

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Phone and device compatibility queries
Inquiry Sub-Category	Network coverage queries
Description	Customers inquire about the availability and strength of network coverage in specific locations to determine if their phones or devices will work properly in those areas.
Data Size	6,602 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Can some _____ weaker _____ on _____ frequency bands?

There _____ be _____ with _____ frequencies

_____ want to know _____ there _____ for weakened reception with _____.

_____ poorly from their _____?

There _____ be a _____ with _____?

Do _____ devices _____ less _____ the given _____?

There _____ on the carrier's bands.

_____ possible for some devices _____ have _____ in this _____?

Is it _____ devices _____ bad _____?

_____ be _____ signal _____ on _____ frequencies.

Weak signal _____ on _____ bands.

_____ the _____ frequencies _____ reception _____ devices?

Does a _____ device experience _____?

This carrier _____ bad _____ certain devices.

_____ is a _____ that _____ gadgets will _____ a weakened _____.

_____ there a _____ signal _____ certain frequencies for certain _____?

Do _____ carrier's band _____ weaker _____?

_____ some _____ bad signals?

Does this _____ spectrum _____ weaker _____?

_____ some _____ affected by the _____ on these bands?

_____ it _____ devices to struggle with _____ in this _____?

_____ a weakened signal?

Some devices _____ not _____ in this _____ frequencies.

Is _____ device _____ suffer weak reception on _____?

_____ there _____ a weaker reception with _____ frequencies?

_____ this carrier _____ weaker device _____?

_____ spectrum weak _____ device reception?

_____ the carrier's _____ offer weaker _____?

_____ there _____ with this carrier's _____?
 _____ frequencies affect _____ on specific _____?
 Is _____ devices performing worse _____?
 _____ that _____ suffer _____ weak signals _____ the band.
 Is _____ signal _____ certain _____ with _____ carrier's frequencies?
 The _____ can _____ for certain _____.
 It is possible that _____ poor _____.
 Are _____ affected _____ poor _____ on this carrier's _____?
 Is _____ possible that certain devices _____?
 Does _____ spectrum give _____ reception _____?
 Some _____ weaker signals _____ network.
 _____ devices may _____ affected _____ on this carrier.
 Do certain _____ weaker _____ than _____?
 Can _____ get reception _____ the _____?
 _____ gadgets survive reduced _____ the _____?
 Do _____ worse signal strength _____ certain _____?
 _____ is a question about reception _____ on _____.
 _____ this _____ frequencies bad _____ device _____?
 _____ possible _____ some _____ to struggle with _____ bands?
 There _____ devices _____ can receive a _____.
 Is the signal strength _____ on _____ frequencies?
 Is _____ frequencies not _____ devices?
 _____ it _____ for certain devices to _____ weak _____ in _____?
 _____ it _____ to have _____ for certain _____?
 _____ devices _____ by _____ reception?
 _____ weaker _____ with those frequencies.
 Is _____ chance _____ will get less signal?
 _____ it possible _____ would _____ reduced signal _____ here?
 _____ devices _____ good with this _____ frequencies?
 _____ gadgets may _____ less _____ on _____ frequencies.
 _____ some gadgets _____ reception?
 Will some gadgets _____?
 _____ phones _____ not _____ on this network.
 _____ carriers' _____ reception _____ some devices?
 _____ your carrier's frequencies suck _____?
 _____ a chance _____ band performance?
 _____ devices _____ not _____ good reception on _____ frequencies.
 Is _____ possible _____ certain _____ have _____ strength on certain _____?
 Is _____ that _____ devices experience _____?
 Does _____ spectrum sometimes _____ weaker device _____?
 These _____ a weaker _____.
 _____ may suffer from weak signals on the _____?
 Is _____ certain _____ will have bad _____?
 Does _____ carrier's _____ spectrum _____ a _____ device _____?
 _____ is possible for _____ have _____ on your network.
 _____ may be _____ receive a weak _____ from _____.
 _____ a _____ devices _____ the _____ on these bands?
 _____ it _____ devices to _____ reduced reception?
 There _____ be _____ chance of _____ band performance _____ models.
 _____ items show _____ coverage?

Will some _____ encounter reduced _____?

_____ certain _____ experience less _____?

_____ devices might _____ signal on your _____ frequencies.

_____ chance _____ receive _____ signal here?

_____ the _____ strength on _____ frequencies poorer for _____?

Some _____ less _____ from _____ network.

