

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Network connectivity and signal issues
Inquiry Sub-Category	Network security
Description	Customers seeking guidance and solutions for enhancing the security of their network, such as setting up firewalls, implementing VPNs, or addressing potential vulnerabilities.
Data Size	10,188 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ there _____ we _____ consider to _____ possible weaknesses in our _____ ?

What steps _____ be _____ gaps around _____ network?

_____ we _____ strategies for enhancing _____ protection _____ our network?

Any _____ improving _____ network _____ ?

_____ there _____ thoughts about _____ the _____ spots?

_____ increasing _____ security?

Should _____ take _____ steps to _____ security _____ ?

_____ we catch _____ points _____ our network's _____ measures?

_____ can _____ that our network _____ safe?

_____ we do anything _____ to _____ security _____ ?

_____ options are _____ to _____ our network's _____ ?

_____ should _____ our network's security _____ .

Is there _____ measures _____ consider for _____ security?

Do _____ think _____ should _____ fix our _____ security gaps?

Can _____ us _____ how _____ security _____ within our network?

_____ some options for _____ network's _____ ?

_____ specific actions that need _____ be taken _____ any weaknesses _____ network's _____ ?

_____ there are specific actions _____ to be taken to _____ security _____ ?

_____ approaches or _____ use to _____ weak points in _____ security?

Are there any _____ that _____ be taken _____ system?

Should _____ take _____ to _____ network _____ ?

Which measures do you _____ address potential weaknesses _____ network's _____ ?

_____ you tell _____ to enhance _____ ?

_____ consider enhancing the _____ for our network?

_____ improving our network's weak _____ ?

What are _____ measures _____ must _____ taken against _____ ?

Do _____ to help _____ the net's defense?

_____ there any _____ improving network _____ ?

What are _____ take _____ address weak points?
 _____ ways in which to _____ with _____ within _____ scope of _____.

Should we _____ strategies to _____ the level _____ of our _____?
 _____ should _____ do to fight weak _____ system?
 _____ need to _____ steps _____ protect our network?
 _____ something that can be _____ combat _____ weaknesses in _____?

Are there _____ precautions _____?
 _____ are _____ that _____ be _____ with vulnerabilities in our _____.
 _____ to patch flaws in our _____?

Is there a _____ deal _____ vulnerabilities in _____?
 _____ should _____ security in our _____?

Do _____ have _____ strategies that _____ worth _____ dealing _____ vulnerabilities _____ our _____?
 _____ changes in _____ network security?

Can _____ suggest _____ enhance _____ defense?
 _____ there any good _____ to fix _____ holes _____?

Will _____ steps _____ our network's _____?
 _____ that we should _____ about _____ insecurity pitfalls?

Can you tell _____ to improve _____?
 _____ can _____ strengthen our _____?

_____ there a _____ that we can address _____ network _____?

Is there _____ specific _____ address weaknesses in our network _____?
 _____ you _____ targeted _____ fix our network's security gaps are _____?

Does it _____ consider _____ strategies for _____ protection _____ of our _____ infrastructure?
 Do _____ recommendations _____ should look _____ improve the _____ of our network?

Is _____ way _____ can tackle _____ security _____ points?

In regards to our system's security _____ specific _____ need _____ be _____?

Steps _____ be taken to _____.

Is there _____ input _____ have _____ network?
 _____ need any _____ address security _____ in our network _____?
 _____ measures _____ if there _____ in our security system?

How should we address _____ threats _____ in our _____?
 _____ should we _____ vulnerability?

Can _____ give _____ guidance on how _____ security _____ our _____?
 _____ you _____ method to deal with the threats _____?
 _____ specific measures come to _____ the security of _____?
 _____ need to _____ any _____ enhancing _____ protection _____ of our networking infrastructure?

Should _____ vulnerabilities _____ our network?

Any _____ to _____ network's _____ issues?

Which _____ should we _____ address _____ potential _____ our _____ safety?
 _____ can _____ better _____ weak _____ in our network's _____?

Should we _____ about _____ insecurity _____?

Should _____ on _____ actions to _____ our _____?
 _____ are _____ to _____ the security _____ in _____ network?
 _____ particular measures we need to _____ network _____?
 _____ can we minimize _____ risks _____ network's _____?
 _____ should _____ take to address our _____ safety _____?
 _____ ideas on how to deal with _____ network?

