apple _____ device _____ against _____.

_____ is _____ that the _____ and Apple phoneOSs are _____ cyber exploits.

It _____ speculated if ANDROID and Apple _____ OSs are the _____.

It _____ speculated if ANDROID and _____ have the _____ protection.

_____ measures _____ Android systems _____ to make our _____ from data _____ and hacker?

When compared _____ cyber exploits, is _____ protection _____ same?

Can _____ security _____ and _____ be compared _____ hacker _____ data _____?

Is the security _____ comparable to hacker _____?

It is being _____ whether the protection _____ Apple _____ when _____ to cyber _____.

What measures do _____ Apple and _____ systems _____ keep _____ safe _____ and data _____?

I _____ to _____ and apple's _____ is _____ for _____ risks.

_____ measures do _____ Apple and _____ systems _____ to _____ safe _____ hacker threats?

_____ being speculated _____ the protection of ANDROID _____ phoneOSs are the same _____.

_____ mobile operating systems _____ the same _____ vs info _____?

Is _____ Android and _____ handle data breaches _____ way?

It _____ suspected that _____ and Apple _____ cyber exploits _____ same.

_____ to know if _____ security in _____ the same _____ faced _____ hacking _____.

It is _____ the _____ and Apple phoneOSs are _____ compared _____ cyber _____.

It _____ being speculated _____ protection _____ apple _____ the _____ it comes to cyber.

_____ is a _____ that the Android _____ the ios _____ be _____ to keep _____ malicious _____.

_____ being questioned if the _____ of ANDROID _____ phone _____ are _____ same as _____ exploits.

_____ and ios _____ the _____ for protecting _____?

_____ it _____ that _____ two _____ popular mobile operating _____ are equally _____ against _____?

What ____ are taken for ____ against ____ or ____ devices?
 ____ of ANDROID and ios comparable to ____ data hacks ____ threats?
 It is ____ if the ____ of ANDROID and Apple phone ____ same as ____.
 What ____ do the ____ Android ____ take ____ our phones ____ attacks ____ data leaks?
 Is it ____ the ____ level of protection from data ____ either ____ or Android ____ system?
 Do both mobile operating ____ the same ____ against cyberattacks ____?
 ____ is ____ similarity in security measures between two ____ today's ____ data ____.
 It is possible ____ the Android and the ____ malicious ____ that can be ____.
 It is ____ speculated ____ systems for phones like ____ Apple phone ____ the Android ____ can ____.
 ____ is being ____ if the protection ____ or ____ phone OSs are ____ same ____.
 ____ faced with ____ need ____ if Apple and Android ____ the same security.
 ____ of their ____ systems ____ of detecting malicious software and ____?
 The ____ phone OSs towards ____ exploits is being speculated ____.
 ____ possibility that ____ is the same level ____ protection ____ data leaks ____ the iOS ____ system.
 ____ rumored ____ protection of ANDROID and Apple ____ cyber exploits is ____.
 I ____ apple ____ is the same when faced with ____.
 There ____ as ____ whether the protection of ANDROID ____ Apple ____ are the same ____ exploits.
 ____ to ____ if apple and android's security is ____ when faced ____.
 It is ____ speculated ____ the ____ and ____ are the same ____ it comes ____.
 Do iOS and Android ____ the ____ data attacks.
 ____ in place ____ against data breaches on ANDROID and iOS ____?
 It ____ being said ____ the ____ of ANDROID and Apple ____ OSs ____ the ____ exploits.
 ____ tell me ____ the same anti-malicious security measures?
 What ____ Android ____ make ____ phones safe from cyber attacks and data leaks?
 ____ the same precautions ____ preventing data ____?
 Can you tell me ____ and iOS are ____ same ____?
 ____ me ____ in Apple ____ is similar ____ hacking risks.
 ____ security ____ and ANDROID similar to ____ and ____ theft?
 ____ is ____ speculated if the ____ systems for ____ phone OS ____ device protect against ____.
 Is ANDROID and iOS ____ measures for hacker ____ and data ____?
 Can ____ me if the iOS and ANDROID have ____ same ____ hacker ____?
 Is it true ____ with ____ measures ____ cyberattacks and data breaches?
 Is ____ level ____ Android and iOS against data ____?
 Is ____ that ____ the Android ____ the iOS ____ same level ____ protection from data ____?
 ____ it possible that there ____ the same level ____ leaks on both ____ the ____?
 ____ the security ____ against a hacker ____ data breach?
 Is it possible that ____ breaches ____ be ____ similarly ____ systems?
 When compared ____ cyber ____ protection of ANDROID ____ Apple ____ the ____?
 ____ is being ____ if the protection of ANDROID ____ OSs ____ the same ____ attacks.
 ____ is ____ the ____ of ANDROID ____ Apple phone ____ is the ____ as ____ cyber exploits.
 ____ is a chance ____ both the iOS and the Android ____ of ____.
 ____ possible that data ____ handled similarly ____ and iOS?
 ____ you tell me if the ANDROID ____ offer the same ____ measures ____?
 ____ speculated ____ of ANDROID and ____ phone OSs ____ the same as ____ cyber ____.
 Is the ANDROID ____ equally ____ data and cyber ____?
 Whether the ____ of ANDROID ____ OSs ____ the same as for ____ speculated.
 ____ has ____ that the ____ and Apple phone OSs towards ____ similar.
 ____ both ANDROID ____ safe against ____ activity?
 ____ is being ____ the ____ phone OSs are the ____ that of cyber exploits.
 ____ speculated whether ____ protection ____ and Apple phone OSs ____ the ____ to cyber exploits.

Is it true _____ phones are equipped _____ for _____ data breeches?

Is it _____ that iOS and Androids _____ safe _____ malicious _____?

_____ possible _____ level of _____ for data leaks on the Android _____ the iOS?

Does the security _____ APPS equally _____ against _____ hacking?

Is iOS and ANDROID _____ and _____?

_____ are _____ Apple and Android _____ to _____ our phones safe from _____ data _____?

It is _____ the _____ of _____ like _____ Apple phone OS or the Android _____ cyber.

_____ it _____ that _____ and iPhone's _____ us safe _____ malicious _____?

Can _____ tell _____ if _____ and iOS _____ same security measures _____?

Is it _____ that _____ same level of protection from _____ operating _____?

_____ is being speculated if _____ protection _____ phone OS _____ same _____ compared _____ cyber exploits.

_____ it true _____ both phones _____ with _____ security measures for fighting _____ and _____?

Is _____ and iOS handles _____ breeches the same?

_____ and Android _____ precautions _____ it _____ to data attacks?

I _____ know if the _____ Apple and Android _____ faced with hacking _____.

It _____ the protection of ANDROID _____ are the same for _____.

_____ is being _____ the _____ of ANDROID _____ Apple _____ is the _____ compared _____ exploits.

_____ me _____ the ANDROID and iOS provide _____ security measures for hacker _____?

_____ the _____ mobile operating _____ the same against data _____?

_____ we _____ the _____ security on the mobile _____?

_____ being speculated _____ the _____ systems _____ phones like _____ Apple phone OS _____ the ANDROID _____ against _____.

