

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Generation source mix disclosure
Inquiry Sub-Category	Renewable energy percentage
Description	Customers request information on the percentage of electricity generated from renewable sources, such as solar, wind, hydro, or biomass, to ensure they are supporting a sustainable energy provider.
Data Size	10,207 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

How _____ know _____ power _____ supports clean energy without relying on fossil _____ like _____ _____ ?
_____ can I _____ my _____ provider _____ clean energy without using _____ ?
_____ power provider use _____ ?
_____ does _____ support _____ and coal based renewable _____ ?
Do you know if _____ electricity _____ ?
_____ to know if my electricity _____ is _____ coal and _____ .
Can _____ determine if the _____ relies _____ sources?
Can _____ me _____ your power _____ is devoid of coal _____ ?
Do you _____ if _____ power _____ a supporter _____ clean _____ ?
Do _____ company use _____ and _____ or gas?
Can _____ that _____ from renewable sources?
Is my _____ interested _____ without using _____ ?
Are _____ being used _____ supplier?
I'm wondering _____ embraces green _____ without using _____ .
How _____ I find _____ if my _____ sources?
_____ it _____ to _____ if the _____ supplying electricity is _____ sources?
_____ you make sure my electricity _____ that _____ ?
Do your _____ company _____ clean _____ don't use _____ gas?
_____ this power _____ non-toxic _____ no pollution?
How to assess _____ our _____ climate friendly practices _____ leaning _____ .
_____ my _____ using _____ alternatives _____ coal/gas?
Can _____ know _____ my energy _____ clean _____ ?
Is _____ to identify a fossil _____ from _____ source?
I _____ to _____ if _____ clean fuel sources, _____ coal _____ gas.
_____ my _____ wish _____ clean energy?
_____ your _____ have power _____ isn't _____ on _____ fuels?
_____ make _____ that the electric company _____ energy options?
How can I know _____ fossil fuel-free _____ ?

____ I see ____ my provider ____ renewable energy ____ ____ ____ gas use?
 Is there a ____ if my utility ____ alternatives ____?
 ____ there ____ indicator of ____ support by ____ company?
 ____ like ____ know ____ my electricity ____ supports cleaner ____.
 I want to know if ____ green ____ without ____.
 ____ any way ____ check for renewable energy ____ by ____?
 Is ____ to determine the ____ on denying fossil-derived ____?
 ____ my provider ____ energy ____ coal or ____?
 Can ____ find ____ the ____ service ____ use relies ____ on renewable ____?
 Does my power ____ non-coal, ____ sources?
 Is ____ clue as to whether ____ energy ____ against ____ and ____?
 ____ you ____ company is promoting clean energy ____?
 ____ it ____ find ____ if ____ energy supplier ____ clean forms of ____ using coal or gas?
 ____ it possible to find ____ if ____ energy supplier I ____ forms of ____ instead ____ using coal ____?
 Are ____ signs that ____ energy is ____ by ____ supplier?
 How ____ check ____ renewable ____ usage ____ electric firms?
 Does your ____ provide ____ fossil ____?
 ____ to ____ power suppliers ____ uphold reduction ____ upon dirty resources?
 ____ we ____ if our ____ embraces climate-friendly practices ____ relying on ____ resources?
 Can I find out ____ my provider ____ without ____?
 Does my ____ eco-friendly ____ coal/gas usage?
 Does the ____ provider favor ____ fuels?
 ____ me if I'm getting ____ from renewable ____?
 I am ____ my ____ supplier promotes clean ____.
 Does my ____ back ____ renewable ____?
 Can ____ assure ____ my ____ from renewable sources?
 ____ supplier back ____ energy?
 I need to ____ if ____ utility supports non-fossil ____.
 ____ it possible to ____ out ____ company ____ electricity ____ compatible with clean ____?
 Does my ____ supplier ____ that's ____ dependent ____ or gas?
 ____ can I ____ utility ____ is fossil ____ free?
 ____ want to know ____ my ____ energy sources.
 ____ way to gauge if my utility supports ____?
 ____ can I find ____ if the ____ company ____?
 Our ____ provider ____ promote ____ energies ____ coal ____ gas.
 Can't ____ to ____ can the power company get ____ non-toxic energy?
 Is ____ way to know if ____ company is ____?
 Is it ____ for ____ to ____ cleaner options ____ and gas?
 ____ my ____ offer ____ energy?
 ____ supports ____ sources, how can I tell?
 Evidence ____ back ____ my ____ company's support ____ carbon-neutral ____?
 ____ energy endorsed by ____ electricity supplier over ____ and coal?
 Is ____ to find ____ only supports renewable energy?
 ____ find out if ____ provider is ____ favor of ____?
 ____ tell me ____ is ____ from renewable sources?
 I ____ if ____ supplier ____ free ____ and gas usage.
 Could I ____ out if ____ company ____ only?
 You should ____ your power company promotes ____.
 Is it possible for my provider ____ back ____ gas?
 Does ____ company ____ free from fossil fuels?

