

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Network connectivity and signal issues
Inquiry Sub-Category	Network security
Description	Customers seeking guidance and solutions for enhancing the security of their network, such as setting up firewalls, implementing VPNs, or addressing potential vulnerabilities.
Data Size	5,320 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What _____ consequences _____ not implementing _____ measures _____ telecom networks, _____ we _____ them?
 _____ are _____ consequences _____ telecom network _____ measures aren't _____?
 _____ are _____ we neglect telecom _____ security measures?
 _____ can _____ avoid _____ security _____ telecom networks?
 There _____ safety precautions for _____ systems.
 _____ we _____ use _____ network safeguards, _____ will _____?
 _____ are impacts _____ skimping _____ network _____.
 _____ prevent adverse implications from a network _____ secure?
 _____ you think _____ if security _____ implemented in telecom _____?
 Is there a _____ to _____ harm if _____ network _____?
 Is _____ way to _____ adverse implications associated _____ Network?
 What _____ the repercussions _____ don't _____ telecom _____ measures?
 _____ will _____ us _____ if we skip the _____?
 What _____ we _____ security in _____?
 _____ there a _____ prevent _____ from the _____ telecom security _____?
 _____ happens _____ we _____ telecom network _____?
 The _____ of _____ for _____ networks?
 How _____ we _____ failing to _____ telecom _____.
 _____ we ditch _____ security _____ networks, _____ will happen?
 _____ results of not _____ security precautions _____ systems?
 Can _____ offer _____ preventative measures if security measures _____ implemented _____ telecom _____?
 If we _____ telecom _____ happens?
 If _____ telecom network security measures, _____ do _____?
 What _____ be taken to _____ threats in _____?
 I _____ to know _____ a way _____ prevent harm from _____ telecom _____.
 The consequences _____ security in _____ telecom networks _____.
 _____ can we _____ telecom _____ from having _____?
 _____ you _____ overview _____ if security measures are _____ implemented _____ the telecom _____?

What _____ of avoiding _____ precautions on _____?
 _____ can we _____ from _____ network _____?
 _____ Insufficiently secured systems _____ communication _____?
 _____ will _____ when network security _____ taken _____ of?
 _____ aftermath of _____ network protection be _____?
 How can the _____ security being _____ be _____?
 _____ we _____ chaos if _____ abandon security _____ telecom networks?
 Are there _____ neglecting _____ telecom networks?
 How can _____ security neglect _____?
 _____ securing telecommunications infrastructures isn't _____ ramifications _____?
 _____ does a _____ of _____ affect _____ networks?
 _____ happen if _____ weren't protected?
 What _____ the results of _____ precautions _____ telecom _____?
 When _____ network _____ is not _____ up, _____ will _____?
 _____ overlook _____ security measures, _____ are the _____ repercussions?
 _____ there any consequence _____ safety _____ telecommunication systems?
 _____ if we _____ secure our _____?
 Do _____ if _____ safety _____ on telecommunication systems?
 _____ we _____ networks if we don't secure _____?
 _____ can neglect _____ in _____ networks cause _____?
 When _____ get rid _____ safety _____ the _____ sphere, what _____?
 When we ditch _____ in _____ telecom sphere, _____?
 _____ happen when _____ is not _____ in _____ networks?
 _____ we know the _____ not implementing _____ precautions in _____?
 Is _____ a way _____ stemming from _____ security carelessness?
 How do _____ sure that our telecom _____?
 What are _____ risks _____ there _____ safeguards _____ systems.
 _____ are _____ not implementing security _____ telecom systems?
 _____ are _____ of the _____ of _____ in telecom networks?
 _____ happens when _____ security isn't _____?
 _____ we _____ network security, what _____?
 If _____ ditch _____ networks, what _____ happen?
 _____ will _____ when _____ network security?
 _____ knows what will happen _____ we _____ protection?
 _____ will _____ when _____ do not have security measures _____?
 _____ you show us _____ security protocols _____ telecom networks?
 What _____ the _____ is _____ put into _____ networks?
 What _____ don't secure _____ networks?
 Can we _____ from happening if _____ skip _____ networks?
 There are potential repercussions if _____ overlook _____.
 How _____ can things _____ if there _____ proper _____ on _____ networks?
 _____ happen if we do not _____ telecom _____?
 _____ consequences for neglecting security _____ telecom networks.
 When security _____ are _____ implemented _____ telecom _____ the outcome?
 _____ we skip protecting telecom nets, _____?
 _____ lack of _____ measures _____ telecom networks?
 What _____ protect _____ telecom networks?
 Is there _____ negative consequence _____ telecom networks?
 How would _____ security _____ networks?
 How do _____ our _____ we don't secure _____?

_____ not implementing _____ telecom systems, _____ should _____ taken to _____ them?
 If _____ overlook _____ network _____ measures, what _____ the _____?
 Can you _____ us _____ of _____ security protocols for telecom _____?
 _____ we counteract _____ repercussions _____ of _____ network security measures?
 _____ if security measures in _____ networks _____ put in _____?
 _____ would happen if _____ ignored _____ for _____ networks?
 _____ happens if _____ telecom _____ protected?
 How _____ secured _____ harmful to _____ infrastructures?
 _____ consequences _____ precautions on telephones.
 _____ if _____ nets _____ protected?
 _____ steps should be _____ to _____ security _____ in _____?
 _____ should we _____ the repercussions _____ telecom network _____?
 What _____ be done _____ security _____ not being _____ in _____ systems?
 _____ happen if _____ have network _____?
 _____ measures in _____ networks are not implemented?
 _____ happens _____ there isn't _____ lines?
 How _____ the consequences _____ not _____ telecom network _____?
 If _____ skip _____ telecom _____ happen?
 Is _____ possible _____ minimize the _____ of _____ network _____?
 We don't know what _____ telecom networks.
 _____ is the _____ implementing security _____ in telecom _____?
 How _____ that if _____ are no _____ security _____?
 Are there _____ for _____ in _____ networks?
 There _____ negative _____ to neglecting _____ in telecom _____.
 _____ are the consequences _____ use _____ measures in telecom _____?
 _____ happen _____ telecom networks were _____ for _____ measures?
 When _____ neglect network _____?
 _____ if _____ have telecom _____ security?
 _____ there _____ security measures, what will _____?
 What happens _____ not _____ in telecom networks?
 _____ do _____ the potential consequences _____ implementing telecom network _____?
 _____ can we _____ avoid adverse consequences from _____ not secure?
 How will _____ network _____ by _____?
 _____ you give _____ overview _____ of neglecting _____ protocols _____ telecom networks?
 _____ the aftermath _____ skimping on network _____ efficiently?
 Is _____ possible to describe _____ neglecting security _____ networks?
 _____ happens _____ the telecom _____ are _____?
 What _____ we don't _____ networks _____?
 _____ consequences when _____ in telecom networks isn't _____?
 Do there _____ of _____ security _____?
 _____ measures for telecom _____ put _____ place, what will _____?
 _____ are _____ safety _____ for telecommunication systems.
 How can _____ telecom networks from going _____?
 What _____ if _____ telecom networks?
 What were _____ consequences of _____ implementing _____ precautions _____ telecom _____?
 _____ of security _____ can affect _____.
 _____ a negative consequence _____ by _____ telecom networks?
 If _____ don't _____ in _____ security _____ what can happen?
 The _____ precautions could _____ telecommunication _____.
 Do you _____ way to _____ from _____ implementing telecom _____?

