

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Equipment malfunction troubleshooting guidance
Inquiry Sub-Category	Power Outages
Description	Assistance with identifying and resolving issues related to sudden loss of electrical power, including checking circuit breakers, inspecting fuses, and troubleshooting power fluctuations.
Data Size	9,766 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ inadequate _____ responsible _____ frequent episodes _____ electricity supply _____ home or office?

_____ possible _____ is the reason _____ frequent _____ failures?

_____ grounds _____ to electricity _____?

_____ ground cause _____ home and work?

Is _____ that _____ can _____ to ineffective grounding?

I _____ faulty grounding is _____ blame for _____.

_____ you think _____ to _____ outages?

Is _____ possible _____ problems are indicative of _____ here?

_____ it possible that _____ power _____ home _____ office _____ due _____ insufficient _____?

Poor grounding _____ may _____ to _____ for _____.

Is _____ possible that the bad _____ to _____ issues?

Is it _____ supply problems _____ ground here?

_____ cause of the _____ failures?

_____ grounding _____ lead to frequent electric outages?

_____ you think _____ slack _____ that's causing _____ emergencies?

Is there insufficient _____ location _____ to power _____?

_____ it possible _____ grounding result _____ outages?

_____ bad _____ frequent power _____ home or work?

Does _____ in _____ electric outages?

_____ you believe that _____ can _____ electric outages?

Are _____ at _____ or office due to _____?

Is _____ cause of _____ disruptions a _____ grounding?

_____ it possible for _____ outages _____ be _____ faulty _____?

Is _____ grounding _____ blame _____ problems?

Is _____ cause _____ electrical _____ poor grounded?

_____ for _____ grounding to cause many energy _____?

Does _____ ground _____ power _____ at work or _____?

_____ power _____ be caused _____ inadequate ground connections.

Is the _____ power failures stem _____ poor _____?

_____ possible _____ ineffective _____ could be a factor _____ repeat occurrences _____ ?

Could the inconsistent electricity _____ to _____ connections?

There is a question _____ to _____ lack of _____ connection _____ for _____ recurring _____ cuts.
_____ grounding that's _____ the _____ outages?

_____ due to _____ earth connection _____ there are _____ black _____ ?

Is ineffective _____ a _____ the _____ electricity breakdowns?

_____ to blame for intermittent _____ ?

_____ grounding _____ cause _____ failures at home or _____ ?

Poor _____ to blame for _____ power failures.

Are _____ disruptions _____ to insufficient ground at _____ ?

Is disrupted _____ caused _____ ?

_____ you _____ that inadequate grounding _____ lead _____ electric _____ ?

Is _____ grounding _____ blame _____ electricity _____ ?

_____ grounding _____ of _____ electric disruptions?

_____ it _____ that _____ ground _____ be to blame for _____ electrical _____ ?

Is _____ electric supply irregular due _____ with _____ ?

_____ it _____ that _____ grounds can cause frequent _____ ?

Do _____ happen _____ of bad _____ ?

Will regular electricity _____ grounding?

Is there a _____ electrical _____ improper grounding?

Poor ground _____ to blame for _____ unexpected _____ .

_____ inadequate grounding _____ to _____ ?

Is it _____ electric _____ problems _____ of insufficient grounding _____ ?

_____ of sudden _____ of energy _____ caused _____ inconsistent _____ grounding?

Is _____ possible that _____ ground is _____ reason for _____ ?

_____ a _____ earth connection to blame for _____ recurring _____ ?

_____ are _____ disruptions, _____ insufficient grounding _____ reason?

Is it _____ are frequent _____ power failures _____ earth connections?

Power _____ caused _____ weak grounding

_____ it _____ that _____ weak _____ cause a lot _____ interruptions?

_____ ground cause electric _____ ?

Is poor _____ the _____ disruptions in _____ place?

_____ cuts at home or office _____ caused _____ .

Electricity disruptions could _____ result _____ .

_____ supply problems _____ of _____ ground _____ ?

_____ grounding measures _____ to blame _____ unexpected power _____

Is inadequate _____ of _____ electrical _____ disruptions at home _____ ?

_____ it _____ that faulty _____ to blame for _____ electrical _____ ?

Are there _____ disconnections _____ faulty groundings?

Might incomplete earth _____ be to _____ power _____ ?

I _____ power failures are the _____ of _____ .

_____ weak grounding _____ power problems?

_____ it _____ that _____ can be _____ to ineffectual grounding?

Is _____ that faulty ground could _____ electrical _____ ?

_____ caused by poor ground.

_____ ground cause _____ outages _____ ?

Do _____ recurring _____ failures?

_____ that there _____ power interruptions _____ insufficient grounding?

Is _____ grounding is _____ blame for _____ frequent electrical failures _____ ?

Is _____ possible _____ could be _____ blame for _____ outages?

_____ is _____ as to if _____ lack _____ earth _____ is responsible _____ recurring _____.

Are _____ of insufficient grounding?

_____ ground _____ problems at work _____ home?

Are there _____ interruptions _____ to _____ ground _____ my _____?

_____ inadequate grounding _____ cause _____?

Is _____ grounding a _____ of _____?

Is _____ electricity cuts _____ inadequate _____?

_____ possible for _____ ground _____ cause _____ problems?

_____ inadequate _____ cause _____ electricity _____ disruptions at _____ office?

_____ that _____ are _____ unexpected _____ failures due _____ insufficient earth connection?

Will _____ occur _____ of _____ grounding?

_____ it possible that _____ grounding _____ in _____ interruptions?

Is _____ a link _____ grounding and frequent _____?

_____ grounding cause _____ outages?

Repeated episodes _____ could _____ related _____ poor grounding.

_____ ground setup cause energy _____?

_____ regular electricity _____ inadequate grounding?

Do _____ the lack of _____ foundation's with _____ is _____ for _____ blasted episodes of _____?

The _____ failures _____ caused _____ ground _____.

_____ regular electricity _____ related _____ grounding?

_____ it _____ that _____ ground can _____ electrical failures?

Is poor _____ of _____ outages?

_____ there _____ ground _____ my location causing _____?

Poor _____ may _____ of electrical _____.

Is inadequate _____ connections _____ reason for _____ cuts _____?

_____ regular _____ be a result _____ a _____ of proper _____?

Is _____ possible that _____ grounding causes _____ disruptions at home _____?

Is it possible that _____ of proper _____ is _____ for _____?

_____ of _____ responsible for the outages?

_____ grounding be the _____ of all _____ electrical _____?

Are electric _____ by _____?

Is _____ grounding the _____ has _____ electricity?

Will electricity _____ because _____ insufficient _____?

_____ possible that improper _____ lead to _____ outages?

Is it possible that weak _____ interruptions?

Is it _____ that faulty grounding can _____?

Is _____ possible _____ grounding causes frequent electric _____ your _____?

_____ possible _____ attribute _____ disruptions _____ and office to insufficient _____?

_____ the culprit of electrical _____?

_____ it _____ grounding _____ power problems _____ home and work?

_____ possible that ineffective earthing contributed _____ recent _____ blackouts?

_____ be caused _____ inadequate grounding.

_____ inadequate ground _____ outages?

Is insufficient ground the _____?

