

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Meter tampering or unauthorized usage reporting
Inquiry Sub-Category	Suspected unauthorized usage by others
Description	Customers suspect that someone else may be illegally using electricity from their account and request an investigation to determine the cause of unusual consumption patterns.
Data Size	7,834 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ Electricity Suppliers ____ others ____ illegally ____ our power ____?

Can ____ ____ if someone is ____ power ____?

Electricity ____ may be ____ to identify those ____ ____ illegally.

Is it ____ to detect ____ ____ in our ____?

Is ____ to see illegal ____ ____ outside ____ on ____ grid?

Are ____ able ____ determine ____ someone ____ manipulating our ____?

As an electric ____ ____ ____.

Is ____ possible to ____ illegal ____ ____ power supply?

____ it ____ ____ contractors discover ____ abusing allocated energy?

____ providers detect power ____ ____ illegal?

Is it ____ ____ ineligible ____ of ____?

Is it ____ detect illegal ____ in ____ supply?

____ electricity ____ ____ of power thieves?

____ it possible you ____ illegal ____ the ____ supply?

How ____ ____ use of the ____?

____ electric ____ be able ____ unauthorized use.

You ____ the ____ to ____ dirtbags ____ our electricity?

Providers ____ detect ____ use.

Will ____ ____ to ____ anyone ____ using the supplied ____ current?

Are ____ providers ____ ____ users on the grid?

Will the ____ able to ____ is ____ the supplied electric ____?

____ suppliers determine unauthorized ____?

____ know if ____ using our electricity without ____?

____ tell if ____ is using ____.

Is it ____ to ____ anyone ____ the supplied electric current?

____ companies ____ recognize ____ usage?

____ electric provider you ____ ____ track unauthorized use.

Are ____ power consumption ____ our ____?

____ to ____ out for ____ of ____ supply?

_____ knowledge among utility _____ of unauthorized _____?

Is _____ to _____ is illegally tapping into our _____?

_____ it _____ for electricity distribution _____ to spot misuse _____?

I am _____ is using _____ without authorization.

_____ it possible _____ companies to _____ misuse _____ distribution network?

_____ there a _____ them stealing _____?

_____ companies _____ see illegal usage _____.

_____ power providers _____ to detect illegal _____ of _____?

Did power suppliers _____?

Is _____ supply _____ stolen _____ other _____?

_____ can spot unauthorized _____

_____ power _____ ineligible _____ our electricity?

_____ electricity _____ who _____ using our _____ supply?

Is it possible _____ aware _____ others _____ use _____ energy _____?

_____ if _____ taking off the electric _____?

Can _____ monitor _____ of electricity?

Are you _____ use _____ the electricity?

Do your systems have _____ to _____ access of _____?

_____ power suppliers _____ improper use _____ energy?

_____ it possible _____ identify _____ illegal usage _____ the _____?

Who is _____ authorization?

Is service _____ to _____ tapping _____ their grids?

Can _____ use of _____ supply?

_____ you check _____ see _____ someone _____ taking our _____?

_____ spot power _____?

_____ it possible _____ your monitoring _____ others _____ stole power from us?

Are _____ users _____ our supply?

Is it _____ contractors discover operators _____ do not _____?

Should companies be _____ identify misuse _____ electricity _____?

Are you capable _____ unauthorized _____ electricity?

Do _____ know how _____ them _____ on the _____?

_____ providers _____ if _____ is pilfering _____?

_____ providers be _____ to tell _____ someone _____ electric _____?

_____ unauthorized _____ use possible _____ suppliers?

Are _____ able _____ use of _____ electricity?

_____ ability to detect unauthorized _____ consumption _____ our electricity _____?

_____ it possible for _____ identify _____ usage?

Is it _____ utilities to _____ if _____ is _____ electric _____ illegally?

_____ can _____ illegal _____ of _____ supply.

_____ it _____ for power _____ the illegal use of _____?

Are power _____ uses of energy?

Can you _____ out if _____ power?

_____ of other people's misuse _____?

Is _____ uncover _____ where others steal power _____ us?

_____ providers tell if _____ been _____ electric supply?

Isn't _____ possible _____ utility _____ identify unauthorized usage _____ electrical system _____?

_____ you tell _____ stealing our power?

_____ it possible for _____ to identify illegal _____?

_____ you _____ power usage _____ isn't _____?

Is _____ to locate misuse in their _____ network?

