

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	User manual and user guide inquiries
Inquiry Sub-Category	Battery and charging
Description	Customers seeking information on battery performance, optimizing battery life, troubleshooting charging issues, or inquiring about the use of specific charging accessories or methods.
Data Size	5,014 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ wall sockets impact how fast/slowly _____ mobile charges _____?

Is phone _____ speed _____ by _____ sockets?

_____ what type of wall sockets _____ affect _____ quickly you _____ a _____ phone.

Do wall outlets _____ mobile devices?

Is the _____ mobile charging _____ sockets?

It _____ how quickly _____ can charge a mobile device _____ sockets.

Some _____ think _____ different _____ sockets affect how _____ charges up.

_____ varying sockets _____ charging _____?

_____ impact _____ types _____ wall sockets on _____ charges up _____ not _____.

The _____ of different wall sockets on _____ charge _____.

There _____ a debate about the impact _____ types of _____ a _____ charges up.

_____ wall _____ affect the amount of _____ battery _____?

Can _____ wall outlet _____ times?

_____ you can _____ a cell _____ on _____ of walls sockets you _____.

_____ wall sockets affect _____ speed _____ your phone?

_____ plugs _____ phones to _____ quicker or _____?

_____ charging _____ influenced by distinctive _____?

Different types of _____ may effect how _____ mobile device.

Will _____ outlets _____ phone _____?

Different _____ of wall _____ quickly _____ can charge your _____.

Does _____ choice _____ outlet _____ how _____ my _____ charges?

The _____ types of wall sockets _____ quickly a mobile _____

Diverse _____ can affect how _____ a _____ charges _____.

The _____ on how quickly _____ mobile charges up _____ up for debate.

mobile charging _____ can _____ affected _____.

How _____ does _____ phone _____ if there _____ diverse _____?

Different types of _____ on how _____ you can _____ mobile device.

Will _____ sockets _____ speed?

The _____ types of walls on charging _____ phone _____ known.

_____ kinds affect _____ charging _____?

Is _____ charging _____ by _____ outlets?

_____ using _____ wall _____ affect the _____ charging _____?

The _____ of _____ types _____ sockets on how _____ mobile _____ up _____ clear.

_____ different _____ of wall sockets have _____ how fast a _____ up?

_____ the _____ of _____ affect _____ charging _____?

_____ sockets change how _____ charges up?

_____ known if _____ wall _____ will affect mobile charges.

Can the _____ wall _____ affect _____ charge my phone?

_____ diverse power sockets _____ a _____ charges?

Can _____ choice of _____ outlet affect _____ charge _____?

The impact _____ different types of _____ sockets _____ you _____ cell phone.

_____ quickly _____ phone charges _____ is _____ power sockets.

_____ of wall outlet affect _____ charge time?

_____ different types _____ sockets on _____ you can charge your _____ phone _____ unknown.

Does the wall _____?

Is _____ phone charging affected _____ which _____ I use?

There may _____ sockets that affect _____.

The impact _____ different _____ of wall sockets _____ charge a _____ phone is _____.

The effect of _____ how _____ you can _____ a cell _____.

How _____ wall _____ phone charges?

_____ charging _____ affected by _____ types.

_____ outlets change _____ time of devices?

The impact of different _____ affect _____ quickly _____ charge a mobile _____.

Can my _____ slower _____ on _____ wall plugs?

There is _____ the impact _____ different types _____ on _____ a mobile _____ up.

_____ it _____ that different _____ impact _____ a mobile _____ up?

The impact of different _____ of _____ on how quickly you _____ a mobile _____.

_____ charging speed _____ be influenced _____

_____ of charging _____ by the _____ sockets?

Do wall outlets _____ mobile _____?

Mobile charging speed _____ be _____.

Do different _____ mobile _____?

_____ using _____ affect the charging _____ of my _____?

_____ sockets _____ mobile charging _____?

The _____ different kinds _____ sockets on mobile charges _____.

The _____ of _____ be influenced _____ wall _____.

_____ affect mobilecharging speed?

_____ wall outlet _____ times differently?

_____ of walls sockets _____ quickly you _____ charge _____ mobile _____.

Different wall _____ can _____ you _____ a mobile device.

Did wall _____ affect _____?

The impact of _____ of wall sockets _____ mobile _____ is _____ debated.

Wall _____ can _____ the _____ charging.

The _____ different types of walls sockets _____ you _____ a _____ device could _____ different.

The impact _____ wall sockets is not known.

_____ wall sockets _____ speed?

Do different _____ of _____ an _____ on the charging _____?

Different _____ of walls _____ can _____ fast you _____ charge _____.

