

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Budget billing enrollment questions
Inquiry Sub-Category	Billing calculations
Description	Clarifies how the budget billing amount is calculated, which typically involves analyzing historical usage data and projecting future gas consumption.
Data Size	5,040 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ Natural Gas ____ determine the fixed monthly ____ billing payment based ____ and future ____ ?
 ____ like to ____ firms ____ fixed budget payment each month based on ____ consumption.
 Natural ____ companies determine the monthly ____ in ____ and ____ models.
 ____ Gas ____ determine the monthly budgeting ____ use projections.
 Natural ____ Companies ____ the ____ monthly budgeting payment by usage ____ gas ____ .
 ____ Gas ____ determine ____ billings ____ and consumption patterns and future ____ .
 How do ____ to be ____ according ____ usage ____ and future consumption levels?
 Fixed ____ budgeting ____ patterns and ____ use projections are ____ by ____ Gas ____ .
 Natural Gas ____ monthly ____ consumption ____ and future usage.
 When gas ____ look at ____ and estimates for future ____ how do ____ the ____ amount?
 I ____ to know ____ natural gas ____ the ____ payment ____ month based on ____ consumption ____ usage.
 Natural gas ____ the monthly budget payment ____ anticipated ____ data ____ .
 ____ companies calculate fixed monthly budget ____ using usage patterns ____ .
 Natural gas ____ calculate ____ monthly budget bill ____ analyzing our ____ along ____ .
 Natural Gas Companies use ____ and ____ consumption ____ determine their monthly ____ .
 ____ Companies decide ____ budget ____ using usage ____ consumption patterns.
 Natural Gas companies can ____ budget ____ usage ____ projections.
 Natural ____ make fixed monthly ____ charges based on ____ and expected ____ .
 The ____ gas usage ____ and the fixed monthly budgeting ____ are ____ .
 ____ Companies can decide ____ with ____ and ____ gasconsumption projections.
 How do natural ____ budget ____ based ____ and predicted future consumption?
 ____ gas providers determine ____ monthly ____ charges based ____ analysis of past usage and ____ ?
 In relation ____ anticipated ____ and future projection ____ budget payment determined by ____ companies?
 Natural gas ____ fixed ____ budget ____ based on ____ .
 How natural ____ budget ____ using consumption ____ future projections?
 ____ looking at ____ and ____ future ____ consumption, how do ____ calculate ____ budget billing amount?
 ____ do Natural Gas ____ set ____ bills using usage ____ projecting ____ gas ____ ?
 Natural Gas ____ monthly ____ billings using usage ____ .
 ____ do ____ set their bills ____ usage ____ projections?

_____ do Natural Gas _____ monthly budget _____ according to usage patterns _____ consumption?

Natural Gas Companies determine their _____ based _____ and predictions _____ future _____.

Can _____ give us some insight _____ utility _____ gauge fixed _____ budget payments as _____ and _____ demands?

Natural Gas Companies make _____ budgeting _____ and future _____ use _____.

_____ the monthly budgeting by usage _____ projected _____ usage.

Natural Gas Companies _____ monthly _____ using _____ and _____.

_____ Gas _____ usage _____ consumption patterns _____ make _____ budget billings.

_____ do gas companies _____ monthly _____ amount when _____ at _____ and estimates?

_____ Companies _____ calculate the monthly _____ with usage _____ gasconsumption projections

_____ monthly budget by using _____ patterns and _____ of future _____ consumption.

_____ Natural _____ create _____ budget bills using _____ and _____ gas consumption?

_____ and projected consumption levels, how _____ gas providers calculate _____ under fixed monthly _____ billing?

_____ usage _____ and _____ natural gas _____ do utility _____ gauge _____ budget payments?

_____ companies _____ monthly budget billings using usage _____ patterns _____ future _____

_____ companies calculate the _____ by analyzing _____ and _____ gas consumption.

How do natural gas _____ the amount _____ under fixed monthly _____ considering _____?

_____ do _____ gas firms _____ budget _____ patterns and _____ projections?

How do gas _____ figure out the _____ monthly budget billing _____ usage _____ gas _____?

_____ companies determine _____ monthly budget payment _____ on _____ future projected models.

_____ Gas _____ monthly budgeting payment based _____ future _____ projections.

_____ companies look _____ and _____ for future gas consumption, _____ do they determine the fixed _____?

_____ do _____ gas providers calculate _____ amount _____ based _____ usage and _____ consumption _____?

Fixed _____ budgeting payment _____ gas consumption projections _____ by _____ Gas Companies.

Natural gas companies _____ the sum _____ through fixed _____ taking _____ predicted _____ trends _____ historical _____

How _____ natural gas companies _____ the _____ payable _____ fixed _____ budget _____ taking _____ account _____ and historical _____ use?

_____ do natural _____ determine the _____ budget _____ usage _____ consumption?

Is there _____ gauge fixed monthly budget payments based on _____ projected _____ gas demand?

Natural Gas _____ determine _____ billings according _____ usage _____ consumption _____.

How _____ gas _____ determine _____ budget billing amount _____ they _____ at _____ and future _____?

_____ Gas _____ use _____ and consumption _____ monthly bill.

_____ how utility companies _____ fixed monthly budget _____ as per _____ patterns and projected natural _____ complete _____ cycle?

_____ can _____ companies _____ the monthly _____ usage patterns and _____ future gas consumption?

I would like _____ know _____ the fixed _____ projected consumption and historical usage.

_____ you know _____ Natural Gas _____ calculate _____ usage and future _____ projections?

_____ Companies decide on the _____ budgeting _____ usage and _____ use projections.

Natural _____ decide _____ payment on usage and future _____.

Natural _____ the _____ billing payment _____ on consumption patterns _____ projections.

_____ gas companies _____ the _____ when they _____ at usage and estimates _____ future?

_____ decide the _____ billing payment _____ on usage and future _____.

_____ providers _____ the amount _____ paid _____ billing based on usage _____ and _____ consumption levels.

_____ Gas Companies _____ fixed _____ budget billing _____ usage _____ predictions _____ future gas _____.

_____ use _____ and consumption _____ to determine their _____ billings.

_____ providers determine _____ budget charges based _____ analysis of _____ and _____ future _____.

How do _____ companies _____ out the _____ amount _____ look _____ usage and _____ for _____?

Natural _____ Companies determine _____ monthly budget _____ usage _____.

_____ gas providers _____ monthly budget _____ analysis of past usage _____ future _____.

_____ monthly budgeting payment _____ usage patterns and _____ gas use.

_____ the _____ monthly budget _____ based _____ patterns and future gas consumption projections.

Natural Gas ____ determine ____ monthly ____ payment ____ usage patterns ____ gas usage ____.
 ____ Gas ____ will determine ____ monthly budget with usage _____.
 ____ Gas Companies can use usage _____ to ____ monthly budget.
 How is the monthly _____ by _____ according to ____ usage ____?
 Natural Gas ____ determine monthly _____ using _____ consumption ____.
 Natural ____ Companies can _____ budget with usage patterns _____.
 Is it possible to tell _____ firms _____ the _____ payment ____ on _____ and ____ usage patterns?
 Natural Gas Companies ____ on ____ monthly budgeting payment by _____.
 How _____ gas companies calculate the _____ bill _____ usage patterns ____ projected _____ use?
 ____ Gas Companies _____ budgeting ____ usage ____ projected usage.
 ____ Companies determine their fixed _____ billing _____ pattern ____ predictions of ____ consumption.
 ____ natural gas ____ calculate _____ bill _____ usage patterns ____ projected future gas ____.
 Natural _____ monthly budgeting payment by usage _____ gas use.
 _____ determine the monthly ____ payments by _____ future gas use ____.
 ____ do ____ Gas Companies calculate their fixed monthly _____ according _____ future gas ____?
 I ____ to ____ how ____ gas ____ determine _____ billing payment using consumption ____ and _____.
 ____ does ____ Gas Companies _____ bills _____ patterns and ____ future gas consumption?
 _____ calculate ____ monthly budget ____ based on _____ and future ____ intake.
 ____ do ____ gas firms decide _____ billing using consumption _____ projections?
 ____ natural _____ consider usage ____ and ____ consumption levels when _____ be paid?
 How do ____ companies calculate _____ they ____ at ____ and estimates ____ the ____?
 How do natural gas ____ make the _____ consumption ____?
 How do ____ gas ____ calculate ____ sum ____ through ____ monthly budget _____ consumption trends ____ historical data ____ use?
 ____ gas _____ budget billing ____ on usage _____ future gas intake.
 ____ Gas ____ calculate our monthly _____ on _____ projections.
 Natural ____ Companies can ____ out _____ budget ____ usage patterns and _____
 Natural gas companies _____ monthly ____ bill _____ usage patterns and _____.
 ____ Gas ____ determine monthly _____ using ____ and ____ patterns.
 ____ do ____ companies ____ the _____ they look at usage ____ estimates?
 ____ Gas _____ their monthly budget by usage pattern and _____.
 ____ natural gas ____ determine monthly _____ on analysis of past _____ future ____?
 ____ do ____ Gas Companies _____ patterns and projections of future ____ use?
 ____ Gas Companies can _____ budget based on usage patterns and _____.
 ____ Companies _____ their fixed monthly _____ payment by usage _____.
 _____ establish ____ sum _____ fixed monthly budget billing ____ into account predicted ____ trends ____ historical data
 ____ there a ____ natural ____ firms _____ budget payment based _____ consumption and ____ usage?
 The _____ billing amount is ____ out when ____ companies ____ at ____ and estimates for _____.
 Natural gas companies make _____ based ____ usage ____ and _____ projections.
 _____ their ____ billing ____ usage pattern ____ future gas consumption.
 ____ gas _____ monthly budget payment _____ expected ____ and future ____ models.
 _____ monthly budgeting payment based on usage _____ future ____ use projections.
 Natural _____ decide the _____ based on usage and future _____.
 ____ Gas Companies ____ the fixed monthly _____ on ____ patterns ____ estimates ____ future ____ consumption.
 _____ use ____ and consumption patterns ____ determine ____ monthly budget ____.
 _____ have monthly _____ based ____ anticipated usage data ____ future projection ____.
 Natural _____ calculate ____ amount ____ be ____ under ____ billing by considering usage _____ projected ____ consumption ____
 ____ does Natural ____ Companies _____ using usage ____ and projections?
 Natural ____ companies decide the ____ budgeting _____ patterns.

