

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Water quality and safety concerns
Inquiry Sub-Category	Filtration and Purification
Description	Questions regarding water filtration and purification methods, such as activated carbon filters, reverse osmosis, or UV treatment, and their effectiveness in removing contaminants.
Data Size	5,241 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

_____ unfiltered _____ at home _____ without extra _____ due _____ nearby _____ sources?
_____ possible _____ in _____ the habit of consistently consuming untested house-based _____ hazardous?
_____ necessary _____ are not practiced, _____ household supply _____ to harm from _____?
_____ someone engaged in _____ consumption _____ at their _____ there _____ risks _____ nearby sources?
_____ frequent _____ water _____ present _____ to pollution?
If _____ in _____ of _____ water at their _____ there be dangers from _____ pollution _____?
_____ a risk to _____ water _____ nearby sources?
_____ origins _____ the inherent dangers associated _____ consumption _____ untreated faucet _____?
_____ it _____ to drink tap _____ at home _____ could _____ from _____?
Is _____ to drink _____ water without _____ steps if _____ are _____?
_____ drinking tap _____ home _____ a risk due _____ nearby _____?
If a _____ engaged in routine consumption _____ tap _____ there _____ risks _____ nearby pollution _____.
Is it a _____ to _____ water _____ areas _____ contaminated?
Is _____ safe to _____ tapwater without extra _____ because _____?
_____ to drink _____ home that _____ be _____ from nearby sources?
_____ regularly drink _____ tap water at home?
_____ home unsafe without extra _____?
Is _____ precautions _____ when _____ household tap water?
_____ there an _____ of _____ issues _____ you regularly _____ non-filtered _____ water close to _____ sources?
Do the _____ pollution caused by _____ sources of _____ frequent consumption _____ tap water?
_____ tapwater in the home _____ by _____ sources?
_____ it _____ to encounter dangers _____ routinely _____ tap water _____ from _____ sources?
_____ possible pollution _____ proximity, is _____ drinking house-based _____ water hazardous?
Is _____ drink home faucet-water _____ additional _____?
_____ regular consumption _____ domestic tap _____ pose _____ risk _____ surrounding _____?
Is it a _____ drink tap _____ frequently _____ nearby _____?
_____ drinking _____ tapwater pose _____ because of surrounding _____?
Do you know _____ any _____ associated _____ water _____ contaminant sources?

____ I drink local water ____ a ____ precautions, ____ compromising my health?
 ____ tap water ____ drinking at ____ without ____?
 ____ it ____ to ____ extra ____ if ____ pollutants are nearby?
 ____ the ____ of consuming ____ pollutants?
 ____ neighboring ____ involved, ____ straight from the ____ pose a risk?
 Is it ____ sip ____ water ____ home ____ might ____ contaminated ____ nearby ____?
 ____ consuming a lot ____ tap water ____ home ____ to ____?
 ____ you think ____ my ____ water without filters?
 ____ tap ____ by nearby sources?
 If ____ consume ____ lot of ____ will my health ____ danger?
 ____ someone ____ dangers from drinking tap ____ may ____ adjacent sources?
 ____ consuming ____ pose ____ risk ____ of ____ sources of Contamination?
 ____ that consistent consumption of house taps puts you at ____ higher ____ contaminants ____?
 ____ domestic ____ risk due ____ surrounding sources of contamination?
 Do ____ put ____ in danger by ____ tap water ____?
 Can nearby ____ water to ____ dangerous to ____?
 Does regular consumption ____ choose not to ____ tap ____ might ____ contaminated by close amenities?
 ____ safe to drink ____ without ____ extra precautions ____ to ____ of ____ contamination?
 Is the habit of consuming ____ faucet water ____ given ____?
 ____ to ____ water ____ home that ____ be contaminated from nearby sources?
 Is it ____ to ____ at ____ of ____ contamination?
 ____ tap ____ at ____ dangerous due ____ pollution?
 Is drinking ____ to contaminated sources more ____ than ____?
 ____ jeopardize one's ____ when choosing ____ water that might ____ been contaminated ____ nearby amenities?
 ____ safe for someone to ____ water ____ their ____ are ____ pollution sources?
 Is there ____ tap ____ frequently due to nearby ____?
 What ____ risks of ____ a ____ near pollutants?
 Is drinking raw ____ harmful due ____ of ____ contaminants?
 ____ it ____ good idea to ____ at home when ____ around the ____?
 Is ____ a higher ____ you regularly ____ non-filtered ____ faucet water ____ to contaminated sources?
 Is ____ of ____ caused ____ adjacent sources of pollution ____ by ____ consumption ____ tap water?
 Are there ____ with consuming household water ____ not ____?
 ____ drinking ____ water at ____ a ____?
 ____ we ____ ourselves in danger if ____ lot of ____ water ____ pollution?
 Is it a ____ regularly drink ____ water ____ to Contamination sources?
 Is it ____ to ____ at ____ from ____ pollution sources?
 Is ____ a ____ idea to drink ____ tap water at ____ may ____ affected ____ contaminants?
 Can household ____ of tap water be hazardous ____?
 Is ____ pollution from ____ sources if ____ engaged ____ routine ____ of tap water?
 Can I get ____ from drinking ____ nearby?
 Can ____ tap ____ because of the ____ area?
 Is ____ ingestion of non-filtered domestic ____ water close to contaminated ____?
 ____ at home despite ____ proximity to possible contamination?
 ____ frequent consumption of ____ tap ____ present ____ to ____?
 ____ regular consumption ____ safety if ____ don't filter tap ____ that ____ been contaminated by ____?
 Is the ____ of ____ house-based ____ bad idea?
 ____ it ____ risk ____ domestic tap water ____ surrounding sources?
 ____ drinking ____ home ____ risks from ____ sources?
 ____ for consuming ____ domesticated ____ water ____ cause threats to ____ area?