Is it _____ could affect _____ pace _____ cell's energy refill?
 _____ the _____ types _____ wall _____ affect _____ a _____ charges up?
 Is it possible _____ my phone _____ faster _____ slower _____ wall _____.
 Are the _____ affecting the _____?
 Do various types of wall _____ affect _____ for _____?
 _____ of different types _____ on charging a mobile _____ being _____.
 _____ types _____ wall sockets have different _____ on how _____ up.
 _____ the _____ type affect _____?
 Different _____ walls _____ how quickly _____ can charge a _____.
 Do different types of _____ sockets _____ cell _____ charges?
 The impact of _____ types of wall sockets _____ how fast _____ charge _____ is _____.
 _____ that phones _____ differently depending on _____ type?
 How _____ can charge a cell _____ unknown because _____ of _____ sockets.
 Depending _____ the _____ walls sockets you _____ quickly you _____ charge a mobile _____ different.
 _____ using different wall _____ my _____ charging _____?
 _____ it possible that _____ outlets _____ fast our _____ charge?
 Can _____ phone _____ speeds?
 The impact of _____ mobile _____ up _____ not _____.
 _____ is _____ how fast _____ can charge a _____ from _____ of walls _____.
 What _____ effects _____ various _____ sockets _____ my _____ charges?
 Different _____ can affect how quickly _____ a phone.
 _____ the _____ affect the time _____ takes _____ a phone?
 _____ charging _____ different wall _____ affect it?
 _____ of _____ types of walls sockets on how _____ you _____ charge your _____ is _____.
 Is the speed _____ affected _____ using different _____ sockets?
 _____ impact of different _____ walls _____ quickly you can _____ device _____ not known.
 Mobility charging _____ is _____ socket _____.
 The _____ of different kinds _____ sockets _____ how quickly _____ charge _____ cell _____ is _____ known.
 How _____ a mobile _____ may be _____ of the _____ types of walls _____.
 Do the _____ sockets _____ time?
 The impact _____ different _____ wall _____ on _____ you _____ your phone may _____ different.
 _____ affect pace of _____?
 _____ outlets _____ how quickly devices are _____?
 _____ outlets _____ battery time?
 The impact of different wall _____ a mobile _____ is _____.
 Can _____ charge times?
 Is phone _____ impacted _____?
 Can _____ be affected _____ outlets?
 Do certain _____ of wall _____ affect _____ quickly _____ charges _____?
 Different _____ of walls _____ charges
 Can different _____ outlet _____ charge _____?
 _____ possible _____ speed of my phone _____ be affected _____ sockets?
 _____ it _____ differing _____ can change charge times?
 Different _____ can affect _____ of _____.
 _____ wall _____ speed for phones?
 The _____ of different _____ of wall _____ how quickly you can _____ may _____ different.
 _____ outlets affect _____ speed?
 _____ phone _____ can be _____ by using different wall _____.
 _____ quickly my phone charges _____ altered by _____ different _____.
 _____ the _____ mobile device charging _____ on _____ wall _____?

____ types ____ wall sockets ____ quickly mobile charges ____ .
 ____ how fast ____ can charge ____ cell phone ____ types of walls ____ .
 Is ____ the charging rate ____ changed by ____ plug designs?
 Does ____ affect ____ charges?
 Does ____ wall ____ phone charge ____ ?
 Wall ____ could affect the ____ .
 ____ impact of ____ of wall sockets ____ how ____ phone can be ____ .
 ____ choice of ____ can ____ how ____ phone charges.
 ____ wall ____ phones ____ faster ____ slower?
 ____ different ____ affect phone ____ speed?
 ____ differing power outlets change ____ a ____ ?
 ____ not certain how fast ____ a ____ device with different ____ of ____ .
 ____ outlets have ____ effect ____ mobile device ____ ?
 ____ it ____ outlets affect ____ charges?
 Are ____ types ____ sockets affecting ____ ?
 ____ the ____ rate ____ affected ____ types of wall outlets?
 Do ____ socket types ____ rates?
 ____ of ____ of ____ on ____ quickly a ____ device can ____ charged may ____ be known.
 Does ____ power ____ affect how ____ device ____ ?
 Wall ____ could ____ the ____ of ____ .
 ____ plugs affect charging ____ ?
 How ____ charge a cell ____ types ____ walls sockets
 Is ____ phone ____ to ____ quicker or ____ on ____ plugs?
 ____ different ____ that affect ____ quickly you can ____ a cell phone.
 ____ the rate of charging.
 ____ the ____ charging ____ by sockets ____ ?
 Different types of ____ on how quickly a ____ up
 ____ different ____ charge speeds?
 ____ of wall ____ can affect ____ fast a ____ charges ____ .
 Is the ____ mobile devices influenced ____ the ____ outlets?
 I ____ if ____ affect the speed of ____ charging.
 You may not know ____ can ____ mobile ____ different types ____ walls ____ .
 ____ my ____ affected ____ using different wall sockets?
 Can the ____ mobile device be affected ____ wall ____ ?
 Is it ____ that different ____ outlets ____ effect ____ phone ____ ?
 The charging rate ____ devices is ____ types of ____ .
 Do ____ think ____ wall plugs ____ affect ____ of ____ phone?
 ____ a ____ charge up ____ there are diverse power ____ ?
 The ____ at which ____ device ____ may be affected ____ the ____ power ____ .
 You might ____ you ____ charge ____ mobile device ____ different ____ walls sockets.
 My ____ charging process ____ various plug styles.
 ____ mobile ____ by socket kinds?
 The ____ of ____ sockets on how fast ____ charge a ____ device may not ____ .
 ____ how fast you can ____ a mobile ____ of walls sockets.
 ____ it possible that ____ phone's ____ is affected ____ styles?
 Does the charging rate for ____ outlets?
 ____ outlets affect ____ times?
 Which ____ sockets ____ speed?
 ____ using different wall ____ of my charging?
 It is ____ known ____ fast ____ a cell phone from ____ .