Natural _____ determine _____ monthly _____ payment by usage _____.

How do Natural _____ monthly budget according to usage _____ and _____?

_____ the fixed monthly budget _____ payment based _____ usage _____ and future _____.

Natural Gas _____ determine _____ monthly budget _____ usage patterns _____ gas consumption projections.

_____ Companies _____ monthly budget based on _____ and _____ of future _____ consumption.

_____ Companies determine _____ monthly budgeting _____ usage _____ and projected gas _____.

Natural _____ the monthly _____ payment based on _____ consumption.

_____ Gas _____ usage and consumption _____ monthly budget billings.

Natural _____ the fixed monthly _____ payment _____ and _____ gas use.

_____ Gas Companies determine _____ usage patterns and _____ gas usage _____.

_____ gas companies make monthly _____ and consumption _____.

Natural gas _____ determine the _____ based on _____.

_____ determine the _____ budgeting payment based _____ usage patterns and _____ gas _____.

_____ it _____ for natural _____ to _____ the _____ billing payment _____ consumption _____?

_____ using usage and estimates for _____ gas _____ gas _____ out the _____ monthly _____ amount?

_____ do _____ Gas Companies calculate _____ based on usage _____ forecasts?

Natural _____ budget _____ usage pattern and future gas _____.

_____ gas _____ determine the monthly budget payment based _____ anticipated _____.

Is _____ to _____ the _____ budget billings of natural _____ providers _____ calculated, _____ user habits _____ consumption into _____

_____ give _____ into _____ utility companies gauge fixed monthly budget _____ usage patterns _____ projected _____ demands?

_____ Gas _____ their _____ budget by the usage _____ and predictions _____.

Gas _____ look _____ usage and estimates for future gas _____ when _____ billing amount.

_____ gas companies _____ the _____ budget _____ anticipated usage _____ and future _____ models.

Natural _____ budget bill amounts _____ on predicted gas _____.

Natural Gas Companies can determine _____ future gas consumption _____.

Natural _____ budget charges based on _____ analysis of _____ and _____ consumption.

_____ gas _____ budgets _____ actual usage and _____ data.

_____ Gas Companies determine _____ monthly budget _____ usage _____ predictions _____ usage

_____ Gas _____ the _____ budgeting payment by _____ future gas consumption _____

_____ possible to _____ how _____ gauge _____ monthly budget payments as per _____ patterns and projected _____ a year _____

Natural gas companies _____ bill amounts _____ to _____ gas _____.

_____ monthly budget payment _____ natural _____ companies based on anticipated _____?

Can _____ tell _____ how _____ Gas Companies calculate _____ monthly budget _____ usage patterns _____ consumption?

Gas _____ budgets using usage _____ projections.

Natural _____ Companies calculate monthly bills _____ to _____ future _____.

Natural _____ calculate _____ on usage _____ and future gas _____.

Natural gas companies _____ payments according to _____ usage _____ future _____.

Natural _____ Companies determine _____ bill _____ usage _____ predictions _____ future gas _____.

_____ monthly budget _____ using _____ and consumption patterns.

How _____ natural gas _____ budget _____ using _____ and future _____?

_____ gas _____ determine _____ monthly budgeting payment _____ and future _____ consumption.

Natural _____ providers _____ to be _____ under budget billing _____ usage patterns _____ projected future _____

Natural _____ determine monthly budget _____ using _____ consumption _____.

_____ determine _____ monthly budgeting _____ usage patterns.

Explain how the _____ billings of _____ are _____ taking user habits _____ future _____ into _____.

Natural Gas _____ the monthly budget _____ usage patterns _____ projections.

_____ Gas companies determine _____ budget _____ usage patterns and _____.

_____ companies determine _____ budget billings _____ and future _____ patterns.

Natural Gas ____ determine monthly budgeting ____ by ____ and _____.
 The ____ budget ____ of natural ____ user habits ____ estimated future ____ into ____.
 ____ Gas ____ the monthly ____ on ____ patterns and projections.
 ____ budget ____ are ____ by gas ____ patterns and _____.
 ____ know how natural gas ____ determine ____ fixed budget payment ____ based on ____ historical ____?
 How ____ Gas ____ create monthly budget ____ using ____ and ____ use?
 ____ gas ____ determine ____ budgeting by ____ patterns and projected _____.
 ____ providers determine ____ monthly budget charges ____ on analysis of ____ future usage?
 Natural Gas ____ determine ____ with ____ and ____ in mind.
 ____ Gas ____ monthly budget payment by usage ____ gas consumption.
 Natural gas companies ____ budget payment ____ on ____ data ____ projection models.
 ____ Companies ____ their monthly ____ based ____ usage ____ and predictions of future _____.
 ____ Gas Companies ____ using ____ patterns and projections.
 Natural gas ____ determine monthly ____ based on ____ consumption ____.
 ____ does natural ____ fixed monthly ____ charges ____ on past usage ____ future ____?
 Natural ____ Companies calculate the fixed ____ according ____ and ____ gas use.
 How ____ Gas Companies calculate ____ using ____ patterns and projecting future ____?
 ____ Companies can ____ usage ____ determining the monthly budget.
 Can Natural ____ Companies tell ____ how ____ monthly ____ billing based on ____?
 ____ gas companies can ____ the ____ budget ____ usage ____ and future _____.
 Natural ____ Companies ____ budget billing ____ by usage ____ and ____ of future _____.
 ____ would like ____ know how ____ companies gauge ____ budget ____ as ____ natural gas demands for a _____.
 ____ there ____ on how ____ companies gauge fixed ____ budget ____ as ____ usage ____ and projected ____ demands ____ a ____ cycle
 Natural ____ monthly budget payment ____ on anticipated ____ data ____ models.
 ____ you tell me how natural gas ____ the ____ budget ____ based ____ projected consumption ____?
 ____ companies are ____ determine the monthly ____ with usage ____.
 ____ Gas companies ____ monthly ____ usage ____ consumption patterns and future ____ gas.
 ____ do ____ Gas Companies ____ our ____ based on usage?
 ____ natural gas providers determine ____ based ____ past ____ and expected future ____?
 ____ usage patterns and projected ____ levels, ____ do natural ____ providers ____ the ____ under budget billing?
 Natural ____ determine their ____ by ____ usage ____ and predictions of ____ consumption.
 Can ____ us ____ utility ____ gauge fixed monthly budget ____ as ____ usage ____ natural ____ demands ____ a full ____ cycle?
 ____ can determine the ____ based ____ patterns and projections.
 Natural gas providers calculate ____ to ____ fixed monthly budget ____ considering ____ patterns and ____ consumption ____.
 Natural ____ Companies ____ budget billings ____ usage ____ the ____ consumption of ____.
 Is ____ gauge fixed monthly budget ____ as ____ patterns and projected natural ____ demands?
 How do Natural Gas ____ their monthly ____ based ____ usage patterns ____?
 ____ to ____ how natural ____ firms ____ the budget billing payment ____ patterns.
 Considering usage patterns ____ projected future ____ gas providers calculate ____ be paid?
 Taking ____ projected future consumption ____ account, ____ natural gas ____ the amount ____ be paid?
 Natural ____ the ____ bill by analyzing usage patterns with ____ gas ____.
 Natural ____ payments ____ consumption patterns and future projections.
 Natural ____ companies ____ the ____ payment based on ____ gas consumption.
 ____ companies determine the monthly budgeting ____ by usage ____ the next _____.
 Natural gas ____ monthly ____ billing by considering ____ patterns and ____ future consumption levels
 Is ____ companies gauge ____ monthly budget payments as ____ usage patterns and ____ demand for ____ cycle?
 ____ for natural gas firms to ____ budget payment based ____ and historical usage patterns?

_____ natural gas firms determine _____ fixed budget payment _____ consumption _____ historical usage?

Natural _____ companies determine the monthly budgeting _____.

How _____ Gas _____ the fixed monthly _____ payment according _____ patterns and future _____?

How _____ utility companies gauge fixed _____ as per usage _____ and _____ natural _____ for _____ year _____?

_____ Gas Companies determine monthly budget billings _____ consumption _____ and the future _____ use _____.

Is there a way _____ to _____ per usage patterns _____ projected natural gas demand?

_____ Companies _____ determine the monthly _____ patterns and projections.

Natural _____ Companies determine _____ monthly _____ usage and future gas _____.

_____ budgeting payment _____ usage patterns _____ the _____ gas usage projections are _____ by _____ Companies.

_____ gas _____ assess fixed monthly _____ based on _____ and future consumption.

Natural Gas Companies decide _____ monthly budgeting _____ based _____.

Natural Gas _____ determine _____ budget billing _____ and predicted future _____ consumption.

_____ companies determine _____ monthly budgeting _____ based _____ usage _____ gas consumption.

_____ gas providers determine _____ charges _____ on _____ usage _____ future consumption

_____ there _____ way _____ natural _____ firms _____ determine _____ monthly _____ on projected _____ and usage?

How _____ firms _____ the fixed _____ payment each _____ based _____ projected consumption and historical _____ not _____.

_____ gas _____ determine _____ monthly fixed budget _____ based _____ projected consumption and historical usage?

How _____ budget paid _____ gas companies _____ to _____ data and _____ projection models?

Is there a way for _____ companies to _____ monthly budget payments _____ per _____ projected _____ demands _____ a _____

_____ monthly budget billing _____ usage and _____ patterns.

_____ providers _____ the _____ to _____ fixed monthly _____ billing by considering _____ future consumption levels.

Natural _____ companies use usage and _____ to determine _____.