_____ utility _____ knowledge _____ unauthorized power _____?
 _____ can _____ power _____ is not _____.
 _____ using electricity without _____?
 Can _____ power usage?
 _____ possible to identify _____ usage _____ electric service?
 _____ it possible that service _____ can _____ their _____?
 How _____ companies determine _____ within their _____?
 _____ it possible to identify _____ power _____?
 _____ distributors see _____ tapping _____ the _____?
 _____ utilities to know if _____ using the electric _____?
 Will service providers _____ their grids?
 How _____ misuse _____ electricity distribution network?
 _____ it _____ electricity provider _____ trace _____?
 Is _____ possible _____ power contractors _____ operators _____ use _____ energies?
 Do we _____ stealing energy _____ the _____?
 Is _____ possible for your monitoring _____ to _____ cases _____?
 _____ have a way to bust _____ power?
 Is it _____ catch _____ use of _____ power _____.
 _____ it possible _____ illegal usage of _____ service.
 _____ to verify or disclose unpermitted _____ to _____ power _____?
 _____ find out if _____ is using _____ current?
 Is _____ possible _____ identify unauthorized _____ for _____ suppliers?
 Is _____ offenders using the power _____?
 _____ it _____ can determine _____ someone is _____ into the _____?
 _____ companies _____ unauthorized power access _____?
 _____ your systems _____ able to _____ access _____ our _____?
 Electricity _____ can track _____.
 _____ you tell _____ is using _____ electricity _____ authorization?
 _____ providers _____ trace _____ users on the grid?
 _____ electricity _____ find out _____ others are using _____ illegally?
 People _____ using _____ power _____ without _____.
 _____ you _____ see if _____ is stealing our _____?
 Can _____ see if _____ else _____ power?
 _____ it possible _____ the extent of _____ power use _____ supplier _____?
 _____ providers _____ trace _____ their grid.
 _____ can we detect _____ illegal _____ supply?
 Can _____ find _____ if _____ are pilfering power _____?
 Will you _____ able _____ stop _____?
 _____ electric provider, _____ can keep _____ unauthorized use.
 _____ be able to _____ if anyone _____ using the _____?
 Is _____ possible _____ to _____ the misuse _____ electricity?
 Do _____ spot illegal consumption from external _____ our _____?
 _____ to identify illegal _____ of their _____ networks.
 Is it possible for service _____ detect unpermitted _____?
 _____ down the freeloaders _____ grid?
 _____ do to make sure there is no _____ our _____?
 _____ that other _____ are illegally _____ our _____ supply.
 You _____ need _____ find _____ electricity?
 _____ tell _____ anyone is using _____ without authorization?
 _____ suppliers spot _____ power _____?

_____ it possible for _____ to detect _____ tapping?
 Will power providers _____ uses of our _____?
 _____ it possible for _____ suppliers to identify _____ uses _____?
 _____ it _____ providers _____ power consumption?
 Would _____ able to find dirtbags _____?
 _____ distributors _____ to _____ illegal activity?
 Is _____ that suppliers _____ when _____ people _____ energy _____?
 _____ an electricity _____ illegal _____?
 Power providers can _____ illegal _____.
 _____ possible to _____ if someone is taking _____ supply?
 Can _____ services uncover _____ power _____ us?
 _____ it possible _____ the utility _____ identify who _____ system rights?
 Will you be able _____ is _____ into _____ power?
 Can _____ there is no _____ electricity?
 Is the power _____ spot ineligible _____ our _____?
 Can you _____ sure we don't _____ illegal _____ supply?
 Will _____ be _____ illegal use of electricity?
 Are _____ capable _____ of our power?
 Do you _____ services _____ use of _____ resources?
 Is _____ instances of illegal power use _____ network?
 Are _____ able _____ detect unauthorized power _____ in _____?
 _____ power contractors _____ operators that _____ allocated energy?
 _____ unauthorized usage _____ power.
 How _____ people using _____ illegally?
 _____ possible _____ utility to identify unauthorized usage?
 _____ the _____ be able _____ detect illegal _____ electricity?
 Can an electricity _____ on _____ grid?
 _____ you _____ to bust _____ loser _____ power?
 _____ possible _____ the utility _____ identify unauthorized _____ of _____ electrical _____?
 Is _____ stolen by _____?
 Can _____ distributors _____?
 _____ do they notice _____?
 _____ you _____ catch any _____ use of our _____ supply?
 Do _____ recognize _____ use?
 Is it possible _____ companies to _____ electricity distribution _____?
 _____ you _____ anyone _____ supply illegally?
 _____ power _____ who _____ allocated energy?
 Does anyone _____ someone _____ taking off _____ electric _____?
 _____ detecting unauthorized _____ and use of electricity?
 Can _____ spot unauthorized _____ our _____ supply?
 Can _____ determine _____ is using _____ current?
 _____ services _____ cases _____ other _____ are _____ power from us?
 Electricity Suppliers can _____ the power _____ illegally.
 _____ to determine if _____ stealing power?
 Power _____ able _____ ineligible use of electricity.
 Have people _____ using our _____?
 Will _____ be _____ catch _____ illegal use _____ power supply?
 Can _____ if people _____ our _____?
 _____ identifying _____ usage possible for _____?
 _____ spot misuse _____ power.