_____ some gadgets _____ capability?

_____ certain _____ get _____ signals?

The _____ get poor _____.

Is it possible _____ some _____ a _____ signal _____?

_____ it possible that _____ less _____ this network's frequencies?

_____ your carrier's frequencies have _____ signal _____?

_____ gadgets pick _____ signal?

_____ devices may _____ reception _____ carrier's frequencies.

_____ experience _____ signal capability here?

Do you _____ a _____ reception with _____ carrier?

_____ devices _____ perform worse _____ the _____ of frequencies.

_____ some _____ reception on _____ network?

Do _____ have a _____?

_____ have bad reception _____ the _____.

Some devices might _____ from weak _____.

_____ a _____ experience poorer _____ strength _____ bands?

_____ the carrier's band _____ you _____ weaker device _____?

Do certain devices _____ signal strength _____?

_____ that _____ phones _____ have bad service?

_____ devices _____ reception on this _____?

_____ may _____ a _____ this frequencies.

_____ devices may have a weaker signal _____.

Do _____ items _____ to _____ coverage?

_____ some gadgets would be reduced _____.

_____ some _____ diminished _____ capability?

_____ devices might _____ on this _____ frequencies.

Do certain _____ on _____ frequencies?

Is there _____ gadgets will _____ less _____ your carrier?

_____ possible _____ certain _____ have less _____ on your _____.

Do certain devices experience _____ these _____?

_____ be devices that _____ signals.

Is _____ that certain _____ signal?

_____ operator's frequencies may _____ a _____ to _____ gadgets.

Will _____ pick up _____?

_____ if _____ would encounter reduced _____ capability here.

Does _____ diminished coverage _____ the _____?

Do _____ suffer from poor _____ your _____?

_____ devices worse performers _____ frequencies?

_____ wonder _____ certain gadgets _____ signal _____ on these _____.

_____ carrier's _____ cause a _____ reception?

Will _____ up _____ here?

_____ there any _____ for particular _____ weakened signal?

There _____ possibility _____ gadgets will _____ a _____ signal.

_____ devices are _____ by _____ on certain _____.

Is _____ an issue with _____ bands?

Can _____ get _____ carrier frequencies?

Does the carrier's _____ issues?

_____ certain _____ exhibit _____ coverage?

_____ be _____ signal _____ on certain _____.

_____ some _____ a reduced _____?

The _____ this carrier's bands _____ certain devices.

_____ device receive _____ signal with _____ carrier?

_____ the carrier cause _____ weak _____?

Are _____ to get _____ signal _____?

Some phones _____ be affected by _____ signals _____ of _____.

_____ phones may _____ weak signals on the _____.

_____ weaker device reception?

The _____ reception _____ this carrier's _____ affect _____ devices.

_____ way for certain _____ get less _____ on _____ network?

Is certain _____ on this _____ frequencies?

Do _____ phones _____ these frequencies?

_____ may pick _____ a _____ here.

The _____ may have a _____ connection for _____.

Does _____ carrier's _____ affect _____?

Do _____ worse _____ on the _____?

_____ devices _____ have good reception _____ carrier's frequencies.

Does _____ band spectrum _____ weaker device _____?

Is _____ on _____ carrier's _____?

_____ might not _____ well on _____ carrier's _____.

Could weak signals _____ band _____ some phones _____?

_____ the frequencies _____ carrier _____ some _____?

_____ lower _____ these _____ affecting devices?

_____ a reduction in _____ strength on _____?

_____ spectrum _____ weaker device reception?

_____ carrier's _____ hurt device _____?

_____ devices may or _____ not _____ poorly on _____.

_____ devices _____ affected by lower _____?

Will _____ device suffer from _____ bands?

Some devices _____ have _____ on _____ carrier's frequencies.

_____ signals on this _____ some _____ their phones?

_____ gadgets experience less _____?

Is there a _____ some devices _____ bad _____?

Is it _____ some _____ poor signals _____?

Is it possible that _____ phones _____ from _____ the _____?

_____ carrier have devices _____ get _____ signal?

Some _____ might _____ lousy signal _____ the _____.

_____ may _____ weaker reception _____ frequencies.

Can some _____ get _____ carrier frequencies?

Maybe _____ carrier has _____ signal _____ devices.

There is a chance _____ weakened signal here.

_____ devices may _____ impacted by _____ reception on _____.

_____ that devices get _____ signal _____?

Does _____ carrier's _____ allow weaker _____?

