

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Window repairs or replacements
Inquiry Sub-Category	Service scope inquiries
Description	Customers request information on the range of window repair and replacement services provided by the company, including specific issues that can be addressed and the expertise of the technicians.
Data Size	5,133 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

What measures _____ when _____ for proper _____ for energy efficiency?

_____ you _____ your _____ insulation more energy _____?

How _____ insulate windows after _____?

What _____ do _____ proper _____ around windows?

_____ installing insulation _____ re-built _____ what _____ be _____?

_____ windows after repair?

_____ possible you insulate _____ to save _____?

What _____ do _____ take _____ window _____ more efficient?

How to _____ energy consumption _____.

Tell me how _____ insulation.

_____ taken to ensure efficient insulation _____ replacements?

What are _____ that _____ insulation _____ windows _____ replaced?

When repairing windows, have _____?

How _____ you install _____ insulation _____ repaired/relocated windows _____?

_____ to ensure _____ energy-efficient _____ replacing _____?

_____ you ensure _____ your windows _____?

Is there _____ measures taken _____?

Are _____ specific _____ measures to _____ energy-efficient _____ around _____ repaired _____?

How _____ I _____ windows _____ energy _____?

_____ steps _____ taken _____ insulate _____ windows?

Is _____ way _____ ensure _____ efficient insulation when _____ repaired _____?

Suggestions for a _____ window _____?

What _____ are you _____ windows?

What _____ be done to ensure _____ during _____?

Do _____ to _____ windows _____ are insulated?

How to _____ windows _____?

_____ you actually _____ measures _____ insulation around _____ windows?

Do _____ insulate _____ energy efficiency?

How _____ the window insulation _____ efficient?

How _____ my repaired windows _____ for _____ efficiency?

How _____ you insulate _____ repairs?

_____ ensure window insulation _____ efficient?

Do you know _____ to _____ windows _____?

_____ steps you _____ to install _____ insulation around _____ windows?

Let me know _____ for _____

What _____ precautions _____ installing proper _____ around repaired windows?

There are _____ that _____ proper _____ when _____ windows.

Installation of _____ around re-built _____ can _____ energy.

_____ be sure that my _____ insulated _____ energy efficiency?

_____ know which _____ taken for _____ windows?

What _____ steps taken _____ around _____?

When _____ fixture, how is insulation established?

Are your tactics _____ useful for saving energy?

_____ need _____ when repairing windows.

What _____ do _____ for window _____ after a _____?

_____ do you _____ insulation concerns when _____ them?

_____ you _____ energy efficiency with improved window _____?

What steps _____ be taken _____ install proper insulation around _____ less _____?

_____ way to insulate fixed/newened _____?

Which _____ are _____ proper insulation _____?

How _____ proper _____ insulation when _____?

Tell me _____ use _____ energy- efficient _____ insulation.

_____ we _____ efficient insulation of _____?

What steps _____ taken _____ insulation around windows _____ changed?

_____ specific methods _____ window insulation _____ repair?

What _____ to make _____ proper insulation _____ repaired windows?

What _____ install _____ re-built windows _____ that they _____ less energy?

_____ know _____ steps taken _____ install and _____ for optimal energy _____?

_____ windows _____ a repair?

Do you use _____ for _____ efficient _____ around _____?

How do you make _____ by _____?

_____ that window insulation is energy efficient?

_____ you ensure that _____ window _____ is energy _____?

_____ do _____ windows following _____?

Improve _____ can _____ energy _____.

How _____ insulate _____ windows?

How do _____ efficient _____ of _____?

_____ you have _____ to ensure _____ efficient _____?

Tell _____ the procedures _____ to _____ efficient window _____.

How _____ you _____ that _____ are correctly _____?

What _____ should _____ taken when _____ proper insulation _____ in _____ to _____ energy?

_____ window _____ be used to improve _____.

What _____ the _____ taken _____ insulate and install _____ energy _____?

What _____ do you use to _____ insulation _____?

Is it _____ to _____ the specific _____ ensure energy efficient insulation _____?

_____ will _____ taken to _____ efficient _____ the windows?

_____ steps _____ followed _____ windows?

How _____ you _____ windows while fixing _____ save _____?

How ____ you ____ proper ____ fixing ____?

To ____ efficient ____ insulation?

____ to ____ window ____?

Which ____ are taken ____ windows?

Which ____ guarantee ____ when fixing ____?

____ you know how to insulate ____ to ____?

Installation ____ windows to ____ consumption.

____ it possible to ____ the specific ____ ensuring energy ____ insulation ____ windows?

____ window insulation ____ one ____ achieve optimal energy ____.

When repairing ____ exchanging ____ window ____ how ____ optimal ____?

What ____ doing to ____ you replace windows?

____ there a way ____ ensure energy- ____ insulation ____ recently ____?

____ do you ____ to ____ the ____?

Let me know ____ you ____ procedures ____ window insulation.

Do ____ measures ____ energy- ____ insulation around windows ____ have ____?

What is ____ way ____ windows in order ____ less ____?

____ proper insulation around ____ windows for ____ efficiency?

____ there any insulation measures ____?

____ you ____ windows ____ they ____ replaced?

Can ____ me ____ to install ____ insulate ____ to ____ efficiency?

____ procedures ____ ensuring energy efficient ____?

____ should ____ insulate windows for ____?

____ are ____ measures that ____ when ____ are changed?

____ to make ____ energy efficient.

What steps are taken ____ have ____?

____ proper ____ when windows are repaired ____ replaced?

____ can we guarantee ____ window ____?

____ can ____ done to guarantee ____ insulation ____ window ____?

____ there ____ to assure energy ____ window ____?

____ you ____ replaced ____?

____ do we assure ____ efficient ____?

____ tactics ____ windows so they don't suck ____ energy?

Is it possible ____ ensure ____ when fitting ____?

____ be taken to guarantee ____ during window ____?

How ____ installing proper insulation ____ windows for ____?

____ should install ____ windows ____ cut down ____ use.

____ do you insulate ____ windows ____ repaired ____?

How can ____ ensure ____ of ____?

____ insulation round ____ windows ____ use?

____ do you ____ insulation ____ when repairing windows?

What ____ should ____ installed ____ re-built windows ____ energy?

____ do you ____ that the ____ efficient?

How ____ we establish optimal insulation ____ window fixture?

How do you insulate ____ they ____ or ____?

To ____ on ____ insulate windows.

What ____ insulation around windows?

Steps ____ good window ____?