_____ that the protection of ANDROID and _____ cyber _____ was similar.

Is _____ that both Android and iOS are _____ data _____?

Is both _____ iOS equally _____ activity?

It is being _____ the protection _____ and _____ phone OSs _____ similar.

_____ me if security in _____ when _____ with hacking _____

Is it possible that there is the _____ leaks on _____ and _____?

What are the _____ the _____ our phones _____ from data compromises _____ threats of _____?

_____ possible that the same _____ data leaks can _____ with either the iOS _____ system?

_____ is being speculated that _____ and _____ are the same.

Is _____ security _____ and APPS _____ against data _____ attacks?

_____ the security _____ and iOS _____ same _____ and data _____.

I _____ to know if _____ and iOS _____ the same _____ hacker _____.

Is the security of ANDROID _____ APPS _____ same _____ against _____?

_____ and Android _____ same precautions for preventing data _____?

_____ is _____ speculated _____ the protection of ANDROID _____ Apple phone OSs _____ compared to _____ exploits.

It is _____ the _____ of ANDROID _____ cyber exploits is the same.

Is _____ of ANDROID _____ comparable to data _____?

_____ want _____ know whether the ANDROID _____ same _____ measures for _____ attacks.

_____ it _____ that _____ level of _____ given to _____ on both the Android _____ the iOS?

Is it _____ of Android and iOS _____ the same _____ data _____?

Is it _____ of _____ operating systems can _____ same types _____ malicious _____ and _____ hacks?

It's _____ if the protection _____ phone OS _____ the _____ for cyber _____.

_____ is _____ that _____ and Apple phone OSs _____ the _____ when _____ comes to _____.

It is being _____ if _____ protection _____ the ANDROID and _____ OSs is the _____ exploits.

_____ is _____ that the _____ Apple phone OSs _____ same as _____ cyber exploits.

It _____ operating systems of phones like _____ phone OS or the Android _____.

It is _____ speculated if _____ Apple _____ OSs _____ the same _____ cyber attacks.

It is being speculated if _____ protection _____ and _____ similar to the protection _____.

_____ equally safe against _____ activity?

It _____ if ANDROID & _____ OSs are _____ same _____ against _____ exploits.

Some _____ wondering if the _____ Apple _____ OSs _____ the _____ as for _____.

Is it possible that _____ and iOS _____ the same _____ for hacker _____?

What _____ do _____ and Android _____ take to _____ our phones safe _____ compromises _____?

_____ me _____ the ANDROID and iOS have the same security _____ hacker _____ data _____.

Does _____ security _____ and ANDROID _____ to hacker _____ theft?

It is being _____ whether the _____ of ANDROID & Apple _____ towards _____.

_____ the _____ of ANDROID and _____ the _____ security of data _____?

_____ has been speculated whether _____ operating systems _____ phones _____ phone _____ or the ANDROID _____ protect _____.

It is _____ that _____ protection of ANDROID and Apple _____ same as _____.

_____ being speculated whether _____ of ANDROID _____ Apple phone OSs _____ same when it _____ to _____.

_____ safe from hacker activity?

_____ do _____ systems stack up when it _____ protecting against viruses and _____?

Can you _____ the ANDROID and iOS have _____ same _____ measures _____ hacks?

_____ faced _____ hacking risks, _____ Apple _____ Android have _____ same security.

Please tell _____ if Apple _____ have _____ same _____ comes _____ hacking risks.

Does _____ security _____ and _____ up _____ hacker and data _____?

_____ speculated _____ the _____ of ANDROID _____ Apple _____ are the same _____ against cyber _____.

_____ anti-Malware _____ both the ANDROID and APPS?

_____ is being _____ protection _____ and Apple _____ exploits _____ related to security.

_____ want to _____ if the ANDROID and iOS _____ measures for _____ attacks.

_____ the _____ of ANDROID and ios _____ and data _____?

I was wondering _____ had the same _____ hacker _____.

_____ with _____ need _____ know if Android and _____ have _____ same _____ of security.

_____ is _____ whether the _____ systems _____ Apple phone _____ or _____ device protect against cyber.

_____ the Apple _____ Android systems take to make _____ phones _____ from _____ and data _____?

_____ that both the Android _____ the iOS have the _____ level _____ protection _____ data _____?

Is _____ of ANDROID and _____ the same _____ for _____ and _____ threats?

Are _____ of _____ operating _____ detecting malicious software and _____ hacks?

_____ is _____ operating _____ for phones _____ Apple _____ OS or the Android device _____ cyber

I need _____ know if _____ have _____ when it comes _____.

It _____ whether _____ protection _____ Apple phone OSs towards _____ related to security.

_____ being speculated as _____ whether the protection _____ and _____ phone _____ the same _____ exploits.

It _____ being _____ protection _____ and _____ are the same, when _____ to _____ exploits.

_____ if the protection of ANDROID and Apple phone OS's _____ similar.

Is _____ possible _____ and the Android have _____ of protection against _____ leaks?

There _____ that both _____ the iOS can _____ bad guys out _____ data.

It _____ that _____ protection of ANDROID _____ Apple _____ are _____ when it comes to _____.

Is the _____ and APPS equally _____ from _____ and _____?

_____ is _____ whether _____ operating _____ for _____ like the Apple phone _____ device _____ against cyber

Do Android and iOS _____ precautions _____ keeping _____ safe?

_____ is _____ speculated _____ the operating systems _____ the Apple phone _____ or _____ protects _____ cyber.

_____ possible that both Android _____ are _____ against _____ breeches?

_____ being speculated if the _____ of ANDROID and Apple _____ the _____ cyber.

Is there an equal _____ against data _____?

_____ it _____ that there _____ level of _____ from _____ leaks _____ the Android _____ iPhone platforms?

Is both Android and ios _____?

Is _____ security _____ ios _____ the same _____ of _____ and data _____?

_____ is speculated _____ protection _____ phone OSs are the same _____ for _____.

It is _____ that the _____ and _____ towards _____ exploits _____ similar.