____ is the ____ of ____ implementing security ____ in ____ system?
 Can ____ the outcomes if ____ are not ____ in telecom ____?
 What ____ happen if ____ no security ____ for ____?
 How can we stop the ____ security ____ telecom ____?
 ____ we ____ the ____ to implement telecom network ____ measures?
 There are ____ forgoing security ____ telecom ____.
 ____ can we ____ issues in ____ networks from ____?
 Is ____ possible to ____ or ____ the ____ of ____ network ____?
 ____ happens to telecom networks if ____?
 Is ____ possible ____ avoid adverse implications ____ insecure ____?
 Can ____ tell ____ if security ____ are not ____ in ____ telecom ____?
 ____ when ____ security ____ implemented?
 ____ the ____ exist ____ telecommunications infrastructures aren't ____?
 ____ security is neglected, ____ happen?
 ____ happens ____ measures are ____ put in telecom ____?
 ____ are ____ of security in telecom ____.
 ____ to ____ network security ____ we ____ it?
 The absence ____ precautions ____ affect ____.
 How ____ the ____ of security measures ____ network?
 ____ security measures ____ implemented ____ telecom networks, can ____ measures?
 How ____ we ____ telecom networks are ____?
 ____ you know what ____ neglecting ____ telecom ____ would be?
 So what ____ we don't bother ____ network ____?
 How ____ make ____ there ____ adverse implications from an insecure ____?
 Any ____ to ____ bad things from ____ security ____ telecom ____?
 ____ there a way ____ prevent harms ____ telecom ____?
 ____ will be the ____ leaving out security ____ in ____?
 What are the consequences ____ don't ____ security ____ in ____?
 ____ happens if security measures are ____ put ____ in ____?
 When ____ implemented in ____ networks ____ the outcomes?
 ____ we ____ security neglect ____ networks?
 If ____ don't ____ security ____ are the consequences?
 ____ happen if we ignore ____ measures ____ telecom ____?
 ____ should ____ protect ____ telecom networks ____ don't ____ them?
 ____ will happen ____ not used in telecom ____?
 What ____ to happen ____ telecommunication ____ is not ____?
 ____ don't put in ____ security ____ telecom networks ____ will ____?
 What ____ we ____ protect ____ network ____?
 ____ consequences ____ avoiding ____ precautions on telephones?
 Is it ____ repercussions ____ neglecting ____ protocols for telecom ____?
 If ____ do ____ place ____ for ____ networks, what will happen?
 ____ steps ____ taken to ____ systems from becoming ____?
 Do you know ____ repercussions ____ neglect ____ security protocols ____?
 What ____ the ____ when security ____ in ____ networks?
 How ____ security issues ____ the ____ networks ____ happening?
 ____ do we ____ our ____ are secured?
 Is it possible to ____ from being ____ in ____?
 What ____ security measures ____ telecom networks were ignored?
 ____ impacts ____ to skimping ____ telecommunication ____ defense.
 ____ will happen ____ security ____ networks if ____ are not ____?

_____ the loss of _____ measures?
 _____ security is ignored on _____?
 _____ happens _____ in telecom networks _____ ignored?
 Can _____ give an indication _____ security _____ implemented in the telecom _____?
 _____ we _____ not securing _____?
 _____ isn't implemented in _____ networks _____ outcomes _____ there?
 What _____ happen if _____ safeguards aren't put _____ telecom _____?
 _____ have _____ way to _____ harm _____ I _____ implement _____ network security?
 What are _____ is not _____ in _____ telecom networks?
 Is _____ repercussions when securing telecommunications _____?
 The results _____ ignoring _____ for telecom _____ be _____.
 _____ possible to _____ adverse implications _____ to an _____?
 _____ security measures _____ telecom _____ how _____ can _____ get?
 When _____ measures _____ aren't _____ what is the _____?
 What are the outcomes _____ implemented in _____?
 _____ would happen if _____ secure the _____?
 _____ suggestions _____ the _____ of neglecting security protocols for _____ networks?
 What _____ happen if _____ secure _____?
 How _____ we avoid _____ our _____?
 Is there a _____ to _____ from weak _____?
 _____ is _____ lack of _____ measures _____ telecom networks?
 _____ in _____ networks can _____ consequences.
 _____ security from being absent?
 _____ consequences if we don't implement _____ in _____?
 _____ ditch _____ the networks, what will _____?
 _____ you tell _____ of neglecting _____ for telecom _____?
 _____ if we don't put security _____ place _____?
 What will happen _____ telecommunication _____ security _____ taken _____ of?
 _____ the _____ telecommunications infrastructures aren't _____?
 If security measures in _____ not _____ can you _____ preventative _____?
 Do there _____ due to _____ security in _____?
 What _____ network security is _____?
 _____ can't _____ our telecom networks?
 _____ what would _____ if we _____ measures for _____ networks?
 What would _____ security on _____ is _____?
 _____ will happen if _____ our _____?
 What happens if _____ telecom _____?
 Do you have a _____ to _____ using _____ network _____?
 _____ happens when telecommunication _____ is not _____?
 How should _____ networks _____ don't?
 _____ if we _____ protect _____ networks?
 _____ when _____ network security _____ followed?
 Can you advise _____ measures _____ not _____ in place in telecom _____?
 What steps should _____ the _____ problems _____ telecom systems?
 _____ have _____ the _____ of neglecting security protocols _____ telecom networks?
 _____ will happen if _____ is _____?
 _____ you _____ if security measures aren't implemented in the _____?
 _____ know what will _____ if we _____ network _____?
 _____ can be _____ telecommunication _____ from being unheeded?
 _____ to _____ a situation _____ security measures exist?

_____ be done _____ the security issues _____ telecom _____?

There _____ consequences _____ measures in the _____ system.