_____ might be poor _____ strength _____.

_____ reception on _____ frequencies can be encountered _____.

_____ that face weaker _____?

_____ may be _____ reception _____ carrier's _____.

_____ it possible _____ some _____ have a _____?

The carriers have frequencies, _____ coverage?

Do certain handsets _____ less _____?

_____ get bad _____ on your _____?

_____ frequencies affect device _____?

Do _____ frequencies of _____ devices?

_____ it _____ certain devices to receive _____?

_____ a reduction in signal _____ on _____ frequencies for _____?

_____ devices _____ signal here?

Do _____ worse signal strength _____ bands?

Does your carrier have _____?

Do _____ gadgets _____ communication _____?

It's _____ that this carrier _____ certain devices.

_____ certain gadgets _____ weakened signal _____?

_____ gadgets might experience bad _____.

Is _____ some devices _____ weaker reception _____ carrier's frequencies?

There _____ a _____ certain _____ could receive a _____ signal _____.

Is the _____ on the _____?

Do _____ bad signal?

Can carriers' _____ on _____?

There is a _____ gadgets _____ receive _____ weakened _____.

_____ the _____ yield a _____ reception?

Are _____ devices _____ by _____ on _____?

Some phones could _____ by _____ the band.

_____ certain items _____ reduced _____?

_____ possible that specific _____ encounter lower communication _____ frequencies?

Is _____ reception _____ frequencies?

Some _____ may not _____ well with _____ range.

_____ some phones _____ poor _____ this _____?

_____ lousy signal strength for _____ devices.

_____ some devices that face _____ the network's _____.

_____ on _____ frequencies _____ be poor.

_____ affecting devices _____ this _____ bands?

_____ carrier's band suck _____ certain _____?

Does _____ carrier's band _____ device _____?

_____ some _____ a weaker _____ on _____ carrier's frequencies?

_____ it _____ certain phones experience _____ coverage _____ frequencies?

_____ devices perform _____ with the network's frequencies?

Are a few _____ the reception on _____?

_____ gadgets get poor _____ this carrier's _____?

Some gadgets _____ see _____ signal _____.

Do certain _____ signal?

Do _____ devices have _____ signal _____ certain _____?

Some _____ don't _____ a _____ signal with the _____.

Is there a _____ a _____ signal _____ your _____?

Any chance _____ receive a weakened _____?

Do _____ signal on your _____?

Some gadgets ____ not receive reception ____ ____ ____.

Is ____ reception ____ certain ____ affected by ____ ____?

Is it ____ possibility that ____ devices ____ signal ____?

____ possible that some ____ reception ____ the network?

Is the ____ frequencies ____ weak ____?

Some ____ might ____ a ____ signal ____.

Is ____ certain ____ to be weak ____ carriers bands?

Are some devices ____ by ____ lower reception ____?

____ it ____ that ____ show diminished coverage ____ these ____?

Some devices may ____ network's ____.

____ carrier's ____ affect reception?

____ there ____ weaker ____ on the ____?

Some ____ may ____ good reception ____ carrier's frequencies.

____ certain ____ by the ____ frequencies?

____ there ____ chance ____ poor signal here?

____ it possible there ____ weaker reception ____ these ____?

Does certain items ____?

____ it ____ devices to ____ less reception?

____ a ____ reception on ____ bands?

There ____ issues ____ carrier's bands.

Will some ____ experience ____ signals ____?

____ some devices have ____?

Would some gadgets ____ capability ____?

____ that the gadgets have poor ____?

Do certain devices ____ on ____ carrier's ____?

Is ____ a bad ____ with ____?

Is ____ possible ____ the ____ be weaker?

____ a ____ that ____ may ____ weakened with ____ carrier.

Is ____ reception ____ carrier's ____ affecting ____ devices?

____ show ____ coverage?

Is ____ there could ____ reception with ____ frequencies?

____ some gadgets face ____?

____ there ____ within the carriers' ____?

____ phones might ____ get good reception ____ network's ____.

____ you know ____ certain ____ a weaker ____?

____ it possible for certain devices ____ have ____?

Is ____ possible ____ get less ____ on your ____?

Is the signal ____ on ____ specific devices?

____ carrier may ____ have ____ signal strength ____ devices.

Will ____ not get ____ on ____ network?

Shouldn't certain devices ____ frequencies?

Is ____ possible ____ phones get ____ on ____ network?

Does ____ carrier's ____ cause ____ weak ____?

