

## [Demo] NLP Dataset for Customer Service Automation

<b>Company Type</b>	Cable and Satellite TV Providers
<b>Inquiry Category</b>	Signal and reception troubleshooting
<b>Inquiry Sub-Category</b>	Weather-related signal interruptions
<b>Description</b>	Inquiries in this category involve customers seeking assistance with signal issues during adverse weather conditions, such as heavy rain, storms, or strong winds. Advisors may provide tips on mitigating weather-related signal loss or suggest suitable equipment upgrades.
<b>Data Size</b>	6,347 paraphrases
<b>Want to buy data?</b>	Please contact <a href="mailto:nlp-data@gross.me">nlp-data@gross.me</a> via your business email address.
