

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Troubleshooting gas-related equipment
Inquiry Sub-Category	Ignition Failure
Description	Customer inquiries regarding troubleshooting gas equipment with difficulty in igniting, such as gas burners or pilot lights, and seeking guidance on resolving ignition problems and ensuring safe operation.
Data Size	8,628 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Experiencing _____ trying to start-up _____ of equipment _____ natural gases—what _____ here?

_____ going on with _____ of my _____ stuff?

_____ seems like _____ constant _____ starting up gas-powered _____.

Can you _____ what _____ do about the _____ firing up _____ tools using Natural _____?

_____ launch _____ natural gas-based _____ have _____ unsuccessful.

_____ it _____ some natural gas _____ are _____ problems?

I _____ been having _____ tools using Natural Gas power, _____ me _____ that?

_____ could _____ an issue that is _____ beginning gas- _____.

_____ something _____ unable to power various devices _____ natural _____.

There's trouble _____ to _____ machines _____ are _____ gasses.

What is _____ the trouble _____ that _____ fueled _____ gasses?

_____ I starting _____ equipment?

_____ gases is having trouble starting.

_____ did _____ with _____ equipment start-up _____?

_____ are some equipment _____ failing?

_____ don't _____ why I _____ to _____ natural gas-powered _____.

Any possible _____ repetitive startup problems with gadgets _____ on _____.

Repeated _____ to _____ natural gas _____.

Do you _____ reason _____ blasted equipment won't _____ natural _____?

If all _____ at _____ up _____ fueled _____ natural gases _____ failure, _____ wrong?

Is there _____ underlying _____ when _____ start _____ powered _____?

There continue _____ problems _____ of _____ gas powered gear _____.

Why is _____ equipment _____?

_____ all _____ starting machines fueled by _____ gases _____ in failure, _____ wrong?

There _____ gas _____ problems.

_____ it amiss that _____ trying _____ run different natural _____ devices?

Any possible _____ startup _____ Natural Gas--anything comes to mind?

Repeated failures _____ gas _____ what?

_____ fueled _____ natural _____ is having _____.

_____ seem to get my _____ gas- _____ up _____ running _____.

Many failed _____ gas-based gear.

Why _____ the _____ persistently on _____ that _____ powered _____ natural-gas?

Which _____ be to blame for _____ problems _____ gadgets fueled _____?

_____ with the failed startup _____ that uses natural _____ as _____.

The _____ to launch _____ equipment have _____.

_____ you tell me _____ the _____ I experience _____ different _____ Gas?

_____ are problems _____ pieces of _____ powered gear _____.

There could be an _____ that _____ gas- fueled _____.

What _____ gas-powered _____ to _____ multiple _____?

_____ more _____ to start up _____ natural _____ equipment.

_____ underlying _____ the _____ start-up _____ of gas powered machinery.

_____ it mean that these failures _____ starting _____?

I'm _____ fired devices aren't functioning _____.

_____ start-up failure of gas-powered _____.

Can _____ tell _____ is going _____ as _____ experience challenges _____ up different _____ Natural Gas _____?

There _____ problems _____ getting different _____ gas powered gear _____

Where's the problem _____ constant _____ natural gas _____?

_____ mind when considering potential _____ problems with gadgets running on _____.

Trying to _____ fueled _____ natural _____ is _____ trouble.

_____ start-up failures of _____ powered _____.

There _____ lot of failures _____ up _____ machinery.

There could _____ a _____ that _____ to difficulties _____ devices.

_____ is the _____ the _____ breakdown starting _____ gas-powered _____?

I'm _____ getting my natural _____ equipment up _____ running _____.

There _____ failures _____ machines on _____.

_____ I'm repeatedly unable _____ my devices using _____ gases, _____ big _____?

There are _____ lot of _____ failures _____ machines.

_____ there an _____ it hard to begin _____ fueled _____?

_____ gas _____ keep _____.

_____ be _____ failures trying to start up equipment _____ natural gases?

Is there _____ reason _____ in starting _____ gas powered _____?

_____ do I have startup _____ I _____ various _____ tools and _____?

If all of _____ starting _____ with natural _____ is that _____ wrong?

When _____ natural gas devices, is _____ a _____?

What could _____ of the _____ natural gas _____ gear _____?

_____ were recurring failures trying _____ powered by natural _____.

What _____ causing this trouble _____ to _____ by natural gasses?

There are _____ that _____ even _____.

Gas-related _____ are still _____ by _____.

I _____ a _____ various _____ equipment that _____ by natural gas.

_____ it _____ that _____ are ongoing _____ to _____ natural gas devices?

_____ startup _____ when using _____ natural gas tools and _____?

Is something _____ attempts _____ machines with _____ gases fail?

_____ frequent _____ failures of gas _____ machinery.

There have _____ with startup _____ equipment.

There are _____ in starting _____ gas _____.

Is that _____ amiss _____ trying _____ different gas _____?

_____ machines that won't even _____.

Any potential causes _____ startup _____ gadgets _____ Gas come to _____?

Is _____ a _____ the startup _____ gas equipment?

_____ an issue _____ to problems _____ gas-fueled devices.

Possible causes _____ startup problems _____ running _____ Natural Gas, anything _____?

There _____ lot of _____ starting gas-powered _____.

equipment uses natural _____

Is _____ odd _____ gas devices are having _____?

_____ there an underlying _____ that's _____ me _____ some _____ equipment?

_____ with starting natural gas-based _____?

Can't seem _____ gas-powered _____ and running _____ any advice?

Is _____ a cause for _____ recurrent _____ starting _____ gas-powered _____?

During _____ to turn on appliances _____ by _____ gas, _____ setback.

_____ do gas-powered equipment _____?

If _____ constantly unable to _____ my _____ what _____ amiss?

_____ another _____ to start _____ natural _____ equipment.

_____ my _____ starting using natural gas?

_____ various machines fueled _____ gasses _____ a problem.

_____ gas powered _____ always fail _____ start _____?

It's _____ that _____ issue is leading _____ beginning gas- _____.

_____ had _____ attempts _____ launching various _____ equipment.

_____ assistance with the _____ startup _____ my equipment _____ natural _____ fuel.

Something _____ causing _____ with _____ equipment.

I've been _____ various pieces _____ fueled by _____ gases.

Where is _____ with _____ breakdowns _____ gas-fueled machinery?

_____ an issue if _____ fail _____ to _____ up my _____ that runs _____?

_____ are _____ equipment _____ with _____.

There are _____ getting _____ gas powered gear started.

_____ repeated attempts, my natural _____ equipment _____ not _____.

Who _____ wrong with _____ initiate _____ pieces of equipment _____ by _____ repetitively.

Our attempts at _____ equipment _____ is _____ have _____ unsuccessful.

_____ my devices fueled _____ on?

Is _____ underlying _____ attempting to start _____ equipment?

What's _____ with _____ Failing Constantly?

Is there a _____ for _____ repeated _____ in _____ natural _____?

What might _____ the repeated _____ of _____ equipment?

_____ are _____ start-up failure of _____.

_____ issue that _____ make _____ hard to _____ gas-fueled devices?

There's still _____ related _____?

_____ is causing the problem _____ fueled by gasses?

Why can't I _____ stuff _____ run properly _____?

_____ are many start-up _____ machinery.

_____ to _____ various _____ gas- _____ have been _____ failure.

_____ is gas-powered _____ working?

There _____ start-up _____ gas powered _____.

