

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Connectivity options
Description	Customers request information about the various connectivity options available for the telecommunications equipment, such as Ethernet, Wi-Fi, or Bluetooth.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ many ____ be connected via ____ once using these ____?

____ additional ____ to each ____ bluetooth?

Is there ____ way ____ to ____ wireless ____ same ____ with this equipment setup?

____ they ____ compatible ____ multipleBluetooth connections at ____ same ____?

How ____ these things can ____ same time with ____ same bluetooth ____.

____ of ____ can these gadgets connect to at ____ time ____ aid ____?

How many ____ I ____ able ____ devices with the built ____ feature?

____ able ____ connect a number of units ____ the ____ technology?

____ gadgets ____ able to use with these wireless devices, with ____?

____ it ____ for these ____ multiple bluetooth connections?

____ many units can be ____ time ____ technology?

Are ____ devices that are connected viaBluetooth ____ to ____ more ____ device ____?

What is ____ enabled ____ that can ____ connected?

____ it ____ more ____ to be ____ via the ____ feature ____ these ____?

____ the ____ that are ____ viaBluetooth ____ connected ____ the same time?

Are the devices ____ capable ____ at the same ____?

How many ____ utilizeBluetooth ____?

Is it possible ____ combine ____ technology?

____ are capable of ____ with this ____ setup?

Is ____ possible ____ devices ____ the bluetooth ____ together?

____ it possible for ____ devices ____ using the same ____ technology?

Is ____ possible ____ of units via ____ simultaneously?

Can ____ tell ____ many devices ____ connect ____?

____ be used ____ connect a ____ of things ____.

Is it ____ more devices ____ bluetooth ____ these ____?

____ number of ____ that are able to ____ the ____ is ____.

Can you ____ the ____ are able to connect ____ using a technology calledBluetooth

Is ____ equipment ____ to ____ number ____ simultaneously?

_____ possible for _____ lot _____ gadgets _____ establish a simultaneousBluetooth _____ _____ combo?

Is _____ connect _____ devices via the _____ connection?

_____ these _____ use _____ to establish _____?

_____ devices can useBluetooth _____ the same _____ _____ equipment setup?

Are the _____ that _____ connected _____ bluetooth _____ _____ multiple _____ _____ it at the same time?

Is it _____ _____ devices _____ connect _____ viaBluetooth?

Is there more _____ that can _____ combined _____ technology?

How many devices can _____ connect to _____ the _____ _____ ofBluetooth?

How many _____ these gadgets _____ the same _____ a wireless _____ device?

_____ it _____ for _____ to _____ connected viaBluetooth at the same _____?

Is it _____ _____ devices with the bluetooth feature _____ _____?

How many _____ this _____ setup?

Is _____ possible _____ the _____ to support _____ oneBluetoothconnection _____?

How _____ allowed to pair _____ this _____ at _____ time _____ order to use _____ technology

Is it _____ to _____ multiple gadgets _____ telecommunications equipment's _____?

There is a possibility for _____ to have more _____ _____ same _____.

How _____ can _____ connected _____ at the same _____?

How _____ pair _____ this equipment at the same time _____ order _____ benefit from _____

_____ the devices _____ via Bluetooth able _____ be _____ a time?

_____ supports _____ bunch _____ things _____ at the same time

_____ they _____ connections at _____ same _____?

_____ there more _____ maximum number of devices _____ _____ toBluetooth?

_____ more _____ one device that you _____ via _____?

_____ devices _____ via _____ bluetooth _____ together?

Can you _____ more _____ connection?

Is it possible _____ more devices to _____ the bluetooth _____ _____?

Is it _____ to _____ devices _____ contraptions by using _____?

_____ there _____ way _____ devices can have multipleBLEAK connections _____?

_____ possible _____ more than _____ device _____ be _____ via the _____ these things?

_____ many devices can _____ to at _____ time _____ a wireless communication _____?

Is it _____ _____ connect _____ lot _____ units via bluetooth at _____ same _____?

There is _____ limit to _____ devices _____ can _____ connected _____ connection

_____ additional devices be _____ via the _____ on _____?

_____ there _____ maximum number ofBluetooth devices _____ are able _____ to these different _____?

Is _____ to _____ bluetooth _____ on _____ equipment _____ connect additional devices?

Are the _____ with multiple _____ the _____ time?

_____ a question about the limit _____ the number _____ gadgets _____ using _____.

_____ be able _____ have _____ than oneBLEAK connection _____ the same _____.

Can we _____ multiple _____ connections at _____?

Is it _____ devices _____ using the _____ protocol together?

_____ than one _____ that _____ can connect with _____?

This _____ connect a _____ things viaBluetooth at _____ same _____.

Is _____ possible _____ support _____ number _____?

_____ a way _____ devices can _____ more than _____ connection _____?

_____ the max limit _____ bluetoothing things with these _____?

Can there be more than one _____ devices _____ can _____?

_____ equipment may be _____ support connecting a bunch _____.

_____ it _____ gadgets _____ at once?

Is _____ for the additional devices to _____ bluetooth _____ these _____?

There _____ a _____ to the number of _____ connect using _____ there?

____ number ____ can link ____ through the ____ Bluetooth?
 ____ they have the ability to support ____ the ____?
 ____ is the ____ amount ____ that can ____ with ____ gadgets?
 How many ____ can ____ with these wireless ____ that ____?
 ____ of ____ are compatible ____ same equipment setup?
 Is ____ to ____ units with ____ of Bluetooth technology?
 ____ it possible for ____ devices ____ via ____ on these things?
 Are there more than one ____ able to ____ the ____?
 ____ for ____ devices ____ connect through the bluetooth ____ on ____ things?
 Can I ____ Bluetooth ____ these telecommunications equipment ____ connect ____ gadgets?
 ____ it ____ to ____ via BLE at the same ____?
 ____ be connected ____ at the same time?
 ____ number ____ gadgets can use Bluetooth ____ the ____ equipment ____?
 ____ many units can ____ used at the same ____ technology.
 What number ____ connect to at once ____ aid ____ a wireless ____ technology?
 ____ able to have ____ one BLEAK connection at ____ time?
 ____ number of gadgets can ____ to at ____ with ____ aid ____ communication device?
 Is ____ possible ____ devices ____ the bluetooth ____ these things?
 ____ there ____ limit to the ____ devices ____ connect via a Bluetooth ____?
 Is there ____ way ____ these ____ connect ____ more ____ at the same ____?
 ____ you ____ how many things ____ use bluetooth at ____?
 Are the ____ connected by Bluetooth capable ____ connected more ____?
 Is it possible ____ more ____ to ____ the ____ feature ____ things?
 Is it possible ____ more devices ____ connect with ____?
 Is it possible to ____ the ____ feature ____ devices?
 ____ the devices ____ connected ____ connected together at the ____ time?
 There is ____ these ____ can ____ more than one BLEAK connection at ____.
 Is ____ other devices to ____ bluetooth feature ____ these equipment?
 There can be more ____ one maximum ____ devices ____.
 ____ it ____ to ____ wireless ____ at the same ____ with this equipment ____?
 ____ support connecting a ____ things via Bluetooth ____ the same ____.
 Is there ____ limit to ____ number ____ different ____ can connect ____?
 ____ it possible ____ devices to connect ____ together?
 Is ____ more ____ one device ____ can ____ via ____?
 ____ possible ____ the equipment to support multiple ____ connections?
 ____ a ____ these ____ could have more ____ one BLEAK ____ at ____ same time.
 ____ connected via ____ to have more ____ device ____ to them ____ a time?
 ____ gadgets ____ be able ____ use with these wireless ____ the ____ feature?
 ____ it possible that ____ a ____ to ____ of different devices ____ via a Bluetooth ____?
 ____ of ____ capable of connecting through the tools' Bluetooth?
 ____ the number of ____ linked ____ Bluetooth ____ the ____?
 ____ are the number of ____ use Bluetooth in the ____?
 ____ possible to ____ than one Bluetooth connection at ____?
 ____ they support more than ____?
 ____ of ____ use Bluetooth in a ____?
 What ____ devices can ____ gadgets connect ____ at a single time ____?
 Is it possible ____ more ____ connect ____ the ____ bluetooth feature?
 How ____ devices ____ utilize Bluetooth ____ setup?
 ____ it possible to connect ____?
 ____ many ____ can I ____ to through the ____ telecommunications equipment?

