

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Transmission fluid leaking from vehicle
Inquiry Sub-Category	Transmission fluid leaking from the radiator
Description	Customers notice transmission fluid mixing with coolant or leaking from the radiator, prompting them to seek guidance regarding the required repairs or replacement.
Data Size	5,118 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ I stop ____ immediately ____ is ____ of transmission fluid ____ into the ____ system ____ the ____ ?
 ____ evidence that ____ are ____ into the ____ system, it is important ____ .
 ____ stop driving if ____ fluid is leaking?
 ____ transmission fluid ____ leaking ____ the ____ will ____ need ____ stop driving?
 ____ operating my vehicle at ____ time if there's ____ fluid in the cooling ____ ?
 Do ____ stop operating ____ if it's ____ that the transmission fluid is ____ radiator?
 ____ cooling ____ may cause me to ____ using my vehicle.
 Is ____ stop my ____ there ____ that the transmission fluid ____ getting into ____ cooler?
 ____ it necessary ____ vehicle immediately if ____ becomes ____ fluid is ____ through the radiators?
 Do I ____ to stop my ____ if there ____ transmission ____ is ____ into the ____ ?
 Should ____ stop my car ____ if ____ see transmission ____ system?
 ____ one stop ____ spot ____ leak ____ cooling system through the ____ ?
 If ____ transmission ____ has ____ rad, is it ____ stop ____ vehicle?
 Is it ____ driving ____ transmission fluid ____ the radiator?
 ____ detect transmission fluid in the cooling ____ idea ____ driving.
 ____ I find ____ fluid ____ cooling ____ advisable to ____ driving.
 Shouldn't ____ stop ____ after ____ leak into the ____ the radiator?
 ____ not ____ because transmission ____ in the radiator.
 ____ signs ____ transmission ____ in the cooling mechanism ____ radiator, should ____ driving?
 ____ detect transmission fluid leaking into ____ coolant system, ____ I ____ ?
 ____ it ____ to stop operating ____ if there ____ evidence ____ transmission ____ in the ____ ?
 ____ fluid ____ the cooling system, I ____ have ____ stop using ____ vehicle.
 Should ____ stop driving ____ to the ____ of ____ fluid ____ with ____ ?
 The transmission ____ leak ____ the cooling ____ to stop using ____ .
 ____ it ____ stop ____ vehicle if ____ is evidence of ____ fluid ____ the ____ system?
 Is ____ possible for ____ to ____ operating ____ vehicle ____ if I ____ transmission is ____ into ____ system?
 ____ you ____ stopping driving ____ if ____ indicator points towards ____ the ____ ?
 Should I stop ____ transmission fluid ____ ?

____ I stop driving ____ sign of ____ in the ____ mechanism?
 If there is evidence ____ fluid ____ the rad, is ____ necessary ____ my vehicle?
 Is ____ to stop operating ____ discovering that the transmission ____ into the cooling ____?
 When ____ lubricant ____ cooling ____ via raditor, must ____ stop using ____?
 ____ I ____ vehicle ____ that the transmission ____ leaking into my cooling system?
 If I ____ in the cooling ____ I ____ driving.
 ____ affected ____ transmission ____ should I stop driving?
 ____ transmission fluid ____ leak into ____ cooling ____ cause ____ stop my ____.
 Is it ____ operating my ____ immediately ____ transmission ____ shows ____ in the ____?
 If ____ leaks ____ cooler, I ____ stop ____.
 ____ I stop ____ if my ____ fluid is ____?
 ____ it a good ____ to immediately ____ driving ____ transmission fluid ____ into ____?
 ____ I ____ see transmission fluid leaking into the ____?
 If ____ is evidence ____ fluid leaking ____ the ____ system, ____ I ____ operating ____?
 When ____ the transmission ____ leaking into the cooling ____ must ____ my ____?
 ____ may have ____ stop ____ my ____ immediately ____ the transmission fluid leaked ____.
 Do I need ____ operating ____ vehicle when ____ is evidence of ____ fluid ____?
 Do I ____ stop ____ vehicle from ____ see some ____ the coolant?
 If ____ evidence of transmission ____ cooling ____ will I have to ____ vehicle?
 If there ____ of ____ fluid into ____ cooling ____ to ____ all driving activity ____ once?
 Is it necessary ____ stop operating my ____ immediately if ____ that ____ the radiators?
 Car usage ____ now ____ trans liquid ____ cooling system.
 Do I ____ to ____ vehicle ____ is ____ that ____ fluid is ____ into the cooler.
 ____ a ____ idea ____ after ____ radiator ____ signs of ____ fluid mixing with coolant?
 When I ____ the ____ leaking ____ the ____ system through the ____ must I stop ____ vehicle ____?
 Do ____ need to ____ my ____ there is ____ that ____ transmission ____ is going ____ the ____?
 If ____ that ____ is affected by ____ should I ____ driving?
 ____ not sure if ____ should stop operating ____ vehicle immediately ____ I discover ____ transmission ____ the ____.
 If ____ indicator ____ to ____ the ____ should we immediately ____ driving?
 ____ transmission ____ can ____ into ____ system ____ cause ____ to stop ____ car.
 Do ____ have ____ my ____ I see evidence that the ____ fluid is ____ into ____?
 Should ____ driving ____ signs ____ transmission fluid mixing with the coolant?
 The transmission fluid ____ from ____ I ____ using the vehicle.
 ____ is ____ the ____ fluid ____ the coolant system, should I ____ my car?
 ____ is ____ of transmission fluids entering the coolant ____ I ____.
 ____ may leak ____ the cooling ____ and ____ have to ____ the vehicle
 If I ____ transmission ____ coolant do I ____ to ____ vehicle ____ operating?
 Can ____ stop ____ immediately after I discover ____ the ____ is ____ into ____ system?
 I may need ____ stop ____ my vehicle ____ if ____ leaks ____ the ____.
 ____ must stop driving if ____ leaks ____ the ____.
 Do I need ____ operating ____ it ____ obvious that transmission fluid ____ through the ____?
 Before ____ situation gets ____ I ____ transmission fluid leaks ____ the ____?
 ____ I ____ vehicle if there is ____ the transmission fluid is in the ____?
 Should ____ stop driving immediately when ____ the transmission ____ the ____?
 ____ it ____ for me to ____ my ____ it ____ apparent that the ____ going through the radiator?
 ____ it ____ to stop operating ____ vehicle immediately ____ are ____ fluid in the ____?
 If I see ____ the coolant, should I ____ vehicle ____?
 If ____ is evidence ____ the transmission ____ is getting into the ____ have to ____?
 Is ____ possible for ____ to ____ operating ____ I discover that ____ transmission is ____ into ____ cooling ____?
 When ____ transmission lubricant ____ cooling ____ you stop use?

I _____ stop driving _____ the transmission fluid _____.
 Should I _____ immediately _____ detect _____ fluid leaking _____ the radiator?
 Is _____ best _____ from _____ when _____ transmission _____ merging with _____ coolant?
 The transmission fluid _____ the _____ system, _____ might _____ stop using _____ vehicle.
 Should I _____ driving once I _____ fluid in _____ mechanism?
 Before _____ must I stop _____ if the _____ fluid _____ the _____ system?
 _____ stop driving _____ signs of _____ entering _____ cooling _____ through the radiator?
 _____ stop _____ my vehicle if _____ is _____ transmission _____ leak?
 _____ I _____ transmission fluid leaking _____ my coolant _____ would _____ a good _____ to _____?
 _____ discover _____ in _____ via radiator, must you stop use?
 Should I stop using my _____ if _____?
 _____ should stop _____ transmission fluid is _____.
 I _____ need to stop _____ vehicle _____ the _____ may _____ cooling system.
 Should _____ trans fluid _____ to cooler via _____?
 _____ I have _____ stop my _____ operating if I _____ transmission _____ in _____?
 _____ learning that the cooling mechanism _____ transmission _____ I stop _____?
 I wonder _____ to _____ my _____ immediately if there are _____ transmission fluid _____ the _____.
 _____ I stop _____ detecting signs _____ entering the cooling _____ the radiator?
 _____ I stop _____ immediately once _____ of _____ in the cooling _____?
 Do I _____ my vehicle _____ functioning if _____ transmission _____ in _____ coolant?
 _____ situation _____ worse, _____ stop driving _____ transmission fluid gets _____ the _____ system?
 _____ stop driving _____ I _____ that _____ mechanism _____ by transmission fluid?
 Should _____ delay when _____ discover signs _____ transmission fluid _____ cooling mechanism?
 I would have to stop _____ the _____ the cooling _____.
 _____ operating my _____ immediately if there is a sign _____ fluid in _____ coolant?
 _____ I _____ driving _____ there is a sign _____ fluid _____ with _____?
 _____ it _____ to stop my _____ if there _____ any _____ the transmission _____ the coolant system?
 _____ there is evidence _____ transmission _____ system, should I stop _____?
 _____ transmission fluid _____ leaking into _____ cooling system, should I _____?
 _____ immediately after spotting _____ of _____ fluid entering _____ cooling mechanism _____ radiator?
 _____ I _____ stop _____ vehicle from _____ if _____ in the cooling system?
 Should _____ stop driving _____ there is _____ in _____?
 _____ I need _____ operating _____ immediately if I see _____ in _____ coolant?
 When I detect _____ leaking into the _____ I _____ driving _____?
 _____ possible to stop _____ instantly when I _____ is _____ into the cooling system?
 Is it a _____ idea _____ driving if _____ of _____ fluid leaking _____ radiator?
 If _____ that _____ transmission fluid _____ rad it's necessary to _____ my _____.
 Stop _____ now, _____ of leaking _____?
 I _____ seize _____ see transmission fluid in _____ system.
 After learning _____ the cooling _____ by transmission fluid, _____ driving?
 Should I _____ driving after _____ transmission _____ leaking _____ coolant _____?
 _____ transmission fluid might leak _____ the _____ system _____ to stop _____ vehicle.
 _____ I _____ from operating if _____ leaking transmission fluid?
 _____ I _____ immediately if _____ detect _____ fluid leaking into _____ cooling _____?
 _____ it _____ for _____ to stop _____ my vehicle _____ when _____ find the transmission _____ into _____?
 _____ I stop my _____ immediately _____ I _____ leaking _____ the _____ system?
 Should _____ driving _____ I _____ a leak _____ coolant?
 When discovering transmission _____ entering _____ system _____ radiator must _____ stop _____?
 Should _____ stop _____ vehicle _____ if _____ detect transmission _____ leaking _____ the _____?
 _____ usage should be stopped now _____ trans _____ cooling _____.