Where _____ the problem _____ are _____ breakdowns _____ natural gas- _____?

_____ do _____ never start up _____?

There _____ be _____ that _____ issues beginning gas- fueled _____.

There are recurring problems _____ gadgets _____ natural _____.

I _____ equipment that is fueled _____ natural _____ so what is _____?

Gas _____ still _____ why?

_____ have been _____ in _____ natural gas _____ machinery.

Is it _____ to be _____ about _____ when running _____ natural _____?

What is going on _____ these _____ starting _____?

There _____ multiple _____ failures of _____.

Why keep _____ with _____ fueled by _____?

_____ need _____ my failed _____ for equipment using _____ gases _____ fuel.

If _____ attempts to start _____ natural _____ failure, is that _____ wrong?

There _____ regular _____ machines on _____.

If _____ unable to power devices _____ natural _____?

Something _____ the _____ to _____ fueled by gasses.

My attempts _____ start _____ gas _____.

What is _____ with the _____ gas-powered stuff?

_____ setbacks are _____ why?

Is something _____ if _____ at starting machines _____ fail?

What could be _____ with having _____ failures _____ by _____ gases?

What could _____ be amiss as I _____ challenges _____ tools _____ power?

What _____ source of the _____ different pieces _____ gas powered _____ started?

_____ is _____ problem with _____ constant breaks _____ natural _____?

_____ could be wrong with trying _____ powered by _____?

_____ factor _____ blame for _____ various gadgets _____ by natural gases?

_____ have encountered _____ failures _____ different _____ tools and machines.

_____ come there are _____ many _____ when _____ natural gas-powered _____?

Struggling _____ several pieces _____ by natural _____ repetitively.

I _____ time _____ equipment fueled by natural gases, _____ be _____?

_____ wrong with natural-gas _____ start?

_____ reason for the _____ failure of _____ powered _____?

_____ trying to _____ various natural _____ is _____ amiss?

_____ gear that is _____ gases is having _____.

What _____ cause _____ problems _____ different _____ of gas powered _____ started?

_____ may be problems _____ startup failures _____ powered _____.

_____ potential causes _____ repeated _____ gadgets running _____ Natural _____ would _____ appreciated.

I _____ get my _____ to _____ natural gas.

_____ are repeated _____ up gas-powered _____.

_____ with the failures _____ gas powered stuff?

What could _____ the _____ in _____ pieces _____ natural _____ powered _____ started?

We've had unsuccessful _____ natural _____ fueled equipment.

Why are _____ gas failing?

_____ underlying problem _____ failures when _____ to start various _____ of gas-powered _____?

There _____ recurring _____ gas machines.

_____ there an underlying _____ that _____ of gas _____ machinery?

Why are there _____ with _____ powered _____?

_____ are still _____ encountered, why?

There have _____ starting _____ gas-driven machines.

Which factor could cause _____ when _____ gadgets _____ natural _____?

_____ are _____ getting different pieces of _____ Gas _____.

Is _____ odd _____ there _____ when trying to _____ natural _____ devices?

Can't _____ get my natural gas-powered _____ speed?

_____ is the _____ with _____ natural _____?

_____ are many _____ equipment _____.

What's _____ on _____ gas- _____ failures?

Multiple failures _____ to _____ natural _____.

_____ the reason _____ starting my gas _____ stuff?

Equipments _____ natural _____ are _____

_____ is _____ problem _____ starting natural _____ fueled _____?

Is it _____ ongoing problems _____ run different gas devices?

We've been _____ in _____ launch equipment that _____ gas.

_____ am I _____ to start _____ gas powered _____?

_____ were struggling to _____ of equipment fueled _____ natural _____.

There _____ failures when _____ gas powered machinery.

_____ have _____ trying to _____ natural gas based gear.

_____ have _____ many _____ in _____ machines on _____.

Repeated failures _____ gas powered _____ is _____?

_____ is _____ failure _____ the power of _____ gas-based _____.

_____ failures trying _____ start equipment _____ is powered _____ gases, what _____ be _____?

_____ get my _____ correctly using natural gas.

_____ trying to run _____ natural gas _____?

Why _____ I get _____ with natural _____?

There are frequent _____ of _____.

Gas-related _____ still being _____?

_____ repeated failures when _____ ignite natural gas _____.

What is _____ on with _____ gas-powered stuff?

_____ challenges getting _____ pieces _____ natural gas _____ started.

_____ by natural _____ is problematic.

_____ am _____ hard _____ starting various pieces of _____ fueled by _____.

I _____ by _____ that cannot start.

Why don't _____ up?

Why _____ not _____ to start _____ gas power?

_____ failures with gas-powered _____.

There _____ of _____ when _____ natural gas _____ machinery.

_____ there _____ underlying _____ causes start up _____ powered machinery?

If I _____ able _____ power various _____ using _____ what could _____ problem?

Is _____ an issue _____ make it _____ to _____ devices?

_____ it _____ there are _____ running _____ natural gas devices?

_____ gas _____ start-up issues.

_____ are frequent _____ equipment.

_____ my _____ starting machines with natural _____ end in _____ is _____ something _____?

_____ may be _____ issue that _____ to _____ gas- _____ devices.

_____ knows what's _____ here after struggling _____ start _____ equipment _____ by _____ repetitively.

_____ be the source of _____ different pieces _____ natural gas _____?

_____ when gas-powered machinery _____ frequently?

Why _____ attempts _____ start _____ equipment fail _____ much?

_____ solutions _____ frequent deployment setbacks _____ equipment _____ by _____ gases.

_____ there an _____ that _____ beginning gas-fueled devices?

_____ factor could _____ problems _____ gadgets _____ by natural gases?

Any suggestions _____ possible _____ repetitive startup _____ gadgets running _____ Gas?

_____ have recurring problems when starting _____ by gas?

Why _____ I can't _____ anything _____ on natural _____?

_____ are problems _____ of _____ gas powered gear _____.

There _____ failures in starting natural _____.

The _____ gas-powered _____ is not _____ up _____ attempts.

_____ to potential _____ of _____ startup problems with _____ running _____ Gas _____ be _____.

_____ are _____ natural gas equipment.

Why _____ natural gas _____?

_____ difficulties in starting _____ natural _____.

There _____ repeated _____ start-up _____.

If _____ attempts _____ machines fueled _____ natural gases end _____ going _____?

We've had _____ launch various natural gas _____.

_____ the _____ starting _____ gas-powered stuff?

There are _____ when _____ gas machinery.

Why _____ fail _____ a lot _____ that use natural-gas?

_____ are recurring failures of _____ the _____.

_____ to _____ pieces of equipment _____ natural gases Repeatedly.

There _____ constant _____ gas- _____ machinery.

Is there _____ underlying _____ behind _____ start up _____ gas powered _____?

Why are these _____ when _____ powered machinery?

Why _____ attempts to start _____ equipment _____?

_____ suggestions _____ potential _____ of the _____ with gadgets _____ on Natural _____?

Why _____ I _____ natural gas-powered _____?

_____ repeated gas _____ up glitch.

_____ an issue that leads to _____ beginning _____?

_____ always setbacks _____ starting fuel operation in _____ fueled by _____.

What are the reasons for the _____ machinery?

What _____ be _____ cause of _____ to start up _____ natural gases?

There _____ issue causing _____ beginning gas- fueled _____.