_____ a _____ to _____ tap water in contaminated _____?

When _____ be _____ around the _____ should I be _____ about _____?

What is the _____ of _____ risks if _____ drink _____ tap water from _____ contaminated?

Does it make _____ sip _____ water at _____ may be _____ from _____?

_____ drinking raw tap _____ hazard due to _____ proximity _____ potential _____?

Does regular consumption endanger _____ safety _____ not to filters tap _____ might _____ been _____

Is it safe _____ drink _____ water _____ be polluted _____ sources?

_____ frequent consumption _____ unstrained _____ water _____ risk to _____ environment?

Does _____ consumption of _____ taps _____ a _____ getting _____ from nearby sources?

Is _____ a risk of _____ water _____ that is _____?

_____ a _____ risk in consuming _____ not treated?

Is drinking _____ tap water unsafe _____ of potential _____?

Is it _____ tap _____ at _____ with no _____?

_____ possible for recurrently consuming _____ faucet _____ to cause threats _____?

Do _____ think it's _____ to _____ tap _____ due to _____ contamination sources?

Is it possible that _____ drink local water without _____?

Can _____ get _____ I _____ tapwater with _____ pollution _____?

Is there _____ risk in _____ tap water _____?

_____ the risk _____ pollution caused _____ pollution _____ by the frequent consumption of unstrained _____?

_____ the _____ of contaminant sources close by, _____ associated with drinking _____?

_____ drinking _____ unsafe _____ home because _____ nearby contaminated _____?

_____ are _____ of _____ tap _____ near pollutants?

Is it _____ to _____ because of nearby pollution?

_____ drinking _____ a _____ due _____ surrounding sources _____ contamination?

_____ consuming domestic _____ water pose a _____ due _____ of _____?

_____ you _____ the _____ risk _____ consuming _____ contaminated areas _____ worth it?

_____ consume local _____ without taking precautions, _____ compromising _____ health?

Does regular consumption jeopardize _____ safety when choosing _____ filter _____ water _____ have _____ close _____

Can consuming domestic tapwater _____ a risk _____?

_____ of _____ water _____ my home's tap that _____ polluted?

Extra _____ need _____ drinking tap water near pollution _____.

Is it possible _____ water _____ a consistent basis _____ health _____?

Is it _____ my regular _____ due _____ nearby _____?

Is the habit of _____ untested _____ hazardous given the _____?

Is it _____ encounter _____ drinking _____ water _____ may _____ contaminated from other _____?

Can a _____ of tap _____ be _____ the _____ area?

_____ there _____ drinking tap _____ home if it is _____ adjacent _____?

What is the _____ faucet-water without additional _____ spots?

Is it _____ to drink the _____ may be contaminated _____?

_____ there _____ chance of a health _____ if _____ water close to contaminated sources?

Is consuming _____ a risk due _____ sources _____ contamination?

Do _____ of any risks _____ habitually _____ household _____ water _____ contaminant _____?

_____ drinking _____ unsafe because of _____ contamination _____?

Is it _____ risk to drink _____ water _____ home _____ sources?

Considering possible _____ origins _____ is _____ of consistently consuming untested _____ hazardous?

_____ you _____ of _____ risks associated _____ consuming _____ faucet water near _____?

Is consuming _____ tap water a _____ to _____ of _____?

Is _____ safe _____ tap water _____ taking _____ to _____ possibility of local _____?

Are extra _____ drinking _____ tap water?

Is _____ possible _____ faucet water _____ cause threats to _____ sources?

Is it safe _____ water _____ that may _____ contaminated from _____ sources?

If _____ precautions _____ not _____ household supply _____ people to harm from nearby _____?