_____ want _____ my _____ supplier supports _____ of renewable sources.
 Can you tell me _____ provider supports _____ over coal _____?
 _____ there any _____ determine the _____ position on _____ fossil-derived _____?
 _____ you _____ how to determine our utility _____ fossil-derived _____?
 Is it possible _____ if my utility _____?
 Can this _____ get _____ with _____ energy _____ not have pollution?
 _____ can I _____ out if the utility _____?
 Can _____ be sure _____ you have an _____?
 How can _____ know _____ my power _____ renewable _____?
 _____ can I find _____ company offers clean fuel _____?
 _____ get _____ power without _____ fossil _____?
 _____ my electricity _____ using fossil _____?
 _____ don't know if _____ fossil fuel-free sources.
 Is it possible _____ if my energy supplier supports _____ forms _____ coal _____?
 _____ would _____ to _____ the _____ service we _____ relies _____ not fossil fuels.
 _____ that _____ eco-friendly?
 Does my _____ supplier _____ me _____ non-coal _____?
 Do _____ know _____ my _____ offers clean, non-coal, non-gas _____?
 _____ supplier _____ gas free?
 _____ power _____ clean, _____ non-gas?
 Does my power _____ clean energy?
 _____ knowing if the _____ supports eco-friendly solutions _____ coal/gas _____.
 _____ our current energy _____ climate-friendly practices _____ leaning _____ resources?
 Are _____ of coal and _____ usage?
 _____ power company _____ offer _____ without being polluted?
 _____ your _____ company promoting clean energy alternatives _____ of _____ and _____?
 I would like _____ my energy _____ supports _____ solutions.
 How _____ find _____ if _____ company supports renewable _____?
 I want _____ know _____ electricity provider _____ renewable _____ than fossil _____.
 Is _____ power _____ alternative?
 _____ power _____ offer clean _____ isn't _____ on coal _____ gas?
 Does _____ power _____ offer _____ that _____ not dependent on gas _____?
 _____ electric company make _____ green energy solutions?
 _____ this _____ be on board _____ non-toxic _____?
 Is _____ power company _____ clean _____ no coal _____?
 Does my _____ sources _____ fuels like coal _____ gas?
 _____ interested _____ finding _____ if my energy _____ supports _____.
 _____ my power _____ able to _____ energy sources?
 Should _____ be _____ out whether my power _____ is _____?
 _____ are used by my _____?
 Does _____ supplier back _____?
 _____ to _____ if the company that is supplying _____ compatible with _____?
 _____ like _____ a _____ fuel-free service from my _____.
 _____ that my _____ does not _____ or gas?
 Should _____ energy _____ embrace climate friendly _____ without _____ on _____?
 _____ possible that you _____ eco-friendly electricity _____?
 Does _____ supplier offer _____ energy _____ not _____ on _____ fuels?
 _____ does _____ electric company ensure they _____ energy _____?
 Is it _____ my _____ company supports clean-energy without _____?
 _____ my power _____ support _____ of _____ energy?

Do ____ power company ____ energy ____ of ____ and gas?
 ____ if my utility embraces ____ alternatives without ____ fossil ____?
 I ____ if my energy ____ coal and gas.
 ____ tell me ____ electricity ____ promotes cleaner energies over gas ____?
 Can I identify ____ fossil ____ the ____ source?
 Is ____ promoting ____ alternatives, ____ dependence ____ coal and gas?
 What can ____ do ____ determine ____ the ____ is ____ fuel-free?
 Is ____ possible for ____ power ____ to offer ____ without ____ gas?
 ____ it possible ____ renewables ____ endorsed ____ over dirty fuels?
 ____ supplier prefer renewable energy ____ fuels?
 Does ____ power supplier ____ clean ____ is not dependent ____ or ____?
 ____ it ____ to see ____ power company ____ pro-renewables ____?
 ____ to know ____ my ____ supports greener ____.
 ____ power ____ back ____ energy?
 ____ this power ____ get on ____ energy ____ not have any ____?
 ____ can I ____ out about ____ by ____ firms?
 ____ current energy provision embrace ____ leaning ____ harmful resources?
 How does electric ____ non-gas and coal ____?
 Does ____ power ____ offer clean ____?
 ____ power supplier ____ energy that ____ not depend ____ coal ____ gas?
 D'you ____ a clue, ____ suppliers uphold ____ upon dirty ____?
 ____ can I ____ if my power company ____ alternatives?
 How should ____ out ____ my ____ company supports clean ____?
 ____ energy provision ____ friendly practices ____ leaning on harmful ____?
 Is there a way ____ fuel-free ____ from ____ power ____.
 ____ do ____ the electric ____ and ____ based green energy solutions?
 ____ whether ____ energy provision ____ friendly practices ____ on harmful resources?
 ____ it possible ____ find out ____ an energy ____ power generation.
 What ____ I ____ to find out if ____ power ____ clean ____?
 Does the ____ not dependent on coal ____ gas?
 ____ a way to ____ my utility supports ____ sources?
 Can ____ get ____ with non-toxic energy and ____ pollution?
 ____ you know ____ power company ____ energy ____ fossil fuels?
 Is ____ a ____ to ____ out if my ____ clean ____ of ____ generation, ____ of ____ coal or ____?
 Is it the ____ that ____?
 If ____ power ____ energy alternatives instead ____ coal and gas?
 ____ capable of ____ cleaner options that ____ involve coal ____ gas?
 Is ____ provider ____ in ____ other than coal ____ gas?
 ____ tell ____ if I ____ electricity from ____ sources?
 Do ____ company ____ clean energy ____ avoiding ____ and ____?
 Can you ____ company ____ clean energy?
 ____ there ____ my power company backs ____ initiatives?
 ____ my utility ____ green ____ using ____?
 I ____ know if my energy ____ and ____ substantive proof.
 ____ it possible to ____ out ____ clean forms ____ power generation instead of using ____ gas?
 ____ one make ____ their ____ supports ____ energy solutions?
 ____ the ____ is fossil fuel-free?
 Is ____ power ____ promoting ____ sources?
 Is it ____ if the energy supplier I ____ clean forms of ____ using coal or ____?
 ____ a power ____ on board with ____?

Can _____ tell _____ if _____ electricity provider _____ of power?

_____ can I find _____ company supports _____ use of _____ fuel _____?

_____ there a way to find _____ supports _____ power?

_____ confirm that _____ embraces _____ alternatives.

Is _____ power provider _____?

I'd _____ utility embraces green _____ without using coal/gas.

_____ do I _____ out _____ the _____ provider _____ renewable _____?

_____ does the _____ they _____ non-gas _____ coal based green energy _____?

Is it possible _____ if _____ utilities _____ don't include toxins?

Are _____ sure if we _____ clean _____ don't burn _____?

_____ if my power _____ offers clean _____ that doesn't _____ gas.

Is _____ to know _____ the energy supplier I use _____ of _____ generation _____ of using _____?

_____ way to _____ the _____ supports non-fossil alternatives?

Can _____ if my _____ supports _____ energy without _____ or _____?

Does _____ that _____ free from coal _____ gas?

Does _____ supplier _____ renewable _____ that _____ coal and gas?

_____ say that _____ energy _____ favors _____ fuels?

_____ confirm whether the electricity provider _____?

Can you _____ me _____ your power _____ clean _____?

I don't know _____ energy

How do you _____ electricity _____ renewable sources?

Is _____ if _____ energy _____ supports clean forms _____ power generation over coal or _____?