_____ is going to _____ when telecommunication network _____?

_____ the _____ network protection be minimized or _____?

_____ prevent _____ with no telecom _____ measures.

When we _____ those safety _____ telecommunications _____ will happen?

What _____ if _____ ignore security on _____?

Can _____ give an overview _____ what will _____ measures _____ implemented _____ telecom _____?

How _____ we make _____ the _____ secure?

_____ consequences of unguarded _____ look like?

_____ prevent telecom _____ issues from happening?

_____ consequences when neglecting _____ in _____ networks?

_____ of no telecom security?

Any negative _____ of _____ security _____?

We don't know what _____ if _____ telecom networks.

_____ can we prevent _____ from occurring?

What _____ happen _____ don't _____ telecom _____.

What _____ the results _____ implemented in telecom _____?

_____ we counteract _____ we overlook implementing telecom _____ measures?

When _____ infrastructure lacks proper _____ what _____?

What _____ we stop using _____ in _____ sphere?

Did neglecting _____ telecom _____ consequences?

What _____ if _____ use _____ safeguards?

_____ could _____ to _____ security problems _____ telecom systems?

There may _____ way _____ from not implementing telecom _____.

_____ would happen _____ security measures _____ the _____ were _____?

Can you _____ of neglecting _____ telecom networks?

What preventive _____ if _____ are not protected?

Can you give _____ the _____ of neglecting _____ for _____ networks?

How bad _____ things _____ there is no _____ on _____?

_____ we _____ the _____ not implementing security in _____ networks?

_____ can we prevent the _____ of _____ security _____ telecom networks?

How _____ we avoid _____ onSecuring _____ telecom _____?

_____ consequences _____ be attributed to _____ in telecom networks.

_____ of _____ implementing _____ in the telecom networks.

What would happen if _____?

Implications _____ avoiding _____ on _____ systems?

_____ bad _____ things get _____ there is _____ on _____ networks?

What _____ skip protecting the _____?

_____ we neglect _____ network _____ what _____?

What happens _____ measures _____ not implemented _____ telecom _____?

Do _____ an explanation _____ consequences of _____ security _____ for telecom _____?

What _____ happen if _____ protect _____?

_____ can _____ make _____ there _____ no adverse _____ an insecure _____?

If _____ secure the telecom networks _____ we _____?

What are the consequences _____ not _____ the telecom _____.

_____ infrastructures isn't _____ there consequences?

There are negative _____ you _____ a _____ network.

What happens _____ we _____ bother _____ in _____ telecommunications sphere?

_____ could _____ neglect _____ network security?

____ there ____ security in telecom networks?
 ____ consequences for ____ security in ____ networks.
 What will happen ____ security ____ the ____?
 ____ miss protecting telecom nets?
 ____ are consequences ____ neglecting security ____ network.
 Can you give an ____ of the ____ networks ____ not implemented?
 What ____ if security ____ implemented ____ the ____ networks?
 ____ don't ____ the telecom ____ happens?
 What do you think ____ happen ____ security measures ____ ?
 How can we ____ the ____ not ____ in ____ networks?
 When ____ network security is ____ taken ____ ahead?
 ____ can ____ for neglecting security ____ telecom ____ .
 ____ consequences ____ safety precautions affect ____ telecommunication systems?
 ____ prevent ____ measures ____ being put in ____ telecom networks?
 ____ are the consequences ____ not ____ in a ____ network?
 ____ are ____ consequences of ____ security precautions in ____ ?
 Can ____ problems without security ____ ?
 What ____ if telecom ____ are ____ ?
 What ____ will ____ measures not ____ in telecom ____ ?
 ____ repercussions ____ avoiding safety ____ for telecommunication ____ .
 What happens when ____ security ____ care of?
 ____ there ____ a ____ to ____ not using telecom network ____ ?
 If ____ secure the telecom ____ how ____ it?
 How ____ we ____ of ____ in the ____ networks?
 What will ____ when the ____ network ____ ?
 ____ is the ____ of security ____ in ____ telecom ____ ?
 ____ are ____ outcomes ____ security ____ not ____ telecom networks?
 Do there consequences ____ safety ____ telephone ____ ?
 What ____ happen ____ measures for telecom ____ are ____ ?
 ____ you advise on ____ measures if ____ networks don't ____ measures ____ ?
 ____ the ____ when securing ____ are ignored?
 Can ____ tell us ____ consequences ____ security ____ for ____ networks?
 Can ____ the problem of ____ being ____ telecom ____ ?
 ____ are ____ avoid ____ precautions for telecommunication ____ .
 ____ neglecting ____ in the telecom networks from ____ ?
 ____ insufficiently secured ____ harm a ____ ?
 Any adverse ____ security ____ telecom ____ ?
 ____ can it be avoided when ____ infrastructure ____ ?
 ____ can we ____ adverse consequences ____ an ____ network?
 When ____ security is ____ enforced, ____ happen?
 ____ if ____ isn't ____ in telecom ____ ?
 ____ you know what ____ of ____ implementing security ____ systems are?
 ____ the ____ of a network that ____ secured?
 How ____ we counteract the repercussions ____ telecom ____ ?
 ____ the ____ telecom ____ do not have security in ____ ?
 If ____ don't ____ nets what ____ ?
 Can ____ be a way to ____ telecom network ____ ?
 How ____ not securing ____ networks?
 What ____ when security ____ not implemented in ____ ?
 ____ exist negative ____ for neglecting ____ in ____ networks?

What will _____ if _____ measures for _____ were _____?

Think _____ the consequences _____ precautions _____ telecommunication systems.

_____ security measures _____ implemented in _____ can you _____ preventative measures?

_____ security _____ in telecom networks are not _____ outcome?

_____ security _____ on the _____ networks _____ we avoid _____?

Can there _____ way to _____ from telecom _____?

_____ the _____ come _____ when telecommunications infrastructures _____?

What happens _____ we _____ keep _____ telecom _____?

_____ we avoid the _____ of not _____ security _____ in _____?

_____ we _____ Telecom nets, what _____?

What are _____ consequences _____ putting _____ security precautions _____ telecom _____?

How _____ systems hurt _____?

What _____ telecom _____ implement _____ measures?

In _____ skimping _____ network _____ can _____ be minimized?

_____ securing telecommunications infrastructures isn't prioritized?

How _____ avoid _____ our networks?

_____ do _____ counteract the _____ of _____ security measures?

_____ can _____ issues if we skip protecting telecom _____?

How _____ poor _____ affect _____ infrastructures?

_____ to counteract the aftermath of skimping _____?

What _____ no telecom _____ are taken?

What _____ be if we don't _____ telecom _____ security _____?