____ my windows be ____ to ____ efficiency?

____ measures you ____ when ____ around repaired/replaced windows?

____ me what ____ energy- efficient window insulation.

When repairing _____ are _____ measures _____?

How _____ you ensure _____ insulation when _____ repaired _____?

_____ precautions _____ taken _____ you upgrade a _____?

What should _____ re-built _____ in order to _____ energy?

How do you _____ for better _____?

_____ can insulation _____ help with energy _____?

_____ about the specific installation _____ efficient _____ recently repaired/replaced _____?

_____ insulate windows _____ save more _____?

What _____ to _____ the window insulation _____?

_____ taken _____ window _____ more efficient.

_____ installing _____ insulation _____ windows, what are _____ measures that _____ taken?

_____ want to know _____ taken _____ and _____ windows.

_____ on _____ proper energy-efficient _____ fitting repaired windows.

How do _____ make _____ when you _____ fixture?

What _____ the _____ you will _____ to _____ insulation _____?

_____ me how to _____ energy _____.

_____ there _____ to ensure proper insulation _____ windows?

_____ about _____ assure energy _____ insulation?

_____ can we _____ to _____ of windows?

_____ replaced windows to _____ energy?

When installing _____ insulation _____ windows, what measures should _____ energy?

_____ windows after repair _____ replacement?

I'm _____ the measures taken to _____ for optimal energy _____.

How _____ optimal _____ when you swap _____ window _____?

How do you _____ energy- _____?

_____ do _____ for energy efficiency?

What _____ you take to install insulation _____?

_____ proper insulation around _____ what _____ should be _____?

Is it possible _____ replaced _____ for _____ energy _____?

_____ to _____ if there _____ specific installation _____ that _____ energy-efficient insulation _____ recently _____.

How _____ insulate windows _____ better _____?

How _____ insulation _____ windows _____ energy _____?

_____ you _____ how _____ insulate _____ windows?

Which steps _____ to _____ efficiency for _____ windows?

What are the _____ proper insulation around _____?

Is _____ installation _____ will _____ energy- efficient _____ around recently repaired _____?

Is _____ energy- efficient insulation around recently _____ windows?

_____ you _____ windows _____ or rebuilt?

_____ be _____ to _____ efficient _____ during window replacement?

How _____ insulate repaired windows to _____?

_____ to guarantee _____ insulation?

What _____ be taken _____ ensure _____ the windows?

_____ do you _____ windows _____ they _____ up energy?

_____ do you do _____ insulation _____ repaired/relocated windows?

How _____ be insulated to make _____ more _____?

_____ it _____ insulate _____ or _____ so they do _____ suck _____ energy?

_____ steps are _____ efficient _____ windows?

When rehabilitating _____ exchanging a window _____ established?

_____ do _____ make _____ installation _____ proper _____ around _____ windows for _____ efficiency?

_____ can we ensure _____ efficient _____?

_____ steps _____ to provide proper _____ around _____ windows?
 Is it possible to ensure _____?
 _____ ensure _____ efficient when you _____ windows?
 _____ methods do _____ use _____ after repairs?
 _____ do _____ replaced windows to _____ them _____ energy _____?
 What are _____ taken _____ repairing _____?
 What tactics _____ use to insulate _____ don't suck _____ energy?
 _____ do your _____ address insulation _____ when _____ or replace _____?
 _____ do _____ technicians _____ addressing insulation concerns when _____?
 _____ steps are _____ around windows?
 _____ or exchanging _____ what is _____ optimal insulation?
 What _____ specific installation _____ ensure energy _____ insulation around _____ repaired/replaced _____?
 What _____ you do to ensure _____ replacement?
 _____ how _____ install insulation correctly _____ windows?
 _____ are _____ you _____ to increase window insulation _____?
 _____ do _____ sure your _____ is energy efficient?
 _____ procedures for ensuring energy _____
 What precautions _____ improving a _____ insulation?
 _____ insulation _____ be _____ to achieve optimal _____ efficiency.
 _____ the specific _____ efficient insulation around _____ windows?
 Did you _____ windows _____ better energy _____?
 What _____ best ways to _____ replace _____ to not _____ out _____?
 How _____ you _____ the repair?
 How _____ energy-efficient insulation _____ fitting _____?
 How _____ proper _____ done around _____ that have _____?
 _____ to _____ windows _____ repair?
 _____ window insulation _____ achieve energy _____.
 _____ do you make sure _____ insulation _____?
 What are _____ steps _____ ensure _____ around the _____?
 _____ to _____ energy _____ window _____?
 _____ you address insulation concerns when _____ replacing _____?
 _____ it _____ insulate replaced _____ for _____ efficiency?
 What methods guarantee _____?
 _____ us _____ installation measures are _____ to _____ efficient insulation _____ recently _____ windows?
 What _____ be _____ insulation in window replacement?
 _____ replacement, what _____ will _____ taken to _____ efficient _____?
 How do _____ save _____ and _____?
 What _____ the _____ or replace _____ so _____ they don't suck _____ energy?
 _____ rehabilitating _____ damaged window fixture, how _____ optimal _____?
 What _____ need to be followed _____ around _____?
 Can _____ about the specific _____ measures that ensure _____ efficient _____ around _____?
 How _____ you _____ are replaced?
 _____ do _____ do _____ make _____ insulation around _____ is good?
 _____ taken _____ improve _____ insulation around windows?
 How _____ we _____ efficient _____ during _____?
 Is it possible _____ proper _____ efficient insulation _____ windows _____ been _____?
 What _____ the best ways _____ windows so _____ don't _____?
 _____ me _____ you are _____ ensure _____ efficient window _____.
 What _____ taken to install proper _____ around _____ order _____ save energy?
 _____ are the steps _____ taken _____ guarantee efficient _____ during _____?

What ____ the ____ way ____ install ____ windows to ____ less energy?

How can you ____ efficient ____?

What ____ think ____ done when ____ insulation ____ re-built windows?

How ____ insulate ____ after repairs?

Is ____ possible to ____ energy efficiency ____ insulated ____?

How can ____ efficiency ____ achieved through ____ window ____?

____ the insulation ____ repairing windows?

____ measures ____ to install and insulate ____ for optimal ____?

How ____ you ____ after ____ windows?

How ____ insulation is efficient?

I want ____ know the ____ taken to ____ and ____.

How do you improve energy ____ fixed ____?

____ is ____ way ____ establish ____ insulation ____ you ____ or exchange a ____ fixture?

____ actions ____ to ____ window insulation efficiency?

What ____ measures ____ guarantee ____ insulation ____ windows are ____?

