

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Product advice or troubleshooting assistance
Inquiry Sub-Category	Technical specifications
Description	Customers require detailed information about a part's technical specifications, such as voltage, amperage, resistance, horsepower rating, or any other relevant parameters to ensure compatibility and performance.
Data Size	5,042 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

____ I choose ____ higher-horsepower rated ____ even though ____ what ____ installed?

Should ____ the ____ powerful ____ motor ____ one that ____ installed?

Is it ____ to choose ____ higher ____ one that was ____?

Should ____ the higher-rated starter ____ it's more ____?

Should ____ get a ____ that goes ____ stock ____.

Should I ____ motor over ____ was originally installed?

____ a more powerful starter ____?

Should ____ choose the ____ motor that ____ powerful than what ____?

____ it wise ____ use ____ motor that was ____ in ____ the original ____?

It ____ questionable if it ____ to choose ____ starter ____ with ____ levels ____ power compared ____ model.

Is ____ to choose ____ more powerful starter ____ that was installed?

____ it cool ____ go ____ a stronger ____ it's more powerful than ____ first ____?

____ is ____ as ____ whether ____ to choose a ____ motor ____ higher levels of ____ than used ____.

____ it ____ to have a ____ that gives more ____ the ____?

Is it a ____ idea to ____ higher-ranked ____ motor ____ the ____?

Should ____ more powerful motor ____ my car?

Is ____ better to use a higher-hp starter ____?

____ I use a ____ powerful starter ____ car?

____ it a ____ to ____ a more powerful ____ over ____ one ____?

____ I ____ more oomph with ____ starter ____?

It's questionable ____ wise to choose ____ motor ____ offers more ____ to ____ stock ____.

It ____ it is ____ to ____ a ____ motor with ____ than the ____ model.

____ to choose ____ with more oomph ____ a stock model?

Is ____ choose the ____ motor over what ____ originally installed.

Is ____ good idea to ____ a higher-rated ____ over the ____ installed ____?

____ necessary to choose a ____ motor ____ over the stock ____?

____ it wise to ____ with the ____ even though it ____ than the original ____?

Should a ____ starter ____ the first one?

Is it _____ go _____ the _____ motor that was greater _____ power than _____ originally _____?
_____ wise _____ have _____ higher _____ starter _____ over the _____ model?

_____ it's wise _____ choose _____ starter _____ with _____ power than the _____.

_____ I use the _____ motor _____ more powerful _____ was already _____?

Is it _____ a starter motor _____ the stock one?

It's _____ to _____ the starter motor _____ it was more powerful _____ one _____.

_____ to _____ I should _____ a more powerful starter _____.

It's _____ it's wise _____ a _____ with higher _____ of _____ over the stock _____.

_____ worth it to go for _____ stronger starter _____ the original?

_____ okay _____ motor if it's more powerful than the original _____?

Is _____ right _____ starter _____ that is more _____ stock one?

_____ I _____ the higher _____ motor over the _____ was _____?

Should _____ choose _____ motor that's more _____ already installed?

_____ ok for me to get _____ starter _____ goes beyond _____?

_____ a _____ whether it is wise _____ choose _____ with higher levels of power.

_____ the higher powered starter _____ over the one that _____ originally _____?

Should _____ choose the higher _____ starter _____ it _____ more _____ what _____ installed?

_____ questionable if it _____ a good idea _____ starter motor with _____ power than _____.

_____ starter _____ should be used _____ it's _____ powerful _____ what was _____.

_____ starter motor be _____ the one that was _____?

_____ a _____ to choose _____ powerful starter _____ over _____ one that was originally _____?

_____ questionable if it is _____ motor with higher engine _____ over _____ stock one

Is it better to _____ a more _____ starter _____ than _____?

Should I _____ higher rated starter _____ more _____?

_____ is questionable if _____ is _____ a starter motor that _____ power than _____ stock _____.

_____ I choose a _____ rated _____ because it is _____ than what _____?

Is it _____ to _____ motor that _____ the stock one?

_____ a _____ motor _____ suitable even if it _____ power ratings?

_____ is questionable whether it _____ good idea to choose _____ starter motor _____ higher _____ the _____.

Should _____ in _____ starter motor?

Should I _____ with _____ higher _____ starter _____ even _____ newer?

Is _____ recommended to _____ starter _____ one _____ more _____ than _____?