_____ counteract _____ if we ignore telecom network _____ measures?

_____ will _____ when the network security is _____?

_____ we prevent security in _____ from going _____?

There _____ consequences attributed _____ security in _____.

Is _____ prevent harm _____ by not _____ telecom network _____?

There are _____ consequences _____ the telecom networks.

What if _____ in place _____ measures for _____ networks?

There _____ of _____ safety precautions _____ telecommunication systems.

_____ we prevent security _____ telecom networks _____?

_____ no telecom _____ measures _____ taken, _____?

_____ telecommunication network _____ is not done?

How can _____ prevent _____ telecom _____?

The implications _____ telco systems

_____ get _____ of _____ measures _____ telecommunications, what happens?

Is there a way to _____ networks _____?

_____ we prevent the _____ not implementing security _____ telecom _____?

_____ we _____ the _____ measures from being _____?

_____ can lack _____ harm communication _____?

_____ we prevent the consequences of _____ implementing _____ telecom _____?

How could insufficiently secured _____?

_____ a negative consequence of neglecting _____ the _____?

What are the consequences if _____ put _____?

_____ should _____ prevent _____ issues _____ the telecom system?

What _____ we don't put _____ place _____ telecom networks?

Do _____ be _____ downside _____ ignoring _____ security?

_____ when you don't _____ in phone _____?

_____ avoid consequences _____ a _____ is not secure?

_____ we didn't _____ nets, what _____?

Do you know any _____ security in _____?
 _____ we avoid the problem if _____ is _____?
 _____ securing _____ isn't _____ are _____ consequences?
 _____ we don't put _____ place security measures _____ telecom _____?
 When we _____ measures _____ telecommunications _____ what _____?
 _____ think _____ is _____ effect of _____ security in telecom _____?
 _____ there a _____ harm if you _____ not implement _____ security?
 How _____ secured systems _____ communication _____?
 There can _____ consequences of avoiding _____ systems.
 What _____ happen _____ network security _____?
 What are _____ if security _____ implemented _____ telecom _____?
 _____ should _____ done to _____ security concerns in _____?
 _____ are implications forgoing _____ measures _____ industry.
 What _____ when we neglect?
 What _____ happen if no telecom security _____?
 What _____ consequences when security isn't _____ telecom _____?
 _____ there _____ to _____ harms _____ not implementing telecom _____ security?
 What _____ outcomes when _____ is not _____ networks?
 _____ neglect _____ network security, what _____?
 When securing telecommunications infrastructures _____ the _____ exist?
 Do _____ advice _____ if security measures are _____ the telecom networks?
 What _____ be _____ to _____ security measures _____ being _____?
 What _____ we _____ prevent the consequences _____ security _____?
 What are _____ consequences _____ implementing _____ in _____ systems.
 _____ can _____ get, _____ proper _____ on telecom networks?
 Whatcha _____ when _____ ditch _____ safety _____ the _____ sphere?
 What _____ be _____ effects _____ ignoring security _____ telecom _____?
 _____ be the _____ of leaving security measures _____ in _____?
 How are insufficiently secured _____?
 What _____ network security is _____?
 _____ can be _____ prevent bad _____ on telecom _____?
 Any _____ to _____ negative _____ from carelessness _____ security?
 How can it _____ if _____ telecom _____ secured?
 _____ avoid a situation in which we _____ networks?
 When security _____ not implemented in _____ outcomes _____?
 How can _____ without _____ security on _____ networks?
 What is the _____ implementing _____ telecom systems?
 _____ is _____ what is ahead?
 _____ a way _____ outcomes _____ to telecom security?
 What _____ network security is _____ secured?
 What are the _____ safeguards aren't _____ place _____ systems?
 Is _____ possible _____ harms from _____ implementing telecom _____?
 _____ the consequences of _____ protecting _____ networks _____ like?
 There _____ of neglecting _____ networks.
 How can insufficient _____?
 _____ if _____ security _____ are absent?
 _____ you _____ the _____ not _____ security _____ in the telecom _____?
 Are _____ tips to _____ issues _____ skip _____ telecom _____?
 _____ are _____ from _____ the telecommunication network _____.
 _____ can _____ prevent _____ telecom networks?

If _____ telecom _____ measures _____ not put in _____ ?
 _____ steps _____ to be taken _____ issues in telecom _____ ?
 What _____ when we don't _____ ?
 _____ fail to secure _____ telecom _____ what _____ ?
 Can we prevent the _____ we ditch _____ networks?
 Can _____ prevent _____ in telecom _____ from _____ skipped?
 There _____ repercussions _____ avoiding _____ on telecommunication _____.
 _____ of _____ not being _____ in the telecom networks?
 What happens if security _____ the _____ ?
 What _____ should be taken in order _____ in _____ ?
 If we _____ protect _____ happens?
 _____ there _____ way _____ prevent _____ not implementing _____ network _____ ?
 _____ are _____ of neglecting security protocols _____.
 What _____ consequences of not installing security _____ ?
 _____ await those _____ disregard telecom _____
 _____ could _____ we don't put in place _____ telecom _____ ?
 _____ happens when _____ measures _____ in the networks?
 _____ if there is _____ telecom security _____ ?
 _____ neglecting security _____ telecom _____ repercussions?
 _____ may be _____ neglecting security _____ networks.
 _____ we face _____ we _____ implement network security?
 _____ would happen _____ do not secure _____ ?
 There _____ of forgoing security _____ in _____ industry.
 _____ we avoid _____ where telecom networks _____ secured?
 _____ we abandon _____ safety _____ telecommunications, _____ happens?
 What _____ isn't _____ in _____ networks?
 _____ insufficiently _____ systems harm _____ infrastructures?
 _____ a _____ to avoid negative _____ from lack _____ telecom _____ controls?
 _____ consequences await _____ telecom _____ safety
 _____ consequences of _____ safety _____ on telephone _____.
 Is there _____ of _____ precautions _____ systems?
 _____ there a consequences _____ avoiding _____ telecommunication systems?
 _____ to _____ not having _____ security _____ ?
 _____ skimping on network protection _____ mitigated?
 How _____ the _____ on network protection be _____ ?
 _____ if _____ telecommunications infrastructures isn't _____ ?
 _____ are the _____ networks aren't _____ ?
 _____ can _____ harm communication infrastructures?
 _____ you _____ about _____ repercussions of ignoring _____ protocols _____ telecom _____ ?
 _____ are consequences if _____ network security measures.
 _____ consequences of not having _____ measures in _____ ?
 _____ telecommunication _____ is _____ what _____ ahead?
 What happens _____ don't bother _____ the _____ in _____ ?
 Do we _____ a way _____ from _____ insecure Network?
 _____ the _____ skimping _____ network protection _____ avoided _____ mitigated?
 _____ if there isn't adequate _____ telecom systems?
 _____ security _____ networks result in _____ consequences?
 How might _____ systems harm _____ ?
 There _____ ramifications when _____ a priority.
 How do we _____ of not _____ security measures?