_____ type _____ outlet _____ influence on _____ charging time?

There _____ that _____ affect _____ pace of charging.

It is not known _____ different _____ sockets affect _____.

Can _____ outlet versions _____ charge _____?

Does _____ sockets affect _____?

_____ of wall _____ factor in _____ quickly my phone _____ up?

Do _____ of _____ outlets affect the _____ phones?

_____ of _____ may _____ different effects _____ fast you can _____ a _____ device.

Is it possible _____ different _____ of battery replenishment?

Do the wall _____ how _____ my _____ charges _____?

_____ wall sockets _____ speed of my phone _____?

Will _____ charging rate _____ mobile _____ affected _____ wall _____?

_____ wall _____ phone _____ speeds?

Do wall _____ rate of charging _____ mobile _____?

_____ is not _____ walls sockets will affect _____ charges.

_____ charge a cell phone is influenced _____ of walls _____.

_____ affect phone charging speed.

_____ charging speed is _____ sockets

Does the type _____ charging _____?

_____ rate _____ mobile device charging _____ affected _____ different _____ outlets?

It's _____ how fast you can _____ a _____ phone _____ wall _____.

Can the _____ mobile _____ charging _____ wall outlets?

_____ sockets _____ the charging speed _____?

_____ possible that alternative plug _____ the charging _____ of _____?

_____ different _____ wall _____ differing effects _____ fast a mobile _____ up?

Do the charging _____ mobile devices _____ on _____?

Is _____ wall sockets could affect _____?

_____ of different _____ sockets on how quickly _____ can be _____.

_____ how _____ you _____ charge a mobile device with different types _____.

Different types _____ sockets _____ affect _____.

Does _____ phones charge faster _____?

Is _____ rates _____ sockets?

_____ the _____ of wall _____ affect how _____ my phone _____?

_____ fast can _____ affected by using _____ sockets

Different _____ walls _____ how _____ you can _____ a phone.

_____ charging efficiency of my phone _____ by _____ wall _____.

There _____ types of _____ outlets _____ affect the charging rate _____.

_____ wonder if _____ outlets _____ charging _____.

The _____ different types of wall _____ quickly _____ mobile device may be _____ from one wall _____ the _____.

How _____ you can _____ phone _____ on the type _____ wall _____.

_____ different kinds _____ outlets affect the charging _____ for _____?

The _____ different types _____ sockets _____ fast you can charge _____ phone is not _____.

Does _____ wall plugs _____ efficiency?

_____ debate on the effect _____ different types _____ on _____ a _____ charges up.

Can _____ version of _____ times?

_____ of walls _____ different impacts on _____ you can _____ device.

Can _____ sockets affect _____?

_____ sockets _____ how quickly you can _____ a mobile _____ is _____ known.

_____ not _____ fast you can charge a _____ phone _____ different _____ sockets.

Is _____ pace _____ charging impacted _____ sockets?

Can ____ tell me ____ affects how quickly ____ phone ____?

____ not ____ quickly ____ types ____ walls sockets can charge ____ cell ____.

____ the ____ sockets affect the ____?

____ different ____ sockets affect ____ fast and ____ a mobile ____ up?

Is ____ for the speed of ____ phone charging ____ by using ____?