_____ you know if _____ same _____ measures for _____ attacks.
 What measures are _____ Apple and ANDROID _____ to make _____ from _____ and threats _____ hacker?
 _____ tell _____ Apple and ANDROID _____ when _____ comes to hacking _____
 If security _____ Apple and Android _____ hacking risks, _____ me.
 _____ security of ANDROID _____ ios good _____ hacker and data _____?
 _____ the Apple and _____ systems take _____ their _____ safe from _____ and _____ of hacker?
 _____ is suspected that _____ protection _____ and _____ phone _____ the _____ as for _____.
 I'm _____ have the _____ security measures for hacker _____ data _____.
 _____ both mobile operating _____ protect against _____ same _____ of _____?
 The Android _____ the iOS _____ be _____ to keep _____ software.
 _____ need to know _____ and apple's _____ when faced _____ hacker _____.
 I need you to tell _____ there's the _____ level _____ Apple and _____ for _____.
 _____ speculated _____ the protection of ANDROID & _____ phone OSs is the _____ for _____.
 Is _____ that _____ is the same level of _____ the Android _____ the iOS?
 _____ it _____ is _____ level of protection _____ it comes to data _____ both mobile _____?
 Is _____ that both Android _____ follow _____ precautions _____ preventing _____ attacks?
 There is _____ chance that both the Android _____ the _____ that _____ endemic.
 _____ know if _____ have the same security _____ for _____.
 Is it possible _____ the security _____ and iOS _____ the _____ against _____?
 _____ being _____ if _____ of ANDROID _____ Apple _____ is the same as _____ protection against cyber _____.
 _____ is _____ that _____ protection _____ and _____ phone _____ the same as against _____ exploits.
 Are _____ of ANDROID _____ ios _____ hacker and data _____?
 _____ security _____ and APPS _____ guarded against _____ criminals?
 It _____ and Apple phone OSs are the _____ for _____ exploits.
 Is _____ possible _____ iOS and Android handle data _____?
 Is _____ security of ANDROID _____ equal _____ breaches?
 _____ need to _____ there's the _____ of security for _____ in _____ Android.
 There is _____ as to whether the _____ for _____ Apple _____ OS or _____ protect _____ cyber.
 Is it _____ that there is _____ protection from data leaks _____?
 What _____ do _____ systems _____ to _____ our _____ from hacking and data _____?
 _____ a _____ that _____ and the _____ keep _____ the malicious software.
 _____ speculated if the _____ of ANDROID and _____ same for _____ exploits.
 Can you tell _____ if the ANDROID and iOS _____ same level _____?
 Is the _____ of ANDROID and _____ same _____ concerned with _____ hacks and _____?
 _____ ios the same _____ it is _____ data hacks _____ security threats?
 _____ tell _____ the ANDROID _____ have the _____ security _____ for hacker attacks.
 _____ in knowing if _____ and iOS _____ same security _____.
 Is _____ compatible _____ same security measures _____ hacker _____ data hacks?
 It _____ being speculated _____ protection of ANDROID _____ Apple phone OSs is _____ attacks.
 _____ the security _____ the two mobile operating _____ the _____ against _____?
 It _____ speculated _____ the _____ for phones such _____ Apple phone _____ or _____ device protect _____ cyber.
 _____ the _____ ios _____ to hacker _____ data theft?
 _____ it possible that _____ is _____ same level of _____ to _____ either the iOS or Android operating _____?
 Is it _____ the _____ protection from _____ on the iOS _____ the same _____ on _____?
 _____ like _____ know if _____ and iOS have the _____ security _____ and data _____.
 _____ need _____ to _____ me if there is _____ of security in _____ hacking risks.
 _____ the Apple _____ Android _____ to make _____ phones safe _____ attacks _____ data leaks?
 _____ me if the _____ Apple _____ is similar when _____.
 _____ is being speculated whether the _____ Apple _____ the _____ cyber exploits.
 It is _____ protection of ANDROID and Apple _____ the _____ protection of cyber exploits.

I am wondering if _____ the _____ level of _____ hacker _____.
 It is being speculated _____ of ANDROID and _____ towards _____ is _____ same.
 _____ thought that the _____ of ANDROID and _____ phone OSs towards _____ exploits _____.
 _____ you _____ the _____ hacker attacks and data _____ that _____ and iOS have?
 _____ Apple and Android _____ do _____ keep _____ phones safe _____ attacks?
 _____ speculated _____ the protection of ANDROID _____ phone _____ were the same.
 Are both _____ the same _____ software and data leaks?
 _____ need _____ if Apple and Android have the same level _____ security _____.
 It _____ being speculated whether the _____ phone _____ the _____ when compared to cyber _____.
 _____ speculated whether the protection _____ and _____ the same for _____.
 _____ you tell _____ and iOS _____ the _____ protection against attacks?
 Do both mobile operating systems _____ level _____ against _____ attacks?
 _____ ios _____ equally _____ when it _____ hacker activity?
 _____ that there is _____ same _____ against _____ leaks in both _____ devices?
 _____ measures _____ the _____ and _____ take to _____ safe from data compromises _____ threats?
 It is _____ that the _____ of ANDROID _____ OSs _____ same _____ for _____ exploits.
 Is _____ possible that the level _____ protection _____ leaks _____ both _____ and the ios?
 _____ being _____ the protection _____ Apple phone OSs towards cyber _____ is _____ to _____.
 I _____ to _____ if Apple _____ the same when _____ hacker _____.
 _____ speculated if the protection _____ apple _____ same as for _____ exploits.
 Is _____ possible that there _____ the _____ of protection _____ with _____ or the Android operating _____?
 _____ possible that there is the same level _____ protection for _____ the iOS _____ system.
 What measures do the _____ our phones _____ from _____ and data compromises?
 _____ is being _____ the protection _____ and Apple _____ are the _____ as against _____.
 _____ the ANDROID and iOS _____ same _____ hacker _____ and data hacks?
 It is _____ whether _____ protection _____ & Apple phone OSs _____ when _____ to cyber _____.
 _____ the security _____ against data and hacker attacks?
 _____ Apple _____ the same precautions _____ prevent _____ attacks?
 It _____ being speculated _____ the protection _____ Apple _____ the _____ the protection of cyber _____.
 Do the two _____ platforms _____ same precautions _____ data _____?
 What precautions _____ put in place _____ security _____ infections _____ and _____ devices?
 _____ protection _____ towards cyber exploits _____ be similar.
 _____ a similarity in _____ of _____ leading _____ operating systems, especially against _____ breeches.
 Is it _____ same level _____ protection from _____ leaks _____ both _____ and iPhone platforms?
 Can data _____ handled the same _____?
 _____ equally _____ against hacker activity?
 Is _____ that there is _____ of _____ for _____ with either _____ the Android operating system?
 I _____ Apple _____ the _____ level _____ protection _____ faced with hacking risks.
 _____ true _____ about locking out malicious software?
 Do _____ phone _____ against cyber exploits _____ same?
 _____ and Android follow the _____ precautions _____ data _____?
 _____ it _____ that _____ is the same _____ from _____ leaks _____ the iPhone and Android platforms?
 _____ both the Android and _____ can _____ bad _____ from getting _____ my data
 Tell _____ if Apple and Android _____ the _____ of _____ with _____ risks.
 _____ it possible _____ and viruses with _____ iOS or _____?
 There's _____ that _____ and the iOS _____ out the _____ software.
 There is a _____ keep out _____ software.
 It _____ speculated _____ protection of ANDROID and _____ phone OS _____ the _____ for cyber _____.
 Is _____ of _____ and ANDROID equal against _____ theft?
 _____ speculated if the _____ of ANDROID _____ Apple phone OSs are the _____ exploits.

Is _____ and ios _____ to _____ and data _____?

It _____ being speculated _____ protection _____ and _____ phone OSs is the _____ for _____.

Is _____ possible that there is _____ same _____ protection _____ both _____ and the iOS?

_____ is being speculated _____ & Apple _____ OSs _____ the same _____ for _____ exploits

_____ that _____ protection of ANDROID and Apple phone OSs _____ exploits was _____.

There _____ a _____ iOS and _____ can keep _____ the malicious software that has _____.

