

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Audio features and headphone compatibility
Description	Customers want to know about the audio capabilities of their smartphone, including the presence of a 3.5mm headphone jack, support for high-quality audio codecs, stereo speakers, or features like Dolby Atmos for enhanced sound reproduction.
Data Size	5,246 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ this _____ support high-quality audio _____ a _____ experience?

_____ this _____ have support for _____ audio codecs _____ make it _____ a _____ ?

Is _____ phone capable _____ handling high-quality audio _____ order to _____ ?

_____ possible to get _____ audio on this mobile?

Is _____ one supported _____ codecs _____ will _____ better sound quality?

_____ this _____ sound enhancements?

_____ this phone equipped _____ audio _____ that supports _____ ?

_____ this _____ support _____ audio?

Will the _____ codecs?

_____ be able to handle _____ ?

_____ this phone have _____ that _____ sound quality?

_____ this _____ advanced audio _____ that _____ make music _____ ?

_____ able to _____ high-quality audio output _____ this _____ ?

_____ possible _____ the _____ handles _____ fidelity audio which _____ help _____ experience.

_____ phone _____ of high-quality audio, which _____ improve _____ ?

_____ one support _____ quality _____ codecs _____ provide a better sound _____ ?

Is _____ audio codecs installed?

Does this _____ come _____ a way _____ deliver _____ ?

Does _____ phone have _____ to _____ better sound _____ ?

_____ this phone come _____ the _____ for _____ sound?

_____ is _____ that the phone _____ will _____ the listening experience.

Is the _____ compatible _____ technology?

_____ phone have the ability to _____ high-quality audio _____ output?

_____ we _____ enjoy high-quality _____ output on this _____ ?

_____ better sound _____ through higher-quality audio codecs?

_____ this phone _____ audio?

Shall _____ sound technology?

_____ possible that enhanced audio will _____ phone?

_____ audio _____ that will _____ it to be used for a _____ ?

_____ this phone come _____ technology that _____ better _____ ?

Does this one have _____ ability to improve _____ quality _____ ?

_____ the _____ audio technology _____ gives _____ a _____ sound?

Does _____ have _____ that _____ for _____ audio quality?

_____ if this _____ premium _____ formats?

Does _____ audio _____ for better sound?

Do you know if _____ for the benefit of the _____ ?

_____ to _____ this phone will _____ high quality audio _____.

_____ to ask if _____ will _____ high _____ audio _____ enhance the experience.

_____ the _____ to support high quality _____ ?

_____ it _____ for this _____ to play _____ ?

It's possible the _____ handles _____ will help _____ experience

Does the _____ enhanced _____ for an _____ experience?

Is _____ included _____ this phone?

_____ phone able _____ handle _____ audio?

_____ have the ability _____ handle high-end audio _____ enhance _____ listening _____ ?

Will this _____ for a better _____ experience?

_____ this phone _____ handle _____ quality audio, which will _____ experience?

Is _____ compatible _____ technology that _____ sound quality?

Do these phones _____ the _____ audio _____ better _____ ?

_____ phone _____ with _____ technology _____ is better for _____ ?

Does _____ include _____ technology that supports _____ sound _____ ?

_____ the phone _____ technology that can make it _____ ?

_____ this one compatible _____ codecs that _____ sound?

Does this _____ use _____ with a _____ sound?

Is _____ able to handle _____ ?

_____ this _____ play _____ audio _____ order _____ the listening experience?

Is the _____ high-quality _____ codecs?

_____ I expect _____ using high-quality _____ software on _____ mobile?

Does the _____ with audio _____ that allows it _____ be used _____ ?

_____ want to know if enhanced _____ is _____ this _____.

_____ phone _____ premium _____ formats?

_____ this phone come _____ support for _____ ?

Will _____ device _____ superior _____ ?

Does _____ come with _____ technology that _____ quality?

Does the _____ to support high-quality _____ formats _____ the sound?

Does _____ support _____ audio codecs _____ you _____ sound quality?

_____ phone _____ exceptional sound quality _____ audio codecs?

_____ one support _____ quality _____ that _____ allow _____ sound quality?

Does _____ support higher-quality _____ codecs that _____ make _____ ?

Is _____ phone _____ technology _____ allows it to be _____ a _____ sound?

_____ it possible to _____ quality _____ with this _____ ?

Is it _____ the phone _____ exceptional _____ supporting premium audio _____ ?

Is _____ possible to have top-notch _____ this _____ ?

_____ the phone has _____ supports better _____ quality?

_____ possible for this _____ to have _____ formats _____ sound?

Does _____ a better _____ format _____ makes a better sound?

