

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	VoIP (Voice over IP) compatibility and setup
Inquiry Sub-Category	VoIP call echo
Description	Customers complain about echo and feedback during VoIP calls, requiring troubleshooting guidance to identify the cause and resolve the issue, which may involve adjusting network settings or using echo cancellation solutions.
Data Size	5,011 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Do your services _____ tools for _____ reverberations _____ internet _____?

Do _____ have _____ or eliminating echo in _____ calls?

_____ it _____ to _____ bouncing echoes _____ the internet connection?

Is _____ specifically designed to _____ over _____ while making calls?

_____ a _____ feature that reduces the _____ internet _____?

_____ would _____ know if _____ any features within _____ that _____ mitigate the impact _____ phone conversations.

The impact of _____ phone _____ mitigated by included features within _____.

Are any of your services _____ for _____ over the _____ making _____?

_____ company _____ built-in _____ reducing/eliminating reverberations _____ internet telephone sessions?

_____ there _____ built-in _____ that reduce _____ in _____ phone _____?

Do you have built-in _____ can _____ reverberations _____ sessions?

The _____ telephone _____ built-in tools that _____ eliminate reverberations.

_____ there any _____ features with _____ internet _____ noise?

Are _____ capable of _____ reverberations during internet _____?

_____ built-in features in your _____ that reduce the _____ internet _____?

Can _____ be _____ for reducing _____ online phone _____?

_____ there _____ for elimination of _____ internet voice over services?

Is _____ built-in features _____ online phone conversations?

_____ you have tools _____ echoes _____ web _____?

_____ any _____ your services designed to _____ internet _____ making calls?

_____ you _____ features to _____ or eliminate _____ of internet _____?

Are _____ any _____ that can reduce _____ in internet _____ sessions?

Is there a _____ for eliminating echoes _____ phone _____?

Do _____ technologies _____ reducing/eliminating _____ in _____ telephone sessions?

Does _____ voice over services have any built-in _____?

_____ you tell me _____ you have _____ built-in _____ for _____ telephone sessions?

_____ platform _____ to _____ reduce echo _____ online voice chats?

Can _____ internet _____ service _____?

____ are some features within ____ that help ____ online phone ____.
 ____ there be ____ features ____ reduce echoes ____ calls?
 ____ services ____ in internet ____ calls?
 ____ you have a ____ to ____ or ____ resonance ____ over ____ protocol ____ calls?
 ____ offer ____ web calls of echo?
 ____ your services ____ help rid my internet calls ____?
 There ____ features ____ your services that ____ used to ____ the ____ phone ____.
 ____ you ____ offer integrated ____ to ____ or remove ____ in internet calls?
 Do ____ ways ____ eliminate the ____ of ____ calls?
 Do ____ a ____ reducing resonance ____ internet ____ over services?
 Do ____ to ____ or ____ reverberations during internet ____?
 ____ you ____ any ways ____ resonance ____ internet voice over ____ protocol ____?
 Does ____ built-in ____ for ____ resonance in the internet voice ____?
 ____ any built-in ____ to ____ the resonance in the ____ over ____ Protocol ____ calls?
 ____ you have ____ for reducing resonance in ____ calls?
 ____ any ____ eliminating resonance in ____ voice ____ internet protocol telephone calls?
 ____ any ____ tools ____ reduce resonance in the ____ internet protocol ____ calls?
 ____ features ____ platform accessible ____ help ____ echo ____ online ____ chats?
 Is it possible ____ offer ____ to ____ or ____ echoes ____ internet ____ calls?
 Is there ____ your services ____ can help ____ the ____ of online ____?
 ____ any ____ tools ____ help reduce ____ in internet voice over ____ protocol ____?
 ____ echo in ____ internet calls?
 Is ____ any built in ____ in ____ voice ____ services?
 ____ over internet ____ have any built-in ____ for reducing resonance?
 Is ____ possible ____ services offer ____ to ____ or ____ echoes ____ phone calls?
 Do ____ have built-in tools for ____ in ____?
 Do ____ designed ____ or eliminate ____ in internet calls?
 ____ there ____ that reduce noise ____ internet telephony sessions that ____?
 ____ a way to ____ the annoying ____ a online call?
 Are ____ services ____ for ____ bouncing echoes over the ____ making ____?
 ____ you ____ reduce the ____ in internet voice over ____ protocol ____ calls?
 Is it ____ that your services offer features ____ eliminate echoes ____?
 Are ____ to avoid bouncing ____ the internet when ____ calls?
 Do ____ include features ____ the impact of reverberation ____ conversations?
 Is ____ any ____ for ____ to minimize ____ in ____ telephony?
 ____ you have ____ tools to ____ of web ____?
 Is it possible ____ to ____ service at a ____ rate of ____?
 Are ____ any built-in ____ have for ____ resonance in ____ voice ____ calls?
 ____ there ____ features ____ echoes in ____ calls?
 ____ for ____ reverberations in internet phone calls?
 Do ____ have ____ reducing the resonance ____ internet voice ____ sessions of your service?
 ____ any ____ reducing or ____ resonance in the ____ voice over services?
 ____ your internet ____ services ____?
 Do ____ internet voice ____ internet protocol ____ built-in tools ____?
 Does ____ telephone services ____ echo ____?
 ____ you have ____ tools ____ resonance ____ the ____ over internet Protocol ____ calls?
 ____ there a ____ to ____ resonance ____ internet ____ over internet protocol ____ service?
 ____ you include tools to ____ or ____ in internet ____?
 ____ you use ____ reduce echoes ____ web calls?
 Is it possible ____ to ____ in internet telephone ____?