Do you think we should use _____?

Is _____ about network flaws?
 _____ sense _____ tackle security _____ our network infrastructure?

_____ possible to combat _____ in our _____?

Can _____ help _____ network security _____?

_____ precautionary _____ that _____ be taken _____ protect our _____ security?

What should we do _____ weak _____ system?

Have you got _____ to _____ the _____?

Are there any specific ways _____?

_____ measures come _____ mind _____ addressing _____ the network's security?

How should _____ address our _____?

_____ focused approaches _____ techniques help _____ weak points _____ our _____ security?

What can _____ plug the gaps _____ network?

_____ there any _____ for _____ up _____?

Suggestions _____ potential _____ our _____ security.

Anything we can _____ insecurity _____?

Measures to _____ on _____ network.

_____ worth considering when _____ with _____ in _____ networks?

Should we _____ to _____ safe?

_____ to fix _____ security _____?

Does any specific _____ mind _____ weaknesses in _____ network's _____?

_____ we _____ to _____ specific _____ network security risks?

_____ any approach you would _____ to correct _____ network's _____?

_____ specific measures _____ to _____ to address weaknesses in _____?

Will _____ weaknesses _____ our security?

What precautions need to _____ to _____ our _____.

Is there _____ must _____ security?

Do _____ any ideas _____ addressing _____ security _____?

Should we _____ protect _____ from potential vulnerabilities?

_____ you _____ how _____ improve security in our _____?

Are there _____ actions _____ need _____ take _____ address any _____?

_____ there _____ thoughts on improving _____?

_____ focused _____ or _____ us address weak points in _____ network's _____?

Does anyone _____ on improving _____ network's _____?

Is _____ a _____ for _____ up _____ network's _____?

_____ need to take steps to improve _____?

_____ our _____ weak spots.

Does it _____ to _____ any _____ steps _____ tackle _____ security _____?

_____ solutions _____ identify _____ resolve weak _____ network infrastructure?

_____ ways to deal with _____ in our network?

Can _____ tell _____ the _____ for _____ weak network defenses?

Should _____ taking specific _____ tackle _____ vulnerabilities?

_____ action _____ be taken to _____ points _____ system?

_____ doing specific _____ to _____ our network?

What steps _____ to _____ holes in the _____?

Any _____ can _____ weak points in the _____ network?

When it _____ to _____ security, are _____ specific _____ we _____ consider?

_____ should _____ with _____ security pitfalls?

_____ do _____ ourselves _____ security flaws?

How _____ we boost _____ security _____?

_____ it possible _____ mitigate potential _____ our network _____?

What _____ do _____ weaknesses in _____ system?

_____ we look _____ strategies for enhancing the _____ level _____ infrastructure?

_____ there _____ way to _____ network's _____?

Do _____ security solutions _____ this network problem?

Which _____ be taken to _____ in _____ network?

What _____ are needed to _____?

Is there _____ to address _____ security _____?

Is there _____ considering when dealing _____ within the _____ securing _____?

Is there a _____ security _____?

_____ we need specific _____ to enhance _____ level of _____?

_____ you have _____ shoring up our _____?

_____ there a way _____ security _____?

_____ you _____ me recommendations _____ to _____ net's defense?

_____ are _____ actions that need to be _____ the network's security.

Is there _____ can tell _____ about _____ required _____ security risks in _____?

_____ there _____ specific _____ that we need _____ for _____ risks?

Should _____ take _____ specific _____ address _____ security vulnerabilities?

_____ some things _____ to make our network's security _____?

_____ we need _____ any _____ actions _____ the weaknesses in our _____?

Is there a _____ action _____ taken _____ any security _____ within the _____?

Are _____ measures _____ can _____ fix our network's _____ issues?

_____ a way to improve _____ weakest _____?

_____ there specific _____ should be _____ to _____ network?

_____ focused approaches can be _____ to address _____ security?

_____ there any _____ beef up _____ the network?

Do _____ particular steps _____ address potential security vulnerabilities?

_____ regards to _____ system's security precautions, are _____ specific _____ be _____?

In _____ our _____ security _____ any _____ measures be used?

Are _____ any specific _____ that we should _____ our _____?

