

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Internet Service Providers |
| Inquiry Category | DNS and IP address configuration help |
| Inquiry Sub-Category | DNS Propagation Delays |
| Description | Help with understanding and troubleshooting DNS propagation delays, which can occur when changes to DNS records take time to propagate across the Internet, leading to temporary website unavailability. |
| Data Size | 5,223 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Why _____ website become _____ unavailable after making _____ to _____?

Why _____ website stop working _____ computer's domain _____ system are changed?

_____ I update my _____ name records and _____ will _____ service _____ short time.

I am wondering _____ can _____ temporarily unavailable _____ after _____ DNS settings.

_____ my _____ intermittent service unavailability _____ I _____ dns records?

Each _____ update DNS _____ my _____ goes _____.

Why did there _____ brief _____ after _____ to _____?

_____ a site to be _____?

_____ are _____ when _____ my domain _____ records and _____ is _____ of commission.

_____ extent does the site _____ restricted _____ after _____ names?

There were _____ in the _____ name _____ in _____ unreachability.

_____ I _____ name records and _____ website goes _____.

Sometimes _____ of commission _____ my domain _____ are updated.

Why does _____ stop working _____ their _____ records _____?

_____ the site _____ after updating _____.

_____ unreachability _____ by _____ the DNS.

_____ sometimes have _____ my domain _____ my _____ goes out _____ commission.

_____ is my _____ after I _____ my _____ settings?

_____ updating _____ names, why _____ the site _____ restricted _____?

The website _____ short time _____ changes in _____ name system.

There are momentary _____ due to the _____ made to _____ domain _____.

I _____ site _____ not _____ after changing the domain _____.

Sometimes _____ website goes out _____ a _____ when I update _____ name _____.

We are having momentary disruptions _____ adjustments made _____ our site's _____ records.

_____ in the domain _____ to website un _____.

_____ I change _____ domain name _____ website goes _____ of _____ for _____ period.

Is _____ that _____ offline after aDNS _____?

_____ update the DNS _____ my _____ goes down.

_____ there a reason _____ seeing intermittent _____ to _____ setup?
 I was _____ if _____ clarify the _____ for _____ after the changes _____ the DNS _____.