_____ my _____ company support _____ energy, without _____ gas?

Can I tell _____ power _____ supports _____ sources?

_____ electricity _____ promoting cleaner _____ and gas?

_____ I _____ if my _____ company supports _____ fuel _____?

_____ the _____ not _____ or gas?

_____ can I do _____ know _____ the _____ company _____ fuel-free?

Do y'all _____ green _____?

_____ company promoting clean _____ of _____ and gas?

_____ find out _____ fuel-free _____ my electricity supplier supports?

_____ my _____ promote _____ fuel sources other than gas _____?

_____ my _____ provider _____ clean energy over coal _____?

Is _____ any _____ by _____ company?

Can _____ that your power _____ is _____ clean _____ or gas emissions?

How can _____ find _____ electricity provider _____ clean fuel _____.

I _____ if _____ supports green alternatives without using _____.

Do my _____ support clean _____ without coal _____?

_____ you know _____ my _____ green alternatives _____ coal/gas?

_____ my power supplier support _____ energy, _____ coal _____?

Did _____ energy that isn't dependent on _____ gas?

_____ to _____ that _____ company backs _____ initiatives?

_____ confirm _____ your power company is _____ energy?

Is your _____ on _____ energy without the _____ of coal _____?

Do you _____ power I get is _____ renewable _____?

_____ can _____ do to determine if _____ electric _____ do not _____ toxins?

I _____ if the _____ company will actually _____ energy.

_____ your _____ provide _____ is not dependent _____ and gas?

Can _____ find out _____ power _____ supports renewable _____?

_____ can _____ electric company truly support _____ coal _____ green _____?

_____ in finding _____ my _____ provider accepts eco-friendly _____.
 Do _____ provider _____ cleaner _____?
 _____ to _____ if the _____ supplier _____ fuel-free sources.
 How can I make _____ my _____ supplier _____?
 Do _____ check _____ my energy provider _____ and gas?
 _____ am interested _____ knowing if _____ is generated through renewable _____.
 _____ to determine whether our current _____ embraces climate _____ practices without _____?
 _____ the power company promoting clean energy _____ using _____?
 Is _____ utility willing to _____ without using _____?
 Can _____ my _____ supplier discourages _____ without relying on _____?
 Can _____ me _____ your power company _____ clean _____?
 I _____ to _____ if _____ offers _____ energy sources.
 _____ supplier interested _____ or is _____ still relying on coal _____ gas?
 How _____ know _____ electricity provider supports _____ sources?
 Is there a way _____ find _____ pro-renewables only?
 _____ tell me if _____ electricity _____ is _____ renewable sources?
 Are _____ to _____ my electricity _____ from _____ sources?
 _____ there _____ way to find _____ fuel-free _____ from my _____ source?
 Do you _____ with _____ fossils _____ and gas?
 _____ if _____ supplier is free from coal and _____.
 Did my provider _____ coal _____ gas use?
 I _____ provider _____ sources _____ of fossil fuels.
 Can _____ me _____ to check _____ renewable _____ usage _____ firms?
 _____ possible to know _____ supplying electricity is _____ with clean _____?
 Is _____ possible _____ me _____ know _____ energy supplier supports _____ forms of _____ over _____ or _____?
 _____ utility _____ alternatives, _____ you confirm?
 Any _____ to whether _____ not _____ energy _____ is _____ coal _____ gas?
 Can _____ find _____ if my _____ supports renewable energy _____ use _____?
 _____ company _____ power that's free _____ fossil _____?
 _____ in discovering _____ energy provider supports _____ solutions _____ usage.
 _____ power supplier _____ clean energy _____ on coal or _____?
 _____ do _____ make sure an _____ green energy _____?
 _____ I _____ electric _____ in favor of renewable alternatives _____ don't have _____?
 I _____ to _____ if my _____ supplier _____ for _____.
 I'm _____ in finding _____ my energy _____ solutions.
 _____ the _____ provider _____ cleaner energy _____ gas _____ coal?
 I _____ my supplier supports _____ gas alternatives.
 _____ want to know _____ supplier _____ options.
 _____ power _____ promoting _____ instead of fossil fuels?
 How can _____ find _____ electric _____ support renewable alternatives _____ aren't _____ with _____?
 _____ am curious to _____ my energy provider _____ solutions.
 Can you _____ us _____ your _____ clean energy?
 Is there _____ suppliers that _____ the _____ of dependence on dirty _____?
 Is my _____ in _____ renewable _____?
 _____ it _____ to _____ out if _____ I use supports clean _____ generation than uses _____ gas?
 Can _____ certain _____ power supplier promotes _____ sources?
 Can you _____ if my _____ generated _____ renewable _____?
 Can _____ determine _____ the electrical _____ we _____ by renewable _____?
 Could it be _____ to know _____ with clean energy?
 _____ if _____ provider supports renewable sources?

How _____ sure _____ electric company really _____ green energy _____?

Is _____ if the power company is _____?

Can _____ company really _____ on board _____ energy?

_____ power supplier _____ clean fuels _____ than _____ and _____?

_____ that _____ electricity I receive _____ from _____ sources?

Could _____ be _____ find out if _____ behind supplying _____ is compatible _____?

_____ my _____ backs fossil _____ sources.

If my _____ provider is against coal _____?

_____ would like _____ the electrical _____ we _____ relies _____ renewable fuels.

Can _____ give _____ an _____ your _____ is free _____ or gas emissions?

Is your _____ company _____ cleaner options _____ being _____?

Is _____ a _____ to _____ utility supports _____ power sources?

How will _____ if the _____ company _____ fossil _____?

I want to _____ a fossil _____ from _____.

_____ need _____ know _____ to _____ for _____ energy usage _____ electric _____.

Is _____ verify if my _____ provider doesn't use _____ fuels like _____?

_____ guarantee my electricity _____ renewable _____?

_____ power company _____ energy than _____ and gas?

_____ can _____ determine if the _____ company _____ fuel-free?

_____ electricity _____ promote _____ over fossil fuels?

Is my power _____ promoting _____ coal and gas?

_____ supplier _____ clean _____ that doesn't _____ on coal?

I _____ know if _____ that _____ power company backs _____ initiatives.

_____ to _____ if _____ supplier _____ clean _____ sources, not just coal _____ gas.

Are there _____ show _____ electricity supplier's _____ of renewable _____?

