

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Alternative energy options
Description	Customers express interest in exploring alternative energy options, such as solar or wind power, and seek information on the feasibility, benefits, and processes involved in connecting these sources to the electricity grid.
Data Size	5,536 paraphrases

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

___ it possible ___ integrate ___ energy sources ___ electricity ___?

Is it ___ renewable energy into ___ electrical ___?

I ___ if there ___ a way ___ add ___ fuels to ___.

___ like to ___ eco-fuel ___ to my ___ plan.

___ Electricity?

Are ___ feasible ___ add alternative ___ electricity mix?

Are there any ___ of ___ renewable ___ options?

I ___ I could ___ alternative ___ the grid.

___ be used ___ my electricity?

___ I ___ my current power grid ___?

Can we use ___?

Is ___ possible to ___ renewable ___ electrical system?

Integrating alternative ___ is ___ about.

___ there ___ energy ___ that can be ___ into my ___?

___ renewable energy get ___?

___ it possible to add ___ to ___ plan?

Is ___ to ___ renewables ___ electric ___?

___ alternative electricity?

___ energy feasible?

Are you ___ to ___ for ___ electric sources?

Is ___ possible ___ alternative energy ___ my supply?

Is there ___ alternative ___ with ___ current power grid?

___ have questions ___ using ___ energy ___ power.

___ renewables make their ___ grid?

Do I have ___ ability ___ energy ___ my ___?

Can ___ be ___ as ___ provider?

Is it ___ to ___ alternative ___ to ___ use?

Is adding ___?

Can ____ add ____ fuel options to my ____?

Can ____ eco-fuel ____ in ____ electricity ____.

Integrating ____?

I wonder ____ mix things up with ____.

____ to combine alternative ____ with my power ____.

I ____ if ____ can ____ new energy ____ my power ____.

I wonder if I ____ combine alternative ____ grid.

Can ____ be installed ____ the ____?

____ renewables included ____ provider?

How can ____ alternative ____ to my ____?

Should I ____ to ____ energy ____ for ____ electricity ____?

____ possible to connect sustainable power ____ electrical supply ____?

____ there any ____ to add ____ to my ____ plan?

____ possible to add ____ energy to ____ mix.

____ connect sustainable power ____ with my electricity ____.

Can you tell ____ options?

____ are ____ for ____ greener electricity ____.

Can I ____ any renewable ____ my ____?

I was ____ if ____ combine ____ energies ____ the ____.

I ____ I ____ add some ____ energy to ____.

____ sustainable energy sources ____ electricity bill?

____ energy be ____ my ____ mix?

Can I ____ to ____ use?

____ possible to combine ____ with ____ grid?

Is it ____ sustainable energy ____ in my ____ supply?

Is ____ feasible to ____ energy ____ electricity?

Can I use renewable sources ____?

Integrating ____?

You have ____ for ____ electric ____?

____ be mixed ____ cleaner electricity?

____ about ____ in my ____ supply?

Do you ____ systems ____ included?

____ of alternative ____ sources ____ allowed?

____ I ____ renewable sources ____ electrical ____?

____ use renewables to power ____?

Is ____ a way ____ renewable energy ____ power?

____ you offer ____ for adding ____?

I am looking for ____ way ____ hook ____ power.

____ it possible ____ alternative ____ of ____?

____ about ____ power options.

Is it possible for ____ to ____ energy?

Is ____ possible ____ add alternative ____ sources to ____?

____ there ____ to integrate alternative ____ power ____?

Alternative ____ might ____ allowed ____ me.

Does ____ way ____ me up with ____ voltages?

Is ____ way ____ use alternate resources ____?

____ the ____ added to my ____ plan?

____ connect ____ power sources to my ____ supply ____?

Is there a chance ____ included in ____ system?

____ I ____ power sources with ____ electricity supply ____?

Can ____ get ____ power ____?

____ to ____ eco-friendly fuels to ____.

Can I ____ sustainable ____ with my ____ chain?

Is ____ for integrating alternative ____ systems?

Can I ____ sources into my ____?

Can I add ____ new ____ sources ____ power ____?

Is it ____ to link ____ electrical system?

Can I add green ____?

Can ____ put ____ new energy ____ into ____ power ____?

Is ____ possible ____ renewable energy options for ____.

Is ____ use alternative ____?

Do ____ have ____ chance to ____ power to my ____?

____ it possible to link ____ with my electricity ____.

Can ____ alternative power ____?

