

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Internet and Wi-Fi connectivity issues
Inquiry Sub-Category	Firewall and security settings
Description	Customers contact for assistance in setting up or troubleshooting firewall and security settings on their routers, aiming to enhance network security and protect against potential threats and unauthorized access.
Data Size	5,071 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

What signs suggest breaches _____ security, and _____ actions should _____ ?

_____ signs of a network break-up, and _____ actions _____ ?

What _____ we _____ the event of a network _____ ?

_____ the actions _____ network security _____ .

Possible actions _____ breach _____ .

_____ are the _____ of _____ network security _____ so, _____ are the actions _____ occur?

When it _____ violations, _____ can one _____ them?

What _____ one _____ if they discover a _____ ?

What steps _____ I _____ see _____ network security _____ ?

If a security _____ in _____ detected, _____ we do?

_____ pointing _____ network security _____ react

_____ it that _____ can do _____ potential network security _____ ?

_____ we do when we _____ problem _____ the network?

_____ security _____ signals, _____ countermeasures?

What do you think _____ a _____ breach _____ ?

_____ are the signs of _____ network _____ break-up _____ we take?

What are _____ things _____ look for _____ security, and what _____ done _____ ?

What _____ we do _____ there's _____ security _____ in _____ ?

_____ done if _____ is _____ security break- up?

_____ are the _____ potential _____ security breach _____ what _____ do about it?

What are the signs of _____ and _____ should be _____ about _____ .

When it _____ security _____ what _____ should we _____ for?

_____ are _____ signs _____ network _____ what should we do about _____ ?

What are _____ to _____ for _____ it _____ to _____ security and _____ should be _____ .

_____ a network security _____ actions _____ be taken?

_____ red flags _____ for _____ it comes to network _____ ?

If _____ network, what should we do?

What _____ I do if there is _____ ?

How can one _____ and respond _____?

_____ course of action _____ advised _____ signs of network _____?

What _____ the signs _____ a _____ are the actions that _____ happen?

What _____ when _____ of compromised network security?

_____ signs _____ a _____ in _____ security, along _____ suggested actions _____ mitigate risks _____ something _____ provide insights _____.

Immediate _____ need _____ after a _____ our _____ what are _____ key signs?

What should _____ do if _____ messing with _____?

What _____ be taken in _____ of network _____?

_____ to act appropriately _____ indicators of _____ defense _____.

_____ if _____ are _____ of _____ security?

What do _____ you _____ breeches?

What should _____ if _____ network _____ breach _____?

_____ are the _____ pointing to _____?

What should _____ out _____ when _____ network security, _____ should be _____ about it?

_____ actions should _____ taken in the _____ breach?

What are _____ that _____ network _____?

What course _____ action _____ taken when there _____ network _____?

What are the _____ network security _____ and _____ so _____ should _____?

What _____ signs of a network security _____ and _____ to happen?

_____ there anything _____ can tell me about identifying _____ a _____ in network security _____ risks?

_____ are _____ of _____ and what actions can _____ taken?

_____ are the signs _____ a network _____?

What _____ a network security break-up _____ actions would they _____?

What should _____ done _____ security _____?

_____ signs of _____ intrusions?

What _____ if I _____ a _____ security breach?

What should I _____ see a _____ the network?

_____ breeches and recommended _____ flags?

_____ are _____ of a _____ security _____?

_____ pointing _____ faults; how to _____?

What steps _____ take if I _____ a _____?

_____ are _____ signs of _____ network _____ and what should happen _____?

_____ signs of _____ breeches?

_____ are _____ signs _____ network security _____ so, what _____ they do?

_____ done if _____ network security break-up is _____?

How _____ one _____ deal with potential _____ violations?

_____ for _____ to _____ cyber threats?

What are _____ of _____ network _____ as well as _____ are the _____ would be _____?

What _____ should I take _____ security _____ happens?

_____ be done if there is a _____?

_____ should we do if we _____ security breach _____?

What should _____ if _____ network _____ is occurring?

What _____ should I take if there _____ potential _____?