Is ____ possible ____ ____ moochers with our ____?

____ providers detect illegal ____?

Can you ____ someone is tapping ____?

____ power ____ use of electricity?

____ energy ____ if someone is ____ the grid?

____ you ____ services that identify ____ use of our ____?

____ electricity ____ able ____ identify if ____ are using ____ supply ____?

____ anyone ____ current in an ____ manner?

How do ____ catch ____ illegal ____ supply?

Can you ____ out ____ someone else ____ stealing ____?

____ it possible for ____ to detect ____ use ____?

____ they recognize ____ use?

Who ____ spot ____ usage?

____ possible for ____ to ____ usage of our ____ system rights?

Do ____ have the ability ____ illegal consumption from ____ our ____?

____ companies ____ be ____ illegal usage.

____ power suppliers ____ ineligible use ____?

Can ____ unauthorized ____ use?

Is it ____ for ____ providers ____ detect ____ tapping into ____?

____ you tell ____ person ____ using electricity without ____?

____ these ____ taking off ____ source?

____ possible to detect illegal ____?

Can you check ____ if ____ our power?

____ find cases where others are ____ from ____?

Can ____ determine if ____ stealing ____?

Do ____ ways ____ detect illegal usage ____ networks?

Providers ____ if ____ pilfering our electric ____.

Can ____ thieves also be ____?

Are ____ distributors ____ of ____ illegal tapping ____ the ____?

____ possible for ____ identify power ____?

Is it ____ detect illegal ____ of ____?

____ a ____ you to ____ illegal use ____ electrical service?

Do you have the ability ____?

____ make ____ there's no illegal ____ electricity supply?

Power ____ ineligible ____ of electricity.

____ it ____ see ____ of illegal ____ use ____ our supplier ____?

Is ____ possible ____ electricity suppliers ____ are ____ the ____ supply illegally?

____ it possible ____ companies ____ misuse ____ their ____ distribution network?

Is ____ unauthorized ____ consumption feasible ____?

____ you tell ____ is ____ our ____ illegally?

Are power ____ able ____ uses of ____?

Is it possible to ____ illegal use ____?

Is ____ using our ____?

____ you to ____ illegal usage of our ____ service?

____ anyone tell if ____ our electricity without ____?

Is providers ____ detect ____?

Do you ____ to ____ consumption from other ____ on ____ grid?

Are energy distributors ____ of illegal ____?

____ your monitoring ____ if ____ people are stealing ____ us.

Can ____ providers trace ____?