How bad can _____ get if there _____ the _____ networks?

Do you know _____ are of neglecting _____ networks?

_____ we have _____ we _____ telecom nets?

Is _____ a _____ to prevent _____ without _____ security on _____?

_____ happens _____ don't guard _____ telecom _____?

What _____ occur _____ safeguards _____ in _____ for telecom _____?

_____ when _____ measures are _____ for telecom networks?

What can we _____ if we _____ telecom nets?

When _____ proper defenses, _____ can it be _____?

The _____ of _____ measures _____ telecommunications _____?

What _____ happen _____ don't _____ networks.

If _____ for _____ networks _____ not _____ what will happen?

_____ consequences of avoiding _____ on _____ exist?

_____ are the results _____ not _____ telecom systems?

_____ can _____ the _____ of _____ networks _____ being neglected?

_____ will _____ precautions affect _____ systems?

If security _____ ignored _____ we avoid it?

Security _____ can have consequences.

_____ there _____ way _____ avoid adverse implications caused _____ network?

_____ prevent _____ network _____ without security _____?

Is _____ a _____ to _____ your _____ network?

Should there _____ a _____ to prevent _____ network security?

The _____ security _____ in _____ networks

Is _____ way to _____ harm from _____ telecom network _____.

What happens _____ secure _____ networks.

What happens _____ not put in _____ networks?

How _____ we _____ security _____ being neglected _____ the _____?

_____ we stop telecom network security _____?

There _____ from skimping _____ telecommunications _____.

There _____ implications _____ forgoing security _____ a telco _____.

How can _____ prevent harm _____ not _____ network _____?

Can _____ of _____ protection _____ minimized or counteracted _____?

What _____ consequences of not _____ security _____ in _____ telecom _____?

What _____ should be _____ to _____ in _____ systems?

_____ are _____ consequences when _____ have security?

There _____ don't implement _____ network security measures.

What can _____ to _____ implications _____ an unsafe _____?

How _____ things get without _____ security _____ networks?

_____ we know _____ happen _____ we don't secure _____?

What could happen _____ the _____ nets?

_____ consequences _____ neglecting _____ networks are preventable

_____ there drawbacks _____ ignoring telecom _____?

There _____ ramifications _____ forgoing _____ measures in _____ system.

Is _____ a _____ for neglecting security _____ telecom _____?

Do the _____ securing telecommunications _____ are _____ prioritized?

_____ implementing network security, _____ we _____ to _____?

How can _____ avoid _____ not _____?

Are _____ ways to avoid adverse _____ from _____?

_____ happen when _____ security _____ done?

Can _____ an _____ of _____ repercussions _____ neglecting _____ for telecom networks?

What are ____ results ____ not putting ____ in ____?

____ we protect ____ in ____ networks?

____ the ____ of ____ security measures for ____ networks?

The aftermaths and ____ of ____ safeguards in ____

Is ____ safety precautions ____ systems ____?

Is it ____ on preventative ____ security measures are not ____ into ____?

How ____ telecom networks ____ secured?

Any ____ to prevent ____ outcomes ____ the carelessness of ____?

Can we ____ if ____ security ____ in the networks?

____ there a way ____ prevent ____ implementing telecom network ____.

____ consequences ____ safety precautions on ____.

____ will ____ network ____ isn't enforced?

____ can ____ avoid ____ to secure ____?

____ the ____ are not protected?

Is ____ minimize the aftermath of skimping ____ protection?

How can we ____ telecom ____ from being neglected?

____ is not ____ what ____ happen?

Is there ____ avoiding ____ precautions ____ systems.

____ ramifications ____ telecommunications infrastructures aren't ____?

____ telecom networks are not ____?

____ don't ____ telecom ____ can happen?

____ can ____ ignoring security ____ telecom ____?

____ you prevent ____ from happening without ____ security ____ networks?

____ skip protecting ____ will happen?

____ what will happen if ____ use ____ network ____?

____ you know the consequences ____ neglecting security ____?

How ____ we ____ out on ____ security?

What happens ____ security is ____?

If we ____ bother ____ safeguards, ____ happen?

____ happens ____ telecom networks do ____ security in ____?

How ____ we ____ negative outcomes ____ to ____ controls?

Tips to ____ issues, what if ____ telecom ____?

____ we ____ telecom networks ____ don't?

Is there ____ downside ____ security ____ telecom ____?

How do ____ telecom ____ if we ____ secure ____?

____ the ____ we ____ telecom network security measures?

What ____ there ____ avoiding safety precautions ____ telecommunication ____?

What happens when security ____ not ____ in ____?

____ do we ____ telecom networks ____ secure them?

Is ____ way to ____ harm if telecom network ____?

____ we neglect ____ security, ____ would ____?

How ____ the consequences of not ____ measures ____ the ____ network?

How ____ we avoid ____ don't ____ the telecom ____?

____ happens when ____ measures in ____ not ____ place?

____ happen if ____ our network?

Are ____ any ____ security in telecom networks?

____ of ____ security measures ____ systems.

____ inadequate secured systems ____ infrastructures?

What steps ____ be taken ____ the occurrence ____ problems ____ systems?

How bad can ____ proper ____ telecom networks?

_____ neglect telecom network security.

_____ the _____ of skimping on telco _____ protection _____ or _____?

_____ we ditch _____ safety _____ in the _____ sphere, _____?

_____ forgoing _____ measures in telecommunications _____.

How _____ we counteract _____ we ignore _____ network _____ measures?

_____ there _____ security measures, what _____ happen?

What _____ the results of _____ implementing _____ precautions _____ telecom _____?

_____ can _____ avoid _____ securing the _____?

_____ there are _____ telecom security _____.

_____ for _____ security in telecom _____?

_____ securing telecommunications infrastructures _____ do _____ exist?

When we _____ safety _____ in the telecommunications _____?

_____ in telecom networks isn't _____?

_____ we _____ ignored _____ on _____ networks?

_____ implement security precautions _____ and _____ can _____ done to prevent _____?

_____ can things get _____ there is _____ telecom networks?

How will _____ security _____ the _____?

_____ the _____ when security is _____ implemented in _____?

_____ ditches _____ in telecom _____ what _____ happen?

_____ happens _____ no _____ security _____ used?

How _____ we avoid preventing _____ networks from _____?

If we _____ secure the telecom networks, _____?

_____ happen _____ neglect _____ network security?

What _____ the impact _____ leaving _____ in telecom _____?

