

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Guidance on energy-saving tips
Inquiry Sub-Category	Heating and cooling
Description	Customers seeking tips on efficient use of their heating and cooling systems, including recommended set temperatures and usage habits.
Data Size	12,188 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

_____ studies shown that _____ specific _____ the home _____ reduce winter _____ costs overall?
_____ a way to cut _____ space warmers _____ areas?
_____ it proven that _____ can cut down _____ heating _____?
Is _____ heating in certain _____ at home _____ winter _____?
_____ scientific experimentation _____ to _____ a correlation between _____ of space _____ specific home _____ and _____
_____ heating costs?
Is _____ thorough study to _____ the targeted _____ of _____ heaters _____ certain _____ of a home
effectively _____ winter
Do studies show _____ heating _____ indoor _____ winter?
_____ there evidence that _____ heaters _____ winter _____?
Can _____ further investigate if isolating heat _____ the _____ heating _____ energy _____?
Do you know _____ placing _____ winter heating _____?
_____ it possible _____ to back up _____ use _____ heaters _____ certain sections of a _____ reduces winter
_____ expenditures
_____ evidence _____ heating bills with _____ space _____ applications.
Is there _____ the use _____ heaters _____ winter expenditures?
_____ heater _____ areas can _____ down on _____ heating bills.
_____ handling expenses can be lowered _____ heaters _____ placed _____.
_____ possible that using _____ heaters _____ bring down the _____ the winter.
Is it _____ room specific electric or _____ will help _____ my _____ warming chamber.
Do _____ hard evidence showing that _____ heaters _____ in _____?
_____ empirical evidence _____ if _____ space _____ in individual _____ lead _____ a reduction in costs _____ heating?
Studies _____ in certain areas of _____ lower winter _____ costs.
_____ show that using space _____ designated areas _____ heating _____?
Is _____ true that _____ space heaters can _____ money _____ gas _____.
There have _____ reports _____ show _____ heaters _____ energy bills.
_____ heaters can _____ used _____ winter heat _____ targeted areas.
Does research suggest _____ using targeted _____ down on _____?
Do _____ that _____ space heaters _____ less _____ during _____?
_____ space heaters _____ winter heating expenditure?
Is space heating _____ at home _____ winter heating _____?

_____ using space _____ reduce _____ costs?

_____ heating _____ parts help cut winter heating _____?

Is it possible _____ costs using _____ heaters?

Do studies show _____ certain _____ reduce winter heating costs?

Is _____ in winter _____ costs can be achieved _____ the _____ of a _____ heating device _____ household _____?

_____ heaters _____ be used _____ decrease winter _____ targeted home _____.

Can _____ heaters _____ certain homes help _____ down on _____?

Is _____ of _____ heating _____ targeted space heater _____?

_____ there any evidence _____ suggest that the use _____ expenditures?

_____ have _____ space heaters in _____ areas of _____ house can _____ reduce _____ heating _____.

_____ any _____ support _____ idea that using space heaters _____ residential areas _____ winter _____?

_____ employing space _____ within limited home spaces _____ lower winter heat _____ supported by _____.

_____ space _____ able _____ cut _____ on winter _____ costs?

_____ research show that the _____ of _____ heaters could _____ a _____ in winter heating _____?

_____ research suggesting _____ strategically placing space _____ can _____ heating _____ winter?

_____ there any _____ the use _____ heaters _____ areas reduces winter _____ costs?

_____ scientific research show that _____ specific spaces _____ a reduction of _____ heating _____?

Research _____ that _____ space heaters in designated _____ can _____ winter _____.

_____ to _____ if isolating heat sources with _____ space heater _____ energy _____?

Is _____ any _____ that _____ areas have lower winter _____ of _____ heaters?

_____ scientific experimentation capable _____ showing _____ correlation between _____ of _____ and a decrease _____ winter _____?

_____ there evidence to _____ space heaters have lower _____ charges?

_____ show that _____ space _____ application reduces winter _____?

_____ having a space heater _____?

_____ that using _____ heaters in certain _____ house could reduce _____ heating costs.

_____ the _____ heating bills supported _____ targeted space _____ applications?

Has scientific experimentation _____ targeted _____ heaters and a decrease _____ heating costs?

_____ space _____ cut heating bills?

Space heaters _____ be used in specific _____ of _____ heating _____.

_____ heaters can help _____ expenses.

According _____ employing space heaters _____ within _____ spaces _____ lower the _____ winter heat regulation.

_____ it _____ that _____ heaters in some areas of a building can _____ a reduction _____?

_____ it possible to cut _____ heating expenses _____ heaters _____ some _____ zones.

Space heater use in _____ can _____ winter _____ bills.

Does scientific research _____ that incorporating _____ result in a _____ heating expenditure?

_____ shown that _____ space _____ certain home _____ winter heating expenditures.

_____ of _____ heaters in designated areas has _____ shown _____ bills.

_____ research shows _____ using targeted space _____ cut winter heating _____.

_____ suggest _____ using _____ heaters _____ targeted home regions will lower _____.

_____ scientific investigations _____ that _____ of _____ during _____ winter is _____ down by _____ heaters?

_____ heater on and _____ heat _____?

_____ there _____ of _____ charges for winter _____ in _____ with _____ heaters?

Space heaters _____ used _____ targeted _____ decrease _____ heat costs.

_____ heaters help _____ winter heating costs at _____?

Have studies _____ that _____ space _____ lowers _____ heating _____?

Do studies show that _____ a _____ reduces _____ season _____?

_____ heaters can cut _____ costs _____.

_____ any evidence _____ the total cost of winter _____ be _____ utilizing local _____?

Is scientific research showing that _____ specific _____ could _____ winter heating expenditures?

Can _____ use _____ specific room-specific _____ to a _____ in the winter?

_____ space heaters to cut winter _____ fees.

_____ it possible _____ to lower wintertime _____?

Space warmers should be placed in _____.

_____ certain _____ investigations confirm that using _____ down the _____ heating?

Research _____ space heaters _____ some _____ can reduce _____.

Is it possible for thorough _____ to _____ claims _____ use of space _____ specific _____ reduces _____ heating _____?

_____ empirical _____ if the _____ of _____ heaters in residential buildings _____ a reduction in _____ heating _____?

_____ that _____ discreetly _____ limited home _____ can lower expenditures on winter _____ regulation.

Does _____ use of space _____ certain _____ winter heating _____?

Can scientific _____ that employing space _____ lowers _____ of heating _____?

Is _____ showing that using _____ heaters _____ heating _____?

_____ can be used in _____ areas to _____ costs.

Have _____ that _____ space _____ certain parts _____ the _____ can lower _____ heating _____?

Research _____ shown that _____ space _____ home sections _____ winter heating _____.

Is it _____ that _____ decrease _____ heat _____ achieved through _____ utilization _____ a space heating _____ in _____ household?

Is it _____ placing space _____ decreases _____ heating _____?

_____ it _____ to back up _____ claims that the targeted use _____ space _____ winter heating?

Is _____ any evidence to _____ reduce _____ heating expenditures?

_____ heat reduce _____ winter _____ bill?

Is _____ possible that _____ heater _____ lower _____?

Is there any evidence _____ targeted space _____ heating _____?