Is that ____ to catch ____ use of ____ ____ ?
 ____ it be ____ for the utility to ____ ____ ?
 Is ____ ____ to identify ____ ____ of electrical service?
 ____ ____ to find dirtbags mooching ____ ____ ?
 ____ utilities determine if ____ ____ using the supplied ____ ____ ?
 Suppliers can detect ____ ____ .
 Is there a way for ____ ____ use ____ electricity?
 ____ you detect illegal ____ ____ in ____ ____ ?
 ____ you ____ how ____ ____ down ____ freeloaders on ____ grid?
 What can you ____ ____ any ____ access to ____ power ____ ?
 Do providers ____ ____ use?
 ____ ____ to ____ if someone is ____ ____ electric supply?
 ____ ____ power connection in a ____ manner?
 ____ others that ____ ____ .
 ____ it ____ the utility ____ identify misuse ____ electrical system ____ ?
 Is ____ using ____ ____ current illegally?
 Do you know ____ people are ____ electricity ____ ____ ?
 ____ ____ possible to ____ ____ users on ____ grid?
 Can ____ ____ see ____ someone ____ ____ our electricity?
 Do you ____ ____ someone is using our ____ ____ ?
 ____ ____ able to ____ any ____ use ____ our power ____ ?
 ____ are using our ____ ____
 Is your monitoring service ____ ____ uncover cases ____ ____ steal ____ ____ us?
 ____ power ____ ____ to detect ____ ____ of electricity?
 ____ it ____ that power ____ ____ who don't use ____ energy?
 ____ a way ____ see ____ ____ abusing our energy resources?
 Can ____ distributors ____ ____ the grid?
 Are there ____ ____ to ____ illegal ____ of the ____ ____ ?
 ____ you ____ to detect illegal power ____ ____ electricity ____ ?
 ____ it ____ power providers to detect misuse ____ ____ ?
 ____ ____ possible for ____ to ____ misuse within their electricity ____ ____ ?
 Is your ____ ____ to detect unauthorized ____ and ____ ____ ?
 ____ your system ____ to ____ ____ access to our ____ ?
 ____ you have ____ ability to determine if ____ ____ ?
 Can you ____ and see ____ is someone ____ ____ ?
 ____ ____ may ____ using ____ electric supply ____ .
 Can ____ ____ identify ____ users?
 ____ ____ notice ineligible use of ____ ?
 ____ if ____ caught power ____ ?
 ____ ____ possible ____ ____ unauthorized use of our electrical ____ ?
 ____ it possible ____ Suppliers to ____ others who ____ ____ our power ____ ?
 ____ it possible ____ you ____ spot ____ usage ____ ____ electrical service?
 ____ ____ you ____ catch power thieves?
 Do you guys ____ ____ find dirtbags mooching ____ ____ ?
 Do ____ ____ illegal ____ consumption?
 Is ____ possible for ____ ____ to find ____ who ____ our ____ ____ rights?
 ____ ____ a way for you ____ ____ them stealing ____ ?
 ____ the ____ ____ recognize ____ use?
 Can providers ____ ____ if ____ ____ electricity?
 Can ____ tell if ____ ____ the ____ .

Are power ____ able to determine ____ legality ____ of ____?

Can we ____ instances ____ power ____ in our ____?

____ you able ____ people ____ the power supply ____?

Is it possible to ____ using ____?

____ power ____ to ____ fraudulent use ____ energy?

____ guys check to see if ____ our ____?

Can power suppliers ____ electricity?

____ power stealers?

____ utility ____ aware of unauthorized ____?

Can the ____ identify ____ usage ____ electrical ____?

Is it ____ your ____ to find ____ where others ____ from ____?

____ power ____ is not legal.

____ your ____ able to detect ____ use ____?

____ it possible for ____ to ____ someone ____ electric supply?

____ unauthorized usage ____ our electricity?

____ electricity provider trace ____?

Are ____ unauthorized use ____ power?

Do ____ know ____ pin down ____ on ____ grid?

____ possible for the utility ____ see who is ____ electrical ____?

____ suppliers ____ unauthorized power ____?

____ systems ____ to ____ unauthorized use of ____ electricity?

Can ____ determine if ____ is ____.

Can ____ someone is using our power ____ manner?

Can ____ using our power supply illegally?

____ using the electricity ____?

Is there a way ____ to ____ misuse ____ network?

____ it ____ to ____ thefts in ____ grid?

Electricity ____ illegal use ____ supplies.

Is ____ to know if ____ using our ____ resources ____ questionable manner?

____ way ____ companies to ____ misuse within their ____ network?

Is ____ see if ____ are taking ____ of our energy ____?

____ there a ____ for ____ to ____ use of the ____ service?

____ let us know ____ you have unpermitted ____ supply?

Will ____ able ____ determine ____ is ____ the supplied ____ current?

Will utilities ____ if ____ uses the ____ electric current?

____ look ____ illegal usage?

____ you capable of spotting ____ on our grid?

Is ____ within supplies recognized ____ the ____?

Is it ____ for providers to ____ someone's taking ____?

____ way ____ know if ____ are taking ____ of our energy ____?

____ identification of ____ power ____?

Do ____ procedures ____ use of ____ electricity networks?

Is there a way ____ off ____ electric supply?

Is ____ for companies ____ spot misuse of ____ distribution ____?

Which means ____ companies ____ to ____ misuse within ____ electricity ____?

____ it ____ to ____ illegal use of ____ electricity networks?

____ the electricity ____ have ____ power ____ illegal users?

____ suppliers ____ see wrongdoing?

____ suppliers ____ power thieves.

____ electric supply may ____ other entities ____.

_____ catch some _____ thieves?

Electricity _____ can _____ illegal _____ grid.

Can you _____ me _____ someone _____ the power?

_____ distributors detect _____ the grid?

_____ able to identify _____ their electricity networks?

_____ can tell _____ hogging power?

Is it _____ usage _____ our electricity supply?

Is it possible _____ identify _____ unlawful _____ our _____?

_____ if _____ have _____ access to our power supply?

Can your _____ where _____ steal power _____ us?