_____ if the protection of ANDROID _____ Apple phone OSs _____ same as compared _____.

_____ both _____ systems capable of _____ the _____ malicious _____ and data _____?

_____ it _____ that there is _____ same _____ of _____ to data _____ the iOS or Android operating systems?

Do the ANDROID and iOS _____ the same _____ security _____ and _____ hacks?

_____ speculated _____ the _____ like _____ Apple phone OS _____ the ANDROID device protects against cyber.

Do _____ OSs _____ against cyber _____ the same?

_____ the _____ of _____ and ANDROID _____ against hacker _____ data _____?

Can _____ same _____ and APPS?

Is _____ both mobile operating _____ good _____ stopping _____ and viruses?

It has been _____ the protection of ANDROID _____ phone _____ are the _____ as _____.

_____ is _____ the protection of _____ phone OSs are the _____ for _____ exploits.

_____ in Apple and Android is _____ faced with _____ risks, _____.

_____ is being _____ whether _____ operating _____ phones like the Apple _____ or the Android _____ protect _____

_____ the _____ ios equal _____ hacker and data compromises?

Is _____ possible _____ and iPhone's protect _____ from malicious _____?

_____ and ANDROID follow the _____ precautions _____ data _____?

Can _____ and APPS be equal _____ data _____ cyber _____?

Is _____ security of ANDROID _____ ios the _____ hacks?

Do both iOS _____ the _____ precautions for _____ data _____?

It is possible that the _____ protection from _____ leaks _____ with _____ the iOS _____ operating _____.

Is _____ security of _____ operating _____ the same _____ data hacks _____?

Is it possible _____ there is _____ level _____ protection for _____ leaks _____ two _____?

Do both _____ operating systems _____ of security _____ attacks _____ data?

_____ ios _____ against data hacks?

_____ it possible _____ and iOS _____ against data hacks?

It _____ being _____ if _____ protection _____ and Apple _____ is the _____ cyber _____.

It is being _____ protection of ANDROID _____ phone OSs towards cyber _____.

It is being speculated _____ the operating _____ like the Apple _____ device _____ against cyber.

It _____ whether the _____ and Apple _____ the _____ when it _____ to cyber.

It's _____ speculated if _____ and Apple _____ is _____ when _____ to cyber _____.

Do you _____ Apple and ANDROID have _____ level of _____ regards to _____?

_____ you tell _____ if _____ and iOS have the _____ security _____ hacker _____?

Is _____ of ANDROID and APPS equally _____ and _____ crooks?

I _____ like to _____ if Android and _____ the same _____ hacking risks.

Is the _____ same as that of hacker and _____?

_____ to know if the ANDROID _____ have _____ security _____ as _____.

_____ is being speculated if _____ protection _____ are similar _____ comes to _____.

Can _____ that _____ mobile operating systems _____ same security measures for _____ and _____?

_____ is _____ the _____ of ANDROID and _____ OSs _____ the same as _____ cyber exploits.

_____ you _____ the ANDROID _____ have _____ same _____ measures for hacker attacks _____ data _____?

Both _____ and _____ keep _____ the malicious software _____ be _____.

Is it _____ both iOS _____ to _____ hacks?

_____ operating systems _____ of detecting _____ types of _____ software _____ data _____?

Is it possible that _____ safe _____ activity.

____ the security ____ and APPS equally secure ____ criminals ____?
 ____ of ANDROID ____ equally secured ____ data and cyber ____.
 ____ being ____ whether ____ protection ____ Apple phone OSs ____ as ____ cyber exploits.
 ____ it ____ for Android and iOS ____ data ____ in the ____ way?
 There ____ a possibility that the ____ can ____ software.
 ____ it possible that there ____ same level ____ protection for data ____ with ____ mobile ____?
 ____ that ____ is the same level ____ it ____ to data ____ both mobile operating systems?
 ____ is being ____ if the protection ____ and ____ OSs ____ same ____ exploits.
 Can the ____ devices ____ data hacks ____ same ____?
 ____ me if the security ____ is ____ same when ____ hacking ____.
 ____ is being ____ the operating ____ of ____ the Apple phone OS or ____ device ____.
 Can you ____ if the ANDROID ____ same security ____ attacks ____ data breaching?
 It is ____ of ANDROID and ____ phones towards cyber exploits ____ same.
 It ____ being thought ____ the protection ____ and ____ are the same as ____.
 Is ____ security ____ equally ____ data and cyber criminals?
 I want ____ know if ____ and iOS ____ same ____ security ____ and data breaches.
 There ____ a possibility that ____ the iOS can ____ malicious ____ detected.
 ____ and ____ may be the same as against ____ exploits.
 ____ mobile operating ____ as ____ at stopping ____ and viruses?
 There ____ that ____ the Android and ____ can keep ____ the ____ software.
 ____ that ____ systems ____ phones ____ Apple phone OS or the Android device ____ against ____.
 It is ____ speculated as ____ whether ____ systems for phones ____ Apple ____ OS ____ the ANDROID ____ against ____.
 Can ____ that both ____ systems ____ the ____ security ____ for protecting against ____?
 ____ the security of ANDROID and iOS ____ theft?
 ____ is ____ speculated whether the operating ____ for phones, ____ the ____ or the Android ____ against ____.
 ____ the same ____ for ____ data attacks?
 ____ been speculated ____ protection of ANDROID and Apple ____ cyber exploits is ____.
 Do Apple and/ ____ phone ____ against ____ the same ____?
 There ____ rumors ____ the ____ and Apple phone ____ the ____ cyber exploits.
 ____ need to know ____ Apple and Android ____ security ____ faced with hacking.
 Is ____ possible that there is ____ same ____ of ____ against data ____ and ____?
 ____ both operating systems ____ detecting the same ____ software and ____?
 What ____ are ____ in ____ to ____ against ____ attacks on ANDROID ____?
 It ____ speculated as ____ whether ____ systems ____ phones ____ Apple ____ OS or ____ Android device protect ____.
 It ____ unclear whether the ____ Apple ____ are ____ cyber exploits.
 ____ is being suggested ____ the ____ and Apple ____ towards cyber ____.
 I ____ know ____ security in Apple ____ Android ____ the ____ hacking risks.
 It ____ possible ____ and ____ can ____ out ____ malicious software.
 It ____ being ____ the protection ____ phone OSs towards cyber ____ same.
 ____ the ____ of ANDROID ____ equaled ____ data and cyber ____?
 ____ is possible ____ the Android and the iOS ____ keep ____ software.
 ____ if Apple and Android ____ same ____ when ____ hacking risks.
 There ____ between security measures of ____ mobile operating systems ____ and ____.
 Is ____ true that ____ are ____ with ____ security ____ fight data breaches?
 ____ security of ANDROID and ____ that ____ hacker and data ____?
 There ____ a ____ security measures between two ____ the ____ mobile operating ____ fraud ____ data ____.
 ____ you ____ if ____ security in Apple and ____ faced ____ hacking risks.
 ____ measures do the ____ and ____ take ____ our ____ from data compromises ____ threats?
 Is the security of ANDROID and ____ hacker and ____?
 It ____ being ____ if ANDROID & ____ are ____ same as for _____.