_____ it appropriate to _____ a _____ motor with _____ a stock _____?

_____ go with _____ motor rated higher _____ was originally _____?

_____ it _____ to _____ a starter motor that gives _____ stock _____?

Should I _____ a _____ starter motor _____ exceeds _____?

It is questionable if _____ idea _____ motor with _____ power than _____ stock does.

_____ is _____ whether it is _____ choose _____ with _____ engine power over the stock _____

_____ choose a motor that _____ than the one _____ initially _____?

Is it _____ the _____ that was greater in power than _____?

Will _____ motor be _____ despite exceeding _____ power ratings?

Even though the starter _____ the original _____ a _____ to pick a bigger one?

_____ the more powerful replacement _____ motor?

Is _____ to _____ motor with a bigger _____ a stock _____?

_____ I _____ a _____ motor that _____ more _____ what _____ installed?

_____ you recommend _____ a _____ more power if it _____ was installed?

Should I _____ for _____ with _____ what was originally installed?

_____ if I _____ choose the higher powered _____ motor _____ the one _____.

_____ it a _____ idea _____ a higher rated starter _____ one installed?

Is _____ appropriate to go for a starter _____ that _____?

Does it make sense to ____ a starter ____ the stock ____?

Do you ____ it's ____ use a higher-hp ____ it ____?

Should ____ that ____ more ____ than the ____ I originally installed?

It ____ questionable if it is wise ____ choose ____ motor ____ a ____ output ____ stock ____.

____ I use a more ____ starter ____ case it ____?

____ it right ____ choose a ____ that offers ____ power than ____?

Even ____ the ____ motor was ____ than ____ is it ____ to ____ that motor?

It ____ whether ____ wise to go ____ a ____ with more ____ than ____ stock model.

____ more ____ starter ____ be suitable even though it ____ initial ____?

____ if it's ____ to ____ a ____ motor with ____ levels ____ than it ____ for.

Should ____ choose a ____ that is ____ was originally installed?

It ____ if ____ wise to choose a ____ motor ____ of ____ over a stock ____.

____ go with a ____ starter?

Should I take ____ higher powered ____ over the ____ that ____?

____ right to ____ a ____ has more power ____ the stock ____?

It ____ questionable ____ it ____ wise to go with ____ starter ____ with ____ of power ____ stock ____.

____ questionable ____ to choose ____ starter ____ higher levels of ____ a stock one.

____ upgrade my starter ____ one ____ greater ____?

Is ____ to ____ starter ____ is more powerful than what ____ already ____?

It is ____ if it ____ go with a ____ than the stock model.

____ choose a starter motor that gives ____ power?

Is it wise to ____ oomph over ____ stock model?

Should ____ powerful ____ motor ____ chosen?

____ is ____ whether it is wise ____ choose a ____ higher ____ levels ____ the ____ model.

____ I ____ the more powerful ____ motor ____ rating?

Question: ____ I use ____ starter ____?

Is it wise ____ choose ____ with ____ output ____ a stock ____?

____ I go with ____ higher rated ____ motor since ____?

____ it ____ to use ____ powered starter ____ the stock ____

Is it ____ good ____ starter motor ____ has ____ power?

Should I ____ with ____ motor ____ is more powerful ____ I ____ installed?

Do you think it's a good ____ use a ____ starter ____ the ____ one?

____ a ____ starter motor be ____ if ____ its initial ____ ratings?

Should I use ____ more ____ starter ____ higher ____?

It is ____ whether ____ to choose a starter ____ that ____ higher ____ stock one.

____ it a good ____ a higher-rated starter motor ____ one already ____?

It ____ it is ____ a starter motor with ____ output than ____.

____ it wise to ____ starter motor ____ more ____ a ____ model?

____ questionable if ____ wise ____ a ____ motor with ____ power ____ stock.

____ it ____ choose a starter ____ with more ____ than ____ model?

____ it ____ good ____ to choose that motor even ____ was ____ one that was ____?

It's questionable ____ it's ____ choose ____ starter motor with more ____ than the ____.

It is questionable ____ it is wisest ____ a ____ is ____ than ____ stock model.

____ I choose the higher rated starter ____ if ____ was ____?

Can ____ a ____ motor that is more powerful ____?

____ though ____ motor was more powerful ____ original installed ____ it wise to go ____?

____ a ____ powerful starter motor be ____ good ____?

It's ____ if ____ wise to ____ starter motor ____ levels ____ power than ____ is used ____.

Should I ____ higher-rated ____ motor ____ is ____ powerful than ____ was ____ installed?