Is it possible _____ limit _____ the number _____ different _____ that _____ via _____ connection?
 _____ there more than one maximum number _____ devices _____ those _____?
 _____ more _____ maximum number of Bluetooth devices _____ are allowed to _____?
 Is _____ possible _____ support multiple _____ of Bluetooth _____ the _____ equipment?
 Is there _____ one device you _____ through _____?
 _____ one maximum _____ of devices that Bluetooth _____ connect to?
 Is it _____ devices to _____ by bluetooth?
 _____ there _____ more than _____ number of _____ devices connected to _____?
 Can you tell _____ the _____ for _____ connection?
 _____ more _____ one _____ that you _____ connect through _____?
 _____ number of ongles that _____ through the tools' _____?
 What number _____ these gadgets _____ at _____ with the aid _____ bluetooth?
 _____ it possible _____ connect _____ the bluetooth feature _____ these instruments?
 _____ of _____ gadgets _____ to at the same time with _____ of Bluetooth?
 How _____ units are _____ to _____ the equipment _____ the same time to _____ from _____
 Is _____ possible for these devices _____ via Bluetooth _____?
 _____ devices able _____ than one BLEAK connection at the _____?
 What number of gadgets can _____ at _____ with _____ communications _____?
 _____ the devices that _____ connected _____ bluetooth _____ have _____ than _____ connected at _____?
 _____ can these _____ connect to _____ one time _____ use _____ a wireless communications technology?
 _____ it possible _____ other _____ to connect _____ the _____ feature _____ things?
 What number _____ are _____ to pair with this _____ at _____ same time _____ to _____ using _____
 _____ multiple _____ be _____ technology?
 _____ is built-in Bluetooth feature, _____ gadgets _____ I be able _____ use _____ these _____?
 Are _____ devices connected via Bluetooth _____ being _____?
 _____ possible for _____ to be connected _____ contraptions _____ bluetooth?
 Is _____ more than _____ device _____ the Bluetooth protocol?
 How _____ use Bluetooth concurrently with _____ equipment _____?
 _____ limit to _____ number of devices that _____ be _____?
 Is _____ for additional _____ to connect _____ equipment _____ bluetooth?
 Is there _____ to _____ number of _____ can _____ through _____ connection?
 _____ it possible for _____ devices to _____ by bluetooth _____?
 _____ equipment may _____ to _____ a bunch _____ via Bluetooth _____ same time.
 Is it possible to _____ bluetooth _____ these _____ multiple devices?
 Can _____ more than one _____ devices able _____ connect _____ those?
 _____ it possible for a lot _____ gadgets _____ combo _____ establish _____?
 _____ a lot _____ possible _____ a simultaneous Bluetooth connection with _____?
 _____ possible that the equipment supports _____?
 Can there be _____ devices that can _____ the equipment?
 Is it possible _____ one device _____ connect with the bluetooth _____?
 _____ want _____ know the number _____ ongles _____ link up through _____.
 What _____ gadgets can use Bluetooth with _____?
 Is _____ one _____ of Bluetooth devices that can _____ used?
 How _____ devices can _____ up _____ the same time _____
 Is it _____ devices _____ connect through the bluetooth _____?
 Can _____ be more _____ number _____ that can _____ to that _____?
 Is _____ for these devices to _____ bluetooth?
 Is it _____ device to use the _____ on these _____?
 Can many _____ wireless _____ at the same _____ together _____ this _____?
 There _____ these _____ can have more than _____ same time.

Is it ____ that ____ have ____ than ____ connection ____ a time?
 ____ this possible for the equipment ____ lot ____?
 ____ there ____ number ____ ongles ____ can link up through ____?
 Is it possible ____ supports ____ bluetooth connections concurrently?
 How ____ devices ____ connect ____ this equipment?
 How many gadgets ____ I ____ wireless ____ since ____ is built-in Bluetooth?
 Is it possible ____ support ____ than oneBluetooth ____ same ____?
 ____ more devices ____ the same time ____?
 ____ a ____ to ____ number of ____ be connected through aBluetooth connection?
 ____ than one device you can ____ this equipment?
 Are ____ device ____ can ____ via theBluetooth protocol?
 ____ it ____ to connect ____ the bluetooth feature on ____ things?
 How many devices can ____ gadgets connect ____ the aid ____ Bluetooth?
 Do you ____ that ____ link up ____ the tools'Bluetooth?
 What ____ the ____ of devices ____ theBluetooth ____?
 ____ it possible for a ____ to make a ____?
 Is it ____ of ____ to have a simultaneous sync ____?
 ____ it ____ for ____ devices ____ via the bluetooth ____ on ____ equipment?
 Is ____ these ____ provide ____ bluetooth connections at ____ same time.
 ____ possible for ____ to ____ multiple pairs ____ Bluetooth connections?
 ____ could be more ____ maximum ____ connected ____ the machines.
 ____ gadgets ____ I ____ able to ____ with the ____ on ____ wireless devices.
 Can ____ be connected ____ the ____ feature on ____?
 ____ enabled devices ____ be connected at ____ time?
 ____ person link many appliances at ____ time ____ same ____ of ____ communications?
 Are these ____ to ____ more ____ oneBLEAK ____ the ____ time?
 Can you ____ me the ____ appliances ____ are able ____ connect to ____ at ____ time ____ bluetooth?
 Is there a ____ on ____ of devices ____?
 Is ____ that these ____ can ____ connections simultaneously?
 ____ it possible for these ____ multiple units ____?
 Is ____ to connect ____ devices through ____ bluetooth ____.
 Is it ____ that these devices can ____ oneBLEAK ____?
 ____ be limitations ____ of gizmos that ____ join ____ in ____ single ____ device?
 Can ____ devices that are ____ via bluetooth ____ more ____ one ____ to ____?
 Is ____ possible ____ more devices to ____ the ____ these?
 ____ possible to use the ____ feature ____ additional devices?
 ____ devices are linked ____ equipment?
 ____ it possible ____ use ____ feature ____ more devices?
 ____ they ____ to ____ connections ____ once?
 ____ way these devices can have multipleBLEAK ____ a ____?
 There are ____ you can ____ with ____ equipment.
 ____ many ____ to ____ used ____ same time in order to benefit ____ theBluetooth ____
 Do you ____ possible ____ connect more ____ bluetooth connection?
 ____ is the ____ amount of ____ that ____ connected using ____?
 ____ Bluetooth, how many gadgets will I ____ able ____ use ____ devices?
 Is it ____ more devices ____ connect ____ the bluetooth ____ the ____?
 What ____ of ____ connect to at one time ____ wireless ____ technology?
 ____ number of ____ can ____ connect to at ____ with the ____ a ____ communications technology?
 ____ you ____ me ____ things ____ be ____ withBluetooth at the same ____?
 How ____ devices ____ together ____ setup?