Is _____ service _____ handle _____ echo _____ background noise on _____ phone calls?

Are there any _____ that can be _____ to _____ of echoes _____?

Is there _____ to _____ while using your internet _____ service?

_____ me tools to reduce _____ in my online _____?

_____ you have any built-in _____ in internet voice _____ protocol _____ calls?

_____ there _____ reduce/eliminating _____ in internet telephony sessions?

_____ it possible _____ reduce or _____ occurrence of echo when using _____?

Do you _____ features _____ help _____ or _____ reverberations _____ phone _____?

_____ have features to _____ or eliminate _____ internet _____ calls?

Can you _____ echo _____?

Can _____ possible to suppress _____ on _____ voice _____?

_____ have any _____ resonance in internet voice over _____ of _____ service?

Is _____ any included features _____ your _____ help _____ the _____ online _____ conversations?

Is _____ any _____ to _____ reduction tools _____ I _____ over _____ internet?

Is there _____ features _____ during online _____?

Do _____ reduce _____ eliminate resonance in internet voice over _____?

_____ built-in tools _____ in web _____?

_____ you _____ me if there are any _____ features _____ reduce _____ in _____?

_____ any built-in features that help _____ in _____ calls?

_____ internet _____ cut echo effects?

_____ tell me _____ there's _____ built-in _____ reduce _____ in internet calls?

_____ your _____ reduce or _____ echo in internet sessions?

_____ a _____ to reduce _____ in the _____ voice over _____ of your _____?

_____ you _____ any _____ tools that you _____ use _____ or eliminate _____ voice over internet protocol _____?

Is _____ any _____ for reducing echoes during online _____?

Does _____ service _____ reduce _____ resonance in _____ internet voice over internet protocol _____?

_____ there any _____ for reducing resonance _____ the internet _____ over internet protocol _____ your _____?

_____ that your services _____ my _____ calls quieter?

_____ have _____ use to reduce resonance in the internet _____?

_____ echo in _____ calls?

Is there any _____ in internet telephone calls?

Does _____ internet telephone session _____ technologies _____ reverberations?

Is _____ any built _____ features that _____ in internet _____?

Do you _____ technologies _____ reduce/eliminate reverberations _____ telephone _____?

_____ any built-in _____ minimize echoes in _____ calls?

Is _____ way _____ get rid of annoying _____ online _____?

Can you _____ me _____ built-in _____ for reducing/eliminating _____ internet telephony _____?

Do you have _____ built-in tools for _____ resonance _____ the _____ calls?

Is _____ a way _____ rid _____ the annoying echoes _____ call _____ you _____?

_____ built-in features for reducing _____ on _____ calls?

_____ you have anything you can use to reduce _____?

In _____ sessions _____ services _____ echo?

Will I _____ features _____ echoes in _____ calls?

Do you _____ any _____ tools to _____ internet phone _____?

Are your services designed _____ minimize _____ the _____?

_____ features available _____ the _____ to _____ minimize echo _____ chats?

Do _____ web calls quieter?

_____ there _____ way to _____ or eliminate _____ internet _____?

Do _____ any _____ reduce internet-based _____?

_____ the _____ telephony _____ have any _____ that reduce or _____?

Is _____ reduce _____ resonance in _____ voice over _____ sessions of your service?
 _____ have _____ way to _____ or _____ in _____ voice over services?

Is _____ to _____ internet-based calls _____ in _____ service?

Is _____ way to minimize _____ online phone _____?

_____ it possible _____ your _____ integrated features _____ minimize or _____ echoes during _____?

Are any of your _____ designed to minimize _____ making calls?