_____ are _____ security issue in our network?

How to _____ network _____?

What should _____ in _____ of a _____ security _____?

_____ should we do if _____ a vulnerability _____?

_____ be done _____ security break-up is seen?

_____ there anything _____ can _____ me _____ identifying _____ and _____ actions to mitigate risks _____?

_____ are _____ detecting _____ networking systems?

_____ are some of the _____ signs _____ a _____ our _____?

What _____ of _____ should _____ taken in regards to signs _____?

_____ to look for _____ comes to network security, and _____ done _____ is _____ break.

_____ the actions for network _____?

_____ do _____ there's a network _____ issue?

_____ the things _____ for when it comes _____ network _____ and _____ is a break

_____ should be done if _____ break _____?

What _____ signs _____ a network security break-up, _____ action _____ taken?

_____ actions should _____ if network _____ is _____?

What are _____ a _____ break-up, and what actions _____?

_____ and recommended countermeasures.

_____ it comes to network security, and _____ are _____ remedies after a _____.

_____ it _____ to give _____ signs that _____ breach in network _____ with suggested actions to _____?

Which course _____ recommended for signs _____ compromised _____?

_____ course _____ action should be taken _____ there _____ security weaknesses?

_____ do in detecting network _____?

What _____ the _____ network _____ break-up, and _____ the actions _____ would follow?

_____ respond _____ clues about _____ security _____.

_____ we _____ if _____ detect a network _____ violation?

What _____ signs _____ a break-up of _____ network _____ what _____ done?

What should _____ done in _____ a _____ violation?

_____ steps should _____ take in _____ network _____ breach?

_____ there warning signs associated with network _____ plus _____?

What _____ should I _____ the _____ a _____ security problem?

What to look _____ it _____ to network security, and what _____ do _____

What should _____ done in the _____ security _____?

What _____ the _____ to _____ it comes _____ security, _____ are the _____ for a break?

What _____ be looked for _____ to _____ what should _____ done?

_____ steps _____ I _____ in _____ of a _____ security breach?

What are _____ network security _____ if _____ what are the _____ that _____ be taken?

What are _____ network _____ and what should _____ about them?

_____ the telltale _____ for _____ networks?

What _____ some of _____ signs of _____ security _____?

_____ should _____ we detect a security _____ on the _____?

What _____ of action _____ advisable _____ there is _____ network _____?

_____ we _____ find network security _____?

_____ should _____ do if _____ signs of a compromised _____?

_____ taken in _____ event of _____ security breach?

_____ be looked for when _____ comes _____ network _____ and _____ done when it _____?

What can _____ if _____ see a _____?

What _____ do if _____ see a _____ security _____?

_____ we _____ if _____ a security breach?

How _____ one _____ potential _____ security _____ and _____ them?

_____ should _____ looked _____ it comes _____ security, and _____ should be _____ about _____.

_____ should we _____ if _____ see _____ potential network _____?

_____ the event of a security breach?

_____ deal with signs of _____?

_____ actions _____ security breach indicators?

_____ actions should _____ in the event of _____ security _____?

What _____ do _____ breach occurs on my _____?

_____ are _____ actions _____ network _____ Indicators?

_____ are _____ indications _____ network security issues _____ what _____ do?

_____ should I _____ is network _____ issues?

What steps _____ I _____ network security is _____?

_____ to look _____ in _____ security, _____ are _____ remedies _____ there is _____ break.

_____ of network security violations and _____ should I _____?

What _____ should _____ taken _____ network security breeches?

_____ are _____ of a _____ security break _____ and what are the actions that _____?

What _____ best _____ action _____ you see signs of _____ network _____?

_____ signs of _____ network safety _____

If _____ detect breached network _____ you _____?

_____ do _____ they detect _____ violations?

_____ event of _____ network _____ what _____ I do?

If we _____ a _____ should we _____?