_____ have _____ suggestions about _____ should look _____ the security _____ our network?

_____ approaches or _____ be _____ to _____ points in our network's _____?

Should we _____ taking any specific _____ network?

_____ there any suggestion _____ security?

_____ network _____ precautions _____ take?

_____ measures to _____ our network's _____ issues?

_____ thoughts on _____ network's weak spots?

_____ you give _____ on _____ strengthen network _____?

_____ special things _____ could do to _____ security system?

Do you _____ any _____ for enhancing _____?

_____ you have _____ to _____ the security of _____?

_____ address _____ security risks?

Should we _____ our _____ security?

Is _____ possible to _____ our _____.

Is _____ anything we _____ protect our _____ against _____ breeches?

_____ measures would you _____ address _____ the network?

Do _____ have any _____ do to improve _____ of our network?

_____ are weak _____ in _____ what _____ we _____ about them?

What steps could be taken _____ gaps _____?

_____ measures _____ to be taken to _____ our _____ system?

_____ have _____ recommendations _____ how _____ handle potential _____ in our network's _____?

_____ we take _____ specific steps _____ fix network _____?

Can _____ ideas on how _____ potential _____ in _____ system?

Is _____ way to tackle _____ vulnerabilities in _____?

Which _____ should _____ address potential _____ in _____ network's safety?

_____ about specific _____ to address _____ in _____ network's _____?

_____ steps _____ fix _____ gaps _____ the _____.

Any _____ that can help address _____ in _____ effectively?

_____ any _____ measures come to mind to _____ the _____ security?

Can _____ tell me how to _____?

_____ a _____ when dealing _____ vulnerabilities in our networks?

I _____ like _____ know _____ mitigate security risks _____ our _____.

Are there _____ that should _____ done _____ our system?

We should take _____ security.

Can _____ take _____ steps _____ address network security _____?

_____ any _____ we _____ to take _____ address potential security _____?

_____ we _____ precautions to protect _____ security?

How _____ we _____ the _____ in the _____?

Does it make _____ to _____ steps _____ network _____ weak _____?

_____ actions should we take to _____ in our _____?

Should _____ vulnerability threats?

Does it make _____ tackle _____ network security _____?

_____ for more _____?

_____ options _____ out _____ make our network more _____?

Is there any _____ measures _____ can _____ address _____ our _____ security?

_____ focus _____ actions _____ safeguard our network _____ possible weaknesses.

_____ recommendations to _____ defense?

_____ we _____ security vulnerabilities in _____?

_____ particular actions _____ take to protect _____ security?

How about _____ plan _____ our _____ security?

_____ should we _____ network security vulnerabilities?

Do _____ about fortifying _____ network?

How to _____ a network?

_____ there a particular _____ take to protect _____ network?

_____ advisable to _____ on _____ actions for protecting _____ network against _____?

_____ insecurity _____ should _____ we _____ look into.

Are _____ we _____ to _____ to strengthen our _____?

_____ we enhance _____ defense?

Do you have any _____ the net's _____?

_____ we _____ targeted approaches _____ the security _____?

Is _____ guidance _____ how _____ mitigate security _____ in _____?

_____ pitfalls, _____ we _____ anything about _____?

_____ approaches or techniques can _____ use to _____ weak points _____?

_____ me _____ measures to strengthen network _____?

_____ for _____ networks?

_____ any _____ things _____ can _____ our security system better?

For _____ network security weaknesses, _____ we _____?

_____ the _____ targeted _____ our network security weaknesses?

_____ are _____ we should address.

_____ special _____ to _____ security gaps _____ the network?

Are _____ measures we _____ take to _____ risks?

Suggestions _____ our network _____?

_____ we need _____ any specific _____ to _____ vulnerabilities?

Does the _____ need _____ specific steps _____ vulnerabilities?

Can you give recommendations _____ defense?

_____ it _____ good _____ to _____ potential security vulnerabilities _____ our _____?

_____ suggest _____ to _____ the _____ defense?

_____ patch up flaws _____ system?

_____ use _____ to fix our network's _____ gaps?

Do we need to _____ actions _____ weaknesses in _____ security?

Is there _____ way to fight _____ our _____?

_____ the _____ steps _____ the _____ of the network?

_____ a proposal _____ improve our _____ spots?

Is there a _____ holes in the _____?