Do _____ think that _____ proper foundation with my _____ the _____ of _____ episodes of _____?

Is _____ possible that _____ result in _____ of energy interruptions?

Is _____ possible _____ are frequent _____ outs because of _____ connection.

_____ not sure if the electric setbacks I'm _____ my _____ office _____ by _____ grounding _____ have or

_____ be _____ for all the electricity issues?

_____ are _____ episodes _____ electrical disruptions that _____ be _____ poor _____.

Is it possible that ____ ground ____ electricity ____?

____ there a ____ grounding and ____ electricity ____ disruptions at ____ or ____?

Can poor ____ cause ____?

____ lack of proper ____ be blamed ____ constant ____?

____ inadequate ground causing ____?

Do the ____ supply ____ due ____ grounded ____?

____ you think ____ proper foundation ____ electricity ____ to ____ for ____ blasted episodes of supply?

____ ineffective grounding ____ potential factor ____ repeat ____ electricity breakdowns ____ your end?

____ poor ____ cause ____ failures?

Is insufficient ____ of electric ____?

____ electricity ____ by poor grounding?

____ insufficient ____ a ____ electricity disruptions?

Is ____ true ____ inadequate grounding ____ cause frequent ____?

____ poor ____ to blame for ____?

____ be ____ interruptions because ____ weak ____?

Is it possible ____ the power failures at ____ and ____?

Are recurring energy loss ____ inadequate ____?

____ it ____ weak ____ to ____ regular power problems?

Constant supply interruptions can ____ lack ____ grounding.

Is it ____ to ____ earth ____ there is frequent ____?

Is insufficient ____ for ____ at home?

Do ____ about ____ failures?

____ between the recurring ____ interruptions ____ and insufficient grounding?

Is ____ in the ____ frequent outages?

____ possible ____ the cause of electrical disruptions on ____ basis?

Is ____ ground ____ a cause ____ recurring ____ incidents?

Are ____ electric ____ of inadequate ____?

____ grounding ____ reason my place ____ electricity?

____ the electricity supply ____ to insufficient grounding ____ premises?

____ that this lack ____ proper ____ with my ____ these blasted ____ of ____?

Is ____ that ____ causing ____ these power outages?

Is ineffective ____ to ____ workplace and ____ blackouts ____?

Is ____ of ____ the cause ____ the outages?

Is ____ ground ____ electricity ____?

____ bum-assed ____ a ____ electric fails?

____ bad ____ of power problems?

____ electrical failures ____ ground issues?

Is ____ that crappy grounding is ____ for ____ electricity ____?

____ it ____ ground to cause electrical ____?

Is ____ possible ____ grounding will ____ to ____ outages?

Is ____ link between ____ grounding ____ frequent ____ disruptions?

____ the ____ of ____ failures because of ____ grounding ____?

____ that faulty ground could ____ electrical outages?

____ the repeated electricity ____ caused ____?

____ it possible ____ a ____ cause power problems?

____ it ____ that inadequate ground is ____ reason for ____?

____ you know ____ grounding ____ to frequent ____ on your ____?

____ the power ____ attributed ____ grounding?

____ it ____ that ____ failures ____ result of ____ ground measures?

Is it ____ to frequent domestic ____ workplace ____ outs?

Is _____ there _____ earth connection _____ there are _____ unexpected _____?

Power _____ be _____ to _____ grounding.

Repeated _____ might be _____ grounding.

_____ the electric _____ the lack of grounding?

_____ that poor _____ is the _____ of electrical disruptions _____.

_____ improper _____ can cause power _____ at home and _____ office?

_____ not enough grounding that _____ outages?

_____ supply disruptions happen _____ of poor _____?

Did the _____ disruptions _____ of _____ poorly?

_____ it possible that poor _____ lead _____ power _____?

Is _____ possible that _____ loss _____ is caused by _____ grounding?

Does improper _____ frequent _____?

faulty _____ could _____ blame _____ the electrical problems _____.

Is _____ possibly _____ for sudden power _____?

Is _____ possible _____ improper grounding _____ cause frequent _____?

_____ supply malfunctioning _____ of lousy _____?

_____ grounding _____ cause _____ recurring electricity _____?

_____ improper _____ power failures _____ home?

Are _____ frequent _____ a result _____ grounding?

_____ badground be to _____ for _____?

_____ you _____ it _____ your _____ causes the electricity _____ go out?

_____ it _____ that _____ supply disruptions happen _____ their _____?

Is it _____ that _____ grounded _____ disruptions?

There _____ be _____ poor grounding.

_____ know _____ grounding is a _____ recurring electricity breakdowns _____?

Is _____ possible to _____ the _____ at home/office to _____?

Is _____ possible that _____ grounding _____ in energy _____?

_____ cause _____ failures often?

_____ possible _____ ground is the _____ the frequent _____ failures?

Is _____ to cause _____ electricity supply disruptions _____ home _____ office?

The _____ inadequate grounding _____ periodic _____.

_____ electricity _____ come _____ poor _____?

Power _____ our building _____ be due _____ poor _____.

_____ the _____ inadequate grounding _____ outages?

_____ grounding measures may be _____ failures.

_____ ground to be the reason _____ failures?

Is it _____ grounding _____ behind frequent _____?

Is _____ possible that _____ earthing contributes _____ and _____ black _____?

_____ the _____ grounding _____ the electricity _____?

_____ it possible that _____ grounding _____ cause _____?

Is _____ ground setup _____ for recurring _____?

_____ insufficient ground behind frequent _____.

Is it _____ ground connections _____ for unexpected _____ cuts?

_____ possible that _____ can _____ electrical failures?

Is _____ bad grounding _____ frequent power outages _____ and work?

_____ supply _____ due _____ deficient grounding?

_____ the _____ sudden _____ failures _____ to poor grounding _____?

Is _____ a reason _____ disruptions?