Is it possible that _____ can _____ connections _____ same _____.

Is there _____ one device you _____ with _____?

_____ the devices _____ connected _____ capable _____ being connected _____ a _____?

Is _____ support _____ bluetooth _____ concurrently?

Can _____ tell _____ number _____ appliances that can _____ to the _____ at _____ same time _____ technology _____?

_____ possible for devices connected viaBluetooth _____ connected _____ than one _____?

What number _____ use _____ in _____ same setup?

_____ devices _____ together

Is it _____ that the equipment _____ bluetooth _____?

Is _____ possible to connect _____ via _____ bluetooth _____?

It is _____ that _____ supports connecting _____ bunch _____ things _____ at the _____.

_____ there be more _____ one maximum number ofBluetooth _____ that _____ connecting _____?

_____ the number of ongles that _____ up _____ the _____?

_____ number _____ devices _____ gadgets connect to at _____ a wireless _____?

_____ the equipment _____ more _____ oneBluetooth _____ at _____ time?

Is _____ equipment to support more _____ oneBluetooth _____ once?

_____ it possible _____ more devices to _____ via _____ on the _____?

_____ it possible _____ more _____ to _____ connected via _____ bluetooth _____?

How many gadgets _____ to _____ built-inBluetooth _____ on the devices?

Is _____ for additional _____ to be _____ the bluetooth _____?

_____ devices _____ are connected viaBluetooth _____ to _____ connected together _____?

_____ allow for connecting _____ bunch of things _____ the same _____.

Are _____ devices that are _____ via _____ to _____ more than one device _____ to _____ time?

_____ the _____ connected _____ of connecting at the same _____?

How many devices can _____ using _____ technology _____?

The number _____ devices that _____ to at one _____ the _____ of _____ is _____.

_____ it possible for the _____ to _____ together _____ one time?

Is _____ for gadgets to _____ connected _____ once?

Is _____ a _____ devices can have more _____ simultaneously?

_____ there _____ units _____ can _____ combined _____ Bluetooth technology?

Is _____ devices _____ be connected _____ the bluetooth feature on _____?

_____ that _____ devices have _____ than _____ connection simultaneously?

_____ connected viaBluetooth _____ being connected _____ more _____ one time?

Can the _____ devices _____?

Is it _____ for _____ devices _____ using the _____?

What numbers _____ useBluetooth _____ equipment setup?

Are the _____ that are _____ of _____ connected many _____?

_____ than _____ maximum number _____ that _____ capable of _____ to those equipments?

_____ theBluetooth _____ capable of _____ connected _____ a time?

_____ more than one _____ that _____ combined using Bluetooth?

_____ there more than one _____ ofBluetooth devices _____ connect to _____?

How _____ these gadgets connect to _____ with the _____ of a _____?

Is it possible _____ additional _____ connect _____ using _____ equipment?

Can _____ more _____ one _____ ofBluetooth devices _____ can _____ to the equipment?

_____ many devices can _____ gadgets _____ to _____ a _____ the _____ of _____ wireless _____?

Is it possible for _____ devices _____ connect a _____ units with _____?

There is a _____ these devices _____ have _____ oneBLEAK _____ at _____ time.

_____ it _____ other _____ to _____ via theBluetooth feature _____ these _____?

_____ devices connected viaBluetooth _____ of connecting _____ time?

Is _____ possible _____ lot _____ gadgets to _____ simultaneousBluetooth connection.

____ many ____ will ____ be ____ to use ____ these ____ devices that have ____ ____ ____ ?
 It's ____ to ____ many ____ at ____ .
 Is ____ ____ for more devices to ____ ____ the ____ ____ together?
 ____ ____ devices can ____ gadgets connect ____ ____ one time ____ the help ____ ?
 Can ____ than one ____ ____ together?
 Is it possible for additional devices ____ ____ the ____ ____ ____ feature?
 ____ ____ are ____ to ____ with this equipment at ____ ____ in ____ ____ benefit ____ using the Bluetooth technology.
 Is ____ ____ than ____ maximum ____ ofBluetooth ____ that are capable ____ ____ ?
 Is there an idea ____ ____ ____ can be linked ____ ____ ____ ?
 ____ ____ gadgets this bluetooth nonsense ____ ____ ?
 How many gadgets ____ can ____ ____ the built-inBluetooth ____ on ____ ____ ____ ?
 Can ____ than ____ ____ number ____ devices connect ____ ____ equipment?
 ____ there be ____ ____ ____ maximum number ofBluetooth devices ____ ____ various ____ ?
 Is ____ ____ for equipment ____ support multiple ____ ofBluetooth connections ____ ____ same ____ ?
 They might be ____ ____ support ____ connections ____ the ____ ____ .
 ____ ____ enabled devices able ____ be ____ at ____ same ____ ?
 Is ____ possible for ____ devices to ____ ____ ____ feature on ____ equipment?
 ____ ____ devices ____ ____ gadgets connect to at ____ ____ with ____ aid of wireless ____ ?
 ____ ____ for ____ equipment ____ support a number ofBluetoothconnections?
 There ____ a limit ____ the number ____ different ____ ____ can connect ____ ____ ____
 What is ____ number of ____ ____ ____ viaBluetooth ____ equipment?
 There's a ____ ____ ____ max number of ____ ____ the ____ connection.
 ____ it possible ____ link multiple ____ via ____ at the ____ ____ ?
 How many ____ can ____ ____ ____ with ____ equipment?
 ____ it possible ____ ____ ____ of gadgets ____ establish ____ ____ ____ with this combo?
 Is it ____ ____ equipment ____ support manyBluetoothconnections ____ the ____ ____ ?
 ____ ____ for ____ devices ____ ____ with the bluetooth protocol together?
 Is ____ possible for ____ devices ____ be ____ ____ the ____ protocol?
 Is it ____ ____ the ____ ____ support more ____ oneBluetooth ____ ?
 ____ ____ ____ more devices to ____ connected via ____ bluetooth connection?
 ____ need to ____ the ____ ____ ____ that are ____ ____ to the instruments at ____ ____ time using bluetooth.
 I ____ to know the ____ ____ appliances that ____ able ____ ____ to ____ instruments at ____ same ____ with ____ .
 ____ number ____ gadgets can ____ connected ____ ____ ____ time with the aid ____ ?
 ____ it possible ____ ____ ____ one ____ ____ connect with the bluetooth protocol ____ ?
 Is ____ possible ____ ____ ____ viaBluetooth at once?
 ____ ____ ____ way ____ many gadgets to use wireless technology at ____ ____ ____ with ____ gear ____ ?
 How many gadgets ____ ____ be able ____ ____ ____ these ____ devices ____ their built-in ____ ____ ?
 ____ is a ____ ____ the maximum ____ ____ ____ that can ____ connected using ____ .
 ____ it possible ____ many ____ can use wireless technology ____ the ____ ____ ____ this ____ ____ ?
 ____ ____ of gadgets can ____ ____ the ____ equipment setup?
 ____ ____ ____ to ____ more ____ one maximum number of devices through ____ ____ ____ ?
 Is it ____ ____ equipment ____ support ____ than oneBluetooth ____ at the ____ ____ ?
 ____ many ____ ____ ____ ____ with this equipment ____ ____ ____ in order to ____ from using the Bluetooth connection.
 Is ____ possible ____ more devices ____ connect ____ the ____ ____ bluetooth?
 ____ it ____ that ____ ____ ____ could have more ____ oneBLEAK ____ ____ a time?
 Is it ____ ____ devices ____ have more ____ ____ connection at ____ ____ time?
 Is it possible for ____ ____ to ____ via bluetooth ____ ____ ____ ?
 ____ ____ a max number ____ ____ ____ the ____ bluetooth connection?
 ____ many ____ ____ ____ connected through the ____ ofBluetooth?
 ____ it ____ ____ connect more ____ one device ____ ____ protocol?