____ you get ____ insulation when ____ rehabilitate a ____?

Improved ____ insulation ____ help ____ optimal energy ____.

____ achieve ____ energy efficiency through improved window ____?

____ methods ____ installing window insulation?

Do ____ to install ____ with adequate ____?

How do you ____ that the ____ insulated?

When installing proper ____ windows, ____ should be done ____ use ____?

Let me know your ____ ensuring ____ efficient ____

____ you think are ____ ways ____ fixed/newened windows?

What ____ the procedure ____ around ____ that have ____?

____ do you ____ energy efficiency during window ____?

____ do ____ energy efficiency during ____?

____ comes ____ or ____ do you address insulation concerns?

____ we guarantee ____ insulation ____ windows?

____ ensure proper ____ insulation ____ repaired windows?

____ possible to ensure ____ efficiency ____ installing properly ____?

How do ____ install proper ____ around repaired/replaced windows ____ more ____?

____ steps should ____ taken ____ windows?

____ window insulation ____ be ____ to achieve ____ energy ____.

____ energy ____ during a window replacement?

What ____ best ways ____ ensure proper ____ fitting windows?

____ you ____ to ____ window insulation is energy ____?

____ are ____ ensure the proper ____ around ____ windows?

____ you ____ measures ____ efficient insulation ____ the windows?

____ the most efficient ____ to ____ fixed ____?

____ cut down ____ energy use ____ installing ____ windows.

____ insulation can be used ____ optimal ____.

How ____ insulation around re-built windows ____ to use ____?

How ____ a ____ so it doesn't use ____?

What steps ____ properly ____ fixed/changed ____?

I'm interested ____ your ____ ensuring ____ window insulation.

____ for energy ____ in window ____

____ do ____ insulate windows after ____?

____ we assure ____ energy ____ window ____?

____ efficient insulation, ____ steps will ____ window replacement?

_____ you _____ windows are properly _____?
 How are _____ actions _____ ensure _____ insulation _____ the _____?
 What are _____ steps taken _____ install _____ windows for _____ efficiency?
 _____ are _____ measures _____ take _____ around repaired windows for _____ efficiency?
 _____ me how the specific installation _____ insulation _____ repaired windows?
 _____ pursued for insulated _____?
 Which steps are _____ make insulated _____ energy _____?
 Do you know how to _____ and _____ optimal _____?
 Improved _____ could _____ used to _____ optimal _____ efficiency.
 _____ to _____ effective insulation during window repair/replacement?
 _____ the window _____ be _____ to _____ efficient insulation?
 _____ do to ensure _____ efficiency during _____ replacement?
 _____ make my _____ more energy _____ through properly _____ windows?
 _____ you save _____ you insulate _____?
 What _____ the steps taken to install _____ efficiency?
 How _____ my _____ to be insulated effectively _____ repaired?
 _____ me about the _____ insulate and install windows?
 How _____ optimal insulation _____ you rehabilitate _____ window _____?
 _____ do _____ address the concerns _____ insulation _____ or _____ windows?
 _____ there some insulation _____ windows?
 How _____ windows _____ efficient use?
 How _____ insulate windows after _____?
 What _____ for proper insulation _____ windows?
 _____ you have _____ measures for energy-efficient _____ around _____ been _____?
 Do you take steps for _____ windows _____ repaired?
 _____ or exchanging a _____ fixture, _____ is optimal insulation _____?
 Do _____ use _____ energy-efficient _____ around repaired windows?
 What _____ sure _____ insulation around windows is good?
 _____ measures _____ when installing insulation around _____ for energy _____?
 _____ precautions do you _____ when _____ repaired windows?
 _____ do you ensure energy efficient insulation _____?
 _____ do _____ get _____ insulation _____ changed _____?
 Is _____ a _____ installation measure _____ energy-efficient _____ recently _____ windows?
 How _____ optimal insulation _____ up _____ you _____ a window _____?
 _____ can _____ proper _____ when _____ windows?
 _____ that window insulation is energy _____?
 _____ way _____ ensure energy efficiency _____ properly insulated _____?
 Steps _____ assure insulation _____?
 What _____ the measures _____ guarantee _____ insulation _____ we _____?
 How _____ insulate _____ better energy _____?
 Do you use _____ window insulation after _____?
 Steps _____ insulation _____ efficient?
 Can _____ tell me about specific _____ will _____ insulation _____ recently _____ windows?
 _____ take when making a _____ more _____ efficient?
 What steps _____ taken _____ install _____ insulation around _____?
 _____ after they are repaired?
 Is there _____ installation measures that _____ efficient _____ recent repaired _____?
 What _____ measures are in _____ ensure _____ efficient insulation _____ recently _____?
 _____ can you _____ around repaired/replaced _____ for _____ efficiency?
 _____ install proper _____ around windows that _____ repaired?

_____ actions _____ be _____ install proper _____ around _____ windows _____ order _____ use _____ energy?

Do you take any _____ around repaired/replaced _____?

_____ window _____ be used _____ achieve optimal energy _____

What _____ the _____ to insulate _____?

How will _____ replacement _____ to _____ efficient insulation?

_____ your strategy for _____?

_____ do you insulate _____ or _____ windows to _____ energy?

_____ window _____ can _____ used to improve _____.

What are _____ take _____ insulation of windows?

_____ the _____ for insulation around _____?

What measures do _____ to _____ the _____ window _____?

_____ can _____ fix and _____ to save _____?

_____ does insulation round _____ improve _____?

_____ installing proper insulation _____ repaired _____ for _____ are _____ doing?

How _____ you _____ sure that _____ insulation _____ energy _____?

Let _____ the _____ ensure energy efficient window insulation.

_____ can we _____ proper _____ when fitting repaired _____?

_____ are _____ suggestions _____ how to _____ proper _____ efficient insulation when _____.

How _____ repaired _____ insulated for _____?

_____ you _____ steps for energy _____ around windows that have _____?

How will _____ in terms _____ energy use?

How _____ I _____ my repaired/relocated _____ insulated effectively?

_____ it possible _____ optimal insulation _____ or _____ a window fixture?

You _____ windows to cut down _____ usage.

_____ to ensure proper _____ efficient insulation when _____ windows?

How do you _____ replaced _____ out the energy?

How _____ windows after _____ are replaced?

_____ taken to _____ efficient insulation when _____ replacement?

_____ steps _____ to insulate the _____?

_____ repairing or replacing _____ how _____ insulation concerns?

Can _____ tell me how to _____ insulation?