How do _____ the _____ amount _____ look at usage _____ estimates for the _____?

Natural gas providers _____ the amount under _____ patterns and projected future _____.

Natural _____ can determine _____ monthly budget with _____ and _____.

Natural Gas Companies _____ billings _____ usage and consumption _____ and future _____ use _____.

_____ Gas _____ determine monthly budgeting _____ and _____ gas _____.

_____ Gas _____ use _____ and _____ patterns to _____ monthly _____ billing.

Natural Gas _____ determine _____ based on usage and _____ gas _____.

How _____ Natural _____ our monthly bills based _____ usage _____ gas _____?

Natural _____ determine _____ bill _____ consumption patterns _____ projections.

_____ providers calculate _____ amount to _____ based on usage _____ projected _____.

_____ to know _____ natural _____ firms _____ the _____ budget payment _____ on projected _____ and _____ usage _____.

Is there a _____ that natural _____ determine _____ fixed _____ projected _____ and usage patterns?

How _____ gas firms _____ fixed _____ payment based _____ projected _____ historical usage _____ is _____ mystery.

_____ monthly budgeting payment _____ on usage patterns _____ gas _____ projections.

_____ companies calculate the monthly _____ bill _____ usage patterns _____ with _____ gas _____.

_____ companies use usage and consumption _____ calculate _____.

Natural Gas Companies can _____ the monthly _____ with _____ patterns _____.

_____ any insight into _____ natural gas firms _____ the fixed _____ payment _____ on _____ consumption _____ patterns?

How do _____ determine the monthly _____ look at usage and _____ the _____?

_____ Gas _____ the _____ based _____ usage _____ and gas usage projections.

Natural Gas _____ patterns and future gas consumption.

How _____ Gas Companies _____ the fixed monthly _____ relation to _____ patterns and _____ consumption?

_____ Gas _____ monthly _____ payment based _____ future gas use.

Gas _____ set monthly bill budgets _____ future _____.

_____ Companies decide _____ fixed monthly budget billing _____ usage _____ predictions of _____.

How _____ utility companies gauge _____ monthly budget payments _____ patterns _____ projected _____ for a _____ cycle?

How _____ gas providers _____ their _____ monthly _____ based _____ past usage _____ future _____?

Are utility ____ able ____ fixed ____ budget ____ usage ____ and projected natural ____ demands?

Is there ____ way for ____ gas firms ____ fixed budget ____ historical ____ and projected ____?

____ the Natural Gas Companies determine ____ bills ____ and projections?

Natural ____ companies determine ____ payment ____ consumption patterns and ____.

Is it ____ natural gas ____ to calculate ____ monthly ____ by ____ usage patterns ____ projected ____?

Natural gas companies calculate the ____ by analyzing usage ____ with ____.

Natural Gas Companies determine ____ budgeting payments ____ on ____ projected ____.

____ patterns and ____ used ____ determine ____ monthly budget billing payments.

Natural ____ companies ____ monthly ____ payment based on usage patterns ____ consumption ____.

Natural ____ determine monthly billing ____ usage patterns and ____ projections.

How ____ companies ____ out ____ fixed ____ amount when they ____ usage and estimates for ____ future?

Natural Gas ____ determine their ____ budget based ____ predictions ____ gas usage ____ future.

How do Natural Gas Companies determine ____ monthly ____ on ____ and ____?

____ natural gas companies ____ payable through ____ monthly budget ____ takes ____ consumption trends and ____ data.

Natural ____ Companies ____ budgeting ____ based ____ usage patterns ____ projected ____ usage.

How are Natural Gas ____ to ____ monthly ____ bills ____?

The gas companies ____ usage ____ projections ____ set ____ bill ____.

____ gas companies ____ the fixed monthly budget ____ when ____ look at ____ and estimates ____ gas ____?

____ companies calculate ____ budget ____ by looking ____ usage patterns and projected ____.

____ does ____ calculate the ____ monthly ____ payment ____ to ____ patterns and estimates for ____ consumption?

____ Companies can determine the ____ patterns ____ gas consumption projections.

Natural gas ____ the ____ under fixed ____ using ____ patterns and projected ____ consumption ____.

____ set ____ monthly ____ budget using usage ____ future ____

____ it possible that ____ Gas ____ monthly budget ____ patterns ____ estimates for the future?

____ know how the ____ calculate ____ bills based ____ usage and ____?

Natural ____ companies can determine ____ patterns and gasconsumption ____

____ Gas ____ the ____ budget with ____ patterns and ____ projections.

Natural gas firms ____ budget billing ____ using ____ projections.

____ are gas ____ and ____ to determine ____ budget billing payments?

____ Companies ____ their ____ budget billing ____ by usage ____ predictions ____ future ____ consumption.

Could ____ tell us how natural ____ the ____ projected consumption and ____ usage patterns?

____ gas providers ____ monthly ____ charges ____ on ____ of ____ usage and ____ use.

How ____ Natural Gas ____ determine monthly ____ bills ____ usage patterns ____?

____ companies gauge fixed monthly ____ payments as ____ patterns ____ projected natural ____ for a ____ cycle?

____ gas providers determine fixed ____ budget ____ past usage ____ anticipated ____.

____ way to calculate the ____ budget ____ payment based on ____ patterns and future ____?

____ determine the monthly ____ on anticipated usage data and ____ models.

____ determine monthly budget billings ____ usage and consumption ____ future consumption ____.

Is it ____ to tell me how utility ____ gauge ____ monthly ____ usage patterns ____ projected ____ a full ____

Natural ____ use usage ____ consumption ____ and ____ consumption ____ monthly budgets.

____ you ____ about ____ natural gas firms determine the ____ on projected ____ usage patterns?

____ possible ____ natural gas companies ____ actual usage and ____ data to ____?

____ do natural ____ determine the ____ billing payment ____ on ____ patterns and ____?

____ Gas Companies ____ monthly ____ on usage pattern and ____ of ____ usage.

Is it possible to tell ____ about ____ utility ____ monthly ____ as ____ usage patterns ____ gas demands?

____ Gas Companies determine their ____ by usage and predictions of ____.

Natural ____ the ____ monthly ____ payment based ____ usage ____ and ____ gas use.

Natural ____ providers ____ the amount ____ be paid ____ patterns ____ projected future ____

____ monthly ____ is set by the ____ using ____ and ____ projections.

Is _____ utility companies _____ budget payments as _____ usage patterns and natural _____ a _____ year cycle?

_____ Companies determine _____ budget _____ using usage and _____ consumption _____.

_____ Gas Companies determine _____ budgeting payment _____ and projected gas _____.

The _____ budget billing of natural _____ habits _____ estimated future consumption.

_____ Gas _____ monthly _____ payment by future gas _____ projections.

_____ providers _____ amount to be _____ under fixed monthly budget billing based on _____ and _____.

Can you _____ how _____ fixed _____ budget _____ payment _____ based on _____ future _____ consumption?

Natural Gas _____ can decide _____ monthly _____ future gas consumption projections.

_____ the _____ budgeting payment by usage _____ projected gas usage _____ for natural gas firms to _____ a _____ budget _____ on _____ consumption _____ usage patterns?

The monthly bill budget _____ set _____ companies _____ projections.

_____ Gas _____ the _____ budgeting payment by usage _____ gas _____.

Natural _____ Companies _____ monthly _____ billings using _____ and consumption patterns _____ use and _____ of _____.

_____ Gas Companies determine _____ payment based _____ usage _____ future gas _____.

Natural _____ companies _____ monthly _____ with _____ patterns and _____.

_____ do natural _____ companies _____ the _____ bill _____ our _____ and projected future _____ consumption?

Natural gas _____ determine the _____ patterns _____ projected gas _____.

How _____ companies figure _____ the monthly budget _____ they _____ at usage _____ future gas _____?

_____ payment is determined by _____ gas companies _____ on anticipated _____ and future _____.

Natural _____ the monthly budget _____ using _____ consumption patterns.

_____ Gas Companies _____ fixed monthly _____ billing payment _____ and predictions _____ future gas _____.

_____ Gas _____ determine _____ with usage patterns and projection.

Natural _____ Companies determine _____ payment _____ on projected _____ and usage _____.

Natural _____ companies determine _____ by usage _____ future _____ use projections.

_____ a way for _____ companies to gauge _____ payments as per usage _____ projected _____ gas _____?

Natural _____ Companies decide on the _____ payment _____ usage _____ future _____ projections.

Natural _____ companies _____ monthly budget payment based _____ and projection _____.

_____ Gas _____ determine monthly budgeting by _____ and _____ usage.

How _____ providers determine _____ charges _____ on past usage _____ expected _____ consumption?

Natural _____ determine their _____ budget _____ usage _____ and predictions _____ consumption.

Natural Gas _____ determine the _____ usage _____ and _____ gas consumption.

_____ Companies _____ the monthly _____ based on usage _____ and future _____ consumption?

_____ Gas Companies _____ usage _____ projections _____ develop monthly budget _____.

How do _____ Gas Companies _____ the _____ monthly _____ usage patterns _____ for future gas _____?

Natural _____ calculate _____ billings _____ usage and _____ patterns, and _____ consumption _____.

Natural Gas _____ monthly _____ by usage and _____ gas _____.

_____ gas _____ determine _____ the basis _____ usage and expected future consumption.

Natural _____ companies calculate a monthly budget bill _____ analyzing usage _____.

How do _____ gas _____ determine _____ budget _____ each _____ on projected _____ usage patterns?

_____ companies determine monthly budget _____ using _____ and consumption _____.

Can you _____ me how _____ gas _____ determine the _____ budget _____ based on projected _____?

Gas _____ a monthly _____ budget _____ and future _____.

_____ gas _____ look at usage and estimates _____ the future, _____ out _____ budget _____ amount?

_____ determine _____ payment _____ on _____ patterns and future gas consumption projections

_____ Gas Companies determine their _____ by _____ pattern _____ predicted future _____.

_____ it possible that Natural Gas _____ patterns and _____ establish monthly _____?

Do _____ gas companies _____ based _____ actual _____ projection data?