_____ it _____ for poor _____ to _____ held _____ we experience power _____?

_____ regular electricity interruptions caused _____ a _____ proper _____?

____ the ____ failure caused ____ bad ____?
 ____ power ____ at ____ or office are caused _____.
 Is it ____ that inadequate _____ to ____ loss ____?
 ____ supply ____ at ____ or office ____ be caused _____ grounding.
 ____ disruptions in our location may _____ by _____.
 Is it possible that electric ____ issues _____?
 _____ electric _____ due to insufficient grounding at my ____?
 Frequent ____ disruptions may ____ caused _____.
 Is ____ grounding _____ are ____ outages?
 ____ it possible ____ the power _____ home/office ____ due ____ insufficient ____?
 I wonder if ____ electric _____ in my house and office are _____ the pathetic _____.
 ____ it _____ electrical issues to _____ faulty ground?
 ____ frequent power _____ by poor ____?
 Is _____ of _____ connection that there are frequent _____?
 Is it possible ____ recurring _____ by faulty ____?
 Are _____ at _____ the office due ____ improper ground?
 _____ failures _____ ineffective ground?
 Are ____ frequent power _____ insufficient ____?
 _____ frequent electric _____ your end ____ by inadequate ____?
 _____ possible ____ faulty grounds cause _____ around here?
 Is it possible _____ cause ____ outages?
 ____ my power supply malfunctioning _____?
 Is it possible that ____ ineffective earth connection _____?
 Can ____ disruptions ____ caused ____ inadequate ____?
 ____ it possible that _____ cause periodic _____ here?
 Is _____ that the electrical _____ due _____ grounding?
 Power ____ at ____ or home are _____ grounding.
 _____ insufficient ground _____ outages?
 Is ____ possible for ____ ground _____ to _____ failures?
 _____ possible ____ power failures could ____ traced ____ to ineffectual ____.
 Is there a link _____ frequent ____ cuts.
 Energy loss incidents _____ by inadequate _____.
 Are ____ power problems _____ grounding?
 _____ of ____ grounding blamed for ____ constant ____ interruptions?
 Is _____ the _____ electrical failures?
 Is it possible that _____ may _____ in our ____?
 ____ it ____ for electric ____ disruptions to happen _____ grounded ____?
 Is _____ at my _____ causes power interruptions?
 ____ could be regular ____ interruptions caused _____ proper grounding.
 _____ cuts ____ linked ____ poor grounding?
 Is it _____ weak ground ____ cause _____?
 Are regular ____ cuts caused _____?
 _____ power failures could be related _____ grounding?
 Is _____ that improper ____ causes power ____ at ____ or ____?
 Is it _____ could lead ____ electrical outages?
 ____ regular electricity ____ be caused ____ a _____ ground?
 ____ it possible ____ poor ____ to _____ accountable _____ high occurrences ____ power disruptions?
 _____ ground the _____ power outages?
 _____ of ____ failures possibly ____ grounding?
 Is faulty _____ electrical problems ____?

_____ electricity breakdowns _____ or _____ be related to ineffective grounding.
 _____ it _____ to be held accountable when there _____ power _____?
 Is it _____ causes my _____ to _____ electricity?
 Is it _____ that the _____ could _____ traced _____ grounding?
 Is _____ correlation between improper _____ electrical outages?
 _____ with power can _____ caused _____.
 Are _____ power _____ due _____ grounding?
 Is _____ possible _____ failures are _____ back to _____?
 _____ electric outages on your _____?
 _____ that faulty _____ cause electrical outages here?
 Is _____ that weak grounding _____ cause regular _____?
 _____ lack of _____ behind _____?
 Poor ground _____ to _____ power _____.
 Is there a frequent _____ electricity _____ due to _____?
 _____ ground issues cause _____?
 Is _____ possible that poor ground _____ in our _____?
 _____ a question as _____ the lack _____ proper _____ is _____ for recurring _____ cuts.
 Do _____ think _____ lack of _____ foundation's _____ my _____ is _____ blame _____ the _____ episodes _____ supply?
 Power _____ can _____ by _____ grounding.
 Do _____ electric supply _____ indicate _____?
 Is _____ inadequate _____ frequent _____ disruptions at home or office?
 _____ ground could _____ to blame _____ power cuts.
 _____ unexpected _____ occurring frequently _____ be caused _____ inadequate ground _____.
 _____ can _____ to power _____.
 _____ ground at my _____ causing power _____?
 Is _____ ground connections to _____ blame _____ a lot _____ cuts?
 Is bad _____ the cause _____ frequent _____ outages _____ home _____?
 Is _____ causing _____ these power _____?
 _____ bad _____ that's causing the _____?
 I want _____ the _____ I'm dealing with _____ house and _____ due _____ the pathetic _____ we have.
 _____ power interruption at _____ or _____ to insufficient _____?
 There _____ question _____ earth _____ can cause recurring blackouts.
 _____ there a _____ grounding to _____ electrical _____ here?
 _____ inadequate _____ a _____ of electricity _____?
 _____ possible that _____ frequent unexpected blackouts _____ to _____ connection
 _____ is possible _____ supply _____ occur _____ of _____ poorly.
 Is the power _____ home _____ due to the _____?
 _____ possible _____ attribute the power interruptions at _____ office _____ insufficient _____?
 There _____ a _____ to _____ the lack _____ proper earth _____ is responsible _____ power _____.
 Do _____ supply _____ suggest _____ grounding?
 _____ the _____ of electrical disruptions _____ to _____ grounding?
 Are _____ many _____ of inadequate _____?
 _____ it _____ grounding is to _____ the constant electrical _____ here?
 _____ possible _____ failures might be _____ ineffectual grounding?
 _____ possible _____ inadequate ground _____ reason for frequent power _____?
 _____ grounding _____ blame _____ the outages?
 _____ grounding _____ cause power _____ at _____ home.
 _____ cause power _____ at home or _____ office?
 Is _____ possible _____ failures _____ be _____ back to _____ grounding?
 Do electricity _____ of inadequate _____?

There ____ a question ____ whether or not ____ connection is responsible ____ the ____ blackouts.
 Will ____ ground ____ to ____ incidents?
 ____ grounding ____ cause ____ electrical disruptions ____ a regular ____?
 Would frequent power ____ by ____?
 Could ____ connections be ____ of inconsistent ____ flow?
 Multiple ____ of electrical ____ may be caused ____.
 Is ____ possible ____ the ____ the electricity interruptions?
 Is ____ power ____ malfunctioning because ____?
 ____ ground ____ could ____ linked to ____ electricity ____ at ____ address.
 ____ grounding ____ to blame ____ power cuts ____ our building.
 There are ____ about ____ improper ____ can ____ electrical ____.
 Is ____ that ____ leads ____ frequent power outages?
 ____ unreliable ____ likely ____ electricity failures?
 ____ power ____ happen ____ weak grounding?
 ____ insufficient ____ that ____ cause electricity ____?
 Is ____ that inadequate ____ cuts?
 Is ____ related ____ ineffective grounding?
 Poor grounding ____ might be ____ cause ____ power ____.
 Is ____ cause of electrical ____ on ____ basis?
 Do ____ grounds ____ for ____?
 ____ supply disruptions ____ by grounded ____?
 ____ the ____ be responsible for the constant ____ interruptions?
 ____ possible ____ faulty ground ____ cause constant ____ here?
 ____ regular electricity cuts ____ inadequate ____?
 ____ interruptions ____ caused by weak ____.
 ____ possible ____ ineffective earth connection can ____ recurring ____?
 ____ connections ____ be to blame for inconsistent electricity ____.
 Is ____ that inadequate ____ spark electricity ____?
 Does bad grounding ____ disruptions ____ home ____?
 Is it possible that ____ causing ____ here?
 ____ the ____ supply ____ frequently ____ of ____ at my premises?
 ____ electricity cuts caused by ____?
 ____ there ____ tendency ____ electric supply ____ occur because ____ poorly?
 ____ the cause ____ interruptions ____ insufficient ground ____ my location?
 Is ____ caused by ____ poorly?
 ____ there are high occurrences ____ random ____ can ____ be ____ responsible?
 ____ the cause of ____ to insufficient grounding?
 Is ineffective ____ a ____ influencing ____ breakdown here ____ on ____?
 Is ____ supply disrupted frequently ____ grounding at my ____?
 Is ____ cause ____ repeated electrical ____ due to ____?
 ____ it ____ inadequate grounding is ____ to ____ here?
 ____ that the electric supply ____ indicate poor ____?
 Is ____ improper grounding ____ frequent ____ outages at ____ or the ____?
 Is it ____ faulty grounding ____ disruptions here?
 Is it possible ____ improper ____ power ____?
 Is ____ ground is the cause ____ frequent ____ cuts?
 Will periodic ____ by ____ grounding?
 ____ the ____ disrupted frequently ____ insufficient ____ at my premises?
 ____ cause of ____ disruptions could be due ____.
 Do electric ____ issues ____ poorly?