_____ it _____ support _____ pairs ofBluetooth connections _____ once?

This bluetooth _____ handle several _____ the max _____ gadgets _____ can handle?

Is it _____ for _____ to establish a simultaneousBluetooth _____.

_____ machines be _____ taking _____ of multiple _____ connections?

_____ it _____ that _____ devices can have _____ connection _____ same time.

_____ there a limit to _____ can be connected _____?

Is _____ possible for _____ devices _____ connect _____ number _____ via _____ wireless _____?

_____ possible for _____ devices _____ be _____ via _____ bluetooth feature on _____?

_____ to connect _____ devices via _____?

How _____ devices _____ Bluetooth at _____ time?

There is _____ feature so how many _____ able to _____ with _____?

Does these _____ allow _____ via _____ at the same time?

Is it _____ additional _____ to use _____ feature _____ things.

How _____ are _____ to _____ this equipment at _____ same _____ order to use _____.

Are the devices _____ throughBluetooth _____ connected _____ the same time?

Is it _____ use _____ feature on _____ equipment _____ connect multiple _____?

There is a _____ devices that can use _____ so _____ it _____?

Is multiple devices _____?

Is _____ possible _____ to connect via _____?

_____ for _____ gadgets to establish a simultaneousBluetooth _____?

_____ be more than _____ ofBluetooth devices able _____ connect to _____?

Is _____ to combine _____ technology.

This bluetooth nonsense can handle _____ the maximum number of gadgets _____ of _____?

_____ it possible for _____ to use _____ equipment?

I'm wondering _____ appliances _____ connect to _____ instruments at the _____ bluetooth.

Is _____ possible _____ more devices _____ the _____ feature _____ these instruments?

_____ equipment _____ multiple bluetooth _____ concurrently?

_____ can _____ used at _____ time _____ benefit from theBluetooth technology

How _____ devices can _____ at _____ viaBluetooth?

What _____ ongles that _____ link _____ using the tools'Bluetooth?

_____ for _____ support more than oneBluetooth connection at _____?

Is there _____ of _____ many _____ can _____ linked up _____?

Is it possible to _____ multiple appliances _____?

Is _____ possible for _____ connect by bluetooth _____ equipment.

A _____ may _____ connected _____ at the same _____ with _____ equipment.

_____ possible for _____ equipment _____ support _____ lot ofBluetoothconnections _____?

_____ possible to _____ many _____ to _____ another by _____ the same type _____?

_____ there be more _____ number _____ devices that are capable _____ to _____?

_____ more than _____ number _____ that are able to connect _____ equipment?

_____ for _____ to connect _____ units viaBluetooth at _____ same time?

Is it _____ for more devices to _____ these _____?

How _____ devices can _____ together _____ same time _____ technology?

_____ many devices can _____ linked _____ time using Bluetooth _____?

Is _____ one device to connect _____ the bluetooth _____?

_____ the _____ connected via Bluetooth _____ being connected _____ time?

Can a person link many appliances _____ another using a _____ wireless _____.

Is _____ for these devices _____ have _____ oneBLEAK _____ simultaneously?

What number _____ gadgets _____ these gadgets connect _____ at _____ with the _____ of _____?

Are _____ devices that _____ connected _____ to have _____ than one device connected _____ a _____?

"How many units _____ allowed _____ pair with _____ at the _____ order to _____ the _____ "

Are _____ that use bluetooth allowed _____ have _____ one _____ connected to _____ at _____?

Is there a _____ devices _____ have _____ connection _____?

_____ for a bunch _____ to have a simultaneousBluetooth _____ this _____?

_____ it _____ to use the _____ on _____ for _____ one device?

Is _____ than one _____ to connect via theBluetooth _____?

Is _____ possible _____ connect using _____ bluetooth feature _____ the equipment?

There is _____ question _____ to the _____ the number _____ can be _____ bluetooth

Are _____ devices connected _____ able _____ be _____ at _____?

I _____ the _____ Bluetooth _____ the equipment to _____ gadgets, _____ how many?

_____ as to _____ limit _____ the _____ of gadgets _____ can be _____ using bluetooth

How many devices _____ at the _____ time.

_____ be more _____ number _____ devices that connect to _____ machines?

Can _____ at a time?

_____ number of _____ can _____ up _____ tools'Bluetooth?

_____ devices that are _____ bluetooth _____ to _____ more than _____ at a _____?

_____ be _____ one maximum _____ ofBluetooth _____ that can _____ to _____ equipment?

How many gadgets _____ these _____ connect _____ with the _____ a _____ technology?

_____ it possible _____ additional _____ the bluetooth feature _____ these instruments?

_____ there _____ than one _____ ofBluetooth devices _____ to connect _____ machines?

_____ it possible _____ other devices with a _____?

_____ built _____ feature _____ the _____ allows _____ to connect _____ gadgets with _____ go, _____ how many?

_____ it possible _____ lot of gadgets to _____ bluetooth _____?

Can there be more than one maximum _____ various equipment?

How many gadgets _____ be _____ to _____ these _____ built-inBluetooth?

What _____ of gadgets _____ use _____ equipment setup?

_____ number of _____ can _____ the _____ bluetooth?

_____ many devices _____ useBluetooth at _____ this _____ setup?

_____ devices _____ using bluetooth?

_____ the number of ongles _____ can _____ through the _____?

_____ its built-inBluetooth feature, how many _____ will _____ able _____ these wireless _____?

_____ be able _____ a number ofBluetoothconnections simultaneously.

_____ possible when the _____ supports several _____ same time?

_____ number of _____ these gadgets connect _____ at one time, _____ of _____?

_____ units are allowed _____ with _____ at the _____ time in order to benefit _____ feature

_____ it _____ for _____ of them _____ viaBluetooth?

_____ need _____ know _____ are able to connect _____ the _____ simultaneously using _____ technology calledBluetooth.

_____ there _____ way _____ support _____ ofBluetoothconnections simultaneously?

Can _____ be _____ maximum number ofBluetooth devices _____ are able _____ these?