I _____ ask, _____ this _____ actually _____ on board with _____ energy, no _____?

How can we _____ if _____ energy _____ embraces climate-friendly _____ harmful resources?

_____ electricity _____ use coal or _____?

Is it possible _____ your _____ to _____ a _____ than coal _____?

Does _____ provider have a stance _____?

Interested _____ finding out if _____ energy _____ green _____.

Does _____ company _____ power _____ isn't _____ coal _____ gas?

_____ it possible _____ determine _____ the company _____ is _____ clean energy?

_____ I find out _____ my _____ supports clean _____.

Can _____ indicators _____ clean-energy support by _____ power company?

_____ supplier _____ energy that _____ dependent on _____ fuels?

Is _____ clean _____ to replace _____ and gas?

I'm wondering _____ electricity _____ supports _____.

_____ could I tell if the _____ company _____?

_____ your power supply dependent on clean _____ gas _____?

Can I _____ sure _____ my _____ comes _____ sources?

How do I _____ my electricity _____ sources?

Do _____ have any _____ whether my _____ provider _____ coal and _____?

Is it _____ to know _____ utility _____ non-fossil _____?

_____ there _____ way to _____ my electricity _____ avoids fossil _____?

_____ you _____ me _____ power company promotes _____ energy.

_____ know whether _____ utility _____ is _____ fuel-free.

_____ be _____ your eco-friendly _____ supply?

_____ finding out if my _____ eco-friendly solutions.

_____ like to _____ your _____ supply is _____ on _____ energy _____ coal or gas _____.

_____ want to know if my electricity _____.

Does _____ power supplier _____ sources?

_____ it possible to _____ my _____ supplier _____ fossil _____ sources?

Are cleaner _____ my _____ provider

Does my _____ have clean energy that _____ dependent _____?

There _____ to _____ if our _____ provider promotes _____ energy _____ and _____.

_____ can _____ find out _____ the _____ does not _____ fossil _____?

_____ to know _____ I can _____ for _____ electricity supply.

I _____ there _____ to show _____ my _____ company supports _____ initiatives.

Do _____ that's free from coal _____ gas?

Is _____ promoting cleanenergy as _____ alternative _____ and gas?

_____ to _____ clean power and don't _____ fossil fuels.

Is it possible to _____ if _____ energy _____ supports _____ of power _____ than using _____?

_____ any signs that _____ my electricity _____ of renewables _____ fuels?

Is _____ a _____ the _____ utility _____ on refusing fossil-derived resources?

Does _____ power _____ cleaner _____?

I wonder if this _____ get _____ board _____ non-toxic energy, _____.

What _____ to determine if _____ electric utilities _____ renewable _____ that _____ use _____?

Does _____ power supplier support _____?

_____ would like _____ if _____ supplier supports options other _____ and _____.

_____ my _____ supplier offer clean energy that _____ not _____ coal _____?

Does my power supplier promote _____ gas?

How _____ an _____ really _____ and _____ based green _____ solutions?

Can _____ confirm if _____ utility embraces _____ alternatives _____?

Interested _____ if my _____ provider _____ solutions without _____ coal/gas.

How can _____ the _____ company _____ fuel- free?

Can you _____ me a _____ energy usage by _____?

I need a _____ to _____ a _____ my power _____.

I'm interested _____ my energy provider _____ eco-friendly _____.

Any clues _____ my _____ position against _____ gas?

_____ tell me if _____ company _____ renewable energy?

_____ in _____ out _____ my _____ provider supports eco-friendly solutions.

Do _____ power _____ promote _____ energy alternatives _____ avoid _____ gas?

How _____ I find _____ if my supplier _____ fuel _____?

Can you tell _____ our electricity _____ promotes _____ energy _____ gas?

Did _____ green alternatives _____ coal/gas?

I _____ to know _____ can trust _____ for _____ electricity _____.

Can _____ me _____ to _____ firms for renewable energy _____?

How _____ I verify _____ my _____ supports _____ sources?

How _____ a electric _____ coal based _____ energy solutions?

_____ me eco-friendly _____ supply?

_____ clear whether my electricity supplier _____ renewable energy _____?

_____ it _____ determine _____ the _____ electricity is compatible with clean energy?

How _____ know _____ my power _____ a clean energy _____?

_____ do _____ if my _____ Provider supports renewable _____?

_____ power company _____ non-toxic energy _____ not cause _____?

_____ you _____ my _____ from renewable fuels?

_____ like to _____ power _____ supports clean fuels.

Is _____ a _____ to _____ company's _____ on refusing fossil-derived _____?

_____ in _____ out _____ my energy provider is _____ solutions.

Can ____ assure ____ that your ____ does ____ any fossil ____?

How to ____ whether ____ energy provision ____ climate-friendly ____ leaning ____ harmful ____.

How does the electric ____ support ____ energy ____?

I was ____ if ____ provider supports ____ sources ____ fossil ____.

____ find ____ if ____ company supports alternative fuels.

How ____ I know if ____ supplier ____ sources?

Does my ____ offer clean energy ____ on ____?

Are your ____ company ____ cleaner energy ____ gas?

Can ____ confirm that ____ electricity ____ fuels?

____ want to ____ your ____ supply ____ on clean ____ without coal ____.

Is the ____ supplier supporting renewable ____ coal ____?

____ know if ____ supplier ____ green options.

____ I ____ if my supplier supports fossil ____?

Measures of clean-energy support by ____ coal or ____?

____ power ____ alternatives to fossil ____?

____ supplier support ____ sources?

____ does ____ and coal ____ green energy solutions?

____ company ____ energy alternatives instead ____ relying on ____ and ____?

____ electrical service dependent on ____ fossil fuel?

I ____ electricity ____ supports renewable sources other ____ fossil fuels.

____ to assess ____ our ____ embraces climate ____ leaning on harmful resources

I would like to know ____ power.

____ there a ____ out ____ my utility ____ power sources?

Are there ____ that show ____ my ____ supplier supports ____ fuels?

Are ____ find out if ____ company is pro-renewables ____?

Is there ____ to find ____ my utility ____ power ____?

Can I confirm ____ supplier ____ clean ____ sources.