If we _____ secure our _____ will _____?

_____ you _____ the effects _____ security in _____ telecom _____?

What _____ the _____ not implementing security _____ for _____ systems _____?

_____ there isn't telecom security _____?

What _____ results of not _____ in _____ telecom systems?

_____ prevent _____ consequences of _____ security in telecom _____?

_____ to prevent the chaos if security _____ are removed _____?

What _____ things from occurring without _____ security _____ telecom networks?

How are _____ networks _____ by _____ security measures?

_____ are _____ results _____ security isn't _____ in _____ networks?

How _____ hurt communication infrastructures?

_____ tell _____ the repercussions _____ neglect _____ protocols for telecom networks?

_____ not implement _____ telecom _____ what steps should _____ taken _____ prevent _____?

_____ can _____ done to _____ no _____ measures _____ happening?

_____ security measures in _____ aren't put in _____?

What _____ if _____ don't _____ the _____.

_____ implemented in telecom _____ what will happen?

The consequences _____ safety _____ on _____.

What _____ happen _____ put _____ place security for the _____?

_____ you _____ a _____ prevent _____ from _____ implementing network security?

How can _____ consequences _____ implementing _____ in our telecom _____?

Do _____ ramifications happen _____ telecommunications infrastructures _____ prioritized?

_____ it possible _____ prevent the _____ if _____ security in _____ networks?

_____ would happen _____ measures for _____ networks _____ ignored?

_____ do inadequate secured _____ communication _____?

When _____ safety _____ the telecommunications _____ what happens?

_____ there a way _____ avoid _____ from _____ telecom network _____?
 What _____ consequences if _____ is _____ in _____ networks?
 _____ can we _____ if we don't _____ networks?
 _____ prevent the _____ of not _____ security _____ the telecom _____?
 _____ are any effects of _____ telecom _____?
 What _____ our _____ networks _____ not secured?
 Do _____ have _____ preventative measures _____ measures are _____ implemented in the _____?
 _____ there a negative _____ telecom _____ security?
 _____ absence _____ precautions _____ telecommunication networks.
 How do _____ counteract the _____ if _____ security _____?
 _____ bad _____ things _____ there are _____ measures on _____ networks?
 What _____ we _____ protect _____ networks?
 _____ happens if _____ securing _____ networks?
 _____ security _____ put in _____ networks, _____ are the _____?
 _____ happens if there _____ measures?
 How _____ security _____ from _____ implemented in _____ networks?
 How _____ get _____ there isn't _____ security on the _____?
 _____ security _____ not _____ what is the outcome?
 What _____ telecom security _____ are _____ put in _____?
 _____ happens when we don't _____?
 _____ exist if securing telecommunications _____ prioritized?
 How _____ we _____ not _____ networks?
 Do you _____ ramifications of _____ for telecom _____?
 _____ the consequences _____ neglecting security protocols _____ networks?
 _____ we _____ that _____ telecom networks _____ secure?
 _____ happens _____ we don't ensure _____?
 Is _____ a _____ to prevent _____ you do _____ telecom _____ security?
 _____ we _____ security _____ telecom networks?
 _____ do _____ protect the _____ nets, _____ happens?
 If security measures for _____ were _____ happen?
 What _____ we _____ the telecom _____?
 If _____ safeguards, _____ will happen?
 Can the _____ of skimping _____ protection be _____ efficiently?
 _____ might _____ if _____ secure our _____ networks?
 What _____ consequences of avoiding safety precautions _____?
 There _____ consequences _____ security in telecom _____.
 _____ you know _____ adverse effects of neglecting _____ telecom _____?
 How will omitting _____ networks?
 _____ are _____ consequences of _____ network security measures.
 _____ protect _____ nets _____ we don't?
 _____ security measures for _____ networks are _____ place?
 _____ are _____ of _____ security _____ telecommunication systems.
 _____ happen if telecom _____ measures?
 Do there _____ of _____ when using _____ systems?
 What _____ the _____ of _____ security precautions in _____ telecom _____?
 _____ is _____ result _____ ignoring _____ measures _____ telecom networks?
 _____ you _____ the consequences of neglecting _____ for _____ networks?
 _____ do _____ endanger _____ networks?
 _____ we make sure _____ our telecom _____ are _____?
 _____ ways _____ prevent harm _____ not _____ telecom network _____?

_____ we counteract _____ repercussions if _____ telecom network security _____?

What _____ be taken _____ prevent _____ security problems?

_____ we don't _____ what will _____?

_____ if _____ ignored on _____ telecom _____?

What are _____ of neglecting security _____ the _____?

What _____ if _____ is in _____?

_____ we avoid _____ telecom networks?

What are _____ adequate safeguards _____ put in place _____ systems?

What happens if _____ security?

What _____ if _____ don't _____ in place _____ telecom networks.

Are _____ consequences _____ protocols for telecom _____?

Is there _____ avoiding safety precautions on _____?

_____ are the effects _____ security _____ in _____ telecom systems?

_____ steps should _____ to _____ security issues _____ Telecom _____?

What _____ our _____ networks _____ secure?

_____ it _____ to avoid _____ from a _____ that's _____?

_____ consequences of not having _____ precautions _____ the telecom _____?

_____ there be negative _____ neglecting _____ in telecom _____?

_____ will _____ if we don't _____ network security _____?

Do you _____ way _____ prevent _____ from _____ using _____ security?

What _____ if _____ telecom security _____ are put _____?

_____ insufficiently secured systems _____ communication _____?

_____ happens when telecommunication _____ security _____?

_____ the _____ of not implementing _____ in telecom _____?

How _____ prevent _____ security in telecom networks _____?

How _____ affect telecom networks?

Do the _____ if _____ infrastructures _____ not secured?

_____ should be done to _____ security _____ telecom _____?

_____ can we _____ of _____ securing our _____ networks?

Not implementing network _____ results _____ strategies _____?

Is it _____ hurt _____ we skimp on telecom _____?

Do _____ happen when _____ are _____ secured?

What _____ there is _____ telecom _____ security?

Implications _____ forgoing _____ measures in _____.

What _____ secure our telecom _____?

_____ can be done to _____ if we _____ put _____ place _____?

Do _____ know if _____ of _____ can _____ minimized or counteracted?

How _____ we counteract _____ telecom network _____ measures?

_____ know about the consequences of _____ telecommunication systems?

What happens _____ we _____ protect _____?

There _____ of _____ measures in telco _____.

_____ the consequences _____ when securing telecommunications _____?

_____ there _____ negative _____ stemming _____ slack telecom security controls?

_____ happen when security _____ telecom networks are _____ in _____?

How _____ counteract _____ network security _____ we neglect to _____?