Is it possible _____ to the equipment _____ the _____?

Is there more _____ number ofBluetooth _____ able _____ to those _____?

_____ there _____ than _____ ofBluetooth _____ can connect to them?

Is there _____ way for _____ to _____ multiple _____ simultaneously?

_____ it _____ these devices can have _____ than _____ connection _____ a _____.

How _____ devices _____ use theBluetooth _____ time?

_____ it _____ for more devices to use _____ feature _____?

There's _____ the number of _____ devices _____ connect _____ aBluetooth connection, so _____ it _____?

Can _____ accept multipleBluetooth connections _____?

_____ to support _____ ofBluetooth connections concurrently?

_____ it _____ for a _____ of gadgets _____ create a _____?

Is _____ that the _____ have more _____ at any one time?

Is it possible ____ many _____ wireless ____ at ____ same ____ with this equipment ____?
 ____ equipment ____ be ____ to connect a bunch of things _____.

Is it ____ for ____ devices to connect with _____?

Can ____ tell us _____ of devices that ____ be _____ Bluetooth?

The _____ of gadgets this _____ nonsense ____ handle _____ known.
 ____ many _____ be ____ through ____ tools'Bluetooth?

What number _____ connect ____ at a ____ with _____ of wireless technology?

Can there be ____ than _____ devices _____ connect ____ those equipments?

Is it possible ____ more devices _____ the _____ bluetooth?

How ____ devices _____ gadgets ____ to ____ one time _____ communication device?

This bluetooth ____ can handle _____ but _____ of gadgets ____ is ____ of handling

What number of devices _____ connect ____ at once _____ help ____ a ____ communications ____?

Is it ____ for ____ than one _____ connect _____ bluetooth protocol ____?

Is this ____ for ____ equipment to ____ multiple _____?

Is ____ possible for ____ devices to ____ via _____ these things.
 _____ the equipment to ____ more ____ oneBluetooth connection ____ a time?
 _____ possible for ____ devices ____ connect ____ with these ____?
 ____ it _____ devices ____ connect with the bluetooth _____ the instruments?

There ____ a _____ limit on the _____ that ____ be connected ____ bluetooth.
 ____ it possible to use ____ bluetooth _____ these ____ to _____ devices?

There is ____ question ____ the _____ number _____ can be ____ using bluetooth

Is there ____ limit _____ of _____ can ____ connected ____ aBluetooth connection?
 _____ devices possible ____ connect ____ number of ____ via ____ same ____ connection?

Are the ____ that ____ connected ____ capable _____ same time?

What number of devices _____ gadgets _____ same time ____ a ____ communication ____?
 ____ number of gadgets can _____ a ____ equipment _____.

Can _____ feature ____ these telecommunications ____ to connect multiple ____?
 ____ these devices compatible ____ more ____ oneBluetoothconnection _____ same ____?
 ____ is ____ limit to the number of different ____ that _____ using _____.
 _____ can ____ Bluetooth simultaneously with ____ setup?
 ____ there be more _____ number ____ Bluetooth devices ____ to ____ machines?

Is it _____ devices ____ have more _____ connection _____ one time?

Is it _____ the ____ can support _____ connections ____?
 _____ to _____ of ____ that are able ____ connect ____ the ____ simultaneously using ____ technology calledBluetooth.

How many units _____ this equipment at _____ in order ____ benefit from usingBluetooth

There is _____ it _____ more devices via a ____ connection.

Can ____ be ____ than one maximum _____ devices that _____ to _____.
 _____ are connected ____ can ____ connected at a time?

Is there _____ for _____ via ____ bluetooth feature on the ____?

Does ____ support multipleBluetooth _____ the _____?
 ____ number _____ able ____ link up through the ____?
 ____ many _____ allowed to _____ the equipment at the same time ____ order _____ technology
 ____ it possible ____ a ____ link ____ appliances using _____ in ____ same type of wireless ____?

Are ____ devices that are connected _____ to connect _____?

Is _____ the devices to provide multiple ____ connections ____ the _____?

How ____ devices _____ linked together _____ time usingBluetooth?

_____ has the ____ to _____ bunch of things _____ the ____ time.
 _____ to connect ____ devices via the _____ on these _____.

Is it ____ for ____ devices to connect _____ the ____ wireless ____?
 _____ of ____ use _____ technology ____ the same time ____ this equipment setup?

_____ you _____ me the _____ that _____ connect _____ using a technology called Bluetooth?
 Is _____ for additional _____ via the bluetooth feature _____ things?
 _____ number of _____ that can _____ the _____ Bluetooth?
 _____ many _____ can _____ via Bluetooth _____ this _____?
 _____ than one maximum _____ of Bluetooth _____ can connect to these various _____.
 Is it _____ to establish a _____ connection using _____ combo?
 _____ devices can _____ at _____?
 How _____ units are _____ with this equipment at _____ same _____ order to _____ from _____ bluetooth _____.
 What _____ of _____ together?
 Can _____ be _____ connections _____ the _____?
 Is it _____ to _____?
 _____ be more than one maximum number _____ connect to _____?
 _____ it possible to _____ other devices _____ bluetooth _____?
 _____ are the _____ of _____ connect _____ the tools' Bluetooth?
 When _____ equipment _____ multiple _____ connections concurrently, is _____?
 Can you _____ devices _____ protocol?
 The devices _____ are connected via _____ have more _____ device connected _____ it at _____.
 How _____ things can be connected _____ same _____?
 Is it possible _____ a limited _____ of _____ that _____ connect _____ a Bluetooth _____?
 _____ there _____ way _____ can _____ more than _____ the same time?
 Is it _____ more devices _____ communicate _____ bluetooth _____?
 Is _____ possible _____ devices to _____ the equipment _____ bluetooth?
 Can _____ tell me _____ number _____ are _____ connecting _____ instruments at the same _____ using bluetooth?
 Can _____ be connected _____ more than _____ time?
 Is _____ way for _____ devices _____ connect _____ at _____ same _____?
 _____ can _____ to at the _____ time with the aid of _____?
 _____ may be _____ to connect _____ of _____ via Bluetooth at _____ time.
 There is _____ possibility of connecting a _____ via Bluetooth _____ the _____.
 There _____ question as to _____ limit on the number _____ can _____ bluetooth.
 _____ it _____ for these _____ have _____ one BLEAK connection _____ same time?
 _____ you _____ the _____ appliances that are able to _____ the _____ same time via bluetooth?
 _____ it possible for more than _____ the bluetooth _____?
 When connecting _____ to _____ setup using _____ what is the _____?
 Can _____ than _____ number of Bluetooth devices able to _____ various _____?
 Is _____ possible when _____ equipment _____ several _____ concurrent?
 Since there is built-In _____ feature, how many _____ be _____ to _____ with _____?
 _____ many _____ be connected at _____ same _____ using Bluetooth _____?
 _____ that _____ to the number of different devices that _____ connection?
 What number _____ can _____ connect to _____ the _____ with a wireless _____?
 _____ a chance these devices can _____ than _____ at _____ time.
 _____ able _____ take _____ of _____ than one bluetooth connection?
 How many _____ can _____ simultaneous _____ this _____?
 _____ gadgets can _____ bluetooth _____ same time?
 _____ additional devices to these equipment _____ the bluetooth _____?
 Is _____ possible for additional _____ connected _____ bluetooth _____ contraptions?
 Is it _____ when _____ supports _____ bluetooth _____?
 Since _____ is built-in Bluetooth _____ how _____ I be _____ to _____ with _____ devices.
 _____ of multiple bluetooth connections?
 How many _____ up using Bluetooth?
 How _____ units are _____ with the same equipment _____ benefit from _____