Is it possible ____ find ____ if the energy ____ use coal ____?

____ your ____ without ____ and gas?

Do ____ green power without ____ like coal ____?

Is ____ supplier free ____ coal ____?

____ want ____ if my energy ____ sources only.

How does ____ electric ____ energy?

I ____ to ____ if ____ supplier promotes ____ other ____ coal and gas.

____ prove ____ support for carbon-neutral initiatives?

____ want ____ know if ____ power ____ is ____ clean ____ without ____ coal or ____ emissions.

I ____ to ____ if the ____ service ____ use relies ____ energy.

____ do I ____ provider is in ____ of clean ____ relying ____ fossil fuels?

Is ____ power supplier ____ to ____?

How can ____ know ____ my ____ company ____ fuel-free ____?

Does ____ company ____ power ____ on coal and ____?

____ supplier provide clean, non-coal, ____?

Does the electricity ____ clean ____ jazz, ____ they ____ on coal ____ gas?

____ I ____ out ____ my ____ supports clean fuel ____?

____ there ____ way ____ if the ____ clean power?

____ provider back clean energy, ____ than coal ____?

____ figure out ____ utility company's position ____ refusing ____ resources?

____ my ____ supplier ____ energy that ____ coal ____ gas?

____ I ____ if my ____ supplier promotes clean ____?

____ electricity ____ avoids using fossil ____ like gas ____ a reliable ____ to verify?

Ways ____ assess if our ____ energy ____ embraces ____ practices ____ on ____?

How can ____ the ____ company ____ fossil fuel-free?

____ I ____ if my ____ clean fuel ____?

____ a way ____ if the utility supports ____ fuels?

____ am ____ if ____ for me ____ find out ____ my ____ company is ____ only.

____ am ____ if my ____ supports ____ fuel-free sources.

____ know if ____ utility embraces ____ without ____ coal/gas.

____ possible ____ to ____ out ____ I use supports clean ____ of power generation instead ____ coal or gas?

____ out if my ____ backs ____ without ____ or gas?

D'you know something about ____ suppliers ____ uphold ____ on dirty ____?

____ you tell me ____ power ____ coal or gas emissions?

I ____ my electricity supplier supports ____ other ____ and gas.

Can ____ find ____ supports renewable ____ without coal?

Can ____ power company ____ being harmful to the ____?

____ make sure my ____ provider supports ____ sources?

____ clean-energy support by ____ company?

How ____ you ____ for ____ energy ____ electric companies?

____ if my electricity provider ____ clean ____ sources?

Does ____ provider back clean ____ minus ____ and ____?

Can ____ me ____ my electricity ____ supports renewable ____?

____ for ____ electricity supplier to ____ renewable ____ over ____ fuels?

How can I ____ energy ____ renewable sources?

____ it possible ____ the ____ behind ____ electricity ____ in line with ____ energies?

Does ____ power ____ provide ____ energy ____?

I ____ to know if ____ are ____ that my ____ over dirty ____.

Are ____ promoting clean ____ instead of ____ fuels?

Is ____ possible ____ identify ____ fuel-free service ____ the ____ source?

Do ____ power ____ use ____?

____ a way to ____ that uphold ____ dependence on dirty ____?

____ electricity ____ energies over Coal and Gas?

Can ____ cleaner options ____ don't ____ coal and gas?

Is the ____ company ____ clean energy ____ an ____ and ____?

Can ____ if ____ power company promotes clean ____?

____ want ____ know if your ____ supply ____ dependent on clean energy ____.

____ it possible ____ find out ____ supplier I ____ supports ____ power ____ over ____ coal ____ gas?

____ company promotes ____ energy ____ reliance ____ coal and ____ please clarify.

If my ____ sources, ____ do I learn?

I ____ to ____ if ____ electricity supplier supports ____.

____ I know if ____ we use ____ on renewable ____?

____ it ____ possible to ____ the ____ behind supplying ____ compatible with clean ____?

Are there ____ clues ____ my ____ provider is ____ coal ____?

____ provide clean ____ that isn't dependent ____ or coal?

Is ____ utility ____ without ____ coal/gas?

____ I ____ if ____ energy supplier ____ clean sources?

Can ____ power ____ that don't involve coal or ____?

____ embrace clean ____ other than coal ____ gas?

____ don't ____ if ____ possible ____ out if the ____ use supports clean ____ of ____ generation.

Would it be ____ my electricity supplier ____ options instead ____ coal ____?

____ possible ____ determine ____ our utility ____ on refusing fossil-derived resources?

Can you tell ____ if ____ supplier ____ coal and gas?

How _____ if my supplier _____ fossil fuel-free _____?

I'm _____ about _____ my energy _____ supports eco-friendly solutions _____.

_____ want to know _____ I _____ for green electricity _____.

Is it possible to determine _____ electric _____ that _____ not _____?

Can I _____ power _____ promotes clean _____ sources?

_____ Power _____ back renewable _____?

_____ your power company promotes clean _____ avoid _____ gas?

_____ possible _____ my electricity _____ renewable fuels over _____ fuels?

Interested in _____ if _____ provider _____ solutions.

Can this power _____ with non-toxic energy, no _____?

Do _____ green power that isn't made _____?

I'm wondering _____ you _____ clean power _____ fuels.

_____ want _____ know _____ provider supports renewable energy without using _____.

_____ to assess _____ our current _____ embraces _____ practices without relying on _____?

Can _____ power company give _____ cleaner _____ coal _____?

Do _____ provide _____ with no _____ or _____ fossils?

Does your company provide _____ that's free _____?

I want to know _____ power _____ supports _____.

_____ would like _____ the electricity I get _____ by _____ sources.

How to assess _____ energy provision _____ without _____ on _____ resources?

_____ provider supports renewable sources, how _____ I learn _____?

Does _____ have clean, _____ sources?

_____ tell _____ if your _____ company is promoting _____?

Can anyone tell _____ our electricity provider _____ cleaner energies _____?

_____ my power supplier support _____?

_____ knowing _____ my energy provider _____ eco-friendly _____ coal.

Is my utility _____ green alternatives _____ using _____?

_____ my power supplier promoting clean _____ gas?

_____ my _____ solutions without coal?

Can _____ tell _____ if the _____ is _____ fuel-free?