____ there reduced ____ on certain ____?

____ any ____ in the ____ frequencies ____ signals?

A ____ devices ____ be affected ____ reception on ____.

____ reduced signal ____ affect ____?

Could specific ____ signal ____?

Will ____ get ____ reception?

Does ____ carrier have a ____?

_____ possible _____ certain _____ signal strength.

Is it _____ has _____ signal?

What if the _____ has _____ signal _____ devices?

Does the _____ reception?

Some _____ experience reduced _____ the carrier _____.

Do _____ devices _____ poor _____ on _____ frequencies?

_____ gadgets _____ weaker signals.

Is _____ possible _____ this _____ band?

Some devices might _____ worse _____ frequencies.

Can _____ bad _____ the frequencies?

_____ it true that _____ poorer _____ on these frequencies?

Do _____ poorer signal _____?

Some _____ have _____ on the _____ frequencies.

_____ certain _____ have _____ this carrier?

_____ it possible that _____ phones _____ get _____ on this _____?

_____ face _____ reception on the _____?

_____ gadgets might experience _____.

Is the _____ frequencies able _____ affect _____ on _____?

_____ the carriers' _____ affect _____ devices?

Will gadgets _____ weak _____?

Do _____ suffer poor _____?

Does this carrier's band _____ device _____?

Some devices _____ not _____ well with _____ range.

Do _____ cause _____ reception?

Do _____ problems for _____ devices?

Do _____ have _____ signal _____ frequencies?

Is _____ that the _____ poor _____ here?

_____ some devices have _____?

_____ the signal strength _____ on these frequencies?

Do _____ devices have _____ signal _____ your _____?

_____ some gadgets have _____?

Do _____ the phones _____ weaker _____ the frequencies?

Is it possible _____ certain _____?

Does _____ carrier's _____ certain _____?

_____ might perform _____ network's frequencies.

Do some phones have _____?

Do certain devices _____ a lower _____?

_____ have weakened signal _____?

_____ devices _____ be affected _____ the _____ reception _____ carrier's bands.

Are a few _____ these _____?

Do _____ show fewer _____?

Do certain devices _____ on _____?

_____ it _____ for _____ be weak in the carrier's _____?

The _____ certain devices' reception.

_____ band _____ weaker device reception.

Is there a chance _____ get a _____ here?

Is it _____ certain devices _____ less _____ on the _____?

_____ any reception _____ on this _____?

Is _____ certain devices _____ signal _____?

Is _____ strength _____ these _____ for specific _____?

Will ____ carrier ____ poor signal strength ____ ____ ____?

Is ____ ____ that certain gadgets ____ ____ signal ____?

Is it ____ ____ devices ____ poorly on ____ carrier's ____?

____ ____ ____ reception with these ____?

____ some ____ have ____ weak ____?

____ ____ any ____ of a ____ band in ____ phones?

Can gadgets get ____ reduced reception ____ ____ ____?

____ may be ____ chance ____ weakened reception ____ this ____.

____ chance that certain ____ could ____ ____ weakened ____?

Any ____ ____ gadgets will get ____ ____ signal here?

____ ____ ____ reduced ____ ____ in some gadgets.

Is the signal ____ ____ mobile ____ ____ these frequencies?

____ ____ any ____ for certain gadgets to ____ ____ signal here?

Is the ____ signals on ____ ____ band ____ some ____?

____ some ____ get ____ signal with ____ ____?

Is ____ worse ____ ____ the ____ bands?

____ ____ ____ experience a ____ signal capability.

____ it possible for ____ gadgets to ____ ____ signal ____?

____ the ____ band ____ a ____ reception?

Did ____ items ____ ____ coverage?

____ the ____ band ____ provide ____ device ____?

Is ____ weakness ____ ____ this ____ bands?

____ devices ____ affected by the weak reception ____ ____ carrier's ____?

There is ____ ____ of ____ reception ____ ____ carrier.

____ it possible ____ ____ phones ____ bad ____ on this ____?

____ ____ be reduced ____ capability for ____ ____.

Is ____ ____ frequencies ____ for certain ____?

____ of ____ company's ____ might ____ from weak ____ on the ____.

Some ____ might ____ lousy signal ____ this ____ ____.

Is there a device ____ receives ____ weaker ____ ____ ____?

____ ____ carrier's band spectrum ____ in weaker ____ ____?

Do some ____ have ____ signal ____ on ____ ____?

Is ____ ____ ____ for ____ reception with ____ carrier?

Some devices ____ ____ ____ reception ____ ____ carrier's bands.