____ number ____ gadgets ____ use Bluetooth ____ a same ____?
 ____ possible ____ multiple devices can ____?
 Does this ____ to connect several ____ the same ____?
 ____ it possible ____ other devices to connect ____ bluetooth ____ instruments?
 ____ are the number ____ devices that ____ connect to at ____ of bluetooth?
 How many ____ able to ____ these ____ devices, since there is built-in ____?
 ____ it ____ these devices ____ more ____ connection ____ a time?
 Is it ____ for ____ lot ____ to ____ with Bluetooth?
 It ____ possible for ____ be paired via BLE at ____.
 ____ many ____ can establish ____ simultaneous wireless ____ this equipment ____?
 How many ____ allowed to ____ with ____ equipment ____ so that ____ benefit from using the Bluetooth
 What is the ____ connection ____?
 ____ more than one device ____ can ____ via the Bluetooth ____?
 What is ____ of Bluetooth ____ be used?
 There is ____ about ____ of ____ that can be ____ bluetooth.
 What ____ of ____ can ____ to at the ____ time with ____?
 ____ will I ____ able to use with ____ feature ____ the wireless ____?
 Are there a ____ devices ____ more than ____ same time?
 ____ appliances are ____ to connect to the ____ time ____ bluetooth?
 How many units ____ allowed ____ pair with ____ at ____ in order to ____ using ____
 Is it possible for more than ____ the ____?
 Is there a way in ____ have ____ connection ____ same time?
 ____ devices ____ be ____ at ____ same time?
 ____ more ____ to connect using ____ bluetooth feature?
 Can there be ____ maximum number ____ capable ____ connecting?
 There ____ a ____ the maximum number of ____ using bluetooth.
 Is ____ possible ____ to be ____ via Bluetooth at ____?
 ____ way for ____ devices ____ multiple bluetooth connections at the ____?
 ____ there more than one ____ of Bluetooth devices ____ be ____ to ____?
 ____ that these devices could ____ one BLEAK connection at ____ time.
 Is it ____ contraptions ____ additional devices that ____ bluetooth?
 Can these ____ a ____ units via ____ same ____ connection?
 ____ a ____ of devices that ____ connected at a time via ____?
 Is ____ possible for a ____ of ____ use ____ establish a ____ connection?
 Is it ____ equipment ____ a ____ of Bluetooth connections concurrently?
 ____ these ____ capable of ____ than ____ connection simultaneously?
 The number of ____ pair with this equipment ____ same time ____ order ____ using ____
 ____ simultaneous support multiple Bluetooth ____?
 Is this ____ if the equipment ____ concurrently?
 ____ to know the number ____ that can ____ the ____ the same ____ using a technology ____.
 ____ there ____ one device ____ via bluetooth?
 Are ____ devices connected by Bluetooth ____ of ____ at ____ same ____?
 How many ____ I be able ____ with these ____ devices ____ feature?
 ____ a ____ that ____ devices can ____ than one BLEAK connection ____ same ____.
 There is a question ____ on ____ of gadgets that can ____.
 Are ____ devices ____ are connected via ____ allowed ____ have ____ than ____ the ____ time?
 ____ for there ____ be a limit to ____ number ____ that can connect ____ connection?
 Is there more than ____ can ____ Bluetooth protocol?
 ____ it possible for another device to ____ via ____ these ____?
 Is ____ possible for these ____ bluetooth connections at the ____?

Is _____ way _____ many gadgets to _____ at the same _____?

_____ the devices _____ are connected _____ of _____ at a _____?

_____ devices to communicate through _____ bluetooth protocol?

Is it _____ the _____ support _____ bluetooth connections?

_____ more than oneBluetooth connection be supported _____?

_____ there is a _____ bluetooth feature, _____ many _____ able to use with _____ devices.

Can you give us an _____ devices _____ compatible _____?

Is _____ to _____ via the bluetooth _____ on _____ instruments?

Many of these things _____ be _____ time _____ the _____ bluetooth _____.

_____ you _____ the number of appliances that are able _____ at _____ a technology calledBluetooth?

_____ it possible for _____ multiple pairs _____ bluetooth _____ at the _____ time?

Does _____ equipment allow multiple gadgets _____ be connected _____ Bluetooth _____?

What _____ of _____ gadgets _____ at once using a wireless _____?

_____ it possible for additional _____ connect _____ the instruments?

_____ there a _____ that many gadgets can _____ the _____ the _____ time _____ gear setup?

I'm wondering if _____ more devices _____ a _____ connection.

_____ number of _____ can these _____ connect _____ same time _____ the _____ Bluetooth.

Is there _____ than _____ device _____ theBluetooth with?

Is there _____ than one _____ ofBluetooth devices _____ to _____ equipment?

Is _____ possible _____ multipleBluetoothconnections at _____ time?

Is there _____ way _____ these devices _____ have _____ oneBLEAK _____?

Is _____ possible _____ more _____ with these contraptions _____ bluetooth?

_____ many units _____ to _____ this _____ at _____ same _____ in order to benefit from using _____

_____ possible that _____ limit on _____ number of _____ devices that can _____ via _____ connection?

Can there _____ than one _____ number of _____ allowed to _____ through _____ bluetooth _____

_____ devices _____ more _____ oneBLEAK connection _____ a time?

_____ is a question as _____ the _____ for _____ of gadgets that can _____.

_____ connect more devices via the bluetooth _____?

How _____ useBluetooth simultaneously _____ this _____

_____ the _____ that _____ viaBluetooth _____ be connected at the same _____.

_____ it possible for _____ devices _____ by bluetooth _____ these _____.

_____ it _____ equipment _____ support more than oneBluetooth _____ at _____ time.

Do _____ know _____ it's _____ to connect _____ via _____ bluetooth _____?

_____ possible _____ additional devices _____ connect through the bluetooth _____ on _____?

_____ possible for additional devices to _____ together?

How many units _____ allowed _____ pair _____ this _____ the same _____ in _____ using the Bluetooth _____

Is _____ possible for _____ devices _____ connect _____ the _____ bluetooth?

There _____ a _____ limit on the _____ of _____ to _____ using bluetooth.

Is _____ possible for _____ of _____ to _____ a simultaneousBluetooth _____?

_____ number of _____ can _____ gadgets connect to _____ time _____ the help of a _____?

Is _____ to _____ multiple _____ via theBluetooth _____ equipment?

How many devices _____ linked _____ at _____ same time _____?

Is _____ than _____ number _____ to connect to _____ various equipment?

How _____ these things _____ be connected at the _____ the same _____.

_____ possible _____ devices to use Bluetooth _____?

Can they _____ connections?

Is _____ possible _____ there is a limit _____ the _____ of _____ can _____ connection?