Is _____ possible _____ determine if someone _____ electric _____ illegally?

_____ it _____ for _____ to _____ power consumption?

_____ power connection being _____ illegally _____?

Do _____ include _____ identification of _____ of electricity _____?

Is there _____ way _____ can _____ illegal _____ their electricity _____?

Does _____ utility _____ about _____ access?

_____ unauthorized power usage.

_____ electricity _____ able to _____ users?

_____ a way _____ bust _____ our power?

_____ identify illegal use _____ supply?

_____ watch out for _____ into _____ grid?

Will utilities be _____ is using _____ electric current?

_____ companies _____ illegal use _____ networks?

_____ there _____ us to know _____ other people _____ energy resources?

Can _____ us _____ is illegally using our _____?

Electricity suppliers can _____ if _____ power supply.

_____ it _____ for suppliers to _____ consumption?

_____ me _____ can detect _____ of our electricity supply?

_____ do _____ illegal _____ of _____ supply?

_____ anyone tell _____ electricity without authorization?

Have _____ to detect unauthorized _____ of the _____?

Are people _____ our power _____?

_____ possible for your _____ services to uncover cases of _____ power _____?

Is there a _____ to _____ illegal consumption from _____?

_____ services include identifying _____ of our electricity _____?

Is it possible to _____ someone _____ using the _____?

Will _____ electricity _____ be _____ trace _____ users on _____ grid?

If someone _____ off _____ electric _____ providers tell?

Can _____ detect unauthorized _____ in our _____?

_____ it possible _____ any _____ use of our _____.

_____ you able _____ find illegal consumption _____ sources _____ grid?

_____ able to _____ illegal taps?

Does _____ ability to determine _____ anyone is _____ the supplied _____?

Is _____ of _____ power _____ for _____?

Is _____ possible for _____ utility _____ usage of _____ electrical _____?

_____ think _____ is _____ to catch any _____ use of _____ supply?

_____ determine if anyone is using _____ illegally?

Is it possible that _____ unauthorized _____ of our electrical _____?

Will energy distributors _____ tapping _____?

Is _____ possible _____ service providers to find _____ electrical _____?

_____ it possible _____ your _____ services to find cases where _____ stealing _____ _____ ?

Is there a _____ to _____ misuse _____ network?

Can you _____ me _____ is using the _____ ?

_____ possible to _____ if _____ tapping _____ our power?

_____ possible _____ electricity suppliers to _____ illegal _____ the power _____.

_____ suppliers _____ spot unauthorized _____ use?

Are power _____ there is misuse of _____ ?

_____ it _____ for _____ suppliers _____ who uses _____ power supply?

What can you _____ to _____ sure _____ have _____ to our _____ supply?

_____ distributors can _____ illegal _____

_____ there _____ way for companies _____ their electricity _____ network?

Do you _____ identify any illegal _____ ?

Can _____ unauthorized _____ our power?

_____ energy _____ illegal tapping?

_____ it _____ to see if _____ is stealing _____ ?

_____ there _____ electricity?

Is _____ to _____ using the power _____ without _____ ?

_____ tell us if anyone _____ our _____ authorization?

Can _____ distributors _____ tapping _____ grid?

Can _____ when power theft _____ ?

Is it _____ for your _____ uncover cases of _____ people _____ ?

_____ the supplier _____ when other people _____ ?

Electricity suppliers can _____ the power _____.

_____ if someone is using our _____ authorization.

_____ possible _____ to catch people _____ the _____ supply?

_____ it _____ that power _____ operators who _____ energy?

Is _____ is _____ hogging our power?

Is _____ possible _____ utilities _____ know if someone _____ supplied _____ current.

_____ your services uncover _____ where someone stole _____ ?

_____ there _____ way _____ electricity distribution _____ to _____ misuse?

_____ it possible _____ detect _____ electricity?

_____ power _____ to detect _____ of electricity?

_____ provider you can _____ uses.

Is it possible for the _____ providers _____ detect _____ ?

_____ possible _____ to _____ anyone uses the supplied _____ current?

_____ you able to _____ our power?

Can _____ services _____ out _____ are pilfering _____ us?

Can they _____ use?

_____ it _____ for _____ utility _____ discover unauthorized _____ of our electrical _____ ?

_____ possible for you _____ catch _____ use of _____ power _____ ?

_____ you _____ identify illegal _____ of electricity resources?

Do _____ illegal use _____ electricity?

Can _____ power _____ the electricity supply?

Can _____ systems _____ unauthorized _____ electricity?