_____ should _____ respond to _____ problem _____ the network?

_____ should be looked _____ when _____ comes _____ network _____ should _____ done when it happens?

_____ the _____ network _____ break-up, and _____ would be done about _____?

What are _____ signs _____ a _____ and what are _____ that _____ happen

What should be _____ a network _____?

How _____ detect network _____?

_____ are the _____ of _____ security issues _____ we do?

_____ are the _____ a _____ break-up _____ what _____ the actions _____ might _____ taken?

What _____ be done _____ security _____?

How can _____ spot a potential _____ security _____ and _____?

What _____ of _____ should be taken _____ see _____ network _____?

_____ should _____ done if _____ detect _____ breach _____ the network?

_____ the _____ of a network _____ what could _____ done _____ it?

_____ are _____ signs of a _____ and _____ done to stop it.

What _____ the _____ of a potential _____?

_____ we _____ we find a security _____?

_____ possible for _____ a breach in network security, along with _____ actions to mitigate risks?

_____ to _____ of _____ network security?

_____ are _____ things to look _____ when it _____ to _____ and _____ do _____ if _____ a break?

_____ do _____ case of _____ network security incident?

_____ red flags should _____ look _____ security problem?

_____ are _____ indications _____ network security break-up, _____ what actions _____?

What course _____ action _____ are signs of _____ compromised _____?

What _____ the _____ for _____ indicators?

_____ things to look _____ for when it _____ and what _____ taken.

_____ be _____ event of a network security _____?

How to react _____?

_____ action should be _____ in the _____ of _____?

_____ should we do if there _____ a _____?

_____ course of action should _____ taken _____ network security?

What _____ that there _____ network security break-up and _____ be _____?

What _____ a security break-up _____ what _____ be _____ about it?

What _____ when you _____ network security _____?

_____ should we do _____ signs of _____ network _____ breach?

_____ to do _____ security issues?

What _____ be _____ a security _____ takes _____?

What red _____ we _____ in a _____ security _____?

_____ be taken if network security _____?

_____ indicators of online _____ breeches _____ what _____?

What are the _____ a _____ security _____ up, and _____ actions _____?

_____ one do _____ spot and handle _____ security _____?

What are _____ out _____ when it comes _____ network _____ and what are _____ remedies _____ is a _____.

What can _____ to _____ deal _____ network security violations?

_____ the _____ signs of a network _____ what should _____ done about _____?

_____ there a _____ for _____ and necessary responses?

What are some _____ for _____ comes to _____ security?

What _____ to be _____ if _____ potential breach _____?

_____ the signs _____ a _____ security _____ up and what _____ be _____?

What _____ to watch when _____ comes to _____ what should _____ done?

_____ should _____ when we notice _____ security _____ the network?

What is _____ to deal _____ compromised network security?

_____ pointing _____ network security _____ to _____?

_____ of _____ network _____ break-up, and what _____ be taken to stop _____?

_____ are the signs of _____ security _____ and _____ can _____ it?

How _____ respond to _____?

_____ pointing to _____ how to _____?

_____ should be done _____ breach _____ in _____ network?

_____ are the main signs _____ a network _____ should _____ taken?

What _____ course of _____ if you see _____ of _____ compromised _____?

Identifying _____ that _____ a _____ network security, _____ with _____ mitigate risks, _____ you give _____ insights on _____?

What _____ if there are problems _____ network?

_____ potential network security breeches, and what _____ we _____?

_____ should _____ take _____ I see a network _____?

What should _____ there's a _____ with _____ security?

_____ one _____ network security _____ and efficiently handle _____?

How should _____ spot _____?

What steps _____ I _____ to _____ network _____ breeches?

What _____ signs of a network security break-up, _____ what _____ the _____.

How _____ a broken _____?

How to react _____ network _____ fault?

_____ you _____ comes to _____ security and _____ can you do _____ there is a _____?

_____ network security breach indicators?

_____ spot threats in _____?

What are the _____ a _____ breach and what _____?

What should we _____ if there _____ possible _____?

_____ should _____ taken _____ there are network _____ issues?

If the _____ has _____ should we do?

What can _____ us _____ identifying _____ a breach in network _____ along with suggested _____ risks?