_____ we take _____ steps _____ improve _____?

Is there _____ particular _____ we _____ take for the _____ network _____?

_____ there a _____ to address flaws _____ the _____?

Should _____ take _____ specific _____ security vulnerabilities _____ our network?

_____ are _____ we can take to combat _____ security.

_____ worth _____ when _____ with vulnerabilities _____ our networks?

Should we _____ specific _____ to _____ the level _____ our _____?

Is there _____ way _____ vulnerabilities in _____ network?

_____ on how _____ combat potential _____ in the system?

_____ ways to beef _____ defense?

_____ you _____ about _____ that will enhance network _____?

_____ we do _____ network's security?

Special things _____ we _____ do _____ security system?

_____ any specific actions _____ can be taken to _____?

Is there specific _____ be taken _____ address _____ weaknesses _____ our network's _____?

Should we take _____ handle _____ in our _____?

Can you _____ on _____ defense?

Do _____ recommend _____ to fix _____ security gaps?

Is _____ worth _____ when _____ vulnerabilities in our _____?

_____ are weaknesses _____ security _____ we _____ take action against.

Can _____ us _____ to mitigate _____ within the _____?

_____ specific _____ we should _____ for _____ security?

_____ have any _____ about how to protect _____?

_____ we take _____ to _____ weak points?

Should _____ steps to protect our network _____ vulnerabilities?

_____ any _____ to _____ network security _____.

_____ have _____ to _____ threats in our network?

Should _____ steps to _____ of the network?

To _____ our _____ issues?

Do _____ any recommendations on _____ potential _____ weaknesses?

Any _____ to tackle _____ vulnerabilities should be _____?

Should we _____ to protect _____?

Will _____ implementation of _____ address _____ foreseeable _____ in _____ network _____?

Suggestions _____ defense?

_____ are _____ measures _____ can take _____ protect our network's _____?

_____ protect ourselves from _____ breeches?

Can you _____ any _____ tips?

_____ are some _____ that _____ considering when _____ with vulnerabilities _____ networks.

Considering improvements _____ weak _____?

_____ you have ideas to _____ security _____?

_____ think targeted _____ can fix the _____ the network?

_____ there any specific measures _____ taken to _____ system?

Any _____ improving network _____?

What should we _____ thinking _____ to _____ weaknesses?

_____ be taken to _____ potential security _____?

Is there _____ steps _____ fix _____?

_____ it necessary for _____ certain measures for _____?

What steps should _____ fight _____ vulnerabilities?

Is _____ any _____ measures _____ consider for _____ security _____?

_____ you think should _____ to _____ our network's safety?

_____ can _____ keep _____ network _____?

Is _____ need to be taken to _____ any _____ our _____ security?

_____ a way _____ with vulnerabilities _____ the _____ of securing _____?

_____ can _____ taken _____ gaps in the networks?

_____ there _____ specific measures _____ to _____ weaknesses in the network's _____?

_____ should _____ to _____ our network against _____ weaknesses?

_____ should we _____ to _____ with _____ in our network's _____?

_____ should we _____ our networking security framework?

Can _____ tell us _____ we can _____ our _____?

Should _____ taking specific actions _____ network?

_____ can we _____ points _____ network security?

_____ for _____ our _____ security?

What _____ measures should _____ to _____ network's security?

Considering _____ improve our _____ spots?

Are _____ about _____ our network's _____?

_____ you _____ measures to _____ the security _____ the _____?

Is _____ necessary to tackle potential security _____?

What are the measures _____ security _____?

What _____ we _____ the security issues _____ our _____?

_____ security _____ should _____ do anything _____?

_____ options _____ available _____ our _____ security?

_____ take _____ actions for the _____ our network's _____?

_____ steps _____ protect our network?

_____ should we _____ address possible _____ in our network's _____?

_____ we be taking specific _____ protect _____ network _____ weaknesses?

_____ any _____ to fix _____ network's problems?

Should _____ take _____ to make _____?

_____ we do to _____ system?

Do you recommend measures _____ to improve _____ security of _____?

Can the _____ address _____ weaknesses _____ our network security?

Is _____ that could address the flaws in _____?

_____ be taking specific measures to address security _____?

_____ have any suggestions on _____ the _____ of _____ network.

_____ make sure there are no _____ in our _____ security _____?

I'm _____ for recommendations _____ defense.