____ ____ devices ____ a ____ reception on the ____?

____ ____ a ____ for ____ ____ to ____ a weakened signal.

Some ____ ____ ____ experience ____ weaker ____.

____ it possible for ____ gadgets ____ have ____ reception ____ your ____?

____ the ____ strength ____ specific devices worse ____ ____ frequencies?

____ ____ ____ a lower connection on this ____ ____?

____ a device ____ a ____ ____?

____ it ____ that specific gadgets ____ ____ ____?

____ certain phones ____ ____ ____ the frequencies?

Can ____ ____ ____ bad signal with ____ ____?

Is there a ____ ____ ____ weak connection ____ ____ the network's ____?

____ your carrier's ____ ____ ____ certain devices?

____ it ____ ____ ____ get bad signal ____?

Some ____ ____ ____ ____ poor signal.

Are ____ frequencies ____ ____ ____ reception ____ devices?

Do ____ ____ ____ frequencies affect ____ ____ ____ some devices?

Is it possible that _____ their _____?

_____ it happen _____ certain _____ to _____ less _____ on _____ network?

There _____ be weaker reception _____.

_____ could be _____ reception with _____.

_____ have weaker _____ your _____ frequencies?

_____ my _____ less signal on _____?

_____ your carrier's _____ for _____ devices?

Is _____ certain devices worse _____ these frequencies?

Is there _____ chance _____ gadgets _____ weakened signal?

_____ have a bad _____?

_____ the _____ strength _____ gadgets _____ on these _____?

_____ certain _____ on your _____ frequencies?

_____ carrier _____ certain devices _____ on their frequencies?

Do certain devices _____?

Is certain _____ bad _____ the _____?

_____ certain _____ have _____ signal _____ their frequencies?

There _____ a chance for a _____ reception _____.

Is there any _____ that certain _____ signal _____?

_____ that mean _____ carrier has poor signal _____?

_____ any _____ lesser signals in the _____?

Is _____ that certain _____ show _____ coverage within _____?

Some _____ could _____ up _____ signal _____.

_____ device's _____ weaker _____ your _____ frequencies?

_____ certain devices worse _____ this network's _____ frequencies?

_____ phones may have poorer _____.

Do _____ coverage on these frequencies?

_____ few devices _____ lower reception _____ these _____?

_____ devices that get _____ weaker _____ from your _____.

Is it _____ for certain _____ to have _____ bands?

Is _____ possible that some gadgets _____ the _____ frequencies?

Do certain _____ weaker _____?

_____ carrier cause _____ in device _____?

_____ devices affected _____ the _____ frequencies?

Some _____ may _____ from _____ network.

This carrier _____ have _____ signal _____ certain _____.

Some gadgets _____ encounter _____.

_____ is _____ that _____ has _____ signal strength for certain _____?

Do _____ experience less _____ bands?

There is a chance _____ get a _____ here.

_____ of _____ phones _____ less _____ on _____ frequencies.

Is it _____ devices _____ weak reception _____ this _____ frequencies?

_____ may have bad _____ for _____ devices.

_____ there _____ with reception on _____?

_____ a possibility of _____ a _____ signal here.

_____ it possible for _____ get less _____?

Is _____ reduced _____ on certain _____?

_____ it _____ that certain devices _____ signal _____?

_____ certain phones have _____ on _____?

Is _____ any chance of _____ reception _____?

_____ it possible _____ certain _____ signals?

_____ devices _____ not _____ on this carrier's frequencies.

Are certain devices possible to _____ network?

It _____ possible that _____ perform _____ with _____ frequencies.

Is it possible _____ some devices _____ connection _____ carrier?

_____ might _____ reception with _____ frequencies.

_____ possible that _____ receive a poor _____?

_____ gadgets experience weaker _____ from _____?

_____ that this _____ have a weak signal?

Some devices are affected by _____ these _____.

_____ have poor reception _____ frequencies.

_____ it possible _____ device _____ have _____ bad _____ in _____ carrier?

_____ issues worse _____ this _____ bands?

_____ worse reception _____ the carrier's _____?

Is _____ possible _____ gadgets _____ poor _____ strength?

Are _____ weak _____ issues _____ carrier's _____?

_____ yield weaker device reception?

_____ it possible for some _____ encounter _____?

Do some _____ have _____ signal _____ your _____ frequencies?

Is _____ strength _____ the frequencies _____ for _____ gadgets?

Can _____ affect reception _____ devices?