_____ happens _____ network _____ isn't _____?

_____ skip _____ telecom networks, can we stop _____?

What _____ if we _____ networks?

What happen _____ don't _____ telecom _____?

Do the _____ arise _____ securing _____ isn't _____ priority?

How _____ hurt _____ communication infrastructures?

How _____ we _____ measures _____ being _____ out of telecom _____?

_____ we don't _____ place security _____ networks, _____ happen?

_____ we _____ security _____ networks, what _____?

_____ outcomes _____ security _____ implemented in the telecom _____?

When _____ neglect _____ what _____?

When we ignore _____ happen?

_____ can _____ a _____ where we _____ securing our _____ networks?

Are _____ consequences _____ security in telecom _____?

What _____ do _____ the consequences _____ security _____ telecom networks?

_____ happens when _____ put _____ telecom networks?

_____ drawbacks to _____ security _____ networks.

What _____ be _____ prevent _____ from _____ implemented in _____ networks?

What _____ happen when telecommunication network _____ looked _____?

_____ can _____ telecommunication _____ security _____ taken care of?

_____ repercussions can _____ if we _____ telecom _____ security _____?

_____ don't _____ telecom _____ what happens?

There are negative _____ when _____ networks.

_____ will happen _____ security measures _____ not _____ the _____ networks?

_____ protect the _____ what happens?

Do _____ exist if _____ infrastructures _____ not prioritized?

_____ precautions _____ telecom _____ be _____ but _____ steps _____ be taken to prevent _____?

How _____ our _____ networks if _____ skip _____ them?

_____ steps should be _____ prevent unauthorized _____ telecom _____?

How _____ we _____ telecom networks _____ deficient?

How can we _____ the _____ of _____ in _____ networks?

_____ a _____ to _____ the aftermath of _____ network protection?

_____ the chaos if we ditch _____ telecom _____?

_____ don't secure _____ telecom _____ happens?

_____ protect telecom _____ from security _____?

Can _____ repercussions _____ security protocols for telecom _____?

_____ to _____ networks can _____ consequences.

Do _____ consequences for _____ telecommunication systems?

_____ can _____ the security _____ our telecom _____?

If _____ network security _____ are the repercussions?

_____ if our networks are _____?

What would _____ to telecom networks _____ ignored?

Are there _____ security in _____ networks.

How _____ neglect _____ security in telecom _____?

What _____ consequences _____ isn't used in telecom _____?

_____ will _____ we _____ put _____ measures in place for _____?

When we _____ telecom network _____ what _____?

What _____ for telecom networks _____ ignored?

_____ happens if _____ stop protecting _____?

_____ don't _____ networks how will we avoid _____?

Is _____ possible to prevent the _____ security measures _____ telecom _____?

What _____ we _____ prevent harm _____ implementing _____ network security?

_____ telecommunication _____ is _____ kept up, what will _____?

What _____ if we _____ with the _____ safeguards?

Are _____ to _____ security _____ telecom networks?

What can we ____ to ____ not being ____ in ____?
 ____ there a ____ to ____ implications ____ unsafe Network?
 There are ____ infrastructures isn't ____.
 ____ there any way ____ prevent negative outcomes from the ____?
 Any ____ to ____ outcomes from ____ telecom ____ controls?
 If ____ secure ____ will happen?
 ____ is going to ____ telecommunication ____ is neglected?
 ____ consequences ____ implementing security in telecom ____ unknown.
 What ____ the risks if there ____ telecom ____?
 How bad ____ proper ____ on telecom networks?
 When security isn't implemented ____ will ____?
 How ____ avoid the ____ if ____ don't ____ networks?
 ____ a ____ to ____ outcomes ____ carelessness with telecom ____ controls?
 Do the ramifications exist ____ securing telecommunications ____?
 ____ downsides ____ ignoring ____ network security?
 ____ be a way to ____ security isn't implemented?
 ____ inadequate security ____ infrastructures?
 ____ to prevent ____ telecom ____ measures ____.
 What ____ outcomes ____ security isn't ____ in ____ networks?
 Do ____ attributed to ____ in telecom ____?
 ____ are the ____ if there ____ adequate ____ for ____ systems?
 How ____ we ____ the consequences ____ not ____ security ____ the telecom ____?
 If we ____ networks, ____ would happen?
 What will ____ don't ____ networks?
 ____ happen ____ security measures for ____ are ignored?
 ____ can ____ prevent ____ of not ____ security in ____ telecom ____?
 What are ____ of telco ____ lacking ____?
 So what will happen ____ don't ____?
 Can ____ on preventative ____ the security measures ____ implemented ____ telecom ____?
 ____ are ____ consequences ____ not implementing ____ the telecom ____?
 ____ we don't put ____ place security for ____ networks, ____?
 ____ repercussions of ____ security protocols ____ networks.
 ____ are no ____ security ____ what ____?
 ____ keep telecom network ____ from ____?
 When the ____ infrastructure ____ proper ____ are the ____?
 ____ not implement security ____ systems and ____ steps ____ taken?
 What happens ____ security measures ____ implemented ____ networks?
 Tell me about ____ repercussions ____ neglecting ____ protocols ____.
 When ____ infrastructures ____ not priority, do the ____?
 ____ we ____ secure telecom networks?
 How should ____ counteract the ____ not implementing ____ measures?
 ____ you ____ any effects of neglecting ____ telecom ____?
 ____ do ____ about the consequences of ____ implementing ____ in ____ telecom ____?
 ____ security measures in telecom ____ what will ____?
 ____ security ____ not ____ in ____ in ____ networks, what happens?
 What happens ____ the ____ on ____ is ____?
 How ____ we ____ measures from ____ being implemented?
 Can we ____ the loss ____ the ____ networks?
 ____ telecommunication network ____ is not ____ happen?
 ____ the ____ exist ____ securing telecommunications infrastructures is ____?

_____ for telecom networks were _____ what would the _____?

_____ the consequences exist _____ telecommunications infrastructures _____?

If we don't secure _____ networks, _____ avoided?

What happens if we _____.

_____ of _____ security in _____ network?

_____ be _____ security problems in telecom systems _____ implementing _____ precautions?

_____ to avoid _____ implications when a network is _____?

_____ avoid _____ we don't secure _____ telecom networks?

_____ prevent _____ from becoming serious?

What _____ should be _____ to _____ in telecom _____?

Can _____ security in _____ networks?

_____ are _____ security precautions in telecom systems _____ what steps should be taken _____?

What will _____ telecommunication _____ security _____ addressed?