_____ Heaters reduce _____ heating costs?

Is _____ studies _____ back _____ claims _____ use of _____ in certain _____ of a home _____ cuts winter heating _____

_____ curious whether _____ using targeted space heaters _____ winter _____ costs.

_____ cut _____ using space heater in certain home zones?

_____ have been suggested _____ solution _____ winters.

_____ has shown that using _____ heaters _____ can _____ on winter heating _____.

_____ there _____ benefits _____ using targeted space _____ to save _____?

There are _____ suggest _____ heaters _____ targeted areas.

_____ it possible to cut down _____ winter _____ costs _____?

_____ possible to cut _____ winter _____ expenses _____ space heaters _____ home zones?

Is _____ using space heaters _____ winter heating _____?

Space heaters _____ be _____ in _____ regions _____ heat costs.

_____ there _____ that _____ heating _____ cut _____ on heating bills?

_____ curious _____ research shows that _____ targeted _____ heating could save _____.

_____ heaters _____ good _____ to cut down _____ winter _____ costs?

_____ space _____ cut _____ on _____ heat _____?

_____ strategically placing _____ heaters reduce their costs?

Is _____ any evidence _____ the _____ that using _____ heaters in targeted areas _____?

_____ show that _____ can lower _____ expenses.

_____ has _____ that _____ in some rooms _____ cut heating _____.

Can further _____ prove _____ sources with _____ application _____ space _____ reduces wintertime _____?

Is it possible to _____ down _____ heating _____ space _____?

Is it possible _____ money _____ targeted space Heaters?

_____ space heater's cut _____?

_____ studies that _____ space _____ in _____ home _____ to lower winter _____ costs.

Is _____ evidence to _____ space _____ reduce winter _____?

_____ use _____ specific room-specific space _____ actually _____ decrease _____ expenditures during _____ winter?

Is _____ any proof _____ using space heaters _____ in limited home _____ winter _____?

Is there _____ that winter _____ lower due _____ space _____ ?
 _____ it known _____ heaters strategically _____ winter _____ costs?
 _____ it true _____ targeting space heaters reduces _____ the _____?
 _____ research show _____ using _____ heaters _____ designated areas cuts down _____ ?
 Is there _____ evidence _____ reduces expenditures during _____?
 Does it _____ been _____ cost of winter heating can be _____ by _____ heating?
 Do _____ heaters _____ heating _____?
 _____ space _____ in _____ cutting heating _____?
 Is it possible _____ space heating _____ reduces winter heating costs?
 _____ empirical _____ if _____ individual areas of _____ buildings can _____ to _____ in winter heating costs?
 It's _____ that _____ heat costs _____ be _____ due _____ heating.
 _____ space heaters _____ bills?
 Space _____ targeted _____ be able to decrease winter _____.
 Can the use of _____ heaters _____ a _____ in overall _____ the colder months?
 _____ heating _____ is _____ heaters are used accurately.
 _____ heaters in targeted _____ regions _____ be _____ to _____ costs.
 Can _____ investigations _____ that _____ heaters _____ cost of heating _____ the winter?
 There is _____ that _____ use of space _____ is _____ in _____ heating _____ can be reduced.
 Do studies _____ that _____ space heaters in _____ reduces winter heating _____?
 Is _____ possible _____ strategically _____ space _____ to _____ heating expenses?
 _____ research show that using _____ space heaters _____ heating bills?
 Space _____ could _____ an energy-saving solution _____ winter.
 Space heaters _____ be _____ to _____ expenses for _____ handling.
 Is _____ shows _____ a _____ in winter heat _____ is related _____ the _____ a _____ in a household?
 Is _____ true that _____ winter warming costs?
 Research _____ space heaters _____ bills.
 _____ it _____ cut down on heating _____ targeted space _____?
 _____ space heating applications backed by _____ of _____?
 Do studies _____ targeted _____ applications lowers winter _____?
 _____ it _____ heaters reduces winter heating costs?
 _____ studies have shown that _____ space _____ areas, winter _____ expenses _____ reduced.
 _____ certain _____ space _____ lead _____ a decrease in overall expenditures?
 _____ it possible _____ winter _____ using space _____ in _____ parts of the house?
 _____ heating can be _____ winter heat _____ in _____ home _____.
 Is there any evidence to support _____ that confined _____ heaters _____ heating _____ for _____?
 Is _____ that _____ space heating _____ energy _____ the winter?
 _____ studies _____ heaters in _____ the house can lower _____ heating expenses.
 Is it possible that using space heaters _____ buildings _____ to _____ in costs _____ heating?
 Can space _____ me _____ on _____ heating _____?
 _____ am _____ if research shows _____ heaters can lower winter _____.
 _____ scientific _____ that using space heaters brings _____ heating?
 _____ to lower the winter _____ by using space _____?
 _____ it proven _____ is _____ effective strategy to _____ heating bills?
 Space _____ should be placed _____ areas to _____.
 _____ there any research _____ the hypothesis that confined use _____ heaters _____?
 _____ scientific _____ show that incorporating specific _____ heater _____ will result _____ winter _____ expenditures?
 Is it possible for thorough studies _____ back up _____ claims _____ of _____ specific _____ winter heating _____?
 Winter _____ can be _____ with _____.
 Home _____ expenses _____ be _____ by strategically placing space _____.
 _____ cut down on winter _____ if _____ in _____ parts of the _____?

_____ save money on winter _____?

_____ it _____ that _____ bills _____ by employing targeted space _____?

Is there conclusive research _____ a _____ heat costs _____ be achieved _____ using _____ heater in certain _____?

_____ that employing space _____ discreetly _____ limited _____ spaces can lower winter _____.

_____ there _____ evidence to support _____ space _____ result in _____ for warmth?

_____ heaters can _____ heating _____.

Have _____ shown that _____ heaters in certain _____ can _____ heating _____?

According _____ using space _____ in _____ helps cut down _____ heating _____.

Is there _____ to _____ the _____ the use _____ reduces winter heating _____?

There _____ a hypothesis _____ of space _____ in _____ locations _____ heating expenses.

Space heaters _____ strategically placed to _____ snow _____ expenses.

Is it _____ for space _____ to _____ heating _____?

_____ possible that _____ costs can be _____ heater positioning.

_____ the use _____ particular _____ space _____ lead _____ lower expenditures _____ the _____?

Is _____ research that _____ using space _____ reduces _____?

_____ investigations _____ that _____ space _____ brings _____ the cost of _____ the winter _____?

_____ the _____ prove that using space _____ heating expenses?

Space _____ be _____ certain _____ to cut _____ costs.

_____ heating up _____ saving _____ bills is a _____.

Do _____ showing the heaters _____ in winter?

_____ it _____ room-specific _____ displacing heater will help _____ my home's bill?

_____ targeted space heating application _____ winter heating _____?

_____ heaters can cut _____.

Is _____ evidence that these _____ save _____ winter?

_____ shows that using targeted space _____ cut winter _____ bills.

Is space _____ some rooms _____?

_____ it possible _____ a thorough _____ back _____ claims that the _____ of _____ heaters _____ sections _____ a home _____ save _____

_____ that _____ decrease in overall _____ related to winter _____ can be achieved _____ utilization _____ heater in certain _____

_____ cost _____ during the winter is brought down by _____ space heaters?

Is _____ studies to back _____ claims that the targeted use _____ space _____ a home _____ winter heating

Is _____ to _____ on winter _____ bills _____ using a _____ heater?

_____ am _____ using targeted space heaters _____ cut _____ heating costs.

Is _____ certain _____ home good for _____ heating?

Studies _____ that _____ parts of _____ house _____ winter heating expenses.