_____ is a _____ my _____ get _____ on _____ carrier.

_____ have _____ signal here?

_____ it _____ that certain devices _____?

Do _____ receive _____ the given frequencies?

_____ there _____ chance for _____ reception _____ this _____.

_____ have lower _____ this _____ frequencies.

_____ gadgets _____ signal here?

Is it _____ have _____ signal _____?

_____ is a chance of _____ performance _____ phones.

_____ affect reception _____ certain devices?

_____ gadgets _____ bad signal with _____?

Is weak signal _____ bands.

_____ possible that _____ a bad signal here?

Do _____ the phones _____ less coverage _____ these _____?

_____ the _____ may be _____ by lower _____.

_____ there a _____ for particular _____ to _____ weakened _____ here?

_____ gadgets _____ less _____ on the carrier _____.

Is _____ a _____ a _____ band performance in _____ phone _____?

_____ it possible _____ devices _____ signal?

Are any devices _____ given frequencies?

Is there _____ signal _____ carrier's _____?

_____ it possible that _____ reduced reception?

There may be _____ on _____.

Is _____ possible that _____ devices _____ poor _____?

Will some gadgets _____?

_____ there _____ this carrier has _____ signal _____ certain devices?

_____ possible _____ devices have reduced _____?

_____ could _____ on this network.

Some _____ might _____ signals _____ this _____.

Is _____ possible _____ my _____ will get _____ signal _____ carrier?

_____ weaker signal on _____ frequencies.

_____ gadgets take a _____?

Is there a chance _____ bad _____ strength _____ certain _____?

Some _____ would _____ a _____ capability _____.

_____ signals _____ this company's _____ affect some _____ their phones?

Is it _____ have weak _____ strength?

Is the signal _____ gadgets with _____ frequencies?

_____ have _____ strength on the frequencies?

_____ cell _____ have weaker _____ these frequencies?

_____ it possible _____ have _____ hard time with _____ carrier's bands?

Is weak _____ on _____?

Do _____ poor signal _____?

_____ are devices _____ a weaker _____.

_____ the carrier's spectrum _____ reception?

_____ could be _____ weaker _____ frequencies.

Would some gadgets _____ signal _____?

_____ devices face _____ signals?

Is _____ possible _____ carriers' bands?

_____ that certain gadgets experience lower _____ on _____ frequencies?

Some _____ may _____ a _____ capability _____.

Is there a weak _____ on _____ devices?

Can some gadgets _____ signal _____?

There _____ chance that particular _____ will receive _____ signal _____.

_____ certain devices affected _____ the _____?

_____ carrier's bands suck _____ some _____?

Is _____ a _____ with _____ reception _____ these _____?

Is there a chance for _____ a _____?

Some _____ may _____ reduced reception on _____.

_____ Frequency Bands affect device _____?

Some devices may _____ affected _____ on _____ bands.

_____ may _____ coverage within _____ carriers frequencies.

_____ the _____ have poor _____ strength?

Does _____ get _____ signal with _____?

Some _____ may _____ from weak signals _____ this _____

_____ some items show _____?

What _____ some _____ signal capability?

_____ certain _____ receive good _____ on _____ carrier's frequencies?

Do _____ get _____ here?

There _____ be _____ these frequencies.

Are specific gadgets _____?

_____ it _____ for certain devices _____ in this carrier's _____?

_____ it _____ devices to have less _____ on _____ network?

_____ it _____ some _____ can have trouble _____ carrier's bands?

_____ carrier's _____ cause a _____ reception?

_____ devices _____ perform worse on _____.

Is _____ cause _____ device reception?

Is _____ carrier's frequencies weak _____?

_____ certain items show _____?

_____ reduced _____ strength _____ on certain _____?

Is the _____ lousy for certain _____ the _____?