Is _____ a _____ that will _____ echoes _____ an online call with _____?

_____ any tools _____ you can use _____ the internet voice _____ services?

_____ you _____ for reducing/eliminating resonance _____ the _____ voice over _____?

_____ possible _____ your services _____ help _____ the _____ from my _____ calls?

_____ any _____ tools you _____ reducing resonance _____ the _____ voice over _____?

_____ your service _____ or eliminate _____ in _____ sessions?

Does the internet _____ tools _____ or eliminate noise?

_____ I use the internet _____ I be able _____ use _____ tools?

_____ to get rid of _____ sound of _____ calls?

_____ do _____ with resonance on _____ calls?

_____ access to _____ reduction _____ for _____ calls _____ the internet?

_____ I be able _____ features _____ reduce echoes in my _____?

_____ you able to _____ eliminate _____ during _____ calls?

_____ ways _____ echo in _____ calls?

Is _____ telephony service _____ tools _____ reduce or elimination _____?

There are features within _____ services that might _____ phone _____.

Is there _____ features within _____ can help mitigate _____ of _____ online phone _____?

Have _____ services been designed _____ bouncing _____ over _____ internet _____ calls?

Fancy features to _____ rid _____ when on _____ online _____ guys?

Is there a _____ to _____ of _____ annoying _____ online call?

_____ telephone service _____ tools for reducing or eliminating _____?

_____ you _____ to _____ resonance in _____ internet _____ over internet Protocol telephone _____?

_____ have technologies for _____ in _____ phone calls?

_____ built-in tools that can be _____ reducing resonance _____ internet _____ internet protocol sessions?

Does _____ service have _____ tools _____ in internet voice _____ sessions?

_____ to _____ rid _____ annoying echoes on an online _____?

Do you have _____ tools _____ internet voice over internet Protocol _____?

_____ for built-in _____ to help _____ echoes in internet _____ calls?

_____ your _____ have _____ tools to reduce _____ eliminate resonance _____ the _____ voice _____ internet protocol _____?

Are _____ of your _____ specifically designed _____ the internet connection while _____?

_____ you provide online _____ calls _____?

_____ you _____ tools _____ resonance _____ the _____ voice over services?

Does _____ telephony _____ have built- in _____ that _____ or _____?

_____ service _____ features to reduce or eliminate _____ internet _____?

_____ you have _____ tools _____ echo in _____ calls?

Can _____ tools to reduce _____ a web _____?

_____ any of your services _____ to _____ bouncing _____ internet?

_____ you have features _____ echo in online voice chats?

Do _____ services _____ for reducing/eliminating echo _____ calls?

_____ built-in features _____ reducing _____ in _____ chats?

_____ wonder if _____ built-in features that _____ echoes during _____.

Does _____ give _____ tools _____ minimize echoes _____ phone conversations?

Is there _____ built-in features _____ reduce _____ in _____ calls?

Do _____ have any _____ reduce/eliminate _____ in internet _____ over _____ telephone _____?

Can _____ echo _____ internet calls?

_____ reduce _____ eliminate ruffles during internet calls?

What built-in _____ do _____ have _____ internet telephone sessions?

_____ internet _____ services reduce _____?

_____ out _____ from internet _____?

Do _____ have _____ reduce _____ in my online _____?

Is _____ feature that reduces _____ internet _____ sessions?

_____ have _____ built-in features that reduce _____ of _____ in _____ sessions?

_____ any _____ services designed _____ the bouncing echoes _____ the _____ connection?

_____ echoes _____ phone calls?

_____ it _____ that _____ services _____ help rid my _____ calls _____?

Is there _____ reducing/eliminating _____ in the internet _____ over internet _____ calls?

Is it _____ services to _____ echoes over _____ connection while _____ calls?

_____ reduce echo _____ calls?

Is _____ built-in tools for reducing resonance _____ voice _____ telephone _____?

_____ the _____ service _____ in _____ to _____ or reduce reverberations?

_____ make _____ the _____ will I have access _____ reverberation _____?

Are _____ able _____ cut _____ eliminate reverberations _____ calls?

_____ there _____ within _____ services _____ mitigate the effect of _____ phone _____?

Is _____ to use _____ to minimize echoes _____ internet _____?

_____ any _____ in _____ to _____ resonance in the _____ voice _____ services?

Are you _____ to _____ eliminate _____ internet _____ calls?

_____ service offer _____ to reduce _____ eliminate echo _____ telephony _____?

_____ you have _____ resonance _____ the _____ voice over service?

_____ your services _____ reduce _____ in _____?

Does _____ internet telephone service _____ in tools _____ reverberations?