Natural _____ billings using usage and consumption _____

Are natural gas _____ actual _____ and projection _____ to _____?

Is it possible _____ monthly budget payments as _____ usage _____ natural gas _____ full year cycle?

_____ like to know how utility _____ budget payments _____ patterns _____ projected natural _____ demands _____ a full _____ cycle.

How _____ natural _____ establish _____ budget bills _____ usage _____?

Natural Gas Companies make _____ monthly _____ by _____ gas _____.

Natural _____ determine the _____ the usage patterns and _____ gasconsumption _____.

Natural _____ Companies _____ and predictions of _____ gas consumption _____ determine _____ bill.

How _____ Companies calculate our _____ based _____ future projections?

Natural Gas _____ determine their monthly _____ predictions _____ future _____.

_____ companies _____ usage and future projections _____ set their _____.

_____ a _____ natural gas _____ to decide _____ payment based on projected _____ historical usage patterns?

_____ gas usage _____ and _____ consumption _____ used _____ determine monthly _____ billing _____?

_____ companies _____ the _____ billing amount when _____ at usage and estimates _____ future gas consumption?

_____ Gas _____ determine the _____ budgeting _____ based on _____ projected gas _____.

How _____ gas _____ set _____ based on _____?

_____ Gas _____ determine _____ monthly _____ payment _____ predictions of future gas _____.

_____ gas companies set monthly budgets based _____ and _____.

How _____ Natural _____ the fixed _____ payment according to _____ estimates for the future?

_____ Companies _____ their fixed _____ by usage and predictions _____ future _____ usage.

_____ companies _____ patterns and _____ to set monthly _____.

_____ do Natural _____ monthly budget payment _____ usage _____ future consumption?

Natural Gas _____ decide the monthly _____ by _____ future _____.

_____ gas firms _____ and future _____ to decide _____ budget billing _____.

_____ companies _____ usage _____ to set _____ bill budget.

Natural Gas companies _____ a monthly budget _____ projections.

How do Natural _____ monthly _____ patterns and _____ for the future?

_____ you tell _____ Gas Companies establish _____ budget _____ usage patterns?

Natural gas _____ calculate monthly _____ billing _____ using usage patterns _____.

Natural Gas _____ fixed monthly budget _____ according _____ usage _____ and _____ of _____ consumption.

Natural gas _____ usage _____ to _____ the monthly budget payment.

Can you _____ providers determine fixed _____ budget charges _____ on past usage _____?

_____ monthly budgets _____ usage and projections _____

_____ using usage patterns and projecting gas consumption.

How _____ gas companies _____ monthly budget amount _____ they look _____ and _____ consumption?

_____ the fixed _____ of natural gas providers _____ user _____ account?

_____ Gas Companies determine _____ using usage and consumption patterns, _____ gas.

_____ do _____ Gas Companies create _____ and _____ of future gas use?

_____ determine the _____ payment based _____ usage and consumption.

_____ look at _____ and future _____ how do they _____ out the monthly _____ amount?

_____ Companies _____ on _____ pattern _____ predictions of future gas use.

Natural gas _____ monthly budget bill _____ analyzing _____ and _____ gas consumption.

_____ know _____ how natural gas _____ budget payment _____ month _____ on projected consumption and historical usage _____?

Considering _____ patterns _____ how do natural _____ providers calculate the amount paid under _____ monthly _____?

Natural _____ the _____ budget payment based on anticipated _____.

_____ gas companies _____ payment by usage patterns _____

_____ Natural Gas _____ the monthly budget _____ on _____ and estimates _____ future _____?

Natural gas _____ budget _____ analysis of past usage and _____ consumption.

_____ gas _____ calculate _____ amount _____ monthly budget _____ usage patterns _____ future consumption levels.

_____ Gas _____ can determine _____ budget with _____ and future gas _____.

Natural gas companies can _____ budgets with _____ and _____.
 _____ make budgeting _____ based on _____ patterns _____ gas usage.
 Natural gas companies _____ bill _____ analyzing _____ patterns _____ with projected _____ consumption
 Natural Gas _____ fixed _____ based _____ usage _____ and future gas consumption _____.
 _____ monthly _____ by _____ in relation to anticipated usage data.
 _____ tell me _____ how utility _____ gauge _____ monthly budget payments as per _____ projected _____ gas _____?
 Natural Gas _____ fixed _____ budget billing _____ based on _____ future _____ predictions.
 _____ do Natural _____ Companies create _____ budget bills _____ projections?
 _____ natural _____ companies _____ monthly budget with _____ patterns.
 Is _____ way _____ monthly budget charges based on past usage and _____ consumption?
 Natural Gas Companies _____ monthly _____ payment _____ usage _____ future gas _____.
 _____ gas firms _____ budget _____ using consumption patterns and future _____.
 _____ gas companies _____ monthly _____ billings _____ usage and _____ future _____ projections.
 _____ you know how natural gas firms determine the fixed _____ based _____ historical _____?
 I _____ to _____ how utility companies gauge fixed _____ payments _____ per _____ and projected _____ demands for a
 _____.
 How _____ the fixed budget billings, _____ user habits _____ consumption into _____?
 What is _____ monthly budget _____ natural _____ companies _____ on anticipated _____?
 Natural Gas Companies _____ monthly budget billings using usage _____.
 Natural gas companies calculate _____ budget _____ payments _____ future _____ intake.
 I would _____ utility _____ monthly budget payments as per usage patterns and _____ natural _____ for _____
 complete _____.
 Natural gas _____ determine a _____ patterns _____ future gas consumption projections
 _____ Gas _____ can determine the _____ with _____ patterns _____ consumption projections.
 _____ charges based on _____ of past usage and expected future consumption.
 Natural _____ the monthly budgeting _____ based _____ projected gas _____.
 Natural Gas Companies _____ monthly billing _____ usage _____ and predictions _____ consumption.
 _____ companies _____ the _____ bill budget using _____ and _____.
 _____ gas _____ determine the _____ budgeting _____ usage _____ future gas _____.
 Natural _____ companies determine monthly _____ usage and _____.
 _____ gas _____ calculate the amount to _____ paid _____ fixed _____ considering usage patterns _____ consumption
 levels
 Natural gas companies make _____ budget payment _____ usage _____.
 _____ gas providers calculate the amount _____ under fixed _____ billing considering _____ future consumption

 _____ the monthly budget billing based on _____ gas _____?
 _____ companies _____ the _____ by analyzing usage patterns
 Natural _____ Companies _____ and projection of _____ gas _____ to _____ budget bills.
 _____ there _____ way for _____ gas firms to determine _____ budget _____ on _____?
 Natural Gas Companies _____ a _____ budget _____ usage patterns _____.
 _____ Companies determine the fixed monthly _____ by _____ projections.
 Natural _____ companies _____ the _____ budget _____ based _____ usage data _____ models.
 _____ Gas _____ determine monthly _____ with usage _____ future _____ projections.
 Natural _____ Companies _____ monthly billing _____ by usage _____ of future _____ consumption.
 _____ determine _____ monthly budget based on usage _____.
 _____ companies set their monthly _____ based _____ and _____.
 _____ Companies can determine _____ billings using usage _____ patterns.
 Natural _____ use _____ and _____ to determine monthly _____ billing.
 Natural _____ Companies _____ the _____ budgeting payment according to usage patterns _____.
 How _____ calculate the _____ based _____ usage _____ and estimates _____ the future?
 Natural Gas Companies _____ and _____ patterns to _____ the _____.
 _____ budget billing _____ usage patterns and future _____ projections.

_____ way for _____ gas firms _____ determine the fixed budget _____ on _____ and historical _____?

_____ gas _____ monthly _____ patterns and _____ gas use projections.

Natural gas _____ through usage patterns and _____ gas intake.

Natural _____ to determine the monthly budget with usage _____ future _____ consumption _____.

_____ Gas companies _____ monthly _____ billing based on _____ and future _____.

Can _____ tell me how _____ gauge _____ budget _____ per usage patterns _____ natural gas demands _____ complete year _____?

_____ monthly budget _____ and consumption patterns _____ the future consumption _____ use of gas.

Natural gas companies _____ budget _____ using usage and _____.

How do _____ Companies determine _____ fixed _____ budget _____ based on _____ future gas _____?

_____ Companies calculate the _____ by usage _____ and projections.

_____ want to _____ how natural _____ calculate _____ budget _____ by analyzing _____ patterns and projected future _____.

_____ gas _____ and _____ for future _____ consumption, _____ they _____ up with _____ monthly budget billing amount?

_____ Companies use _____ projections _____ establish their monthly _____ bills.

_____ Companies _____ fixed _____ budget _____ usage and _____ of _____ gas consumption.

Natural gas companies calculate monthly _____ payments based _____ future _____.

Natural _____ companies _____ the fixed _____ patterns _____ future gas consumption projections.

Natural gas _____ their monthly budget _____ consumption _____.

Natural _____ companies use usage _____ consumption _____ to _____ monthly _____.

_____ Gas _____ the _____ budget with _____ patterns and future gas consumption _____.

How does _____ companies calculate _____ by analyzing usage _____ projected gas _____?

_____ do gas _____ based on _____ and _____?

_____ gas _____ can _____ the monthly budget using _____ patterns and _____.

_____ at usage and estimates _____ gas _____ how do gas companies calculate _____ monthly _____?

When _____ companies _____ at usage _____ estimates for _____ gas consumption, _____ the _____ budget _____ amount?

_____ gas _____ budget _____ by usage pattern and predictions _____ future gas _____.

_____ Gas Companies determine _____ billings _____ patterns and _____ projections.

Is it _____ natural gas _____ to _____ the monthly budget bill by _____ patterns _____ with projected _____?

_____ there a _____ natural gas firms determine the monthly fixed budget _____ and _____?

How do _____ gas _____ the _____ to _____ paid based on usage _____ projected _____ consumption _____?

Natural Gas Companies _____ bill _____ usage pattern and predictions _____.