Do _____ take measures _____ around _____ have _____ repaired?

How do _____ save _____ when _____?

_____ take any _____ energy _____ insulation around windows _____ or _____?

What are _____ to ensure _____ insulation when fitting _____?

How _____ we _____ energy _____ improved window insulation?

Do you _____ any _____ measures around _____ have been repaired _____?

How _____ we _____ fixed windows?

I need _____ your procedures _____ efficient _____ insulation.

_____ are taken _____ insulation _____ windows _____ have _____ fixed?

_____ technicians _____ concerns when they _____ repairing _____ replacing windows?

What is _____ best _____ windows?

_____ address insulation concerns when _____ windows or replace _____?

_____ should insulation _____ re-built _____ use less energy?

How do _____ make _____ window _____ is efficient _____?

_____ can _____ be sure _____ windows are _____ for improved energy _____?

What _____ the measures _____ guarantee good _____ fixing _____?

_____ any insulation measures _____ windows _____ have been _____?

What _____ do you _____ increase window _____?

_____ to _____ optimal insulation _____ repairing or _____ window fixture?

What ____ you doing ____ proper insulation ____ windows?

When installing ____ insulation ____ windows ____ efficiency, what do ____ ?

How ____ install ____ windows ____ have been ____ or replaced?

What ____ are taken to ____ sure ____ around the ____?

____ can ____ technicians address insulation ____ windows or ____ them?

____ can you ____ energy ____ improved window insulation?

____ there a method ____ window insulation after ____ ?

____ specific ____ measure that ____ energy-efficient insulation around ____ repaired windows?

____ proper ____ around ____ windows, what should ____ done ____ energy?

The ____ assure ____ efficient window ____?

Is there ____ way ____ and insulate windows for ____ ?

What ____ you do to ____ energy efficiency ____?

____ you use ____ for ____ around repaired windows?

When ____ around repaired/replaced ____ what ____ do?

____ are any suggestions on how ____ insulation when ____.

____ assure efficient ____ insulation

Are ____ specific installation ____ ensuring energy efficient ____ ?

____ tactics do ____ use to ____ replace ____?

What ____ the best ____ to ____ when ____ windows?

____ do ____ insulation around the ____?

____ possible to establish optimal insulation ____ window ____?

What are the steps to ____ repair/replacement?

____ less energy, proper ____ around ____ should ____ installed.

____ we ensure effective ____ while window ____ place?

Are there ____ that ensure ____ around recently ____ windows?

____ best ways to insulation ____?

____ do you insulate ____ replacement?

During ____ a ____ insulation, ____ precautions do you ____?

How do ____ replaced windows to ____ efficient?

____ do you do when ____ proper ____ around ____?

____ that ____ be taken ____ guarantee efficient ____ during window replacements?

____ you ____ energy ____ through improved window ____?

I want to ____ insulate replaced windows ____ better ____.

____ of windows be assured?

____ do you ____ you ____ proper ____ around the windows?

How ____ round fixed ____?

____ it possible that you insulate ____ save ____?

What steps should ____ taken ____ effective insulation ____?

What ____ some ____ that ____ when windows ____ replaced?

____ do you ____ when ____ windows?

____ tell ____ about ____ specific ____ measures that will ____ energy-efficient ____ repaired windows?

Do your ____ furnsulating ____ or replaced ____ help ____?

____ you doing ____ ensure ____ window insulation?

____ you establish ____ when ____ rehabilitate or ____ window fixture?

How is ____ to ____ when ____ rehabilitate a ____ fixture?

What steps are followed ____?

Can ____ more ____ measures that ensure energy-efficient ____ around recently repaired ____?

____ is ____ established ____ you rehabilitate ____ a window ____?

What is ____ way to establish ____ when ____ a ____?

Do you ____ energy- ____ windows that have been repaired?

What measures guarantee ____ best ____ ?

How is ____ insulation created when ____ fixture ____ ?

____ be done ____ install ____ around windows ____ order to use ____ ?

____ installing ____ repaired/replaced windows, what ____ take?

What ____ be taken ____ assure energy ____ window ____ ?

What ____ do you use ____ don't waste energy?

____ do ____ achieve proper energy efficiency ____ window ____ ?

What steps ____ you ____ to ____ proper ____ windows?

____ you ____ proper ____ around windows that have ____ repaired ____ for ____ efficiency?

____ steps ____ be taken ____ guarantee ____ window replacement?

What ____ will be ____ to ____ insulation in ____ ?

How do ____ energy efficient?

What are ____ precautions you ____ installing ____ repaired/replaced ____ ?

____ should ____ taken ____ install proper insulation ____ windows?

How ____ you ____ for ____ efficiency?

____ which ____ measures are taken?

____ are ____ steps ____ insulation around fixed windows?

Is ____ way ____ ensure ____ efficient insulation around ____ windows?

Are there specific installation measures ____ ensure ____ windows ____ been repaired?

Is there a ____ ensure ____ efficient ____ around ____ been repaired?

What is the ____ way ____ insulate ____ to ____ less ____ ?

____ window insulation ____ be ____ to achieve an ____ .

How ____ we ____ sure ____ window ____ ?

____ you assure efficient ____ windows?

____ any way to ____ energy efficient insulation ____ windows?

What ____ taken ____ installing ____ insulation around re- built windows ____ less ____ ?

____ you insulate ____ save on ____ ?

____ ensure proper ____ insulation ____ repairing ____ ?

____ it possible to ____ proper energy ____ when ____ ?

How ____ you insulate ____ being ____ ?

____ optimal ____ to establish ____ repairing a window ____ ?

Which measures should ____ when installing ____ re-built ____ ?

____ are there insulating ____ taken?

How ____ you ____ efficient ____ insulation?

____ do we ____ proper ____ windows?

____ replaced windows to ____ energy efficiency?

____ you ____ replaced ____ better energy efficiency

What ____ to ____ insulation when replacing windows?

____ do ____ insulate ____ after repair?

What ____ the steps ____ assure ____ efficient ____ ?

How do ____ your window insulation is ____ ?

____ measures should ____ taken ____ windows in ____ to ____ energy?

Is it possible ____ the ____ and ____ windows for ____ energy efficiency?

Is ____ anything you ____ install ____ around repaired ____ energy efficiency?

Steps ____ make ____ window ____ efficient?

Do ____ measures for ____ insulation around ____ windows?

What ____ you ____ when ____ a window?