_____ seem _____ my natural _____ equipment _____ and _____ quickly?

_____ anyone _____ why _____ encountered startup failures while using _____ gas tools _____?

_____ ideas _____ the _____ many devices running on natural-gas _____?

_____ launching _____ powered by natural gas _____ been _____.

_____ fail on _____ devices _____ run on natural-gas supplies?

_____ setbacks trying to _____ up various natural gas _____ equipment.

_____ knows _____ wrong _____ trying to _____ several _____ equipment fueled by _____.

_____ equipment start-up issues, why?

Why are I _____ able _____ start _____?

_____ are _____ starting _____ gas-powered machinery.

I don't understand _____ I can't _____ anything _____.

_____ factor could _____ to _____ the recurring _____ when operating _____ gadgets fueled _____ gases?

What's _____ on _____ start _____ my _____ stuff?

There _____ start-up _____ gas powered _____.

Which _____ could _____ recurring _____ encountered _____ various gadgets _____ by _____ gases?

Why does _____ start _____ correctly?

_____ start several _____ fueled by natural gases _____.

I have a hard _____ starting equipment _____ by _____.

_____ has _____ failures _____ gas-powered equipment.

_____ normal _____ recurring problems when starting _____ by _____ gases?

_____ of _____ different pieces of _____ gas _____ gear _____ persists.

_____ with _____ when using _____ gas tools and machines.

_____ failures starting gas-powered _____.

_____ are problems _____ gear _____ natural gases _____?

_____ reason for _____ up failure of gas-powered machinery?

_____ failed to _____ equipment many times.

I am _____ whenever I _____ natural gas _____ and _____.

_____ attempts at launching natural _____ equipment _____.

I have a hard time _____.

_____ a reason for _____ constant _____ when _____ up _____ gas powered _____?

There _____ setbacks _____ to start _____ for _____ gas.

_____ have _____ numerous _____ while _____ natural gas tools _____ machines.

_____ there an _____ making _____ to begin gas- _____ devices?

There _____ periodic _____ the _____ of _____ gas machines.

There are problems _____ pieces of _____ Started.

What is going _____ of natural _____ machinery?

_____ has been difficult to _____ pieces of _____ gases.

There is _____ in the power _____ gas _____.

There _____ makes it _____ to begin gas- _____ devices.

_____ are regular failures _____ firing _____ machinery.

_____ on possible _____ of repetitive _____ problems _____ gadgets running on Natural _____ be _____.

What's _____ wrong with _____?

My attempts to _____ up equipment _____ gas _____.

_____ all _____ attempts at starting machines _____ by _____ in _____ is _____ a _____?

There are _____ devices that _____ the start-up fail _____.

_____ having startup _____ using _____ natural _____ tools and _____.

My _____ gas-powered equipment _____ start up _____ repeated _____.

_____ going on with the starts _____ powered _____?

How come there are _____ when firing _____ machinery?

What's causing _____ trying _____ machines?

_____ come _____ are so _____ when _____ up natural gas _____?

What is _____ with _____ failures _____ my gas-powered _____?

There _____ breakdowns starting natural _____.

_____ are repeated attempts at _____ my _____ gas _____.

Something _____ causing this problem _____ ignite _____.

_____ I _____ when _____ use various natural _____ tools and machines?

_____ to get different _____ of _____ gas _____ gear _____ start.

_____ are the _____ starting gear _____ by natural _____?

_____ start _____ by _____ gases.

_____ recurring failures in the _____ of _____ machines.

I have _____ struggling to _____ fueled _____ natural _____.

Is there a problem with startup _____?

Which _____ be _____ blame _____ repeated _____ with _____ gadgets _____ by natural _____?

Constant failures _____ gas-powered _____ is _____?

_____ with _____ by _____ keeps happening.

There have _____ to start _____ some _____ gas _____.

Our attempts at launching _____ made _____ have _____.

_____ amiss _____ there are problems when trying _____ different natural _____?

I'm _____ startup failures whenever _____ tools and machines.

Why _____ my _____ to _____ up _____ work?

_____ natural gas- _____ have been unsuccessful.

_____ repeated _____ starting natural gas _____.

_____ attempts _____ start the _____ equipment fail?

_____ failures of _____ machines.

I _____ a _____ time _____ equipment fueled _____ gas.

Is something _____ starting up machines fueled by _____ in failure?

_____ to _____ machines _____ natural gasses is problematic.

Which factor _____ cause _____ when using _____ gadgets fueled _____ ?

_____ is _____ constant failures _____ gas powered machines?

_____ that _____ to recurrent difficulties beginning _____ fueled devices.

_____ do _____ fail _____ start equipment _____ on _____ gas?

Which _____ may be responsible _____ recurring _____ gadgets _____ by natural _____ ?

There _____ failures _____ trying to _____ natural gas-based _____.

_____ attempts _____ launch _____ of _____ gas has _____ unsuccessful.

Trouble _____ machines fueled by _____.

Why does the start-up _____ persistently _____ devices that _____ gas?

Which factor _____ be _____ problems with various _____ by _____ gases?

There _____ when _____ operation _____ different machinery _____ by _____ gases.

There _____ constant breakdowns _____ natural _____.

What _____ the problem _____ my _____ to start using _____ ?

_____ is _____ when firing _____ gas-powered machinery?

My _____ gas-powered _____ started up _____ repeated _____.

Who _____ what is wrong with _____ it _____ difficult _____ initiate _____ pieces _____ exquipment _____ natural _____ repetitively.

_____ is the _____ of failures _____ powered _____ ?

Is _____ run _____ gas devices with ongoing _____ ?

Problems with _____ what?

There are a _____ problems _____ gas _____.

_____ is amiss when starting _____ ?

_____ do _____ have _____ startup attempts _____ equipment using _____ gases as fuel?

_____ having my equipment _____ natural _____ fail _____ start.

Where's _____ problem _____ starting machines _____ natural _____ ?

_____ is the _____ powered _____ failures?

Any suggestions _____ potential causes _____ problems _____ gadgets _____ run _____ Gas?

_____ have _____ setbacks _____ to start up _____ natural _____ of equipment.

_____ is causing _____ gas powered _____ ?

Many recurring _____ trying to _____ gear.

Are you _____ the _____ problems with different _____ ?

_____ causing this _____ of trying _____ machines _____ natural gasses?

_____ be an _____ to _____ difficulties beginning _____ fueled devices.

_____ gear fueled _____ natural _____ start?

_____ for _____ be done about _____ recurring setbacks encountered when _____ turn on _____ appliances?

There have _____ setbacks _____ to start _____ various natural _____ pieces _____.

Is it a _____ my _____ at _____ fueled by natural gases _____ ?

_____ on with my gas _____ ?

We've _____ unsuccessful _____ attempts _____ natural gas- _____ equipment.

_____ problem _____ starting natural _____ machinery?

Why _____ start _____ gas powered equipment?

What could _____ the cause of _____ getting _____ pieces _____ gear _____ ?

_____ know _____ my blasted equipment won't _____ gases?

_____ has been a recurring _____ in _____ power of _____.

_____ need assistance having failed _____ attempts _____ pieces _____ equipment _____ natural _____ fuel.

Is _____ a reason _____ the start-up _____ on many _____ supplies?

There _____ been _____ start up _____ gas _____ of equipment.

_____ do I fail _____ equipment _____ on gas?

_____ to start natural gas pieces _____ equipment.

What _____ causing the _____ persistently _____ natural-gas powered devices?

There may _____ issue causing _____ beginning gas- _____.

There _____ with natural gas _____ started.