____ affect charging speed?

____ outlet can ____ how ____ my phone charges.

____ pace of ____ cell's energy refill might ____ by ____ wall ____.

The impact ____ different ____ sockets ____ quickly you ____ charge a mobile ____.

Do ____ sockets ____ fast a ____ charges ____?

____ wall ____ the ____ rate ____ mobile phones?

Different ____ of walls ____ how quickly you ____ device.

The effect of ____ quickly a mobile charges ____ is up ____.

____ rate ____ device charging might ____ by ____ outlets.

Do phones ____ differently ____ outlet ____?

____ of ____ sockets ____ an ____ how ____ you can charge ____ mobile device.

____ outlets can affect ____ a device ____.

How fast ____ charges ____ depends on the ____ sockets ____.

Different types of wall ____ affect how ____ can ____ device.

____ the rate of ____ mobile ____ by ____ outlets?

Can ____ how quickly ____ device charges?

Different types ____ wall ____ affect ____ quickly ____ charge ____ cell ____

____ possible ____ plug ____ affect the charging ____ of ____ phone?

____ different ____ of wall ____ the charging ____ mobile?

____ of ____ energy refill ____ be slowed ____ differing ____ outlets.

Does ____ affect charging speeds?

____ fast ____ mobile ____ up depends ____ how different types ____ are.

____ phone ____ faster or slower ____ on the ____?

____ types ____ wall sockets ____ how fast ____ charges?

____ power ____ affect the ____ of a device?

Do different ____ of ____ affect how ____ charges?

____ the charging rate for mobile ____ be ____ of ____ outlets?

The impact of ____ kinds of ____ on how quickly ____ a mobile device ____.

Does ____ charging speed?

____ mobile ____ rates affected by ____?

The choice of ____ outlet ____ how fast ____.

Do ____ sockets ____ the ____ charging?

Do ____ outlet versions ____ differently?

Different types of ____ affect ____ quickly ____ phone ____.

____ you ____ charge a ____ phone is impacted ____ different ____ walls ____.

____ my ____ altered by using different ____ sockets?

The ____ sockets ____ quickly ____ can ____ a mobile device ____ be unknown.

____ you can charge ____ phone depends on the types ____ you ____.

What if ____ pace ____ charging?

____ not ____ how ____ sockets will affect ____ charges ____.

Do ____ sockets effect ____?

____ speed can ____ affected by ____.

____ sockets affect ____ charging?

____ phone charging ____ by wall ____?

Will the ____ of different ____ the ____?

Is _____ by distinctive sockets?

Cell phone charging _____ can _____ affected _____.

Do _____ a _____ mobile charging speeds?

The effect _____ walls sockets on _____ charge a mobile device is _____ known.

_____ impact _____ different types _____ wall _____ on mobile _____ is _____.

Will different _____ mobile _____ times?

_____ different _____ how quickly a cell phone can be _____ is not known.

I _____ if my _____ charge faster _____ slower _____ on _____ wall _____.

_____ types of _____ affect how _____ mobile charges _____.

The _____ different _____ of wall sockets on _____ mobile _____ is questionable.

_____ a _____ charges _____ if _____ are diverse _____ sockets?

_____ wall _____ have _____ on mobile _____ speed?

Do _____ the _____ of _____ phone charge times?

_____ outlets _____ the charging _____ mobile devices?

_____ phone _____ speed _____ by _____ sockets?

_____ pace _____ be affected _____ wall sockets.

Is _____ charging speed _____ Socket _____?

_____ speed _____ charging can _____ affected by _____ outlets.

_____ the speed of my phone charging _____ when _____ wall _____?

Is the _____ phone charging _____?

Are there _____ of sockets _____ rates?

Can the _____ the _____ of _____?

_____ impact of _____ types _____ walls _____ how _____ you can charge a _____ unknown

_____ rate of mobile device _____ be _____ by _____ wall _____?

_____ quickly _____ up _____ affected by diverse _____ sockets.

_____ speed _____ mobile charging _____ affected by _____ sockets?

Mobile charging _____ can be _____ a _____ sockets.

Does _____ of _____ sockets _____ how fast a mobile _____?

_____ types _____ sockets affect how _____ a mobile _____

Is _____ possible _____ electrical outlets _____ replenishment times?

_____ types of _____ sockets can _____ how quickly _____ up

Is _____ of mobile device _____ influenced _____ outlets?

The impact of different _____ of _____ sockets on how quickly _____ topic of _____.

Depending _____ of wall _____ you use, _____ charge a _____ may be different.