Will ____ more potent starter motor ____ suitable ____ though ____ more ____?

_____ is questionable _____ it is _____ to choose _____ starter _____ higher _____ one with _____ stock.

_____ a beefier starter _____ that surpasses stock _____?

Even if the _____ motor _____ the original, does _____ sense _____ go _____ a _____ one?

_____ the _____ starter motor over the one _____ was _____ installed?

It _____ questionable if it is _____ to choose _____ motor _____ higher _____ power over _____.

Is it a _____ to _____ a starter _____ with _____ the _____ one?

Even though the starter _____ powerful _____ installed one, is it _____ to _____ more _____?

_____ cool _____ a stronger starter _____ even _____ it is more _____ than the _____?

_____ it _____ choose _____ motor that gives higher _____ than the _____?

Is _____ to _____ starter _____ that _____ higher power than _____ stock _____?

_____ wise to _____ starter motor with _____ engine _____ over the _____ one?

_____ motor _____ greater _____ power than what was originally _____?

Should I _____ higher powered _____ motor _____ one I had _____?

_____ motor that has _____ power than the stock model?

Should _____ the _____ starter motor, even though it is _____?

_____ the higher _____ starter motor even _____ more powerful _____ I installed?

_____ it _____ choose _____ motor with more _____ the stock model?

_____ I get a _____?

It is questionable if it is wise _____ starter _____ with _____ stock _____.

_____ questionable whether it _____ to choose a _____ motor _____ a larger output _____ stock _____.

_____ the _____ more _____ the one installed, is it better _____ use _____ more powerful _____?

If I _____ to _____ a beefier _____ motor _____ stock _____?

_____ to choose the _____ though it _____ powerful than _____ one installed.

_____ for a bigger _____ motor _____ than what was _____?

Is _____ wise _____ choose _____ with a _____ output _____ stock one?

_____ wise to _____ with _____ motor _____ it's more powerful _____ the one _____?

_____ it _____ to _____ with the _____ even _____ it _____ more _____ than the _____?

Should _____ choose _____ higher-rated _____ though _____ more powerful than _____ was installed?

_____ it a _____ idea _____ a higher-rated _____ motor _____ one _____ first?

Thoughts _____ going _____ an _____ starter?

Is it right _____ for a starter _____ than the _____?

_____ is _____ a starter motor that has more engine power _____ stock one.

_____ I _____ a _____ rating for _____ starter motor?

It is _____ it _____ a _____ motor with _____ levels of power _____ a stock _____.

Should _____ choose _____ rated _____ it's more powerful than what _____?

_____ I choose _____ that _____ in power _____ what was installed?

Is _____ wise to _____ a _____ motor that _____ than _____ one?

_____ I go _____ a _____ starter _____ it surpasses what was _____?

_____ I go with _____ motor _____ exceeds _____ installed?

_____ is questionable _____ it is _____ to choose _____ starter _____ has _____ engine power over _____.

_____ more _____ be suitable if _____ exceeds its _____ ratings?

Is _____ appropriate _____ motor with more power _____ the _____ model?

It _____ questionable if it is _____ to choose _____ starter motor _____ power _____ used _____.

Should I _____ a _____ rating on my _____?

Should I choose the _____ starter _____ more powerful than _____ was _____?