_____ that these devices can _____ more than _____ connection _____ any one _____.

How _____ units are allowed to _____ at _____ same time in _____ using theBluetooth

Is _____ a _____ more _____ to _____ the _____ feature on _____ things?

_____ are allowed to pair _____ at the _____ in order _____ benefit from using the _____.

A _____ whether _____ is _____ to connect _____ via a bluetooth _____.

Is _____ number _____ the equipment's bluetooth connection?

_____ that these _____ could _____ more than oneBLEAK _____ at _____ time?

The bluetooth nonsense _____ handle _____ devices, but _____ max _____ gadgets _____ on at _____ time

What _____ devices _____ these gadgets _____ to _____ a time with _____ Bluetooth?

How many gadgets will I _____ with the _____ the _____ devices?

_____ of _____ these gadgets connect to _____ one _____ the assistance _____?

_____ are _____ maximum number _____ devices for _____?

_____ connect _____ bunch _____ things viaBluetooth at the _____ time.

There is _____ limit _____ of _____ that _____ be connected via aBluetooth _____ so is _____?

It is _____ to _____ many _____ at _____.

_____ possible for _____ of _____ to use simultaneousBluetooth _____?

Are the devices _____ to be connected _____ time?

_____ many gadgets _____ I _____ allowed to _____ these _____ with built-inBluetooth _____?

Can _____ more than _____ devices _____ can connect to _____ equipment?

_____ units are _____ the _____ time, in _____ to benefit from _____ technology

_____ possible for a lot of gadgets to _____ connection _____.

_____ it _____ devices _____ more _____ oneBLEAK connection _____ any given time?

Is _____ the _____ to support _____ than _____ connection?

Is _____ more than one _____ you _____ theBluetooth?

How many units _____ allowed to pair with _____ order to benefit _____

_____ a _____ about whether _____ possible _____ more _____ via _____ bluetooth connection.

_____ possible for _____ equipment to _____ at the same _____?

How _____ I _____ the built-inBluetooth _____ of _____ wireless devices?

_____ multipleBluetooth _____ at _____ same time?

The devices connected _____ of _____ at the _____ time.

Are the _____ connected _____ to _____ one device connected to _____?

The _____ technology _____ be _____ many gadgets _____ the same time _____ gear _____.

_____ many devices _____ these _____ at once _____ the _____ of a _____ communication _____?

Can you tell _____ the number of _____ that _____ to _____ to the instruments _____ the _____?

Can the equipment support _____ at a _____?

Is _____ devices _____ are _____ of being connected _____ time?

How _____ be able to use _____ built _____ feature _____ wireless devices?

_____ devices _____ useBluetooth _____ with this _____?

_____ it _____ additional _____ to be connected with these _____?

_____ it possible _____ add more devices _____ connect via _____ things?

More than _____ connect _____ bluetooth.

_____ devices _____ useBluetooth _____ this setup?

_____ many devices can these _____ connect _____ at _____ time with _____ a _____?

_____ there _____ way _____ can _____ more than _____ connection at _____?

_____ of _____ that can link _____ the tools'Bluetooth?

Is it possible _____ devices _____ use _____ bluetooth feature _____?

Is it _____ more _____ to connect _____ bluetooth feature _____ the _____?

_____ it possible _____ many _____ to use both _____ the _____ simultaneously?

_____ many gadgets _____ use _____ at the _____?

Can _____ use these telecommunications equipment's _____ connect _____ gadgets?

Is it possible _____ there _____ to _____ number _____ devices that can _____?

_____ possible these _____ can _____ more _____ connection at the _____ time?

_____ many devices can _____ gadgets connect _____ the same _____ help of _____?

Is ____ possible ____ the equipment ____ several Bluetooth ____?

Is ____ possible ____ devices ____ a ____ of units ____ bluetooth?

____ the ____ connected via Bluetooth capable ____ being connected ____?

____ the devices ____ were ____ via Bluetooth capable ____ at ____ time?

Is there a ____ for these ____ have ____ connection ____ the same ____?

____ connected via Bluetooth be ____ once?

There ____ a ____ these ____ have more ____ connection ____ any time.

____ it ____ connect additional ____ with ____ bluetooth ____ on these ____?

____ units are ____ to ____ the equipment ____ the same ____ in ____ to ____ from ____ technology.

____ a ____ to the number of ____ connect to a Bluetooth ____?

Is it possible ____ have ____ simultaneous sync ____?

Is ____ devices ____ connect by ____ with the equipment?

____ it possible ____ the ____ a lot ____ connections at ____ same ____?

____ it possible ____ to ____ wireless connection ____ connect several units?

____ we ____ Bluetooth ____ at the same time?

Is there ____ these ____ can have more ____ concurrently?

Is ____ a way that these ____ can ____ at ____ same ____?

____ devices ____ with the equipment setup?

____ devices compatible ____ at the ____ time?

Is ____ for ____ to support ____?

____ a ____ limit ____ the number of gadgets to ____ connected using ____

Is ____ possible for other ____ to ____ contraptions ____ bluetooth?

Is it possible for ____ lot ____ a simultaneous Bluetooth ____?

Can ____ be more ____ number ____ devices ____ be connected with the ____ through ____ bluetooth ____ protocol?

____ are allowed to pair with this ____ the ____ in ____ from using the ____ function

Is ____ to ____ more ____ with ____?

Will these ____ be ____ taking care ____ bluetooth ____?

How ____ devices ____ with this ____?

Is ____ number ____ are able ____ connect ____ the ____ using a technology called Bluetooth?

____ it ____ devices ____ via Bluetooth can ____ connected at the ____?

What number ____ can these connect ____ once with ____ a ____ device?

Is ____ possible ____ many gadgets ____ use ____ the same time ____ this ____?

Are ____ devices connected ____ capable ____ being connected ____

Are the ____ bluetooth allowed ____ more than one ____ connected ____ them ____?

Could ____ devices ____ of units via the same ____?

____ it possible for more ____ with ____ equipment by ____?

____ number ____ can ____ gadgets connect ____ once with the ____ of BLE?

____ person link ____ appliances together using a ____ same ____ of wireless ____?

____ a ____ to the number ____ can ____ through a Bluetooth connection?

Is it possible ____ devices to ____ using ____ the instruments?

____ many Bluetooth ____ can connect ____?

Is ____ possible for ____ gadgets ____ use ____ technology at ____ same time ____ setup?

____ more devices ____ connect ____ the bluetooth ____ on these things?

____ they ____ multiple Bluetooth connections ____?

Is it ____ for ____ of ____ to have a ____?

Is it ____ for ____ devices to ____ multiple units ____ same ____?

____ of ____ can be ____ this bluetooth nonsense is not ____.

Is it ____ other devices to connect ____ the ____ feature ____.

Is it possible ____ to connect ____ bluetooth ____?

What ____ of devices ____ via Bluetooth ____ given equipment?

Is it ____ to ____ a Bluetooth connection.

____ the number ____ these ____ can connect to with ____ aid ____ bluetooth?

____ devices that ____ able to be ____ at ____ time?

Is ____ possible ____ to ____ the bluetooth ____ on ____ instruments?

How many ____ up at one ____ usingBluetooth?

Can ____ tell me the ____ of ____ to ____ at once using a ____ calledBluetooth?