Natural _____ Companies can _____ monthly budget _____ usage _____ and _____.

Natural gas companies determine _____ budget billings _____ patterns.

_____ does _____ Natural Gas _____ calculate _____ monthly bills _____ on _____ future _____ projections?

_____ natural _____ providers calculate _____ budget charges based on past _____ and _____?

Natural _____ the _____ budgeting _____ by _____ patterns _____ gas usage projections.

Natural _____ Companies _____ the _____ budget based _____ patterns _____ consumption projections.

_____ to know how the utility _____ budget payments _____ per _____ patterns _____ projected natural gas _____ a complete year _____

Natural Gas Companies _____ and projections to _____ budget.

Natural _____ determine monthly _____ billings using _____ consumption patterns, and _____ consumption _____ of gas.

_____ there _____ utility companies _____ fixed monthly budget payments as _____ projected natural gas _____?

How _____ Natural Gas Companies _____ fixed monthly _____ payment _____ to usage _____?

Natural _____ the _____ monthly budgeting _____ by _____ projected gas usage.

Natural _____ companies _____ the _____ budget bill by _____ and _____ future _____.

_____ gas _____ calculate fixed _____ budgets _____ usage?

Is it possible _____ Gas _____ monthly budget _____ using _____ patterns _____ gas consumption?

_____ decides _____ fixed _____ budget _____ with knowledge of _____ consumption habits _____ projected _____ the _____?

_____ Gas companies _____ monthly _____ payment by usage patterns _____ usage

Natural Gas _____ determine their _____ usage _____ future gas consumption.

Gas ____ calculate fixed monthly ____ to ____ projections.

____ gas companies make a ____ budget ____ based ____ data.

Natural ____ Companies set ____ monthly budget ____ on usage patterns ____ predictions ____.

____ Companies can ____ monthly budget with ____ trends ____ projections.

____ Companies use usage and consumption patterns ____.

____ gas companies calculate ____ fixed monthly ____ when ____ at usage ____ estimates for the ____?

____ gas companies use usage ____ and ____ establish monthly budget ____.

____ Companies determine monthly budget billings ____ consumption ____.

Natural Gas Companies ____ projected ____ and usage patterns ____ monthly ____.

____ providers determine ____ budget ____ on ____ and anticipated future consumption.

____ Companies determine ____ using usage ____ and the future consumption ____ gas.

Natural ____ Companies ____ determine ____ budget with ____ projections

____ Companies decide the ____ budgeting ____ usage ____ and the next ____ usage ____.

Natural ____ companies determine the ____ monthly ____ payment ____ patterns ____ future ____ use ____

____ gas ____ can determine ____ monthly budget with ____ and gas consumption ____

The monthly budget payment ____ by natural ____ to anticipated ____.

____ Gas ____ bills ____ usage patterns and projecting future gas use?

____ fixed ____ budgeting payment ____ Companies is ____ usage patterns and future ____ projections.

____ Gas ____ determine ____ fixed ____ budget ____ usage patterns ____ predictions ____ gas consumption.

____ companies ____ the monthly ____ usage ____ and future projections.

____ gas ____ determine ____ monthly budgeting payment by ____ gas consumption.

Natural Gas Companies ____ the ____ payment ____ on usage ____ projections.

____ Gas ____ determine the fixed ____ payment ____ usage and ____.

____ fixed ____ budget ____ payments determined by gas ____ and consumption ____?

____ Gas ____ usage ____ consumption patterns ____ calculate ____ monthly budget.

Natural ____ usage patterns and projected consumption levels ____ amount to be ____ billing.

Natural ____ the monthly budgeting ____ usage and future ____.

____ use usage ____ patterns and future usage to ____ monthly ____.

Natural Gas Companies ____ budget ____ usage patterns ____ projections

____ natural gas ____ calculate the ____ budget bill ____ they analyze ____ patterns ____ future gas ____?

____ you ____ me how Natural Gas ____ calculate ____ monthly budget ____ future gas ____?

Natural gas ____ monthly budget ____ and consumption ____

Natural ____ providers determine ____ monthly budget ____ on ____ past usage and ____.

Natural ____ companies ____ budget ____ by taking into ____ anticipated ____ data ____ projection models.

____ Companies ____ usage and ____ patterns to ____ budget bills.

Natural Gas Companies ____ their monthly ____ based on ____ pattern ____ predictions ____ use ____.

____ do gas companies ____ the monthly billing ____ they look ____ usage ____?

How do natural gas firms determine the ____ using ____?

Is ____ that ____ Natural ____ Companies ____ our ____ based ____ usage and ____ gas projections?

____ providers ____ the ____ to ____ paid under fixed monthly ____ and projected future consumption levels.

Natural gas ____ are ____ to ____ monthly ____ with usage ____ projections.

How do utility companies gauge ____ budget payments ____ per ____ projected ____ gas ____ complete year ____?

How do natural gas firms ____ budget billing ____ and ____?

____ gas ____ decide the ____ budget payment ____ anticipated usage ____ projections.

____ looking at usage and ____ future ____ do ____ companies come ____ fixed ____ budget billing amount?

____ can ____ establish the sum payable through ____ budget ____ taking into account consumption trends ____?

____ Gas Companies ____ monthly budget ____ based on ____ patterns ____ consumption projections

____ providers calculate ____ monthly ____ billing based on ____ and future consumption ____.

____ determine ____ fixed monthly ____ billing ____ on usage patterns ____ gas consumption projections.

Natural gas ____ determine the monthly ____ on ____ consumption ____.

Natural ____ Companies ____ monthly ____ payment based on usage ____.

____ do gas companies calculate the ____ budget ____ at ____ and future ____?

Using ____ and ____ consumption, how do ____ companies ____ monthly ____?

____ are ____ patterns and ____ projections ____ to ____ monthly billing?

____ gas providers calculate the ____ to be paid under ____ budget billing ____ usage ____ projected ____.

____ companies use usage ____ projections to ____ monthly ____ budget.

Natural gas ____ calculate the ____ fixed monthly ____ billing according to ____ patterns ____ projected ____.

Natural Gas Companies ____ by usage patterns

How are ____ patterns ____ consumption ____ for fixed monthly ____?

____ Gas ____ determine their fixed ____ billing payment ____ of future gas ____.

Natural ____ use usage ____ and ____ consumption ____ determine ____ billings.

Natural ____ make ____ monthly ____ on anticipated ____ data and ____ models.

____ there ____ way ____ gauge fixed ____ budget payments as per ____ patterns ____ projected ____ gas demands ____ year ____?

Natural ____ Companies determine the monthly ____ the ____ projected gas ____.

Gas companies ____ their ____ bill budget ____ projections.

How do Natural Gas ____ monthly budget ____ usage ____ and ____ use?

Natural gas companies ____ determine ____ budget ____ patterns and ____ projections.

____ gas companies ____ budget bill by analyzing our ____ and projected ____ gas ____.

How ____ gas companies ____ fixed ____ billing ____ when ____ look at ____ estimates ____ the future?

I would like to ____ gas ____ the monthly ____ based on projected consumption ____ patterns.

____ gas ____ monthly ____ bill ____ usage ____ along with projected future gas consumption.

____ Gas ____ determine ____ budget billings using usage ____.

Natural Gas ____ the ____ budgeting ____ on usage ____ gas consumption projections.

Natural ____ can ____ the monthly ____ patterns and future ____ projections.

____ Gas Companies ____ the monthly ____ payment ____ usage patterns ____.

Natural ____ decide ____ budget ____ based ____ usage and consumption ____.

____ Companies ____ monthly budget ____ and consumption patterns, and ____ consumption projections.

Natural gas companies determine monthly ____ anticipated usage ____ future ____ models.

____ companies ____ their monthly billing ____ usage ____ predictions of future ____.

____ gas companies ____ monthly budget ____ in relation to projected usage ____.

____ Gas Companies determine monthly ____ billings ____ and ____.

Is ____ a ____ utility companies to gauge fixed monthly budget ____ as ____ usage ____ and ____ gas ____ a ____ cycle

Natural ____ Companies ____ budget ____ using ____ consumption Patterns.

____ at usage and estimates ____ the ____ how ____ they figure ____ the ____ budget?

Natural Gas ____ determine the ____ monthly ____ billing ____ usage ____ and future ____.

Natural ____ companies ____ determine ____ monthly budget with usage patterns ____.

How do natural ____ companies establish the ____ payable ____ fixed ____ account consumption ____ historical data of ____?

Natural ____ determine monthly budgeting ____ usage ____ and ____ gas ____

____ Companies determine the ____ budget ____ usage and ____.

____ gas companies ____ a ____ by analyzing ____ patterns and ____ gas ____.

____ Natural ____ Companies calculate ____ monthly ____ on usage and ____?

____ gas companies ____ monthly budget charges based ____ of ____ expected ____ consumption.

Natural Gas companies determine their ____ budget based ____ usage ____ future ____.

____ determine ____ monthly ____ billing payment based on usage and ____ projections.

____ Gas ____ are ____ to ____ monthly ____ usage patterns ____ future gas consumption projections.

Natural ____ their monthly budget based on ____ pattern ____ of ____ gas ____.

Natural Gas ____ decide ____ budgeting payment by ____ projected gas ____.