____ we ____ to combine ____ with ____?

I ____ adding alternative energy ____ to my ____.

Could I ____ power ____?

Can there ____ in ____ plan?

____ you ____ install ____ into ____ grid?

____ have renewables ____ my power ____?

Will ____ if ____ put renewables ____ the electric ____?

____ there any ____ in my electrical system?

____ my ____ to handle renewable ____?

I ____ whether I can ____ for ____ power.

____ renewables ____ put into ____ grid?

____ I ____ new energy ____ my ____ supply?

____ it ____ to ____ energy to ____ electricity mix?

____ it possible ____ add ____ to ____ electricity plan?

Would you ____ to power ____?

____ there ____ adding alternate electric ____?

____ renewable ____ put ____ my electrical ____?

Is ____ renewable ____ will ____ stuffed into ____ power grid?

____ you ____ alternative electricity?

Can ____ to make my power ____?

renewable ____ my ____ system

Can ____ my home?

____ there a ____ to get ____ my ____ system?

____ renewables ____ able to power ____?

____ I ____ new sources of ____ supply?

Will ____ be possible ____ integrate ____ into ____?

I wonder ____ way to hook me ____ clean ____.

Are ____ sources ____ electricity supply?

Is ____ provider able ____ include ____?

____ if I ____ connect sustainable power ____ with my ____.

Are ____ for integrating alternative ____ into ____?

____ eco-friendly ____ electricity could be ____.

____ to combine ____ with my power ____.

I wonder if ____ alternative energy ____ my ____.

____ if there ____ a way ____ with clean electricity.

____ might ____ able to add renewable ____ my ____.

____ I ____ sustainable electricity sources?
 Is ____ possible to ____ energy sources ____ my ____ supply.
 ____ options are available ____ supply?
 Is ____ any option for ____ supply?
 My ____ grid could be ____ energies.
 There ____ option ____ of ____ resources in electrification.
 Can I ____ of ____ generation?
 ____ I get some ____ sources into ____ power ____?
 ____ add ____ options to my electricity plan.
 Integrating alternative electricity _____.
 ____ I put ____ energy ____ power ____.
 I ____ like to ____ energy sources to _____.
 ____ be connected into ____ electrical ____?
 ____ to ____ renewable energies to ____ electrical system?
 Can alternate ____ be ____?
 Will ____ renewables ____ the ____ grid ____?
 I ____ if ____ put renewable sources ____ electrical system.
 ____ I ____ to ____ sources for ____?
 ____ my home?
 ____ able to ____ alternative ____ sources to ____ supply?
 Are sustainable ____ my ____ supply chain?
 ____ alternative ____ be done.
 ____ it possible for ____ get stuffed into ____?
 Can i ____ energy ____ my ____ supply?
 ____ possible to use alternative ____ electricity grid?
 ____ eco-fuel ____ to my electricity ____.
 ____ am wondering if I ____ combine ____ grid.
 Am ____ able ____ use ____ sources?
 Should ____ be put into ____?
 Do ____ alternate ____ for me?
 Is ____ add some alternative ____ to my ____?
 Can ____ to myElectricity mix?
 Can alternative ____ with your ____?
 ____ the use ____ electricity?
 ____ possible ____ bring ____ energy sources ____ my power ____?
 Can we ____ up with ____?
 Do ____ have ____ place to ____ alternative ____ sources?
 ____ integration ____ renewable ____ the electric grid work?
 Could ____ be ____ energy ____ be installed into ____ electric ____?
 ____ we mix it ____?
 Can ____ hook ____ the ____?
 ____ it ____ alternate ____ for power?
 Would it be ____ integrate alternative ____ into ____ supply?
 ____ fuels to ____?
 ____ any possibilities of installing renewables ____ the ____?
 ____ there a way ____ to my ____ system?
 ____ there ____ for ____ alternative ____ into ____ systems?
 ____ alternative power options ____?
 Is it ____ sources to ____?
 How ____ we include eco-friendly ____?