_____ impact of _____ types _____ wall _____ on how fast you _____ device can be _____.

_____ outlets _____ charging rate _____ mobile devices?

_____ changing _____ plugs affect the _____ my phone?

_____ the _____ of phone _____ affected _____ outlets?

_____ impact _____ of walls sockets _____ how fast you can _____ is not _____.

_____ the _____ of _____ types of wall sockets _____ how _____ a _____ is _____.

Can _____ outlets _____ times?

_____ on mobile _____ up from _____ types _____ sockets is _____.

The impact of _____ on how fast you _____ your _____.

_____ impact of _____ sockets _____ quickly you can charge _____ mobile _____ not be _____.

Different types _____ walls sockets _____ affect _____ a cell phone.

_____ mobile charging _____ by _____ sockets?

_____ of _____ types _____ sockets _____ how _____ it takes to _____ a _____ phone.

_____ mobile _____ affected _____ socket types?

_____ impact of _____ walls sockets on how quickly you _____ cell _____

Are mobile charging _____ types?

_____ diverse power _____ capable _____ changing _____ quickly _____ device _____?
 _____ impact of _____ of sockets _____ how _____ can charge _____ mobile device is _____.
 _____ of my cell's refill _____ slowed _____ different _____ outlets.
 How fast a mobile _____ determined _____ the type _____.
 _____ the charging _____ of the phone _____ wall _____?
 _____ types _____ sockets _____ how fast a _____ charges?
 _____ on the type of _____ sockets, _____ mobile _____ can _____ debated.
 The impact of different _____ of _____ on mobile _____.
 Will _____ outlets _____ charging?
 Different _____ of _____ sockets have _____ impact _____ quickly _____ phone _____.
 _____ different _____ the rate of _____?
 Different types _____ walls sockets _____ how fast _____ charge _____.
 _____ to affect _____ charging _____ my phone by using different _____?
 _____ wall _____ affect _____?
 The pace _____ charging _____ influenced _____ wall sockets.
 different _____ wall _____ affect how _____ a _____ up
 _____ effect _____ different _____ walls _____ on how quickly _____ can charge _____ cell _____.
 Does changing _____ sockets _____ charging _____ of your _____?
 Is phone _____ outlets?
 Can differing _____ versions _____ difference to charge _____?
 The impact _____ different _____ of wall sockets _____ charging _____ unknown.
 Do _____ wall sockets _____?
 _____ different wall sockets affecting the speed _____?
 _____ the choice _____ outlet _____ my phone?
 does the type _____ outlet _____?
 _____ the _____ of my _____ by the wall _____ I _____?
 Can _____ rate _____ mobile device _____ on wall _____?
 Which type _____ mobile charging _____?
 Is _____ charging influenced by wall outlets?
 _____ power outlets _____ how fast a _____?
 _____ make _____ charge faster _____ slower?
 _____ types of _____ can affect _____ can _____ a mobile device
 Do _____ of wall _____ have an _____ the _____ for mobile _____?
 Can wall outlet _____ times _____ ways?
 _____ types of _____ quickly _____ can charge your mobile _____.
 Different _____ of _____ on mobile _____ up is _____.
 How _____ do phones charge _____ there _____ power _____?
 Can wall _____ affect _____ charging?
 _____ impact of different types _____ how _____ a _____ is being debated.
 Is the _____ for _____ devices _____ wall outlets?
 Different _____ of wall sockets _____ an _____ on _____ quickly _____ charges _____.
 How fast a _____ charges _____ determined _____ the types _____.
 The impact on _____ from _____ types _____ not known.
 Can the choice _____ outlets _____ my _____ charges?
 _____ the type _____ wall _____ how _____ you can charge _____ mobile device _____.
 Is the rate of _____ wall outlets?
 _____ the _____ Speed _____ by wall _____?
 Does _____ wall sockets _____ speed _____?
 Will different _____ plugs _____ the _____ of _____?
 _____ different _____ of _____ sockets _____ when a _____ up?

Different types _____ walls _____ affect how _____ cell phone.

Different types _____ sockets may affect how _____ you can _____

The impact of different _____ of _____ on _____ a _____ may be different.

_____ Socket _____ phone charge time?

_____ my charging _____ by _____ different _____ sockets?

_____ different _____ affect charge times?

The impact of different _____ can _____ a phone.

_____ different _____ of _____ sockets affect the _____ a _____ device?

_____ it _____ affect mobile charging?

Is the speed _____ phone _____ the _____ I use?

There may _____ wall sockets affecting _____.

Does _____ affect phone _____ time?

Different _____ wall sockets _____ how quickly _____ up.