_____ with _____ attempts _____ pieces of equipment using _____ gases as fuel.

What could _____ with the _____ of natural gas _____?

Why _____ starting natural gas _____?

_____ start my natural gas _____?

Is it _____ that _____ startup _____ natural gas tools and machines?

Is there _____ recurring failures when starting natural _____?

Any _____ potential _____ problems with _____ that run _____ Natural Gas?

_____ a _____ for the _____ in _____ natural gas-powered equipment?

Why are _____ gear _____ by _____ gases continuing?

_____ seeing startup _____ when _____ gas tools _____ machines.

What _____ with _____ equipment?

What are _____ my _____ stuff?

_____ is amiss when _____?

There _____ running _____ natural-gas _____ that fail _____ the start-up.

_____ lots _____ failures starting _____ machinery.

_____ help _____ the _____ startup _____ of multiple _____ of equipment _____ gases.

_____ the problem trying to _____ fueled _____?

If I _____ up _____ that runs _____ natgas, _____ there an issue?

_____ is _____ reason for _____ failures _____ gas-powered stuff?

There are _____ starting _____ gas.

_____ my equipment _____ is _____ by natural gas?

_____ you _____ with gas _____ starts?

There was _____ trying _____ start _____ natural _____ equipment.

_____ having _____ various pieces of equipment _____ by natural _____.

I _____ been _____ start natural _____ powered _____.

_____ trouble starting _____ that is fueled by _____ what _____ be _____?

_____ finding _____ using various natural gas tools and _____.

Something _____ causing the _____ trying _____ machines _____ natural gasses.

My gear _____ using natural _____.

_____ always _____ operation in different machinery fueled _____ natural gases.

There _____ beginning _____ equipment.

Why _____ attempts _____ up _____ equipment fail?

_____ my _____ failed many times?

What are _____ failures _____ gas-powered stuff?

There _____ several difficulties _____ equipment.

_____ reports _____ issues with start-up.

Which factor _____ be _____ for recurrent _____ encountered while _____ fueled _____ gases?

There _____ in getting different pieces _____ powered _____.

Is there _____ cause _____ failures of _____ equipment?

_____ many _____ failure _____ gas-powered machinery.

There have _____ known _____ startup failures _____ gas _____ equipment.

_____ difficult to start equipment fueled by _____ so _____ be _____?

_____ with the constant breakdowns _____ natural _____ machinery?

Do you know _____ fueled devices _____ on?

_____ recurring failures _____ start equipment _____ by natural gases- what _____?

How _____ can't seem to _____ anything _____ natural _____?

I _____ seem to _____ natural gas-powered _____ work _____.

_____ knows _____ wrong _____ struggling to _____ several _____ of _____ fueled _____ natural _____ repetitively?

_____ have trouble _____ natural _____ equipment?

_____ related _____ are _____ occurring, _____?

Is there a _____ recurring _____ natural gas _____?

What's _____ with _____ my gas-powered _____?

_____ having a _____ time starting _____ that's _____ by _____.

What caused _____ equipment _____?

_____ initiate _____ pieces of exquipment fueled _____ gases _____ who _____ is _____ here?

Why _____ you _____ start-up problems?

Why does the start-up fail _____ that run _____?

_____ failures _____ firing up natural gas-powered _____.

I _____ challenges firing up _____ tools using _____ Gas power, can _____ me what _____?

_____ problem is _____ constant _____ natural _____ fueled machinery.

Why _____ it so hard _____ ignite machines _____?

_____ gas-run equipment fail repeatedly.

There may be an _____ leads to _____ gas-fueled _____.

_____ trying _____ ignite natural gas-based _____.

There could be an issue _____ to _____ beginning _____.

The difficulty _____ is recurring.

Is _____ underlying problem _____ I am trying to _____?

_____ on potential causes _____ repetitive _____ gadgets _____ on Natural Gas?

If _____ to _____ with _____ in failure, what's going wrong?

_____ are _____ start _____ pieces _____ natural gas powered gear.

What _____ causing the _____ failures _____ natural _____ powered equipment?

_____ anyone _____ me why I have startup failures _____ natural gas _____?

_____ been _____ failures _____ gas-powered equipment.

_____ have _____ starting _____ is fueled _____ what is going wrong?

_____ constant failures when _____ machinery.

_____ the start-up _____ on _____ devices _____ on natural-gas _____?

Why _____ the start-up _____ on _____ devices _____ natural-gas _____?

_____ all my _____ fueled _____ gases end _____ failure, _____ that anything wrong?

_____ suggestions as to potential causes _____ startup problems _____ running _____?

There are recurring _____ start equipment _____ by _____.

There are _____ trying _____ start _____ gas equipment.

_____ having _____ with natural-gas _____.

_____ there _____ cause _____ the recurring _____ with _____ equipment?

I _____ to _____ my _____ equipment running _____.

Why _____ happening when starting _____ powered _____ gases?

_____ natural gas _____ gear started.

Is there a _____ the recurring _____ starting natural _____?

_____ do my appliances fail _____ begin _____?

_____ a hard _____ starting equipment _____ is _____ natural _____ what is _____ wrong?

_____ there _____ for the _____ starting equipment with _____ gas?

Is there _____ the recurring failures _____ the start _____ equipment?

_____ are _____ when trying _____ ignite natural _____ gear.

_____ there _____ explanations for _____ recurring _____ starting _____ gas-powered equipment?

Is _____ reason _____ the recurring _____ with _____ equipment?

There are _____ in _____ on _____ fuel.

There _____ when firing up _____ gas powered _____.

_____ starting _____ powered by _____ gases, _____ normal _____ experience difficulties?

Is _____ not right _____ starting up _____ natural _____ end in failure?

_____ failures _____ starting natural gas-driven machinery.

Many _____ failures _____ attempting to _____ natural _____.

_____ figured out _____ cause of _____ starting natural gas powered _____?

Can't seem to get _____ natural _____ and _____.

I want to know why I _____ startup failures _____ tools _____.

Why _____ start-up fail on many _____?

The attempts to launch _____ uses _____ unsuccessful.

I have a _____ time _____ equipment _____ so what _____ here?

What's _____ with _____ failures _____ gas-powered stuff?

I've been having _____ time starting various _____ of _____ are fueled _____.

What is _____ to _____ various machines?

Why my _____ are not _____ on _____ they _____ by _____?

There's a _____ failures _____ trying to ignite natural _____.

I can't seem _____ get _____ gas equipment up _____.

Is there _____ reason for _____ in starting _____ powered _____?

_____ many _____ starting up machines _____ gas.

_____ the reason for _____ constant failures _____ gas-powered _____?

_____ problems _____ of natural _____ equipment.

_____ gas-powered _____ fail constantly?

Is there _____ leads to _____ failure of _____ machinery?

Attempts to _____ natural _____ have been unsuccessful.

I _____ help having _____ attempts _____ multiple pieces of _____ gases _____ fuel.

I _____ challenges _____ up _____ tools _____ natural gas power, can you _____ what to _____?

There have _____ in fuel operation in _____ natural _____.

Why _____ when _____ gear _____ fueled by natural _____.

There _____ many _____ up failure _____.

_____ the _____ with the constant _____ starting _____ gas-enabled _____?

There _____ failures _____ natural gas-powered _____.

_____ not right _____ attempts _____ machines with _____ gases end _____ failure?

_____ knows what's wrong _____ struggling _____ several pieces of _____ natural _____ repetitively?

_____ constantly _____ to _____ devices using _____ gases.

There _____ problems _____ different pieces of _____ gas _____ started.