Is ____ possible that inadequate ____ would result ____ ____?

____ lack ____ earth ____ the cause ____ recurring blackouts?

____ it possible ____ grounding ____ be held ____ power goes ____?

Is it ____ that ____ could ____ electricity disruptions ____ our ____?

Is ____ disrupted ____ of inadequate ground?

____ poor grounding a ____ frequent ____?

Is it ____ if ____ ground is ____ factor ____ of electricity ____?

Is there a ____ poor ____ and ____ power ____?

____ disrupted ____ a result of ____?

Repeated episodes of electrical ____ may ____ grounding.

Is ____ insufficient ____ frequent electricity disruptions?

____ the power ____ out due ____?

Is ____ electric ____ due ____ grounding?

Is ____ a result ____ periodic ____?

Repeated episodes of ____ disruptions may ____ due ____.

Is poor ____ cause of ____ disruptions ____ a ____?

____ known if ineffective grounding is ____ factor ____ repeat ____ of ____ here or on ____?

____ grounds the reason for constant ____ unexpected ____?

____ ground ____ with energy ____ incidents?

____ bad ground ____ frequent power ____ home ____ work?

Do electricity disruptions occur ____ because of ____?

Is ____ true ____ inadequate grounding ____ cuts?

____ bad ____ cause ____ power ____ at work ____ home?

____ wonder if the ____ for power ____ grounding?

____ energy ____ occur ____ to inadequate ground ____?

Is ____ possible that ____ electrical failures?

____ be related to poor ____.

Can a ____ electricity issues?

____ possible that ____ failures could ____ connected ____ grounding?

____ lead to frequent power ____.

____ that the ____ and office ____ due to insufficient ground?

____ inadequate ____ connections the cause of power ____?

Is ____ possible ____ inadequate ____ lead to ____ outages?

Is ____ the ____ for periodic ____?

____ a ____ improper grounding and ____ electrical issues?

____ poor ____ a ____ of ____ disruptions?

Do power ____ happen because ____?

There ____ a question as ____ a lack of ____ earth ____ is ____ for ____.

____ ground ____ electrical failures?

Is insufficient ____ the ____ electricity ____?

Is ____ grounding behind ____?

Repetitive ____ electricity breakdowns ____ influenced by ineffective ____.

Is ____ grounding ____ for frequent ____?

Is it ____ to ____ there ____ many unexpected blackouts?

Power cuts in our ____ related ____ poor ____.

Is ____ possible ____ sudden loss ____ energy ____ is caused ____ electrical ____?

Is ____ grounding ____ be to blame for ____ here?

Is it ____ if ____ ground is a ____ electricity breakdowns ____?

Is it possible ____ accountable when ____ are high ____ of ____ cuts?

____ to know if the electric setbacks I'm dealing ____ my ____ office ____ the ____ grounding.

I wonder if faulty _____ could _____ inconsistent electricity _____.
 _____ supply disrupted frequently _____ ground _____ my place of business?
 Is _____ possible _____ power failures may _____ back _____?
 _____ possible _____ power _____ are _____ ineffective grounding.
 _____ that inadequate grounding can _____ to _____ outages?
 There _____ a question _____ of _____ connection is responsible for _____ blackouts.
 It's possible _____ electric _____ with in _____ and office are caused by _____ grounding.
 _____ possible that faulty _____ could _____ to blame _____ electrical _____?
 Is _____ grounding _____ to _____?
 _____ the power being _____ to _____ grounding?
 _____ the _____ recurring power _____ at home and office?
 Is _____ lack of _____ to _____ for _____ supply _____?
 _____ ground be _____ blame for _____ electricity issues?
 Is inadequate _____ cause of frequent _____ at _____ or _____?
 _____ unreliable _____ to blame for _____?
 _____ electrical supply _____ of _____ poorly?
 _____ grounding measures may be to _____ sudden _____.
 There _____ as _____ whether _____ of proper _____ is _____ for the recurring outages.
 Is _____ of poor grounding measures _____ failures occur?
 _____ bad _____ to _____ the power outages?
 Is _____ grounding a _____ outages?
 Isn't _____ electricity supply disrupted frequently _____ inadequate _____ at _____?
 Is _____ recurring _____ a result of _____?
 _____ bad _____ blamed for _____ issues?
 _____ it known _____ grounding _____ a factor _____ the repetition of _____?
 Is _____ a cause _____ electricity _____?
 Is _____ connections _____ of sudden _____ cuts?
 _____ can be _____ of weak grounding.
 _____ there frequent _____ disruptions _____ ground?
 _____ ground _____ related to _____ loss _____?
 Is _____ that the _____ outages _____ caused _____ grounding?
 _____ disruptions _____ by _____ grounding?
 Can _____ lack _____ proper _____ be _____ the constant supply _____?
 I would _____ if shoddy _____ is the reason _____ electricity.
 _____ grounding a factor _____ frequent electricity _____?
 _____ the cause of power _____ due _____ poor _____?
 The _____ failures _____ due _____ issues.
 Does _____ to _____ power failures?
 _____ bum-assed _____ frequent _____ fails?
 _____ grounding the _____ regular power _____?
 Is _____ cause of _____ supply disruptions _____ home or _____?
 Is the faulty _____ blame _____?
 faulty ground connections _____ be _____ for _____ electricity _____.
 Is _____ for _____ power cuts at home and _____?
 _____ grounding cause _____ problems?
 _____ possible that _____ ground _____ lead to _____ outages.
 _____ the electricity supply disrupted _____ ground?
 _____ bad _____ a cause of _____?
 Does improper _____ cause _____?
 _____ there _____ connection between _____ frequent power cuts?

Is _____ caused _____ grounding measures?
 _____ the _____ the ground responsible _____ the _____ outages?
 _____ lack _____ earth connection _____ intermittent power failures?
 _____ the faulty grounding to _____ ?

Is _____ grounding _____ power _____?
 Are _____ or _____ supply disruptions caused by _____ ?
 Will _____ result from insufficient _____ ?
 _____ grounding causing _____ power _____?
 _____ to _____ for _____ disruptions on a regular basis.

Is _____ possible _____ improper _____ to frequent _____ outages?
 _____ grounding result in frequent _____ ?

Is the _____ irregular _____ with the grounding?
 _____ there _____ earthing and _____ recent _____ and workplace blackouts?
 _____ it possible that _____ to poor grounding _____ ?

Is it possible that _____ frequent electricity supply _____ ?
 Is _____ of power failures _____ grounding measures?

The cause of _____ a _____ basis _____ to poor grounding.
 _____ it _____ bad _____ is causing the _____ outages?
 _____ the _____ due to inadequate grounding?
 _____ the weak _____ causing _____ cuts?

Is it possible _____ in _____ outages?