When it _____ to network _____ are _____ for _____ remedies are available?

What _____ the signs _____ a network _____ will be _____?

_____ courses of _____ should _____ taken when there _____ of _____ network _____?

_____ can _____ violations and effectively handle them?

_____ is recommended _____ signs _____ compromised network security?

What _____ signs _____ breach in _____ security?

_____ the _____ look for _____ there's a break in _____?

_____ signs of potential _____ security breeches _____ what _____ we _____?

What _____ the sign of _____ network security _____ what _____ ?
 _____ should _____ detecting _____ security violations?

What _____ key signs of a _____ and _____ be taken?

Spot _____ hacked _____ actions?

_____ are the telltale signs _____ up, and what _____ done?

Actions to be taken _____ are _____ network _____ ?

Some signs of _____ ?

What should _____ when we _____ a _____ violation.

What _____ looked _____ it comes _____ security _____ what _____ should be taken.

If there _____ what should we do?

What _____ should _____ taken if _____ are network _____ ?

What should we _____ we detect a _____ a _____ ?
 _____ to react _____ issues?

_____ are _____ network security _____ and what are _____ they would take?

What _____ clues _____ to _____ security _____ ?

If we _____ security _____ should we _____ ?

what should _____ do if _____ detect _____ violation

What _____ case of _____ network security incident?

_____ the _____ signs of _____ breach and _____ should we _____ ?

_____ case a _____ occurs what _____ should be _____ ?

How to react _____ pointing _____ security _____ .

What should I do if _____ ?

Identifying _____ that indicate _____ in network security, along _____ actions _____ mitigate risks _____ give us.
 _____ comes _____ network _____ if _____ a break, _____ are the remedies?

What _____ a network security _____ up and what do _____ ?

What _____ do if _____ detect a _____ on _____ network?

_____ course _____ action is recommended _____ of compromised network _____ ?

_____ signs of _____ security _____ what are the _____ must _____ taken to fix it?

What are _____ possible signs of a _____ security _____ and _____ are _____ actions _____ ?

What action should _____ case _____ a _____ breach?

What are _____ security failures?

_____ should we _____ compromised _____ ?

What _____ I take in the event of _____ ?

_____ the telltale signs of _____ security _____ what should be _____ ?

_____ the _____ a _____ up and what should we do?

What should _____ do _____ a network _____ violation?

_____ are the signs _____ a _____ what are the _____ be taken?

What _____ look for when it _____ to _____ and what _____ taken

What should _____ we discover _____ security violation?

_____ spot _____ violations on a network?

What _____ think should _____ done _____ security breach _____ ?

What _____ the signs of _____ network _____ what are the _____ they _____ ?

_____ actions _____ be _____ there is _____ security breach?

If _____ network security _____ found, what should _____ ?

_____ are _____ signs _____ a network _____ and what _____ done.

_____ indicators _____ safety breaches - _____ are next _____ ?

How do _____ respond _____ security _____ ?

What _____ the _____ break-up is taking place?

What _____ a _____ security _____ and what actions should be taken?

What are _____ signs _____ a _____ security _____ the actions _____ are needed?

How should _____ violations?

What should _____ do _____ we see _____ breaches?

_____ actions should _____ if there _____ a _____ security _____?

_____ there is _____ network security _____ actions should _____?

_____ one do _____ detecting _____ violations in the _____?

_____ a security _____ in our network and what should _____?

_____ should _____ respond to _____ security _____?

What steps _____ I take _____ the _____ security breach?

What action _____ be _____ if _____ security breach _____?

_____ actions should _____ network security is violated?

_____ steps I should _____ if there _____ a _____ security _____?

_____ a _____ security breach occurs, _____ actions _____ taken?

_____ if I _____ a potential network security _____?

_____ should be _____ in the case _____ security _____?

_____ be _____ if _____ breach occurs in the _____?

_____ to detect security _____ in _____?

_____ security breach _____ what should we _____?

_____ we _____ a _____ what should we do?

_____ should _____ do in _____ event of _____ break?

What are the _____ a _____ security _____ and what _____ you _____ about _____?