____ it ____ to ____ proper energy- ____ insulation ____ fitting repaired ____ ?

____ it ____ to insulate fixed ____ replaced windows to keep ____ ?

____ it ____ to ____ the ____ to install ____ windows for optimum energy ____ ?

_____ you insulate your _____ for better _____ efficiency?

How _____ installing _____ measures _____ energy efficient _____ recently _____ windows?

Do _____ take _____ measures for energy- _____ insulation _____ that have _____?

What _____ actions to _____ proper _____ windows?

_____ should _____ install proper insulation around re-built windows _____ less _____?

_____ are _____ for _____ efficiency in window insulation?

Do you _____ replaced _____ to _____ energy _____?

What measures _____ when _____ around _____ have been _____ or replaced?

What steps _____ to _____ windows are properly insulated?

_____ way to ensure energy _____ insulation around _____ repaired _____?

_____ can _____ insulate _____ energy efficiency?

Is there a _____ installation measure _____ efficient insulation _____ recently _____?

What _____ the steps _____ will be _____ efficient _____ during window _____?

_____ do _____ to _____ proper insulation _____ the windows?

_____ there any _____ that will _____ energy _____ insulation around _____ repaired _____?

_____ should be _____ install _____ insulation around re-built windows _____ use _____ energy?

_____ measures are _____ to _____ insulation _____ windows are _____?

How _____ proper _____ around repaired windows _____ them more energy _____?

How _____ you insulate _____ get _____ efficiency?

Is _____ any information _____ how _____ energy _____ fitting repaired windows?

_____ around _____ should be installed in _____ use less _____.

_____ is _____ for proper insulation _____?

_____ measures _____ you use to improve _____ insulation _____?

_____ you ensure proper _____ when _____ repaired windows?

How _____ address insulation concerns _____ repairing or replacing _____?

_____ you _____ me how to install and _____ windows _____ best _____?

How do you _____ windows are _____?

_____ you _____ the specific installation _____ ensure _____ insulation around recently _____ windows?

_____ will be done to guarantee _____ window _____?

_____ taken to _____ proper _____ around windows _____ have changed?

_____ you do _____ insulation _____ windows?

_____ insulate fixed or _____ so they don't _____ too much _____?

_____ of _____ to cut _____ on energy _____.

How _____ guarantee proper _____ when _____ fix _____?

How _____ I insulate _____ better _____?

_____ the best _____ to _____ proper _____ insulation _____ fitting _____ windows?

_____ there a _____ or replace _____ they don't _____ energy?

What measures should be taken when installing _____?

_____ replacement _____ steps will be taken _____ guarantee _____?

_____ can _____ used to improve _____ efficiency.

_____ any _____ for energy efficient _____ around repaired/relocated _____?

Are the tactics you _____ windows _____ saving energy?

_____ there be steps _____ efficient _____ insulation?

_____ methods _____ good insulation _____ windows?

There are suggestions on _____ insulation when _____ windows.

_____ I expect my repaired and _____ windows _____ be _____?

_____ be done to _____ insulation _____ re-built windows in _____ to _____?

_____ steps are _____ for proper _____?

What steps _____ be _____ to _____ efficient _____ when _____ replacement _____?

steps to _____ efficient _____

What ____ the ____ taken ____ around windows that ____ been ____?
____ there any ____ that guarantees ____ insulation ____ windows?
____ do you make sure ____ efficient ____ repairs?
What are the measures ____ guarantee ____ when ____?
How ____ I ____ to be insulated for ____ efficiency?
____ the steps that ____ be ____ guarantee efficient ____ in ____?
____ you insulate windows ____?
What steps ____ for ____ near ____?
____ me how you make ____ window ____ efficient.
How ____ guarantee the ____ windows?
What ____ your ____ the windows?
What measures should ____ taken ____ insulation around re-built ____ save ____?
____ are the ____ measures taken?
How ____ ensure ____ energy-efficient ____ fitting repaired windows?
____ do ____ replaced windows for better ____.
____ the ____ for proper insulation ____ fixed ____?
Improved ____ insulation can ____ used ____ achieve ____.
____ could the insulation ____ energy use?
What ____ you ____ take to ____ insulation efficiency?
What should be ____ around ____ built windows ____ order to ____ energy?
____ we improve ____ insulation to ____ efficiency?
____ you insulate ____ windows?
How ____ ensure proper energy ____ during ____?
____ measures ____ take when installing ____ insulation around ____ windows?
____ Insulation ____ taken when ____ windows?
When ____ re-built windows ____ use less energy, what ____ done?
Can you tell ____ how ____ after ____ repair or ____?
What ____ to assure ____ window ____?
____ technicians address insulation concerns when ____?
How do ____ insulate ____ after ____ a ____?
Is it ____ to ensure ____ properly ____ windows?
____ to ____ sure ____ insulation when ____ windows?
How ____ certain measures to ____ energy-efficient insulation ____ repaired ____?
How ____ you ____ or replaced ____ not suck out energy?
How ____ your ____ address insulation ____ or replace windows?
____ take ____ insulation ____ repaired windows?
____ replacing or ____ do ____ technicians address insulation ____?
Which ____ be ____ insulated windows?
____ do ____ insulation concerns ____ are working on ____?
Do you ____ for energy ____ around the ____?
____ will ____ taken to ____ efficient insulation ____ the ____?
____ measures that ____ when fixing windows?
____ you ____ suggestions ____ to ensure proper energy ____ insulation ____ fitting ____?
How ____ we ____ optimal ____ through better ____ insulation?
Is ____ possible to ____ when you rehabilitate ____ window ____?
____ do ____ windows if ____ replace ____?
____ do you ____ insulate ____ windows?
Insulation round ____ can ____ use.
What ____ you ____ to ____ proper ____ windows that are repaired ____?
____ steps you ____ to ensure ____ window insulation.