_____ it better to choose _____ powered _____ over _____ one _____ was _____?

_____ go _____ the _____ starter _____ the one that was originally _____?

_____ though _____ starter motor was _____ installed one, is it wise to choose _____?

_____ it right _____ choose _____ motor that is _____ powerful _____ model?

_____ higher-rated starter motor is _____ the one _____ installed.

____ it ____ good idea ____ choose ____ more ____ starter ____ the one ____?
 It ____ questionable ____ it is ____ to ____ a ____ motor that ____ power over a _____.
 It ____ questionable if it ____ wise to ____ a ____ higher ____ power ____ is used for.
 ____ more powerful starter ____ be suitable even if ____ ratings?
 ____ is questionable if it ____ starter motor that has ____ power than ____ stock ____.
 ____ upsized high-horsepower ____ - thoughts of this ____?
 Is ____ appropriate to ____ power than the stock one?
 Is ____ a good ____ that has more power than ____ one?
 It ____ questionable whether ____ wisest to choose a ____ that has ____ the ____ model.
 It ____ questionable whether ____ idea ____ choose a ____ motor ____ levels ____ power over a ____ one.
 It is ____ whether it ____ to pick ____ with a larger output ____ the _____.
 ____ questionable ____ wise to ____ motor that will give ____ power than the stock ____.
 ____ it ____ use ____ stronger starter ____ even ____ it's ____ than ____ original one?
 ____ I choose the better-rated starter ____ if ____ powerful ____ what ____?
 Should ____ choose the more ____ motor over ____ already ____?
 ____ a ____ idea ____ go with the ____ motor ____ though it was ____ powerful ____ the ____?
 ____ I choose ____ motor ____ is ____ than what was ____?
 Is it ____ higher-hp ____ than it is ____ the first ____?
 ____ starter ____ was ____ than the original, is ____ wise to ____ that ____?
 Even though the ____ greater ____ power than the original ____ wise ____ use that ____?
 Even though ____ starter motor was more ____ than ____ installed, is ____ wise ____?
 ____ it ____ me ____ go with ____ more powerful starter ____?
 ____ questionable ____ it is ____ to ____ that has more engine power ____ stock one.
 ____ to ____ a starter motor that has ____ a stock ____?
 ____ wise ____ with ____ starter motor that was ____ powerful ____ the ____ installed?
 It ____ it is ____ to choose ____ starter motor ____ more ____ the ____ used in.
 ____ is questionable ____ it ____ wise ____ choose a starter motor ____ power than ____ model
 Is ____ to choose ____ starter ____ with higher ____ over a ____?
 ____ starter ____ that's more powerful than what was ____?
 The ____ is more powerful than ____ had ____ installed.
 ____ it wise to ____ with the ____ motor that ____ in power than ____ that ____?
 ____ if it's ____ than what was ____ should ____ the ____ starter motor?
 ____ a ____ starter motor ____ it will surpass ____ rating?
 ____ it cool to ____ for a ____ if ____ is more powerful than ____?
 ____ questionable ____ it's wise to choose ____ starter ____ higher power ____ the ____.
 Will ____ potent ____ suitable even ____ surpasses its initial power ____?
 Is it wise to go ____ starter motor even though it ____ greater ____?
 ____ it cool to go for ____ stronger ____ motor ____ it ____ more powerful ____ one?
 Is it possible to ____ higher-rated ____ motor ____ it ____ more ____ than what ____?
 ____ think I ____ the starter to ____ with more ____?
 ____ questionable ____ it's ____ choose ____ starter motor with higher ____ of ____ over ____ with ____ stock.
 Is ____ to go for a ____ motor than its ____?
 Is it right to ____ starter ____ more ____ than ____ model?
 Is ____ to ____ a ____ more engine ____ over the stock ____?
 It is questionable ____ choose ____ motor with ____ the stock ____.
 ____ opting ____ more potent motor ____ its initial ____ ratings?
 ____ is questionable if ____ is wise to ____ a starter ____ gives more power _____.
 ____ for a ____ motor even if it's more powerful ____ the ____ one?
 Is it ____ if ____ purchase a beefier starter ____ beyond ____?
 ____ right to ____ starter ____ that ____ more ____ over the ____ model?

_____ right to pick a _____ that has _____ over _____ model?
 Do _____ believe _____ using _____ starter _____ than the first _____?
 Is it safe to pick _____ starter _____ surpasses what _____ with _____?
 _____ use a _____ powerful _____ motor over _____ rating?
 Do _____ think _____ use _____ starter motor _____ it _____ right now?
 _____ starter _____ be used even if _____ is _____ than what _____ installed?
 Is _____ right to go for _____ that _____ oomph?
 Should _____ choose _____ powerful _____ the one installed?
 Is it wise _____ the _____ that was _____ powerful _____ one _____?
 _____ choose _____ higher- rated _____ motor _____ is more _____ than what was _____?
 Do _____ think _____ for a _____ motor _____ surpasses _____ was originally _____?
 _____ more potent starter motor be _____ exceeding its _____ ratings?
 Should _____ use _____ higher rated _____ motor because _____ more powerful _____ what _____?
 It's questionable if _____ starter _____ with _____ levels of power _____ the stock _____.
 Is _____ a _____ a higher-rated starter motor _____ the one _____?
 It _____ whether it _____ wise to _____ starter motor with _____ than the _____.
 Will a _____ be suitable despite _____ initial power _____?
 Should _____ choose _____ motor that's _____ what was initially _____?
 _____ it _____ to buy a _____ powerful than the _____ model?
 _____ you believe _____ a higher-hp starter _____ over _____ first _____?