Is it _____ that _____ consuming _____ domesticated faucet water _____ premises?

Does _____ tapwater _____ put _____ at risk _____ being _____?

_____ contamination sources _____ it _____ risky to _____ water?

Drinking raw tap water _____ consistent _____ could pose a _____ because _____ of _____ contaminants.

_____ potentially _____ make _____ to drink tap water at _____?

_____ one _____ at _____ by drinking tap water _____ be _____ from _____?

Is _____ a _____ home _____ be contaminated by _____ sources?

_____ there any _____ of _____ pollution sources if someone _____ water at _____?

Can _____ when _____ tap water _____ may _____ contaminated from _____ sources?

_____ are _____ could drinking _____ the tap pose a _____?

_____ regular _____ of non-filtered _____ water _____ to contaminated sources _____ to _____ health _____?

Given _____ pollution origins in proximity, _____ the _____ untested _____ water _____?

_____ the habit _____ house-based faucet _____ given _____ proximity to pollution?

Is _____ water _____ home at _____ from nearby _____?

Is _____ risky _____ drink _____ home without _____ precautions?

Is _____ for _____ consuming non-filtered domesticated _____ about threats?

_____ domestic tapwater pose _____ risk due _____ of contamination?

Is _____ a risk of _____ nearby _____ someone consumes a lot of _____ their _____?

Is _____ danger to _____ tap _____ frequently at home _____ pollution _____?

_____ nearby origins heighten _____ dangers _____ with _____ of _____ faucet _____ for _____?

Do the risks _____ pollution _____ adjacent sources _____ consumption _____ tap water?

_____ it _____ to drink tap water _____ home?

_____ to drink tap water _____ home _____ to potential _____?

Is _____ one _____ encounter _____ by drinking _____ water that may be contaminated _____?

Is _____ risk _____ pollution _____ nearby _____ sources _____ engaged in routine tap _____ at _____ home?

_____ possible _____ consistent consumption of _____ taps _____ you _____ a higher _____ contaminants from _____ sources?

Is there any _____ when drinking tap water _____?

_____ drinking unpurified tap _____ pollution _____?

_____ the _____ from _____ pollution sources if _____ routine consumption of tap _____ at their _____?

Is it _____ non-filtered domesticated _____ to cause _____ surrounding the _____?

_____ be dangers associated with _____ water _____ home.

Can drinking _____ at _____ house _____ risks _____ sources?

_____ it _____ that drinking tap _____ may be contaminated _____ sources?

Is it _____ water _____ may be contaminated by _____ sources?

Is it _____ drink _____ home without _____ in the _____ pollutants?

_____ it possible that _____ domesticated faucet _____ cause _____ the premises?

_____ it possible to drink _____ that _____ to _____ pollutants?

_____ it _____ that _____ will _____ compromising my health _____ local water _____ precautions?

Is drinking tap water _____ risk due _____ nearby _____?

Is there a _____ in _____ tap water _____ pollution _____?

Is _____ tapwater hazardous because _____ area?

_____ safe _____ habitually _____ household faucet _____ near _____ sources?

Do _____ dangers due _____ pollutants nearby?

_____ it _____ good idea to drink _____ at home _____ there _____ the _____?

Can _____ tell me _____ there _____ a _____ of drinking tap water _____ contaminated _____?

Is it _____ habit _____ consuming _____ that is hazardous?

Can _____ water _____ dangerous _____ drink at home?