Are _____ able to _____ internet _____?

_____ possible to _____ the _____ of echo _____ using _____ phone service.

Do _____ have _____ to suppress _____ echo _____ internet _____?

Cut _____ internet calls?

Is _____ service _____ bouncing echoes _____ internet connection while _____ calls?

Is there _____ that _____ noise _____ internet conversations?

Is there _____ tools that _____ eliminate reverberations _____ internet _____ service?

_____ it possible _____ minimize _____ calls included _____ service?

_____ any _____ your _____ for avoiding bouncing echoes _____ internet?

_____ any built-in tools for reducing or eliminating _____ the _____ internet _____ telephone calls?

Do _____ built-in tools for reducing/eliminating _____ internet _____?

Are any _____ your _____ specifically designed _____ bouncing _____ the internet _____?

_____ your service _____ the _____ noise _____ from _____ phone calls?

Is _____ a feature within _____ services that mitigates _____ online _____?

_____ a way _____ get rid _____ echoes _____ on _____ online _____?

Do you have _____ reducing/eliminating resonance _____ the _____ voice over internet _____?

Do _____ have _____ for _____ or _____ resonance in the _____ voice over internet protocol _____ of _____?

_____ possible _____ your services _____ rid of echo _____ my internet _____?

_____ services can reduce _____ in internet calls?

Is any of your services _____ to _____ bouncing _____ connection _____ making _____?

Are _____ built-in _____ for _____ resonance in _____ internet _____ services?

Is there _____ tools for _____ telephony _____ your services?

_____ your service _____ integrated features _____ in internet phone calls?

_____ you _____ features _____ can _____ echo _____ online voice chats?

Is _____ a built-in feature _____ echoes _____ the _____?

_____ built-in _____ for _____ reverberations _____ telephony included in _____ services?

Are there any built-in _____ to _____ echoes _____?

_____ you _____ built in to reduce _____ in internet _____?

_____ you have _____ reverberations in _____ telephone sessions?

_____ of your services _____ to _____ echoes over the _____ while _____ calls?

Do you _____ way to _____ eliminate reverberations _____ calls?

Are _____ able to fix echo during _____?

Do _____ features that can be _____ on the _____ to help _____ online _____?

_____ you _____ built-in tools for _____ in internet _____ protocol telephone calls?

_____ way to _____ internet _____ included _____ your service?

_____ there _____ tools for reducing _____ resonance _____ internet _____ over internet protocol telephone _____?

Is _____ a _____ built-in _____ to reduce _____ in _____ calls?

Is there _____ provision _____ echoes _____ internet telephony sessions?

Do _____ functions _____ or eliminate _____ during internet _____?

_____ internet _____ echo effects _____ services?

Is _____ to decrease the _____ in _____ plans?

_____ online _____ call suppression features?

_____ there a _____ echoes during _____ calls?

Is there _____ minimize _____ calls _____ with your _____?

Is _____ any _____ in your services _____ on online phone _____?

Is it _____ have _____ to _____ in _____ telephony sessions?

_____ you _____ any _____ to _____ the internet voice over _____?

_____ for me to avoid or diminish _____ using _____ internet phone service?

_____ bouncing echoes over _____ internet while you are making _____?

Are _____ tools for _____ echo in _____ telephony _____ in _____ service?

_____ you _____ any built-in _____ that _____ reduce resonance in _____ over internet _____ sessions?

Is it _____ that _____ can _____ internet phone calls _____?

_____ you provide built-in _____ for reducing/eliminating reverberations _____?

Did _____ tools for _____ reverberations in internet _____?

Does _____ service handle _____ phone calls?

_____ use tools _____ echoes _____ web calls?

Tools to _____ echoing _____?

Any _____ that would _____ audio _____?

_____ ways _____ reduce _____ sound in web calls?

Is _____ possible for _____ to _____ the amount _____ internet calls _____?

When _____ make _____ internet will _____ to reverberation reduction tools?

When _____ the _____ will I _____ reverberation reduction tools?

_____ it possible for _____ to _____ of echo _____ using _____ phone service?

Do _____ that you _____ use _____ reduce or eliminate _____ in your _____ over _____ protocol sessions?

Does your _____ offer features _____ minimize or _____ in _____?

Can _____ tell me _____ features that _____ noise _____ internet _____ sessions?

_____ include _____ that _____ mitigate _____ impact _____ online phone conversations?

_____ you have _____ built-in tools _____ reduction or elimination _____ internet voice _____ internet _____ sessions?

Will built-in _____ reduce _____ conversations?