____ I ____ driving ____ I find out that the ____ by transmission ____?
 Is it necessary ____ me to stop ____ vehicle immediately ____ transmission ____ in ____ coolant?
 If there ____ evidence of a ____ leak, ____ stop ____?
 ____ need ____ stop ____ immediately if there is ____ fluid ____ the coolant?
 Before things get worse ____ to ____ driving ____ fluid ____ radiator.
 If the ____ shows ____ transmission fluid mixing, ____ driving ____?
 Is it ____ operating my ____ discover that the transmission ____ into the cooling ____?
 ____ I ____ if there is proof that ____ is ____?
 Is ____ for me ____ stop operating ____ vehicle if it becomes ____ through the radiator?
 ____ there's evidence that ____ the rad, ____ it necessary to stop my ____?
 Should ____ vehicle ____ detect transmission ____ leaking into the coolant ____?
 ____ recommend seizing ____ if ____ find transmission fluid ____ the ____.
 Should I stop ____ my ____ when I ____ the transmission ____ into ____?
 If there's ____ is ____ system, is ____ necessary to ____ operating my vehicle?
 ____ I need ____ stop my vehicle ____ transmission fluid ____ the ____?
 ____ my driving ____ stopped ____ I detect ____ into ____ coolant system?
 Is ____ a ____ idea to stop ____ see ____ fluid in the ____?
 stop ____ because ____ transmission ____?
 ____ is ____ operating ____ vehicle ____ the transmission fluid reaches the ____.
 ____ need to stop operating ____ evidence of transmission ____ the ____ system?
 ____ I need ____ stop ____ if I see signs of transmission ____ in ____ system?
 ____ I have ____ stop ____ if ____ signs ____ transmission fluid ____ cooling mechanism?
 Do I need ____ all driving ____ if there is ____ leak of ____ cooling ____?
 ____ it ____ stop ____ vehicle ____ there is ____ of transmission ____ the Coolant?
 ____ finding ____ the cooling mechanism is affected ____ transmission fluid?
 ____ it possible ____ driving after discovering the ____ is affected ____?
 ____ I ____ stop driving after ____ that the ____ affected ____ transmission ____?
 If the radiator ____ signs ____ mixing, should ____ driving?
 ____ there a need ____ if ____ is ____ of transmission fluid in the ____ system?
 ____ I ____ after detecting ____ of transmission ____ entering ____ cooling ____?
 If ____ evidence that ____ transmission ____ rad, ____ it necessary to stop ____ immediately?
 Should I stop ____ a leak in ____?
 ____ I discover that the transmission ____ leaking into ____ cooling ____ operating ____.
 Should ____ driving ____ a sign that tranny ____ the rad?
 ____ I stop driving ____ discover ____ cooling ____ is ____ by transmission ____?
 If ____ is ____ of ____ fluid into the ____ is it ____ driving at once?
 Is leaking ____ fluid into the ____ to stop ____?
 If any ____ points ____ fluid entering ____ rad, ____ you recommend ____?
 ____ don't know ____ I ____ operating ____ vehicle immediately ____ see transmission fluid passing ____ the ____.
 ____ finding transmission lubricant in ____ cooling ____ raditor, ____ stop ____ it?
 Is it ____ me to ____ my ____ if there is evidence of ____ the ____?
 ____ I stop ____ the ____ transmission fluid in the cooling ____?
 Should ____ if ____ indicator ____ tranny ____ entering the rad?
 ____ there ____ of transmission fluid ____ stop driving.
 Should I ____ because ____ of transmission ____ entering ____ cooling ____ through ____ radiator?
 Do I ____ to stop my vehicle ____ if ____ notice ____ fluid ____?
 Should I ____ driving ____ I discover ____ transmission ____ entering ____ mechanism ____ the ____?
 ____ we stop ____ the indicator ____ tranny ____ the rad?
 ____ I stop my ____ I ____ transmission fluid ____ cooling system?
 Is it ____ for ____ to ____ driving at ____ if there ____ transmission ____ leaking ____ the ____?

Shouldn't someone stop _____ see _____ the _____ through the radiator?

Do I have _____ there is _____ transmission fluid is entering _____ cooler?

_____ I stop _____ there _____ of transmission _____ mixing _____ cooling fluid?

If _____ is _____ transmission fluid has reached the rad, _____ I required _____ immediately?

_____ stop driving if I _____ signs _____ entering _____ cooling mechanism?

Should _____ stop _____ after learning _____ the cooling _____ by _____ fluid?

_____ fluid _____ the cooling _____ should _____ stop using my car?

Do I have to _____ my _____ if _____ evidence that _____ transmission fluid _____ a _____?

Should I stop _____ immediately when _____ from the radiator?

If _____ fluid _____ system, must I _____ driving immediately?

_____ leaks into the cooling system _____ have _____ stop my _____.

If _____ of transmission fluid _____ the _____ system, _____ I _____ to _____ operating _____ vehicle right _____?

_____ I _____ car _____ if _____ detect transmission fluid leaking _____ radiator?

_____ I _____ of transmission fluid in the _____ system, _____ I _____ to stop _____?

Is it necessary to _____ operating _____ vehicle immediately _____ there _____ proof _____ fluid _____ the _____?

Should _____ stop driving _____ the _____ fluid _____ cooling mechanism?

_____ system _____ contaminated by leaking transmission fluid _____ driving.

When transmission fluid _____ coolant _____ is _____ stop driving?

_____ it possible that _____ must stop operating my vehicle _____ after _____ that the _____ system?

_____ might have to _____ my _____ because the _____ leak _____ the _____ system.

Stop drive _____ leaking?

_____ I _____ that the _____ mechanism was _____ by _____ fluid, _____ driving?

_____ possible _____ stop _____ my vehicle _____ after _____ that the _____ is _____ the cooling system?

Should I _____ driving immediately after I find that _____ by _____?

Is _____ for _____ to stop driving if _____ transmission _____ into _____ system?

_____ necessary to _____ vehicle if _____ the _____ is going into the cooling system?

Should _____ driving while _____ of transmission _____ the cooling mechanism?

Should I stop _____ I _____ transmission _____ the cooling mechanism?

Should _____ I have a leaking _____?

_____ is evidence that the transmission _____ the rad, _____ I _____ operating _____?

Do _____ have to _____ if _____ is any evidence that the _____ flowing _____ cooler?

_____ there _____ evidence that _____ fluid has reached _____ is _____ necessary to stop _____ my _____?

_____ things get _____ must _____ stop _____ if _____ transmission _____ leaks _____ coolant?

Once _____ shows signs _____ fluid _____ coolant, should I _____ driving?

_____ stop driving _____ of transmission _____ leaking through the _____?

Do _____ need _____ stop _____ vehicle _____ is _____ fluid _____ getting into the cooler?

Do _____ need to stop _____ evidence of transmission fluid _____ cooling _____?

If there is _____ transmission _____ has _____ rad, can _____ operating _____ vehicle?

Should _____ stop driving _____ discover transmission fluid _____ into the _____?

It _____ to stop driving if _____ find _____ of _____ into the _____.

_____ it a _____ idea _____ stop _____ signs of transmission _____ through the _____?

Should I _____ driving due _____ leak _____ the _____?

Should I not drive _____ signs of _____ mixing _____ coolant?

_____ stop my car due to the _____ leaking into _____ system.

Should _____ my vehicle _____ operating if _____ see _____ transmission _____?

If _____ any _____ transmission fluid _____ into _____ cooler, do _____ have to stop _____ car?

If _____ points to _____ fluid entering the rad, _____?

If an _____ points _____ fluid entering the _____ do you _____?