____ add eco- ____ to ____ electricity plan?
 ____ possible to connect ____ energy ____ the ____ system?
 ____ renewable ____ sources get ____ into ____ power grid?
 ____ wonder if ____ can combine alternative ____ my ____ grid.
 ____ possible to add ____ to ____ electricity.
 ____ renewable ____ feasible for my electrical system?
 ____ to sustainable sources ____ power?
 ____ it ____ with connecting ____ energy ____ service?
 ____ eco-friendly fuels ____ may be ____.
 The eco-fuel options ____ be ____ my ____.
 I am wondering ____ I ____ sources to ____ supply.
 Will ____ be able ____ new ____ sources ____ my power ____?
 Can ____ add alternate energy ____ my ____?
 ____ there another ____ me?
 It ____ alternative ____ to my electricity mix.
 ____ energy ____ to join my power supply?
 ____ okay ____ sources to power me?
 Is ____ into ____ power ____?
 Is ____ a ____ to ____ energy ____ in my ____?
 Can ____ add ____ my electricity ____?
 ____ sources ____ me.
 ____ renewable ____ get ____ into ____ grid?
 Does ____ make ____ alternative energy ____ my ____ grid?
 ____ energy sources to ____ supply?
 I ____ if I ____ energy ____ into my ____ supply.
 Is ____ for ____ into the electric grid?
 Can renewable ____ house?
 I wonder ____ get stuffed ____ my ____.
 ____ energy work on my ____?
 Will ____ work ____ I ____ renewable ____ to ____ grid?
 Is ____ import ____ energy ____ into my electricity ____?
 Is there a ____ me ____ with ____ electricity?
 ____ I ____ to ____ power sources in my ____ chain?
 ____ I combine renewable sources ____?
 Can ____ sustainable power ____ electricity supply?
 ____ a way ____ add ____ options ____ my electricity plan?
 ____ wonder if alternative ____ sources can be ____ electricity ____.
 ____ viable is it ____ in ____?
 ____ wonder ____ energy ____ added to my power.
 Is there ____ way ____ allow alternative sources ____?
 Is ____ energy ____ viable option for ____?
 Can sustainable ____ and ____ electricity supply ____ connected?
 ____ electricity?
 ____ I ____ fuel options ____ my ____ plan?
 ____ to ____ renewable ____ in my electrical system.
 ____ it possible ____ integrate ____?
 Is ____ to ____ alternative ____ sources ____ my electricity ____.
 ____ I ____ of energy?
 I ____ eco-fuel options to ____ electric plan.
 Is ____ I integrate ____ my electric grid?

_____ you _____ way _____ up with clean electricity?
 _____ any provisions _____ adding _____ electric _____?
 Is _____ to _____ energy into _____ electric grid?
 _____ of renewable energy _____ electric _____ possible.
 _____ sustainable sources of _____ be found _____ my _____?
 _____ sustainable energy _____ my electricity _____?
 _____ there other _____ compatible with _____?
 Do you want _____ electric _____?
 _____ it work if _____ place _____ my grid?
 Any _____ your utility _____ options?
 Do _____ eco-fuel options to _____ electricity plan?
 _____ any way to _____ eco-friendly _____ electricity?
 _____ I _____ in _____ sources?
 _____ energy sources _____ my electricity supply?
 _____ renewable energy fit _____ electrical _____?
 _____ possible to get _____ the electrical system?
 _____ you allow integration _____ electricity _____?
 _____ it possible to add renewables _____?
 _____ be able to integrate _____ energy _____ grid?
 There _____ options _____ greener _____.
 Can _____ also _____ as _____ energy _____?
 _____ for _____ to integrate alternative electricity _____?
 Can _____ in _____ power grid?
 I _____ to combine _____ with _____ grid.
 _____ wonder if your _____ will _____ power _____?
 Is _____ possible to _____ enter my _____ system?
 _____ it _____ if _____ renewables in my _____?
 Possibilities _____ renewable electricity _____?
 _____ it _____ sense to _____ energy _____ my _____ mix?
 I'm wondering if it _____ energy to my _____.
 Would _____ me access to _____ sources _____?
 Is _____ to connect _____ power _____ with my _____ chain?
 It is _____ renewable energy into _____ grid.
 _____ I add _____ my _____ system?
 Is _____ for _____ electrical _____ to be _____ by _____ energy?
 _____ eco-friendly _____ to _____?
 Could renewable _____ be _____ my _____?
 Can _____ add _____ of _____?
 Is it _____ add alternative _____ my _____ use?
 Is _____ a _____ to make _____ green?
 _____ you allow _____ electricity sources?
 _____ to _____ alternate resources in electrification?
 Can _____ add _____ power _____?
 I _____ if _____ energy with my grid.
 Possibly _____ renewable energy _____ the _____.
 Will _____ my _____ grid work?
 _____ it possible to _____ renewable _____ my _____ system?
 Is _____ way to _____ sources into _____ system?
 Can we _____ renewable _____?
 _____ sources in my electrical _____?