____ Gas ____ budget billings ____ usage ____ and ____ future consumption.
 Natural Gas ____ usage ____ consumption ____ determine ____ budgets.
 How do ____ fixed budget ____ natural gas ____ habits and ____ future ____ into account?
 ____ do the ____ budget ____ providers ____ habits ____ estimated future consumption into account?
 Natural gas firms use consumption ____ decide ____ billing ____.
 Natural ____ Companies ____ determine the monthly ____ with usage ____
 ____ natural ____ companies use ____ usage ____ to set monthly ____?
 ____ fixed monthly ____ billing ____ is figured out ____ look ____ usage ____ estimates ____ future gas ____.
 ____ determine ____ billing based on ____ and future projections.
 ____ gas companies ____ monthly budget billings ____ patterns ____ projections
 Natural ____ Companies can determine ____ monthly ____ with ____ future projected ____.
 ____ Companies decide ____ monthly ____ by usage and ____ of ____ consumption.
 Natural gas ____ using usage and consumption ____
 ____ gas companies use projection ____ data to ____.
 ____ Companies determine the fixed ____ billing payment based ____ usage ____ and future ____
 projections?
 Natural ____ companies determine ____ monthly ____ payment based on usage patterns ____.
 Natural Gas Companies decide on ____ payment ____ usage ____ and ____ gas ____.
 ____ gas companies determine ____ fixed ____ budget billing amount when ____ usage ____ estimates for ____?
 ____ their ____ monthly budget ____ by usage ____ predictions ____ future gas consumption
 Natural ____ companies ____ budgeting payment ____ usage ____ projected gas ____.
 Natural Gas Companies ____ budgets ____ usage and ____.
 ____ payments ____ by the gas usage ____ and future consumption projections.
 ____ companies ____ calculate the monthly budget ____ patterns and ____.
 ____ companies calculate monthly bills ____ usage ____ future ____ projections
 I would ____ to ____ gauge fixed ____ budget payments ____ patterns and projected natural ____
 demands.
 Natural ____ companies use ____ and projection ____ to set ____.
 Natural ____ companies ____ budget ____ using ____ patterns ____ projections ____ gas consumption.
 ____ gauge ____ monthly budget payments as ____ patterns ____ projected natural gas ____ for a ____
 cycle?
 How do Natural ____ the ____ budget billing based ____ usage and ____?
 ____ Gas ____ calculate the ____ monthly budget payment according ____ usage ____ for future gas ____.
 Natural ____ calculate monthly budget billings using ____ future ____.
 Natural Gas Companies ____ budget ____ and consumption ____.
 ____ determine ____ budget using usage ____ and predictions ____ future ____ consumption.
 ____ gas ____ budget ____ using usage patterns ____ future gas ____.
 ____ Gas ____ determine the ____ payment ____ usage patterns ____ projected ____ usage.
 ____ do ____ companies ____ budget ____ amount when they look ____ usage ____ estimates?
 Taking ____ patterns and ____ levels into ____ do natural gas providers ____ amount to ____?
 Natural ____ companies determine the ____ relation to ____ data ____ models.
 ____ gas ____ monthly budget bill ____ analyzing ____ patterns and ____ consumption.
 How ____ usage patterns ____ projections used to ____ budget ____?
 ____ gas companies ____ billings using usage and consumption ____ future ____.
 How can ____ Companies calculate our monthly ____ and ____ gas ____?
 ____ gas companies ____ monthly budget bill ____ analyzing ____ usage patterns ____ with ____ future gas ____.
 Natural ____ Companies ____ the monthly budgeting ____ by ____ gas usage
 ____ companies determine the ____ budget ____ patterns and ____ projections.
 Natural Gas ____ fixed monthly ____ payments by usage ____ future gas consumption.
 ____ gas ____ determine the ____ budgeting payment ____ patterns and ____ usage.
 ____ companies ____ budget billings using usage ____ and future ____ of ____

Natural Gas _____ monthly budgeting _____ by _____ and _____ consumption.
 Can you _____ about _____ firms _____ the fixed budget _____ on projected consumption and historical _____?
 Natural _____ Companies use _____ and _____ of _____ gas _____ monthly budget bills.
 Natural gas _____ the _____ budget _____ using usage _____ projected _____ gas _____.
 _____ you know _____ Gas Companies _____ monthly bills _____ on usage and _____?
 _____ companies _____ at _____ estimates for future gas _____ do _____ fixed monthly budget billing amount?
 _____ do _____ gas _____ the monthly _____ bill based on _____ patterns _____ future gas _____?
 _____ that _____ fixed _____ budget payments as _____ usage patterns and _____ gas demands for _____ complete _____ cycle?
 Natural _____ Companies determine _____ monthly _____ pattern and _____ gas consumption _____.
 _____ determine _____ budget _____ using usage and _____ patterns _____ well as _____ future _____ and _____ of gas.
 _____ gas _____ calculate monthly _____ payments _____ usage _____ future _____ intake.
 Natural _____ companies _____ bills based on _____ and _____ gas _____.
 Natural _____ determine their _____ budget _____ using _____ patterns _____ predictions _____ future gas _____.
 _____ Gas _____ determine _____ budget billings _____ on _____ and consumption _____.
 Natural _____ companies can _____ budget _____ and future _____ projections.
 _____ Companies _____ on _____ monthly _____ payment by _____ gas use projections.
 _____ determine _____ budget charges _____ on past usage _____ future consumption.
 The fixed monthly budget _____ patterns and projected consumption.
 Natural Gas Companies _____ monthly _____ billings _____ usage _____.
 _____ Gas _____ determine their _____ usage patterns and _____ of _____ gas consumption.
 gas _____ set monthly bill budget _____ projections
 Natural _____ the fixed monthly _____ payment by usage pattern and _____.
 Natural Gas Companies determine _____ budgeting payment _____ and the next _____.
 _____ a way _____ gas firms to _____ the monthly _____ payment _____ projected consumption?
 _____ decide on the _____ budgeting payment by usage _____ gas _____ projections.
 Using usage _____ how _____ gas companies _____ bills?
 _____ Gas Companies can _____ a monthly _____ with _____ and _____ projections
 _____ there _____ in which utility _____ monthly budget payments as per _____ projected _____ gas _____?
 Natural _____ companies _____ determine the monthly _____ with _____ patterns _____
 _____ Companies _____ by usage and the _____ gas usage projections.
 Natural Gas _____ usage _____ patterns _____ determining monthly _____ billings.
 Natural Gas _____ bills using _____ and consumption _____.
 Is _____ possible _____ give _____ gauge _____ monthly _____ payments _____ per usage patterns and _____ natural gas demands.
 _____ determine monthly _____ payment _____ on anticipated usage data and _____.
 Natural Gas _____ determine _____ monthly _____ payments _____ usage _____ projections.
 Natural _____ the monthly _____ payment _____ and projected gas _____.
 Did you _____ how _____ companies gauge _____ monthly _____ payments _____ patterns and projected _____ demands for _____ year _____?
 Natural _____ companies _____ monthly budgets _____ usage _____ future _____ projections
 Natural Gas Companies _____ the _____ payment according _____ and projected _____.
 Natural gas companies _____ the _____ to determine _____ with _____ and _____ projections.
 Natural Gas _____ monthly budget billings _____ usage and consumption patterns as _____ as _____ use _____.
 The gas _____ consumption _____ to _____ monthly budget billing payments.
 Natural Gas _____ budgeting payment based on _____ usage.
 How do _____ companies determine _____ based on _____ and future consumption?
 Natural _____ budget with usage patterns and _____ projections
 _____ you _____ utility companies gauge fixed monthly _____ payments as _____ usage _____ projected _____ gas _____?
 Natural _____ the monthly _____ relation to anticipated _____ and projection models.
 _____ do _____ calculate _____ monthly _____ bill, by analyzing usage patterns and projected _____?

Natural Gas Companies _____ on usage patterns and _____ gas _____ projections
 How _____ Gas Companies establish monthly _____ bills using _____ gas _____?
 _____ Companies make a _____ budgeting _____ usage patterns _____ projections.
 _____ Gas companies can _____ the _____ and projections.
 How do _____ the monthly _____ based on _____ patterns and _____ gas consumption?
 _____ do _____ Gas _____ calculate the fixed monthly _____ to usage and estimates _____?
 _____ Companies _____ the monthly budgeting payment _____ and next gas _____.
 Natural _____ firms _____ budget _____ using consumption _____ and projections.
 Natural gas _____ the _____ usage patterns _____ future gas consumption projections
 _____ Gas Company _____ determine _____ budget _____ usage _____ and _____ gas consumption projections.
 _____ there _____ how natural _____ determine the _____ budget payment _____ on projected _____?
 _____ companies _____ monthly _____ by usage pattern and predictions of _____.
 Natural _____ Companies can _____ budget through _____ patterns and future _____.
 Natural gas _____ monthly _____ based on _____ pattern _____ predictions _____ future _____ consumption.
 Natural Gas Companies _____ the _____ payment by usage _____ and _____.
 Is _____ way _____ gas _____ determine the _____ payment _____ based on _____ consumption?
 Natural Gas Companies _____ usage and _____ of _____ usage.
 _____ companies _____ monthly budget payments _____ projected natural gas demands.
 _____ providers _____ the amount to _____ paid under fixed monthly budget _____ usage _____ and _____.
 _____ companies use usage and _____ to _____ monthly _____ billings.
 Do _____ how _____ fixed monthly _____ payments _____ per usage patterns _____ natural gas demands?
 Natural _____ monthly budget _____ analyzing our usage _____ and projected gas _____.
 _____ Companies determine _____ payment based _____ usage patterns and _____.
 _____ use _____ and projected _____ to establish monthly budget bills.
 _____ Gas companies _____ budget bills _____ and projecting future gas _____.
 Is _____ that Natural _____ Companies _____ patterns and _____ gas consumption _____ monthly budget _____?
 _____ determine monthly budget payment based on _____ data _____ future _____.
 _____ Gas Companies _____ and consumption patterns _____ budget billings.
 The _____ by _____ companies _____ determined by anticipated usage _____.
 _____ it _____ utility companies gauge _____ monthly _____ per usage patterns and projected _____ gas demands for _____?
 _____ Gas _____ monthly billing _____ based _____ usage _____ and _____ gas consumption projections.
 _____ billing based _____ usage patterns _____ future gas consumption projections.
 Natural _____ firms _____ patterns and future projections.
 How _____ natural _____ determine _____ based on past _____ and _____ future consumption?
 _____ companies calculate _____ bills _____ on usage _____ future gas _____.
 How do gas _____ fixed _____ budget billing _____ they _____ at _____ and estimates _____ future _____ consumption?
 Natural Gas _____ determine _____ billing payment _____ on usage patterns _____ future _____.
 How _____ the fixed budget _____ gas _____ calculated, taking _____ estimated future consumption into _____?
 _____ Companies _____ the _____ by usage and _____ projections.
 _____ determine _____ budget based on usage _____ and _____ future consumption.
 _____ Gas _____ decide on a _____ on usage patterns.
 Natural Gas _____ based _____ usage patterns and future Gas _____ projections.
 When gas companies _____ usage _____ for future _____ consumption, how _____ they _____ at the fixed _____?
 Natural gas Companies _____ billings using _____ and _____.
 _____ how _____ gas _____ the fixed budget payment _____ on _____ consumption and _____ usage patterns?
 _____ do the _____ Companies calculate _____ monthly _____ on usage and _____ projections?
 _____ gas companies determine the _____ patterns and usage _____.
 Is there _____ for _____ firms _____ fixed budget _____ each month _____ on projected usage?
 Natural _____ Companies decide _____ the _____ by usage _____ projections.
 Natural gas companies _____ monthly _____ in _____ anticipated _____ future projection models.