Do _____ any _____ to _____ net's defense?

Are _____ any _____ do _____ fix our _____ security issues?

Should we _____ specific methods to _____ in _____ security?

Does it make sense _____ on specific _____ against _____ weaknesses?

Are _____ suggesting any _____ approaches to _____ security _____?

_____ we be taking _____ to tackle _____ security _____?

Do _____ to deal _____ threats _____ our _____ security?

network _____ should _____ do?

_____ we have _____ should _____ used against possible breeches _____ our _____ precautions?

_____ beefing up the _____ of _____?

Any _____ to use?

_____ have _____ to strengthen _____ net's defense?

Some _____ should _____ to tackle network _____ vulnerabilities.

Are there specific _____ need _____ be _____ to _____ security _____ in _____?

Suggestions as _____ to strengthen _____?

_____ recommend measures to _____ network _____?

_____ you have _____ how to improve the _____ of _____?

What measures _____ we think _____ to _____ weaknesses?

There are _____ strategies _____ are _____ considering when _____ network _____.

_____ there specific _____ need _____ be taken to _____ weaknesses in the _____?

_____ you _____ deal _____ threats in our network's security?

What steps should _____ the weak _____?

Should _____ be taking _____ specific _____ to _____ our _____ more _____?

_____ network security?

_____ actions to _____ flaws _____ system?

What steps should _____ take to fight _____ in _____?

_____ specific actions _____ need to take for _____ our network's _____?

_____ think we should do _____ about _____?

_____ to _____ network security weaknesses?

_____ take any specific _____ to _____ security vulnerabilities _____ infrastructure?

Are _____ specific actions _____ be taken _____ protect our _____?

Any _____ to _____ security gaps in _____?

_____ there _____ targeted approach _____ address flaws in our _____?

_____ we _____ steps to fix security vulnerabilities?

Can the _____ of targeted _____ address _____ network?

Do specific actions need to _____ security weaknesses _____?

Should we _____ make _____ security better?

Is _____ any worth considering _____ within _____ of securing _____ networks?

Are there _____ targeted _____ you would _____ the _____ gaps?

What actions should _____ taking to _____ our _____ weaknesses?

Do you _____ an _____ holes in our network?

Do _____ have _____ promising _____ fix _____ security _____ our network?

Do you _____ targeted approaches to _____?

_____ take any specific measures _____ from security vulnerabilities?

Do we _____ focus _____ specific _____ safeguard _____ network _____ weaknesses?

_____ targeted _____ to correct _____ network's security gaps?

_____ there any focused _____ that _____ help address _____ points _____ network's _____?

_____ approaches that _____ help address weak _____ in our _____?

Should we _____ something _____ security _____?

_____ network's security, are there particular _____ we need _____ take?

Do _____ have any _____ to _____ net's _____?

Do we have _____ precautions against _____?

_____ we _____ to take precautions _____?

Is there _____ our network's _____?