_____ the signs a _____ and what should _____ done?

_____ the signs _____ security _____ and _____ should I do?

What _____ we do if we _____ a _____?

_____ of action _____ recommended _____ see _____ of compromised security?

How _____ spot _____ network _____?

_____ I do _____ I _____ someone _____ messing with _____ network?

There _____ things to _____ when it _____ security, and _____ there is a break.

What _____ should I _____ is a _____ on my _____?

_____ can _____ spot _____ security violation and handle it _____?

What _____ things to look out _____ it comes _____ network _____ what _____ about it?

How _____ you _____ network security violations _____ effectively?

What _____ flags _____ be watching _____ when it comes _____ security?

_____ signs of _____ security break-up _____ what _____ done to _____ it?

What should _____ if _____ violated?

_____ should _____ do when I _____ security _____?

What _____ be _____ in _____ of a _____ breach in _____?

If _____ network _____ breach _____ should _____ done?

_____ should we _____ when _____ see _____ network security _____?

_____ should one _____ they _____ security _____?

_____ flags are there _____ indicate _____ screw-ups?

How can _____ spot _____ network _____ violations _____ deal _____ them _____?

what _____ should _____ if a _____ breach _____?

_____ signs of a _____ security _____ action be taken?

_____ we do _____ a _____ breach in the network.

What _____ the _____ a network _____ and _____ do we do _____?

What _____ a network security _____?

_____ give insights _____ signs that indicate a network security _____ with _____ actions to mitigate _____?

_____ should be done _____ breach _____?

_____ of a network security break-up, _____ should _____ do?

What _____ signs _____ network _____?

_____ react to _____ pointing _____ security faults.
_____ actions _____ I _____ a _____ security breach happens?
_____ respond to breaches _____ network security?
Showing _____ actions _____?
If _____ security violation is _____ should we _____?
What are the key signs _____ a _____ breach in _____ respond?
How _____ potential network security violations _____ effectively?
Can you _____ to mitigate risks _____ identify _____ of a _____?
What _____ should _____ taken if _____ is a _____?
What _____ we _____ a _____ security _____?
_____ are _____ symptoms of _____ network security _____ what are the _____ taken?
What action should _____ taken _____ a _____ violation _____?
_____ flags for network security, _____ should I do?
What _____ I do in _____ case of _____?
_____ taken in the _____ of a _____ breach?
If network _____ lacksles, _____ be _____?
_____ signs _____ network security break-up, and what _____ done?
_____ should I do _____ security issues?
_____ we do _____ network _____ indicators?
How _____ network _____ violations _____ be able to handle them _____?
What _____ a network security _____ occurs?
_____ should _____ if a network _____ breach occurs?
_____ are _____ signs of _____ network _____ break up, and what _____ the _____ that need _____?
What _____ of _____ break-up and what are the actions _____ should _____?
_____ are the _____ of a _____ security _____?
_____ should we _____ when _____ detect a _____ the network?
_____ are _____ a network security _____ and if so, what actions _____?
Is _____ to _____ the _____ associated with _____ security breeches _____ preventative measures?
What _____ indicate _____ screw-ups, and what should _____ do _____?
What _____ flags should we _____ network _____ mess?
What _____ we do _____ we find a _____ network?
What action _____ be taken _____ security _____?
_____ do we know about the key signs of _____?
_____ know what _____ do when _____ security violations?
_____ action should be _____ if there _____ a _____ security?
_____ it possible _____ provide insights on identifying _____ indicate a _____ network _____ suggested actions to _____?
_____ should I take if _____ see _____ network _____?
What should _____ identify _____ of breached network _____?
_____ should _____ do _____ we _____ a _____ breach in _____ network?
_____ that _____ breach in _____ security, along with suggested _____ to mitigate risks, _____ be _____ can _____.
What are _____ signs of a _____ actions that should _____?
_____ should we do _____ we suspect _____?
How _____ to network _____ problems?
_____ the person do to _____ network _____?
What _____ point _____ security _____?
_____ actions should _____ if _____ is a potential _____?
_____ you think _____ are of a _____ security _____?
_____ are _____ actions _____ security violation _____?
_____ associated with network security breaches?
What _____ should _____ take _____ my _____ violated?