_____ supplier _____ clean energy that isn't _____ on coal or _____?

_____ determine if my _____ supplier discourages _____ fuels without _____ on _____?

Does my _____ provider _____ clean _____ no _____ gas?

I want _____ know _____ electricity _____ sources instead _____ fossil fuels.

Where _____ out if my electricity _____ backs _____ sources?

Could _____ be _____ to determine _____ providing _____ is compatible _____ clean energies?

Does _____ power supplier _____ sources?

_____ can _____ power company supports clean fuels?

What can an electric _____ do _____ support non-gas _____ coal _____?

How _____ check _____ energy usage _____ electric _____?

_____ it _____ determine _____ current energy _____ discourages fossil fuels?

Is _____ supplier _____ favor of _____ fuel-free _____?

_____ do you _____ renewable energy _____ by electric _____?

_____ does _____ company _____ non-gas _____ coal _____ green energy solutions?

I'm _____ if _____ can identify a fossil _____ power _____.

How _____ make _____ electric company supports _____ energy options?

_____ I know that _____ provider supports _____ sources?

_____ my _____ clean energy _____ dependent on _____ or coal?

_____ you _____ my _____ supports _____ sources over fossil fuels?

_____ can i find out _____ fossil fuel-free _____?

Can _____ tell me if you _____ clean power and _____ ?

_____ believe _____ to _____ can _____ on board with non-toxic energy?

_____ anyone know _____ to _____ for renewable _____ electric firms?

Does my _____ clean _____ doesn't depend _____ coal _____ gas?

_____ possible _____ find _____ I _____ uses clean forms _____ power generation instead of coal or _____ ?

_____ it possible _____ company behind supplying electricity _____ clean energy?

_____ your power _____ energy alternatives, avoiding _____ coal and _____ ?

_____ am wondering _____ clean _____ and don't use _____ fuels.

I _____ to _____ if your _____ supply is dependent _____ energy without the _____ of _____ .

_____ my power supplier _____ sources other _____ and coal?

How do _____ make sure that the _____ supports _____ ?

Is _____ power company _____ as _____ substitute _____ coal _____ gas?

Do _____ know _____ you _____ provide electricity without _____ fuels _____ and _____ gas?

Do you know if my _____ ?

Can _____ get _____ board with a _____ source?

I _____ you _____ and not burn fossil fuels.

Is _____ pro-renewables?

_____ I do to _____ out _____ my _____ supplier supports _____ sources?

Does _____ power supplier _____ without _____ and coal?

I _____ your _____ supply is reliant on _____ energy devoid of _____ or _____ .

_____ I _____ my provider _____ renewable _____ without coal or _____ ?

_____ it possible to _____ if my _____ fossil _____ ?

_____ the power _____ support _____ sources?

_____ you _____ if your _____ the use _____ energy alternatives?

Does _____ utility _____ of coal/gas?

Is _____ a _____ out if the energy supplier _____ forms _____ power generation?

_____ it possible _____ verify _____ my _____ provider _____ clean fuel _____ ?

Interested _____ my energy _____ eco- friendly solutions.

_____ if _____ electrical service _____ use is _____ on renewable sources.

_____ this power company _____ get on _____ non-toxic energy?

_____ clues as to _____ my energy provider _____ against _____ ?

I _____ like to know if _____ provider _____ energy _____ coal _____ .

Does the _____ embrace climate-friendly _____ without _____ on _____ resources?

Is there a way _____ out _____ supports cleaner _____ ?

_____ my power _____ up renewable _____ ?

I'm interested in _____ energy _____ approves _____ eco-friendly solutions.

Does _____ embrace _____ practices without _____ on harmful resources?

Are cleaner _____ by _____ power _____ ?

Can _____ ask _____ my energy _____ supports _____ ?

_____ I determine _____ my _____ supplier supports fossil _____ ?

How _____ know if _____ utility _____ fuel-free?

Interested _____ knowing if my energy provider supports _____ .

How do _____ sure that my _____ fuel sources?

Is _____ company _____ clean _____ as an _____ ?

_____ possible _____ out _____ an energy supplier supports clean forms _____ power generation _____ gas?

How can _____ verify _____ my _____ provider _____ sources?

_____ possible to _____ out _____ is pro-renewables only?

How _____ I _____ out _____ the utility _____ no fossil _____ ?

I _____ to know _____ my _____ energy _____ coal and _____ .

_____ know if _____ power _____ is _____ without coal or gas emissions.

I _____ know if _____ supplier supports _____ energy _____.
 Do you _____ of fossil fuels?
 Is _____ possible to _____ the energy _____ I use supports _____ power _____ coal or _____?
 Can _____ electricity I _____ is powered by renewable _____?
 _____ if _____ provider supports _____ without coal _____ gas use?
 Is _____ way to _____ energy supplier _____ use endorse clean forms _____ generation?
 What _____ the signs _____ supplier _____ non- fossil _____?
 _____ I _____ if _____ provider supports clean energy with no _____?
 _____ utility _____ green _____ using coal or gas?
 How _____ I know _____ power provider _____ energy _____ fossil fuels?
 _____ that _____ electricity _____ supports renewable sources over fossil _____?
 _____ to find _____ if my _____ supports eco-friendly _____.
 _____ do I _____ the _____ company is _____ free?
 Is your power company _____ energy _____ an _____ gas?
 How does _____ support green _____ solutions?
 Can you _____ that _____ is _____ dependent _____ or gas emissions?
 Is _____ a way to _____ the _____ fuel-free _____ source?
 _____ for me to _____ company is pro-renewables only?
 Can _____ utility _____ alternatives other than coal/gas?
 Is it _____ for _____ to _____ out _____ supports clean _____ of power generation, _____ of using coal _____?
 Where _____ I find out _____ supports clean _____?
 _____ my power provider support _____?
 Does _____ supplier _____ energy without _____ fuels?
 _____ supplier _____ renewable energy?
 _____ you provide _____ that does not _____ fuels?
 Does _____ power _____ provide clean energy _____ than _____?
 _____ we assess whether _____ energy _____ climate-friendly _____ leaning on _____ resources?
 _____ to _____ our current energy provision embraces _____ practices without _____ on _____.
 Do you provide _____ contain _____ fossils?
 Could _____ see _____ the _____ supplies electricity _____ compatible with clean energy?
 _____ you _____ sure that _____ company _____ green energy solutions?
 _____ supplier _____ clean, non-coal, _____ energy?
 _____ supplier provide _____ non-coal energy?
 _____ interested in _____ out if my _____ solutions.
 Is the _____ promoting _____ as an alternative to _____?
 Can _____ confirm _____ my _____ is _____ green _____?
 _____ I tell if _____ utilities _____ alternatives that _____ use toxins?
 _____ there _____ proof _____ power _____ backs carbon _____ initiatives?
 I _____ to know if _____ utility supports _____ fossil _____ cleaner _____.
 Can _____ power _____ promotes clean energy?
 _____ it be possible to _____ if the _____ behind _____ is aligned _____?
 Is _____ power company _____ alternatives _____ avoiding coal _____ gas?
 Is _____ utility _____ coal/gas?
 _____ y'all provide _____ that excludes _____?
 Is _____ possible _____ detect _____ suppliers who uphold reduction _____ on _____?
 Can _____ find _____ supports _____ with or without coal or gas _____?
 _____ me that _____ supply doesn't depend on fossil _____?
 Is it _____ to _____ if my _____ supplier supports clean power _____ using coal _____?
 _____ in seeing _____ my _____ supports _____ solutions.
 Do you _____ without _____ coal and gas?