_____ the _____ wall outlet _____ how _____ I charge _____ phone?

Can my _____ charge _____ or slower _____ wall _____?

Do _____ plugs _____ a _____ faster _____ slower?

_____ of _____ types _____ walls sockets on how fast _____ mobile device _____ unknown.

I _____ can affect phone charging _____.

_____ pace _____ charging may be affected _____ wall _____.

_____ phone _____ of _____ faster or _____ depending _____ the _____ plugs?

_____ choice _____ wall _____ to _____ fast my phone charges?

_____ impact of _____ of walls sockets _____ quickly you _____ device varies _____ wall to wall.

_____ type _____ sockets you use, _____ quickly _____ mobile charges _____ can be _____.

How quickly _____ a cell _____ on the _____ of _____ sockets you _____.

_____ sockets make _____ difference in _____?

_____ rate of charging _____ influenced _____ the _____ outlets?

_____ it _____ for wall _____ affect _____ charging speeds?

Does _____ of _____ phone charging _____ when _____ use different _____?

_____ not known what type of walls _____ impact _____.

Is _____ possible _____ distinctive _____ charging rates.

Different types _____ have _____ effect _____ mobile charges.

Different types of _____ sockets _____ on how quickly you can _____.

Do the variations in _____ charging _____?

Mobile charging _____ may _____ affected _____.

_____ wall _____ factor in _____ of mobile charging?

_____ choice of _____ how quickly my phone _____?

_____ the _____ phone _____ go _____ when _____ use different wall sockets?

_____ sockets may affect _____ quickly you can _____ a _____ phone.

_____ on _____ type of _____ you use, how _____ can charge _____ device _____ vary.

_____ it possible _____ my _____ to _____ quicker _____ depending on wall _____?

The impact of different types of _____ on _____ fast _____ can _____ mobile _____ may be _____ from _____.

Could _____ affect the _____ charging?

The _____ types of wall sockets on _____ charge a mobile _____ be the same.

Is it _____ wall outlets _____ down the _____ of my _____?

Do wall _____ charging?

_____ affect phone charges?

_____ different wall _____ affect _____ speed of charging _____?

_____ impact of different _____ of _____ sockets on _____ quickly _____ can charge a _____ device may _____ the _____.

The impact _____ types _____ walls _____ how _____ you _____ a mobile device

_____ able _____ phone charging speeds?

The impact _____ sockets _____ how quickly _____ up _____ up _____ debate.
 The _____ of different types of _____ sockets on _____ a _____ be _____ is _____.
 _____ not _____ fast you can _____ a cell phone _____ of _____ sockets.
 _____ types of _____ sockets _____ effect _____ how _____ you can _____ a _____ phone.
 Is it possible that _____ of _____ sockets _____ at _____ mobile device charges?
 _____ the speed of _____ by using _____ wall sockets?
 Does changing _____ wall _____ the _____?
 _____ charge faster or slower depending _____ wall _____?
 _____ wall sockets change _____?
 Do _____ of _____ outlets _____ rates?
 It's unclear _____ you _____ device _____ different types of walls _____.
 _____ different _____ of _____ outlets _____ the charging rate?
 _____ phone charging _____ on wall _____?
 _____ speed _____ the process _____ charging mobile devices?
 _____ mobile device _____ be influenced by _____ outlets?
 Different types _____ wall _____ how quickly _____ device charges _____.
 It's not _____ sockets _____ impact mobile _____.
 The charging rate _____ be affected by _____.
 _____ wall _____ change the _____ time?
 _____ the _____ of outlet _____ times?
 _____ using different _____ plugs _____ the charging effectiveness _____?
 _____ wall sockets _____ the _____ charging _____.
 There _____ debate _____ effect of _____ of wall sockets on _____ quickly a mobile _____.
 Do wall _____ the _____ faster or _____?
 The _____ types of wall sockets on how quickly _____ a _____ device _____.
 How can _____ affect _____ charges?
 _____ argue the impact of _____ of _____ sockets on _____ a mobile _____.
 _____ wall _____ charging speed?
 The _____ of different types _____ on how quickly a _____ charged may _____ different.
 How _____ different _____ plug _____ charges?
 Does the _____ affect _____ time?
 _____ rate for _____ can be _____ various wall outlets.
 Can _____ speed of my phone's _____ be _____ sockets _____ use?
 Which _____ affect _____ charging _____?
 _____ wall plug varieties _____ phone _____?
 _____ the charging rate _____ mobile devices _____ affected _____ different _____ wall _____?
 _____ is not _____ type _____ sockets will _____ mobile charges _____.
 _____ phone _____ faster _____ slower depends _____ wall plugs?
 How quickly you can _____ using _____ types of _____.
 Is the charging _____ mobile _____ influenced by _____ wall _____?
 _____ sockets _____ how _____ you can charge your phone is not known.
 _____ sockets _____ an effect on how quickly a _____?
 _____ effect of different types _____ on _____ a mobile _____ is being _____.
 _____ different types of walls _____ on how _____ you _____ charge _____ device _____ not be _____.
 _____ wall plug varieties affect _____ time?
 How fast you _____ charge a _____ types _____ walls _____.
 _____ sockets affect charging speed _____ mobile _____?
 _____ different types _____ walls sockets on charging a _____ be _____.
 _____ it _____ that _____ outlets _____ the rate of _____?
 Do dissimilar electrical _____ times?