Would you let _____ from _____?

Does _____ electrical system _____?

Does it make _____ to _____ alternative _____ sources _____ electricity _____?

_____ energy _____ can be _____ my electricity _____.

Can the _____ power my _____?

Could _____ be a way _____ eco-friendly _____ electricity?

Is _____ possible _____ to my electricity grid?

Is _____ power grid?

I am wondering if _____ can _____ renewable _____ my _____.

_____ would like _____ add alternative _____ my electricity _____.

_____ I _____ my electricity mix?

_____ make sense to _____ renewable energy _____ electrical system?

Do _____ a _____ at _____ power _____ my electrical system?

_____ alternative sources to _____ me.

Is it _____ for _____ system to use _____?

_____ for _____ electric sources?

_____ it _____ for _____ utility _____ embrace _____ power options?

Is it _____ alternative energy _____ my electricity _____

I _____ I can _____ energy sources _____ my power _____.

Can _____ green _____ in?

_____ provisions for adding _____ sources?

_____ energizing is _____ here?

Is adding _____ energy _____ electricity _____ possible?

_____ you _____ for alternative electric _____?

_____ I _____ other _____ to my _____ supply?

_____ wonder _____ I could _____ with my grid.

Is there _____ additional electric _____?

_____ i _____ to my electricity _____?

Are _____ for _____ of electricity?

Does _____ with cleaner _____ work?

Can I _____ Energy _____ power?

I am _____ I can get _____ into _____ supply.

_____ am wondering if _____ supply chain can _____ sustainable _____.

_____ it _____ change my electricity _____?

It's possible to _____ energy into _____.

_____ it possible to add _____ energy _____ my _____.

_____ power _____ you allow?

Provision for _____ alternative _____?

_____ I _____ energy into _____ grid?

_____ my electric grid?

Can _____ be put into _____?

Can _____ options _____ my _____ plan?

_____ eco-friendly fuels in _____?

_____ there _____ combine alternative _____ with my power _____?

_____ renewable _____ be _____ into the _____?

_____ there _____ in _____ for _____ alternative electric _____?

_____ are offered _____ adding _____ sources?

_____ my _____ supply _____ alternative energy _____?

_____ you allow _____ sources of _____?

Is _____ electrical _____ suited for _____?

I _____ not _____ I _____ renewable energy to _____ power.
 _____ it be _____ use alternative _____ my electricity supply?
 _____ electricity?
 _____ possible _____ renewable energy _____ the electrical system?
 Will renewable _____ into _____ power _____?
 _____ sustainable power _____ to _____ electricity _____ chain?
 _____ alternative energy _____ enter _____ electricity _____?
 Is _____ new electric _____?
 _____ alternative _____ sources compatible with _____
 Is it _____ combine alternative energy _____ grid.
 Alternative _____ combined _____ my _____ grid.
 Is it possible _____ have _____ energy _____ supply?
 _____ feasible for _____ electrical _____ to have _____ energy?
 _____ installing renewable _____ electric grid?
 Is it _____ have _____ in my _____ system?
 _____ possible _____ use renewable _____ the electrical system?
 Will _____ work if _____ put _____ into _____ grid?
 How _____ alternative _____?
 _____ new energy _____ compatible _____ power _____?
 Should _____ alternative energy _____ grid?
 _____ if _____ could combine alternative energies with _____.
 _____ you _____ integration of alternative _____ power?
 _____ sources would _____ allow to _____?
 Integration of _____?
 _____ it _____ to _____ renewable energy _____ the _____ system?
 _____ there provisions for _____ electric _____?
 I _____ renewable energy _____ added to my _____.
 _____ to have alternative _____ in _____ electricity supply.
 _____ to connect renewable _____ into my electrical _____?
 _____ can eco-friendly _____ be _____ in _____?
 Is _____ possible _____ add _____ energy sources _____ supply?
 _____ energy _____ to _____ power?
 Is there _____ adding _____ sources?
 Can _____ to my _____?
 _____ be possible to add _____ in _____?
 Can alternative energy _____ integrated _____ supplies?
 It's possible _____ integrate _____ energy _____ my electricity _____.
 _____ energy _____ in my power supply?
 _____ the option _____ resources in electrification?
 _____ wondered _____ could incorporate _____ sources _____ my _____ system.
 _____ wondering if _____ possible to connect renewable _____ into _____ electrical _____.
 Can _____ use _____ get energy?
 Does _____ make _____ mix _____ into my electricity _____?
 There _____ ways _____ add _____ electricity.
 Are _____ willing _____ other sources _____ me?
 Can I add _____ to _____?
 Can _____ methods _____ generation here?
 Can renewable _____ into _____ grid?
 _____ renewable _____ get _____ into the _____?
 _____ feasible _____ for my system?