the ANDROID the same attacks and data breaches?
 possible that both and Android same way?
 What the systems to protect from data compromises attacks?
 Do ANDROID have same security data and ?
 Tell the ANDROID and iOS have for hacker attacks.
 It being speculated protection and OSs as for cyber exploits.
 it there the level protection from data on the Android and platforms?
 is speculated the of ANDROID Apple phone are the against cyber .
 follow same protecting data?
 Do you know in Apple when hacking risks?
 has been whether the for phones the OS or the Android against .
 possible that there the same level for leaks both ?
 Is it both iOS safe against activity?
 Is both operating able detect malicious software and ?
 What the the Apple and take make our safe from compromises ?
 is the iOS the Android can out malicious .
 Is it possible level protection data with either system is same?
 I need know if and Android the when hacks.
 It that iOS and out the malicious software.
 the protection Apple phone OSs are the same against .
 it that is same level against data on the iPhone ?
 Is two operating the same against data ?
 it that is the same level of data both ?
 It is if Apple phone OSs same as for exploits.
 There possibility that both and can keep .
 Is an equal security for against data ?
 It is being protection of ANDROID Apple the same for .
 it there is the same level protection for the iOS the ANDROID?
 wondering if the protection & are the for .
 Do have level of protection software?
 How are Apple systems to from compromises and ?
 What do the and Android systems our phones safe data ?
 It is being speculated and ANDROID are the against .
 It being speculated the protection are the as against threats.
 being if the protection Apple are similar exploits.
 am wondering if and iOS same security attacks.
 is the and phone OSs are same for cyber exploits.
 is possible the of protection leaks can be either the iOS system.
 Is there two leading operating fraud and data ?
 It is speculated and phone OSs are as to cyber .
 the ANDROID and iOS anti-malicious ?
 is of whether of ANDROID and Apple phone are the as against .
 the ANDROID same security measures to protect hacker attacks ?
 security and iOS against and data ?
 and iOS the precautions for data ?
 systems give same protection from malicious software?
 it that the protection against leaks is same the Android and ?
 It's being protection Apple cyber exploits the same.
 is whether the protection and Apple is as against cyber exploits.
 both Android follow same precautions prevent attacks?

It is being speculated _____ the _____ phone _____ are not _____ as against cyber _____.
 Would _____ and iOS have _____ measures for _____ and _____ hacks?
 _____ tell _____ if the ANDROID and iOS are _____ of protecting _____?
 What measures do _____ Apple and Android _____ take _____ keep our _____ safe _____ cyber _____?
 _____ that both _____ can protect _____ data hacks?
 The protection of ANDROID and Apple _____ be _____ same _____ cyber.
 _____ it possible that the Android _____ have _____ level of _____ data _____?
 It _____ being speculated whether _____ and ANDROID _____ OSs is the _____ against cyber _____.
 Is _____ that _____ is _____ level _____ protection from data leaks _____ both _____?
 _____ being speculated _____ the protection of ANDROID _____ Apple phone OSs _____ protection of cyber _____.
 _____ is a _____ both _____ and _____ can prevent malicious software _____.
 _____ being speculated _____ of ANDROID _____ phone OSs are the same for cyber _____.
 Is _____ ios equally safe _____.
 Is _____ true that both _____ are equipped with _____ to _____ breeches?
 It _____ being _____ operating _____ for _____ Apple OS or _____ Android device, protect _____ cyber.
 Is the security _____ and APPS _____ against _____ hacking?
 Can _____ of their operating _____ detect _____ of _____ and data _____?
 Is _____ and android just _____ against _____?
 Do _____ mobile _____ systems offer _____ same levels _____ security _____?
 _____ and iOS _____ same _____ measures for anti-malicious attacks?
 Is it possible _____ devices are _____ secure _____ malware?
 _____ the _____ of ANDROID _____ ios equal _____ hacker _____ data _____.
 _____ chance that both _____ and _____ can prevent the spread of _____.
 _____ tell me _____ Apple _____ the same level _____ security _____ hacking _____?
 _____ both _____ systems _____ the same _____ measures _____ info hacks?
 Is _____ security _____ and ios comparable to _____ data _____?
 Is ios and android _____ safe _____?
 _____ and ios _____ for hacks and security threats?
 It _____ speculated _____ the _____ of ANDROID _____ Apple _____ OSs were the same _____.
 _____ the two most popular _____ platforms are equally secure _____ and _____?
 What _____ taken by the _____ and _____ phones _____ from hacker threats and _____ compromises?
 Is the _____ against computer _____ and data?
 _____ is _____ similarity in security _____ between _____ operating systems _____ fraud _____ leaks.
 Are android and ios _____ activity?
 Is the _____ equal _____ hacker _____ data thieves?
 _____ possible that the two _____ popular mobile _____ equally _____ against data _____?
 _____ you _____ the ANDROID and iOS have the _____ measures for hacker _____ data hacks?
 _____ to know _____ and Apple _____ the _____ security when it _____.
 _____ is thought that _____ and Apple phone OSs _____ for cyber exploits.
 It is being _____ whether _____ operating systems for phones, like _____ or _____ Android _____ protect _____.
 There is _____ possibility _____ and _____ can keep _____ software.
 _____ the _____ of ANDROID and Apple _____ against _____ is the same.
 Is the _____ and _____ same as hacker and _____?
 _____ are _____ for _____ against data hacks _____ infections _____ IOS devices?
 _____ possible _____ there _____ the same level of _____ from data _____ on _____ the Android _____ iPhone _____.
 It _____ being speculated if the _____ Apple phone OS _____ same _____ compared _____ cyber _____.
 _____ possible that both android and ios protect _____?
 _____ if _____ protection of ANDROID and _____ phone OSs _____ the same _____ it is _____ cyber _____.
 _____ the ANDROID _____ have the _____ level _____ for _____ attacks and data _____?
 Is _____ security _____ and _____ as equally _____ hacks and security _____?

Is _____ that _____ the _____ of protection _____ data leaks when using _____ or Android _____ system?
 _____ if _____ protection _____ and Apple _____ the same for cyber exploits.

What measures do the Apple _____ systems _____ our _____ attacks?
 _____ follow the same _____ for preventing data attacks?
 _____ possible _____ level of _____ data leaks _____ the iOS and the Android _____ the _____?
 _____ you _____ the ANDROID and iOS _____ same levels _____ for hacker attacks.

What _____ the _____ to make _____ phones safe from data compromises _____ hacker _____?
 _____ need to know if Android and Apple _____ level _____ hacking.
 _____ and iOS equally _____?
 _____ you _____ the ANDROID _____ have _____ measures _____ hacker attacks and data breaches.

Is _____ security _____ and _____ against both _____ cyber criminals?
 _____ the ANDROID _____ iOS _____ security threats _____ data hacks?
 _____ that the Android and the iOS can _____ malicious _____.

What _____ do _____ the Android _____ make our phones _____ from data compromises _____?
 I _____ know if Apple and Android _____ same level _____ security when _____ to _____.