____ Gas Companies ____ the ____ monthly ____ payment by ____ usage ____ .
 Natural ____ Companies determine ____ monthly ____ future gas ____ projections.
 How ____ Gas ____ calculate ____ fixed ____ to usage patterns and estimates?
 ____ possible that ____ calculate the ____ budget bill ____ our usage ____ along with projected ____ consumption?
 ____ do ____ gas ____ determine fixed monthly budget ____ on ____ and ____ usage?
 Gas ____ set ____ bill budget using usage ____ .
 How do ____ the monthly budget based ____ and ____ gas consumption ____ ?
 ____ the ____ budget billings of ____ providers calculated, taking ____ future consumption into ____ ?
 Natural Gas ____ calculate the ____ based ____ usage patterns ____ estimates for ____ .
 ____ gas companies ____ monthly ____ and predictions of future gas usage.
 ____ Companies ____ the ____ monthly budget ____ based on usage ____ estimates for ____ .
 Natural gas companies ____ determine ____ usage ____ and ____ gas consumption projections.
 Natural gas companies calculate their ____ bill ____ patterns and projected ____ .
 Natural gas companies determine ____ in relation ____ usage ____ and ____ models.
 How ____ companies ____ monthly budget payments as per ____ patterns ____ projected natural gas ____ something I ____ about.
 Natural ____ the ____ payment ____ usage ____ future Gas consumption projections.
 ____ Gas ____ payment by ____ future gas use projections.
 Natural ____ determine the ____ budget payment ____ anticipated usage data and future ____ .
 ____ gas ____ determine ____ monthly budget payment ____ to projected ____ future projection ____ .
 Is ____ natural ____ providers ____ monthly budget charges ____ on ____ past usage and ____ consumption?
 How ____ natural gas ____ establish the ____ payable ____ fixed ____ into ____ predicted ____ and historical data ____ use?
 ____ are ____ determined by gas ____ patterns and ____ projections?
 Natural gas providers ____ fixed monthly ____ charges based ____ usage ____ .
 ____ Gas ____ determine the fixed monthly ____ by ____ projections
 ____ the monthly budget bill ____ the ____ patterns and projected ____ consumption.
 ____ Gas Companies determine ____ by usage ____ and predictions of ____ .
 Natural Gas companies determine ____ budgeting ____ usage ____ and ____ consumption.
 I ____ companies gauge fixed monthly ____ payments as per ____ patterns ____ natural ____ demand ____ a full ____ cycle.
 ____ Companies ____ the monthly ____ usage patterns and ____ gas usage.
 The ____ gas companies ____ the ____ budget ____ patterns and future ____ .
 ____ natural gas ____ establish the sum payable through budget ____ consumption trends ____ historical ____ ?
 ____ gas companies establish ____ usage patterns and ____ future ____ use.
 Natural ____ determine ____ budget by ____ pattern and ____ consumption.
 ____ Companies ____ monthly budget based on usage ____ predictions ____ future ____ consumption.
 Natural ____ determine monthly ____ using usage and ____ patterns and ____ future ____ and ____ of ____
 Natural Gas ____ their ____ budget ____ their ____ patterns and predictions of ____ .
 ____ Gas ____ determine ____ budget ____ usage pattern and predictions ____ future gas use
 ____ gas ____ fixed monthly budgeting payment ____ usage ____ future ____ projections.
 Natural gas companies determine ____ based on ____ gas use ____ .
 The fixed ____ billings of ____ are ____ using ____ habits and estimated ____ .
 ____ gas companies ____ the fixed ____ by ____ and future gas consumption ____ .
 The ____ monthly budgeting payment by Natural Gas ____ by usage ____ and ____ .
 How ____ companies ____ amount when they look ____ usage ____ for the future?
 Natural Gas ____ monthly budgeting ____ on ____ and future ____ projections.
 How do natural ____ providers ____ the ____ be ____ under ____ billing, ____ usage ____ and ____ levels?
 Natural ____ their monthly budget ____ based ____ usage ____ predictions of gas ____ .
 Is ____ a way ____ firms ____ payment based on projected ____ and usage patterns?

 _____ Companies _____ and _____ consumption projections _____ determine monthly budget billings.
 _____ companies _____ billings using usage _____ consumption trends.
 Natural _____ companies _____ use _____ set their _____ budgets.
 _____ gas _____ determine _____ budget bill _____ and future projections.
 Natural _____ Companies _____ the monthly budget _____ and consumption _____.
 _____ do gas _____ determine _____ fixed monthly _____ when they _____ usage _____ estimates?
 Is it possible _____ Gas Companies _____ the fixed _____ budget payment _____ usage _____ consumption?
 Natural _____ providers _____ fixed monthly budget _____ considering usage patterns _____ projected future consumption _____.
 Natural gas _____ calculate _____ amount _____ fixed monthly budget _____ based on _____.
 _____ gas _____ monthly budget payments _____ usage _____ and projections.
 Natural Gas _____ monthly budget _____ using usage _____.
 _____ the _____ monthly budgeting _____ by usage pattern and future _____ projections.
 _____ gas companies determine _____ budget _____ using _____ and _____ patterns _____ projections.
 _____ Gas _____ determine their _____ monthly _____ by _____ and _____ of future _____ use.
 _____ calculate fixed monthly budget billing _____ usage patterns _____ forecasts.
 _____ establish _____ sum payable _____ fixed monthly budget _____ taking _____ consumption trends _____ historical data on _____.
 _____ companies look at _____ and _____ for _____ gas consumption _____ order _____ out the fixed _____ billing _____.
 Natural gas companies determine _____ fixed monthly _____ payment based _____ and _____ projections.
 Natural _____ fixed monthly budgeting payment by _____ and _____.
 Does _____ natural gas company use actual _____ projection _____ to _____?
 Natural _____ companies _____ monthly _____ payment _____ on projected _____ and future _____.
 Natural Gas _____ their _____ budget based on _____ patterns _____ of _____ consumption.
 Natural _____ companies determine the _____ payment in _____ anticipated usage data _____.
 _____ gas _____ use _____ and projections to establish monthly _____.
 Natural Gas _____ the fixed monthly budgeting _____ by _____ patterns _____.
 I want _____ how natural _____ firms determine the _____ payment each month _____ usage patterns.
 _____ you _____ me _____ the monthly fixed _____ payment based _____ projected consumption _____ historical usage patterns?
 _____ Gas _____ calculate _____ fixed _____ in relation to usage and future gas _____?
 Natural _____ providers _____ fixed monthly _____ on past usage _____ expected _____.
 Natural _____ determine monthly budget _____ usage and consumption _____ projections.
 _____ use _____ patterns to _____ monthly budget bills.
 _____ do _____ Companies set _____ usage patterns and _____ future gas consumption?
 _____ find _____ the _____ billing amount when _____ look at usage and estimates?
 Can you clarify how _____ monthly _____ calculated based on _____ and _____ gas consumption _____?
 Natural _____ providers determine fixed _____ budget _____ analysis _____ usage _____ expected future consumption.
 _____ Companies decide on monthly _____ usage _____ gas _____ projections.
 _____ Gas Companies determine the _____ by _____ patterns _____ gas consumption projections
 Natural Gas companies _____ on usage patterns and _____.
 _____ Gas Companies determine the _____ budget billing payment _____ usage _____ gas _____.
 _____ Gas _____ can _____ the _____ with _____ patterns and future _____ projections.
 _____ do Natural Gas Companies _____ the _____ monthly _____ payment _____ patterns and estimates _____ future _____?
 I would _____ to know how utility _____ fixed _____ budget payments _____ per _____ and projected natural _____ for _____.
 _____ companies determine _____ by usage and consumption _____.
 _____ does natural gas _____ determine _____ budget _____ payment _____ consumption _____ and _____?
 _____ monthly _____ by gas _____ based _____ usage and projections.
 Monthly _____ billing _____ determined _____ and future consumption predictions.
 _____ it _____ for natural gas _____ to calculate the monthly _____ by analyzing _____ and _____ future _____?

The monthly ____ payment is determined ____ to anticipated usage ____

Is it true ____ natural gas ____ use ____ projection data ____ set ____?

____ does ____ Gas ____ establish monthly budget ____ using usage ____ future ____?

Natural Gas ____ budget ____ usage patterns and projected ____ gasconsumption.

____ gas companies ____ budget ____ payments ____ patterns and future ____ intake.

When ____ companies look ____ and estimates ____ future gas use ____ do they ____ fixed ____ budget ____?

Gas ____ have ____ figure out ____ fixed ____ amount when ____ look at ____ and ____.

____ providers calculate ____ amount to ____ paid under ____ monthly budget ____ usage and ____ levels.

____ do Natural Gas Companies ____ budget ____ using ____ and ____ gas ____?

Natural ____ determine monthly budget ____ and consumption ____.

Natural gas ____ the ____ to ____ the ____ budget ____ patterns.

____ want to know how utility ____ gauge ____ monthly budget ____ as per ____ and ____ year cycle.

____ are monthly ____ determined based ____ usage and ____?

How do ____ use ____ to ____ monthly budgets?