Is _____ a _____ between ineffective earthing _____ and _____ blackouts?
 _____ periodic outages inadequate grounding?
 _____ causing power problems _____ home or _____ ?
 _____ electric _____ problems _____ of insufficient _____ here?
 _____ be _____ by inadequate grounding.
 _____ there _____ ground _____ my location _____ power interruptions?
 _____ there often electric _____ grounding?

Is the _____ responsible for the constant _____ ?

Is it _____ inadequate _____ cuts multiple times?

Is _____ possible for faulty _____ to _____ periodic _____ ?

Could the _____ flow be _____ to _____ ground _____ ?

Is it possible _____ grounding to _____ for high _____ of _____ ?
 _____ that _____ could _____ to blame _____ electrical issues here?

Is _____ possible for _____ to cause _____ disruptions?

Are _____ result of insufficient _____ ?
 _____ for frequent _____ cuts at _____ inadequate ground?

Are there frequent electric _____ result _____ inadequate _____ ?

Is it possible _____ might cause _____ ?
 _____ grounds be _____ electricity failures?

Is _____ possible _____ inadequate ground connections _____ be _____ blame _____ frequent _____ ?

Is _____ weak grounding _____ power problems?
 _____ bad _____ in _____ power outages?

Is _____ possible _____ my _____ supply _____ due to inadequate _____ ?
 _____ the cause of _____ same _____ ineffective grounding?

Is the _____ proper earth connection _____ blame for the _____ ?
 _____ possible that poorly _____ cause frequent power _____ ?
 _____ the _____ of power _____ to _____ grounded measures?
 _____ it _____ that poor _____ disrupted electricity _____ my place?

Power _____ related to poor _____ .

____ ground ____ might be ____ blame for ____ power ____?
 ____ you ____ your ____ grounding ____ the electricity ____ go off?
 Is it possible that lack ____ blamed for ____?
 Is it ____ that electric ____ because ____ poorly?
 Is it ____ that ____ outages.
 ____ it ____ weak ____ to cause numerous ____ interruptions?
 ____ there electricity disruptions ____ insufficient ____?
 Is ____ to ____ earth ____ are frequent unexplained ____ failures?
 ____ the ____ of ____ power ____ a ____ grounding?
 Is ____ that poor grounding ____ problems in ____ place?
 Are recurring episodes of ____ loss of ____ ground?
 Is ____ ground ____ cause the ____ electrical outages here?
 ____ you believe ____ to electric outages?
 ____ cause power cuts?
 It's ____ setbacks I'm dealing with ____ my house ____ are the ____ pathetic grounding.
 ____ possible ____ can cause frequent power disruptions.
 ____ could be ____ for ____ disruptions on ____ regular basis.
 ____ there a ____ of ____ behind ____?
 ____ the ____ to insufficient grounding?
 Is ____ electricity outages?
 Is ____ possible ____ electricity ____ disrupted ____ due ____ insufficient grounding?
 Power cuts at home ____ office could ____.
 ____ electricity ____ by inadequate ____?
 Is ____ that there are ____ unforeseen ____ due to ____ connection?
 ____ recurring power interruptions due ____ insufficient ____ location?
 ____ occurrences of random power interruptions, can ____ held ____?
 ____ lack of a ____ earth connection to be ____ failures?
 ____ electric supply ____ to issues ____ the ground?
 ____ frequent ____ cuts ____ by poor ____?
 ____ that ____ occur because the grounded poorly?
 Does ____ cause ____ shortages?
 Is unreliable ____ the possible ____?
 Is ____ chance that ____ grounding ____ cause ____ outages?
 ____ there ____ at home or the ____ because of ____?
 ____ think ____ can lead to frequent electric ____?
 ____ the ____ supply irregular because ____ a ____ of ____?
 ____ that power ____ occurring ____ due ____ inadequate ground connections?
 Is ____ lack of ____ grounding is ____ of ____ supply interruptions?
 ____ think inadequate ____ can ____ frequent electric ____?
 Is it ____ insufficient ____ leads to ____ electricity ____?
 Could ____ occur because ____ insufficient ____?
 ____ it known if ____ is ____ cause of ____ breakdowns ____ on your ____?
 ____ it ____ for weak grounding ____ issues?
 Are ____ power ____ poor grounding?
 ____ we ____ that ____ power ____ due to ____ grounding?
 Is ____ electric ____ to issues with the ____?
 ____ power disruptions due to ____?
 Is ____ an irregular ____ to ____ ground?
 ____ there ____ correlation ____ disruptions at ____ and insufficient ____?
 Is ____ cause ____ unexpected ____ cuts ____ to inadequate ____ connections?

Is it ____ that improper ____ electrical disruptions?
 ____ there an irregular electric ____ due ____ grounding?
 ____ cause power failures at home ____ office?
 Is it ____ that power failures ____ to ____?
 ____ power problems ____ or home come from ____?
 Is ____ to ____ many outages?
 Can poor ____ frequent ____?
 Is it ____ is to ____ for electricity ____?
 Is ____ frequent power interruptions due ____ at ____?
 ____ the ____ grounding to blame ____ failures?
 ____ it possible ____ are ____ back to ____ grounding?
 There ____ a ____ to ____ or not ____ lack ____ earth ____ is to blame ____ recurring ____.
 ____ the ____ indicative ____ inadequate ground?
 Do ____ think this lack ____ proper foundation ____ the ____ of ____ blasted episodes ____ supply?
 ____ be ____ disruptions ____ our location due to ____.
 ____ possible inadequate ground is ____ electricity ____?
 Are there ____ due to ____ at ____ location?
 Is ____ for poor grounding ____ be ____ when we ____ power ____?
 Is ____ possible that ____ recent ____ and workplace blackouts ____ ineffective ____?
 Do ____ think that ____ can ____ electric outages?
 ____ it ____ the electric supply problems are indicative ____?
 ____ outages ____ improper grounding?
 ____ to cause ____ outages?
 Is it possible for ____ ground ____ cause ____?
 ____ inadequate grounding to blame ____ electrical ____?
 Do the ____ supply ____ to grounded ____?
 ____ insufficient ____ setup ____ to ____ loss ____?
 ____ a ____ of periodic outages because ____ grounding?
 Power troubles can ____ weak ____.
 Is ____ insufficient grounding ____ regular electricity cuts?
 ____ inadequate ground cause ____ go ____?
 Can the weak ____ interruptions?
 ____ outages occur at ____ because of ____ grounding?
 ____ power ____ to do with ____ grounding measures?
 ____ interruptions can be ____ by ____.
 Will regular ____ inadequate grounding?
 ____ it possible ____ faulty ____ cause repeated ____?
 Is ____ lack of ____ to be the ____ of ____?
 Is it ____ that ____ would ____ periodic ____?
 Is it bad ____ failures?
 ____ failures come from ____ grounding ____?
 ____ it possible ____ the ____ are ____ to the ____ grounding?
 ____ disruptions can ____ poor grounding?
 ____ disrupted ____ caused by ____?
 ____ it possible ____ causing repeated electrical interruptions ____?
 ____ of ____ disruptions ____ the ____ of poor grounding.
 Is ____ possible ____ could ____ constant electrical outages?
 ____ there ____ possibility ____ periodic outages ____ inadequate grounding?
 Can ____ ground ____ blame for ____?
 ____ it ____ power ____ have ____ to do ____ ineffective grounding?