_____ it _____ to _____ someone is _____ our power _____ ?

Suppliers _____ to identify unauthorized _____.

Can _____ detect _____ use of _____.

_____ using our _____ connection _____ authorization?

_____ tell me if _____ is _____ power _____ authorization?

Can you _____ uses _____ the _____ supply?

____ it ____ to figure out if ____ the supplied electric ____ illegally?
 Will ____ be able to ascertain if ____ using ____ supplied ____?
 ____ you ____ thieves if you ____?
 ____ if other ____ our electric supply undetected.
 ____ equipment ____ detect ____ use of electricity?
 Can ____ illegal power ____?
 ____ services able ____ any ____ use of electricity?
 ____ have the ____ to ____ unauthorized ____ of our electricity ____?
 Can ____ taps ____ our grid?
 ____ services ____ cases where someone stole ____ from ____?
 ____ possible ____ utility ____ locate ____ usage of the electrical ____?
 ____ electricity ____ to identify ____ are using the power supply ____?
 ____ services about identifying illegal ____ resources?
 Can electricity ____ thieves?
 Are suppliers ____ people ____ energy reserves?
 ____ if the utility can ____ unauthorized ____ electrical ____ rights.
 Is there a ____ to ____ the electrical ____?
 Is it ____ to ____ if ____ is ____ our ____?
 ____ you ensure ____ use of ____ electricity ____?
 ____ you determine if ____ our power?
 ____ me if anyone is using ____ without ____?
 Identifying ____ consumption ____ for suppliers.
 Can ____ misuse of ____?
 Are power suppliers ____ when there ____ energy?
 ____ possible for you ____ of our electrical service.
 ____ you tell if ____ is ____ power?
 Is there a ____ determine ____ of illegal power ____ network?
 Is ____ for ____ suppliers to ____ are ____ using our ____ supply?
 Can you ____ if there is ____ stealing our ____?
 Can ____ tell ____ is ____ without permission.
 Is there ____ within ____ electricity distribution network.
 Do ____ have a ____ detect ____ use ____ networks?
 Is ____ for ____ to detect illegal ____ of ____?
 ____ power ____ the ability to ____ use of electricity?
 ____ stop ____ thefts?
 Do providers ____ consumption?
 ____ suppliers ____ able ____ spot ineligible ____?
 ____ a ____ to ____ if ____ are exploiting ____ energy resources?
 ____ there ____ way ____ find misuse within ____ electricity ____?
 ____ suppliers watch ____ power thieves ____?
 ____ energy distributors ____ to ____ tapping into the ____?
 ____ companies stop ____ usage?
 ____ there ____ way to identify ____ within ____ network.
 Will ____ suppliers ____ to identify ____ power supply?
 ____ for ____ companies to ____ illegal usage?
 ____ you ____ power ____ in the ____?
 ____ allowed ____ unauthorized power usage?
 Is it ____ for ____ unpermitted tap ____ their grids?
 Are people ____ power ____ permission?
 Can you ____ unauthorized ____ consumption ____ our ____?

_____ be able _____ unauthorized _____ usage?

Can _____ Suppliers see _____ using _____ supply?

_____ power _____ allowed to _____ ineligible use _____?

_____ people using _____ power _____ in _____ manner?

_____ utility be able _____ unauthorized usage _____ the _____ rights?

_____ it _____ electricity _____ to fight power _____?

_____ for _____ providers _____ detect unauthorized use of our _____?

There is _____ utility can _____ unauthorized _____ of our _____ system _____.

_____ it _____ to tell _____ someone's _____ our _____?

_____ providers may be _____ to _____ unpermitted tapping _____.

_____ it _____ to _____ of illegal _____ use in _____ supplier _____?

Can _____ distributors _____ illegal _____ our _____?

Is _____ power _____ possibility _____ suppliers?

Does utility _____ have _____ power _____?

_____ it _____ that _____ monitoring _____ cases where other _____ power from us?

Will _____ able _____ power theft?

_____ possible for _____ providers to detect _____ into _____ grids.

_____ make _____ there's _____ usage _____ the electricity supply?

Are power _____ illegal _____ of energy?

Can _____ thieves be _____ suppliers as _____?

_____ suppliers _____ when _____ into energy?

_____ it _____ contractors find operators hogging _____ allocated _____?

Will _____ suppliers be _____ illegal _____ of our _____ supply?

_____ it be _____ for _____ to identify unauthorized _____ of _____ system _____?

_____ identifying _____ illegal _____ our _____ resources included in _____ services?

_____ suppliers might _____ able to spot _____ electricity.

Is _____ possible _____ determine _____ within their electricity _____ network?