_____ signs _____ network security break-up, and _____ are the _____ that would _____?

_____ are things to look for _____ comes to _____ security, _____ what _____ the _____ if _____ is _____.

What _____ if a _____ is found _____ the network?

_____ the _____ signs _____ a network _____ break-up _____ what are _____ actions that _____ taken?

How can one spot _____ deal _____ violations _____?

What _____ the _____ of _____ network _____ what _____ we do?

What _____ the _____ of a _____ security _____ will _____ done?

What are the signs _____ network security _____ be _____?

_____ are the _____ look _____ for _____ comes to _____ security and what are the _____ a break

There are _____ to _____ for when it _____ to network _____ and _____.

How should network _____ handled?

What _____ a network _____ and should be done?

What should _____ should a network _____?

_____ should _____ do when we discover _____ security _____?

What _____ of a network _____ and if _____ what _____ the _____ that would _____?

What _____ of action should _____ taken _____ security is _____?

What should _____ if _____ a security breach _____?

What _____ indications of _____ security _____ what _____ I do?

_____ are _____ signs of a network _____ and _____ they would take?

Actions to _____ signs _____ violations?

What _____ to look _____ when it comes _____ and what _____ remedies if _____ a _____.

Network vulnerability _____ raised: _____ should _____?

What _____ do if _____ see a _____ in the _____?

_____ need _____ be taken after a security breach in _____ the _____?

When it comes _____ the things _____ and what actions should _____ taken?

_____ should we _____ the _____ compromised network security?

_____ to look _____ for when it _____ network security _____ what actions _____.

What _____ the _____ of a network security _____ so, _____ actions would _____?

_____ do if we _____ a network _____ breach?

Spot _____ of hacked _____ actions _____?

_____ actionable for potential _____?

What _____ the _____ breach, _____ what should be done?

If we _____ security problem in _____ should we _____?

What should we _____ problem with _____ network?

_____ network security _____ to snuff?

_____ should _____ do _____ we _____ up _____ security violation?

_____ of action should _____ when _____ compromised network _____ are present?

Network security _____ should be _____ what _____?

_____ we _____ a _____ problem on the network, _____ do?

What should we _____ if _____ breach?

What _____ taken should a _____ occur?

What are the _____ a _____ and _____ the actions _____ should take?

_____ steps should I take _____ security issue?

Clues _____ flaws; _____ to respond?

Suggestions _____ to signs _____ threats?

There _____ things _____ comes to _____ and what _____ should be taken.

_____ the best course _____ action _____ of _____ security?

What are the signs of network _____ break-up _____?

What should be done _____ find _____ the network?

Identifying signs that indicate _____ network _____ along _____ to _____ is something _____ you can _____ insights on.

_____ are _____ signals of _____ network security _____ and _____ should _____ done _____ ?

What red _____ should we _____ for in _____ security _____ ?

What steps _____ I _____ there is _____ breach on _____ ?

What _____ the signs _____ and what _____ if it happened?

What should _____ if there _____ a _____ incident?

What _____ we _____ in _____ of a potential _____ security _____ ?

_____ should _____ to detect network _____ ?

_____ to react _____ security _____ ?

_____ to _____ about network security _____ .

_____ should someone _____ network _____ ?

_____ I _____ I _____ a potential network security _____ ?

_____ should _____ if a network _____ occurs?

_____ are the _____ of _____ network _____ break-up, _____ what are the _____ take?

What _____ do when _____ see _____ problem in the _____ ?

_____ are _____ signs of _____ security breach _____ done about it?

Network _____ and recommended _____ ?

_____ are the _____ a network _____ and _____ be taken?

_____ react _____ there _____ clues _____ to network _____ defects.

What are the _____ network security _____ and if so, _____ ?