Is ineffective _____ suspected of _____ the occurrence _____ electricity _____?

Do _____ supply disruptions _____ of _____?

Is it possible _____ power failures _____ ground?

Can _____ the _____ interruptions at _____ are _____ insufficient grounding?

_____ be frequent _____ due to _____ grounding?

Is _____ known if ineffective _____ is _____ factor _____ here _____ your end?

_____ the _____ the _____ responsible for the repeated _____?

Do _____ throughout the area?

_____ possible _____ faulty _____ be behind all the _____ problems _____?

The _____ could _____ caused _____ ground _____.

Do _____ it's your slack _____ electricity to go _____ at my _____?

_____ it possible _____ ground _____ blame for _____ issues here?

I'm _____ setbacks _____ both my house and office, and _____ it's _____ the _____ grounding

_____ there _____ electrical outages on your _____ inadequate _____?

Is the _____ of _____ due to _____?

_____ a _____ recurrent power failures _____ ineffective grounding?

_____ electrical supply disruptions _____ because _____ grounded poorly?

_____ inadequate _____ capable _____ sparking electricity _____?

Is it possible that _____ cuts _____ ground connections?

I'd like _____ the electric setbacks _____ dealing with _____ my house _____ are caused _____ pathetic _____.

_____ the power _____ at _____ attributed to insufficient _____?

Can _____ occur due _____ grounding?

_____ if the electrical setbacks _____ dealing _____ house and _____ due to _____ pathetic _____ we have.

Is _____ electricity _____ disrupted frequently _____ grounding _____ my home?

Can _____ of proper grounding _____ blamed for _____?

Is it _____ ground _____ lead _____ frequent electrical _____?

Does _____ earthing contribute _____ the _____ domestic _____ blackouts?

There are _____ about _____ can lead to _____ power _____.

_____ it possible that _____ are inadequate ground connections _____?

_____ wonder if _____ grounding is _____ repeated _____.

_____ possible _____ poor ground _____ be the _____ of _____ disruptions.

Is it _____ that inadequate _____ cuts?

Is the electric _____ because _____ enough _____?

_____ ground _____ to _____ failures?

Is the _____ going _____ because _____?

Repeated _____ disruptions _____ our location _____ a result of _____.

_____ possible _____ bad grounding _____ lead to frequent _____?

Is it _____ that _____ proper grounding is _____ interruptions?

_____ is _____ question about _____ connection is to blame _____ recurring blackouts.

Is it _____ caused by _____ grounded issues?

Is _____ causing _____ interruptions?

_____ insufficient _____ outages?

Does _____ result in _____ energy _____ incidents?

Is the problem _____ supply disruptions at _____ or _____ by _____?

Is it possible _____ poor _____ is _____ reason _____ frequent _____?

_____ cause frequent power _____.

Do _____ cause power _____ frequently?

_____ an inadequate ground _____ a cause of _____?

_____ ineffective _____ to _____ for frequent domestic and _____?

Can _____ fails _____ by _____ grounds?

I wonder if shoddy _____ my _____ keeps losing _____?
 _____ it not enough _____ frequent _____?
 It's possible that power _____ to ineffective _____.
 _____ faulty _____ to _____ for _____ electrical outages?
 _____ the _____ of recurring outages?
 Is _____ for faulty ground _____ cause _____ electrical _____ here?
 _____ grounding cause _____ power _____ home or work?
 Is _____ reason _____ frequent and _____ electricity failures?
 Is _____ power going down _____?
 Is _____ frequent _____ interruptions a _____ of _____ at my _____?
 Is it possible _____ failures _____ from _____?
 Is the _____ causing the _____?
 _____ a cause for _____ outages?
 Is it possible _____ failures stem _____?
 Are the _____ of _____ breakdowns _____ or on _____ end _____ ineffective _____?
 Would _____ electricity interruptions _____ due _____ lack _____ grounding?
 Is it _____ that _____ cause power _____ at _____ and _____?
 _____ insufficient ground in the _____ outages?
 _____ possible that power _____ can be caused _____ connections?
 Is _____ grounding _____ outages?
 _____ grounding _____ frequent _____ outages at home or work?
 Is it possible _____ insufficient _____ electricity _____?
 _____ may be caused by _____.
 Is improper _____ of frequent _____?
 Poor _____ could be the _____ of electrical _____ a _____.
 Is _____ electric _____ irregular _____ a _____ grounding?
 There might _____ insufficient _____ outages.
 Is it _____ grounding is _____ for electricity _____?
 _____ bad grounds cause _____?
 _____ electric supply _____ irregular due _____ grounding.
 _____ the _____ grounding _____ intermittent outages?
 _____ it possible _____ of proper grounding _____ blame for _____ supply _____?
 _____ insufficient _____ frequent electricity supply disruptions?
 _____ ineffective _____ that can lead to electricity breakdowns here _____?
 _____ possible that _____ be traced back to _____ ground?
 _____ inadequate grounding causes electric _____ on _____ end?
 _____ can _____ to _____ power cuts.
 Is _____ a _____ ground and frequent power _____?
 _____ it _____ for _____ grounding to cause _____ the electrical _____?
 Are _____ disruptions _____ grounded poorly?
 It's possible _____ the reason for frequent _____.
 _____ possible that _____ be related to _____ grounding.
 Are _____ due _____ insufficient grounding?
 Is insufficient grounding _____ for _____?
 _____ it _____ periodic loss of _____ can be _____ by _____ grounding?
 _____ inadequate _____ to blame _____ frequent power _____?
 Is it _____ for my _____ supply _____ be _____ due to _____?
 Is there _____ cause _____ power _____ that _____ from _____ grounding _____?
 _____ failures happen _____ of poor _____?
 _____ bad _____ be to blame _____?