_____ driving _____ it is obvious that the _____ leaking?

_____ now _____ fluid is in the radiator?

____ it a ____ to refrain ____ use when detecting ____ fluids ____ with ____ in ____ radiators?
 Do I need to ____ there ____ evidence of transmission fluid in the ____?
 ____ I need to stop my vehicle if ____ is ____?
 Is it ____ good ____ refrain from further ____ traces of ____ fluids ____ with car's ____ via ____?
 Is ____ okay ____ to stop operating ____ vehicle ____ it becomes apparent ____ transmission fluid is ____?
 ____ any indicator points ____ tranny fluid entering ____ rad, do ____?
 ____ trans fluid ____ cooler via ____ should I ____?
 ____ best to refrain ____ further ____ when ____ fluids ____ the car's coolant?
 I ____ stop operating my ____ immediately ____ discover ____ transmission ____ into ____ system through ____ radiators.
 If there ____ that ____ transmission ____ is entering the cooler, should ____?
 If ____ of ____ fluid ____ coolant, should I ____ immediately?
 ____ I ____ that the cooling ____ is ____ by transmission fluid?
 Is ____ stop my vehicle if ____ is evidence ____ the ____ fluid ____ into ____ cooler?
 ____ discovering ____ in the ____ system ____ one stop ____?
 ____ to stop using the vehicle ____ fluid ____ into ____ cooling ____.
 ____ I ____ signs of transmission ____ in the ____ the ____ should ____ stop ____?
 Need ____ stop ____ because of ____?
 ____ detect ____ fluid in ____ cooling ____ I would ____ driving.
 Should I ____ driving when ____ have ____ in ____?
 ____ there is evidence ____ the transmission ____ reached the rad, ____ necessary ____ stop ____ my ____.
 ____ to ____ my vehicle from ____ if ____ transmission fluid ____ through the ____?
 ____ to stop ____ if transmission ____ gets ____ the radiator system?
 I need to stop ____ because the ____ might ____ into ____ cooling ____.
 Do I ____ stop my ____ there are signs of ____ fluid ____?
 ____ there's ____ that ____ reached the ____ it's necessary to stop operating ____.
 The transmission ____ leak ____ the cooling ____ and ____ to stop my ____.
 ____ the indicator points ____ tranny ____ entering ____ do ____ recommend ____ the ____?
 ____ signs ____ transmission fluid in ____ cooling system, ____ I need to ____?
 ____ my transmission fluid ____ into ____ coolant system, ____ need to ____ now?
 If ____ tranny ____ entering the rad, ____ stop driving immediately?
 Is ____ urgent ____ trans fluid leaks ____ rad?
 Do I need to stop operating ____ transmission fluid ____ the cooling ____?
 ____ if transmission fluid ____?
 ____ it a good idea to stop driving ____ an indicator ____ fluid is ____?
 Should ____ driving because ____ the ____ of ____ fluid leaking ____ the ____?
 ____ the transmission ____ leaks ____ the ____ I ____ to stop driving.
 It ____ when discovering ____ the cooling system via raditor.
 ____ discovering ____ lubricant ____ the ____ system via raditor, ____ one ____?
 ____ it okay ____ to stop operating my ____ if it ____ that the ____ passing ____ radiator?
 Should I stop using ____ leaks into ____ cooling system?
 Should ____ stop ____ if ____ radiator ____ fluid ____ with the cooling fluid?
 ____ it necessary for ____ immediately ____ it ____ evident ____ transmission fluid ____ flowing through the radiator?
 Is ____ important ____ me to stop ____ immediately if ____ a leak ____ the cooling ____?
 ____ transmission fluid enters ____ system ____ stop driving?
 If ____ notice ____ fluid ____ the cooling system, it ____ to ____.
 When ____ is confirmed ____ into the coolant system, ____ I ____ driving?
 Evidence of ____ fluid ____ the cooling ____ the ____ should ____.
 ____ stop ____ I discover there are ____ of ____ fluid in ____ mechanism?
 Should I stop ____ due ____ the ____ Coolant?
 ____ discovering transmission lubricant in the cooling ____ using it?

Should I ____ driving when ____ the ____ mechanism ____ by transmission fluid?
 ____ there ____ fluid has reached ____ rad, I should stop ____ vehicle.
 ____ stop ____ when ____ that the transmission ____ is leaking?
 ____ have ____ stop ____ vehicle if the ____ gets into the ____?
 Do ____ stop ____ my ____ immediately ____ fluid shows up in ____ coolant?
 I might have to ____ my vehicle ____ the transmission ____ leak into the ____.
 ____ transmission ____ in the coolant system a sign ____?
 Is ____ good idea ____ pull over ____ there is ____ transmission ____ in the ____?
 ____ I need ____ stop ____ immediately ____ the transmission ____ shows ____ in ____ coolant?
 Is ____ necessary ____ stop driving when there ____ proof ____ fluid ____ radiator?
 ____ that the transmission fluid is going ____ I ____ to stop my car?
 Is it a ____ stop driving after ____ the ____ is affected ____ fluid?
 Should ____ driving if the ____ shows signs ____?
 ____ stop ____ vehicle ____ I discover that my transmission is ____ into ____ cooling ____?
 Do I have to stop ____ if there is ____ that ____ getting ____ the ____?
 ____ I ____ is evidence of leaking ____ fluid?
 ____ have to stop my vehicle ____ there ____ the transmission ____ getting ____ the cooler?
 ____ to ____ if trans fluid leaks ____ rad?
 If there ____ of coolant system contamination ____ transmission ____ the ____ keep going?
 Should ____ stop ____ after the ____ shows signs ____ fluid ____ with ____ coolant?
 ____ stop my ____ I find evidence that the transmission fluid ____ getting ____ cooler?
 Is ____ to ____ my ____ from ____ if I ____ transmission ____ leaking ____ the ____?
 Is it ____ to ____ operating my vehicle immediately ____ the ____ leaking into the ____?
 Should I ____ at once because ____ leak in ____?
 ____ may be forced ____ using my ____ leaks into the cooling system.
 ____ leaking ____ fluid through the radiator ____ need ____ stop driving?
 Do you think it's a ____ to stop ____ immediately ____ indicator ____ the rad?
 If one ____ transmission lubricant in ____ cooling ____ use?
 If I see ____ fluid in ____ coolant, ____ my vehicle?
 ____ I detect ____ fluid in ____ system, then ____ should ____.
 I ____ have to stop ____ my ____ as ____ fluid may leak ____ cooling ____.
 ____ need to ____ my ____ if there's ____ transmission ____ in the coolant?
 ____ I ____ to ____ car if there's evidence ____ in the cooling ____?
 ____ it ____ that ____ when ____ discover that the ____ is leaking into the cooling system?
 Do you ____ it's a ____ to stop ____ indicates tranny ____ entering the ____?
 ____ I ____ operating ____ car ____ I discover ____ transmission is ____ the cooling ____?
 I ____ stop using my ____ because ____ transmission fluid ____ leak ____ the ____ system.
 Is leaking ____ the ____ sign to ____ driving quickly?
 Should ____ driving when I discover ____ cooling ____ by transmission ____?
 ____ cooling ____ is ____ by ____ fluid, ____ I stop driving?
 ____ to stop ____ my vehicle ____ if ____ are signs of transmission ____ in ____ coolant?
 ____ stop ____ vehicle because the ____ fluid may leak ____ radiator.
 ____ it ____ to ____ vehicle if ____ is evidence of transmission ____ in ____?
 ____ if I find signs of ____ in ____ cooling ____ through ____ radiator?
 ____ things ____ to stop ____ if ____ fluid ____ through the radiators.
 The ____ fluid ____ leak into ____ system which ____ me ____ stop using ____.
 ____ immediately ____ my ____ I ____ the transmission is leaking into the ____?
 ____ to ____ driving if ____ signs of transmission fluid in ____ cooling ____?
 Should ____ stop ____ after discovering ____ of transmission fluid ____?
 ____ have ____ my car because ____ fluid leaking ____ the cooling ____.

I _____ driving if my _____.

_____ there _____ a leak of _____ into _____ cooling _____ I need to _____ at once?

_____ stop driving if _____ signs _____ fluid entering _____ cooling _____ through _____ radiator?

If _____ is _____ into the system, should _____ now?

_____ driving _____ a leaking coolant?

If the _____ fluid _____ I might _____ stop using _____ vehicle immediately.

I am _____ if _____ should stop _____ if _____ see _____ of _____ leaking _____ radiator.

Should I _____ if there's evidence _____ in the _____?

_____ for me to stop _____ if it becomes obvious that transmission fluid is _____?

Car _____ halted now that _____ liquid _____ cooling system.

_____ sense _____ operating my vehicle if there's evidence _____ transmission _____ the cooling _____?

If _____ that _____ transmission _____ has reached the rad, _____ stop _____ immediately?

Should _____ driving _____ if I _____ transmission fluid _____ cooling mechanism?

Should _____ stop driving _____ of transmission _____ in the _____ mechanism?

_____ have _____ stop my vehicle if the _____ the _____ system.

_____ I need _____ car _____ is _____ the transmission fluid is in _____ cooler?

_____ there is _____ that the transmission _____ is in _____ should _____ stop _____?

Should I stop driving _____ of _____ in the _____?

_____ I stop _____ a leak in the _____?

_____ transmission _____ with car's _____ the radiators, _____ one refrain from _____ use?

If there is _____ transmission fluid _____ getting _____ the cooler, do I _____ car?

Is _____ necessary for _____ to stop operating _____ there's _____ of _____ fluid in _____ system?

Is _____ wise to stop _____ the radiator _____ fluid mixing?

Should _____ after I _____ signs _____ transmission fluid entering _____ cooling _____?

Should I _____ driving _____ after _____ detect _____ fluid _____ into _____ system?

_____ is _____ that the transmission _____ has _____ the rad is it _____ operating the _____?

_____ there's proof of transmission _____ should I _____ over?

_____ I cease operating my _____ when _____ the _____ is _____ the _____ system?

Do _____ stop _____ my vehicle _____ if _____ obvious that _____ fluid _____ flowing through the _____?

Need to _____ driving _____ transmission?

Car _____ be halted _____ because _____ enter the _____ system.

_____ need to stop operating my _____ if _____ discover _____ leaking into the _____.

_____ evidence of _____ should I stop my car at once?

_____ my _____ fluid leaks into _____ cooling _____ is it necessary _____?

Should _____ stop _____ if there _____ evidence _____ there _____ transmission _____?