Will ____ phone ____ sound tech ____ better ____?

Is the ____ good for ____ quality ____ premium ____?

____ it possible ____ on this phone.

____ have the ability to play better ____?

____ enhanced ____ support on ____ phone ____ sound?

It ____ important to ____ if ____ phone ____ handle high quality audio ____ listening experience.

____ of facilitating exceptional sound ____ supporting premium ____ codecs?

Is ____ phone ____ handling ____ audio, ____ will improve the ____?

Can ____ be ____ audio ____ this ____?

Does the ____ support better ____ that ____ sound?

Is ____ sound on this mobile with higher-quality ____?

Does the ____ for a better ____ format?

It ____ possible ____ phone ____ handle high-fidelity audio ____ help ____ experience.

Is ____ to ____ audio codecs ____ this mobile ____?

____ support ____ better sound ____?

____ possible for this ____ to have ____ formats?

____ phone handle ____ that improve my ____?

Can this phone handle ____ audio, ____ the ____?

Will the ____ back ____ provide a ____ music experience?

Does ____ have ____ technology that allows ____ to be used ____ better ____?

____ one support high-quality ____ codecs ____ better sound quality?

It's ____ the phone enhances the ____ by ____ audio.

The phone ____ capable ____ handling ____ audio, enhancing ____ listening ____.

____ audio ____ this phone?

Will ____ support ____ audio ____ for ____ pleasant music ____?

Is ____ capable ____ better sound?

Can ____ superior sound ____ phone?

It's possible ____ the phone ____ high-fidelity audio, ____ improves ____.

____ support better audio ____?

The ____ if it ____ high quality audio ____ it ____ the listening ____.

____ this ____ support ____ codecs that will deliver ____ quality?

Is it possible to get ____ of ____?

Does this ____ have ____ technology ____ supports ____ quality?

____ this ____ good ____ codec?

____ possible on ____ phone?

____ good enough ____ handle ____ audio which ____ improve ____ experience?

____ the phone ____ to ____ exceptional sound ____ premium ____ codecs?

____ your phone ____ with better ____ for a richer ____?

Does this ____ come with ____ that ____ allow it ____ be ____ with ____?

Is this ____ capable ____ handling high-quality ____ improve ____?

Does the ____ the ____ that provides better ____?

Does ____ phone ____ ability ____ handle high-quality ____ which ____ improve ____ to experience?

____ this phone ____ audio ____ that deliver ____ better sound ____?

____ phone support ____ audio formats to ____ the ____?

Does ____ have high-quality audio codecs ____ improve ____?

____ one support higher- ____ codecs ____ will ____ for ____ sound?

____ this ____ make ____ music ____ sound tech?

____ crucial to ____ if ____ phone will handle ____ it ____ the ____ experience.

Does this ____ support higher quality audio codecs ____ sound ____?

____ is ____ that ____ handles high-fidelity audio, ____ would help ____ listening ____.

_____ the phone _____ an _____ technology that improves _____?

It is _____ phone will _____ high-end audio _____ enhance the _____ experience.

_____ phone have _____ to deliver _____ better sound _____?

This _____ ability _____ handle premium _____ formats.

Is this _____ handle _____ formats?

_____ phone able to handle _____ codes?

_____ support a _____ of audio

For a _____ gratifying music _____ will this smartphone _____?

_____ this phone come with _____ technology _____ sound?

_____ it _____ support _____ audio formats that enhance sound?

_____ this phone _____ handle high-quality _____ which _____ benefit _____ listening _____?

_____ phone have _____ technology that _____ allow it to _____ better _____?

Can _____ handle _____ audio _____ to improve the _____?

_____ you be able to _____ phone _____ audio?

_____ phone support _____ codecs that will deliver _____ quality?

Is _____ phone compatible _____ high-quality _____ improve the _____ experience?

Does _____ have audio _____ enhances the _____ quality?

Can _____ mobile _____ handle _____ audio _____?

Is _____ capable of handling high-quality _____ and _____ the listening _____?

Is this phone _____ with high-quality _____ will improve _____ listening _____?

Do the _____ have _____ for _____ better _____ that _____ better sound?

Is _____ possible _____ your _____ improved audio codecs?

Does the _____ premium _____ for better _____ quality?

It is _____ if _____ will handle _____ quality audio formats for _____ experience.

Does _____ one _____ audio _____ that will allow for better _____?

It's _____ if _____ phone _____ handle high _____ audio codecs.

_____ might _____ technology that supports better _____ quality.

Can _____ phone handle some _____ the _____?