Small heating _____ in _____ cut cold _____.

_____ known that _____ space _____ in _____ areas can reduce winter _____?

Can _____ use of specific _____ space heaters lead to _____ decrease _____ expenditures _____?

_____ possible _____ place space _____ reduce snow weather handling _____?

Do _____ that using space _____ heating costs?

Is _____ that _____ placing _____ heater _____ lower _____ heating expenses?

Is _____ studies to back _____ targeted _____ of _____ heaters in certain _____ a home will _____ winter heating

Does scientific _____ a correlation _____ targeted _____ space _____ and _____ decrease in _____ heating _____?

_____ studies _____ targeted _____ heating application _____ heating expenses?

_____ that _____ heaters may lower _____ heating expenses in _____.

_____ studies have shown _____ benefits of _____ space _____ in _____ house.

_____ there evidence of _____ bill for _____ heater applications?

Do _____ that space _____ reduce _____ costs during _____ winter?

_____ show that _____ heating application _____ winter heating _____?
 _____ incorporating _____ spaces _____ could reduce winter heating expenditure?
 _____ idea _____ using space heaters _____ areas to _____ winter _____ gaining traction.
 Is it possible _____ to reduce _____ winter _____ expenditure?
 _____ there _____ evidence _____ the _____ using space heater in targeted areas _____ winter _____?
 Is it _____ to use space _____ in _____ to _____ costs?
 _____ studies _____ space heaters _____ an energy-saving _____ winters?
 _____ targeted space _____ backed _____ of reduced heating bills?
 _____ there _____ that _____ heating application _____ heating expenses?
 Is it possible _____ heaters _____ lower _____ bills?
 _____ possible that space heaters _____ cut _____ heating _____?
 _____ heaters _____ certain places at _____ winter heating costs?
 _____ using _____ cut winter _____ expenses?
 _____ that space heaters can _____ bills.
 _____ that using targeted _____ heaters can _____ down on _____?
 _____ to prove _____ isolating heat sources _____ wintertime energy expenditures?
 _____ there research showing that using space _____ help _____ down on _____ bills?
 _____ the use _____ specific room-specific _____ heaters _____ overall _____ in the colder months?
 Is _____ possible to _____ by placing _____ warmers _____ certain _____?
 Are there _____ that _____ using space _____ winter _____ expenses?
 Is _____ true _____ show that space _____ use _____ expenses.
 Do studies _____ cold season _____ by using a _____ heating _____?
 _____ heaters _____ suggested to _____ heat _____ in _____ home regions.
 There are studies _____ the _____ that _____ space heaters in _____ lower _____ heating _____.
 _____ proven _____ placing space _____ can _____ winter heating _____?
 Are studies _____ targeted space _____ application _____ heating _____?
 _____ prove that _____ heaters _____ an _____ to _____ winter heating bills?
 _____ there research _____ space heaters _____ help cut down on winter _____?
 Can _____ certain _____ in _____ to lower winter heating costs?
 Space _____ be _____ to _____ costs _____ home _____ weather handling.
 Can _____ show if isolating _____ sources _____ space _____ reduces _____ outlays?
 Is it _____ that _____ using _____ in _____ can cut winter _____ costs?
 Is there any _____ certain areas _____ for winter _____ the space _____?
 _____ to cut down on _____ in the house?
 Is there any evidence that _____ heater _____ certain _____ sections _____?
 _____ that studies confirm that the _____ of _____ heaters reduces _____?
 _____ research _____ that using _____ targeted _____ can cut _____ on _____ bills?
 Space _____ can _____ heating _____.
 _____ heaters can be _____ in targeted _____ regions _____ Winter _____.
 Is _____ to support _____ certain areas _____ have lower charges for winter warmth?
 Does _____ suggest that strategically placing _____ heaters can _____?
 _____ possible _____ lower the _____ winter heating expenditures?
 Are there studies _____ the _____ that _____ heaters reduces winter _____?
 Does _____ a _____ targeted use _____ space _____ within specific home sections _____ winter heating _____?
 _____ heaters _____ back _____ heating _____?
 _____ you _____ any _____ that these _____ save _____ when winter _____?
 Is _____ that _____ targeted space heaters _____ energy _____ the _____?
 Can _____ heaters _____ some _____ the house _____ winter heating _____?
 _____ curious _____ that using _____ space _____ cut winter heating costs in _____ home.
 _____ it true _____ using _____ room specific electric _____ displacing _____ reduce my _____ bill _____ the warming _____?

_____ be strategically placed to _____ snow _____ handling expenses.

Space _____ need _____ in select _____ to cut _____.

Is _____ space _____ is _____ effective _____ lower winter _____ bills?

Are _____ that support the idea of _____ in _____?

_____ it possible to decrease heating _____ using _____?

Is there _____ way to cut _____ costs _____ heaters?

_____ the use _____ specific _____ heaters lead to _____ reduction _____?

_____ heaters have _____ used as _____ for _____.

_____ if _____ heater reduces winter heating costs?

_____ heaters can be used wisely _____ heating _____.

Does _____ strategically _____ heaters can _____ overall heating expenses?

_____ there evidence that _____ in _____ areas _____ winter heating _____?

Do _____ studies _____ that _____ application _____ winter heating expenses?

_____ possible that small heaters _____ can save _____ season _____?

_____ space heaters _____ used _____ winter _____ expenditures?

_____ evidence _____ that specific _____ with space _____ have reduced winter _____?

_____ is evidence that _____ costs _____ positioning of space heaters.

_____ space _____ is used in certain _____ of _____ house, _____ heat _____ reduced?

_____ curious _____ shows _____ using targeted space heaters _____ cut _____.

Is there _____ evidence _____ idea that confined use _____ heaters _____ diminish _____ heating expenses _____?

Does research _____ idea _____ targeted space heaters _____ heating _____?

Is _____ support _____ idea that space _____ heat expenditures?

_____ you know if placing _____ lowers winter _____?

Can _____ save money on _____?

_____ is a possibility _____ winter _____ are lowered due _____ space _____.

Do you _____ if a _____ can _____ traced _____ to _____ fact that certain household _____ use space _____?

Is it possible for thorough studies to _____ claims that the _____ of _____ reduces _____ winter _____ sections _____?

I am _____ research shows that using _____ heaters can _____ the home.

Is _____ any _____ that space _____ in reduced winter _____?

_____ space heaters to save money on _____ bills _____ any _____?

Does _____ targeted space heating can _____ heating _____?

Is it _____ strategically placing space _____ your _____ costs?

_____ you know if placing _____ winter heating _____?

Does the _____ space heating _____ winter heating _____ this _____?

_____ reduction in _____ expenditure could be achieved by _____ specific _____.

Studies _____ in _____ of the house can _____ cheaper.

_____ know _____ studies _____ the use _____ space _____ reduces cold _____ expenses.

_____ using _____ heaters is an _____ strategy to lower _____ bills?

Is _____ strategically _____ space _____ winter heating costs?

_____ it _____ to _____ down _____ heat _____ with space heater _____?

Can space heaters _____ home's _____?

_____ that using space heaters is an _____ way _____ heating _____?

_____ any evidence to show _____ heaters reduce _____ expenditures?

Are _____ any studies _____ that _____ heaters _____ an effective _____ lower _____ bills?

Does scientific experimentation _____ use of space _____ lower winter _____ costs?

Is it _____ space heaters reduces winter _____?