_____ you give _____ tools _____ reduce echoes _____ my _____ phone _____?

_____ services _____ built-in tools for _____ in internet telephony _____?

_____ there _____ built-in feature that will reduce _____?

Do _____ have _____ tools that _____ can use to _____ the _____ voice over _____ protocol _____?

_____ you have any _____ to _____ the _____ internet _____ over _____ protocol sessions?

Is there _____ services that can _____ impact of online _____?

_____ it _____ for _____ reduce echo _____ internet telephone sessions?

_____ you able to _____ echo _____ internet _____?

How _____ you _____ internet-based calls _____ with _____?

Do you offer _____ that help _____ reverberations _____ calls?

Do you _____ any _____ can _____ to reduce _____ internet _____ over _____ Protocol telephone calls?

_____ you have _____ use to reduce resonance _____ the internet voice over internet _____?

_____ services designed to _____ bouncing echoes _____ the internet?

_____ are _____ in _____ services that help _____ the _____ of _____ phone _____.

_____ you _____ tools you _____ reduce or _____ resonance in internet voice over _____ protocol _____?

Is _____ tools for reducing/eliminating echo _____ internet _____?

Do _____ built-in _____ for _____ in _____ voice over internet _____ calls?

_____ your services _____ on _____ calls?

Is it possible _____ I _____ reduce _____ during _____ you?

_____ you _____ a built-in technology _____ reverberations in _____ sessions?

Is there a way _____ of internet-based _____?

Does _____ service _____ reduce or eliminate echo _____ calls?

Are _____ able to reduce _____ eliminate _____ calls?

_____ internet _____ services reduce _____ effects?

_____ any help _____ echoes during _____ online _____ conversations?

_____ help reduce _____ in internet _____?

Does your service _____ features _____ or _____ echoes in _____?

Is _____ to avoid the occurrence _____ using your _____ phone service?

_____ you _____ reduce or _____ the _____ of internet _____ calls?

Can you _____ echo _____ calls?

_____ there a _____ have built-in tools _____ echoes in _____ sessions?

Can you tell _____ if your services _____ remove echoes in _____?

Do _____ have _____ rid _____ calls of _____?

_____ your internet _____ service _____ effects?

Is there _____ reducing/eliminating reverberations in _____ calls?

_____ it _____ get rid of _____ my internet _____ calls?

_____ technologies _____ reducing oreliminating echo in internet telephone _____?

Do you _____ any _____ that will _____ resonance _____ the internet voice _____ internet _____?

Can _____ tell _____ if your services have _____ or _____ in _____ calls?

What do _____ services _____ to _____ resonance _____ calls?

_____ possible _____ services _____ to minimize _____ remove echoes in internet _____?

Is _____ possible _____ minimize _____ in _____ service?

Is _____ possible for _____ to _____ the occurrence _____ when _____ internet phone _____?

Is _____ built-in _____ the sound _____ internet telephone calls?

Will I _____ reduction tools when I call _____?

_____ get rid _____ echo _____ internet calls?

_____ you _____ reduce _____ eliminate reverberations on internet _____?

Is there any _____ reverberations in _____ telephone _____ you?

Do you _____ a _____ to _____ internet voice _____ protocol _____?

Is _____ any _____ reducing _____ internet telephone sessions?

Is there a built-in _____ for _____ in _____?

_____ there _____ tools _____ reducing _____ in the _____ voice over services?

_____ for _____ to _____ the _____ of echoes _____ your _____ phone service?

Can _____ make it _____ suppress _____ in _____ calls?

Can _____ block _____ on _____?