_____ high-quality _____ on thisSmartphone?

_____ it possible _____ listen to _____ a cellphone?

_____ device capable of handling _____ engineered _____ Codecs?

_____ handle high-fidelity audio, which will _____ the listening _____.

_____ this phone _____ the capabilities to _____ improve the _____ experience?

Can _____ phone _____ audio, _____ will improve _____ listening _____?

_____ this phone _____ audio?

Is _____ phone capable _____ audio _____?

_____ phone come _____ technology that is better for _____?

Does this one have _____ higher-quality audio _____ that _____?

_____ this _____ able _____ handle _____ audio?

Does this _____ audio technology that _____ quality?

_____ if this _____ can _____ high _____ audio for the benefit _____.

_____ want _____ know _____ this _____ will _____ quality _____ it enhances the listening _____.

_____ phone handle the _____ formats?

Is this phone _____?

_____ the _____ the _____ for a _____ to _____ a better sound?

_____ it possible _____ this _____ formats _____ enhance sound output?

Is _____ capable of _____ which can improve _____ experience?

_____ for _____ phone to _____ high-quality audio formats?

Does _____ higher quality _____?

Can this _____ high _____ audio _____?

_____ ask if the _____ will handle _____ quality audio _____ the listening _____.

_____ this one compatible _____ higher quality _____ that _____ a better _____?

Is _____ possible for _____ quality _____ phone?

Is this phone _____ handle _____?

_____ phones _____ audio codec?

Does this one _____ high-quality audio codecs _____ better _____?

Does the _____ higher-quality _____ codecs _____ improve sound quality?

_____ handle _____ audio _____ will improve the listening _____?

_____ this _____ capable _____ high quality _____ that _____ improve the _____ experience?

Can this phone _____ top-notch _____ improved listening _____?

Shall _____ sound _____ in _____ mobile?

_____ if this phone will handle high-end _____ formats _____ the _____.

_____ the phone _____ giving a _____ that gives a better _____?

It's _____ phone _____ audio to enhance _____ listening experience.

Is _____ to support _____ formats with this _____?

Does _____ one have support _____ higher-quality _____ codecs _____ makes _____?

_____ capable of supporting better _____ that _____ better sound?

Is _____ audio codec _____ this _____.

_____ it compatible with _____ audio _____ phone?

Will _____ topnotch _____ formats?

_____ have _____ with _____ audio codecs?

Can _____ phone handle _____ my listening experience?

_____ the _____ of giving a better sound _____?

_____ enhanced _____ codecs _____ on this _____?

Is _____ use higher-quality _____ this mobile?

_____ this phone _____ best _____ for _____ better music experience?

Does _____ phone provide _____ sound quality _____ audio _____?

Does _____ one support higher-quality audio _____ that _____ better _____?

_____ to rely _____ sound technology in this _____?

Does this _____ higher-quality audio codecs _____ better _____ quality?

Are _____ audio _____ possible on _____?

_____ offer _____ audio codecs?

Is _____ phone _____ of _____ audio, which will improve _____ listened- _____?

_____ possible the _____ handles _____ audio, which would _____ experience.

Does this _____ have _____ can be _____ to _____ better sound?

_____ one _____ better quality audio codecs that _____ it _____ better?

Does _____ one support _____ audio _____ improve _____ quality?

Will this _____ back _____ audio _____ more gratifying _____ experience?

Can _____ device handle _____?

_____ this _____ back more advanced _____ technologies _____ better music _____?

Does this phone come _____ technology _____ allow for _____?

_____ these _____ have good _____ for better _____?

Does _____ have _____ technology that _____ better sound _____?

Does this _____ have support _____ high-quality _____ deliver better _____ quality?

Is this _____ capable of _____ audio _____ improves the _____?

_____ we able _____ quality audio _____ phone?

_____ this _____ the support for higher-quality _____ codecs _____ make _____ sound _____?

Could _____ confirm _____ this _____ audio?

It _____ if _____ phone will handle _____ audio formats.

Does _____ support _____ higher-quality _____ will _____ better sound quality?

____ this mobile equipped ____ advanced ____ ?
 Are we ____ enjoy ____ with this phone?
 The listening experience ____ be ____ this phone ____ high ____ .
 Does ____ one ____ support ____ codecs that will ____ for ____ better ____ ?
 Can I ____ better sound ____ this ____ with ____ ?
 ____ audio ____ support for this ____ ?
 Do ____ top-notch ____ for better listening?
 ____ that the ____ high-fidelity audio ____ to help ____ listening experience.
 Do ____ if ____ phone has a ____ audio ____ ?
 Is it possible to get better ____ this ____ codecs?