Is there _____ of reduced heating _____ associated _____ heating _____?

_____ space heating in _____ at _____ lower winter heating _____?

_____ hard evidence _____ these heaters save _____ winter?

Are _____ any reports _____ if space _____ decrease _____ bills?

Space _____ be _____ in _____ of the _____ to cut _____ on _____ heat _____.

_____ heating help cut _____ winter heat _____?

_____ of space heating _____ winter _____ costs?

Is it _____ costs _____ be _____ by using _____ space heater?

Is it _____ space _____ targeted areas will _____ winter _____ costs?

What research _____ have been made _____ a decrease _____ winter heat costs _____ of _____ heaters in _____ household zones

_____ using space heaters an effective _____ winter _____?

Is _____ possible that using _____ heaters _____ of residential _____ lead _____ a _____ reduction in _____ heating _____?

_____ the use _____ space _____ lead to _____ decrease _____ expenditures?

_____ research _____ space heaters can _____ on heating bills?

Is _____ areas helping to _____ down on _____ heating costs?

Is it possible to cut down _____ using _____ heaters in _____ home _____?

_____ the use _____ a _____ heaters reduces _____ season costs?

_____ there any _____ using _____ heaters in designated _____ cut _____ bills?

_____ space heaters _____ bills?

Is it _____ placing _____ in _____ can _____ your heating _____?

_____ know if _____ proven that placing _____ heaters reduces winter _____?

Has _____ proven _____ space _____ makes _____ heating more economical?

There _____ studies _____ using _____ in _____ areas will _____ winter _____ costs.

There are reports _____ space _____ reduce winter _____.

_____ using _____ electric _____ gas displace _____ will help _____ my home's bill to _____ chamber?

Can _____ money on my heating bill?

_____ known whether _____ not using localized _____ decreases _____ cost _____ heating?

_____ empirical evidence _____ a _____ costs can be _____ the use of space _____ in residential _____?

_____ heaters cut heating _____?

_____ using space heaters _____ method to _____ bills?

_____ it true _____ studies _____ space _____ cold season expenses?

_____ heaters in certain _____ may _____ cut down _____ heating _____.

Is there _____ evidence to suggest _____ heater _____ reduces _____?

_____ it true _____ studies confirm _____ use of _____?

Is _____ to _____ that _____ space heaters _____ winter expenditures?

Is _____ evidence _____ show _____ the use of space _____ during _____?

_____ true _____ space _____ energy during the winter?

_____ there studies _____ idea _____ using _____ heaters _____ targeted areas?

Is _____ that using _____ in _____ cuts _____ on _____ heating bills?

_____ specific _____ space _____ help _____ lower expenditures during _____ colder months?

Can _____ confirm whether isolating _____ sources with _____ application _____ reduces wintertime _____?

_____ for _____ to back up _____ targeted _____ of _____ heaters within _____ sections of a home will _____ money

Does _____ been shown _____ the _____ heating can be _____ local space heaters?

_____ space heating cut _____ heat _____ the _____?

Do you _____ any _____ showing these _____ dough _____ winter?

_____ space _____ be strategically _____ to _____ snow _____ costs?

_____ there any _____ back _____ the _____ that space _____ reduce _____ expenditures?

Does empirical evidence show _____ using space _____ in individual _____ lead to _____ reduction _____ heating costs?

Is _____ that _____ that _____ space _____ use reduces cold _____ expenses?

Do the research _____ space heaters reduces _____ costs?

_____ possible that _____ Heaters can slash _____ season _____?

Is _____ possible to cut overall costs _____ warmers _____ areas?

_____ warmers in a _____ places _____ costs.

_____ there _____ the _____ that _____ use of space heaters in residential locations _____ winter _____?

Is it _____ the use _____ targeted _____ energy bills?

Studies show that _____ can _____ winter _____.

_____ true _____ using targeted _____ heater reduces _____ bills during _____?

_____ claims _____ within limited home spaces _____ lower winter heat _____ expenses.

_____ empirical evidence show _____ space heaters _____ lead to _____ in heating costs?

_____ there evidence to _____ that there _____ reduction _____ in _____ areas _____ space heaters?

Is it _____ the _____ of _____ during the _____ can be _____ down _____ heaters?

Studies have _____ that _____ space _____ in _____ of the house _____.

Is it possible _____ space _____ our _____ bills?

You _____ evidence _____ the heaters _____ dough _____ the _____?

_____ evidence to support the hypothesis _____ use _____ space _____ reduces winter _____ comprehensively?

_____ investigations _____ employing space heaters _____ the cost of heating _____?

Can space _____ used in _____ to cut down _____ heating _____?

_____ space _____ designated areas cut down on winter _____ bills?

I'm curious to _____ if _____ using targeted _____ cut _____ heating costs.

I'm curious _____ know if _____ that using _____ could cut _____ heating _____.

Does research _____ using space heaters in _____ bills?

You _____ evidence _____ these heaters save dough _____?

Does scientific _____ of _____ heaters _____ specific home sections _____ a decrease _____ winter heating expenses?

_____ studies show that using _____ parts of _____ winter heating costs?

Is _____ proof that _____ in certain home sections _____ heating _____?

_____ it possible _____ space heaters to _____ down on _____?

_____ it possible _____ winter heating _____ by using space _____ in _____?

_____ it possible for _____ to _____ home's winter _____ expenditure?

_____ there any _____ that space heaters _____ energy bills?

Is _____ evidence that the _____ space _____ reduces _____ heat _____?

_____ it _____ that studies show _____ heating _____ reduces _____ season expenses?

Can _____ investigations be _____ to see if isolating _____ space _____ wintertime _____?

_____ there _____ space _____ individual _____ of _____ can lead to a _____ in winter heating costs?

_____ it possible _____ investigate _____ isolating heat _____ space heaters reduces wintertime _____?

_____ heating _____ cut winter _____ costs?

Is _____ a _____ targeted use _____ space heaters _____ specific home _____ and _____ decrease in _____?

Does _____ research show _____ using _____ usage can _____ in a _____ winter heating _____?

Is _____ possible _____ up _____ that _____ targeted use of _____ heaters in certain parts of _____ house _____ save _____

Research _____ space heaters can cut _____ bills _____.

Can _____ show that winter heating costs _____ a _____ heater?

Is it possible to cut _____ by _____ warmers _____.

What _____ some studies that _____ using _____ winter _____ costs?

Is it proven _____ heating expenses?

Recent studies _____ shown _____ winter heating can be reduced _____ heaters in _____.

_____ to _____ down on winter heat _____ using _____ heaters _____ certain parts _____ house?

_____ show _____ space _____ application lowers _____ heating expenses?

_____ a possibility _____ heat costs can be lowered _____ to _____.

_____ warmers should _____ placed _____ some _____ cut costs.

Is _____ of reduced _____ targeted space heaters?

_____ is evidence that winter heat _____ can be _____ to _____.

_____ there _____ that space heaters _____ individual _____ can _____ to a significant reduction _____ winter _____?

Is there _____ proof that incorporating specific _____ usage _____ a _____ of winter _____?

_____ there empirical _____ that shows a _____ reduction in winter _____ with _____ use _____ individual buildings?

_____ to _____ warmers strategically to _____ wintertime bills?

_____ it possible to _____ heaters to reduce _____?

_____ space heater _____ reduce winter _____?

Is it _____ that _____ of _____ space _____ reduces _____ bills?

Is there _____ the notion that using _____ heaters _____ areas _____ winter _____ costs?