Should _____ after I _____ the _____ mechanism _____ affected by _____ fluid?

_____ I _____ because of _____ leaking coolant?

_____ operating my _____ when I discover _____ transmission _____ leaking _____ the _____ system?

_____ transmission fluid may _____ cooling _____ and _____ will _____ to stop _____ vehicle.

_____ I stop _____ at _____ because of _____ coolant?

Is _____ I must _____ stop driving _____ transmission fluid _____ through _____?

It's urgent _____ stop _____ if trans _____ cooler.

If the transmission _____ leaks into _____ I _____ have to _____.

_____ I have to stop operating my car _____ transmission fluid _____ system?

_____ into the cooling _____ I might have _____ stop _____ vehicle.

_____ I _____ driving _____ discover _____ of transmission fluid entering the _____?

_____ it _____ good _____ to stop _____ if transmission _____ enters _____?

Is it necessary _____ me to _____ operating _____ apparent _____ the transmission _____ through the radiator?

When finding _____ cooling system via _____ should one _____ it?

Should I _____ I _____ of _____ cooling mechanism of the vehicle?

____ Drive now ____ fluid ____ leaking?
 ____ if there ____ leaking transmission ____?
 ____ is evidence that the ____ is ____ coolant, is ____ to ____ my car?
 ____ transmission fluid ____ the ____ system a sign to ____?
 If ____ is ____ of transmission fluid ____ should I ____?
 ____ it ____ to stop all driving ____ once ____ is transmission fluid ____ cooling system?
 Car usage should be ____ because trans liquid _____.
 If ____ evidence ____ transmission ____ has reached ____ I stop operating ____ vehicle?
 If my ____ leaking ____ the cooling ____ do ____ to stop ____?
 Is ____ necessary to stop ____ vehicle ____ there's evidence ____ in the ____?
 If ____ evidence ____ the transmission ____ the rad, does ____ sense ____ stop my vehicle?
 Do I need to stop ____ at the same time ____ a ____ of ____ through ____ system?
 ____ I ____ driving ____ there ____ signs ____ fluid mixing ____ coolant?
 ____ finding transmission ____ in the ____ system ____ must ____ stop ____?
 ____ cooling ____ is ____ by transmission fluid, ____ I stop ____?
 Are ____ supposed to ____ driving ____ transmission ____ is ____ into ____ system?
 ____ is evidence of transmission fluid in ____ cooling ____ stop ____ vehicle ____?
 ____ I ____ my vehicle ____ when I discover ____ transmission ____ the cooling system through the ____?
 Should ____ stop ____ transmission fluid enters ____ system?
 Should I ____ I discover ____ fluid in ____ cooling ____ the car?
 Should I stop ____ immediately ____ detecting ____ from the ____?
 Is ____ to stop operating the ____ there ____ that ____ transmission ____ has ____ the rad?
 Is it ____ good ____ to ____ driving if there are ____ through the ____?
 If ____ shows ____ of ____ fluid mixing with the ____ stop driving ____?
 ____ the cooling system and cause me ____ stop using my ____.
 ____ driving ____ transmission ____ is in the radiator.
 I have to ____ driving before ____ leaks through the ____.
 ____ it possible to stop operating ____ immediately ____ discovering ____ is leaking ____ cooling ____?
 Should I stop ____ my ____ there are ____ of transmission fluid ____?
 must I ____ driving ____ to cooler?
 If there's ____ the transmission fluid ____ reached ____ to stop operating ____ vehicle.
 I ____ to ____ using my ____ to the ____ leaking ____ the cooling ____.
 Before ____ get ____ must ____ driving ____ gets ____ the cooling system?
 I ____ have ____ stop using ____ the ____ fluid leaked ____ the ____ system.
 ____ is ____ operating ____ vehicle if ____ transmission fluid in the coolant.
 ____ the ____ into the ____ system, I will ____ to ____ my ____.
 ____ signs of transmission ____ mixing, should ____ stop driving?
 ____ is ____ transmission fluid ____ cooling system, do ____ to stop operating my vehicle ____?
 Should I ____ driving now ____ mechanism is affected ____ transmission ____?
 If any indicator points ____ entering ____ recommend stopping the ____?
 ____ there ____ leak ____ transmission ____ system, does ____ make sense to stop ____ driving activity?
 Stop ____ if ____ fluid ____ cozy with ____.
 ____ the ____ shows ____ of transmission fluid ____ with ____ should ____ stop driving?
 ____ you ____ stop driving if ____ is any indication ____ fluid ____ the rad?
 ____ transmission ____ into ____ calls for ____ urgent road retreat?
 Should I ____ driving ____ see the transmission ____?
 Should I ____ stop operating ____ vehicle ____ I discover ____ transmission is ____ cooling ____?
 Should I stop driving when ____ is ____?
 If any indicator ____ tranny ____ entering the ____ should ____ driving ____?
 ____ you ____ the cooling system via ____ must ____ stop using?

Do I _____ to _____ operating _____ I _____ transmission _____ in the _____ system?

Should I _____ after learning _____ the _____ mechanism _____ transmission fluid?

After _____ into the Coolant system, _____ important to stop driving.

Should I stop _____ once _____ the _____ is _____ by _____ fluid?

Stop _____ is getting into the radiator.

_____ may _____ to stop using _____ vehicle _____ fluid _____ leak _____ cooling system.

_____ I _____ of transmission _____ mixing with coolant, _____ stop _____?

_____ cease _____ to _____ leak in the coolant?

Should I _____ to _____ in _____?

_____ it _____ good _____ to _____ any indicator _____ to tranny fluid entering _____?

Is it _____ to stop _____ if _____ the radiator system?

When _____ transmission fluids merging with the _____ one _____ from _____?

_____ there's _____ of _____ in the _____ do I need _____ stop _____ car?

_____ if my trans fluid _____?

_____ I stop driving _____ I _____ transmission fluid _____ the _____?

_____ it necessary to _____ the _____ there _____ evidence that _____ fluid is getting _____ the _____?

_____ I stop driving if _____ that _____ transmission fluid _____?

Is it _____ stop driving after _____ mechanism is affected _____ transmission _____?

_____ have to stop _____ vehicle _____ I _____ that _____ transmission _____ is _____ into the cooler?

If there _____ that _____ fluid _____ in _____ is it _____ to stop _____ vehicle?

_____ that the transmission fluid is in _____ fluids, _____ operating _____ vehicle.

_____ could have to stop my vehicle _____ transmission _____ leak _____ system.

Is it _____ good _____ to stop driving _____ discovering _____ fluid _____ mechanism?

_____ I _____ quit driving _____ the _____ is leaking?

_____ I _____ if _____ transmission fluid is _____ into _____ cooling system?

Do _____ recommend stopping _____ immediately _____ see _____ the rad?

Should _____ stop _____ since there _____ leak _____ coolant?

_____ I _____ to _____ at _____ same _____ if there _____ evidence of _____ fluid _____ the cooling system?

If trans fluid leaks _____ I _____ driving.

When detecting _____ merging with _____ cooling system, should _____ use?

_____ there is evidence _____ the _____ is _____ I stop _____?

Should _____ stop _____ transmission fluid is _____ the _____ system?

_____ I _____ to stop operating _____ vehicle immediately if _____ is _____ transmission _____ the coolant?

_____ usage should _____ halted _____ because _____ liquid enters _____.

Do _____ have _____ stop _____ vehicle if _____ is a _____ that the transmission _____ the _____?

Do I have _____ signs of transmission fluid leaking _____ radiator?

_____ there is _____ of transmission _____ cooling _____ does it _____ to _____ stopped at _____?

_____ fluid leaks _____ cooler _____ I stop driving?

_____ stop operating _____ if _____ discover that the _____ is leaking into _____?

Do _____ have _____ if there is evidence _____ transmission _____ in _____ cooler?

_____ I stop _____ my _____ if _____ of _____ fluid in the cooling _____?

I _____ have _____ vehicle because _____ fluid _____ into the cooling system.

_____ trans _____ leaks _____ cooler _____ I stop driving?

The transmission _____ could leak into _____ cause me _____ car.

_____ I need _____ stop _____ driving _____ at _____ there is _____ of _____ fluid _____ cooling system?

_____ transmission fluids entering _____ coolant system, I must _____ driving.

_____ indicator points to tranny _____ entering _____ rad, _____ immediately _____ driving?

_____ there is _____ of transmission _____ in the _____ over?

If there's _____ that _____ transmission fluid has reached _____ rad, _____ to _____ operating _____ immediately?

I need to _____ trans fluid _____ rad.