____ there a ____ approach ____ addressing potential ____ in ____ networking ____ ____?
 ____ should we ____ the ____ weaknesses in ____ network's ____?
 Are there ____ to improve ____ ____?
 ____ there ____ strategy ____ considering ____ deal with ____ ____ of securing our networks?
 Are ____ specific ____ that need ____ be ____ to address ____ security weaknesses ____ ____?
 ____ have specific ____ fight security ____?
 ____ anything ____ can do to protect our system ____ ____?
 ____ we ____ to fortify ____ network?
 ____ security issues ____ our network?
 ____ we ____ any changes ____ security?
 ____ we take ____ protect ____ network?
 ____ there ____ way to address ____ in our ____?
 ____ take specific ____ to fix network ____?
 Do ____ have ____ precautions against ____?
 ____ there something ____ have ____ consider for ____ security ____?
 Do ____ need to ____ actions for ____ our network security?
 Do ____ to ____ keep our network safe?
 ____ about fixing ____ gaps in ____?
 ____ you know how we ____ to ____ in ____ network?
 ____ idea to focus ____ specific actions ____ protecting our ____?
 ____ need to ____ specific ____ to ____ of our networking infrastructure?
 Should ____ take steps ____ security ____?
 ____ there should be targeted approaches ____ fix ____ gaps?
 What focused ____ can we ____ to address weaknesses ____ ____?
 Do you have ____ on how to ____ in ____?
 Do ____ know if ____ specific measures that should be ____ to ____?
 What ____ we supposed ____ to ____ security ____ our ____?
 ____ any specific ____ that ____ can ____ to protect ____ system?
 Are there ____ approaches to ____?
 Any ____ that can help ____ points in our ____?
 Do ____ recommendations ____ improve the security ____ the network?
 ____ you ____ measures that we should ____ to improve the ____?
 Should we ____ steps to ____ more ____?
 Should ____ consider ____ to increase the ____ of ____ our ____?
 What are some ____ that can ____ address weaknesses ____ security?
 Some ____ to be considered ____ addressing ____ security ____.
 ____ certain actions that should be taken to combat ____.
 Is there ____ you can ____ measures required ____ mitigate ____?
 Should ____ specific ____ to ____ vulnerabilities in the network?
 ____ done ____ protect the system against ____?
 ____ any need to ____ action against ____ threats ____?
 ____ need to ____ specific ____ to make ____ safe?
 ____ we do ____ protect ourselves ____ security ____?
 ____ we look at ____ enhance ____ protection level of ____?
 ____ there anything ____ about ____ insecurity?
 Are ____ actions we ____ take ____ strengthen our security?
 ____ we ____ to ____ specific measures ____ network ____?
 ____ should we respond ____?
 How can we ____ network's ____?
 ____ to address network security ____?

How _____ we supposed to _____ the _____ our _____?

_____ it _____ our _____ precautions, _____ there _____ precautions that should be taken?

What _____ should be taken to _____ potential _____?

_____ we _____ in our network?

There are _____ network's _____ and _____ need to _____ specific _____.

_____ you suggest _____ approaches to _____ network's _____ gaps?

_____ should be _____ to _____ weak points in _____?

How _____ protect our _____ flaws?

_____ steps _____ be taken _____ plug _____ the network?

What _____ network pitfalls?

_____ enhance network _____ can you _____?

Should _____ any _____ to protect our _____?

_____ we think _____ measures to _____ security _____?

_____ plans _____ beef up _____ network's security?

_____ ways to _____ flaws in our _____?

_____ you _____ are appropriate _____ fix _____ network's security gaps?

Any _____ up our _____ security?

_____ there _____ to _____ our network's security _____?

Do any specific _____ to mind _____ weaknesses _____ our _____?

Do you _____ suggestions _____ network?

_____ make _____ changes to _____ security?

_____ approach that could _____ flaws _____ the _____ security?

There _____ we _____ think _____ to _____ network security _____.

_____ there _____ to _____ security gaps in _____ network?

Is there _____ targeted _____ that _____ address _____ security?

_____ may be weaknesses _____ network's security that _____ to _____.

_____ we focus on specific actions _____ keep _____?

_____ you _____ solutions _____ deal with _____ in our network's _____?

_____ we _____ about network safety _____?

_____ improve _____ weak spots?

Do you have _____ input _____?

Does _____ make _____ to take steps _____ protect _____?

Is _____ any _____ could _____ flaws _____ our network?

Any _____ approaches _____ that _____ help improve the _____ of _____?

We _____ some _____ to improve the _____ our network.

_____ should we handle _____ potential _____ in our _____?

_____ there anything _____ should think _____ to address _____?

_____ use targeted approaches to _____ network's security _____?

Do _____ specific _____ that need to _____ to _____ any _____ weaknesses?

_____ in our _____ are there specific _____ we need _____ take?

_____ that can _____ the weak _____ our network's security?

_____ have specific precautions _____ security _____?

Can we _____ points _____ our _____ safety measures?

_____ steps address _____ our network?

_____ have suggestions _____ how _____ can _____ the _____ our network?

_____ specific approaches that _____ address _____?

Any _____ up network _____?

To _____ weak points _____ our _____ what _____ we _____?

Possible _____ in our _____ mitigated.

_____ there _____ way to _____ network's _____?

Do _____ any methods to _____ with _____ our _____?

Do _____ need _____ measures to _____ in _____ network's security?

Can _____ approaches _____ techniques _____ address _____ in our network's security?

I _____ some _____ the _____ defense.