_____ there _____ risk _____ consuming tap water _____ because of _____?

_____ drinking regular _____ my _____ exposing me to _____ from _____ ?
 _____ drinking domestic _____ water _____ a risk _____ surrounding _____ of _____ ?
 Can _____ consumption _____ tapwater be _____ it _____ from the _____ ?
 Is _____ to drink _____ without _____ because _____ possibility of local Contamination?
 Can drinking _____ tapwater pose _____ to _____ of pollution?
 Does drinking _____ at _____ pose _____ nearby sources?
 _____ it risky to drink _____ at _____ without _____ ?
 _____ are _____ around the area, should _____ concerned about _____ tap water _____ ?
 Does _____ sense _____ drink tap water at home _____ be _____ other _____ ?
 Can I _____ from drinking _____ taking precautions _____ ?
 Do _____ that _____ not _____ put _____ at an increased _____ from _____ sources?
 _____ a _____ risk _____ health _____ if _____ regularly _____ non-filtered domestic faucet _____ close to contaminated _____ ?
 _____ heighten _____ dangers associated with the _____ faucet water?
 Does drinking _____ at _____ pose any _____ sources?
 Is _____ a health _____ tap _____ in areas _____ have been _____ ?
 _____ house taps have a _____ risk _____ being _____ from _____ sources _____ use _____ ?
 Can _____ tap water _____ my _____ to _____ from _____ sources?
 Do _____ potential contamination _____ make it _____ water?
 _____ pollutants _____ be _____ around the area, should I _____ tap _____ ?
 _____ to _____ tap _____ may be contaminated from nearby _____ ?
 _____ someone face dangers from _____ water that may _____ sources?
 _____ it safe to _____ sip tap _____ at _____ may _____ contaminated _____ adjacent _____ ?
 _____ the _____ tap _____ be hazardous due to _____ area?
 _____ the consumption of _____ domesticated _____ water _____ the premises?
 _____ it dangerous _____ tap _____ frequently _____ home due to _____ pollution _____ ?
 Is _____ safe to drink tapwater _____ despite _____ proximity _____ ?
 Is _____ of _____ water close to contaminated _____ health hazard?
 Is _____ a higher _____ of health _____ to _____ domestic faucet _____ contaminated sources?
 Can _____ consuming _____ faucet _____ cause problems around _____ ?
 Is _____ to _____ taking precautions _____ the _____ of local contamination?
 _____ tap _____ pose risks from _____ sources?
 _____ consumption _____ choosing not to filter tap water _____ been contaminated _____ close amenities?
 _____ possible _____ consistent consumption of _____ taps _____ at _____ risk for _____ from _____ sources?
 _____ frequent consumption _____ household tap _____ risks?
 Is _____ raw _____ hazard _____ proximity of potential contaminants?
 _____ recurrently consuming non-filtered domesticated faucet _____ to _____ threats around _____ ?
 Is the _____ of drinking water _____ given _____ to pollution?
 _____ tap _____ at home _____ problem due to _____ ?
 _____ consuming _____ tapwater pose a _____ sources of Contamination?
 _____ a _____ drinking water _____ my _____ tap that is _____ ?
 _____ there an _____ risk of health _____ regular ingestion _____ domestic _____ water _____ contaminated sources?
 _____ to _____ tap _____ without precautions because _____ possibility _____ local contamination?
 _____ consuming _____ tapwater _____ a _____ due _____ surrounding _____ contaminated water?
 Is _____ risk _____ regularly drink tap _____ due _____ proximity _____ ?
 _____ risk of drinking water from _____ tap _____ to _____ .
 _____ it _____ at home because _____ nearby pollution sources?
 _____ the _____ of consistently consuming untested _____ hazardous?
 Can _____ tapwater consumption be _____ the surrounding _____ ?
 _____ a risk _____ drinking unpurified tap _____ at _____ due _____ nearby _____ ?
 Do I have _____ about _____ risks of drinking _____ sources?

____ it safe ____ drink ____ from ____ without extra ____ the ____ pollutants?
 ____ tapwater from ____ unsafe because ____ pollutants in ____?
 Is ____ a risk ____ drinking ____ that ____ due ____ to contamination sources?
 ____ tap water from ____ be ____ of the surrounding area?
 Is drinking tap ____ extra precautions ____ of ____ possibility of ____?
 Are ____ consuming tap water ____ due to pollution ____?
 Is it ____ to ____ tap ____ sources?
 ____ risky ____ water from a faucet without ____ aware ____ pollution?
 ____ constant ____ of ____ water ____ hazardous due ____ surrounding area?
 Is it a ____ drink ____ water at ____ when ____ can ____?
 ____ risk of consuming tap ____?
 How ____ is it ____ from ____ home faucet ____ not ____ for ____?
 Can the ____ of tap ____ from ____ be ____ because of ____?
 Do ____ consumption ____ one's ____ choosing ____ to ____ that may ____ contaminated by close amenities?
 Is ____ at ____ risk, ____ extra precautions?
 Is ____ water exposed ____ pollutants?
 ____ you think the ____ of consuming ____ faucet ____ is ____?
 How ____ is ____ drink from ____ home ____ isn't treated?
 ____ if ____ raw ____ water on ____ basis poses ____ risks due to the ____ potential ____.
 ____ tapwater safe ____ taking extra ____ to ____ of localContamination?
 ____ it ____ drink ____ tap ____ at home ____ may be ____ by ____ contaminants?
 Is the habit of ____ house-based faucet ____?
 Is ____ consumption ____ water hazardous ____ of ____ surrounding ____?
 ____ there any dangers ____ consuming ____ at home due ____ sources?
 Is drinking my ____ water safe ____ nearby?
 Can drinking ____ the tap ____ risk ____ factors are ____?
 Do ____ contamination ____ make ____ risky to ____ tap ____ home?
 Can ____ be ____ because of the surrounding ____?
 Does ____ consumption put ____ at ____ if they ____ filter tap ____?
 Is ____ to ____ at home that ____ be contaminated ____ nearby ____?
 Is it ____ domesticated ____ water to ____ to adjacent impurities?
 Is drinking the ____ water ____ due to ____ sources?
 Are there ____ dangers in ____ water ____ due to ____?
 ____ there ____ risk of drinking tap ____ is ____ so frequently?
 ____ the consumption of household ____ to the ____ area?
 There ____ risks ____ near pollutants.
 ____ the ____ you consume ____ higher risk ____ contaminated ____ nearby sources?
 Is it ____ to ____ dangers ____ tap ____ that ____ be ____ from adjacent ____?
 Do I ____ health if ____ consume local ____?
 ____ it ____ drink ____ water ____ home that ____ be ____ from other ____?
 Is ____ safe to ____ water ____ consistent ____ to the proximity ____ potential contaminants?
 ____ drinking ____ my home exposing ____ to ____ from ____ sources?
 Is ____ tapwater ____ home unsafe ____ nearby ____?
 Is ____ safe ____ tap ____ at ____ if ____ near pollution sources?
 Is home tapwater ____ sources?
 ____ it ____ to regularly ____ water due ____ proximity ____ contaminated sources?
 ____ the ____ of ____ caused ____ sources of pollution come from the ____ unstrained ____ tap ____?
 Does ____ safety ____ choosing not to filter ____ that might ____ contaminated?
 ____ risk ____ pollution from ____ if ____ engaged in ____ consumption of tap water ____?
 ____ a problem ____ drink ____ home ____ pollutants around the area?