_____ am wondering _____ I should stop operating my vehicle _____ I _____ leaking into the _____.
 If _____ evidence of the _____ rad, is _____ necessary to _____ operating my _____ immediately?
 If trans fluid _____ to cooler, must _____?
 _____ may be _____ now because _____ liquid _____ the _____ system.
 _____ there's evidence that _____ is in the fluids, _____ I stop _____?
 _____ it necessary for _____ to _____ operating _____ vehicle _____ that the _____ fluid _____ flowing through the _____?
 Should _____ stop driving _____ a tranny _____?
 Is _____ necessary _____ me to _____ operating my vehicle if it becomes clear _____ transmission _____?
 Should _____ driving immediately if _____ detect signs _____ fluid _____ the _____?
 Should I stop _____ if _____ radiators _____ of transmission _____?
 I may _____ stop using _____ vehicle _____ into the cooling system.
 _____ drive if _____ coolant system is contaminated _____ leaking _____.
 _____ I stop driving after _____ that _____ affected by transmission _____?
 I _____ operating my vehicle _____ if _____ discover _____ the transmission is _____ system _____ the radiators.
 Do I need _____ stop my vehicle from _____ see _____?
 Is it possible to _____ operating my vehicle _____ discovering _____ the _____ leaking _____ cooling _____?
 _____ may need _____ vehicle _____ the _____ fluid leaks into _____ cooling _____.
 _____ I _____ in _____ coolant, should I stop _____ from running?
 Do I need _____ stop _____ if I _____ fluid _____ coolant?
 _____ gets worse, _____ I stop _____ if _____ fluid leaks through _____?
 Do _____ need to _____ it _____ apparent that transmission fluid is _____ through the _____?
 Is _____ to _____ when transmission fluid _____ the radiator?
 _____ stop _____ immediately following _____ discovery _____ transmission _____ in the cooling _____?
 _____ detecting traces _____ transmission fluids _____ the _____ coolant via the _____ stop further _____?
 _____ may have to _____ the transmission _____ leak into the cooling system.
 Do I _____ driving if my transmission _____ into _____ system?
 Should _____ stop _____ if my transmission _____ is leaking _____?
 _____ transmission _____ leaks _____ the coolant, must _____ driving immediately?
 _____ now if _____ leaking _____ fluid.
 It is _____ if I _____ transmission fluid in _____ cooling _____.
 _____ I _____ driving _____ learning that the _____ is impacted _____ transmission _____?
 Is it _____ driving immediately after _____ the _____ is affected by _____?
 _____ I have to _____ vehicle _____ if I discover the transmission _____ into the _____?
 _____ I _____ driving whenever _____ radiator _____ fluid mixing with _____ coolant?
 When _____ discover transmission _____ cooling system via _____ must _____ stop using _____?
 If _____ that the _____ mechanism _____ affected _____ transmission fluid _____ I _____?
 Should _____ driving _____ find out the _____ mechanism _____ by _____ fluid?
 When _____ lubricant _____ the _____ system, must _____ use?
 Car usage should _____ because _____ liquid _____ enter _____ cooling _____.
 _____ is evidence that the _____ is in _____ coolant, is it _____ stop the _____?
 _____ I _____ if _____ are _____ of _____ fluid mixing with _____ liquid?
 If _____ fluid leaking _____ the _____ should _____ stop my car?
 _____ want to _____ I should _____ operating my vehicle _____ discover the _____ into _____ cooling system.
 _____ there _____ transmission fluid in the cooling system, should I _____?
 _____ vehicle _____ have _____ be _____ if _____ transmission _____ into the _____ system.
 Is it advisable _____ refrain from _____ use _____ traces _____ with a car's _____?
 I _____ have _____ using my car _____ transmission fluid _____ the _____ system.
 If there _____ a _____ of transmission fluid _____ the cooling _____ is it _____ I _____?
 _____ need _____ driving activity _____ once if there _____ transmission fluid leaking into _____ system?
 If there _____ a _____ transmission fluid _____ radiator, _____ I stop _____?

_____ possible _____ operating _____ vehicle immediately after I _____ is leaking into the cooling system?

Should _____ after _____ transmission fluid _____ into the coolant system?

_____ I need _____ stop my vehicle from _____ if _____ see transmission _____?

_____ I _____ using _____ vehicle _____ is a leak in _____ fluid?

Stop _____ usage now _____ liquid is _____ the _____.

_____ there _____ proof of transmission fluids entering _____ I _____ to _____ my _____.

If _____ fluid _____ must I stop _____?

_____ the indicator _____ tranny _____ the _____ should we stop _____?

_____ trans _____ cooler, must I immediately _____ driving?

_____ driving since _____ cooling mechanism _____ affected _____ transmission fluid?

If there _____ of transmission _____ in _____ is _____ necessary to stop _____ vehicle _____?

Do I need to _____ there _____ evidence of _____ in the _____?

_____ I _____ vehicle from running _____ I _____ fluid leaking?

Do _____ need to _____ car immediately if _____ is _____ fluid in the _____?

_____ don't _____ I should _____ my _____ immediately _____ I discover the _____ is leaking _____ the _____ system.

_____ I _____ driving immediately after finding _____ the cooling mechanism through _____?

Should I stop operating _____ immediately _____ I _____ that _____ transmission _____ cooling system?

Stop _____ Transmission fluid _____ in _____.

_____ I _____ car _____ I detect transmission _____ leaking _____ cooling system?

_____ me _____ operating _____ vehicle immediately if there _____ signs of transmission _____ the coolant?

If you discover transmission _____ in _____ via _____ using it?

If there _____ the transmission _____ has reached the rad _____ stop operating my _____?

Is it _____ me to _____ operating my _____ immediately _____ is evidence _____ transmission fluid in _____?

Should I pull _____ there is proof _____ is in _____?

Should I stop driving _____ after _____ of transmission fluid _____ cooling _____?

I may have _____ using _____ away because _____ transmission _____ could _____ into _____ cooling system.

Should I stop driving _____ of transmission fluid entering _____?

Is it necessary for _____ to _____ driving _____ proof _____ fluid _____ cooling _____?

_____ I _____ stop _____ vehicle _____ operating if I _____ leaking _____ the radiators?

I _____ leak _____ my coolant, _____ I stop _____?

If there is _____ transmission fluid seepage into _____ coolant system, is _____?

Need to _____ is a transmission _____?

If there _____ by transmission _____ the _____ should we stop?

_____ there is evidence _____ transmission _____ going _____ coolant system, do I _____ to stop _____?

Should _____ driving _____ seeing _____ the _____ mechanism is _____ by transmission _____?

_____ the transmission _____ is getting _____ the _____ I _____ stop my _____?

Do I _____ to stop _____ from _____ if _____ transmission _____ the coolant?

_____ you discover transmission _____ the _____ via raditor, must _____ using _____?

_____ I stop _____ the leaking _____?

_____ is _____ proof of _____ fluids _____ the coolant system, I have _____.

If _____ the cooling _____ raditor, must _____ stop using it?

Do you _____ immediately _____ indicator shows tranny fluid entering _____?

If _____ fluid _____ via rad I _____ stop driving _____.

Is it necessary _____ to stop _____ my vehicle _____ becomes apparent that _____ is passing _____?

_____ it possible that I must stop _____ I _____ that the _____ leaking _____ cooling system?

Should I _____ immediately after _____ fluid entering the cooling _____?

_____ find _____ fluid _____ the _____ system it is advisable to _____.

If _____ evidence _____ the _____ fluid has reached _____ rad, _____ stop _____ car?

Should I _____ see signs of _____ fluid _____ cooling mechanism?

_____ transmission _____ leaked _____ the _____ system, _____ would have to _____ using _____ vehicle.

____ I need to stop all ____ activity at ____ there ____ a ____ transmission ____ the ____ system?
 ____ it necessary ____ operating my ____ immediately ____ is evidence that ____ fluid has ____ rad?
 ____ there is any evidence ____ the ____ flowing ____ the cooler, do I ____ to ____ ?
 If ____ evidence of ____ fluid in the ____ system, ____ I need ____ my ____ at ____ ?
 Do I need ____ driving ____ fluid is ____ my cooling ____ ?
 ____ I ____ signs ____ fluid in the cooling ____ through the radiator?
 ____ if I ____ stop ____ my ____ it ____ apparent that transmission fluid ____ passing ____ the radiator.
 Immediate ____ due to contaminated ____ ?
 ____ need to ____ driving if ____ fluid ____ via rad.
 ____ might ____ my vehicle because the transmission ____ leak ____ cooling system.
 Should I ____ if there's evidence ____ fluid ____ into the cooling ____ ?
 ____ need ____ before ____ get worse ____ fluid leaks into the cooling ____ .
 When ____ is ____ of ____ fluid ____ the ____ should ____ stop driving?
 Do I ____ to stop ____ because ____ fluid ____ ?
 Do I ____ driving ____ since my ____ is leaking ____ system?
 If ____ of transmission ____ the ____ system, do I have ____ vehicle?
 If ____ indicator ____ towards tranny ____ entering ____ should I ____ ?
 ____ necessary ____ me to stop ____ my vehicle ____ it is obvious that ____ flowing ____ radiator?
 ____ there is ____ the transmission fluid has reached the ____ stop ____ vehicle.
 If ____ is ____ that ____ fluid ____ the ____ is it necessary to ____ vehicle?
 ____ a leaking ____ fluids enters the ____ the car ____ once.
 Should ____ my ____ when I detect ____ leaking ____ the ____ system?
 If there is evidence ____ fluid getting ____ the ____ stop ____ vehicle?
 ____ I have to stop ____ car ____ I ____ see that the ____ fluid ____ the ____ ?
 ____ discovering transmission lubricant ____ via radiator, ____ stop using?
 Should ____ stop ____ there are signs ____ fluid ____ with the ____ ?
 ____ I ____ stop operating ____ vehicle ____ is transmission fluid ____ the Coolant?
 ____ need ____ driving if ____ fluid ____ into the cooling ____ .
 ____ leaks to cooler ____ I have to ____ driving.
 ____ is a ____ transmission fluid?
 I may ____ to stop ____ fluid ____ leak ____ cooling system.
 Stop ____ fluid ____ the radiator.
 ____ I stop driving ____ the ____ ?
 If ____ that the ____ fluid ____ in ____ fluids, ____ I ____ my ____ ?
 I have ____ stop ____ if ____ fluid ____ to ____ .
 Do ____ to ____ my vehicle if ____ is ____ evidence that the ____ going into the ____ ?
 ____ stop ____ when ____ spot ____ of transmission fluid ____ cooling mechanism?
 Do you recommend stopping driving if ____ fluid entering ____ ?
 ____ need ____ using my ____ because ____ may leak ____ the radiator.
 I need ____ stop driving ____ fluid leaks ____ cooler ____ .
 The ____ fluid could ____ the cooling ____ have ____ stop ____ my vehicle immediately.
 ____ find ____ of transmission ____ cooling ____ should ____ stop driving immediately?
 Stop if ____ leaking?
 Should ____ driving ____ can see that ____ transmission fluid ____ ?
 ____ driving as a result ____ the leak ____ the ____ ?
 ____ driving ____ because ____ fluid ____ in ____ radiators.
 ____ finding evidence ____ fluids leaking into ____ system, ____ think ____ is ____ stop driving.
 Is ____ stop operating ____ immediately ____ there are signs ____ transmission fluid in ____ ?
 ____ have to ____ my ____ there is evidence ____ transmission fluid in ____ ?
 ____ must stop ____ vehicle when ____ discover that the ____ is ____ system.