____ renewable ____ work for ____ electrical ____ ?
 ____ ____ renewable ____ in my ____ system?
 Can ____ alternative energy ____ my ____ ?
 Can I add ____ energy?
 Could ____ be ____ electrical system?
 ____ there a way to ____ fuels to ____ ?
 Would ____ energy ____ my electrical ____ ?
 Is ____ to ____ alternative ____ electricity?
 ____ provider ____ to ____ renewables ____ well?
 ____ possible ____ have renewable ____ in the electric ____ ?
 ____ it ____ into a grid?
 ____ might ____ integrate alternative energy sources ____ electricity supply.
 ____ I ____ new energy sources ____ my ____ supply?
 I am wondering ____ renewable ____ options ____ used ____ power.
 Can ____ add more ____ ?
 ____ integrate ____ into ____ electric grid ____ it work?
 ____ it ____ to ____ alternative ____ in ____ electricity mix?
 Is ____ energy ____ electrical system?
 ____ allow me ____ of power?
 ____ for a ____ green electricity supply?
 Will ____ energy ____ power supply?
 ____ I add new sources of ____ supply.
 ____ add renewable ____ to my ____ ?
 Is ____ possible you ____ alternative sources ____ me?
 ____ feasible ____ integrate ____ electricity?
 Do you ____ electric sources?
 Is it possible ____ connect ____ renewable ____ my ____ ?
 ____ renewables be ____ the ____ provider?
 Is ____ to include eco-fuel options ____ my ____ ?
 Does ____ include ____ alternative electric ____ ?
 ____ alternative ____ compatible ____ your ____ grid?
 ____ renewable ____ into my electrical ____ ?
 ____ it ____ to ____ energy sources?
 Can I add ____ electric ____ ?
 I ____ there ____ any alternative ____ for me.
 ____ I use ____ energy ____ power?
 Should ____ be ____ adding ____ sources?
 It is possible ____ renewable sources ____ grid.
 ____ allow ____ of other electricity ____ ?
 Can ____ renewable sources ____ system?
 ____ the ability ____ connect ____ power sources ____ supply chain?
 Is it possible ____ with my power ____ ?
 ____ there ____ option ____ alternative ____ ?
 ____ if I integrate renewable energy ____ grid?
 Is ____ to add alternative ____ sources to ____
 Will I ____ switch ____ sustainable ____ sources in ____ supply?
 ____ alternative electric ____ are offered?
 ____ electricity, how?
 ____ it ____ to ____ renewable sources ____ my ____ system.
 ____ I combine ____ power grid?

Is renewable _____ stuffed _____ grid?

Options _____ a cleaner _____?

_____ alternative energy sources _____ my electricity supply?

_____ possible to get _____ into my _____?

_____ integrate renewables into _____ electric _____ will it _____?

_____ energy into my electricity _____?

_____ possible for renewables _____ stuffed into my _____?

_____ switch to _____ energy sources _____ my _____?

Is _____ possible _____ alternative _____ to my _____ mix.

_____ it doable to _____ energy _____ the _____ mix?

_____ I add _____ into my _____?

_____ it possible to _____ options to _____ electricity _____?

_____ energy _____ my current grid?

_____ it _____ sustainable power sources?

Maybe we _____ electric grid.

Is _____ possible _____ integrate _____ sources into _____ supply?

_____ provision for adding alternative _____.

Does _____ power supply _____ sources?

_____ possible to combine _____ energies with _____ grid?

Is _____ possible _____ renewable _____ into _____ electrical system?

_____ add eco-friendly fuels _____ electricity?

I _____ to know _____ can _____ other _____ energy.

_____ there _____ eco- friendly fuels in electricity?

I _____ I could add renewable energy _____.

Alternative _____ could _____.

Could green _____ my electrical _____?

_____ I put new sources _____ my power _____?

_____ it _____ if I _____ into the _____?

Is it possible _____ for my _____?

_____ alternative _____ sources _____ in my _____?

_____ possible to _____ sustainable power sources to _____ chain.

Are _____ included _____ the _____?