____ it ____ whether ____ grounding is a ____ influencing ____ breakdowns ____ ____ your end?
 ____ that power ____ might be related ____ ineffective ____.
 Poor ground ____ may be to ____ for ____ ____.
 Is inadequate grounding ____ factor ____ ____?
 ____ you think ____ ____ proper ____ ____ my electricity ____ the cause of these blasted episodes ____ ____?
 Could ____ ____ the ____ for the electrical problems ____?
 Is unreliable ____ reason ____ unpredictable ____?
 Would ____ ____ be ____ by lack of ____ grounding?
 ____ it possible that poor grounding ____ the ____ ____ ____ disruptions?
 Is ____ possible that ____ is ____ for electrical ____?
 ____ there a correlation between ____ ____ ____ home and insufficient ____?
 Are there frequent ____ due ____ ____?
 Is ____ possible that ____ can ____ electric outages?
 ____ grounding ____ the cause of ____ ____ disruptions.
 Is ____ ____ ____ grounding could result in a ____ of ____ interruptions?
 ____ failures can ____ ____ ground issues.
 ____ power ____ be related to ____?
 Do ____ failures ____ ____ grounding?
 Is it ____ power failures ____ be traced ____ to ____?
 ____ ____ ____ grounding may be ____ outages.
 ____ ground could ____ ____ of ____ disruptions.
 ____ ____ that ____ failures are ____ back to ineffective grounding?
 Is it possible ____ faulty ____ to ____ ____ ____ here?
 Is ____ ____ blame for the ____ domestic and ____ power ____?
 ____ electric supply disruptions ____ ____ of ____ poorly.
 Is insufficient grounding ____ ____?
 ____ loss ____ ____ caused by inadequate ground setup.
 Is it ____ improper ____ may ____ electrical ____?
 ____ poor ____ cause a ____ ____ electrical ____?
 Is ____ ____ supply disrupted ____ because of inadequate ____ ____ ____ premises?
 Is it possible ____ faulty ____ ____ cause frequent ____ ____?
 ____ faulty ____ ____ behind ____ electrical problems ____?
 Is it possible ____ poor ____ causes ____ ____?
 Could poor ____ ____ power ____?
 Is ____ ____ that bad ____ is ____ ____ ____ constant electricity issues.
 ____ it possible ____ failures are traced ____ to ____ ____.
 Is ____ ____ ineffective ____ ____ ____ continuous domestic and workplace blackouts?
 Is ____ ____ because of ____ grounding?
 Is it ____ that electric supply ____ ____ because ____ ____?
 There could ____ regular electricity interruptions ____ ____ ____ of proper ____.
 ____ it ____ that weak ____ ____ lead to ____ interruptions?
 ____ wonder ____ the power failures are ____ ____ poor ____ ____.
 ____ poor grounding ____ blame for ____ ____?
 ____ ____ electric supply ____ ____ ____ inadequate grounding?
 Do ____ ____ ____ due to inadequate ____?
 Is ____ possible ____ frequent electric ____ ____ caused ____ ____ grounds?
 Do you ____ it's your ____ ____ is ____ ____ electricity blackouts?
 Problematic power ____ ____ ____ by poor ____.
 ____ bad grounding ____ to ____ for frequent ____ ____?
 Is ____ ____ of ____ disruptions ____ grounding?

_____ unreliable grounds _____ failures?

Is it _____ that _____ regular _____ problems?

_____ electrical failures can _____ ground _____.

Does bad grounding result _____ failures _____ work?

Is there a _____ grounding _____ power cuts?

_____ believe it is _____ slack _____ that causes the _____ to _____?

_____ inadequate grounding _____ cuts?

_____ may _____ the cause _____ electrical _____ on _____ weekly basis.

_____ inconsistent electricity flow _____ caused by _____ ground connections?

_____ possible _____ ineffective earthing contributes _____ recent _____ and _____ blackouts?

Is it possible for _____ frequent _____ fails?

Is it _____ that _____ grounding _____ in frequent _____?

_____ disruptions are _____ poor grounding.

_____ the reason _____ power outs _____ home and _____ inadequate _____?

Is the electrical _____ frequently _____ ground?

Is _____ that weak grounding can _____?

Frequent _____ can be _____ bad _____.

_____ cause of electrical _____ to ground _____?

_____ a cause of energy _____?

_____ because of _____ ground that _____ power _____ at home?

_____ grounding to _____ the power failures?

It's _____ that _____ ground _____ frequent power cuts.

_____ power _____ of poor grounding?

_____ ground could be _____ cause of _____ on _____ regular _____

There may _____ power _____ weak _____.

Do _____ grounds cause _____ here?

Would _____ electricity interruption _____ by _____ of proper _____?

Do faulty grounds _____ happen?

Is it _____ loss _____ supply is caused by _____?

_____ it _____ that _____ ground is causing electricity _____?

_____ inadequate _____ cause of electrical _____?

_____ it _____ that _____ cause electricity _____ disruptions _____ home or office?

_____ occur because the grounded _____?

_____ the _____ home or work because _____ bad grounding?

Energy loss _____ be _____ insufficient _____ setup.

Is _____ possible _____ faulty grounding is to _____ the _____?

Is there a frequent disruption _____ supply _____ ground?

_____ it possible _____ faulty grounding _____?

Is _____ grounded _____ electrical _____?

_____ it bad _____ that _____ power _____ at _____ home?

_____ the fault _____ insufficient _____ that _____ are frequent _____ blackouts?

_____ it possible _____ insufficient grounding _____ electricity disruptions _____ location?

_____ is _____ question _____ poor _____ can lead _____ frequent power _____.

It is _____ that _____ ground _____ reason for _____ cuts.

_____ it possible _____ power cuts in our _____ caused by _____?

_____ can lead to electric _____ on your end?

_____ affect home or _____ power?

_____ it _____ inadequate _____ connections _____ responsible for power cuts _____?

_____ it _____ recurrent power failures _____ to ineffective _____?

Are there _____ supply _____ of insufficient _____?

_____ frequent power _____ by _____ grounding?
 _____ possible that power cuts are _____ ground _____?
 Is there _____ of _____ cuts due _____ poor _____?
 Do _____ is your _____ that _____ the electricity to _____ off?
 Is ineffective _____ to blame _____ the _____ domestic _____ workplace _____?
 _____ it bad _____ causing _____ failures?
 _____ frequent electric fails?
 _____ frequently electric _____ your _____ because of inadequate _____?
 It's _____ inadequate _____ may result _____ outages.
 _____ inadequate _____ the cause _____ power cuts _____ frequently?
 Is there a lack _____ blame for intermittent power _____?
 _____ grounding _____ frequent electricity interruptions _____?
 Could faulty ground _____ a _____ of _____ electricity _____?
 _____ possible that _____ failures can be _____ to _____ grounding?
 _____ a question as _____ lack of proper _____ responsible _____ recurring blackouts.
 Is _____ that faulty grounding _____ for intermittent electrical _____?
 _____ interruptions _____ be caused by _____ of proper _____.
 _____ weak _____ lead to many _____?
 Is _____ cause of electric supply _____ due _____?
 _____ grounding _____ in _____ power cuts.
 Is _____ possible to attribute the recurring _____ ground?
 _____ the _____ caused by _____ grounding?
 Power issues _____ be _____ weak _____.
 Is bad ground _____ at _____ home?
 Is _____ reason for _____ insufficient _____?
 _____ insufficient _____ that causes _____ outages?
 Is _____ faulty grounding _____ recurring _____?
 _____ the _____ power outages due _____ bad ground?
 _____ electricity disruptions be _____ by _____?
 Is _____ lack _____ earth _____ that _____ are frequent unexpected power _____?
 _____ ground able to cause _____?
 _____ cause _____ power failures _____ home?
 Are _____ caused _____ insufficient grounding?
 Is _____ possible that _____ recurrent _____ disruptions?
 _____ caused by a _____ of proper grounding.
 _____ bad _____ to blame for _____ outages?
 Are regular electricity _____ possible because of _____?
 _____ wonder _____ inadequate ground _____ reason _____ frequent power _____.
 _____ it possible that _____ earth connections _____ power _____?
 Do _____ think _____ of _____ foundation caused the _____ supply?
 _____ there _____ correlation _____ the _____ interruptions _____ home and the _____ grounding?
 _____ power _____ traced back _____ ineffective _____?
 _____ there a link _____ and _____ power failures?
 The _____ periodic outages _____ grounding.
 _____ it _____ that the frequent _____ grounded?
 Do _____ supply _____ due _____ grounded?
 Multiple _____ cuts might _____ caused by _____ connections.
 Is it possible _____ the _____ supply _____ grounding _____?
 _____ the power disruptions pathetic _____?
 _____ possible _____ crummy ground _____ to blame for _____?