_____ are _____ options _____ used to protect our _____?

_____ taking any specific _____ network security vulnerabilities?

_____ there any _____ to address weaknesses in our _____ security?

We should _____ weaknesses.

_____ there _____ specific way _____ combat vulnerabilities _____ our _____?

Is there any _____ measures we _____ to _____ network _____?

Is _____ any _____ countermeasures that _____ used against possible _____?

_____ there _____ specific _____ be used against _____ breeches _____ our _____ precautions?

_____ check our network's _____?

_____ to fix _____ security holes?

Which steps are you _____ to _____ in our _____?

_____ precautionary measures are _____ to _____ our network's _____ secure?

Do _____ specific measures _____ mind _____ our network's security _____?

_____ have _____ on how to _____ net's defense?

_____ there _____ worth thinking about when _____ within _____ scope of _____ our _____?

_____ a way to address potential threats _____ the _____?

Is there any _____ against possible breeches of the _____?

Do _____ have any _____ to _____ in our _____?

_____ can we _____ sure _____ security is _____?

_____ should _____ handle _____ our network's security?

What _____ think about _____ addressing the _____ weaknesses?

_____ should we _____ about _____?

_____ there _____ specific precautions _____ security _____?

Do any _____ come to _____ weaknesses in _____ network's _____?

Which measures _____ you suggest _____ taken _____ safety?

_____ should we _____ against _____ security breeches?

There _____ anticipated _____ our digital defense _____ actions must _____ considered?

_____ focused _____ address _____ points in our network's security _____?

Any _____ approaches _____ techniques _____ address weak points in _____ security _____ network?

What should _____ to _____ network _____ vulnerabilities?

_____ we _____ making specific _____ our network?

Which _____ be taken to address the _____ in _____?

_____ anyone _____ about improving _____ weak _____?

_____ to _____ weaknesses in _____ network?

_____ thinking about when _____ with vulnerabilities _____ our networks.

There are _____ network's security, are there _____ specific _____ should _____?

Is _____ a targeted _____ could address _____ security _____?

_____ know _____ precautionary measures _____ necessary _____ protect our _____.

What are some _____ can use _____ security?

_____ should _____ deal with threats _____ security?

How should _____ taken _____ system _____?

_____ we _____ specific steps _____ tackle _____ weak points?

_____ there _____ that need to _____ to _____ security weaknesses?

_____ there specific approaches _____ can address the _____ our _____?

_____ specific _____ need _____ be _____ to address _____ security of our network?

In regards _____ our system's _____ preventative measures _____ should be used?

_____ any _____ strategy for _____ the scope of securing _____ networks?

_____ gaps in the network?

How should _____ network _____?

_____ be done _____ weaknesses in the network's _____?

Which _____ should _____ take to _____ the _____ weaknesses _____ the _____?

Any _____ approaches or _____ that _____ help address _____ security?

_____ specific steps to tackle _____ security vulnerabilities?

What techniques can _____ use to _____ in _____ network's _____?

_____ can _____ do to _____ weaknesses _____ our _____ safety measures?

_____ we do to _____ our network's _____?

_____ you tell _____ about _____ strengthen network _____?

_____ there a way _____ we _____ flaws in _____?

We should _____ the protection of our _____ infrastructure.

_____ there _____ ideas to fix our _____ issues?

_____ options are _____ network's security weaknesses?

_____ are _____ actions _____ need to be taken _____ weaknesses _____ our network.

_____ there anything you _____ bolster our _____?

_____ should we _____ security weaknesses?

Do _____ propose any _____ network?

Do _____ any ideas _____ to do _____ our network?

Is there _____ specific actions _____ take to _____ any _____?

Is _____ approach that can _____ flaws _____ our _____ security?

_____ can _____ do _____ points _____ our network's safety measures?

Do _____ to _____ any specific steps in _____ to _____ infrastructure?

_____ you know how we're supposed _____ improve _____?

Do we _____ to _____ for the _____ network's security?

_____ can we _____ network.

_____ steps can be taken _____ gaps _____ network?

_____ any specific measures we should consider _____ security?

Is _____ way we _____ improve the _____ of _____?

_____ we _____ thinking _____ improving _____ weak spots?

_____ can we _____ network isn't _____?

How _____ our network _____.

_____ you have _____ suggestions _____ our _____?

Can you _____ me how _____ improve _____?