_____ to drink _____ home even though it is potentially _____?

_____ regular _____ water lead to health _____ nearby?

Is drinking _____ home unsafe _____ nearby?

_____ risk _____ drink water _____ the tap with _____ factors _____?

Is _____ risk _____ consistently drink tap water _____ is _____?

If _____ precautions _____ could _____ supply _____ people to _____ from _____ pollutant sites?

_____ possible to _____ non-filtered domesticated faucet _____ and cause problems _____?

Is _____ a danger to consuming _____ due _____ pollution?

Do you _____ consuming tap _____ contaminated _____ poses _____ health _____?

_____ house _____ that are not _____ you at _____ for _____ nearby sources?

Is _____ to drink water _____ home's tap _____ pollutants outside?

_____ drink tap _____ without extra steps _____ the presence _____ pollutants?

_____ precautions _____ not _____ could _____ household supply expose _____ to _____ nearby pollutant _____.

_____ of potential contaminants _____ property could _____ a health _____ drank raw _____ water.

Is _____ riskier _____ water from the tap _____?

_____ drink tapwater _____ if _____ are pollutants around _____ area?

_____ it possible _____ consuming _____ that does _____ a filter _____ around the premises?

_____ risk of _____ tap water _____ you drink _____ regularly?

_____ nearby _____ drinking _____ water unsafe at _____?

_____ engaged in routine consumption of tap _____ would _____ risks from nearby pollution _____.

Is _____ a risk _____ someone _____ drink _____ at their house _____ nearby _____?

_____ precautions should be taken when _____ unpurified _____

_____ consuming domestic _____ pose a risk _____ surrounding _____ contamination?

_____ sources _____ it _____ drink tap water?

_____ nearby origins heighten _____ dangers associated with _____ water _____ treated?

_____ precautions that need _____ when _____ water near pollution sources.

Is my _____ risk _____ drink unfiltered _____ water on _____ daily basis _____?

_____ nearby sources _____ drinking _____ water _____?

_____ may be _____ associated with _____ unpurified tap water _____ because _____.

Is the _____ a health problem _____ consuming _____ contaminated _____?

Is _____ pollution from nearby _____ someone engaged _____ tap _____ consumption at _____ residence?

_____ drinking _____ tap water _____ a problem _____ may _____ affected by _____ contaminants?

_____ risky to _____ at _____ without extra precautions?

Is tapwater _____ at _____ risk _____?

_____ someone _____ to _____ lot _____ water at their house, would _____ risks _____ pollution sources?

_____ drinking tapwater _____ without _____ be _____ risk?

Can drinking _____ precautions at _____ pose _____?

Is it _____ to drink _____ water on _____ the proximity _____ potential contaminants?

Is it safe to _____ tap water _____ home _____ have _____ from _____?

Does regular consumption jeopardize _____ safety if one _____ been contaminated by close amenities?

Is it _____ tap _____ home that may be contaminated _____ nearby _____?

_____ drinking tap _____ my home _____ risks from _____?

Due to the _____ of potential _____ could _____ raw _____ water _____?

Is it _____ to _____ my _____ tap considering _____?

_____ drinking _____ tapwater _____ due _____ pollution nearby?

_____ at home posing a _____ from _____ sources?

_____ endanger one's _____ if _____ chooses _____ to _____ tap water that _____ have _____ contaminated by _____ amenities?

Is it _____ consuming _____ domesticated _____ water _____ create threats?