_____ impact _____ types of walls sockets on how _____ can charge a _____ may _____

How _____ phone _____ may be affected _____ different _____ sockets.

Do wall _____ charging _____?

_____ the _____ of mobile device _____ to the _____?

_____ possible _____ sockets affect mobile charging _____?

How fast a _____ charges up _____ different _____ sockets.

_____ the charging _____ phone change with wall _____?

Can _____ outlets _____ phone _____?

How _____ a mobile _____ up depends _____ type _____ wall _____.

_____ the rate of _____ replenishment change depending _____?

Can _____ phone _____ faster or slower _____ the _____ plugs _____ use?

Might _____ outlets _____ speeds?

_____ the _____ affect charging speed?

Do different wall plugs affect _____ replenishment _____?

_____ different types _____ wall _____ how quickly you _____ a device _____ not known.

_____ the speed _____ my _____ affected by using _____ sockets?

Is _____ of my _____ phone affected _____ the _____ sockets _____ use?

Do _____ kinds of wall _____ how _____ mobile charges _____?

_____ types of _____ sockets impact how fast _____ mobile _____?

The _____ of _____ types of _____ on how _____ you can charge _____ not _____ the same.

Is wall _____ charging _____?

_____ impact _____ types _____ sockets on _____ charges up is _____ for debate.

_____ charge faster or slower depending on _____?

_____ the choice _____ wall outlet _____ factor in _____ fast _____ phone _____?

Can _____ sockets _____ charging _____?

Does _____ sockets _____ charge _____?

Different types _____ walls sockets _____ you can _____ phone.

Is _____ phone able _____ charge faster or _____ if _____?

_____ pace of _____ charging _____ affected by wall _____?

_____ of walls _____ have different impact _____ how _____ a mobile _____ charged.

_____ the _____ for mobile _____ by various _____ outlets?

_____ outlets _____ mobile _____ charging rates?

Is _____ sockets _____ charging speed?

Will _____ my _____ change as a _____ of using different _____?

_____ wall _____ a factor _____ charging _____ for _____ devices?

_____ charging speeds _____ affected _____ wall _____.

_____ impact phone charge _____?

_____ of sockets on _____ you can _____ a mobile device is _____.

Different types of _____ sockets can _____ quickly you _____ a mobile _____.

Is _____ sockets affect mobile _____?

The _____ of different types of walls sockets _____ can _____ charged can _____ different.

Can variations of _____ outlet _____?

_____ the types of _____ charging _____?

_____ of outlet a _____ in the _____ time of _____?

_____ charging speed _____ affected by _____.

Does differing _____ affect the _____?

_____ my phone _____ or slower depending _____ the _____ plugs?

_____ speed of _____ phone _____ by using different _____ sockets?

_____ sockets _____ impact how _____ you can charge a _____ device.

It _____ not _____ impact of different _____ mobile charges.

_____ argue _____ the _____ of _____ types of _____ sockets on how _____ charges _____.

Can the _____ rate for _____ devices _____ wall _____?

It's not _____ different _____ of _____ sockets will affect _____.

Is wall sockets _____?

Different types _____ sockets can _____ fast _____ can _____ mobile device.

How _____ different wall plugs _____ the _____ of _____?

_____ impact of _____ types _____ sockets on mobile _____ unknown.

_____ wall sockets _____ the _____?

_____ do _____ affect _____ charging speed?

_____ of different _____ of _____ sockets on how _____ charge _____ cell phone

_____ about _____ impact of _____ on how quickly a mobile _____.

There are _____ sockets _____ speed.

Does _____ wall _____ charging speed _____?

Can _____ speed _____ my phone be changed by _____?

_____ the _____ at _____ mobile device _____ be _____ changing _____ type of power _____?

The _____ of different _____ of wall sockets on _____ a phone can _____.

Are _____ for _____ affected by wall outlets?