____ it a ____ to ____ because ____ transmission fluid ____ through the radiators?
 Is ____ for me ____ my ____ if it ____ apparent ____ the transmission fluid is ____ the radiators?
 ____ I need ____ vehicle ____ if I ____ fluid leaking ____ the radiator?
 Should I ____ tranny fluid leaking ____ the coolant?
 ____ I stop ____ immediately after ____ fluid leaking ____ the coolant ____?
 When I discover that the ____ leaking ____ cooling ____ driving ____ vehicle?
 Is it ____ immediately ____ leaks into the cooling system?
 Should I ____ driving ____ that ____ fluid ____ in the ____ mechanism?
 If I ____ in ____ cooling mechanism, should I ____ driving?
 If the ____ to cooler ____ I stop driving?
 ____ I need ____ now if ____ transmission fluid is ____?
 ____ I stop ____ if ____ the transmission fluid ____ the cooling ____?
 If ____ is ____ that the transmission ____ should ____ stop my vehicle?
 If there ____ proof ____ the ____ fluid has ____ the ____ is ____ stop ____ my vehicle?
 If ____ leaking ____ fluid ____ the ____ system, ____ car ____ be ____ at ____.
 ____ I ____ to stop my vehicle from ____ I see ____ coolant?
 ____ leaking ____ in the ____ system a sign to ____?
 Stop driving ____ is ____?
 Do I ____ to stop operating ____ car immediately ____ transmission ____ in the ____?
 ____ shows tranny fluid entering ____ should ____ stop driving?
 ____ I need to ____ is proof that the transmission ____ is ____ cooler?
 ____ have ____ stop ____ the ____ if ____ transmission ____ into the cooling system.
 ____ transmission lubricant in ____ cooling ____ raditor, must ____ using it ____?
 ____ there ____ evidence ____ the transmission ____ is ____ the ____ do I ____ to stop ____ vehicle?
 ____ stop driving ____ I find signs ____ fluid ____ cooling mechanism?
 Do I need ____ stop my car if ____?
 ____ I stop ____ soon ____ there are ____ transmission ____ mixing ____ coolant?
 ____ I ____ stop my car ____ running if I ____ transmission ____?
 Is it necessary ____ me ____ my ____ there's evidence of transmission ____ in the ____?
 It ____ to stop ____ finding ____ of ____ fluids leaking into the ____
 The ____ could leak ____ system ____ have to stop using the ____.
 If ____ transmission ____ leaks ____ radiator, must ____ stop ____ immediately?
 ____ driving if ____ points ____ tranny fluid entering ____ rad?
 Should ____ stop ____ evidence of transmission fluid ____ through ____ radiator?
 Is ____ necessary ____ my vehicle immediately if ____ transmission ____ the ____?
 ____ may ____ stop using my vehicle ____ transmission ____ may ____ into the cooling system.
 ____ it necessary for me to ____ is proof of ____ fluid in ____ coolant ____?
 Should I ____ driving at once ____ the ____?
 ____ the ____ fluid ____ into ____ cooling system, I ____ have ____ using ____ car.
 ____ evidence of transmission fluid ____ the ____ system, ____ my vehicle ____ once?
 ____ might have ____ stop ____ if the transmission fluid leaks into ____.
 ____ there ____ of ____ fluid ____ into the coolant ____ should I ____?
 ____ time for ____ to ____ transmission fluid leaks through ____.
 ____ fluid might leak into the cooling ____ using the vehicle.
 ____ finding transmission lubricant ____ cooling ____ raditor, must ____ use?
 ____ to ____ operating my vehicle immediately ____ there's ____ of ____ the coolant?
 ____ there is proof that ____ transmission ____ the fluids, ____ I ____ vehicle?
 ____ you think it's a good ____ if the ____ points ____ tranny fluid ____ the ____?
 Is ____ a good ____ to stop ____ when ____ the coolant ____?
 If ____ evidence ____ transmission ____ is ____ the ____ system, ____ it necessary to ____ my ____ immediately?

Do I _____ my _____ from operating if there _____ transmission _____ coolant?
 _____ transmission _____ a cooling _____ must one stop using it?

If _____ is evidence that the _____ rad, _____ it necessary _____ stop operating my _____?

Since the cooling _____ transmission fluid, _____ stop driving?

_____ detecting transmission fluids merging _____ car's _____ should one stop _____?
 _____ you _____ it's necessary _____ stop driving _____ fluid enters _____?

If an indicator points _____ the _____ recommend _____ the car?

If there is _____ in the _____ necessary to _____ operating my vehicle?
 _____ is _____ the transmission fluid is coming _____ cooler, _____ I _____ vehicle?

Should I stop _____ the _____ leaking _____ the cooling system?
 _____ might have _____ stop using _____ immediately if _____ transmission _____ leaks _____ the _____.
 _____ stop driving _____ to _____ of coolant?
 _____ stop _____ if the transmission fluid _____ leaking?
 _____ evidence _____ the transmission _____ is in the _____ I _____ stop _____ my _____.
 _____ things get worse, must _____ if _____ gets into the _____ system?

Do I _____ my vehicle if _____ transmission fluid _____ into _____?

Should I stop driving _____ fluid in the _____?

_____ I need _____ stop _____ vehicle _____ transmission _____ show up in the coolant?

Do _____ think it's a _____ idea to _____ driving _____ tranny _____ rad?
 _____ may be affected by _____ so _____ I stop _____ immediately?

If _____ leaks to cooler _____ must _____ stop _____?

Should _____ stop driving immediately _____ transmission _____ leaking _____ the _____?

If _____ discover _____ fluid _____ the cooling mechanism, _____ I stop _____?

Should _____ driving _____ I discover _____ cooling mechanism is _____ by _____ fluid?
 _____ is _____ the transmission fluid _____ the _____ I _____ stop operating my _____.

If there _____ evidence that _____ fluid _____ going _____ coolant system, _____ stop my _____?
 _____ I see _____ fluid in _____ I need to _____ vehicle?
 _____ there _____ any evidence that _____ fluid _____ going into the _____ do I need _____ stop _____?

Is _____ necessary for _____ stop operating my _____ immediately if _____ obvious _____ fluid _____ through _____ radiator?

_____ my transmission fluid is _____ radiator, should I _____?

Is _____ necessary to _____ operating my _____ there _____ signs of transmission _____ cooling _____?

Should _____ stop _____ uncover _____ of transmission fluid in _____ cooling _____?
 _____ need _____ stop driving since _____ transmission fluid _____?

If there _____ that _____ transmission _____ is going into _____ should I _____?

Do I have to _____ is evidence that _____ is getting into the _____?

Should I stop _____ as I discover _____ transmission fluid in _____?

_____ important for _____ stop driving _____ is _____ of transmission fluid through the _____ system?
 _____ there _____ that the transmission fluid _____ rad, _____ necessary _____ to stop my vehicle?

I want to _____ if I _____ to stop _____ my _____ if _____ becomes _____ flowing through the _____.

Should I stop _____ when I find transmission fluid _____?

I may _____ to _____ my _____ because _____ fluid _____ into the cooling system.
 _____ I _____ stop my _____ from _____ if I _____ transmission _____ in _____ coolant?

If _____ fluid _____ to _____ rad, _____ stop driving?

_____ there is evidence _____ fluid _____ the cooling _____ I stop _____ vehicle at _____?
 _____ now because _____ leaking _____ fluid
 _____ finding transmission lubricant _____ cooling _____ raditor, _____ stop use without _____?
 _____ see _____ of _____ the cooling mechanism, should I _____ driving _____?

I must _____ using _____ vehicle if _____ transmission _____ into _____ cooling _____.

If there _____ fluid _____ in _____ coolant, _____ it necessary to _____ operating my vehicle _____?

If there's evidence _____ in _____ cooling system, _____ stop driving?

If ____ discover ____ transmission fluid in the cooling mechanism, ____?

The ____ fluid ____ into ____ and I would have to ____ using ____ immediately.

____ idea to ____ using ____ when detecting traces ____ transmission fluids merging with car's coolant ____?

Do ____ stop ____ my ____ immediately if there are ____ fluid in the cooling ____?

Evidence ____ fluid in the ____ unit ____ should stop.

Do ____ my car ____ is ____ evidence that the transmission ____ is ____ into ____ cooler?

____ it necessary ____ me to ____ operating my vehicle ____ it ____ apparent ____ transmission ____ flowing through ____?

Should I ____ if I ____ transmission ____ leaking from ____ radiator?

When transmission ____ into ____ stop using my vehicle?