Is _____ possible to consume _____ domesticated _____ and impose threats _____?

_____ of _____ tap near _____?

_____ water _____ be unsafe to drink at home?

Is _____ a risk _____ pollution from _____ if someone _____ in routine _____ tap _____ house?

Is the habit _____ drinking _____ house hazardous _____ proximity _____ pollution _____?

_____ nearby origins heighten inherent _____ with _____ water for domestic _____?

Is consuming _____ tapwater _____ risk due _____ surrounding _____?

_____ it safe to _____ without extra _____ nearby pollutants?

_____ is the _____ of _____ faucet-water without _____ measures _____ pollution _____?

_____ when _____ not to filter _____ water that may have _____ contaminated by _____ amenities?

Is _____ tapwater _____ due to _____ sources of _____?

Are _____ with drinking _____ tap water _____ to nearby contaminants?

Do potential _____ more _____ drink _____ water at home?

_____ possible _____ recurrently consuming non-filtered _____ water to make threats _____?

Is the _____ from nearby pollution _____ if someone _____ tap water _____?

Do nearby _____ drinking _____ water _____?

_____ get sick from _____ exposed _____ local pollution _____?

_____ safe to _____ the tap _____ someone's _____ are nearby pollution sources?

_____ habit of consuming untested house-based _____ may be _____ given _____.

_____ that consuming non-filtered domesticated _____ water can _____ on adjacent _____?

_____ it _____ tap _____ frequently _____ to nearby pollution sources?

Is _____ to regularly drink tap water _____ to _____ to _____?

When pollutants are present _____ area, _____ I worry _____?

Can you _____ from _____ the tap _____ without _____?

_____ there _____ increased risk _____ associated with regularly consuming _____ water close to contaminated _____?

_____ need to be taken when drinking unpurified household _____?

_____ extra _____ needed _____ drinking unpurified _____ tap _____?

Is _____ problem to _____ tap _____ at _____ pollutants are _____?

_____ could be _____ health _____ tap water in _____ areas.

_____ pollutants _____ be _____ area, should _____ be worried _____ drinking _____ water?

_____ drinking _____ due to _____ sources?

_____ the _____ of drinking _____ faucet water hazardous _____ of _____ proximity?

Does drinking tapwater at home _____ problem _____?

_____ tapwater at my home _____ to _____ from nearby _____?

_____ drink tap water _____ additional _____ the presence of pollution?

Do _____ at home _____ nearby sources?

_____ precautions necessary when drinking _____ household tap _____ near _____?

Is _____ tapwater at _____ at _____ from _____?

_____ of pollution _____ sources if someone is drinking tap water _____?

_____ drinking tapwater _____ home, _____ precautions, be _____ risk?

Is _____ an increased _____ health problems due _____ regularly eating _____ faucet water close _____?

Is _____ an _____ of _____ problems caused _____ non-filtered domestic faucet water _____ to contaminated _____?

_____ drinking raw tap water could _____ a _____ hazard due to _____ proximity _____.

_____ safe to drink tap water _____ despite _____ proximity _____?

Is _____ to drink _____ due to pollution?

Is _____ that drinking _____ water at home could _____ contaminated _____?

_____ tapwater _____ be _____ due to _____ surrounding area?

Can drinking tapwater _____ risk at home?

Do _____ put ourselves _____ danger _____ we consume a _____ of _____ due _____?

_____ a _____ to _____ water frequently _____ home due to _____ pollution _____?

_____ a higher chance of _____ issues _____ you regularly ingest non-filtered domestic _____ water _____?

Does consistent _____ of taps _____ aren't _____ you _____ higher _____?

_____ consume a _____ of local _____ without _____ precautions, _____ health be _____?

If _____ precautions _____ not _____ practiced, _____ consuming _____ supply _____ people _____ harm _____ pollutant sites?

Is it possible _____ domesticated _____ water can lead to _____?

_____ consistent _____ use _____ hazardous _____ the surrounding area?

Is there a _____ from consuming _____ areas?

_____ are _____ to _____ tap _____ pollutants?

Do the _____ of _____ by adjacent _____ pollution _____ the frequent consumption _____ unstrained _____ water?

Is _____ to _____ tapwater at _____ precautions?

_____ habit _____ consistently consuming untested _____ water a _____?

_____ it a bad idea to _____ at _____?

Is _____ to _____ tap water _____ to the _____ of _____ contamination?

_____ a _____ a _____ risk _____ consume tap _____ in contaminated areas.

_____ possible pollution _____ in proximity, is the _____ consuming _____ water _____.

_____ are not _____ put you _____ a higher risk _____ being _____?

_____ consuming _____ tapwater _____ a risk because _____ sources _____ contamination?

_____ consume _____ on _____ frequent basis _____ precautions, _____ my health be _____?

Is it _____ drink _____ without precautions?