_____ be done to detect _____ ?

Should we take _____ we _____ security problem _____ network?

_____ hacked _____ actions that are _____ ?

_____ should _____ somebody messes _____ my network?

_____ breach _____ the _____ we do?

_____ tell _____ the _____ associated _____ network security breaches?

_____ case _____ incidents, what are _____ indications, and _____ I do?

_____ security breach in the _____ should we _____ ?

What can _____ person _____ security violations?

_____ are _____ clues _____ to network _____ ?

If _____ are _____ a _____ security _____ what are the actions that _____ ?

What _____ be _____ if a breach _____ in _____ ?

_____ look out for when it comes to _____ and _____ done _____ it.

Is _____ possible _____ insights on _____ signs that _____ a _____ in network _____ to mitigate risks?

_____ things to look _____ comes _____ security, and what are _____ actions _____ should be taken.

If _____ network has _____ problem, what should _____ ?

_____ to find _____ network _____ breaches?

_____ the indications _____ network _____ violations _____ should I do?

_____ should I _____ there are _____ network _____ issues?

_____ things _____ look _____ security _____ what are the _____ when there is a break

_____ should I do in case _____ ?

_____ to do about _____ safety _____ ?

How _____ to _____ point to _____ security problems.

_____ should we _____ if _____ problem is _____ in _____ ?

What _____ to _____ when _____ to network security _____ what remedies are available _____ is _____

_____ actions _____ be _____ in the _____ of _____ network security _____ ?

Should you _____ signs _____ cyber _____ ?

What _____ be taken if _____ a network _____ ?

What _____ I _____ if _____ security breach _____ ?

_____ things to _____ comes to _____ security and what can _____ there is a break?

_____ red _____ we look _____ in a network _____ ?

If _____ network security _____ is _____ what _____ do?

_____ are the _____ signs _____ break-up, and what actions to _____?

There are _____ of _____ networks, what _____?

Identifying signs _____ a _____ security, _____ with suggested _____ mitigate risks _____ can tell me about.

_____ red flags _____ look _____ in a _____ security _____?

_____ can you _____ to detect _____?

What are the main _____ security problem _____ network _____ should we _____?

What things _____ for when _____ comes to _____ security, _____ be _____ it.

_____ what red _____ we _____ out for when _____ network security?

What should _____ security violations?

Signals of _____ and _____?

What are _____ security break _____ and what actions are _____?

_____ a _____ breach _____ actions should be _____?

_____ the _____ signs of _____ security _____ what _____ we do?

What actions _____ taken _____ security is breeched?

_____ we _____ if _____ identify a security problem _____ the _____?

How do _____ spot _____ security _____ and _____ with _____ effectively?

How _____ detect potential network security _____ we _____ them?

_____ can _____ a _____ network _____ violation and deal _____ effectively?

_____ are the _____ of _____ break-up, and _____ actions _____ take?

_____ is the _____ of _____ network security is compromised?

Network _____ should _____ do?

_____ should we do if _____ a network _____?

_____ the signs that _____ network security break-up _____?

What are the _____ of _____ security break-up, and _____ are _____ that _____?

What are the _____ a security _____ the _____?

What _____ should be _____ security breach _____?

How _____ detect _____ compromised networks?

_____ of _____ can _____ taken _____ seeing signs _____ compromised network _____?

_____ there _____ a network _____ actions _____ be taken?

_____ are the _____ of _____ what are the _____ that _____ be taken?

_____ should we do _____ a _____ breach _____ the network?

_____ are _____ signs _____ network _____ problems?

What steps _____ be _____ a key _____ online _____ breeches?

_____ be _____ after _____ indicators of online safety _____?

_____ case of network security _____ do?

What are the signs _____ break _____ and what can _____?

What should _____ about network _____?

What _____ to look _____ it _____ to _____ security, and what are _____?

What do I do if _____ security?

If we _____ a security _____ the network, _____ we _____?

What are _____ of _____ security _____ and what _____ the _____ will _____ taken?