_____ to get electricity _____ energy sources?

Renewable energy _____ stuffed _____ grid.

I _____ like _____ put _____ sources _____ my electrical _____.

Is _____ to _____ energy sources in my _____?

What _____ options _____ electricity supply?

_____ in _____ sources of energy?

Is it possible _____ power?

_____ possible to combine alternative _____ power grid?

I _____ like to combine _____ my _____.

_____ sustainable _____ of energy _____ used _____ electricity supply?

Is it possible _____ include _____ energy _____ my _____?

_____ work _____ I put _____ energy into _____ grid?

_____ add eco-friendly _____ in electricity?

Are there alternative _____ the _____?

_____ use alternative _____ of electricity?

I _____ wondering _____ I _____ use _____ sources _____ my _____ supply.

_____ use alternate _____ in _____?

_____ it _____ to use _____ energy _____ my _____ system?

Is _____ for alternative _____ to _____ integrated?
 _____ you _____ to add alternative _____ sources?
 _____ wonder _____ there _____ alternative _____ options for _____.
 _____ don't _____ renewable _____ can be _____ to _____ power.
 Is it _____ to _____ alternative _____?
 Can _____ add _____ sources _____ energy to my _____?
 _____ possible to _____ the _____ into the electric _____?
 _____ to add alternative sources _____ energy to my _____?
 _____ have _____ way to add eco-friendly fuels _____?
 Will my electrical _____ be _____ to _____?
 _____ chance that _____ energy could be installed _____ the _____?
 _____ the electrical _____ compatible _____ renewable _____?
 _____ wondering _____ can switch to sustainable _____ sources _____ my electricity _____.
 Do _____ hook me up with _____ electricity?
 _____ renewable resources _____ house?
 Do _____ for the addition of _____ electric _____?
 Will _____ integration of renewable _____ grid _____?
 Are there any chances of _____ utility _____?
 _____ get _____ energy _____ into _____ power supply?
 _____ to _____ renewable energies _____ the electrical system?
 _____ alternative power options?
 _____ like to connect _____ sources with _____ supply _____.
 Is _____ to combine alternative energy with _____?
 There are _____ a greener _____.
 _____ it _____ to _____ renewable _____ to my electrical _____.
 Can _____ combine _____ power grid?
 _____ it possible _____ sources in _____ electricity supply?
 _____ of energy to my electricity?
 Can I _____ to include eco- _____ options?
 _____ I can add _____ sources to _____ electricity.
 Is _____ any way I _____ energy sources _____ supply?
 _____ I _____ able to _____ renewables _____ grid?
 _____ would allow _____ sources of power for me?
 Is _____ integrate _____ into my power _____?
 Would _____ me get _____ sources?
 Do I _____ the _____ to _____ sustainable _____ to _____ supply _____?
 _____ combine alternative energies with my power _____.
 _____ electricity sources?
 Could I _____ my power grid _____ of _____?
 Is it _____ alternative _____ power?
 Could _____ be _____ my electrical _____?
 _____ I switch _____ sources _____ energy for my _____?
 _____ about using _____.
 _____ able to _____ up _____ cleaner power?
 Isn't _____ possible _____ alternative energy _____ electricity mix?
 _____ possible to _____ provisions _____ alternate _____ sources?
 Can _____ sources be _____ power supply?
 _____ if I could _____ alternative energies _____ my _____.
 Is it _____ place _____ into the _____ grid?
 _____ possible to use _____ in my electric _____?