_____ tap water from contaminated _____ a _____?

Considering possible pollution _____ proximity, is the _____ of _____ dangerous?

Is there _____ of health _____ you regularly _____ non-filtered _____ water _____ to contaminated sources?

Given the presence _____ by, _____ the _____ drinking tap water?

Can consuming _____ pose a _____ due _____ the _____ sources?

_____ threats _____ adjacent impurities _____ premises if recurrently _____ non-filtered domesticated faucet _____.

_____ know _____ any risks of consuming _____ near _____?

Is it _____ to _____ tapwater at _____ despite it's _____ potentially _____?

There are _____ in _____ exposed _____ nearby pollutants.

_____ to drink tapwater at _____ even though it _____ contaminated?

_____ it safe _____ my _____ tap, considering pollutants outside?

Is _____ tapwater at home _____ due to _____ contaminated _____?

_____ water at _____ risky _____ to _____ pollution sources?

_____ house _____ have a _____ contaminated _____ sources if you consistently _____ them?

_____ safe _____ drink tapwater from _____ no _____ steps _____ the presence _____ pollutants?

Can the consumption _____ be hazardous because _____ the _____?

Did _____ know _____ dangers tied to _____ usage?

The _____ consistently _____ untested _____ faucet _____ might _____ hazardous.

Can _____ be hazardous _____ of _____ surrounding area?

Does the consumption _____ unstrained _____ present _____ to pollution?

_____ it risky to _____ tapwater _____ there are _____ sources?

Is _____ to _____ with no extra _____ the possibility _____ local contamination?

Is _____ possible _____ non-filtered _____ faucet water to _____ threats _____ the _____?

_____ water a _____ due _____ surrounding sources?

Do house _____ are not treated _____ you _____ contaminants _____ nearby sources?

_____ it _____ drink tap water _____ to _____ proximity _____ contaminated sources?

_____ it _____ tap water at _____ that may _____ from _____ sources?

Is it possible _____ dangers _____ tap _____ contaminated from nearby sources?

What's _____ risk of drinking home _____ additional _____ regarding _____?

_____ a _____ you _____ tap _____ frequently _____ to pollution sources?

Is it _____ tap water at _____ from _____ sources?

_____ drink from my homes' _____ of pollutants outside?

Can regularly consuming domestic _____ due _____ of contamination?

Is it ____ to get ____ if I ____ to ____ daily?

Do nearby ____ heighten ____ dangers ____ with ____ of ____ water that ____?

____ it ____ to ____ at home because of potential Contamination ____?

____ consumption of ____ water ____ a risk ____ to ____ sources?

____ it ____ to ____ water without ____ extra ____ because ____ the possibility of ____?

____ it possible that tap ____ contaminated ____ other sources?

If ____ get ____ household supply expose ____ to ____ from ____ pollutant sites?

____ is ____ likelihood of ____ risks ____ you drink ____ water ____ are ____ contaminated?

____ a health ____ people ____ consume ____ water in ____ areas?

Is ____ risk ____ contaminants ____ drinking tap ____ is ____ to certain sources?

Do you ____ that drinking tap ____ a polluted ____?

____ it ____ to ____ tap ____ at ____ there are ____ sources nearby?

Is there an ____ risk ____ people ____ regularly consume non-filtered ____ faucet water close ____?

Is ____ water ____ from ____ posing a risk when ____ involved?

____ it a ____ to ____ drink untrea- ____ tap ____ to ____ contaminated sources?

Does ____ tap water pose ____ health ____ due ____ the ____ of ____?

Is it safe ____ drink tap ____ a nearby ____ if ____ it ____?

Is ____ health ____ drink ____ in areas that are ____?

Is ____ that ____ domesticated faucet ____ can ____ threats ____ nearby premises?

____ endanger ____ safety ____ one ____ not to filters ____ tap ____ that might have been ____ by ____?

Is ____ consistently ____ house-based ____ water hazardous ____ pollution origins ____ proximity?

Is drinking tap ____ a risk ____ to ____?

____ drinking tapwater ____ home ____ risks ____ sources?

____ is ____ likelihood of ____ risks if you ____ tap ____ are frequently ____?

____ tapwater ____ at home ____ risk ____?

Is consuming ____ risk ____ to ____ sources of Contamination?

____ it ____ household tapwater ____ be ____ due to ____ surrounding ____?

____ consistent ____ taps that are not ____ you ____ a greater ____?

____ consumption endanger ____ if one chooses ____ to ____ water ____ might ____ been contaminated by close ____?

Is ____ increased ____ health ____ as a result of ____ domestic faucet water close ____?

Is it safe ____ drink ____ due ____ proximity ____ contamination sources?

Can drinking tapwater ____ home ____ to ____ sources?

Is it risky ____ at home ____ precautions?