_____ there a _____ to _____ if my utility _____ power?

_____ can I _____ if the _____ support _____ that do _____ contain toxins?

Does _____ clean energy that doesn't depend _____ coal _____?

_____ to _____ my electricity supplier supports green _____.

Ways to assess whether _____ climate-friendly _____ without leaning _____ resources.

_____ like to know if my _____ provider _____ eco-friendly _____.

_____ want to know if my _____ renewable _____ with _____ coal _____.

Can _____ power company _____ on board _____ and _____?

_____ my electricity _____ free _____ and coal _____?

_____ I _____ to determine _____ electricity supplier supports _____ fuel-free _____?

Do _____ think the power company _____?

_____ do I find _____ my power company _____?

_____ I discover if _____ supplier supports _____ sources _____?

Could it be possible to _____ if _____ in _____ with _____ energy?

_____ I _____ if my energy _____ supports clean _____?

How _____ whether our current _____ provision _____ leaning _____ harmful resources?

Can _____ find _____ energy _____ supports clean sources?

_____ the _____ embrace climate-friendly practices without _____ resources?

How can _____ my suppliers _____ fuel-free sources?

Does _____ power company advocate _____ as _____ coal and _____?

_____ if my _____ provider uses _____.

Do you know _____ power _____ can _____ options?

I _____ to know if _____ without coal _____ gas use.

Do you _____ electricity is _____ through renewable _____?

Is _____ of _____ support by _____ power company?

_____ ensure their electric _____ supports _____ energy solutions?

Can you _____ my _____ comes _____?

_____ tell me how to _____ usage in electric _____?

_____ wondering _____ there's a way _____ a fossil fuel-free service _____.

Ways _____ current _____ embraces climate friendly practices _____ leaning _____ harmful resources.

Is _____ find out if _____ supplier supports clean _____ power generation _____ using coal _____?

_____ it _____ to determine if _____ supports _____ power _____?

Is _____ electricity _____ free of _____ and _____?

_____ I determine _____ my provider _____ without coal and _____?

_____ figure out if _____ utility company _____ fossil fuel _____?

_____ be possible to know _____ the company _____ compatible _____ clean _____?

_____ can _____ know _____ my power _____ supports _____ fuel _____.

_____ my _____ supplier _____ clean, non-coal, non- _____ energy _____?

_____ sure that _____ company _____ non-gas and coal _____ energy solutions?

_____ you _____ a _____ electricity _____?

Is it possible _____ determine our utility _____ fossil _____?

How _____ check renewable _____ by _____?

Can _____ determine _____ my _____ supports renewable _____ doesn't use coal _____?

How do I _____ if my _____ clean _____?

_____ I _____ provider supports _____ with or without coal _____ use?

Ways _____ energy provision embraces climate-friendly _____ relying on harmful _____.

Can _____ power company get _____ with _____ use _____ non-toxic _____ no _____?

Is _____ possible to _____ if _____ power sources?

Do _____ provide _____ that _____ include coal _____ gas?

_____ there _____ to determine _____ of _____ utility company _____ denying fossil-derived _____?

How _____ confirm _____ the _____ promotes cleaner _____ over fossil _____?

Can _____ confirm _____ the _____ provider _____ renewable sources over _____?

Evidence _____ my power _____ is behind _____ initiatives?

_____ to assess if _____ current _____ embraces _____ practices _____ leaning _____ resources?

If _____ power company supports _____ how _____ know?

_____ my power _____ providing clean energy that _____ depend _____ coal _____?

_____ your _____ promotes clean energy alternatives, _____ gas?

_____ power supplier _____ clean energy _____ doesn't _____ on _____ gas?

Does _____ power without _____ and _____?

_____ in finding _____ if _____ energy provider supports _____.

_____ I decide _____ my supplier _____ fuel-free sources?

Can _____ out _____ the power _____ is pro-renewables _____?

I _____ to _____ if my _____ alternatives without _____ fuels.

How _____ you _____ an electric _____ green energy _____?

I _____ my _____ fossil fuel-free sources.

_____ wonder if the power company _____ get _____ energy and _____?

Is _____ possible to _____ electricity _____ supports _____ fuel sources?

Do y'all provide _____ any _____?

Can I _____ use relies on renewable sources.

_____ possible to know _____ the _____ behind supplying _____ is _____ energies?

_____ can I _____ out _____ my provider supports _____?

_____ you _____ that your power supply _____ coal or _____?

_____ i _____ out if _____ energy _____ clean sources?

_____ see _____ my energy supplier _____ clean _____ only?

_____ power _____ avoiding _____ coal and gas?

Is _____ power _____ energy without coal _____ gas?

_____ power company using _____ not coal or _____?

_____ clean-energy support _____ the _____ company?

_____ my utility embracing green _____?

_____ electricity _____ support _____ options instead of _____ gas?

_____ wondering if my _____ supplier supports _____ sources.

How can _____ make _____ electricity supplier _____ support _____?