It _____ being _____ the protection _____ and Apple _____ are _____ compared _____ cyber _____.
 _____ to know _____ and iOS _____ with the _____ security measures.
 _____ iOS and Android _____ against _____?
 _____ systems offer _____ same _____ of security _____ data attacks?
 _____ the same on _____ and APPS?
 _____ speculated if _____ operating _____ phones like _____ Apple _____ or the Android device protect _____ cyber.
 _____ is _____ whether the protection _____ and Apple _____ the same _____ against cyber _____.
 _____ and APPS equally _____ criminals _____ data?
 _____ being _____ if the protection _____ Apple _____ exploits was similar.

It is _____ speculated _____ and Apple phone OSs are the _____ compared to _____.

Can you _____ if the ANDROID and iOS _____ same _____ measures _____ hacker _____?

Do _____ and/or Apple phone _____ protect against _____ the _____?

Is either Android _____ against _____ activity?

What measures do _____ systems take to make _____ cyber _____ and data _____?

It _____ if _____ protection _____ and Apple _____ is the _____ as compared _____ exploits.
 _____ whether _____ of ANDROID _____ Apple phone OSs is _____ same as _____ cyber _____.

It is _____ protection of ANDROID and _____ OS _____ the _____ as _____ cyber exploits.
 _____ mobile operating systems _____ for avoiding data attacks?

Do both _____ their _____ systems _____ the same _____ to _____ software and _____?

Are both _____ systems capable _____ the _____ of malicious _____ data _____?

Do _____ systems _____ the same _____ of _____ cyber crime?
 _____ being _____ the protection _____ Apple _____ phone _____ is the _____ for cyber exploits.
 _____ is _____ if the _____ the ANDROID and Apple _____ are _____ for _____ exploits.
 _____ and _____ safe against _____ activity?
 _____ it possible _____ the same _____ protection for _____ leaks _____ mobile devices?

Does _____ security _____ data and cyber criminals?

It is _____ that _____ protection _____ Apple phone OSs _____ cyber exploits is _____.

Is _____ that both the Android _____ the iOS _____ the _____ protection from data _____.
 _____ to _____ security is the same when faced with hacking _____.

Is the _____ and iOS equal _____ hacker?
 _____ you confirm _____ mobile _____ systems _____ the _____ security _____ fighting cyberattacks and _____ breaches?
 _____ measures _____ the Apple and Android systems _____ to _____ our _____ data _____?

It is _____ known _____ of ANDROID _____ Apple phone OSs _____ the same _____ exploits.

It is _____ the Android _____ the iOS can keep _____ getting to _____.

_____ possible that _____ and iPhone's keep us _____ software?

It is _____ whether the protection of ANDROID _____ apple _____ the same _____ cyber _____.
 Is it _____ and iOS are equally secure _____?
 Can _____ that both _____ systems have the _____ to protect against _____?
 Is there _____ by the two most _____ mobile operating _____ data _____?
 _____ the security _____ and APPS _____ protect _____ data _____ criminals?
 _____ possible _____ same level of protection for _____ leaks with _____ mobile _____?
 _____ if _____ Apple and _____ is _____ when _____ with hacking risks.
 _____ speculated _____ the _____ and Apple phone OSs are the _____ for cyber _____.
 _____ the security of ANDROID and _____ similar to _____ hacks _____?
 It is suspected that the protection _____ cyber _____ similar.
 _____ to know if ANDROID and _____ security _____ same _____ hacker risks.
 It is _____ whether the _____ of ANDROID _____ are the same _____ cyber _____.
 I _____ wondering _____ the ANDROID _____ with _____ measures for hacker attacks.
 _____ measures Apple and Android _____ to make _____ from _____ and threats?
 It _____ suspected that the protection _____ & Apple _____ OSs _____ cyber _____.
 It _____ speculated _____ the _____ Apple phone OSs _____ exploits is similar.
 There _____ possibility that _____ protection of ANDROID _____ phone OSs are the _____ when _____ cyber _____.
 Is _____ security of ANDROID and _____ hacker and _____?
 _____ being _____ the _____ systems for _____ Apple phone OS _____ the Android device _____ against _____.
 _____ possible _____ the level _____ from _____ leaks _____ same with either the iOS or Android operating _____.
 Can _____ tell me _____ Apple _____ same security _____ it _____ to hacking _____?
 _____ APPS equally _____ data _____ cyber criminals?
 Is _____ security _____ iOS the _____ when it _____ security _____?
 Is the security _____ against _____ and _____ breach?
 When compared to cyber exploits, _____ the protection _____?
 What measures _____ the _____ and Android _____ have _____ our _____ safe from cyber _____?
 Is the security for ANDROID _____ equal _____ compromises?
 _____ a possibility _____ the _____ can keep out _____ software.
 _____ and _____ equally _____ against hacker _____?
 Do _____ know _____ Apple and ANDROID _____ the _____ level of _____ comes _____ hacking _____?
 _____ it possible _____ apps _____ and ANDROIDs _____ us _____ malicious software?
 _____ is a _____ the security _____ of _____ leading _____ operating _____ against fraud and _____.
 _____ the _____ Apple phone OSs _____ cyber exploits is related to security.
 I want to _____ Apple and Android have _____ when _____ hacking _____.
 _____ and iOS equipped with _____ measures for _____ attacks?
 _____ being speculated if _____ of ANDROID and Apple _____ the _____ compared to _____.
 Can anti-malware be _____ same _____?
 _____ is _____ speculated if _____ of ANDROID _____ Apple _____ is _____ same for cyber _____.
 _____ and Android have _____ measures for attacks?
 _____ security threats the same _____ and iOS?
 I want _____ if there's _____ same level of _____ for _____ Apple _____ Android.
 _____ is _____ speculated _____ the _____ of ANDROID _____ Apple phone OSs _____ cyber exploits is _____.
 _____ is _____ speculated _____ protection of ANDROID and _____ phone OSs _____ to cyber _____.
 Is the _____ of ANDROID _____ the same as _____ and data _____?
 _____ are taken _____ the _____ and Android _____ to make our _____ safe from _____ and _____?
 _____ security of ANDROID _____ iOS _____ same as data _____?
 _____ being speculated _____ protection of ANDROID and _____ phone OSs _____ when it comes to _____.
 Is _____ security _____ the same _____ hacker _____ data breaches?
 _____ of ANDROID and iOS _____ to that _____ and _____ theft?
 _____ you _____ me _____ the ANDROID and iOS have the _____ protection _____ and data _____?

Can _____ tell _____ if the ANDROID and IOS have _____ same security _____ ?

_____ if _____ protection of ANDROID _____ phone OSs _____ the same compared to _____ exploits.

_____ equal _____ for ANDROID and ios against data breeches?

Is _____ security of ANDROID and ios _____ and data _____ ?

It is thought that the _____ against cyber _____ was _____.

_____ is being _____ of ANDROID _____ Apple _____ OSs _____ comparable to cyber exploits.

_____ possible _____ the level of protection _____ leaks is _____ same on _____ the Android _____ platforms?

_____ that _____ same level of protection against _____ leaks _____ the Android and _____ ?

Is both _____ safe _____ activity

_____ is being _____ protection of ANDROID and _____ phone OSs _____ same as _____ cyber _____.

When _____ risks, _____ if _____ security _____ Apple and Android is similar.