_____ start correctly _____ power

Why _____ devices _____ by _____ don't turn on?

I have had challenges _____ different tools using _____ what to expect?

_____ possible _____ I _____ startup _____ when using various natural _____ tools and _____?

Can anyone _____ causes startup _____ using various _____ gas _____ and _____?

When trying _____ different natural _____ devices _____ it _____?

_____ factor could be _____ blame _____ problems _____ operating _____ by gas?

There have been _____ failures _____ equipment _____ natural _____.

_____ have _____ hard time _____ is _____ by natural gases, _____ going wrong?

If _____ not able _____ my _____ devices using _____ gases, what _____ problem?

_____ problems of getting _____ pieces _____ natural gas _____ gear _____.

_____ that multiple natural _____ devices are _____ problems?

I _____ seem to _____ my natural _____ to _____ well.

Where is _____ problem _____ constant _____ gas engines?

Any suggestions regarding possible _____ repetitive _____ running on _____ would be _____.

_____ constant failures in _____ on _____.

_____ you _____ won't start utilizing natural gases?

_____ know the reason _____ my _____ won't start _____ natural _____?

____ trying to run ____ gas devices, ____ it ____?
 Why does it keep ____ gear ____ is ____ gases?
 ____ assistance ____ failing startup ____ for ____ pieces of equipment ____ gases.
 Has ____ pinpointed the cause ____ in ____ natural gas powered ____?
 ____ are recurring failures ____ of ____ gas ____ machines.
 Why ____ have ____ failures while using ____ natural ____?
 Equipments ____ gas ____
 ____ is going ____ failures starting ____ gas-powered things?
 ____ causing the ____ to ignite various ____ fueled ____ natural ____?
 If all ____ attempts ____ natural ____ end in failure, ____ that mean ____ wrong?
 ____ seem to get ____ natural gases.
 Is there ____ for ____ recurring ____ beginning natural gas-powered ____?
 ____ might be ____ problems ____ natural gas powered ____?
 ____ it ____ that there ____ with ____ to run different ____ gas ____?
 ____ has been recurring ____ in the power ____ machines.
 ____ always been setbacks ____ fuel ____ in different machinery ____ natural ____.
 Start ____ fueled ____ gases is ____.
 Can't get ____ running ____ gas ____ what could ____ problem?
 Why ____ my ____ starting ____ gas-driven machinery?
 ____ could ____ getting different ____ natural gas powered gear ____ start?
 ____ trying to ____ up equipment ____ uses ____ gas.
 ____ launch equipment that uses natural gas ____ been ____.
 ____ in ____ power of natural ____ based ____?
 The problems ____ starting ____ gas ____.
 ____ recurring failures ____ the power of ____ machines.
 Where's the problem ____ gas-based ____?
 ____ difficult to ignite machines ____ gasses?
 ____ there anything ____ these failures starting ____ stuff?
 I ____ a hard ____ starting ____ that is ____ gases.
 ____ are there issues ____ gear that is ____ by ____?
 ____ failures ____ to ____ gas-based gear
 ____ natural ____ isn't ____ up ____ after repeated attempts.
 ____ do ____ encounter ____ failures ____ using ____ natural ____ tools?
 ____ it normal for ____ equipment ____ by natural ____ to ____?
 ____ powered by ____ fail to start?
 Which factor ____ be to ____ for recurring ____ gadgets ____ natural ____?
 ____ cause of repeated startup failures of ____ powered ____?
 ____ like ____ the cause ____ recurring failures in ____ natural gas-powered ____.
 Any ____ causes of ____ with gadgets running ____ Natural ____ to ____?
 What ____ the ____ of ____ repeated ____ natural gas powered equipment?
 ____ you ____ what ____ be ____ as I ____ firing up different tools ____ Natural Gas ____?
 What about recurring ____ when trying ____ ignite ____?
 Why are ____ when firing ____ natural ____ powered ____?
 ____ could ____ to blame ____ recurrent ____ various ____ by natural gases?
 Any ____ for ____ of ____ startup ____ with gadgets that ____ Natural ____?
 Repeated ____ start-up ____ why?
 What can ____ me ____ challenges I experience firing ____ different ____ Gas ____?
 ____ to start ____ powered by natural gas?
 Natural ____ keeps ____.
 Who knows ____ wrong when ____ to initiate ____ pieces ____ by ____.

_____ need assistance with my failed startup attempts _____ using _____.

_____ is _____ the _____ failure?

_____ the cause _____ my natural _____ powered _____ not _____ up?

_____ failures _____ starting natural gas-driven _____.

_____ does _____ start-up _____ many devices that use _____ supplies?

_____ been having startup _____ natural gas tools _____ machines.

Gas-powered _____ causing them?

_____ appreciate guidance on _____ causes of _____ problems _____ on Natural _____.

Where _____ problem _____ starting _____ that _____ natural gas?

I'm _____ various devices using natural _____.

What _____ recurring failures _____ trying to _____ natural _____?

Can't _____ to _____ natural gas _____ smoothly, _____ help?

_____ a _____ that there are ongoing problems _____ natural gas devices?

My natural _____ equipment _____ not _____ up _____ numerous _____.

_____ there any explanations for the _____ when _____?

There _____ when _____ to ignite _____ gas gear.

Is there _____ the recurring _____ starting natural gas-powered _____?

If all _____ at _____ with _____ failure, what is going wrong?

_____ can't seem _____ start my _____.

My _____ by _____ gases keeps _____.

If _____ my _____ starting machines with _____ in _____ is there _____ wrong?

_____ ignite _____ that _____ fueled by gasses.

_____ all my _____ at starting _____ fueled _____ natural gases _____ in failure, _____ a _____?

What _____ going _____ the _____ that was powered by _____?

_____ to _____ gas-run _____ do not work.

Is it _____ when trying _____ run _____ gas _____

Is _____ an _____ problem _____ the _____ I'm _____ when trying to _____ equipment?

There are repeated _____.

_____ it strange _____ with _____ run different natural gas devices?

I _____ why my _____ start _____ equipment keep failing.

If _____ my attempts at _____ fueled by _____ failure, is _____ a _____?

Why is _____ ignite _____ machines _____ natural gasses?

_____ are _____ with _____ different natural _____ devices.

_____ trying to _____ are _____ by natural gasses.

There _____ difficulties _____ starting _____ equipment.

_____ it _____ difficulties when starting up _____ by gases?

_____ have _____ more _____ to start _____ natural gas pieces _____.

_____ anyone _____ the cause _____ the _____ in natural _____ equipment?

_____ to blame for the _____ encountered _____ various _____ fueled _____ natural gases?

Grappling with gas _____.

Why _____ I failing _____ machinery again?

_____ problems - why?

_____ attempts _____ launch _____ burns _____ gas have _____ unsuccessful.

_____ on potential causes of _____ startup _____ with gadgets _____ Gas?

Grappling _____ gas _____ problems, _____?

_____ equipment made _____ natural _____ have been unsuccessful.

I'm hitting _____ because natural-gas _____ properly.

_____ going wrong _____ to start machines with _____ gases fail?

Has anyone _____ cause _____ the recurring _____ natural gas-powered _____?

It is difficult to _____ of exquipment _____ natural _____.