____ the ____ band spectrum ____ a ____ reception?
 Is it ____ some devices ____ struggle ____ carrier's ____?
 ____ that some devices ____ a ____ signal?
 ____ face weaker signal in the network's ____.
 Some ____ might ____ well ____ the ____ frequencies.
 Do some items ____ carriers?
 ____ some gadgets have ____ here?
 ____ devices receive ____ signals in the ____?
 ____ have less ____ on this carrier's ____.
 ____ specific gadgets have ____ frequencies?
 ____ a ____ signal ____ on ____ frequencies?
 ____ affect ____ on particular devices?
 ____ reception affecting certain devices ____ carrier's ____?
 Some devices ____ have ____.
 ____ some gadgets ____ up a ____?
 ____ experience reduced signal capability ____.
 My ____ could ____ get less ____ carrier.
 Are ____ devices receiving ____ weaker signal ____?
 ____ gadgets ____ a bad signal with ____.
 ____ certain gadgets ____ good ____?
 ____ there reduced reception ____ carrier frequencies ____ some ____?
 ____ have a ____ signal?
 What ____ you ____ certain ____ diminished coverage?
 Do ____ phones ____ coverage ____ frequencies?
 ____ gadgets ____ get a good signal ____ frequencies.
 ____ gadgets may ____ signal ____ here.
 ____ some ____ weaker reception?
 ____ it ____ devices experience ____ weaker signal?
 ____ there any chance ____ weaker ____ in specific ____ models?
 Could there ____ worse ____ these ____?
 ____ gadgets ____ a weakened ____ here?
 ____ phones have weaker ____ on ____?
 Some devices may ____ a weak signal ____.
 ____ caused weaker device reception?
 Could some ____ encounter ____ signal ____?
 Have ____ carrier's frequencies ____ for ____?
 ____ may ____ that ____ connection signals.
 ____ have weaker ____ on ____ carrier's frequencies.
 ____ certain ____ get bad signal ____?
 ____ few devices on these ____?
 Would some ____ ability?
 There ____ a possibility for ____ get a ____ signal ____.
 Is it ____ that certain devices ____?
 ____ certain devices ____ a ____?
 Are ____ devices ____ weaker ____?
 ____ devices have ____ signal ____ their ____?
 Can your devices receive ____?
 Is there ____ weak signal ____ device ____ your ____?
 ____ certain devices ____ good ____ on the frequencies ____ carrier?
 Do any ____ get ____ signals ____ zones?

_____ it possible for certain _____ problems _____ carrier's bands?

_____ not _____ reception _____ the carrier frequencies.

Is it _____ have less reception _____ carrier's _____?

Some _____ may not _____ well _____ network's _____.

_____ devices _____ have _____ reception _____ this carrier's frequencies.

Is it possible that _____?

Do my devices _____ bands?

_____ chance for _____ to get _____?

_____ there a _____ for _____ with _____ carrier's frequencies?

Some _____ have less _____ bands.

_____ it _____ my gadgets _____ less signal?

_____ frequencies _____ reception on _____ devices?

There could be _____ signal _____.

_____ may have less signal _____.

Is _____ possible _____ will _____ receive well on this _____?

_____ it _____ that certain devices _____ receive _____ signal?

Is _____ a _____ of a _____ reception with _____?

_____ some _____ get _____ signal?

_____ carrier's _____ affect _____ devices?

Do certain _____ signal _____?

_____ devices receive lesser _____ these _____?

Does the band _____ of _____ carrier give _____?

There _____ a possibility of weaker _____.

Are _____ devices _____ receive _____ signal?

_____ some phones _____ on the _____?

Could _____ signal strength?

Does _____ encounter reduced _____ performance _____?

Some _____ signal with _____ carrier's _____.

_____ pick up poor _____?

_____ reception on this network?

_____ on _____ frequencies poor for specific gadgets?

_____ there weaker coverage _____ these frequencies _____?

_____ devices _____ reception _____ this carrier's frequencies?

Do some _____ have poor _____?

_____ signal _____ a _____ for _____ gadgets?

Do _____ have a lower _____ on _____ frequencies?

_____ any devices _____ lesser _____?

Will _____ gadgets experience _____ from _____?

Is _____ for weakened reception _____ this _____?

_____ it _____ for some devices _____ with this carrier's _____?

Is _____ devices _____ have _____ reception on your network?

Is _____ signal bad on certain _____?

It is possible that _____ has _____ signal _____ for _____.

Do _____ experience weak _____?

_____ devices _____ bad signal strength?

_____ some gadgets _____ weak _____?

_____ gadgets _____ reduced signal capacity _____?

There _____ few _____ by lower reception.

Will my devices be _____ poor _____ your _____?

_____ have weaker device _____ sometimes?

Is the ____ weak ____ carrier's ____?
 ____ gadgets could ____ a ____ signal ____.

Is ____ on the company's band ____ phones?
 Is there a ____ with ____ frequencies?
 ____ the ____ strength of ____ devices affected ____ these ____?

Does ____ gadgets ____ reduced ____ the ____?
 ____ gadgets get ____ from this ____?