_____ it possible _____ placing space heaters _____ lower _____ expenses?

_____ studies show _____ using _____ the cost _____ winter heating?

_____ claims that _____ of space _____ within _____ home _____ can lower winter _____ regulation costs.

There _____ claims _____ space heaters discreetly within limited _____ can significantly _____ expenditures.

_____ it possible that the use _____ a _____ heater _____?

_____ use _____ heaters _____ indoor _____ costs in winter?

_____ warmers should _____ certain areas to _____ overall _____.

_____ using space _____ certain _____ sections reduces winter heating expenses?

_____ suggest _____ space heaters _____ of the _____ can lower _____ costs.

_____ that _____ targeted _____ heating lowers energy bills?

Yes or no, _____ heating _____ heat _____.

Is _____ evidence to _____ that _____ use of _____ winter _____ expenditures?

_____ for a thorough study _____ back up _____ the targeted use _____ space _____ of a home _____ money

Recent _____ have _____ heating in _____ parts of the _____ can save _____.

Research _____ shown _____ using space _____ reduces winter _____ bills.

_____ a research-backed _____ using targeted _____ heaters?

Is there studies _____ idea _____ using space heaters to _____?

_____ definitive research conclusions _____ a _____ winter heat _____ can _____ using a local space _____ household zones?

Can _____ in certain _____ help _____ winter heating _____?

_____ that winter _____ costs can be _____ to _____ heater positioning.

Is it _____ for small _____ rooms to _____ season _____?

Is _____ a _____ money on _____ bills _____ space heaters?

_____ it true _____ using _____ specific _____ gas displacer will _____ reduce _____ bill to warming _____?

Does _____ heating in certain _____ at _____ help to _____?

Is _____ possible to confirm _____ isolating _____ with the _____ space _____ reduces wintertime _____?

Is _____ that a decrease _____ winter heat _____ can _____ by _____ of a space _____ household zones?

_____ is a claim that employing _____ heaters discreetly _____ limited _____ can _____ heat regulation _____.

_____ studies _____ that targeting _____ lowers _____ heating costs?

_____ studies _____ the total _____ of winter _____ can be _____ by _____ local _____?

Can space _____ bill?

Is _____ heaters _____ effective _____ lower _____ heating bills?

_____ proof that winter _____ are _____ space heater positioning?

_____ it possible _____ thorough _____ show _____ targeted use _____ heaters _____ specific sections of a home effectively _____ expenditures?

_____ evidence _____ heaters in designated _____ can help cut down _____ bills?

Studies suggest _____ winter heating _____.

Can research findings prove _____ space _____ heating _____?

_____ heaters _____ lower _____ heating expenditure?

Does using _____ heaters _____ wintertime _____?

Is _____ any evidence to show _____ winter _____ bills?

Can _____ evidence show _____ the use of _____ heaters _____ lead _____ a reduction in _____ in _____?

_____ any _____ support the _____ that using space _____ residential locations _____ winter heating _____.

Can _____ the effects of _____ heating costs?
 _____ want to know _____ research shows _____ using _____ space heaters could _____ money _____.

Can _____ use of particular _____ space _____ to a _____ overall _____?

Is _____ possible for space _____ to lower _____ heating _____?

_____ you prove that _____ space heaters reduces _____?

Is _____ evidence _____ show if space _____ winter energy bills?
 _____ space _____ in _____ spots _____ the _____ help to lower winter _____?
 _____ possible that space heaters could _____ my _____?

Studies suggest _____ space _____ heating expenses.

Studies _____ heaters can reduce winter _____.

_____ specific room-specific space heaters _____ a _____ in expenditures during _____ cold months?

Studies suggest that _____ can _____ heating _____ in _____ areas.
 _____ it true that using space heaters in _____ down _____ bills?

According _____ employing space _____ within _____ home spaces _____ significantly lower winter heat _____.

_____ thorough study _____ use _____ heaters _____ certain sections _____ a _____ effectively reduces winter heating expenditures?

There is _____ that _____ can _____ lowered due to _____ heater _____.
 _____ can be used _____ solution in _____.

Are there _____ that _____ use _____ space heaters reduces winter _____ bills?
 _____ claims _____ using space heaters discreetly _____ home spaces _____ winter heating _____.
 _____ it possible _____ heating _____ with _____ heaters in _____ places?

Do studies show that _____ use of space _____?

The _____ will save winter _____.

By _____ space warmers in _____ areas, _____ about _____?
 _____ show _____ space heaters _____ designated areas _____ down on _____ bills?

Can _____ space heaters _____ on winter gas _____?

_____ studies _____ using space heaters in _____ areas _____ winter _____ costs?
 _____ help to lower winter _____ expenses at _____?

Can scientific _____ using space heaters lowers _____ of _____ winter?
 _____ research _____ strategically _____ space _____ could _____ your heating costs?

Is it possible for a thorough _____ up _____ targeted use _____ space heaters within specific _____ winter _____?

_____ am _____ research supports the idea of using _____ cut _____ costs.

Is _____ that studies can _____ space _____ use _____ winter _____?

_____ are _____ research-backed _____ targeted space heaters to save _____.

_____ like _____ know _____ research shows that _____ targeted _____ heaters _____ winter heating _____.

Are _____ any _____ that show _____ space heaters _____ bills?

Is space _____ lower _____ expenses?
 _____ can _____ used wisely to cut _____ heating _____.

_____ there evidence _____ that _____ of space heater reduces _____?

Do _____ know if _____ space heaters in _____ reduces _____?

_____ there any evidence _____ of _____ heaters to _____ winter heating costs?

Is there any _____ to _____ using _____ heaters _____ targeted areas _____ winter heating _____?

Is _____ to _____ heating _____ by _____ space heaters _____ certain _____ zones?

There are _____ of using _____ space _____ to _____ winter gas _____.

_____ that strategically _____ space heaters _____ your heating expenses?

_____ curious _____ know _____ research _____ targeted _____ can cut winter heating costs.

Research _____ placing space heaters can lower _____ costs _____ winter.

Is _____ that using room specific _____ displacing heater will _____ home's warming _____ bill?

Is _____ any evidence _____ idea of using _____ heaters _____ winter _____?

Is it true _____ employing targeted _____ reduces energy _____?

_____ use _____ particular room-specific space _____ lead _____ in overall expenditures?

Studies show that _____ certain parts of the _____ expenses.

_____ studies show _____ the use _____ a _____ heating _____ cold _____ expenses?

Recent studies _____ that using _____ in _____ of _____ help reduce winter heating expenses.

Research has shown that _____ heating _____ cut down _____.

_____ heaters _____ be used _____ energy _____ solution for _____.

_____ that space _____ can _____ winter heating _____.

_____ like _____ know _____ research shows that _____ space _____ could cut winter _____.

Is it _____ heaters can cut _____ for _____ in _____ homes?

_____ it _____ that using space _____ decreases the _____ of _____?

_____ definitive _____ show _____ in winter _____ be achieved through the _____ of _____ space heating device in _____?

Is there _____ that winter _____ costs _____ of _____ heater _____?

Can _____ heaters _____ certain _____ the _____ truly lower _____ expenses?

Do _____ that _____ heating device reduces expenses during _____ cold season?

_____ findings _____ the _____ that using _____ heaters _____ within _____ spaces _____ lower winter heat regulation expenditures?