_____ get into _____ grid?
 Add _____ electricity?
 Is _____ to _____ electric sources?
 _____ energy provider _____?
 What _____ are _____ alternative _____ sources?
 Can _____ energy _____ power _____?
 _____ sustainable energy sources _____ my _____?
 _____ have renewable _____ my power _____?
 _____ to integrate alternative resources into _____ systems?
 Options _____ more renewable _____?
 _____ be _____ of my _____ grid?
 _____ my _____ supply compatible _____ new _____ of _____?
 Is _____ a way _____ power _____ with my electricity _____ chain?
 _____ I use _____ sources of _____ in _____ electrical _____?
 _____ renewable _____ into the _____ work?
 _____ power _____ compatible with _____ sources?
 How _____ renewable energy for _____?
 Is _____ some _____ power _____ me?
 Will sustainable _____ connected _____ my _____ chain?
 If renewable _____ is _____ my _____?
 _____ it possible to add _____?
 Are _____ electricity _____?
 _____ renewable energy for the electrical system?
 Will _____ be _____ energy _____ in _____ supply?
 _____ renewableenergy _____ electric grid?
 Will my electricity _____ allow me _____ power _____?
 _____ power be powered _____ energy?
 _____ wondered _____ could combine alternative _____ with _____ grid.
 Can I integrate _____ grid?
 _____ to add _____ for alternative electric _____?
 Is there a _____ add more _____ to _____?
 _____ it _____ bring _____ into my electrical system?
 Will _____ into my power _____?
 _____ possible for _____ sources to be _____ my electrical _____?
 Can _____ be added to _____?
 _____ can be _____ electricity.
 _____ I combine _____ energy _____ grid?
 _____ to _____ alternative energy _____ in the electricity _____?
 Would it _____ to mix _____?
 _____ we _____ things _____ with _____ electricity?
 _____ you allow _____ alternative _____ sources?
 Is _____ possible that _____ into my _____ grid?
 What _____ eco-fuel options to my _____?
 Will it _____ I _____ into _____ power grid?
 Is it possible _____ fuels into _____ grid?
 _____ I _____ renewable _____ in _____ electrical _____?
 _____ with your electrical service?
 _____ you _____ sources _____ power me?
 _____ it _____ alternative _____ sources _____ be integrated?
 Was _____ to connect renewable _____ my _____ system?

_____ going to _____ sources to _____ me?
 _____ alternative electricity _____ something.
 Was it _____ integrate alternative energy sources _____?
 _____ it _____ renewable energy _____ my electrical system?
 _____ renewables also _____ energy provider?
 Can I use alternative _____ in _____?
 I want to add _____ energy _____ power _____.
 _____ there provision for _____ alternative _____.
 _____ to add alternative energy _____?
 _____ my _____ supply _____ new energy _____?
 _____ of renewable energy _____ grid?
 I _____ connect sustainable _____ sources _____ my _____ supply _____.
 _____ wonder if I _____ add new energy _____ to _____.
 _____ energy get into my _____?
 _____ renewable energy for _____ system?
 _____ power _____ with my electricity supply _____?
 Can _____ renewable sources to _____ electrical _____?
 Would you _____ other _____ of _____?
 Is there _____ would _____ to power me?
 renewable energy _____ installed _____ the _____.
 I _____ if _____ can _____ energy _____ power grid.
 Is it _____ power _____ with electricity?
 Is _____ to _____ new _____ to my power _____.
 Is it possible _____ energy _____ my _____ supply?
 Do you allow the _____ of _____?
 I _____ about alternative _____.
 _____ allow the integration of alternate _____?
 Could _____ energy _____ to my _____?
 green energy can _____ the _____?
 Is it possible _____ sustainable _____ in _____ supply?
 Are there _____ adding new _____?
 Will I _____ use _____ in my electrical _____?
 _____ able to mix _____ up with cleaner _____.
 _____ add eco- _____ to the electricity _____?
 _____ I integrate _____ into _____ grid will _____?
 _____ my electricity _____ be _____ to sustainable _____ sources?
 _____ alternative _____ here?
 Will _____ work if I _____ my grid?
 _____ curious _____ alternative _____ done here.
 _____ would like _____ fuels _____ electricity.
 Is there _____ way _____ use _____ in _____?
 green _____ put _____ the grid
 Can I _____ sources _____ electricity?
 Can _____ be added to _____?
 _____ it possible to add _____ to _____ electricity _____?
 Could _____ install _____ the electric grid?
 _____ possible _____ alternative _____ sources to my power _____.
 Will my _____ include _____?
 Can _____ get _____ energy?
 Can _____ be put into _____?

_____ possible _____ incorporate alternative _____ sources into the _____ ?

Will _____ work _____ I _____ renewables in _____ ?

_____ I _____ energy _____ in my electricity _____ ?

_____ possible _____ add other _____ energy?

_____ it possible to _____ sustainable _____ sources in the _____ ?

_____ I _____ of electricity?

What _____ electricity?

Would you _____ electricity sources?

I don't know if sustainable power sources _____ connected _____ .

_____ integrate _____ energy sources?

_____ I _____ in alternative _____ ?

Is it _____ to offer _____ for _____ alternative _____ ?

Maybe _____ into the _____ grid.

Is it _____ to add _____ energy to _____ ?

_____ eco-friendly fuels _____ electricity _____ a _____ .

Are _____ sources _____ my electricity _____ compatible?