____ advisable ____ I ____ transmission ____ in the cooling system.

____ wondering ____ I should ____ driving after ____ that ____ cooling mechanism ____ transmission fluid.

____ there is ____ evidence ____ is getting into the ____ should I ____ my ____?

____ fluid ____ cooler ____ I must stop driving immediately.

Should I ____ because of ____ leak ____ coolant?

____ get worse, must ____ stop driving ____ if transmission ____ leaks ____?

____ there's ____ the transmission ____ the ____ I stop my vehicle immediately?

____ usage should ____ because trans liquid is ____ the ____.

Should ____ stop ____ fluid is ____ the radiator ____?

If I ____ fluid in the ____ it is advisable ____.

____ an ____ towards ____ fluid entering the ____ stop driving?

____ I stop driving ____ see ____ fluid leaking into ____?

____ I ____ to quit ____ my ____ fluid ____ leaking?

____ I ____ to stop operating ____ if ____ becomes ____ transmission fluid is passing ____ Radiator? "

____ need to ____ vehicle from ____ can see transmission ____ the coolant?

If the cooling ____ to be ____ transmission fluid, ____ it ____ all ____ activity ____ once?

____ I ____ driving when ____ see signs ____ transmission ____ in ____ of ____ car?

If ____ transmission ____ in the coolant, is ____ to ____ my ____ immediately?

When there ____ confirmation ____ the coolant ____ must ____ stop driving?

____ to stop ____ if ____ see evidence that the ____ fluid is getting into ____?

Is ____ necessary ____ driving ____ there is ____ fluid ____ the cooling ____?

Is ____ when transmission ____ gets into ____ coolant system?

If one discovers transmission ____ in ____ via raditor, ____ using ____?

I ____ cease driving ____ trans ____ leaks.

If ____ find evidence ____ transmission ____ in the ____ I ____ to ____ operating my ____?

Should ____ stop ____ vehicle ____ after discovering the transmission ____ into the ____?

Is leaking ____ fluid in ____ a sign to ____?

Is it necessary for me ____ operating ____ car immediately ____ apparent that ____ flowing through ____?

Need ____ quit ____ if ____?

If ____ discovers ____ in the ____ system ____ raditor, must ____ using ____ immediately?

____ I ____ operating ____ if I discover that ____ is leaking ____ the cooling system through ____?

Is ____ a ____ idea to stop ____ transmission ____ leaks into ____?

Should ____ driving ____ learning ____ the cooling ____ is ____ by transmission fluid?

Should ____ driving ____ of ____ of ____ the cooling mechanism?

Stop ____ to leaking transmission ____?

Is ____ necessary ____ stop all ____ if the cooling ____ seems to be ____ fluid?

Is it ____ to stop operating my ____ evidence of ____ cooling system?

____ evidence of ____ leaking ____ system, ____ think it's important to stop ____.

Do ____ a good idea to stop ____ if an ____ shows ____ rad?

____ I discover ____ is ____ the cooling system through the radiators, ____ I ____ operating ____ vehicle ____?

Is it ____ operating ____ vehicle ____ there's evidence ____ fluid in the ____?

____ I have ____ my car ____ see ____ the transmission fluid is ____ the ____?
 If there is ____ transmission fluid is ____ the coolant, ____ it ____ stop operating ____?
 Should ____ driving if ____ into the radiator?
 I ____ to stop driving ____ fluid ____.
 ____ evidence ____ transmission ____ into the ____ system, it ____ to stop driving.
 ____ stop operating my vehicle ____ there ____ of transmission ____ in ____ cooling ____?
 If ____ is ____ of ____ fluid into the ____ it ____ to ____ all ____ activity at ____?
 ____ recommend stopping driving if ____ is any ____ tranny ____ entering the ____?
 Do ____ to stop operating my ____ immediately ____ transmission is ____ into the cooling ____?
 ____ may ____ stop using my ____ right ____ because of ____ transmission fluid ____ the ____ system.
 ____ lubricant in ____ system via radiator, must ____ stop use?
 ____ if transmission fluid ____?
 ____ have to ____ using my ____ the transmission ____ the cooling system.
 ____ I ____ driving if there is evidence ____ transmission fluid ____?
 ____ fluid ____ into the ____ system and I will ____ to stop ____.
 When there ____ evidence ____ leaking into ____ cooling system, must ____ immediately?
 ____ drive ____ is a leaking ____.
 ____ need ____ using ____ vehicle because of the ____ from ____ Radiator.
 If ____ evidence that the transmission ____ has ____ should I ____ operating ____ vehicle ____?
 ____ signs ____ transmission fluid ____ with the ____ should I stop ____?
 ____ stop operating ____ if there ____ transmission fluid leaking into ____ system?
 Is it important ____ I stop ____ once if there ____ leak ____ fluid ____ system?
 Should ____ stop ____ after ____ signs of ____ fluid ____ into the ____ mechanism?
 ____ have to stop my vehicle ____ transmission ____ the ____ system.
 ____ there is any ____ that ____ transmission ____ cooler, ____ I stop my vehicle?
 Should I stop ____ I learn the ____ is affected ____?
 ____ I stop Driving if ____ leaking?
 ____ there's ____ fluid ____ the cooling ____ I ____ my vehicle immediately?
 Is stopping ____ necessary when transmission fluid ____?
 ____ I stop ____ immediately after discovering ____ is ____ transmission fluid?
 Should ____ driving ____ the radiator ____ of transmission fluid mixing ____?
 ____ I have ____ is proof that the ____ fluid ____ going into the ____ system?
 Do ____ quit driving ____ my transmission ____ is ____ the system?
 ____ driving if ____ signs of ____ in the cooling system?
 ____ I need ____ stop ____ immediately ____ I discover ____ transmission is ____ into ____ cooling system?
 If the ____ to be leaking transmission ____ is ____ necessary ____ all driving ____ at ____?
 Should I ____ after I discovered ____ cooling mechanism ____ affected ____?
 ____ trans fluid ____ to ____ via ____ I ____ immediately ____ driving.
 When ____ fluids merging with ____ from further use?
 Should I ____ are ____ transmission ____ the cooling mechanism ____ the radiator?
 Do ____ have to stop ____ my ____ when I ____ transmission is leaking ____ the ____?
 ____ leaks into the cooling system I ____ have ____ the ____.
 ____ the coolant ____ is contaminated ____ transmission ____ then ____ driving.
 The transmission ____ into ____ cooling ____ and ____ to ____ my vehicle.
 Should I stop ____ are ____ of ____ fluid leaking through ____?
 ____ I ____ stop driving ____ fluid ____ through the ____?
 If there ____ evidence ____ transmission ____ leaking ____ I stop operating ____ car?
 I might ____ using ____ vehicle right away ____ the ____ fluid ____ the cooling system.
 I ____ stop ____ vehicle as the transmission fluid can ____ into ____.
 ____ necessary to stop ____ my vehicle if the ____ reaches ____?

____ might ____ to stop ____ if ____ transmission ____ into ____ cooling system.
 ____ transmission ____ the cooling ____ via radiator must one stop ____?
 If ____ transmission ____ leaks ____ system, I could ____ stop using my ____.
 ____ is necessary to ____ my vehicle ____ there is evidence ____ the ____ the radiator
 If the transmission ____ leaks ____ the ____ driving?
 If ____ cooling mechanism is ____ by transmission ____ should ____ driving?
 If ____ signs ____ fluid mixing ____ coolant, should I ____ driving ____?
 ____ I ____ to ____ my ____ immediately if it becomes ____ transmission ____ flowing through ____ radiators?
 ____ need ____ driving if trans fluid ____ to ____
 Is it ____ good idea ____ using ____ when ____ gets ____ the coolant?
 ____ it ____ idea ____ stop using further when ____ fluids ____ car's coolant ____ the radiators?
 Do ____ need ____ operating ____ vehicle ____ evidence of transmission ____ entering the cooling ____?
 ____ it ____ sense ____ driving ____ transmission ____ enters ____ cooling system?
 Should ____ stop ____ see ____ transmission fluid leaking?
 Do ____ stop ____ vehicle ____ operating if ____ see a ____ the coolant?
 Stop ____ if ____ fluid ____?
 If ____ evidence ____ in ____ fluids, should I stop ____ the vehicle?
 ____ there ____ evidence of ____ transmission fluid ____ stop ____ car?
 ____ stop ____ if the ____ is leaking.
 Before ____ get worse, ____ need to ____ driving ____ transmission fluid ____ cooling ____.
 I want ____ stop ____ if trans ____ leaks ____.
 ____ idea ____ operating my vehicle immediately when I ____ is ____ into the cooling system?
 Do ____ to stop driving ____ my transmission ____?
 ____ get ____ if the transmission fluid leaks into ____ radiator?
 ____ to stop ____ vehicle ____ if I notice ____ the cooling system?
 ____ one ____ from ____ use ____ detecting transmission fluids merging ____ car's ____?
 Do ____ stop ____ immediately if ____ are ____ of ____ fluid in the radiator?
 If ____ any evidence that the ____ fluid is going ____ coolant system, should ____?
 Do I ____ my vehicle immediately ____ becomes apparent ____ is passing through the ____ system?
 If ____ is a leak of ____ fluid into the ____ is ____ that ____ stop ____?
 If I detect ____ fluid ____ the cooling ____ it is ____.
 ____ wonder if I should ____ my ____ immediately after I ____ leaking into ____ system.
 If ____ evidence of transmission ____ in the ____ to ____ operating my ____?
 ____ there ____ of transmission fluids ____ system, I must stop ____ driving.
 Is ____ to ____ operating my car immediately ____ I discover that ____ transmission is ____ into ____?
 ____ transmission fluid leaks ____ the ____ I ____ stop using ____ vehicle.
 Should ____ stop ____ to a ____?
 Should I ____ driving ____ I know ____ is ____ transmission fluid?
 ____ should stop ____ because ____ enters ____ cooling system.
 ____ I ____ to stop ____ there are signs of ____ fluid ____ coolant?
 Car usage should ____ because ____ gets ____ cooling system.
 ____ the ____ signs ____ transmission ____ the coolant, ____ I quit driving?
 ____ stop my ____ if the ____ fluid leaks ____ the ____ system.
 The ____ may leak ____ and I ____ to stop my car.
 ____ necessary to stop operating ____ immediately if ____ of ____ fluid in the ____?
 ____ I ____ to ____ driving if trans fluid ____?
 ____ I stop ____ finding ____ mechanism is ____ by ____ fluid?
 ____ I ____ driving after observing signs of ____ fluid ____?
 ____ evidence of transmission fluids ____ system, ____ think ____ is crucial to ____ driving.
 ____ there's ____ that ____ transmission fluid ____ the ____ is ____ operating my vehicle?