What ____ are ____ taking to ____ proper ____ windows?
Do you ____ measures ____ energy ____ insulation ____ windows?
How to ____ windows ____?
____ take to install proper insulation ____ have been replaced?
Do ____ take ____ efficient insulation around windows ____ repaired?
Ways ____ assure energy ____?
What ____ the best ____ to ____?
____ how you ____ sure window insulation ____ efficient.
How ____ I ____ insulation ____ fitting windows?
How do ____ address ____ concerns ____ repairing ____?
Are there ____ that ____ taken to ____ efficient ____ window replacement?
Do ____ know how ____ install ____ appropriate ____?
____ be ____ during window ____ to guarantee ____ insulation?
____ done when installing insulation around re-built ____ use ____?
How can ____ install proper ____ for ____ efficiency?
What are ____ improve ____ efficiency ____ window insulation?
Is it ____ make proper energy-efficient ____ when ____?
It's ____ cut ____ on energy ____ by ____ windows.
____ installing ____ around ____ for ____ efficiency, what measures ____ take?
____ steps ____ taken ____ proper insulation ____ windows?
____ take ____ for ____ efficient insulation ____ the windows ____ been repaired or ____?
Do ____ have any ____ assure energy ____ window ____?
When installing ____ windows, ____ be taken into ____?
____ steps ____ proper insulation ____ fixed windows?
What ____ be ____ proper ____ around ____ windows in order ____ use ____ energy?
____ is optimal ____ when a window ____ rehabilitated?
____ are the steps ____ to ____ insulation ____ repair/replacement?
How ____ insulate ____ so that ____ up energy?
____ window fixture, ____ is ____ insulation established?
How can ____ save ____ while ____?
What is the ____ to ____ or replace ____ don't ____ energy?
Why do you ____ windows ____ they ____ out energy?
____ insulate windows ____ efficiency?
Did ____ insulate ____ for ____ energy ____?
How do ____ windows ____ been ____?
In ____ use ____ energy, what ____ taken ____ install proper ____ around ____ windows?
Steps ____ make ____ insulation ____?
What ____ are taken ____ fixed and changed ____?
How do ____ they don't ____ out energy?
____ window insulation can help ____ optimal ____.
How should ____ windows be ____ energy efficiency?
____ being pursued for insulated ____?
____ can ____ windows ____ be insulated to ____ energy efficiency?
____ are the steps ____ take ____ around the windows?
When ____ windows, what ____ the ____ guarantee ____ insulation?
____ my repaired/replaced windows ____ insulated to ____ energy ____?
____ you ____ measures for ____ efficient ____ around repaired/replaced ____?
How ____ fix ____ and ____ them?
____ measures are in ____ to ensure ____ around ____ repaired ____?
____ me the measures taken to ____ install ____?

____ do ____ keep window ____ energy- ____ ?
 What ____ do ____ take ____ the efficiency ____ insulation?
 ____ insulation measures ____ repairing windows?
 How ____ we achieve ____ efficiency through improved ____ ?
 How ____ and insulate ____ optimal energy efficiency?
 ____ your ____ for insulated ____ useful ____ energy?
 There are ____ that need ____ followed ____ proper ____ windows.
 ____ replacement, how ____ insulate windows?
 Is ____ on ____ ensure proper insulation when fitting ____ ?
 ____ you do ____ make window ____ more ____ efficient?
 ____ taken ____ efficiency in window insulation?
 How do ____ round ____ energy use?
 I ____ to know how ____ ensure proper ____ when fitting ____ .
 What are you ____ install ____ around ____ energy efficiency?
 ____ there ____ to ensure energy-efficient ____ around ____ repaired/relocated ____ ?
 What ____ to guarantee ____ insulation ____ windows?
 ____ do ____ insulate ____ after they're repaired or ____ ?
 I would like to ____ your ____ ensuring energy ____ .
 ____ that are repaired?
 ____ energy-efficient window ____ ?
 How can we ____ energy ____ insulation ____ windows?
 How do ____ while fixing ____ ?
 Is ____ measures ____ guarantee ____ insulation ____ fixing windows?
 ____ be ____ guarantee efficient insulation ____ windows are ____ ?
 Do you ____ a strategy ____ the ____ ?
 What do ____ to ensure energy ____ you ____ window?
 How do ____ concerns ____ you are replacing ____ ?
 What steps are ____ energy ____ insulation?
 ____ to make ____ proper energy-efficient ____ is ____ when ____ repaired ____ ?
 ____ there any steps ____ window ____ ?
 ____ do ____ take ____ install ____ insulation around ____ windows for ____ efficiency?
 How do ____ insulate ____ repaired?
 ____ steps are ____ ensure good ____ efficiency ____ repairs?
 How is optimal insulation ____ when ____ a ____ ?
 Steps ____ ensure energy-efficient ____ ?
 How are ____ install and insulate ____ for ____ efficiency?
 ____ you make ____ insulation more ____ ?
 ____ are ____ that will be ____ window replacement ____ efficient insulation?
 ____ you taken ____ energy-efficient insulation ____ repaired windows?
 Is ____ possible ____ ensure energy ____ by ____ properly ____ ?
 ____ can ____ that my repaired/replaced windows are ____ ?
 ____ measures ____ you ____ to install proper insulation around repaired ____ ?
 How is ____ possible to establish ____ exchanging ____ window ____ ?
 How ____ ensure energy ____ replace a window?
 ____ the best way ____ after repair?
 ____ you ____ energy efficient window ____ during ____ ?
 Which ____ ensure ____ of ____ ?
 ____ efficiency with insulated ____ ?
 ____ are your ____ to ____ windows?
 ____ would ____ to ____ the ____ insulate windows for optimal energy efficiency.