_____ heaters _____ shown to _____ warming costs _____ winter.

_____ there studies that _____ using space heaters _____ way to _____ bills?

_____ you _____ hard _____ these heaters _____ dough in the winter?

Is it _____ to _____ in order to lower _____?

_____ space heaters in _____ of the _____ lower _____ heating expenses?

Space _____ can cut _____.

Is _____ seasonal _____ bills for space _____ applications?

_____ research show _____ strategically _____ heaters can _____ your _____ bills?

_____ space _____ used to cut winter _____?

_____ specific _____ confirm that using a _____ heater lowers _____ cost _____ during _____?

_____ have _____ hard evidence _____ the _____ during winter?

According _____ placing _____ heaters _____ expenses at home?

Are _____ heater _____ by evidence of _____ heating bills?

Did scientific experimentation _____ between _____ of _____ and a _____ in _____ heating costs?

_____ reduce _____ cost of winter heating _____ by using space _____ in _____ of the _____?

Some _____ suggest _____ space _____ can lower _____ heating _____.

Can space heaters _____ certain _____ heating expenses?

Does it _____ been shown _____ using _____ decreases _____ of winter _____?

_____ it _____ studies _____ confirm _____ effects _____ on winter heating costs?

Is _____ that targeted _____ energy bills?

Is _____ that _____ space heaters _____ on heating bills?

I'm _____ if _____ heaters can cut _____ heating costs at home.

_____ specific _____ investigations confirm that _____ heaters _____ down _____ cost _____ during the _____?

Can the use of specific _____ heaters _____ in the _____?

_____ would _____ to _____ there is evidence _____ certain areas with _____ reduced winter _____.

_____ there _____ of a correlation between targeted _____ space _____ within specific _____ and a decrease in _____?

_____ there _____ that _____ costs _____ lowered by space heaters _____?

_____ shown _____ space heaters _____ energy-saving.

_____ known _____ using space _____ reduces _____ heating expenses?

_____ any evidence _____ heaters in specific _____ the _____ lower winter heating costs?

_____ possible to _____ in _____ zones _____ cut down on _____ heating costs?

_____ there a _____ between _____ use of space heaters _____ in _____ cost?

Can space _____ certain parts _____ help lower winter _____?

Is there any evidence _____ the _____ confined _____ heater reduces _____ heating _____?

Does _____ been proven that _____ heating decreases winter _____?

_____ it possible _____ cut _____ on _____ heat _____ heaters in certain parts of _____ house?

_____ that _____ heater applications have evidence of _____ heating _____?

Can scientific experimentation _____ a _____ of space heaters _____ specific _____ sections and _____ winter _____ costs?

Does research _____ targeted _____ heat _____ down _____ heating bills?

_____ you know if _____ show _____ reduces winter heating costs?

_____ if _____ space heating device reduces winter heating _____?

Can _____ that _____ winter heating costs?

Is _____ possible _____ winter heating _____ space heaters in certain _____ house?

There _____ a _____ that _____ use _____ space heaters in _____ locations _____ winter _____.

_____ studies _____ using _____ reduces the _____ of indoor warming?

Is _____ to _____ that using space _____ reduces winter _____?

Space heaters can be _____ decrease _____.

_____ proven that placing _____ heaters reduces _____ expenditures?

_____ certain _____ that using space heaters _____ the cost _____ heating _____ winter?

Is _____ to suggest _____ using _____ heaters in winter _____?

Have _____ heaters been _____ reduce winter _____?

_____ studies _____ that _____ in _____ the house _____ lower winter heating costs.

I'm curious whether research _____ using _____ could cut winter _____ costs _____.

Is there any _____ to _____ the idea that _____ reduces _____ heating _____ comprehensively?

_____ benefits _____ using targeted _____ to save money _____ winter _____ bills.

Do you have any evidence _____ during _____ winter?

Is _____ space heaters strategically _____ winter heating _____?

Is _____ any evidence that _____ areas _____ space _____ in reduced charges _____?

_____ it possible that _____ heaters _____ lower _____?

There are studies _____ application lowers _____ heating expenses.

_____ any evidence supporting _____ idea _____ confined _____ space heaters in _____ locations reduces _____ heating _____?

Does it have _____ using a space _____ decreases _____ of winter _____?

Is there proof _____ reduced _____ heating bills _____ space _____?

_____ heaters _____ be _____ reduce overall _____ for _____ weather handling.

_____ space heaters in _____ parts _____ costs?

_____ claims _____ space _____ discreetly within _____ home spaces can reduce _____ on _____ regulation.

Has _____ experimentation produced data _____ targeted use of _____ heaters and _____ in _____ heating costs?

Is it _____ cut _____ costs if space heaters _____?

_____ there _____ in certain home _____ reduces winter heating bills?

Is it possible that _____ rooms _____ cut _____ cold season _____?

_____ heaters _____ lower winter _____.

I would _____ to know if _____ targeted _____ heaters _____ wintertime heating _____.

Is _____ any evidence that the use of _____ charges _____ winter _____?

Is _____ thorough _____ to back _____ claims that _____ targeted use of space _____ specific _____ a _____ reduces winter _____

_____ may _____ evidence of reduced heating _____ heaters.

Is _____ possible to save _____ heat bills _____ space _____?

_____ that strategically placing _____ heaters _____ your heating expenses.

Is it _____ whether isolating _____ with _____ heating reduces wintertime _____?

Can _____ be done _____ heat sources with space heaters _____ energy _____?

_____ cut overall costs by putting _____ selected areas?

_____ heater _____ winter bill?

_____ it possible _____ save _____ bills _____ a targeted space heaters?

Is _____ evidence that the _____ of winter heating can _____ by _____ heaters?

According _____ employing space heaters discreetly _____ home _____ reduce _____ regulation expenditures.

_____ show that _____ heater reduces winter _____ costs?

Do studies show that targeting _____ heating _____?

Is it _____ space _____ in targeted areas _____ winter _____ costs?

_____ confirm that using space heaters _____ the cost of _____ the _____?

Space heaters _____ able to lower _____ heating _____.

Is _____ possible _____ if _____ use _____ heater reduces winter heating _____?

_____ possible for space heater _____ cut down _____ heat _____ the _____?

_____ show that _____ targeted space _____ save you _____?

_____ research _____ using space _____ in _____ areas helps cut _____ heating _____?

The idea _____ heaters _____ areas to _____ costs is supported by _____.

_____ the _____ heating up _____ saving winter heat bills _____?

_____ possible for studies _____ up claims that _____ heaters _____ certain sections _____ a home effectively reduces _____ costs

Is it _____ that space heaters _____ cut _____ on _____?

_____ suggest that space _____ be able _____ lower winter _____.

_____ know _____ placing _____ heaters reduces winter heating _____?

There _____ evidence of _____ winter heating _____ targeted _____ applications.

I'm curious if _____ targeted _____ heaters _____ money _____ winter heating.

_____ research show _____ space heaters _____ designated areas _____ winter heating _____?

Some studies _____ that _____ heaters _____ targeted home _____ winter heat _____.

_____ have _____ that using _____ heaters in _____ of the house _____ money on _____ expenses.

_____ way _____ cut down on winter heat _____ space heating?

_____ proven _____ placing space _____ reduces winter _____ costs?

_____ suggests _____ space _____ in some rooms can _____.

_____ research suggests that _____ heaters _____.

_____ that _____ reduces energy bills during winter?

Space _____ can be used _____ lower _____ heating costs.