_____ a similarity _____ measures between two leading _____ especially _____ data breeches.

Both the Android _____ be able _____ keep _____ guys _____ accessing _____ data.

_____ if the ANDROID and IOS _____ same anti-malicious security measures.

_____ confirm _____ the ANDROID and IOS have the _____ security _____ attacks?

Is the _____ and _____ comparable to _____ hacker _____ data _____ ?

_____ want to _____ if Apple _____ protection against hacking _____.

_____ a question as to whether _____ protection _____ phone OSs are the _____ exploits.

Should the ANDROID and IOS _____ the _____ attacks and _____ breeches?

_____ the security _____ and APPS _____ cyber criminals and _____ ?

_____ speculated _____ the protection of ANDROID _____ phone OS _____ same _____ for cyber exploits.

_____ the _____ of ANDROID and apple _____ are _____ same for _____ exploits.

There is a _____ that _____ the iOS _____ spread of _____ software.

What do _____ systems do to _____ our phones safe _____ data _____ hacker?

_____ Android and iOS have the _____ protection from _____ ?

_____ tell me _____ the ANDROID _____ have _____ same _____ for hacker attacks?

_____ possible that there is the same level _____ data _____ the ANDROID and _____ platforms?

_____ mobile _____ offer the same level _____ security _____ data _____ ?

Can _____ tell _____ if ANDROID _____ have the same _____ for _____ ?

What are _____ Apple and Android take _____ make _____ safe _____ compromises and _____ ?

_____ of ANDROID and ios equally concern _____ hacks _____ security _____ ?

_____ is being _____ the _____ for the phones _____ the Apple phone OS _____ device _____ against _____.

It _____ thought that _____ protection _____ and _____ OSs _____ the same _____ cyber exploits.

_____ need to _____ if _____ and Android _____ the same degree of _____.

I need to _____ if _____ is the _____ faced with _____ risks.

It is _____ speculated that _____ protection _____ phone OS is _____ cyber exploits.

_____ is _____ if the protection _____ phone OSs towards _____ exploits is _____.

Is the security of ANDROID _____ data _____ cyber _____ ?

Do Android _____ ios _____ same precautions for _____ attacks?

_____ faced with hacking risks, _____ if _____ and _____ is similar.

_____ is being speculated if _____ protection _____ and _____ phone OSs _____ cyber _____ are _____.

_____ being questioned _____ protection _____ OSs are the same _____ against cyber exploits.

Can the _____ operating systems protect _____ the _____ hacks?

_____ is _____ speculated if the _____ Apple phone _____ same as _____ cyber exploits.

It's _____ that _____ protection of ANDROID _____ Apple _____ are the _____ cyber exploits.

What _____ the Apple _____ systems take to _____ phones free _____ attacks?

Do ANDROID and ios _____ precautions _____ preventing _____ attacks?

It is _____ speculated _____ the _____ of ANDROID _____ phone OSs to _____ is _____ same.

Is iOS _____ safe _____ activity?

_____ speculated whether _____ of ANDROID and _____ the same _____ against cyber exploits.

____ the ____ of the two operating ____ against data ____ ?
 ____ and APPS ____ against data and ____ ?
 I would ____ know if the ANDROID and iOS have ____ security measures ____ hacker ____ .
 I need to ____ the ____ Apple ____ Android ____ same ____ facing hacking ____ .
 Is ____ security ____ and ____ equally concerned ____ data ____ and security ____ ?
 ____ possibility is ____ both ____ and the iOS ____ the malicious software ____ endemic.
 It ____ speculated if the ____ for phones ____ the Apple ____ and ____ against cyber.
 ____ measures do Apple ____ in ____ make our ____ safe ____ cyber attacks?
 Is ____ that apps like iOS and Androids ____ malicious software?
 It is speculated if the ____ and Apple ____ same ____ .
 ____ is a possibility ____ the Android ____ the iOS ____ bad guys ____ to ____ data
 ____ possible ____ is ____ same level ____ protection ____ data leaks with ____ platforms?
 Is ____ that ____ is the same ____ from data ____ on ____ the ANDROID and ____ ?
 It is being speculated ____ the protection of ANDROID ____ phones are the ____ .
 Is it ____ we ____ the same level ____ data leaks with either ____ system?
 ____ and ____ follow ____ same ____ for preventing data ____ ?
 Do Android and iOS ____ level of protection ____ malicious ____ ?
 ____ being ____ if ____ of ANDROID ____ phone OSs are same ____ against cyber ____ .
 Is ____ security of ANDROID and iOS ____ against ____ .
 I want ____ know ____ security is ____ same when ____ with ____ .
 ____ possible ____ there is ____ same level of ____ leaks ____ both ____ and the iOS?
 ____ it possible ____ there ____ the same ____ of protection ____ data ____ with ____ two ____ operating ____ ?
 ____ precautions are ____ to ____ data ____ on ANDROID and iOS devices?
 ____ measures do ____ Apple ____ take to ____ our ____ safe ____ threats?
 ____ being speculated whether the ____ phone OSs towards cyber exploits ____ .
 ____ is being speculated whether the ____ of ANDROID ____ Apple phone OSs ____ cyber ____ .
 ____ is a ____ that ____ and the iOS can keep ____ guys ____ accessing ____ .
 Can you tell ____ the same ____ measures ____ hacking.
 There ____ a ____ both the iOS and the ANDROID can keep ____ .
 It's possible that the ____ level ____ protection from ____ be found with ____ the iOS ____ .
 ____ is ____ the ____ phone OS's ____ the same ____ against cyber exploits.
 There is a ____ and ____ iOS ____ out the ____ software ____ has become endemic.
 There is ____ two ____ popular ____ operating ____ against ____ and data security.
 ____ hacking ____ I ____ to know if ____ and Apple ____ the ____ security.
 What do ____ Android systems ____ keep ____ safe ____ cyber ____ and ____ leaks?
 ____ being speculated ____ the protection ____ and Apple phone OSs ____ cyber exploits ____ .
 It ____ speculated if the protection of ANDROID ____ phone OSs ____ as ____ exploits.
 ____ possible that ____ security features ____ and iOS ____ be ____ malicious ____ ?
 Is ____ possible ____ the two most ____ mobile ____ are ____ secure ____ ?
 Whether ____ of ANDROID & ____ phone OSs towards ____ same is ____ speculated.
 ____ it possible that ____ is the ____ of ____ data leaks ____ the iOS ____ ?
 What precautions ____ in place for ____ hacker ____ and iOS ____ ?
 ____ is ____ speculated ____ the ____ of ANDROID ____ Apple phone ____ the same as ____ exploits.
 ____ the ____ operating systems ____ same ____ from cyber attacks?
 I'd ____ to ____ and iOS ____ the same security ____ for ____ attacks ____ data ____ .
 Is ____ that both ____ are ____ safe against data ____ ?
 ____ it possible that data breaches can be ____ ?
 ____ me if the ____ in Apple ____ is ____ with hacking risks.
 Is ____ security ____ iOS ____ security threats ____ data hacks?
 ____ security of ANDROID ____ iOS equally bad ____ and ____ compromises?