_____ at _____ up machines _____ by _____ in failure, what _____ going wrong?

_____ my _____ start gas-run equipment _____?

Has anyone figured out what causes _____ recurring _____ gas _____?

_____ a problem _____ fueled by gasses.

What could _____ the source of _____ some _____ powered _____?

There is _____ ignite various machines fueled _____.

_____ an issue _____ causes problems _____ gas- _____ devices?

How _____ I _____ start natural _____?

Why _____ happening _____ the _____ is _____ by natural _____?

Can you _____ me what I should _____ as _____ firing up _____ using _____?

Is there _____ failures with gas _____?

There are failures _____.

There _____ been problems _____ equipment.

_____ could be wrong with _____ equipment _____ is _____ natural _____?

There _____ lots of _____ gas-powered _____.

Why is _____ failing?

_____ failures starting gas-powered _____.

There _____ been unsuccessful attempts _____ equipment _____ gas.

There _____ beginning _____ gas _____.

_____ with _____ natural gas-driven machinery?

What _____ the cause _____ problems _____ of natural gas _____ started?

Why _____ keep not starting _____ natural gas?

_____ always setbacks when starting _____ different machines _____ natural gases.

Why am _____ to _____ equipment that _____ powered _____ gas?

_____ possible that there is _____ to _____ difficulties beginning _____ devices?

Experiencing _____ to _____ pieces of _____ fueled _____ gases.

There are multiple _____.

Why do gas-powered _____ right?

Why do I _____ startup failures _____ and machines?

What _____ with the _____ that will _____ start?

_____ have been _____ natural gas-driven machinery.

Which factor _____ for _____ repeated _____ encountered _____ various gadgets _____ by natural gases?

Can't seem _____ get _____ natural _____ and _____ smooth.

_____ all _____ my attempts at starting _____ by _____ gases _____ in failure, _____ something _____?

Our attempts _____ launch _____ that _____ natural gas _____.

Why can't _____ get my _____ gas?

There were _____ trying _____ natural gas _____ of equipment.

There _____ issues that are fueled by _____.

What _____ causing _____ problem of trying to _____ fueled _____?

I _____ having _____ hard time starting _____ fueled by _____ gasses.

_____ the _____ trying to _____ some _____?

_____ failure in the _____ of machines _____ natural _____.

_____ natural-gas _____ aren't functioning properly!

_____ suffer with repeated _____ start-up problems?

Who knows _____ here, as I'm _____ several _____ of equipment _____ gases repetitively.

Is something bad if _____ attempts _____ gases fail?

I'm _____ fail to start _____ gas.

It _____ possible _____ there _____ an _____ that leads _____ recurrent _____ fueled devices.

_____ is _____ the beginning _____ my gas _____ stuff?

_____ an issue that's making it _____ to _____ gas- _____?

There may _____ issue _____ is _____ difficult _____ start gas- _____ devices.

Experiencing recurring _____ to _____ up _____ by natural _____ what _____ be _____?

I have experience _____ different _____ power, can _____ tell me _____ to do?

Why can't I _____ to run _____ natural _____?

There _____ difficulties in starting _____.

Equipments _____ gas _____.

_____ causes gas-powered _____ fail?

_____ are issues surrounding _____ failure _____.

My _____ start gas-run _____ keep _____.

Why _____ failures when using various _____ gas tools _____?

_____ I'm _____ to power my devices _____ gases, _____ the _____?

There _____ lots _____ in starting machines _____.

_____ something wrong if _____ machines _____ natural gases _____ in failure?

_____ experience challenges firing _____ tools _____ Natural Gas power and _____ not _____ what to _____.

Is _____ an _____ that _____ difficulties _____ gas- _____ devices?

There _____ recurring _____ in starting _____.

Is there an underlying problem _____ that uses _____?

What's _____ problem of trying _____ natural gasses?

What _____ constant _____ starting _____ machinery?

I _____ failed _____ attempts for multiple _____ of equipment _____ natural _____ as _____.

_____ do _____ encounter startup _____ using _____ gas _____ and machines?

_____ going _____ with the failures starting my _____?

_____ are constant failures in _____.

The _____ natural gas _____ a recurring _____.

Why doesn't _____ gas-powered equipment _____?

_____ wrong _____ attempts to start _____ fueled by natural _____?

Is it _____ luck or _____ it _____ when _____ gas powered _____?

There _____ a _____ when trying to _____ gas gear.

_____ are recurring difficulties to _____.

_____ factor _____ be _____ recurring problems when using _____ natural gases?

Does anyone know _____ won't _____ natural gases?

Numerous _____ ignite natural gas-based gear.

_____ use natural gas _____ to _____.

What's _____ failures _____ my gas-powered _____?

There _____ been many failures attempting to _____.

Is _____ reason for _____ failures in _____ gas _____?

Our _____ equipment that uses natural _____ been consistently _____.

_____ unable to _____ devices using _____ gases, _____ should be a _____?

_____ problems _____ to _____ different natural gas devices.

_____ many _____ starting natural _____ machinery.

_____ to mind _____ potential causes _____ repetitive startup problems with _____ Natural Gas?

Is it amiss that _____ natural _____ devices _____ problems?

_____ there any _____ for _____ failures in _____ gas equipment?

_____ appliances don't _____ using _____ gas?

There could be _____ that _____ gas- fueled devices.

Where's the _____ with _____ breakdown _____ gas _____ machinery?

_____ failures when _____ to ignite natural _____ gear?

_____ be _____ the _____ to fail _____ on numerous devices _____ natural-gas _____?

There _____ recurring _____ to _____ up _____ of equipment _____ by natural _____.

Is _____ a cause for the _____ beginning _____ natural _____ equipment?

There are _____ pieces _____ natural _____ powered _____ start.

I _____ failures in _____ natural _____.

Can't seem _____ get _____ equipment running smoothly, _____ help?

There _____ constant failures _____ firing _____ gas powered _____.

_____ issue _____ leads to problems beginning _____ devices?

Is _____ with _____ failing _____ start using natural gas?

Why can't _____ natural gas-powered _____?

_____ hard to _____ several pieces _____ equipment that _____ by _____.

_____ curious _____ ongoing _____ when trying _____ different natural gas _____.

I've had _____ hard _____ starting equipment that _____ natural _____.

Can _____ me why the start-up _____ on _____ on natural-gas _____?

Repeated _____ to start _____ natural _____ equipment have _____.

_____ experience challenges firing up different _____ Natural _____ can you _____ what I _____?

_____ equipment that is fueled by natural _____ is going _____?

I don't _____ I _____ get _____ stuff _____ using natural _____.

Is _____ a reason _____ the _____ starting natural _____?

Which factor _____ when operating gadgets _____ natural _____?

Can't seem to get _____ and running.

_____ is the problem _____ to ignite _____ natural _____?

Is _____ possible _____ at starting _____ with _____ will fail?

Can't seem to _____ my _____ equipment up and _____?

What is causing _____ to _____ by natural gasses?

_____ causes _____ when trying to ignite _____ gear?

_____ it possible _____ of my _____ starting machines _____ natural gases end _____?

_____ unable to _____ various _____ using natural _____ what _____ be _____?

_____ causes _____ startup _____ running on Natural Gas _____ be great.

_____ natural _____ equipment _____ up despite repeated attempts?

_____ something _____ right if _____ attempts _____ starting _____ fueled by _____ gases _____?

Why _____ start _____ gas power?

There _____ start-up with gas _____.

I _____ causes _____ repetitive _____ problems with _____ running on _____ Gas.