Electricity suppliers can see _____ people _____ our _____ supply _____.

Will _____ to determine _____ illegal power _____ within our _____ network?

_____ it _____ to catch _____ of the power _____?

_____ you _____ tell _____ someone is _____ our electricity _____ authorization?

_____ it possible _____ providers can detect unauthorized tapping _____?

_____ see if others _____ using our power _____?

_____ you _____ they are tapping _____ our power?

_____ ways to _____ within the _____ distribution network?

Can your _____ people stole power from _____?

_____ to _____ unauthorized use of _____ system rights?

Is there _____ spot misuse _____ electricity distribution network?

_____ it possible _____ companies _____ within _____ electricity distribution network?

Can electricity _____ those using _____ power _____?

_____ providers can _____ illegal _____ of _____.

_____ able _____ see if _____ is taking _____ power?

Is _____ way _____ companies can identify misuse within _____?

Is it possible _____ illegal _____?

_____ you _____ me if _____ is using _____ without _____?

_____ it _____ companies _____ illegal usage within supplies?

Service _____ to detect unpermitted _____.

_____ guys check _____ see if _____ else _____ stealing _____ power?

Can _____ tell if _____ using _____ without permission?

_____ a _____ catch people using _____ supply illegally?

Can _____ distributors _____ illegal _____?

_____ the _____ identify unauthorized usage of our _____?

Is it _____ detect unauthorized _____ our electricity _____?

_____ out if others are pilfering _____?

Electricity _____ might _____ able to _____ of our power _____.

Can _____ catch any illegal uses _____?

_____ companies aware of illegal _____?

_____ possible for your _____ to discover cases where _____ are stealing _____?

_____ knowledge about _____ access _____ from the _____ companies?

_____ you tell if we have _____ our _____?

_____ to spot _____ power usage.

_____ you determine if _____ is _____ our _____ without _____?

_____ providers watch _____ illegal _____?

Can _____ of our electricity?

_____ of electricity catch _____?

Is _____ to find misuse _____ the _____ distribution network?

_____ using our _____ connection illegally.

_____ can _____ to confirm or _____ unpermitted _____ to _____ power _____?

Is _____ a way _____ people are using _____ resources in _____ illegal _____?

_____ you have a _____ unauthorized use _____ electricity supply?

Can _____ cases where people stole _____ us?

_____ it _____ to _____ anyone who uses our _____?

_____ electricity _____ illegal usage?

Are _____ able to detect _____ electricity supply?

_____ companies _____ recognize illegal _____ supplies.

Do _____ operators who _____ abusing _____ energy?

_____ people using _____ electricity _____?

_____ you _____ me if someone is _____?

Are power _____ to spot ineligible _____ of _____?

Do _____ know how to _____ on the _____?

If _____ is _____ the supplied electric _____ can _____?

Hey can you check to _____ someone _____ is _____?

Is it _____ determine if _____ of illegal _____ within our _____ network?

Is it _____ electricity _____ illegal _____?

_____ be possible for you _____ usage of _____ service?

_____ it _____ for companies _____ identify _____ in the _____ network?

Can _____ power _____?

_____ might recognize _____ usage _____ supplies.

Do _____ services that _____ any _____ use of _____?

_____ suppliers spot _____ use _____ isn't _____?

_____ suppliers _____ unauthorized power _____?

_____ it possible for _____ power _____ the grid?

Is it _____ that power suppliers _____ ineligible _____?

_____ electricity suppliers _____ power _____?

Is _____ for energy _____ to _____ tapping _____ grid?

Is _____ power _____ discover _____ who steal _____ energy?

_____ to catch _____ use of the power _____?

_____ companies _____ they _____ illegal _____?

Is _____ possible _____ your monitoring _____ to _____ cases of _____ stealing _____ from _____?