How do we _____ electricity provider _____ cleaner energy _____ coal _____?

Is there _____ out _____ energy _____ supports clean forms _____ generation _____ of using coal or _____?

_____ clues _____ or _____ energy provider _____ for or against _____ and gas?

_____ any indicators _____ support by my power _____?

_____ power supplier _____ renewable _____?

_____ the electric _____ truly _____ non-gas _____ based green _____ solutions?

If my _____ fossil _____ sources, _____ can I _____?

_____ you confirm if my _____ alternatives _____ using _____?

Does my _____ supplier _____?

_____ the _____ that _____ power company supports carbon-neutral _____?

_____ know if _____ power supplier _____ renewable sources?

Do my electricity _____ bother _____ clean _____ or are _____ using coal _____?

Is it _____ find out _____ supplier _____ clean forms _____ power generation _____ of _____ coal or gas.

_____ can _____ find out _____ my _____ support clean _____ alternatives?

_____ do to check for renewable energy _____ by _____?

Does my _____ clean _____ is _____ dependent on coal or _____?

Where _____ I find out _____ my _____ company supports _____?

I'm wondering if it is _____ to find out _____ of power generation.

Can _____ out _____ my current energy supplier _____ without relying _____ proof?
 _____ it _____ to find out _____ power _____ pro-renewables only?

How _____ I _____ if _____ power _____ supports _____ energy _____ doesn't _____ fuels?
 _____ possible to _____ out if _____ supplier _____ clean _____ generation, _____ using coal or gas?

Will your _____ company be _____ to offer _____ without _____?
 Is _____ supplier free of _____?
 _____ supplier _____ clean energy _____ doesn't rely _____ coal or _____?

Can _____ that you use clean energy for _____?
 How do _____ power provider supports renewable _____?

I _____ if _____ use renewable _____ my power needs.
 I'd like to _____ if _____ electricity _____ options.

Can you _____ electricity _____ supports renewable _____ over fossil _____.
 _____ my power company's clean-energy _____?
 _____ if _____ being used by _____ power provider.
 _____ if _____ energy provider supports eco-friendly solutions.
 _____ power company _____ clean _____ an alternative to fossil _____?

Can I be sure that _____ supplier _____ fuels?
 _____ it true _____ power _____ uses cleaner _____?

Does my _____ power without _____?
 _____ possible _____ the electricity supplier supports _____ fuels _____ dirty _____?

Is it _____ find _____ the energy supplier I _____ clean _____ power generation, _____ using coal _____ gas?
 _____ I determine if my _____ fuels without using substantive _____?
 _____ provide green power _____ contain _____ fossil fuels?
 _____ you make _____ my electricity _____ renewable _____?
 _____ want _____ know if _____ supplier discourages fossil _____ coal _____ gas.
 _____ to _____ if _____ utility company _____ fossil fuel-free.

Does _____ electricity that's free of _____?
 Does the power _____ offer clean energy _____ coal _____?

_____ I find _____ if my power _____ pro-renewables _____?

Does my _____ company _____ clean _____ not _____ gas?
 _____ know _____ to detect _____ suppliers _____ uphold reduction of _____ resources?
 _____ a _____ to verify if _____ to use fossil fuels?
 _____ look _____ whether our current energy _____ embraces _____ practices _____ leaning on _____?
 _____ utility embrace _____ alternatives _____ coal/gas?

I want to _____ supplier supports _____ options.
 _____ to gauge if _____ utility supports alternatives to _____.
 _____ supplier provide _____ doesn't depend on coal _____ gas?

Is _____ to find _____ if the _____ I _____ does not _____ gas?
 I would _____ my _____ supports _____ fossil fuels for cleaner _____.
 _____ know if my _____ supports cleaner _____.

Can my _____ renewable energy without _____ and _____?
 _____ company avoided reliance on _____ gas?
 _____ want _____ know _____ I get _____ generated through _____ sources?

How can _____ if my _____ supplier supports _____?

Could _____ be possible to determine if _____ company behind _____ is _____?
 _____ this power company _____ energy and _____ pollution?

How should I learn _____ my _____ renewable _____?

I want to know _____ my supplier _____.

Can you _____ me _____ electricity _____ energy over gas _____ coal?

How _____ electric company _____ non-gas and coal _____?

____ my ____ supplier ____ ____ ____ jazz, or ____ ____ still using coal and gas?
 ____ ____ ____ if ____ ____ clean power and don't ____ fossil fuels.
 How can I ____ ____ if ____ ____ ____ clean fuel.
 Are ____ ways ____ ____ our current ____ ____ embraces ____ friendly practices?
 Does your ____ sell power that ____ free ____ ____ ?
 ____ ____ know if ____ power supply ____ ____ clean energy ____ ____ or gas ____ ?
 ____ ____ I ____ ____ my supplier supports fossil fuel-free ____ ?
 I want ____ know ____ my provider ____ ____ without ____ usage.
 Does my ____ ____ ____ clean energy ____ ?
 ____ need to know ____ ____ power supply ____ on ____ ____ ____ coal or ____ emissions.
 Is there a way ____ ____ if ____ utility ____ alternative ____ ?
 Is it ____ that my electricity ____ ____ use ____ renewable ____ ____ dirty ____ ?
 Can you confirm if ____ utility ____ ____ ____ ?
 Does ____ ____ provider make ____ ____ ____ energy?
 How ____ I ____ out if ____ utility company ____ ____ ____ ?
 Is it ____ to ensure ____ ____ ____ comes from ____ ____ ?
 Do ____ offer power that's ____ of ____ ____ ____ ?
 ____ ____ ____ provide non-coal, non-gas energy?
 Is ____ possible ____ my electricity ____ to ____ renewable ____ ____ dirty ____ ?
 I want to ____ out ____ ____ ____ is in ____ of eco-friendly ____ .
 I would like ____ ____ if ____ energy supplier supports clean ____ ____ power ____ ____ ____ using ____ or ____ .
 Is it ____ to find out if ____ ____ supplier ____ use endorses ____ ____ ____ power generation ____ of ____ ____ ____ gas?
 Can ____ clarify if ____ power company ____ ____ on ____ ____ gas?
 Does ____ supplier ____ ____ fuel sources other than ____ ____ ____ ?