In the given ____ do ____ lesser signals?
 ____ devices ____ perform ____ in this ____ range.

Is the ____ band ____ able ____ give ____ device ____?
 ____ frequencies can affect ____ reception ____ devices.
 ____ weaker band performance in some phone ____?
 ____ chance of weakened ____ with ____ carrier?
 ____ signal strength ____ devices decline ____ these frequencies?
 ____ items showing diminished coverage ____?
 ____ a chance for certain ____ to ____ a ____ signal ____.
 ____ signal ____ some gadgets encounter?
 ____ devices receive poorly on ____?
 ____ the ____ have ____ signal strength?

Do some devices ____ weaker ____ their ____ frequencies?
 Do ____ devices experience ____?
 Some ____ may experience ____.

Is weak ____ this ____ bands?
 ____ is ____ the carrier ____ poor ____ strength ____ certain devices.
 ____ devices ____ less ____ the carrier's frequencies.
 ____ the ____ spectrum from ____ weaker device reception?
 ____ there a group of ____ weaker connection ____?

Do certain ____ poor ____?
 Would ____ experience ____ signal ____?

Do ____ devices ____ slower ____?
 ____ is a possibility that certain ____ will ____ here.
 ____ may show ____ coverage.
 ____ chance ____ receiving a weakened ____?

Do ____ devices in ____ receive ____?

There are ____ devices ____ weaker ____ this ____ bands.
 Some devices might not ____ network's frequency ____.
 ____ some gadgets ____ a bad ____ this carrier's ____?
 ____ some gadgets show ____?

Some ____ show diminished ____ carriers.
 ____ the carrier's frequencies ____ a ____?
 ____ it possible that ____ poor ____?

Are specific ____ affected ____ operator's ____?
 ____ reception ____ some phones ____ network.

Do devices experience ____?
 Do ____ few ____ coverage?
 ____ worse reception with these ____.

Weak ____ on ____ bands may affect ____.
 ____ there ____ chance specific ____ have poor ____?

Is ____ coverage ____ frequencies ____ certain phones?
 I want to know ____ have ____ reception on ____.

Is _____ chance of _____ band performance in the _____?

_____ there _____ issues _____ carrier's bands?

_____ it _____ devices _____ get _____ reception on your network?

Is _____ chance my _____ less _____?

There _____ a question _____ to _____ there _____ weaker _____ with _____.

_____ some _____ up weak signal _____?

_____ certain gadgets _____ signal?

Will _____ gadgets have _____ your _____?

Some _____ poor _____ on _____ frequencies.

_____ certain _____ get _____ on this _____ frequencies?

_____ certain _____ receive bad _____?

_____ certain devices _____ on _____ frequencies?

_____ for some _____ have _____ reception on this carrier?

I am wondering if my _____ carrier.

Might _____ have _____ strength?

The _____ might _____ a lower connection _____ specific _____.

Is _____ devices to _____ reception _____ the carrier's bands?

_____ a _____ signal for your device _____ carrier?

Is _____ possible _____ poor signal?

_____ devices _____ receive _____ on the _____ of _____ carrier.

_____ there a _____ signal strength on _____ devices?

_____ signal strength _____ specific devices _____ on _____ frequencies?

_____ it _____ devices to have less _____?

_____ some devices _____ by _____ reception on _____ bands?

_____ devices get _____ the given frequencies?

Will _____ signal strength _____ certain devices?

Do _____ cell phones _____ weaker _____ on _____?

Is _____ that certain _____ experience poorer _____ on _____ frequencies?

Does the _____ bands cause _____?

_____ certain phones _____ coverage on _____?

_____ network's _____ phones poorer reception?

_____ devices could have _____ on this _____.

Can _____ weaker reception?

_____ possible _____ devices get _____ signal _____.

_____ possible in _____ carrier's _____?

_____ poor _____ strength _____ be _____ these frequencies.

Is it possible for _____ in this _____ bands?

_____ the signal _____ weaker for certain devices?

_____ this _____ weaker reception?

Is weak reception _____ carrier's bands _____?

_____ gadgets _____ up poor _____.

_____ gadgets _____ signal capability.

_____ you tell me _____ devices that receive a _____?

_____ strength _____ gadgets be weak?

Is _____ some _____ won't _____ good reception _____ this network?

A _____ devices are _____ by _____ lower _____ on _____.

_____ devices _____ good _____ strength on these frequencies?

_____ carrier's _____ for some devices?

Will _____ gadgets have _____ reception _____ frequencies?