_____ need to _____ I _____ of transmission fluid entering the cooling _____?

Do I need to stop _____ leaking?

I might _____ stop _____ my vehicle _____ transmission fluid may _____ the cooling _____.

Should I _____ my _____ transmission fluid leaking _____ Coolant system?

Should _____ driving _____ I _____ a transmission _____ leak?

When _____ conclusive proof of _____ entering the _____ I must _____ drive.

_____ it _____ to stop _____ vehicle _____ there is _____ that the _____ fluid _____ reached the _____?

Stop driving _____ leaking?

Do I _____ to _____ vehicle from working _____ I _____ the radiator?

_____ I stop driving immediately _____ I _____ fluid _____ the cooling _____?

_____ instantly _____ transmission _____ gets _____ with coolant.

_____ I _____ driving immediately after _____ the cooling _____ is _____ by transmission _____?

When _____ sees _____ into _____ cooling system _____ should they stop _____?

If there _____ proof that _____ transmission fluid _____ fluids, _____ stop _____ vehicle?

Stop _____ instantly, when _____ fluid _____ with _____ coolant?

It's _____ for _____ stop _____ transmission fluid leaks _____ the _____ system.

I _____ have to stop _____ vehicle because the _____ into _____ cooling _____.

If _____ transmission _____ into _____ cooling _____ do _____ need to _____ driving?

_____ my _____ immediately when I _____ transmission fluid leaking _____ the _____?

_____ there _____ that the _____ fluid is _____ the _____ do _____ have to _____ my vehicle?

If _____ is _____ in the _____ is it _____ operating my vehicle?

When there _____ confirmed _____ transmission _____ into _____ system, should _____ driving immediately?

_____ evidence of transmission fluid in _____ system, do I _____ to _____?

Can _____ or _____ I _____ signs _____ transmission fluid leaking _____ the radiator?

When there is _____ fluids entering the _____ I _____ driving.

_____ fluid leaks _____ cooler via rad, _____ stop?

Should _____ driving _____ of the tranny _____ in?

Should _____ driving after _____ the cooling _____ is _____ fluid?

When you discover _____ lubrication _____ via _____ must _____ stop using _____?

_____ you _____ if _____ points _____ tranny fluid entering the rad?

It's _____ to seize driving _____ transmission fluid _____ the _____.

If the _____ rad, is it necessary to _____ operating _____ immediately?

must I _____ if _____ fluid leaks to _____?

If trans fluid leaks _____ rad I _____.

Should _____ driving because _____ a _____ in _____ coolant?

Is it _____ good _____ driving _____ transmission _____ leaks through _____ radiator?

Should _____ stop driving _____ finding signs _____ getting _____ the cooling _____?

When _____ discover _____ transmission _____ into _____ through the radiators, must I stop _____ my _____?

I need _____ stop using my _____ transmission fluid may _____.

_____ a good _____ further use when detecting the _____ fluids _____ the car's coolant?

Should I _____ driving _____ there are _____ transmission fluid _____ the _____?

If _____ transmission _____ in _____ should I _____ over immediately?

I need _____ stop _____ leaks?

Should _____ due to _____ leaking in the _____?

_____ the _____ is leaking _____ cooling _____ through _____ radiators, must _____ stop driving?

Is _____ necessary to _____ operating _____ there is _____ the _____ has reached the rad?

_____ it possible that _____ should _____ operating my vehicle _____ I _____ the transmission is _____ into _____?

Should I stop _____ I detect transmission fluid _____ Coolant _____?

_____ I have to stop my _____ there is _____ is getting into _____?

_____ I stop driving because _____ leaks in _____?

Do I _____ I _____ the _____ mechanism is _____ by _____ fluid?

Is it _____ stop operating my _____ the _____ fluid is passing through the _____?

Do I _____ to _____ car if there is evidence _____ fluid _____ the cooler?

_____ fluid can _____ into the cooling _____ have to stop _____ vehicle.

I _____ need to _____ vehicle _____ it becomes apparent that _____ fluid is passing _____ the radiator.

Should _____ stop driving if _____ see signs _____ fluid entering the _____?

Is it _____ to stop operating _____ if _____ is _____ the _____ fluid _____ in _____ coolant?

_____ stop driving _____ I see transmission fluid _____ the cooling _____?

_____ discover transmission _____ entering _____ cooling system _____ stop using it?

_____ there _____ evidence that the _____ fluid _____ it possible to stop _____ vehicle immediately?

_____ it _____ to stop operating _____ vehicle _____ I _____ the _____ leaking _____ the cooling _____?

_____ there is evidence _____ the transmission fluid is in _____ to _____ operating _____.

Is it advisable _____ refrain _____ use _____ of transmission fluids _____ car's coolant _____ radiators?

_____ things get _____ to stop driving _____ transmission fluid leaks _____ the _____.

If the _____ has _____ rad, is it necessary _____ operating my _____?

_____ stop driving when they _____ in the cooling _____ radiator?

If _____ transmission lubricant _____ the _____ raditor, must _____ stop using _____?

You should _____ driving _____ the _____ fluid is _____ the _____.

Do _____ vehicle from operating if I see transmission fluid _____?

Do _____ to stop operating my _____ if there _____ evidence _____ transmission _____ in _____?

_____ there _____ evidence of transmission fluid _____ cooling system, _____ to stop _____ vehicle at _____?

_____ my drive _____ I detect transmission fluid leaking _____ the _____?

_____ driving _____ if there is _____ of transmission fluid leaking _____ radiator?

If _____ evidence of _____ fluid leaking into _____ I _____ operating my _____?

Is it urgent to _____ driving _____ to _____ via _____?

Should I _____ immediately _____ of transmission fluid in _____ of the _____?

Do I _____ to _____ car from _____ if _____ fluid in the _____?

_____ it necessary to _____ operating my vehicle _____ if _____ evidence that _____ transmission _____ is _____?

_____ because _____ the _____ transmission?

_____ we _____ driving if _____ is _____ indication that _____ is entering _____?

_____ is a leaking transmission _____?

If _____ leaks _____ radiator, must I _____ driving?

If there _____ proof of transmission _____ system via _____ I need _____ driving?

_____ fluid may leak _____ the cooling system and _____ have to _____ my _____.

_____ car _____ now _____ trans _____ in the cooling _____?

I _____ if _____ fluid leaks to rad.

If trans _____ cooler, _____ need to _____ driving.

Is _____ advisable to _____ the _____ shows _____ transmission fluid mixing?

_____ must I _____ driving if transmission _____ into the coolant?

_____ trans _____ leaks to _____ via _____ will _____ stop _____?

_____ lubricant in the cooling system via raditor, _____?

If the _____ fluid leaks _____ cooling _____ I _____ driving?

Should I _____ operating _____ vehicle immediately _____ I _____ is _____ into the cooling _____ through _____?

_____ I stop driving _____ detecting _____ of _____ fluid _____ the cooling _____?

Stop _____ if _____ leaking!

Should I _____ after a _____ my _____?

Do _____ to stop _____ vehicle from moving if _____ fluid in _____?

Do I need to _____ operating _____ it _____ clear that _____ fluid is flowing through _____?

If the transmission fluid _____ the _____ should _____ my _____?

Do I need to stop driving _____ transmission fluid _____ leaking _____?

Do _____ need to _____ from running if _____ fluid _____ the coolant?

I might have _____ using my vehicle _____ transmission _____ leak into _____.

_____ discovering transmission _____ in the _____ system _____ you stop _____ it?

_____ a _____ of transmission _____ the _____ will the _____ stopped at once?

_____ operating _____ immediately _____ I discover _____ transmission is leaking into the _____ the radiators?

_____ I _____ transmission fluid in the _____ it is _____ seize _____.

_____ I stop using _____ vehicle _____ my _____ fluid _____?

_____ necessary to stop _____ that transmission fluid is in _____ coolant?

Should _____ stop _____ the radiator shows _____ of _____?

_____ my _____ there _____ evidence that the transmission _____ is _____ into the cooling system?

Is _____ necessary _____ operating my _____ if _____ signs _____ fluid in the _____?

_____ stop _____ detecting signs of _____ in the cooling _____?

_____ it _____ me to _____ operating _____ once _____ there is evidence of transmission fluid _____ the _____?

Must I stop _____ my _____ immediately when _____ transmission _____ the _____ system?

_____ it possible _____ stop _____ my _____ discover _____ the transmission _____ leaking into the _____ system?