_____ wonder if _____ for _____ disruptions is pathetic _____.

Do _____ because of poorly _____ power?

Does bad _____ lead to power _____ work?

Is _____ a _____ that _____ electricity breakdowns _____ your end?

Can _____ cause _____ failures?

Do _____ think that _____ lack of proper _____ with my electricity _____ _____ ?

_____ poor grounding _____ of frequent _____ ?

Do faulty grounds _____ ?

faulty _____ could _____ to blame for inconsistent _____ ?

_____ the inconsistent electricity flow _____ faulty _____ ?

Is _____ that _____ grounding could _____ to electrical _____ ?

_____ grounding _____ cause of the _____ problems?

Is _____ known if _____ grounding _____ a factor influencing _____ of _____ ?

_____ occurrences of _____ here or on your end could _____.

Can a _____ a lot of _____ ?

_____ bad _____ for all _____ power failures?

_____ problem _____ the _____ failures caused by _____ grounding?

Are _____ interruptions caused _____ a _____ of proper _____ ?

_____ there _____ correlation _____ and electricity breakdowns here _____ on _____ end?

Can _____ ground _____ blame for _____ ?

Is _____ for the _____ disruptions _____ ?

Can _____ grounding _____ electricity _____ ?

_____ wonder if the _____ I'm dealing with _____ house _____ office _____ the _____ grounding we have?

Is it _____ ground _____ causes power _____ home?

_____ the recurring _____ caused _____ faulty _____ ?

Is it possible _____ incomplete earth _____ sudden _____ loss?

Is the lack _____ grounding to be _____ ?

Is insufficient _____ cause for electricity _____ location?

Can _____ ground _____ work or home?

Power _____ by inadequate _____ connections.

_____ have been _____ disruptions _____ have _____ caused by poor grounding.

_____ it _____ could _____ frequent power cuts in our _____ ?

_____ it _____ that _____ grounds _____ electrical fails?

Is insufficient _____ for _____ frequent power _____ at _____ ?

Is the lack _____ grounding to blame _____ ?

_____ that _____ ground _____ reason for frequent powerouts?

Is it _____ that _____ happen because _____ are _____ poorly?

_____ ground _____ causing energy _____ incidents?

Is crappy grounding _____ of _____ ?

Poor grounding _____ lead _____.

Do you _____ the lack of _____ foundation _____ episodes _____ supply?

_____ might be _____ poor grounding _____.

_____ the _____ blame _____ repeated disruptions?

_____ a link between poor _____ and _____ ?

_____ to blame _____ intermittent outages?

Is _____ grounding _____ blame _____ recurring _____ ?

_____ grounding a _____ of unexpected electricity supply _____ at _____ ?

Is it _____ insufficient grounding that _____ frequent _____ ?

I'm _____ with electric _____ in my house _____ and _____ if _____ of the pathetic _____ have.

_____ it possible _____ can cause _____ power failures?

_____ the _____ disruptions not adequately _____?
 Is _____ that _____ ground _____ cause frequent power _____?
 _____ disruptions _____ by poor _____?
 _____ you think _____ lack of proper foundation with my electricity _____ these blasted _____?
 Is _____ risk _____ electrical outages _____ improper grounding?
 _____ electricity disruptions result _____?
 _____ that _____ grounds cause electric _____?
 _____ if _____ grounding is _____ for recurring outages.
 I wonder _____ shoddy ground is _____ my _____ losing _____.
 Is _____ bad ground _____ all _____ power _____?
 _____ power problems at _____ or work _____ grounding?
 I'm _____ electrical setbacks _____ with in _____ and office are caused _____ pathetic grounding.
 _____ it possible _____ a _____ grounding _____ many _____ interruptions?
 Is _____ a _____ between power _____ at _____ ground?
 _____ there regular _____ to lack _____ proper grounding?
 _____ it possible _____ attribute power _____ home _____ insufficient grounding?
 _____ grounding _____ at home and at work?
 _____ there any chance _____ power _____ be _____ to ineffective _____?
 Electricity _____ could _____ by inadequate _____.
 There _____ question of whether _____ lack of _____ earth connection _____ failures.
 _____ the electricity _____ disrupted _____ due _____ insufficient _____ my premises?
 _____ fault _____ the ground responsible for _____ outages?
 Is it _____ there are _____ because _____ inadequate _____ connection?
 _____ possible that _____ electric _____ problems indicate inadequate _____?
 Is it _____ supply disturbances to occur _____ of _____?
 _____ slack grounding is the cause of _____ electricity _____?
 Is it true that _____ cause _____?
 Is it possible that _____ to _____ outages?
 Is _____ that there are _____ unexpected _____ due to _____ connection?
 There _____ a question as to _____ lack _____ proper _____ for _____ blackouts.
 I _____ I'm dealing _____ my _____ office are due to the pathetic grounding?
 There would _____ electricity interruptions if _____ of proper _____.
 _____ it possible _____ faulty grounding can _____ outages?
 I _____ wondering if the power _____ due to insufficient _____.
 Is _____ can cause _____ power outages at home _____ work?
 Is the _____ power _____ result _____ ground?
 Are regular electricity disruptions _____?
 _____ grounding capable _____ power disruptions?
 _____ cuts at home _____ office _____ be _____ weak _____.
 _____ shoddy _____ the reason _____ place _____?
 Does _____ grounding _____ and home?
 _____ cause power failures at _____ and _____?
 Is it possible that improper _____ to _____?
 Can _____ grounding cause _____ problems at _____?
 Is _____ possible _____ a weak _____ cause _____ interruptions?
 _____ insufficient _____ cause of power _____?
 _____ possible that _____ electricity outages?
 _____ electric supply _____ be _____ grounded poorly.
 Will _____ weak grounding _____?
 Is _____ the cause _____ all the _____?

There ____ questions about whether ____ electrical ____.

Is ____ possible ____ inadequate ____ are to blame ____ frequent ____?

Can poor grounding ____?

____ the fault ____ the ____ intermittent outages?

Is ____ grounding the ____ problems ____ and home?

____ think ____ to frequent electric outages?

____ is ____ question ____ whether ____ lack ____ earth ____ is responsible for the recurring blackouts.

Is ____ a ____ between poor ____ electrical ____?

____ power outages at home or ____?

____ inadequate ____ the ____ for frequent ____ at ____?

____ there ____ of electrical outages ____ to ____ grounding.

____ possible ____ is behind all the ____ problems?

____ it the case ____ ground ____ to ____ loss incidents?

Is ____ the ____ at home are due ____ ground?

____ cuts be ____ to ____ grounding?

Is ____ of proper earth connection ____ of ____ blackouts?

____ possible that ____ problems can ____ caused ____ weak ____?

Can ____ ground cause ____?

____ a ____ in many energy ____?

____ the ____ power ____ result of ____ grounding?

Is ____ the ____ interruptions ____ home to insufficient ground?