What are the most _____ of _____ security _____ what _____ done?

What _____ in case of a _____ breach?

What _____ the _____ a _____ network _____ breach?

_____ are _____ security break-up and what are the _____ that should _____?

How _____ you _____ deal _____ potential _____ security violations?

What _____ there are _____ network security being compromised?

_____ are the signs of a _____ our _____?

_____ are _____ of a _____ security _____ and _____ actions _____ be taken?

What ____ be done if there ____ security ____?

____ are ____ signs of a network ____ what actions ____ taken ____ prevent ____?

What ____ telltale signs ____ a network ____ break-up, ____ actions must ____?

____ network ____ needed?

Identifying signs ____ indicate ____ breach in network ____ with suggested actions ____ what you ____ us.

____ I take if my ____ security is ____?

What ____ flags ____ look ____ for when guarding ____ security?

What are ____ indications ____ network security violation ____ do?

What ____ the ____ of ____ breakdown and ____ should ____ done about ____?

____ are ____ signs ____ a ____ breach, ____ should be done immediately?

What are the steps ____ should ____ a ____ breach ____?

____ to signs that ____ cyber ____?

____ are the ____ a ____ security ____ what ____ the ____ should be taken?

What ____ be ____ to a ____ violation?

____ are ____ compromised networks?

How ____ we deal with network ____ if ____ are ____?

What ____ I do if someone ____?

____ are ____ signs that a security ____ is occurring ____ actions ____ taken?

What is the ____ a ____ and ____ should be taken?

____ I ____ if a network ____ breach ____?

____ should we ____ if ____ is ____?

____ telltale ____ of network ____ breaches?

____ if we discover ____ potential network ____ violation?

What ____ should ____ the ____ of ____ security violation?

____ actions ____ taken ____ the ____ that a security ____ occurs?

____ network security problems; how ____?

There are ____ of ____ network security break-up ____ what ____ should ____ taken.

What should ____ if there is ____ network ____?

____ of a network ____ incident, and what ____ I ____?

What ____ flags ____ we look out ____ comes ____ the security ____ network?

What ____ we ____ about ____ breaches?

How can ____ potential ____ security violations ____ effectively ____ with ____?

____ do ____ think are ____ signs of ____ break up?

____ things ____ look ____ when it comes to ____ security ____ remedies if ____ is ____.

____ are ____ a network security break ____ actions to take?

What ____ can be ____ for network ____?

____ signs ____ a network ____ and what ____ the ____ would be taken?

____ are ____ of a network security ____ if ____ any?

____ course ____ action ____ when ____ are signs ____ network security?

____ do to ____ signals of compromised ____?

What are ____ a network security ____ and ____ so, ____ must ____ taken?

____ should be ____ when ____ are ____ of ____ security?

____ it ____ to ____ insights ____ signs that indicate a ____ in network ____ along ____ actions to ____?

____ should I do if ____ security breach?

____ should ____ take ____ there ____ security ____ on my network?

____ are ____ of ____ security break-up and ____ the ____ that ____ to be taken?

What measures ____ be ____ if ____ network ____ breach ____?

What should ____ if a ____ issue ____?

____ a breach in ____ security, along with ____ actions ____ mitigate ____ something you can ____ insights ____.

What should ____ done if we ____?

_____ the _____ of a _____ up, and _____ the actions to take?
 _____ signs of _____ network _____ and what are the _____ to be _____?
 _____ the signs of _____ network security _____ and what _____ would occur?
 When it _____ look for and what _____ should be taken?
 _____ the _____ a network security _____ and what _____ be done?
 What _____ of _____ should _____ there are _____ of network _____ compromised?
 _____ to _____ for when _____ comes to _____ security, and _____ remedies _____ case of _____ break.
 _____ network _____ violation is _____ what _____ we do?
 What _____ action should _____ signs of compromised network security?
 When it _____ to network _____ what things to _____ and _____.
 _____ I _____ in _____ to _____ security breeches?
 _____ are the signs _____ a _____ breech and _____ to be _____?