____ your ____ services able to uncover ____ power from us?
 ____ it possible ____ if ____ is illegally tapping ____ the ____?
 Can your ____ find ____ other people ____ pilfering power ____?
 ____ possible ____ companies to identify illegal ____ of ____ networks.
 ____ for service providers ____ discover unpermitted ____ their grids?
 How do you ____ the freeloaders ____?
 ____ it be ____ for you to identify ____ illegal ____ of ____?
 Is ____ possible ____ the utility ____ identify unauthorized ____?
 ____ you ____ to ____ freeloaders ____ our grid?
 ____ providers watch ____ illegal use ____ electricity?
 ____ can ____ unauthorized uses ____ electric ____.
 ____ suppliers spot ____ usage?
 ____ tell ____ others are using ____ supply illegally?
 Can utilities ____ is using ____ supplied electric ____?
 ____ have the ____ detect ____ use of our ____ supply?
 Can electricity ____ identify ____ power supply?
 ____ there a ____ to identify illegal use ____ networks.
 Can ____ suppliers ____?
 ____ be able to ____ power ____?
 Is ____ see ____ else is stealing power?
 As an ____ unauthorized ____.
 ____ there ____ know if other ____ energy in a questionable manner?
 The ____ spot ____ power ____.
 ____ you tell ____ is using ____ electricity without ____?
 Is ____ anything ____ unauthorized power access?
 What ____ do ____ verify or ____ access to ____ power ____?
 ____ your ____ to detect ____ usage of ____?
 Is illegal usage ____ companies?
 ____ it ____ detect ____ illegal ____ of the ____ supply?
 ____ providers ____ power thieves?
 ____ possible for companies ____ the misuse ____ their electricity ____?
 Are you ____ detect ____ use of ____ electrical ____?
 Energy distributors ____ if ____ is tapping into ____.
 Can you ____ me if someone ____ with ____?
 ____ it possible ____ track down illegal ____ of ____?
 Are utility ____ of ____ access ____?
 ____ detect unauthorized ____ consumption ____ our ____?
 Can ____ suppliers catch ____ well?
 Can you ____ in ____ supply?
 Could suppliers ____ consumption?
 ____ it ____ out illegal use of the ____?
 ____ aware of ____ use within supplies.
 ____ possible for ____ Suppliers to identify ____ supply illegally?
 Can you ____ to ____ if ____ person ____ power?
 Can you tell ____ is ____ our power ____?
 Will you ____ able to ____?
 ____ possible to identify instances of ____ our network?
 ____ it ____ electricity suppliers to detect ____ of ____ supply?
 ____ your services include the ____ illegal ____ electricity resources?
 ____ anyone uses ____ electricity without authorization, ____?

_____ providers be able _____ misuse of _____?
 _____ services _____ cases where _____ steal power from _____?
 _____ to verify or disclose _____ access to _____ power _____?
 _____ possible for _____ Suppliers to _____ who _____ our power supply?
 Are _____ tell if _____ is using _____ without authorization?
 _____ people using our power connection _____ a _____?
 _____ it _____ for _____ to _____ if someone _____ supplied _____ current illegally?
 _____ possible _____ unauthorized use of _____ electricity?
 _____ it _____ to tell if _____ our _____ without permission?
 _____ you _____ me if _____ our power.
 Is _____ to _____ illegal consumption from _____ our grid?
 _____ providers detect _____ that _____ illegal?
 Is _____ possible to tell if _____ is _____ our _____?
 _____ possible for the utility to identify _____ usage _____.
 Is it possible _____ spot _____ our _____?
 Can electrical _____ catch _____?
 _____ for the _____ locate unauthorized use of our electrical _____?
 Are you able to check _____ taking our _____?
 _____ possible for your _____ services _____ uncover _____ in _____ others steal _____ us?
 _____ it _____ the utilities to _____ if _____ is _____ supplied _____ current?
 _____ it _____ for the _____ to _____ unauthorized usage _____ electrical system _____?
 Are _____ able _____ tell if someone's _____ our _____?
 _____ you protect _____ supply _____ use?
 _____ able to _____ is using the supplied electric _____?
 _____ capable _____ detecting _____ use of _____ electricity?
 Can _____ services _____ stole power from us?
 I want to _____ companies _____ about _____ power _____.
 _____ providers detect if _____ swindling off our _____?
 Is it possible _____ the utility _____ out who _____ our _____?
 _____ providers know if _____ is stealing _____?
 Are _____ able _____ identify illegal _____ their electrical _____?
 Electricity companies _____ illegal _____ supplies.
 Does anyone know if someone _____?
 Will electricity _____ able to _____ our _____ supply illegally?
 Is anyone _____ the _____ authorization?
 Are your systems capable _____ of unauthorized _____?
 _____ your _____ access _____ and use of the _____?
 _____ possible _____ misuse in the electricity _____ network?
 Is _____ using _____ without authorization?
 Are utilities able to determine _____ is using _____?
 Providers _____ they detect _____?
 Are _____ to _____ unauthorized _____ the electricity?
 _____ you _____ how you _____ of the electricity supply?
 You should be able _____ dirtbags _____?
 Is _____ electricity companies?
 _____ providers _____ able to _____ if _____ has _____ the electric _____?
 _____ utilities determine if people are _____ current?
