

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Fuel efficiency and environmental concerns
Inquiry Sub-Category	Fuel-Efficient Conventional Vehicle Options
Description	Customers seek information about traditional gasoline or diesel vehicles that have high fuel efficiency ratings, including the fuel economy of various models, engine options, and technologies like start-stop systems or cylinder deactivation.
Data Size	5,644 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

Which cars _____ over 500 _____ before _____ based _____ estimates _____ regular petrol/diesel?

_____ cars run for over _____ needing _____?

_____ a car with _____ petrol and _____ EPA _____ 500 _____?

_____ it _____ for cars running _____ gas to _____ over 500 miles _____ on _____ EPA's _____?

EPA _____ get more than 500 miles _____ diesel.

I need _____ exceeding _____ miles per EPA _____ using _____.

Is _____ possible _____ cars _____ reach over 500 _____ without refilling _____?

_____ vehicles can _____ on regular _____?

Are _____ any _____ capable of _____ over the advised intervals without _____ refill _____ gas _____?

_____ a _____ of vehicle _____ go over _____ using _____ gasoline and diesel?

_____ cars _____ more _____ miles on _____?

_____ you _____ achieve over 500 miles per _____ before they need _____ refill?

_____ vehicles are _____ over 500mi, _____?

Can _____ recommend _____ that _____ over _____ using _____ or diesel?

The EPA says _____ cars _____ over 500 miles _____.

_____ cars exceed _____ refueled on regular fuel?

_____ cars go _____ 500 miles _____ to _____?

List _____ that _____ gasoline or _____ and travel _____ 500 _____ to the _____.

_____ EPA's statistics show _____ regular gas can _____ over _____ miles _____ refuels.

_____ EPA, can _____ travel more _____ 500 _____ with _____ gas?

Is there a _____ on regular gas _____ between refuels?

Do _____ know _____ 500 miles without the need _____ gas?

Is _____ any _____ vehicle that _____ EPA _____ range _____ 500 miles _____ regular _____?

Are there any cars _____ by _____ EPA that _____ 500 miles _____ regular _____?

_____ on EPA ratings, _____ reliable _____ suggestions _____ between _____ and diesel?

_____ go over 500mi _____ regular _____?

Do _____ have _____ information on _____ over 500 _____ per EPA estimates before _____ refill?

_____ EPA calculates _____ vehicles _____ before a _____ regular fuel.

The EPA estimates _____ can cover over 500 _____.
 _____ many cars _____ miles _____ need to refill?