_____ with my _____ failing to start using natural _____?

_____ machines _____ failing.

I am having _____ getting _____ natural _____ and _____ smoothly.

What could be wrong _____ experience recurring _____ trying _____ natural gases?

Is _____ an _____ if _____ fail _____ my natgas _____ frequently?

Our _____ equipment made _____ natural _____ has _____ unsuccessful.

I'm _____ trouble getting _____ up and running.

_____ having _____ firing up different _____ using Natural _____ power, _____ some advice?

_____ it _____ underlying _____ I'm _____ when _____ to _____ gas-powered equipment?

There are problems _____ machinery _____.

Is _____ that there _____ with different natural _____ devices?

_____ to launch various _____ fueled _____ have been _____.

_____ a _____ time starting equipment fueled by _____ gases _____ might _____ going _____?

_____ are ongoing problems when _____ to _____ different _____ gas _____?

_____ tell _____ what _____ a _____ I _____ challenges firing up _____ tools using natural gas?

Why _____ I _____ starting _____ equipment?

_____ I get my _____ run correctly _____ natural _____?

_____ uses natural _____ keep _____.

_____ with _____ failed starts _____ my gas-powered stuff?

_____ my _____ up machines fueled _____ in failure, is something _____ wrong?

There have _____ repeat gas _____.

Is _____ if my attempts at _____ machines with _____ in _____?

Is _____ amiss to be _____ about _____ ongoing _____ when trying _____ natural _____?

There's _____ various machines fueled _____ natural gasses.

_____ I'm _____ power _____ devices using natural gases, _____ amiss?

_____ an issue leading _____ difficulties _____ gas- fueled _____.

There _____ problems _____ getting _____ of _____ powered gear started.

_____ mind _____ possible causes of repetitive _____ problems with gadgets _____ Gas.

_____ with the failed startup attempts _____ natural gas as fuel.

_____ seem to get my _____ running smoothly.

There have been many _____ attempting to _____ various _____ pieces _____.

There have been _____ failures in starting _____.

_____ wonder _____ there is _____ when _____ start _____ pieces of gas-powered equipment.

_____ that something amiss when _____ to _____ gas _____?

_____ is _____ with _____ natural _____ machinery?

_____ are _____ of gas-powered machinery.

I _____ trouble starting _____ equipment _____ are _____ by natural _____.

Is _____ an _____ is making _____ difficult _____ start _____ devices?

_____ do my _____ to start _____ equipment _____?

_____ gas equipment _____ glitches.

_____ are constant _____ starting natural _____.

_____ failures in _____ gas-powered equipment.

_____ have been problems _____ start-up.

_____ having startup failures while _____ natural gas _____.

Which factor _____ cause recurring problems _____ fueled _____ gases?

I _____ startup failures _____ gas tools _____ machines.

_____ need _____ experiencing failed _____ for _____ equipment _____ natural gases as _____.

Is _____ not _____ if all _____ attempts _____ start machines _____ gases _____?

_____ failures when firing _____ gas powered machinery

I need _____ after having _____ attempts for _____ pieces _____ natural _____ fuel.

Can anyone explain _____ when _____ gas tools _____ machines?

Where's _____ problem _____ the _____ of _____ gas machinery?

There _____ frequent start up _____ of _____.

My _____ to start up _____ frequently.

_____ could _____ source of the _____ getting different pieces _____ powered gear _____?

There are _____ operation in different _____ with natural _____.

_____ suggestions _____ repetitive startup problems with gadgets running _____?

_____ natural _____ equipment is not _____ even _____ attempts.

_____ do I _____ having _____ failures while using _____ tools and _____?

_____ seem _____ my natural _____ powered equipment to work _____.

Is it possible _____ is _____ to difficulties beginning _____ devices?

_____ problem with _____ natural gas equipment.

Isn't _____ for something _____ done _____ recurrent _____ faced during _____ activation of _____ gas powered _____?

Where's _____ with _____ of natural gas- fueled _____?

There _____ recurring problems encountered _____ operating _____ gadgets _____ natural _____.

There _____ repeated gas _____ start _____.

Can't seem _____ get _____ natural _____ equipment _____ running.

Which factor could _____ recurring _____ various gadgets _____ gases?

_____ there _____ with the startup _____ natural _____ equipment?

I'd like guidance _____ causes of _____ gadgets running _____ Gas.
 Is there _____ all _____ attempts _____ natural gases end in failure?
 I _____ various _____ gas tools _____ have startup _____.
 _____ repeated failures with gas _____.
 I _____ a _____ starting _____ fueled by _____ gasses.
 _____ a _____ time _____ gases, what could be going wrong?
 There are still _____ getting _____ gear _____.
 It was another setback trying _____ natural _____.
 Why _____ my _____ not start _____ despite _____ attempts?
 Anything _____ to _____ think about potential _____ repetitive startup problems _____ gadgets _____ on Natural _____?
 There are _____ breakdowns _____ gas _____.
 _____ it _____ natural-gas _____ won't start?
 When _____ equipment _____ natural _____ is it _____ recurring difficulties?
 _____ powered by natural gases, is _____ typical to experience _____?
 _____ does gas-powered _____ do not _____?
 _____ is _____ with _____ natural gas _____ not starting?
 _____ attempts _____ machines fueled by natural _____ end in _____ something not _____?
 There are _____ gas _____ start-up _____?
 _____ is recurring failure _____ power _____ machines.
 _____ am I having _____ failures _____ using various natural _____?
 What is _____ the trouble _____ some _____?
 Why doesn't _____ with _____ power?
 I have _____ challenges _____ different tools _____ Gas _____ can you _____ me _____?
 Please _____ natural-gas _____ malfunctioning!
 What _____ the problem _____ the _____?
 _____ normal _____ experience difficulties when starting _____ powered _____ natural _____?
 _____ are _____ equipment start-up _____.
 If I'm _____ to power many devices _____ natural gases, _____?
 _____ failures in starting natural _____.
 Why _____ the _____ fueled _____ natural gases?
 _____ are _____ experienced, why?
 _____ assistance _____ failed startup attempts for _____ pieces _____ equipment _____ natural gas _____.
 What might be causing _____ of _____ powered _____?
 _____ there _____ issue if _____ fail to _____ natgas equipment _____ times?
 _____ get challenges firing up _____ Natural _____ can _____ me what _____ do?
 _____ experience _____ different _____ using Natural _____ power, can _____ what to expect?
 _____ not _____ if _____ my _____ to start machines with _____ end in _____?
 There has been _____ equipment _____.
 Is it possible that _____ devices has _____?
 _____ the _____ appliances failing to start _____ natural gas?
 _____ gas equipment _____ problems?
 _____ are multiple failures _____.
 Problems trying _____ machines that are _____.
 I _____ with _____ failed startup _____ equipment using natural _____ as _____.
 _____ it _____ luck _____ explanation _____ the constant _____ firing _____ gas powered machinery?
 _____ have _____ trying to ignite natural gas-based _____.
 Can't _____ to get _____ natural gas powered _____ up _____?
 What's _____ troubles _____ to _____ machines?
 _____ these failures beginning my _____ stuff?
 _____ is my natural gas- _____ starting _____ despite repeated _____?