____ Gas ____ monthly budget billings using ____ and ____ the ____ use of ____

____ gas companies figure out ____ fixed monthly budget ____ amount ____ they ____ usage ____?

____ are gas ____ patterns and ____ consumption projections ____ budget billing?

Natural ____ providers ____ amount to ____ paid ____ fixed ____ budget ____ based on ____ and projected ____ levels

Natural ____ firms use consumption patterns ____ projections ____ budget ____.

____ Gas ____ calculate a ____ budget payment ____ usage ____ and future gas ____.

____ a way natural gas ____ the ____ based on ____ consumption ____ historical ____ patterns?

____ gas providers ____ amount to ____ paid under ____ budget ____ considering usage ____ and future consumption ____.

Is ____ a ____ to gauge ____ monthly ____ as ____ usage patterns and ____ gas demands?

Natural Gas Companies ____ their ____ monthly budget ____ payment based ____ pattern ____ of future ____.

Natural gas firms decide ____ budget ____ and projections.

____ Companies ____ their monthly ____ on ____ pattern and predictions ____ consumption.

How does natural ____ firms determine the ____ budget ____ each ____ based ____ usage ____ usage ____?

Natural ____ Companies decide ____ monthly ____ pattern ____ predictions ____ future gas consumption.

____ firms ____ the ____ payment using consumption patterns ____ projections

Natural Gas Companies ____ their monthly ____ with usage ____ gasconsumption ____.

____ do natural ____ determine ____ monthly budget ____ based ____ analysis of ____ expected future consumption?

____ natural gas firms ____ the fixed budget payment ____ consumption and ____ usage patterns?

____ gas ____ determine the ____ monthly ____ billing ____ based on ____ patterns ____ gas consumption ____

Natural ____ may ____ actual ____ projection ____ to set monthly ____.

Why does ____ fixed budget ____ take ____ and estimated future ____ into account?

Natural Gas Companies determine the ____ based on ____ consumption.

____ Gas ____ fixed ____ budget charges based on ____ usage and ____.

____ gas ____ decide ____ with usage patterns and ____.

____ Companies determine their monthly ____ usage patterns and ____ of future ____.

____ Gas ____ determine their monthly ____ usage ____ and ____ of ____ usage.

When gas ____ and estimates ____ future gas ____ how do they ____ out the ____?

____ gas companies use projection ____ to ____ budgets?

How do ____ Gas Companies ____ the ____ budget ____ according to ____ and ____ of ____ use?

Natural ____ determine ____ billing by the usage pattern and ____ use.

____ Gas Companies ____ their ____ budget ____ usage patterns and ____ the future?

____ gas ____ calculate ____ fixed ____ billing based on usage ____ future consumption levels.

Can you tell us how natural gas ____ determine ____ payment based ____ usage ____?

Natural gas ____ determine ____ budget bills using ____.

____ Gas companies ____ the ____ to ____ monthly ____ with ____ patterns.

Natural gas companies determine ____ monthly ____ relation ____ anticipated ____.

Natural gas companies determine ____ monthly ____ payment ____ gas consumption ____
____ budget ____ using ____ and consumption patterns and ____ consumption and ____ of gas
____ Gas Companies ____ the monthly ____ based on ____ patterns ____ gas consumption ____.

____ Gas Companies ____ their ____ budget based on usage ____ predictions ____ gas ____

Natural Gas ____ use ____ patterns ____ projections ____ make ____ bills.

Is there ____ way ____ gauge fixed ____ payments ____ per ____ patterns and projected natural ____?

____ want ____ how ____ gas ____ determine ____ fixed budget ____ each month ____ on projected ____.

How do ____ establish monthly ____ bills ____ usage patterns ____?

I want ____ know ____ gauge ____ monthly ____ payments as per ____ patterns and projected ____ demand ____
____ cycle.

____ gas firms use ____ to ____ the budget ____.

____ Companies ____ monthly ____ by usage patterns and projections.

____ Companies ____ the monthly ____ payment by ____ gas ____.

Natural Gas Companies decide ____ budget based ____ patterns ____ predictions of ____ consumption ____.

Natural ____ use ____ patterns and ____ gas consumption projections ____ fixed ____ budget ____ payment.

Natural ____ can determine ____ budget with ____ patterns and ____.

Natural gas ____ patterns and projected future ____ to calculate the amount to ____ billing

Natural ____ companies ____ the ____ budget ____ patterns.

____ companies ____ monthly budget ____ based ____ anticipated ____ and projection models

How do ____ budget ____ providers take ____ habits and ____ into account?

Natural ____ companies determine the ____ by usage ____ use.

Is ____ a ____ natural ____ the ____ budget payment based on ____ and historical usage patterns?

Gas ____ usage and ____ to set ____ bill ____.

____ Gas Companies use projected gas ____ and ____ the ____ monthly ____ payment.

Natural Gas ____ monthly ____ by usage ____ and projections.

Natural Gas ____ monthly budget ____ usage pattern and ____ of ____ consumption.

____ it ____ to explain how natural ____ the ____ fixed ____ budget billing, ____ predicted
consumption trends and historical

____ Companies ____ monthly budget based ____ and ____ gas consumption.

____ Gas ____ a fixed ____ budgeting payment by ____ patterns.

Natural Gas ____ decide on ____ monthly budgeting payment ____ and ____.

How are gas ____ for fixed monthly budget ____?

Natural ____ determine the ____ by ____ and projected ____ use.

Natural Gas ____ determine their ____ by usage ____ of ____ use.

____ companies determine ____ monthly budgeting ____ usage and ____ usage.

How ____ companies ____ monthly budget billing amount when ____ at usage ____?

Is ____ any ____ into ____ gas firms determine ____ fixed budget ____ on ____ consumption ____ usage?

How ____ Natural ____ Companies ____ the fixed monthly budget payment based ____?

____ Gas Companies ____ monthly ____ payment by ____ and ____.

____ providers calculate ____ amount ____ budget billing by considering ____ patterns ____ future consumption ____.

Natural Gas ____ determine ____ monthly budgeting ____ and ____ gas ____.

____ Companies can decide ____ monthly budget with usage patterns ____ future ____.

____ possible ____ utility companies ____ fixed monthly budget ____ as per usage ____ and ____ natural gas ____ year
____?

____ providers ____ amount to ____ paid ____ fixed monthly budget billing ____ usage ____ projected future
consumption ____

____ determine monthly budget ____ from ____ and consumption ____.

Natural ____ companies ____ usage patterns ____ gas ____ the ____ budget bill.

Natural ____ calculate ____ to ____ paid by using ____ patterns ____ of consumption.

____ a ____ gas providers ____ fixed monthly ____ on ____ usage and expected future consumption?

Natural Gas Companies ____ budget ____ using ____ and ____ patterns.

_____ are _____ usage _____ and projections used to _____ monthly _____?

The fixed monthly _____ by usage patterns _____ next gas _____ projections _____ Gas Companies.

Natural gas _____ monthly _____ payment based _____ anticipated usage _____ projection _____.

Natural _____ use _____ consumption patterns to _____ billings.

Natural Gas _____ determine _____ budgeting by _____ and _____ gas _____.

Natural Gas Companies _____ patterns to _____ monthly _____.

_____ firms _____ the _____ payment using consumption _____ and future _____.

Natural _____ Companies decide the _____ by _____ patterns _____ usage.

How _____ Companies establish _____ bills using usage _____ gas use?

How do natural gas companies _____ the _____ analyzing usage _____ and _____ gas _____?

Is _____ possible for you to tell me how utility _____ monthly _____ per _____ and _____ demands?

_____ Gas _____ determine _____ monthly _____ billing by _____ and _____ gas consumption.

How do natural _____ fixed budget _____ based _____ consumption _____ usage?

_____ Gas companies can _____ the monthly budget by _____.

_____ show how _____ calculate fixed _____ budget billing _____ on usage?

_____ the amount for _____ monthly budget billing based _____ patterns _____ projected future _____ levels.

Natural Gas _____ determine _____ budgeting payment _____ patterns _____ gas use _____.

_____ monthly budget _____ with regards to predicted _____ consumption.

Natural Gas Companies determine monthly _____ using _____ and the _____ of _____.

_____ companies _____ on _____ monthly _____ when they look at _____ and _____ the future?

Is it possible _____ fixed monthly budget _____ based _____ usage and _____ future consumption?

_____ do Natural _____ Companies _____ a _____ monthly _____ payment based _____ usage _____ gas consumption?

_____ gas _____ monthly budget charges based _____ the _____ past _____ and _____ consumption.

_____ possible _____ Natural _____ Companies to calculate the monthly _____ on _____ patterns and future _____?

The _____ determined by _____ gas _____ according _____ anticipated usage data and future _____.

Natural _____ providers _____ amount to be _____ fixed monthly budget _____ considering _____

Natural Gas _____ determine _____ monthly _____ usage patterns _____ future _____ consumption projections.

_____ do _____ the monthly _____ they look at _____ and _____ the future?

Are utility companies able to gauge _____ per _____ and projected natural gas _____ cycle?

_____ you _____ how utility _____ gauge fixed monthly _____ as per usage patterns _____ projected _____ demands?

Natural gas _____ determine _____ monthly budget _____ on _____ past usage _____ future _____.

_____ Gas _____ monthly budgeting payment _____ and projected gas _____

Is it possible _____ natural gas _____ establish _____ through _____ monthly _____ billing, _____ into account _____ trends _____ historical data

_____ Companies calculate the _____ budget _____ according to usage patterns _____ gas use.

Natural _____ the budget with usage _____ and future gas _____.

Natural _____ decide _____ monthly _____ payment _____ usage and _____.

_____ gas companies _____ monthly budget _____ usage _____ consumption _____ and future _____.

_____ Gas Companies determine _____ usage and _____ projections.

_____ Gas _____ determine _____ fixed monthly _____ billing by _____ pattern _____ gas consumption _____.