Is _____ true _____ bills are _____ using _____ space heaters?

_____ that _____ heaters _____ indoor warming costs during _____ months?

_____ empirical evidence _____ that _____ space _____ of _____ buildings can lead _____ a reduction in winter _____?

Is _____ proven that _____ heat reduces winter _____?

Can space _____ places _____ the home help _____ lower _____ costs?

Is it possible _____ heaters _____ cut down _____ the winter?

_____ there _____ evidence to _____ confined use of space _____ reduces _____ expenses?

I am _____ if research shows _____ space heaters _____ costs _____ home.

Space _____ might _____ able to _____ my _____ heating _____.

Is it _____ equipment reduces winter _____ expenses?

There _____ hypothesis that _____ confined _____ of space heaters _____ locations reduces winter _____.

Can _____ help cut my _____?

Have studies proven _____ using space _____ way to _____ bills?

Studies suggest using _____ heaters _____ in targeted home _____.

Is there _____ proof _____ use reduces _____ expenses.

_____ able to cut _____ winter heating _____?

_____ is _____ to cut _____ placing space warmers _____ areas.

_____ would _____ know _____ can decrease our winter energy _____ significantly.

Is _____ evidence that _____ space _____ can _____ heating costs?

_____ there any evidence of _____ correlation _____ use _____ and a decrease _____ winter heating _____?

_____ it _____ to location heaters _____ winter _____?

Is _____ that space _____ in _____ rooms _____ cut heating _____?

_____ heaters _____ lower _____ home's _____ expenditure.

_____ space _____ my _____ heating bill?

Does research show that _____ heaters in certain _____ expenses?

_____ used in _____ home zones _____ cut down _____ heating costs?

Is _____ space _____ select home _____ to cut _____ on winter heating _____?

_____ research _____ that _____ heaters could reduce winter heating costs.

_____ targeted _____ is suggested to _____ winter heat costs.

Do studies _____ that _____ of a _____ season expenditures?

_____ small heaters in _____ to save _____?

_____ space _____ cut _____ used correctly?

_____ there _____ evidence that using space _____ decreases the _____ of _____?

Is a _____ heating _____ for _____ winter heat _____?

_____ any evidence _____ suggest _____ areas _____ space heaters have _____ winter _____?

_____ suggested to be used in _____ to _____ winter heat _____.

Is _____ heaters going _____ lower heating _____?

_____ research show that incorporating specific spaces _____ usage could _____ in a _____ in _____?

_____ using _____ in _____ help cut down on winter heating _____?

_____ possible for thorough _____ to _____ up _____ claims _____ the _____ use _____ heaters _____ certain _____ the _____ cuts winter heating

Do _____ findings _____ that employing space _____ within limited home spaces _____ lower _____ heat _____?

_____ specific scientific _____ that _____ space _____ the cost _____ heating _____ the winter _____?

Do studies _____ a _____ winter heating expenses?

Can _____ scientific investigations _____ that _____ space _____ lowers _____ cost _____ heating _____ winter?

_____ possible _____ thorough studies to _____ up claims that the _____ of _____ in certain _____ of _____ house _____ costs

_____ it _____ to _____ if the use of a _____ winter _____?

_____ of _____ heaters lead to a _____ in expenditures _____ the colder _____?

Space warmers could _____ certain _____ to _____ costs.

_____ it proven _____ space _____ is an effective strategy _____ lower _____?

Is _____ possible to save _____ winter gas bills _____?

Can empirical evidence _____ if _____ reduction _____ winter heating _____ can be _____ the use _____ space _____?

Does scientific experimentation show a correlation _____ use _____ heaters _____ specific _____ and an _____ winter heating _____?

_____ warmers can be _____ certain areas _____ decrease _____.

Space _____ cut winter heat _____.

There _____ that _____ space heaters _____ within _____ decrease _____ heat regulation expenditures.

Is it _____ for _____ thorough study to back _____ the _____ targeted _____ space _____ certain areas _____ for winter _____

Is it _____ winter heat _____ space _____ in targeted regions?

_____ suggest that _____ some _____ of the house can lower _____.

Studies have _____ space heaters _____ cost _____ winter heating.

Recent studies show _____ cost reduction _____ heating _____ space _____ certain parts _____ the house.

_____ possible that the _____ heaters reduces total _____?

_____ studies _____ using _____ in certain areas _____ the house _____ reduce winter _____ costs.

_____ heat _____ lowered _____ the positioning of _____ heaters.

Is _____ possible _____ Heaters _____ to _____ bills?

_____ it have _____ specific _____ heating decreases the cost of winter heating?

_____ show the effect _____ targeted _____ heaters _____ heating expenses?

_____ research findings _____ using _____ heaters in _____ sections reduces _____ expenses?

_____ evidence of reduced heating bills for _____ space _____?

Can _____ use of _____ room-specific _____ lower expenditures _____ the colder _____?

_____ space heaters _____ places _____ the house _____ to lower _____ costs?

The _____ winter _____ expenditure can be _____ with _____.

Place _____ places _____ cut costs.

Is _____ possible _____ sources with the _____ of space heating _____ wintertime _____ outlays?

Is it _____ that _____ can confirm _____ of _____ on _____ costs?

_____ space heating _____ of the _____ winter heating costs?

_____ it possible _____ down on winter _____ expenses by using _____ in _____?

Is _____ possible to _____ costs _____ space _____ in _____ areas?

_____ have _____ space heaters in specific areas of _____ can reduce winter _____.

Is there a way _____ heaters to _____?

_____ heater applications supported _____ evidence of reduced _____?

Is _____ that using _____ heaters can cut heating _____?

_____ it possible _____ the home's _____ heating expenditure _____ heaters?

Can _____ space _____ reduces winter _____ costs?

Studies _____ that _____ heaters can actually lower _____.

_____ that using _____ home regions can decrease winter _____ costs.

_____ may be _____ winters.

Can _____ heating systems _____ rooms _____ cold _____?

Does a study _____ the _____ winter heating can be reduced _____ heaters?

_____ to _____ employing _____ limited home spaces _____ significantly lower total expenditures _____ winter _____ regulation.

Is there _____ targeted use _____ space _____ specific _____ a _____ in winter heating costs?

_____ experimentation _____ a correlation between _____ use _____ space heaters and _____ winter _____?

_____ of room _____ reduce _____ expenses?

_____ space _____ in certain home sections reduces winter _____ expenses?

_____ use of specific room-specific _____ heaters _____ overall _____?

Research _____ heaters in _____ rooms _____ reduce heating _____.

_____ research _____ show _____ using _____ heaters _____ heating costs?

Do _____ say targeted _____ application lowers _____ heating _____?

_____ further _____ that isolating _____ the application _____ space heating _____ energy outlays?

Is _____ for _____ to back _____ the targeted use _____ space heaters _____ parts _____ home effectively reduces winter _____

Is _____ possible _____ in some _____ zones to reduce winter _____?

Is it true _____ electric _____ displacing _____ help _____ my home's _____ the warming chamber?

Research has suggested that space _____ rooms _____ bills.

_____ units cut winter heating _____?

There _____ heaters discreetly _____ home spaces can significantly _____ winter heat regulation _____.

Is _____ heaters in _____ helps _____ down on winter _____?

Is _____ that _____ heaters _____ areas of the house can _____ heating expenses?

_____ space _____ indoor _____ during winter months?

Is there proof that _____ in _____ can lead _____ reduction _____ heating costs?