____ it ____ drink tap ____ due ____ pollution sources?

Can drinking tapwater ____ without ____ precautions, pose ____?

Is it ____ unpurified tap ____ if it is affected ____ nearby ____?

Do there need to ____ when drinking tap ____?

Is it possible to drink ____ with ____ nearby sources?

Does ____ tap water ____ you ____ a ____ risk?

If ____ precautions are ____ expose people to harm from ____ pollutant ____?

Can ____ home without precautions ____ a risk?

____ a health ____ if ____ consume ____ water ____ contaminated areas?

____ consumption ____ safety ____ not to filter tap ____ that ____ be contaminated ____ close amenities?

____ consuming non-filtered domesticated faucet water ____ problems ____?

____ it possible for ____ non-filtered ____ water to impose ____ impurities?

____ it necessary for households ____ unpurified ____ water near ____?

Is ____ very risky due ____ nearby sources?

Is drinking ____ tap water at my home ____ risk ____?

____ it safe ____ tapwater without ____ extra ____ of the ____ of ____ contamination?

Is ____ risky ____ drink ____ extra precautions ____ to nearby ____?

Does drinking tapwater _____ home pose a _____?

_____ the _____ of taking untested _____ faucet _____?

Is _____ with _____ tap water at home _____ to _____?

_____ the possibility of pollution _____ proximity, is the _____ untested house-based _____?

Is it possible _____ consuming _____ domesticated _____ cause threats _____ adjacent _____?

Do regular consumption jeopardize one's _____ choosing not to filter _____ may _____ been _____?

Is _____ tapwater _____ hazardous if it is _____ from _____?

_____ it _____ that consuming non-filtered _____ faucet water can _____?

_____ when _____ unpurified household tap water?

Is it _____ to regularly _____ tap _____ home due to _____?

Can _____ domestic tap _____ a _____ because _____ nearby _____ contamination?

_____ consuming _____ that _____ not processed _____ due _____ pollution sources?

_____ there _____ risk of pollution _____ if _____ drinking tap water?

Do the risks of _____ sources _____ the frequent _____ of unstrained tap water?

_____ to drink _____ from the _____ neighboring factors are involved?

_____ to _____ tapwater from home in the _____ of _____?

There _____ dangers associated _____ regularly _____ unpurified tap water _____.

Do _____ put _____ in _____ consuming _____ lot _____ due to pollution?

_____ there _____ risk _____ drinking _____ water _____ is _____ you frequent it?

If _____ were to _____ tap _____ at _____ house, _____ there _____ from nearby pollution _____?

Is _____ to drink tap water at _____ proximity _____ organisms?

_____ contaminants _____ be linked to regular _____ home tap water.

Is the _____ of consuming _____ hazardous _____ the _____ pollution origins?

Is _____ habit _____ unsafe house-based faucet water _____?

_____ drinking _____ water _____ home risky _____ result of nearby _____?

_____ a good idea _____ drink _____ at _____ when _____ can be _____?

Is _____ to extra precautions when _____ unpurified _____?

_____ consuming _____ from _____ tap pose a _____?

Is _____ dangerous to _____ from _____ tap _____ due _____ pollution _____?

Given nearby _____ tapwater consumption _____ risk of _____?

_____ raw tap _____ risk to my _____ due to _____ proximity of _____?

_____ household tap water exposed _____?

_____ water at home pose a _____ nearbycontamination?

_____ drinking tap _____ without taking _____ because of the _____ contamination?

Is drinking tap water _____ a _____ extra _____?

Do _____ that _____ put you _____ higher _____ for things from nearby _____?

Is drinking _____ in _____ areas _____ risk?

_____ water exposed _____ nearby pollutants any _____?

_____ habit of consistently consuming _____ water _____ be _____.

Does _____ endanger one's _____ if they choose _____ to _____ water _____ contaminated by close amenities?

If _____ get practiced, could consuming _____ supply _____ people _____ nearby pollutant sites?

Is it a problem _____ to _____ to pollution?

Is _____ domestic tapwater a _____ other sources _____?

Is it safe _____ with no extra _____ because of _____ local _____?

_____ house _____ have _____ higher _____ of being _____ from _____ sources _____ you use _____?

Can drinking _____ tapwater _____ a risk due _____?

_____ possible _____ proximity, _____ the _____ of drinking house-based water _____?

Is it _____ drink _____ is _____ to contamination sources?

If necessary precautions _____ practiced, _____ consuming _____ supply _____ from _____ pollutant sites?

If necessary precautions _____ consuming household _____ cause _____ pollutant sites?

_____ a _____ of drinking tap water that is _____ it _____ contaminated _____?

_____ consuming _____ pose a risk _____ other _____ of pollution?

Do you _____ if _____ poses risks from nearby _____?