_____ a _____ reduce the resonance of internet voice _____ internet _____ telephone _____?
 _____ for _____ reduce _____ amount of reverb during internet _____?
 Is your _____ to _____ internet conversations?
 _____ a way _____ reduce _____ in _____ calls?
 Can _____ get _____ of _____ rous _____ my _____ with your services?
 Is it _____ for me _____ internet calls with _____?
 _____ internet calls with you can _____ amount _____?
 Will I _____ use _____ reverberation reduction tools when making _____?
 _____ there _____ tools _____ have for reducing _____ in _____ voice _____ services?
 _____ you offer _____ ability to reduce _____ reverberations _____ calls?
 Is _____ tools to minimize echoes in _____?
 _____ there _____ way to _____ amount of echo in _____?
 Is _____ possible that your _____ echo in internet telephony _____?
 _____ it possible _____ services offer features to reduce or _____?
 _____ built _____ technologies for reducing/eliminating echo in _____ sessions?
 _____ you _____ to _____ calls quieter?
 Are any _____ services designed _____ make _____ echoes over the _____?
 _____ any _____ designed _____ reduce _____ echoes over the internet?
 Are _____ your services designed to _____ bouncing echoes _____ internet _____ calls?
 _____ you have _____ to _____ in _____ phone conversations?
 _____ want _____ know if there _____ features that _____ noise in _____.
 _____ of _____ online phone conversations _____ mitigated _____ included features in your _____.
 Do _____ technologies for reducing/eliminating the _____ telephone calls?
 Does your _____ tools for reducing/eliminating echo _____ sessions?
 _____ the internet _____ have tools _____ help _____ or _____ reverberations?
 _____ you _____ reducing resonance in the _____ voice over _____?
 _____ service include _____ to minimize echoes _____ telephony sessions?
 Do _____ have _____ reduce/eliminate _____ voice over internet Protocol calls?
 _____ have _____ built-in _____ to _____ the internet voice over _____ protocol calls?
 _____ to reduce echoes in my online _____?
 Is there _____ fancy features _____ of _____ annoying echoes _____ online _____?
 _____ you _____ echo in internet _____ sessions?
 Is it _____ get rid _____ the annoying echoes _____ online call _____?
 _____ have _____ ways _____ reduce or _____ resonance _____ internet voice _____ Protocol telephone _____?
 _____ have _____ features _____ the noise in internet telephone _____?
 _____ have built-in tools _____ reverberations _____ telephone calls?
 Do _____ tools _____ eliminate _____ in web calls?
 _____ it _____ that your services can reduce _____ telephony _____?
 _____ built-in tools _____ in _____ calls?
 _____ I have _____ to _____ reduction _____ over the internet?
 _____ give online _____ calls _____ that _____ reflections?
 _____ there _____ built-in _____ for _____ in the _____ voice _____ services?
 Eliminating reverberations _____ is something you _____?
 Do you have a way to _____ resonance _____ voice _____?
 _____ reduce echoes in web _____ with built-in _____?
 _____ you able to _____ during internet calls.
 Does _____ internet _____ service _____ tools that reduce _____ eliminate _____?
 Do _____ accessible _____ the amount of _____ online voice chats?
 _____ it possible to _____ features accessible _____ help _____ echo in _____ chats?
 _____ you have tools for reducing or _____ telephony _____?

I _____ if _____ are any _____ your services that help _____ impact of _____ phone _____.
 _____ tools _____ reducing _____ resonance _____ internet voice _____ internet protocol _____ calls?
 Do you have features that are _____ platform _____ amount of echo _____ online _____?
 _____ be built-in _____ to reduce echoes in _____?
 Can _____ use _____ reduction _____ calls on _____ internet?
 Is it _____ to _____ features on the _____ echo in online _____?
 _____ have a way _____ reverberations on internet calls?
 Can _____ if your services _____ features to minimize or _____ echoes _____ telephony _____?
 Can _____ echoes on _____ call?
 _____ features that _____ help reduce the _____ in internet phone _____?
 _____ it _____ reduce or avoid _____ echo _____ using your _____ phone service?
 Can there _____ tools to reduce _____ in _____?
 _____ can internet-based calls be _____?
 _____ out _____ for _____ calls?
 _____ to _____ or eliminate the _____ of _____ telephony calls?
 Can _____ reverberation reduction tools on _____ over _____?
 Do you _____ any _____ tools _____ reducing _____ in internet _____ internet protocol _____?
 Are any _____ your _____ to _____ bouncing _____ internet connection _____ making calls?
 Do you have _____ mitigate the impact of online _____?
 I _____ to _____ are any built-in _____ reduce noise _____ internet telephone _____.
 Are _____ to reduce _____ the reverberations _____ phone calls?
 Do _____ to get rid _____ echoes on an _____?
 Do you have tools _____ sound _____ web _____?
 _____ internet telephone services _____?
 Is there _____ built-in _____ for _____ or _____ in _____ sessions?
 Do _____ have any _____ reduce _____ resonance in the _____ voice _____ internet _____ telephone calls?
 Are there any built-in _____ for _____ echo _____?
 Do you _____ way to _____ the _____ voice _____ services?
 _____ you _____ any tools that _____ can use _____ resonance in _____ over _____ protocol telephone _____?
 _____ have tools for reducing _____ eliminating echo _____ telephony _____?
 _____ handle background noise _____ echo _____ internet _____ calls?
 _____ be built-in _____ minimize echoes in _____ phone _____?
 _____ it _____ for me _____ on internet calls _____ you?
 Can you _____ calls with built-in _____?
 Does your _____ features that can _____ the _____ phone conversations?
 _____ features _____ reducing _____ during online phone conversations?
 _____ tools for reducing or eliminating resonance _____ internet voice over _____?
 _____ have _____ fancy feature to _____ annoying echoes _____ online call?
 Is _____ a _____ reducing/eliminating reverberations _____ telephone sessions?
 Is there _____ technology for _____ telephone chats?
 Is there _____ built-in _____ reduce _____ amount _____ in _____ telephony sessions?
 _____ can _____ reduce _____ of _____ in internet-based calls?
 _____ built-in features that will _____ noise in internet _____?
 Are your _____ reduce bouncing _____ internet _____ making calls?
 Does _____ telephony service _____ built-in ways _____ elimination reverberations?
 Can the _____ telephony service _____ that _____ or eliminate _____?
 _____ there a way _____ built-in _____ minimize echoes _____ internet _____?
 _____ to know _____ are any features in _____ that _____ mitigate the _____ of _____ phone _____.
 _____ it possible _____ get _____ echoes when on _____ online _____?
 _____ it _____ me to avoid _____ occurrence of _____ using _____ service?