_____ suggest that _____ heaters in _____ of the house _____ winter _____.

_____ heating in _____ rooms really _____ heating _____?

Is _____ known _____ a decrease in _____ heat costs _____ attributed to _____ of _____ space _____ certain _____ zones?

Is _____ local space heater reduces cold season expenses?

_____ show if _____ to a reduction in _____ heating costs?

_____ space _____ in some areas _____ house lower winter _____?

_____ it possible _____ thorough studies _____ back _____ claims _____ the targeted use _____ space _____ within specific sections _____ a _____

_____ show that _____ in certain home sections reduces _____ heating _____?

_____ that _____ space Heaters can lower your _____ costs?

Does _____ space _____ save _____?

_____ space _____ reduce _____ costs?

Do _____ have _____ proof that the heaters _____ winter?

Research suggests _____ heating bills.

Research shows _____ some rooms cut _____ bills.

_____ investigations _____ using _____ heaters brings down _____ costs?

Is it possible for a thorough _____ to _____ the claims that the _____ heaters _____ certain _____ winter _____?

Can _____ heaters _____ money _____ heating _____?

_____ that using a room specific electric or _____ heater will help _____ bill?

_____ using specific spaces heater usage _____ result _____ a _____ winter heating expenditure?

Do definitive research _____ show that a _____ costs _____ related _____ utilization of a _____ heater in _____? _____ space heating save _____?

_____ can save _____ winter heat _____.

_____ room-specific space heaters lead to _____ overall expenditures during the _____?

_____ any evidence _____ support _____ that specific _____ space _____ have reduced winter _____?

_____ benefits to _____ a targeted space heaters _____ on winter _____ bills?

_____ possible winter _____ lower _____ to space _____ positioning.

_____ placing _____ heaters can lower your winter heating _____?

Is _____ evidence that certain areas _____ space heaters _____ for winter _____?

Is space _____ lower _____ heating _____?

_____ space warmers _____ heating bill?

_____ space heaters _____ down on _____ heat costs _____ parts _____ the house?

Does _____ incorporating specific spaces _____ usage can result in a _____ expenditures?

_____ scientific _____ a _____ targeted _____ of space _____ and winter heating _____?

_____ possible _____ reduce winter heating _____ using space _____ in _____ of _____ house.

_____ rooms cut the bills?

_____ you have any _____ heaters save _____ winter time?

_____ space _____ in certain _____ of _____ house reduce winter _____?

Does research suggest _____ placing _____ heaters can _____ heating _____?

_____ show that using space _____ reduces _____ expenditures?

_____ scientific _____ shown _____ using specific spaces heater _____ result _____ reduction in winter _____?

_____ it have _____ that _____ space heater decreases the _____ of _____?

_____ it _____ using targeted space heaters _____ during the winter _____?

_____ there _____ that show that _____ in _____ costs _____ be _____ using a space _____ a certain household zone?

Can _____ placing _____ reduce overall _____ for _____ snow _____ handling?

_____ known that a decrease _____ overall costs related _____ winter heat _____ be _____ space heating appliance?

_____ space heaters _____ placed _____ home snow weather handling _____?

_____ space _____ help _____ winter heat _____?

Is it known _____ heaters _____ certain _____ can _____ winter heating costs?

Has _____ any data _____ shows a _____ targeted _____ of _____ heaters and a _____ in _____ heating _____?

Space _____ energy-saving in winter.

_____ using _____ in _____ home zones possible _____ cut _____ winter heating _____?

_____ winter heating _____ lowered with space heaters.

_____ been said _____ be energy-saving _____ winters.

_____ true that using _____ decreases energy _____ during _____ winter?

Do _____ that _____ use _____ a _____ heater _____ expenses during _____ season?

_____ it possible to _____ space heaters _____ targeted _____ winter _____ costs?

Does research _____ that strategically placing _____ heaters can _____?

Is there ____ proof that the ____ within residential locations ____ expenses?

I'm ____ if ____ shows ____ using targeted ____ could ____ money.

Is there any evidence ____ the idea ____ confined use ____ heaters ____ winter ____ expenses ____?

Small ____ can reduce ____ season ____.

____ want to know if ____ reports showing if space ____ winter ____ bills.

Will ____ space ____ heating expenses?

Can ____ heaters in certain ____ heating ____?

Can ____ investigations ____ that ____ lowers the ____ of heating throughout ____?

Research ____ that ____ space heaters ____ your ____ in the winter.

____ it ____ using targeted ____ heaters will cut ____?

Do ____ show ____ heating application ____ winter ____ expenditures?

Studies suggest ____ heaters ____ some rooms ____ cut ____.

____ space heating cut ____?

____ research, ____ heaters usage ____ in a reduction in winter ____ expenditures.

Do studies show ____ space heaters decrease ____?

____ scientific ____ a correlation between the ____ of space heaters ____ specific ____ sections ____ a decrease in ____?

Do ____ findings ____ that using ____ reduces winter ____ expenses?

Is there any evidence to ____ reduce ____ bills significantly?

Do ____ heaters ____ targeted home regions ____ decrease ____ heat costs?

Studies suggest that space ____ in ____ of ____ house ____ lower ____.

____ support the idea ____ a confined use of space heaters ____ diminish ____ expenses?

____ show that space heaters ____ parts ____ the ____ can ____ costs.

____ it ____ using a room-specific ____ or ____ heater will help reduce my ____ bill ____ warming ____?

Does space ____ heating ____ in this house?

____ are ____ that ____ that ____ space heaters ____ warming costs.

Do ____ targeted ____ application lowers winter ____ expenses?

Is it ____ in ____ areas can cut down ____ winter ____?

Has ____ correlation between targeted ____ of space ____ a decrease in winter ____?

____ studies show ____ space heating ____ winter heating ____?

____ research show ____ strategically placing space ____ lower your ____?

____ scientific ____ confirm that the ____ the winter is ____ using local space ____?

____ it possible ____ heat costs ____ be lowered ____ to ____ heaters ____?

____ warmers should be placed in ____ areas ____.

Is there proof ____ using space ____ heating ____?

Home ____ be reduced by strategically ____ space ____.

Is it ____ decrease winter ____ using ____ in targeted ____ regions?

Is ____ that placing ____ heaters reduces ____ expenses.

Is it ____ use targeted space ____ bills?

____ may ____ an energy-saving ____ for the ____.

____ specific room-specific space heaters lead to ____ in ____ colder months?

Can studies ____ space heaters reduce ____?

Can ____ heaters ____ down on ____ costs if used in ____ house?

Has ____ been proven that placing ____ heaters ____?

Space ____ the home's ____ heating ____.

____ scientific investigations ____ that ____ space ____ the cost of ____?

____ it true that ____ a room specific electric or gas ____ to ____ chamber.

____ can cut heating bills.

Is there ____ using space ____ in ____ sections ____ heating expenditures?

____ conclusive ____ that ____ in individual buildings ____ lead to a ____ reduction ____ winter ____ costs?

____ space heaters ____ cut ____ on ____ heating costs?

_____ true _____ space heaters _____ warming costs _____ winter months?
 _____ heaters _____ used as an energy-saving _____ winter.
 Is there any _____ our winter energy costs?
 _____ it _____ to _____ your heating expenses _____ placing space _____?
 Can empirical evidence _____ a _____ in winter _____ be achieved _____ space _____ in _____ of a building?
 _____ specific room-specific space heaters lead _____ a _____ in _____?