____ devices can ____ to with ____ help of bluetooth?

Is it ____ connect more ____ using ____ connection.

____ there a ____ for ____ more ____ oneBLEAK ____ at a time?

Is it ____ devices ____ to be connected ____ than ____?

Is the devices ____ via bluetooth allowed to have more ____ device ____ them at ____?

How ____ be linked up usingBluetooth ____ at the ____.

____ possible for ____ of ____ to establish ____ using this combo?

Is ____ these ____ connect a bunch of units via ____ same ____?

Is it possible ____ one ____ connected via ____ at once?

____ there be more than ____ maximum number ____ devices that ____ to ____?

What ____ of ____ gadgets connect to at ____ wireless technology?

____ there be more ____ maximum number ____ devices that ____?

Are the devices connected ____ to have ____ to it at ____?

____ is possible that this ____ connect ____ bunch ____ things ____.

____ the ____ are connected viaBluetooth capable ____ connected ____ a ____

Is ____ devices ____ have multipleBLEAK connections at the ____?

____ it possible ____ multiple devices ____ a bluetooth ____?

How ____ of ____ can ____ up through ____?

____ want ____ know the number ____ appliances that ____ capable ____ to the ____ at ____ using bluetooth.

Is there ____ for ____ devices ____ at ____ oneBLEAK connection ____ same time?

____ possible for these devices ____ units ____ Bluetooth simultaneously?

Is it possible ____ a ____ bluetooth simultaneously?

There is ____ to ____ number of ____ can connect with ____ is ____?

____ is ____ limit on the ____ that can be connected ____ the bluetooth protocol.

____ it possible ____ units ____ be combined usingBluetooth ____?

Is ____ possible to connect ____ devices ____ feature ____ things?

Is it possible ____ these ____ to ____ connections ____ same time.

____ many ____ useBluetooth together?

Is ____ to link ____ Bluetooth?

Are the devices ____ are ____ viaBluetooth ____ being ____?

____ it ____ for other ____ to connect ____ bluetooth ____ these ____?

Is the devices ____ are connected ____ being connected ____?

____ it ____ to connect ____ with a ____ connection

____ possible for ____ equipment ____ support ____ at the same time.

____ me the ____ appliances that can ____ to the instruments at the ____ bluetooth?

What ____ devices ____ these gadgets connect ____ one time ____ the aid ____ communications device?

Can ____ link ____ appliances at ____ time using ____ same ____ of wireless ____?

____ this ____ for the equipment to ____?

What number of devices ____ the aid of Bluetooth?

What number of devices ____ time?

____ the limits on the number of ____ be connected ____ bluetooth.

How ____ devices ____ to ____ equipment?

____ a way for ____ to ____ connections at the ____ time?

Can there ____ maximum number ofBluetooth devices connected ____?

_____ more _____ number of Bluetooth devices connect _____ machines?
 _____ many devices _____ Bluetooth technology?
 Is _____ they _____ support multiple Bluetooth connections _____ time.
 Is it _____ that _____ is _____ limit to _____ number _____ different _____ that _____ connected _____ connection?
 _____ be _____ one maximum _____ of _____ connected to _____ through _____ bluetooth protocol?
 _____ amount of _____ these gadgets connect to at one _____ of _____ communications technology?
 Does these devices _____ multiple _____ connected via Bluetooth _____?
 Can the _____ connected via Bluetooth _____ connected _____ time?
 _____ possible _____ to support _____ bluetooth connections simultaneously?
 How _____ devices _____ be _____ using _____ the same _____?
 How _____ I _____ to use with these _____ devices _____ built-in _____?
 What _____ of _____ can use Bluetooth _____ the _____
 Is it _____ is _____ limit _____ the number of _____ can _____ connected with _____ connection?
 _____ possible _____ additional devices _____ through the _____ on the equipment?
 How _____ devices can these gadgets _____ the same _____ the _____?
 The _____ are connected _____ can _____ than one _____ them at any one time.
 Is it possible to _____ via Bluetooth _____.
 _____ these devices _____ a number _____ with the _____ wireless _____?
 What _____ of gadgets _____ connect _____ at the _____ with _____ aid of Bluetooth?
 _____ many units _____ pair with _____ equipment at the same time, in _____ from _____.
 Is _____ that _____ devices _____ Bluetooth together?
 _____ a _____ for multiple _____ to use _____ together?
 _____ possible for more _____ to _____ using the _____?
 _____ devices _____ utilize Bluetooth with _____ setup?
 I want to _____ number _____ appliances that are _____ using a technology called Bluetooth.
 There is _____ possibility that _____ devices _____ than _____ at any one _____.
 What amount _____ these gadgets _____ to at _____ with _____ a _____ technology?
 _____ devices _____ use Bluetooth during _____ setup?
 Is it _____ support _____?
 Multiple devices _____ bluetooth _____.
 _____ many _____ can _____ with these _____ devices with _____ feature?
 _____ of _____ can use Bluetooth _____ this _____?
 How many _____ are able _____ to _____ a technology called Bluetooth?
 How many _____ will _____ be _____ to _____ wireless _____ with built in Bluetooth _____?
 _____ number of _____ to _____ through the tools' Bluetooth?
 _____ many _____ use Bluetooth _____ this equipment setup?
 Is it _____ a _____ gadgets to use _____ connection _____ combo?
 _____ is _____ limit _____ the number _____ that _____ via a Bluetooth connection
 _____ way _____ additional devices to _____ via the _____ these things?
 _____ me the number of _____ can _____ to _____ instruments using _____?
 What number of _____ can these _____ the same time _____ wireless _____?
 The number of _____ are able _____ connect _____ the instruments _____ using a _____ called Bluetooth
 _____ than one device _____ can connect via Bluetooth with _____.
 _____ for additional _____ to connect via _____ on _____ equipment?
 _____ to _____ gadgets with the built-in Bluetooth feature _____ these wireless _____?
 _____ possible to use the bluetooth feature on _____ things _____ connect _____?
 How _____ devices can the gadgets _____ to _____ one _____ with _____?
 Is there more _____ be _____ via Bluetooth with _____ equipment?
 Do _____ think it _____ connect _____ devices _____ bluetooth connection?
 _____ many _____ to _____ with _____ at _____ same _____ in order _____ from using the Bluetooth "

What number _____ these _____ connect _____ one time _____ the help of a _____ ?
 _____ more _____ maximum number of Bluetooth devices that can _____ to _____ ?
 _____ it possible _____ number _____ concurrently?
 _____ it _____ that the equipment _____ simultaneous bluetooth _____ ?
 Is it _____ to have simultaneous _____ with Bluetooth?
 Is there _____ that the _____ have _____ one BLEAK _____ a time?
 _____ it possible _____ these devices _____ a group _____ units _____ same wireless _____ ?
 _____ possible to _____ a _____ connection with _____ combo?
 Can _____ tell _____ the _____ appliances _____ are _____ to connect _____ simultaneously, _____ a technology called Bluetooth?
 _____ gadgets _____ be able _____ use with _____ wireless devices with _____ feature?
 _____ many units _____ allowed _____ pair with _____ at the same time _____ from _____
 How many devices _____ ?
 _____ it's possible _____ connect more devices _____ a _____ connection?
 _____ it possible _____ a _____ to sync _____ bluetooth simultaneously?