____ your service include ____ for ____ echo in internet ____?
 ____ able ____ reduce ____ eliminate ____ internet phone calls?
 Is ____ built-in ____ that ____ reduce the ____ in internet ____?
 Is ____ option ____ reduce or eliminate ____ during ____ phone ____?
 Can ____ tell ____ if your services ____ features ____ or remove ____ conversations?
 When ____ to make calls, will I ____ access ____ the ____?
 ____ you have ____ technologies for reducing/eliminating ____ internet ____ do you ____?
 ____ your services that can help mitigate ____ of ____ phone ____?
 Do you have tools ____ reducing or ____ resonance in ____ voice ____?
 ____ your service ____ background ____ and echo ____ phone calls?
 ____ have ____ to reduce or ____ sound ____ internet calls?
 Is there ____ way ____ minimize ____ calls?
 Does ____ internet ____ over services have built-in tools for ____?
 ____ service ____ tools ____ resonance ____ the ____ voice over internet protocol sessions?
 Is there built-in ____ in ____ telephony sessions in ____ services?
 Does the internet telephony service have ____ reduce ____?
 ____ any built-in tools ____ you can ____ the internet voice ____ internet protocol session?
 ____ be ____ find features to ____ echoes ____ online ____ conversations?
 Are ____ any ____ reduce resonance in internet ____ services?
 Are ____ services ____ to ____ over ____ internet during calls?
 ____ you ____ any ____ for ____ the ____ internet voice over ____?
 Will ____ conversations ____ built-in features for ____?
 Does ____ internet voice ____ have built ____ tools ____ reducing ____?
 ____ that your services ____ features ____ reduce or ____ echoes in ____ sessions?
 Do ____ any built-in ____ reduce noise ____ calls?
 ____ the internet phone service ____ tools that ____ reverberations?
 ____ have ____ things to shut ____ those blasted ____ in ____?
 ____ you have anything to stop ____ talking?
 Does ____ include built-in tools for ____ reverberations in ____?
 ____ there ____ features within ____ that ____ the ____ online phone conversations?
 ____ service have built ____ to reduce or eliminate ____?
 ____ any features ____ that help mitigate the impact ____ phone ____?
 ____ have ____ tools that ____ help ____ resonance in ____ voice over ____?
 ____ some ____ your services that may ____ mitigate the impact ____ online ____.
 Is ____ possible ____ use features on ____ to make online ____?
 Does the internet ____ service have ____ tools ____ reduce ____?
 Is ____ built-in ____ reduce ____ online phone conversations?
 Is there ____ built-in ____ for reducing/eliminating ____ internet ____?
 ____ able ____ fix ____ echoes ____ my internet calls?
 Does your service offer tools ____ or ____ in ____?
 Can ____ use ____ internet ____ service to reduce ____ occurrence ____?
 ____ you ____ any features to ____ rid ____ the ____ on ____ online ____?
 Can ____ services ____ get rid ____ the sound ____ calls?
 Is ____ services that ____ help diminish the ____ of online phone ____?
 ____ possible ____ your services can reduce ____ phone calls?
 Do you ____ any ways to ____ voice over ____ Protocol ____ calls?
 ____ there a ____ to ____ echoes during ____ phone ____?
 ____ service ____ built-in tools to reduce/eliminate resonance ____ the internet ____ sessions?
 Are you ____ reduce ____ eliminate reverberations during ____ calls?
 Do you ____ features that ____ mitigate ____ of ____ conversations?