Could you tell _____ about _____ ?

_____ sources _____ the electric grid?

Is _____ for _____ of alternate _____ electrification?

Can I _____ to _____ electricity _____ ?

Can I integrate _____ into _____ ?

Will it _____ energy on the electric _____ ?

Will it work _____ to the electric _____ ?

_____ I _____ my current power grid _____ alternative _____ ?

_____ wonder _____ I can add eco- fuel _____ my _____ .

I need to know if I _____ connect _____ sources _____ .

Can renewable energy be _____ ?

Is there _____ energy sources _____ with _____ ?

Can I _____ options _____ my _____ ?

Are _____ options _____ my electricity _____ ?

_____ it possible _____ incorporate alternative _____ ?

Does any _____ of _____ renewable power _____ exist?

I am _____ can use _____ options _____ power.

How _____ we _____ alternative _____ ?

_____ wonder if I _____ sustainable _____ with _____ supply chain.

_____ to _____ alternative energy to my electrical _____ ?

_____ is possible to use _____ in _____ electricity _____ .

Can _____ add _____ sources _____ electrical _____ .

_____ we _____ mix things up with _____ ?

_____ of _____ embracing _____ power options?

Is it _____ to _____ with cleaner _____ ?

If _____ integrate renewable _____ into the _____ will _____ ?

_____ my _____ powered by _____ ?

_____ there _____ way _____ connect _____ supply chain with _____ sources?

Isn't _____ to _____ renewable energy _____ power?

_____ it possible to _____ alternate _____ the _____ ?

_____ for renewables _____ put into _____ electric grid?

Can _____ energy sources _____ electricity supply?

Will it work if _____ into the _____ ?

It's _____ add alternative energy _____ electricity _____ .

Would it be possible ____ add ____ to ____.

____ eco-friendly ____ is a question.

Are ____ to allow alternative ____ me?

____ I add ____ sources ____ my electricity ____?

Is it possible ____ my power

Is ____ an option ____ supply?

____ it possible ____ us to ____ alternate ____ in ____?

Is it ____ to ____ options to my ____.

I ____ renewables ____ stuffed into my ____.

____ I need ____ connect ____ into ____ electrical system?

____ accept ____ power options?

Does ____ make ____ alternative ____ with ____ power grid?

____ sustainable power sources ____ with ____ electricity ____ chain?

Is ____ that ____ have ____ for adding ____ electric ____?

Is it ____ add renewable ____ electrical system?

Is the ____ to accept ____?

____ allow ____ of power ____ me?

____ energy to my electricity mix ____?

____ it possible to place renewable ____ system?

Is it possible to add ____ my ____?

____ sources of ____ my home?

____ energies possible to be ____ my ____ system?

____ energy ____ my power grid?

____ the ____ of ____ sources into ____ grid work?

Something can be done to ____.

____ alternative ____ my electricity supply?

____ if ____ introduce renewable energy into ____ grid?

____ can be ____ as ____ energy ____?

I'm ____ if ____ to ____ renewable energy ____ electrical system.

____ sources ____ to be integrated?

If I ____ into my ____ will it ____?

Can ____ add ____ fuel ____ plan?

____ there ____ power ____ I ____ use?

Is ____ to be utilized in electrification?

____ interested ____ connecting ____ power sources ____ my electricity supply ____.

____ energy sources be compatible ____?

Is it possible for ____ alternative ____ sources in ____?

I ____ wondering if I can ____ sources into ____.

It could ____ to ____ energy into ____ electric ____.

____ wonder ____ it's possible to connect ____ to ____ system.

____ renewable ____ be included ____ provider?

Are there alternative ____ be ____?

____ if ____ energy ____ feasible for my electrical ____.

____ chance ____ utility ____ embrace ____ power options?

____ get ____ in the ____ grid?

____ I ____ renewable ____ my electrical ____?

____ it ____ renewable ____ gets ____ into my grid?

Is it ____ to ____ alternative ____ to ____ electricity ____?

____ possible to ____ alternative ____ for me?

____ for ____ electricity supply?

Will there _____ for _____ electricity _____?

_____ it possible _____ to _____ electricity mix?

Any _____ to use _____ in _____?

Is it _____ renewables into _____.

Will _____ work _____ I _____ renewable _____ in _____ electric _____?

_____ I connect sustainable power sources _____ chains?

_____ I switch to _____ sources _____ my _____ supply?

_____ be added to _____ plan?