The Androids and _____ may keep us _____.
 _____ is being _____ the _____ for phones like the _____ or the Android _____ against cyber.
 _____ you _____ the Android and iOS _____ the _____ measures for _____ and data hacks?
 What measures _____ the Apple and Android _____ phones _____ from _____ and threats?
 Do iOS _____ same _____ security _____ and data compromises?
 _____ is _____ that there _____ of protection from data leaks _____ and Android operating systems.
 _____ you tell me _____ the Android _____ have _____ security _____ for _____ and hacks?
 _____ and APPS equally _____ against _____ and _____?
 It is _____ that _____ protection _____ and _____ phone _____ as _____ cyber exploits.
 It's _____ speculated _____ the _____ of Android and _____ is _____ same _____ cyber _____.
 Is _____ and _____ safe _____ software?
 _____ is being said _____ the _____ of Android _____ Apple phone OSs _____ the _____ when _____ exploits.
 It _____ being speculated _____ the protection _____ phone OSs are _____ same _____ cyber _____.
 Do Android and _____ level of _____ and data compromises?
 The _____ of Android and iOS _____ to hacker _____?
 _____ the Android and iOS _____ with _____ same security _____ for _____?
 _____ that the protection of Android _____ Apple _____ towards _____ exploits _____ the same.
 Is the _____ of _____ and Android equally _____ security threats?
 _____ and iOS _____ the same _____ for anti-malicious attacks, can you _____?
 _____ need to know if Apple _____ the same _____ of _____ faced _____ hacking _____.
 _____ was _____ if _____ of Android and Apple phone OSs _____ same _____ exploits.
 _____ is _____ and _____ the same protection against cyber.
 Can you _____ that both _____ are _____ same _____ for fighting data breaches?
 _____ the _____ of Android and _____ compare _____ data compromises?
 _____ is being _____ whether the operating _____ Apple phone OS or _____ against cyber.
 It _____ speculated if the protection _____ and _____ same compared _____ exploits.
 It was _____ systems for _____ like _____ Apple _____ or the Android _____ protect against cyber.
 Is it true that Android _____ for _____ data attacks?
 _____ the protection _____ OSs are the same as against cyber _____.
 Can _____ if the Android _____ have the same _____ measures for _____?
 Is it _____ the _____ most popular _____ devices _____ secure _____ data _____ malware?
 There is _____ chance _____ both _____ and the iOS _____ keep out _____.
 There _____ chance _____ both the Android and _____ can _____ malicious software.
 Is both _____ the _____ kinds of _____ software _____ data hacks?
 _____ speculated _____ the _____ & _____ phone OSs towards cyber _____ is the _____.
 _____ it possible for _____ Android _____ against data hacks?
 _____ and iOS _____ precautions for preventing _____ attacks?
 _____ the _____ iOS identical _____ hacker and data _____?
 _____ and iOS equipped _____ security _____ for anti-malicious attacks?
 _____ the same security measures _____ anti-malicious attacks?
 _____ and iOS have the _____ as hacker _____ data _____?
 Does the security of Android _____ compare _____ data _____?
 Do _____ if _____ security in _____ Android _____ the same _____ facing _____ risks?
 _____ is speculated whether _____ protection _____ and _____ are the _____ as _____ cyber _____.
 I need _____ know if Apple _____ have _____ level of _____ when _____ hacking _____.
 I _____ to know _____ Apple _____ security when faced with hacker _____.
 Is _____ of Android _____ with hacker and data _____?
 It _____ whether the _____ and Apple phone OSs _____ same, when _____ cyber exploits.
 _____ it _____ that _____ level of _____ leaks _____ the same on both _____ the iOS?
 _____ is thought that the _____ of Android _____ phone OSs are _____ same _____ compared _____.

It _____ speculated _____ the operating systems _____ the Apple phone OS _____ Android device protect _____.
 It _____ been _____ if _____ operating _____ phones like _____ Apple phone OS or _____ against _____.
 Do both mobile _____ give the _____ security measures _____?
 _____ the security _____ and APPS _____ against data and _____?
 When compared to cyber _____ being _____ the protection _____ and _____ are the _____.
 _____ is thought that _____ and Apple _____ OSs _____ same as against _____ exploits.
 Is _____ that Android and iOS _____ the _____ precautions for _____ data _____?
 What measures _____ the Apple _____ take _____ phones safe from _____ compromises and threats _____?
 It _____ being _____ if the protection _____ is _____ as against cyber exploits.
 _____ possibility that the protection of ANDROID _____ phone _____ the same as _____ cyber _____.
 _____ security _____ the same as hackers _____ data breeches?
 _____ both ANDROID and ios to protect _____ data _____?
 _____ of ANDROID and APPS equally _____ data _____ cyber crooks?
 _____ it _____ the Android _____ handle data breeches _____ same way?
 _____ it possible _____ same _____ when it comes _____ data leaks in the Android _____ the iOS?
 _____ is being _____ and Apple _____ are the same _____ cyber exploits.
 It is being _____ if _____ protection _____ OSs are the _____ as for _____.
 _____ it _____ there _____ the _____ level _____ protection from data _____ either the iOS or Android operating _____.
 I need to know _____ and _____ the same when faced _____.
 Is _____ the same security measures for _____?
 _____ tell _____ if the ANDROID and iOS are _____ with _____ security measures for hacker _____ data _____.
 It _____ the _____ of ANDROID and Apple _____ the same _____ cyber exploits.
 Is the _____ of ANDROID and _____ the hacker and _____?
 Is it possible _____ there is the _____ level _____ against _____ the Android and iPhone _____?
 _____ the security _____ against computer and _____ hacking?
 _____ possible the _____ of ANDROID _____ phone OSs are _____ same for _____ exploits.
 It _____ possible that there _____ the same _____ protection against _____ on _____ the iOS.
 Is it _____ there _____ the same _____ protection _____ data _____ with both _____?
 There _____ chance _____ both _____ iOS can keep _____ malicious software.
 _____ it possible _____ and iOS _____ data _____ the _____?
 _____ of ANDROID _____ phone OSs _____ cyber exploits is being _____.
 It is being _____ whether the protection _____ phones _____ same _____ cyber _____.
 _____ of ANDROID and _____ against _____ and data compromises?
 Tell me if Apple _____ similar _____ when _____ hacking _____.
 It's being _____ the _____ systems _____ phones like _____ phone OS _____ device protect against _____.
 Is it possible that there _____ level of _____ data _____ the iOS or ANDROID operating _____?
 Do you _____ if security in _____ similar when _____ risks?
 Is _____ and _____ safe against _____?
 _____ systems give the _____ protection _____ malicious software _____ data leaks?
 _____ possible _____ the Android and the iOS _____ keep out the _____ that _____.
 _____ true _____ both devices _____ with _____ same security measures for _____ data _____?
 _____ is possible _____ is _____ level _____ protection _____ data leaks on _____ the Android _____ platforms.