____ steps should be taken to ____ insulation ____ re- ____ use less ____?
 Are ____ installation ____ ensuring ____ insulation ____ recently repaired/replaced ____?
 ____ there ____ way to ensure ____ insulation ____ have been repaired?
 ____ should be done to install proper ____ near ____ order ____ use ____?
 ____ tell me about ____ process ____ windows?
 ____ would ____ to know if ____ specific ____ ensure energy efficient insulation ____ recently ____ windows.
 Do ____ have procedures for making ____ insulation ____?
 Can ____ tell ____ more about ____ specific installation ____ that will ensure ____ insulation around ____?
 How ____ get proper ____ around ____ that ____ changed?
 There ____ on ____ to ____ proper ____ efficient insulation when ____ repaired ____.
 How do ____ window insulation ____?
 ____ do ____ make sure that the ____ windows ____?
 ____ donsulating ____ fixed/new windows improve ____?
 Is ____ possible ____ explain ____ measures ____ insulate windows for better ____ efficiency?
 What ____ to insulate replaced ____ for better ____?
 When ____ how ____ insulation?
 What are the ____ to ____ they don't take ____ too ____?
 ____ you insulate ____ save energy?
 ____ you ____ you install insulation around ____ windows?
 What do you ____ to ____?
 What steps ____ used ____ insulation ____?
 ____ do ____ effective ____ during ____ repair/replacement?
 ____ insulate replaced windows ____ make them more ____?
 Is ____ measures that ensure energy- efficient ____ recently ____ windows?
 ____ a specific installation measure for ensuring energy ____ repaired/replaced ____?
 What measures are ____ proper insulation ____ windows?
 ____ you ____ me about ____ specific installation ____ that will ____ the windows?
 Can ____ me more ____ that ensure ____ efficient insulation around recently repaired ____?
 What steps ____ taken ____ efficient ____ during window replacement?
 What ____ to make ____ insulation around the ____ is ____ energy efficiency?
 How do ____ are ____ insulated?
 ____ steps ____ taken to ____ proper insulation ____?
 What ____ the measures ____ ensure ____ when ____ windows?
 What measures are used ____ assure proper ____?
 ____ do you ____ efficiency through ____ insulation?
 When replacing ____ repairing windows, how ____ issues?
 Inform ____ of your ____ ensuring ____ window insulation
 Should we ____ steps ____ assure ____ efficient ____?
 steps to ____ insulation
 ____ measures ____ be ____ to ____ insulation ____ window replacement?
 What steps ____ be ____ insulate re-built ____ in ____ less energy?
 How ____ insulate ____ for ____ efficiency?
 ____ there ____ that ensure ____ insulation around recently repaired/replaced ____?
 How ____ you address ____ concerns ____ windows?
 ____ precautions ____ take during the upgrade ____ insulation?
 When ____ or exchanging ____ do you establish optimal ____?
 ____ do you do ____ install insulation ____ windows that ____?
 How can ____ insulation when ____ repaired windows?
 ____ how ____ install ____ insulation for windows?
 Please ____ me how ____ efficient window ____ .

_____ you insulate _____ for _____ energy efficiency?
 How _____ ensure proper _____ efficient _____ when fitting _____?
 _____ do _____ effective insulation _____ repair/replacement?
 What will be done _____ efficient _____ when _____ done?
 What are the _____ you take to _____?
 _____ is the best way to _____ energy-efficient _____?
 _____ do _____ insulate _____ that _____ replaced?
 _____ installing _____ insulation around _____ what should be _____?
 _____ do _____ replacement windows to _____ energy efficient?
 _____ you tell _____ steps taken _____ install _____ windows _____ optimum _____ efficiency?
 What _____ your measures _____ window insulation _____?
 What _____ insulation _____ fixing windows?
 How do _____ technicians _____ concerns _____ windows and _____ them?
 _____ it possible _____ when rehabilitating a _____ fixture?
 _____ you doing _____ proper insulation _____ repaired/relocated windows?
 _____ have any _____ use _____ improve window _____ efficiency?
 _____ will _____ of windows be _____ to _____ efficient _____?
 Which steps are _____ for insulated _____ to _____?
 How _____ insulate _____ windows to _____ energy efficiency?
 _____ best _____ to _____ insulation when you rehabilitate a window _____?
 _____ are the measures _____ when _____ windows?
 How do you _____ proper _____ windows to _____ efficiency?
 What are _____ measures taken _____ energy _____?
 What _____ steps _____ taken _____ installing insulation _____ re-built windows?
 There are steps _____ to be _____ guarantee efficient _____ window _____.
 _____ the measures _____ guarantee proper _____ windows?
 _____ do _____ assure efficient insulation _____?
 _____ you _____ about specific installation measures _____ ensure _____ insulation _____ recently _____ windows?
 What are the _____ that _____ when _____ replace _____?
 _____ taken to install and _____ windows _____ energy efficiency?
 _____ your _____ for _____ around windows?
 _____ let _____ know your procedures for _____ window _____.
 _____ windows are _____ insulation _____ taken?
 How can I ensure _____ energy _____ insulation _____?
 What _____ approach for _____ windows?
 How _____ insulation more _____ efficient?
 _____ do you _____ energy efficient _____ insulation?
 _____ you _____ the insulation concerns _____ repairing _____?
 How _____ set _____ insulation _____ you _____ a _____ fixture?
 How _____ you _____ proper _____ windows?
 _____ any way _____ proper energy-efficient insulation _____ fitting _____?
 How are _____ when _____ windows?
 _____ can _____ that my _____ insulated effectively for _____ efficiency?
 _____ to cut _____ energy consumption _____ installing insulated _____.
 How _____ you ensure that _____ window _____ efficient?
 Is _____ better way to _____ or replace windows _____ suck _____?
 How do you _____ properly _____?
 _____ measures guarantee insulation when _____?
 _____ to make _____ energy _____ when fitting _____ windows?
 Do you know _____ to _____ the _____ insulation?

_____ installing _____ windows for _____ what are the measures _____?

_____ steps taken _____ insulation around fixed _____?

_____ proper window _____?

Does your company use _____ insulation _____ installed _____ windows _____ improve _____?

_____ to _____ on _____ use _____ insulated windows.

_____ assure _____ insulation _____ windows are being _____?

_____ installing _____ ensure energy- efficient _____ around recently repaired _____?

_____ procedures for ensuring _____ insulation?

_____ do _____ insulate _____ windows.

Do you _____ after a _____?

How _____ measures ensuring energy _____ around recently repaired _____?

Tell me _____ ensure window _____ efficient.

Is there a _____ guarantee _____ fixed/newened windows?

What _____ you do _____ insulate windows _____ have _____?

Improving _____ insulation can _____ achieve _____ energy _____.

_____ you _____ to insulate _____ install windows _____ optimal energy efficiency?

How can _____ sure that _____ is _____ efficient?

How do _____ insulate windows _____?

_____ can _____ done _____ energy _____ installing _____ insulation around re-built windows?

To _____ how _____ insulate windows?

_____ you insulate _____ for better _____?

What _____ are used to _____ during window _____?

What are the _____ that _____ taken to _____ insulation when _____?

How _____ the efficient insulation _____ fixed _____?

What is the _____ way _____ establish _____ when _____ or _____ fixture?

What precautions do _____ take when _____ insulation _____ windows _____?

What _____ you taking to install _____ around _____?

What are _____ improve your _____ insulation _____?

_____ your _____ address _____ concerns when they replace _____?

_____ that my repaired/replaced _____ will be _____ effectively _____ energy efficiency?

Can _____ tell _____ about _____ measures _____ energy-efficient insulation around recently repaired _____?

When _____ a _____ fixture how _____ optimal _____ created?

Suggestions _____ proper energy efficient insulation _____ fitting _____.

_____ do you _____ for proper _____ windows?

_____ insulation can _____ used _____ energy efficiency.

Is _____ possible _____ install _____ insulation around _____ to _____ less _____?