_____ are _____ of devices that _____ on _____ that _____ at _____ start-up.
 _____ many recurring _____ ignite natural gas-based gear.
 _____ making _____ difficult to ignite machines _____ gasses?
 Is there _____ reason for _____ failures in _____ equipment?
 _____ are always failures _____ machines _____ fuel.
 Is there a reason for _____ equipment?
 Why _____ I fail _____ natural _____ powered _____?
 _____ could be wrong _____ up equipment _____ powered by _____ gases?
 Who _____ it is difficult _____ initiate _____ pieces _____ by _____ gases repetitively?
 If my _____ at _____ fueled _____ gases _____ is going wrong?
 _____ an issue _____ issues beginning gas- fueled devices.
 There _____ equipments that _____ natural _____ failing.
 _____ do my appliances _____ start _____?
 There are _____ starting gear fueled _____.
 Can't _____ get _____ equipment to run _____ any advice?
 Something is _____ to ignite _____ fueled _____ natural _____.
 _____ the problem _____ starting _____ gas-fueled machinery?
 _____ of _____ up failures of gas-powered machinery.
 _____ been unable to _____ various _____ fueled by natural _____.
 _____ are lots of start _____ gas powered _____.
 _____ my _____ in _____ gas driven machinery?
 Why does _____ start-up _____ on _____ running on natural-gas _____?
 _____ I am _____ to _____ various _____ using natural gases, _____ problem?
 Is there an _____ to start gas- fueled _____?
 _____ there a _____ for _____ recurring _____ natural gas powered _____?
 _____ gas- powered equipment _____ start _____?
 _____ with the start _____ gas-powered _____?
 I need assistance _____ startup attempts for _____ as _____.
 _____ frequently unable to power _____ using _____.
 Who knows _____ this _____ hard _____ initiate _____ pieces of _____ by natural gases repetitively.
 There _____ many unsuccessful _____ at launching _____ gas _____.
 What is _____ when _____ gas-powered _____?
 _____ are _____ failing to start _____ uses _____ gas?
 _____ get _____ on gas to _____.
 _____ are repeated _____ problems.
 Is _____ an _____ problem with _____ failures when starting _____?
 _____ failures trying _____ start equipment _____ natural _____ what _____ be wrong?
 _____ problem with starting natural _____?
 _____ to start equipment _____ by natural gas?
 _____ initiate _____ of _____ fueled by natural _____ is difficult.
 Anything comes _____ potential causes of _____ with gadgets running on _____?
 Can anyone tell _____ why I _____ failures _____ gas _____ machines?
 Why _____ with _____ fueled _____ natural gasses?
 Our attempts _____ launch _____ gas-powered _____ have _____.
 Unable to _____ several pieces of exquipment _____.
 _____ a problem _____ fail _____ fire up my _____ equipment _____ times?
 _____ does _____ equipment _____ up correctly?
 _____ be an _____ makes _____ difficult to start _____ devices.
 recurring _____ with start-up _____
 _____ help with failed startup _____ of equipment _____ gases _____.

There ____ repeated ____ ____ gas-powered ____.

There ____ problems ____ ____ of natural gas ____ equipment started.

I ____ trouble ____ startup ____ while using various natural ____ ____ ____.

Can't seem ____ ____ my ____ gas ____ equipment ____ ____ running?

Why ____ ____ fail to ____ equipment ____ ____ gas?

____ ____ problem ____ these ____ starting ____ gas powered stuff?

What is making ____ ____ ____?

____ it possible that ____ issue ____ ____ difficulties ____ gas-fueled ____?

____ ____ attempts at starting ____ ____ ____ gases ____ in ____ is something ____ wrong?

____ ____ natural-gas fired ____ that aren't ____.

There ____ been another setback ____ ____ start ____ natural ____ ____.

As I experience ____ ____ ____ using ____ ____ power, can ____ tell ____ what to do about ____?

There have ____ ____ when fuel ____ ____ in ____ machinery.

Where ____ ____ problem ____ the constant ____ starting ____ ____ machinery?

Is it ____ to ____ ____ equipment ____ by natural ____?

____ ____ powered by ____ gases that fails to ____.

"Why ____ I ____ ____ on ____ gases? "

____ ____ ____ starting up gas-powered machinery.

I ____ stuck with ____ ____ while ____ ____ natural ____ tools and ____.

____ can't seem ____ get my gear ____ ____ using ____ ____.

There ____ ____ in getting different pieces ____ natural ____ ____ ____.

Equipments with ____ ____ keep ____.

There ____ ____ ____ attempts to ____ natural gas-based gear.

There ____ ____ issue that leads ____ ____ beginning gas- ____ devices.

____ ____ be responsible for the ____ problems ____ ____ gadgets fueled ____ natural gases?

Which ____ could ____ recurring problems ____ operating ____ that ____ ____ gases?

____ ____ start gas-powered ____.

There ____ ____ failures when ____ to ignite ____ ____ gear.

____ do I ____ trouble starting equipment ____ ____ natural ____?

Why does ____ ____ equipment not ____ ____?

If all ____ ____ to ____ machines with ____ ____ in failure, ____ is going ____?

There ____ ____ failures of gas-powered ____.

There are ____ ____ with ____ ____.

Any possible ____ of ____ ____ ____ gadgets running on Natural Gas ____ ____ ____ appreciated.

____ there an ____ ____ I'm ____ when trying ____ start gas powered ____?

____ can't ____ stuff ____ ____ using natural ____?

I have a difficult ____ ____ ____ of ____ fueled ____ natural ____.

Why do natural ____ ____ ____ gear?

Who ____ what is wrong ____ ____ start ____ ____ of exquipment ____ ____ natural gases.

____ is the ____ ____ breakdown starting natural ____ fueled ____?

Why ____ ____ when ____ ____ ____ fueled by natural gasses?

Where is the problem ____ constant ____ starting ____ ____ ____?

Repeated ____ ____ start ____ problems - ____?

____ ____ problems with start-up ____ ____ gas-powered ____.

____ does ____ keep ____ ____ gear ____ by natural gases?

There ____ recurring ____ to start ____ ____ of equipment ____ ____ natural ____.

Isn't something ____ ____ ____ a ____ ____ confronted ____ trying to ____ on natural gas ____?

Why ____ my ____ ____ machinery ____ occur?

____ you know what caused the ____ ____ ____ starting ____ gas-powered ____?

____ ____ difficulties ____ starting ____ gas equipment?

Where is the _____ gas-powered machinery?

_____ is _____ recurring _____ of _____ gas _____ machines.

Where is _____ with constant breakdowns _____ gas _____?

I've been having _____ starting equipment that _____.

_____ there an _____ behind the frequent _____ failures _____ machinery?

_____ gear _____ with natural gases _____ having _____.

The problems _____ gas _____ recurring.

Who knows what's _____ struggling _____ initiate _____ pieces of _____ by _____ gases _____.

What is _____ my failures _____ starting machinery _____?

_____ can't seem to get my _____ gas-powered _____ up _____.

The _____ natural gas equipment _____.

What is _____ cause _____ these failures _____ stuff?

_____ that can cause start _____ of _____ powered machinery.

_____ fired _____ aren't _____

_____ need assistance _____ experiencing failed startup attempts _____ equipment using _____ fuel.

Is there _____ for _____ recurring _____ in _____ gas powered _____?

There _____ recurring _____ trying to ignite _____ gas based _____.

I am _____ natural _____ equipment.

There _____ issues that _____ cause _____ up _____ gas-powered _____.

What is the _____ with my _____ by natural _____?

There has been _____ lot of setbacks trying to _____.

_____ possible _____ my attempts _____ starting up _____ with _____ end in _____?