_____ you _____ a cell phone with _____ of _____ sockets.

_____ not _____ how _____ you _____ cell _____ from different types of _____ sockets.

_____ plugs, can my phone charge _____ quickly _____ less?

_____ impact of different _____ charges _____ is not known.

_____ that sockets kinds _____ mobile _____ rates?

Could _____ charging speed?

Does _____ of _____ outlets _____ the charging rate for _____?

Will using _____ wall _____ performance of _____ phone?

The _____ my cell's _____ may _____ slowed by _____ wall _____.

_____ choices affect mobile _____ times?

_____ phone charge _____ or slower _____ the wall _____?

Do _____ change the _____?

could wall _____ the pace _____

Is _____ rate _____ mobile _____ affected _____ the _____ outlets?

Will different _____ outlet _____ times _____?

Different types of _____ have _____ on _____ you can charge a _____

_____ the _____ of _____ sockets, _____ quickly you can charge _____ be unknown.

Is wall _____ for _____?

_____ the _____ wall sockets, _____ quickly you can _____ mobile device may _____.

_____ outlets affect _____ for mobile _____?

The impact _____ of walls _____ how fast _____ can charge _____ device _____ different.

_____ the fast _____ rates _____ by _____ sockets?

_____ wonder _____ wall sockets that affect _____ charging _____.

Has wall _____ the _____ mobile _____?

Do wall outlets affect _____?

I am wondering if using _____ wall _____ charging _____.

_____ debate _____ the impact _____ different _____ of _____ sockets _____ how _____ a mobile charges up.

Can _____ versions affect _____ times?

Is _____ affected _____ wall sockets.

_____ wall sockets on how _____ mobile charges up _____ being _____

Do _____ wall _____ the _____ of phones?

_____ the type _____ have _____ on _____ charging time?

Can _____ speed be affected _____ using different _____?

_____ outlets _____ factor _____ charging speeds?

Can _____ outlets change _____?

_____ phone _____ faster or _____ depending _____ the wall _____ have?

_____ mobile _____ speed _____ by varied _____?

The _____ mobile device charging _____ be _____ wall _____.

_____ true _____ types _____ sockets affect how _____ a _____ charges up?

_____ it possible _____ wall _____ affects _____ quickly my _____ charges?

_____ is _____ how _____ can charge a mobile _____ different _____ walls sockets.

It's unknown how _____ you _____ mobile device _____ of _____ sockets.

Can differing wall _____ versions _____?

Is _____ speed _____ wall sockets?

_____ impact of different types _____ walls _____ on mobile _____.

Are _____ different _____ sockets _____ phone _____?

The impact _____ wall sockets _____ quickly a _____ up _____ being _____

_____ wall sockets _____ charging _____?

_____ some _____ wall outlets _____ charging _____?

_____ using different wall _____ speed?

The _____ charging speed _____ affected _____ wall _____.

_____ that _____ sockets affect mobile charging _____?

_____ differing wall _____ an effect on _____?

_____ wall _____ versions alter _____ times?

Is _____ wall plugs _____ charging efficiency of _____?

_____ types affect _____ charging?

_____ sockets _____ an affect _____ pace of charging?

_____ types _____ walls sockets _____ different effects _____ how fast you _____ a _____.

_____ wall _____ charging _____ your phone?

wall outlets _____ charging

_____ of different _____ on how _____ a _____ charges _____ a _____ of debate.

_____ power _____ change how _____ a device _____ charged?

Different _____ of _____ affects how fast _____ charges _____.

_____ possible wall _____ could _____ the _____ mobile charging?

The impact of different types _____ wall _____ on _____ phone charges _____.

_____ wall outlets _____ rates for mobile _____?

What _____ the impact of wall sockets on _____?

Does the wall sockets _____ a phone?

_____ impact how quickly a _____ charges _____.

_____ variation _____ sockets _____ charging speeds?

_____ rate of charging _____ affected by wall _____?

Can the _____ of _____ outlets _____?

Different _____ of walls _____ have _____ on how _____ you _____ charge _____ device.

_____ is not _____ how _____ you can charge _____ phone _____ different types _____.

Is _____ wall sockets affect the charging _____?

Do _____ affect _____ time?

_____ choice _____ wall _____ can _____ quickly _____ phone charges up.

_____ debate if different types _____ wall sockets affect _____ a _____ up.

Do _____ sockets _____ speed _____ the _____?

Should _____ charging rate for _____ be _____ wall _____?

_____ of _____ the charge _____ for your phone?

How quickly _____ up _____ affected by _____ of wall outlet.

differing _____ of _____ sockets _____ how _____ charges up _____ being debated.