How do I _____ replaced _____ for _____?

How _____ insulate windows _____ save energy?

_____ do you _____ insulation _____ energy- efficient?

How can _____ insulation _____ guaranteed when _____?

What _____ be _____ when _____ insulation around windows to _____ less _____?

How should _____ insulate _____ for better _____?

_____ you insulate your _____?

How do _____ the _____ after _____ are _____?

_____ measures that will guarantee _____ replacing windows?

_____ insulation can _____ achieve optimal energy _____.

Is there _____ way _____ ensure _____ of fixed/newened _____?

_____ insulation established _____ you exchange a _____ fixture?

_____ being taken for _____ windows?

Measures taken _____ make _____ energy _____?

What should be done _____ to use _____ installing insulation _____?
_____ you _____ any _____ for _____ around the windows that _____ been _____?
_____ possible to _____ proper energy efficient _____ fitting _____ windows?
_____ to _____ sure _____ the insulation around the windows _____ energy efficiency?

What _____ will be _____ the replacement of windows?

_____ are the _____ you _____ installing insulation _____ windows that have _____?
How do _____ the windows that _____?
_____ guarantee _____ insulation _____ windows are _____ replaced?

Recommendations _____ a well-insulated, _____ installation?
_____ do you _____ energy _____ through _____ window _____?
_____ you insulate windows _____ they _____?

What _____ insulation when _____ windows?
_____ taken to guarantee efficient insulation during the _____?

You _____ replaced windows _____ efficiency.
_____ actually take _____ for _____ efficient _____ around repaired _____?
_____ installation measures _____ will ensure energy efficient insulation _____ recently _____?

Is _____ specific _____ ensure energy-efficient insulation _____ repaired windows?
_____ do _____ get _____ insulation _____ windows that have _____?
_____ is _____ best _____ to _____ when you _____ window fixture?

How _____ my _____ energy efficient _____ installing properly insulated _____?
How _____ insulate _____ windows?
_____ make sure _____ insulation _____ energy _____ during repairs?

What should _____ to _____ insulation _____ fixing windows?

What _____ optimal insulation _____ you _____ a _____?

What are the _____ will _____ taken _____ insulation _____ a window _____?

Is _____ a _____ ensure proper _____ insulation _____ fitting _____?
_____ insulated _____ to _____ energy consumption.
_____ do _____ insulate _____ windows _____ they're _____?

How can _____ improve window _____ achieve optimal _____?
_____ ensure efficient insulation of _____?

What _____ to _____ proper _____ around repaired windows?
_____ be taken _____ guarantee efficient _____ window replacement.
_____ windows what insulation _____ taken?

How can efficient _____ ensured?

How _____ you _____ insulation more _____?
_____ want _____ know _____ to install and insulate _____ optimal _____ efficiency.

How _____ expect _____ windows _____ insulated _____ improved energy efficiency?
_____ can _____ of fixed/newened windows _____ guaranteed?

How _____ you _____ efficient window _____?

How do _____ energy efficiency?
_____ steps _____ insulated windows?

Inform me of your _____ insulation.
_____ about making _____ the _____ is energy- _____ when fitting _____?

How _____ you _____ efficient window _____?
_____ measures _____ you _____ around windows _____ have been repaired?

Steps _____ make window insulation _____?

What _____ to install _____ around _____ windows _____ energy efficiency?

Which insulation _____ when repairing _____?
_____ insulation _____ windows improve energy _____?

Do you ____ a strategy ____ ____ ____ ?

____ insulation measures ____ when ____ ?

What are the ____ taken ____ and ____ for ____ efficiency?

____ there a way to ____ around windows ____ have ____ repaired?

What should be ____ to ____ around ____ built ____ use less ____ ?

____ precautions ____ when ____ upgrade ____ insulation to ____ its energy efficiency?

____ insulate your windows after they ____ ?

____ do you ____ optimal insulation ____ window fixture?

What ____ ensure proper insulation ____ the windows?

Can you ____ me ____ to ____ windows ____ a ____ ?

____ are ____ to ____ insulation of windows?

____ do ____ insulate windows ____ work ____ ?

Is there ____ way to ____ when fitting ____ windows?

____ your ____ fixed or ____ windows ____ energy?

How do ____ down ____ by installing ____ windows?

Is ____ specific ____ measures that ____ ensure energy-efficient insulation ____ ____ ?

How ____ sure ____ insulation when fitting repaired ____ ?

____ the ____ that ____ proper insulation when repairing or ____ ?

____ most efficient methods for insulation ____ windows?

____ order ____ use less energy, ____ should be ____ windows.

What ____ should ____ taken ____ around ____ windows in order ____ less energy?

Do you know ____ fit ____ proper ____ ?

____ ensure ____ effective insulation ____ achieved during ____ repair?

How will ____ windows ____ insulated ____ improved energy ____ ?

____ do you insulate ____ to ____ ?

____ window insulation ____ energy ____ .

____ insulate ____ changed windows?

How ____ re-built ____ be ____ order ____ use ____ energy?

____ should my windows be ____ to ____ energy ____ ?

____ you tell ____ about the specific installation ____ that ____ insulation around ____ ?

____ steps ____ taken ____ proper ____ when windows are ____ ?

How ____ round ____ windows ____ energy ____ ?

What ____ to ____ energy efficient ____ window replacement?

What ____ do you ____ altering ____ insulation?

____ are some things ____ do ____ improve ____ ?

____ do ____ ensure that ____ is energy- ____ ?

How ____ you insulate ____ for ____ ?

How ____ there ____ efficient ____ fixed/newened ____ ?

Fix windows to ____ energy ____ how ____ them?

____ the ____ measures ____ when ____ windows?

What are the ____ ways to insulate ____ they ____ energy?

____ actually ____ measures for ____ around repaired windows?

____ insulate the windows that were replaced ____ ?

Are ____ steps ____ ensure ____ insulation?

____ measures are taken ____ windows that have ____ repaired?

Are ____ measures ____ take ____ energy efficient ____ around repaired ____ ?

____ for insulated, ____ window ____ ?

What are the ____ you ____ to ____ insulation around ____ ?

____ taken ____ assure ____ window insulation.

Is ____ a ____ to ensure ____ insulation ____ recently repaired ____ ?

_____ any measures for energy _____ insulation _____ that _____ been repaired?
 Post-repair _____ replacement _____ you _____ windows?
 Steps _____ sure _____ window insulation is _____?
 Which _____ do _____ when _____ insulation _____ repaired windows?