Will _____ to reverberation _____ when _____ make calls _____ the Internet?
 _____ you _____ me how to _____ rid of _____ an _____ call?
 _____ anyone _____ to eliminate _____ online?
 Can _____ services reduce _____ the _____?
 Do you _____ a _____ to _____ the _____ web _____?
 _____ there a feature _____ built-in _____ to _____ echoes in _____?
 Is there any _____ services _____ the impact of online _____?
 Is it possible _____ your services _____ the echo _____ internet _____?
 _____ tools _____ reducing/eliminating resonance in internet voice _____ protocol telephone _____?
 _____ able _____ echoes in web _____?
 Do you have _____ for _____ in _____ internet _____ over _____?
 Can _____ tell _____ any built-in technologies for _____ in _____ sessions?
 Is _____ possible _____ to reduce _____ using your internet phone service?
 _____ there be features _____ reduce echoes _____?
 _____ your _____ that help _____ the impact _____ online _____ conversations?
 _____ there _____ for _____ reverberations in _____ telephony services?
 Do _____ have _____ features that reduce the _____ phone _____?
 _____ I _____ to the _____ reduction tools _____ I _____ calls _____ internet?
 Can _____ on our internet _____?
 Is your service _____ echo in _____?
 _____ tools for reducing resonance in the internet _____ telephone calls?
 _____ I _____ able _____ reverberation reduction tools _____ calls over the _____?
 _____ impact of reverberation _____ online _____ conversations may _____ by _____ in your _____.
 _____ reduce resonance in _____ internet voice over services?
 Is _____ tools _____ resonance in internet _____ over services?
 _____ you _____ tools _____ reduce resonance in _____ over _____ telephone _____?
 _____ tell _____ is any built-in features that _____ noise in _____ sessions?
 Do _____ know _____ to _____ calls included _____ your _____?
 Do you _____ tools for _____ internet voice _____ internet _____ calls?
 Can _____ echo in _____?
 Do your _____ cut _____ echo _____ the _____?
 _____ included features _____ your services _____ help mitigate the impact _____ phone _____?
 Is _____ built-in tools _____ reduce echoes _____ telephony _____?
 _____ it possible _____ your _____ to _____ the _____ and background _____ during _____ phone _____?
 Is _____ possible for me _____ to _____ echoes _____ your _____ phone _____?
 Are you _____ to _____ during _____ phone _____?
 Do you _____ any _____ can _____ to _____ resonance _____ the _____ over services?
 _____ any built-in features that _____ in internet _____?
 Does _____ include tools to _____ or eliminate _____ sessions?
 _____ service _____ tools _____ reducing/eliminating echo in _____ phone calls?
 Do _____ have _____ built-in _____ you can use _____ resonance _____ voice over internet protocol _____?
 _____ services include features that _____ mitigate the _____ of _____ phone _____?
 Do _____ internet voice _____ effects?
 Do _____ have _____ to _____ the internet _____ internet protocol telephone calls?
 I want _____ there _____ built-in _____ reduce _____ in internet _____ calls.
 _____ you _____ tools for reducing or _____ resonance _____ the _____ over _____?
 Do _____ have _____ to reduce echoes _____ my _____?
 Do you _____ or eliminate reverberations in _____?
 _____ there _____ to rid web calls _____ reverberations?
 Are there any _____ for _____ resonance _____ the _____ over _____?

____ there ____ tool to ____ ____ my ____ phone conversations?
 ____ the ____ telephony service ____ ____ tools that ____ ____ eliminate reverberations?
 Are there ____ ____ echo on internet-based calls?
 Do ____ have features ____ ____ reverberations during internet phone ____?
 ____ ____ any built-in features that reduce ____ noise ____ ____ conversations?
 ____ you ____ internet telephony ____ ____?
 ____ do you ____ within your ____ can ____ the impact of ____ phone ____?
 ____ a ____ technology for reducing/eliminating ____ ____ internet telephone ____?
 ____ any built-in tools for ____ resonance in ____ voice ____ ____ protocol sessions ____ your ____?
 ____ be ____ use reverberation reduction ____ ____ making calls over the ____?
 ____ include ____ for ____ ____ eliminating echo in internet ____?
 ____ ____ embedded function that ____ suppress reflections ____ ____ voice calls?
 ____ your ____ resonance on ____ calls?
 ____ possible ____ echoes in web calls ____ ____ tools?
 ____ there any built-in tools to ____ ____ the ____ over internet Protocol telephone ____?
 ____ any built-in tools for ____ reverberations in ____ ____?
 ____ get rid of ____ in ____ internet ____ calls ____ ____ services?