How _____ we protect _____ potential _____?

_____ have any suggestions _____ defense?

_____ against security _____ do _____ need?

_____ you have _____ on how to _____ our _____ issues?

Suggestions for enhancing _____?

_____ you _____ suggestions on _____ fix our _____ gaps?

_____ we be taking steps _____?

There are any special _____ can _____ fix the _____.

Do _____ information on _____ our network?

_____ us mitigate security risks within _____?

Is there any _____ countermeasure _____ used _____ our security precautions?

Can _____ tell _____ to _____ security in _____ network?

_____ there _____ we _____ fix our security system?

What inputs do _____ fortifying _____?

_____ you _____ immediate _____ are for our _____ network defenses?

_____ actions _____ we be taking _____ safeguard _____ network _____ possible _____?
 _____ can help address _____ points in _____ network security?
 _____ to improve our network's _____ spots?
 Do we need to take any _____ safe?
 Do _____ should _____ into _____ measures to improve _____ security _____ the _____?
 Does it make _____ to _____ any _____ steps to address _____ network _____?
 _____ there _____ actions that need _____ be _____ to address security weaknesses _____?
 Is there a _____ to _____?
 _____ measures _____ you _____ to improve _____ safety?
 How would _____ our _____ security _____?
 _____ steps to _____ security _____?
 _____ you _____ to deal with _____ security _____ on _____ network?
 Is there _____ way that _____ can protect _____ breeches?
 Will the implementation of targeted _____ certain _____ security?
 Should we _____ specific strategies _____ increase _____ level of _____ for _____?
 _____ you _____ ideas _____ to strengthen our network?
 Can _____ steps _____ fix security gaps in _____ network?
 _____ we _____ any _____ precautions?
 _____ may _____ able to _____ security flaws _____ network.
 What _____ we _____ consider _____ address network _____ risks?
 Do _____ to _____ specific _____ addressing network _____ risks?
 Are _____ we _____ consider to address network _____?
 Do you _____ we are supposed to _____ network?
 _____ need guidance on _____ needed _____ mitigate _____ risks _____ our _____.
 _____ do anything about network _____?
 Should _____ be _____ specific steps _____ security _____?
 _____ possible to give _____ on measures to _____ security _____ network?
 _____ protect our _____ from possible _____?
 _____ actions _____ to address potential weaknesses _____ our network's _____?
 _____ it comes _____ our network's security, _____ that need _____ be _____?
 _____ actions _____ we need _____ take _____ strengthen _____ network's _____?
 _____ considering when _____ with vulnerabilities within the _____ of securing _____?
 _____ there any _____ our network's weak _____?
 Should we _____ to _____ our _____?
 Does any specific _____ come _____ mind _____ the _____ of _____?
 Do any specific _____ mind _____ in _____ network's security?
 Is _____ a _____ to addressing _____ flaws _____ the _____?
 Which measures _____ we _____ to address _____ network's _____?
 _____ steps to _____ the network _____?
 What _____ make _____ there _____ gaps in our security system?
 _____ there a _____ approach _____ could help _____ network _____?
 What _____ to _____ our _____ security system from _____ gaps?
 _____ we _____ specific strategies to _____ protection of _____ network _____?
 _____ we required to _____ any _____ steps to address _____ network _____?
 _____ should _____ take _____ the weak points?
 _____ it make _____ to take _____ fix network security _____?
 _____ should something be _____ about?
 Can you _____ about _____ for _____ weak network _____?
 Are there _____ should take _____ address _____ weaknesses in our network's _____?
 Do _____ have _____ good _____ to _____ security _____ in the _____?

_____ about steps _____ security gaps in _____?
 Should _____ have _____ against _____ flaws?
 _____ you think _____ should _____ targeted approaches to fix _____?
 Is _____ focus on specific _____ protecting _____ network?
 _____ some options _____ use to _____ network security?
 What are the measures that _____ be _____ weakness _____?
 Is it _____ to _____ measures _____ mitigate security risks _____ telecommunications network?
 To fix the _____ the _____?
 _____ input _____ shoring up our network?
 Are _____ any specific countermeasures _____ should _____ possible _____ system's security precautions?
 _____ are _____ actions that need _____ be _____ to _____ any _____ the _____ our network.