_____ prevent potential _____ without security _____?

_____ do _____ of ignoring _____ network security measures?

Do the consequences _____ when _____ telecommunications _____ are _____?

_____ you have any suggestions about the _____ for _____ networks?

What _____ done _____ avoid issues if we don't _____ in _____?

_____ there negative _____ of _____ telecom networks?

_____ happens if _____ protect our _____?

_____ does _____ telecom network security _____?

What _____ consequences _____ security _____ being _____ in telecom _____?

How _____ we prevent the _____ security measures _____ Telecom _____?

What _____ security _____ implemented _____ networks?

_____ can _____ prevent _____ in telecom networks _____ happening?

_____ can _____ measures _____ networks prevent bad _____?

_____ to neglecting _____ in _____ telecom networks?

_____ what happens _____ we _____ network _____?

_____ can insufficiently secured _____ communication _____?

Is _____ way to _____ not _____ telecom network security?

_____ can _____ in telecom networks?

_____ can we prevent neglecting _____?

What _____ going _____ if _____ don't implement _____ security?

_____ to avoid _____ outcomes _____ the lack _____ telecom security controls?

There _____ telecom _____ not being taken care of.

_____ telecom _____ affected by _____ security?

_____ there a way _____ harm if _____ don't _____ network _____?

_____ will _____ avoid _____ we _____ protecting telecom nets?

What _____ network _____ is unheeded?

What happens if telecom _____?

_____ the _____ of not _____ measures _____ telecom networks?

Is there a _____ harm from not implementing _____?

If we don't _____ telecom _____ do _____ that?

_____ a way to _____ adverse _____ network that's insecure?

What _____ happen _____ we _____ secure _____ networks?

_____ consequences of neglected _____ networks.

_____ the _____ of the lack of _____ measures in _____?

How can we prevent _____ measures _____ in _____?

_____ are _____ repercussions _____ not implementing telecom _____ security _____.

There are ramifications _____ telecommunications _____.

What do _____ in _____ security for the networks?
 _____ we _____ safety _____ in telecommunications, _____ happen?
 How _____ things get without _____ networks?
 _____ you _____ of any adverse _____ of _____ security _____ telecom _____?
 _____ there an _____ effect _____ neglecting _____ telecom networks?
 _____ consequences _____ neglecting security in _____ networks?
 How do we avoid a _____ where _____?
 If _____ measures in _____ networks are _____ implemented, can _____ preventative _____?
 _____ there _____ to _____ maintaining telecom _____ security?
 _____ avoid if _____ don't _____ networks?
 What happens _____ network security _____?
 _____ should be _____ to _____ security _____ the _____ systems?
 Do there _____ on phones?
 Does _____ in _____ have _____ effects?
 When we _____ what _____ happen?
 Can _____ of _____ on network protection be _____ more _____?
 _____ do we avoid _____ problem of _____ networks?
 _____ network _____ is not implemented, _____ will _____?
 _____ avoid failing to _____ our _____ networks?
 What _____ security is _____ implemented in _____?
 Is _____ a _____ to avoid negative _____ inadequate _____ controls?
 What _____ be _____ if security measures are _____ telecom _____?
 _____ an idea _____ the outcomes if _____ are not _____ in _____ telecom _____?
 There may be _____ neglecting security in _____.
 Telecom networks that are _____.
 _____ do you think _____ security _____ for telecom _____ ignored?
 What _____ the effects of _____ security _____ networks?
 _____ may _____ adverse effects _____ neglecting _____ in telecom _____.
 There _____ security measures in _____ systems.
 What happens _____ ignore _____ network _____?
 _____ would happen _____ telecom _____ security?
 _____ be _____ for _____ security _____ telecom networks?
 _____ possible negative consequences _____ neglecting _____ telecom networks.
 What steps _____ be _____ to _____ problems _____ telecom _____.
 What steps _____ taken _____ security _____ telecom systems?
 What will _____ network security is _____ upon?
 When we neglect _____ can _____?
 _____ telecom networks _____ not have _____ in place, _____?
 How _____ going to _____ no telecom _____?
 The _____ neglecting security _____ telecom _____ unknown.
 _____ you _____ me _____ will _____ are not implemented _____ telecom networks?
 _____ stop the _____ of _____ measures _____ the telecom _____?
 _____ neglect security _____ telecom networks, _____?
 How do _____ security in _____ being skipped?
 How do we counteract the _____ not _____ measures?
 What _____ be taken to _____ security _____ telecom systems after _____ precautions?
 _____ if we _____ the network?
 _____ we _____ security _____ in _____ telecom networks, _____ will _____?
 Do there consequences _____ safety _____ Telecommunications _____?
 _____ we do to _____ adverse implications _____ insecure _____?

What _____ consequences _____ security _____ telecom _____ being implemented?

_____ will _____ if we _____ use _____?

What would _____ the consequences _____ in _____ networks?

_____ comes after _____ security _____ notheeded?

Is there a way _____ when not _____ telecom _____?

_____ a way _____ negative outcomes from carelessness _____ telecom _____?

_____ are the consequences if telco _____?

_____ bad can _____ get _____ no proper _____ the network?

What _____ the _____ if _____ don't implement telecom _____?

What would happen _____ we _____ in _____ security _____ networks?

_____ give _____ of the outcomes _____ security _____ are not _____ in _____ telecom _____?

_____ can _____ negative _____ related to telecom security _____?

When we _____ what could _____?

_____ are _____ consequences _____ security is _____ in _____ telecom networks?

Can _____ stop _____ skip security _____ the telecom _____?

_____ are the _____ of telecommunication _____ security _____?

What is _____ of the _____ measures _____ telecom networks?

_____ avoiding safety precautions on _____ systems.

_____ we _____ secure our _____?

_____ there _____ way to avoid _____ outcomes from _____ carelessness _____ controls?

_____ you tell _____ what _____ happen if _____ measures _____ not implemented _____ networks?

_____ can _____ prevent security in telecom _____ being _____?

_____ is the _____ of leaving _____ measures _____ telecom _____?

Do _____ know _____ effects of neglecting _____ in _____?

Impacts of _____ telecommunication _____

Are there negative _____ neglecting _____ in _____?

Implementing _____ results _____ avert _____?

_____ detrimental is the _____ security measures to _____?

_____ are repercussions _____ we overlook _____ network security _____.

What _____ when _____ isn't followed?

Do _____ of neglecting security _____ networks _____?

There are possible consequences _____ telecom _____.

_____ a consequence of _____ protocols _____ telecom networks?

Are there _____ of _____ security in the _____?

If _____ put in place security for _____ network, _____?

When _____ security, what happens?

What _____ telecom _____ have security _____?

_____ prevent _____ network issues _____ security measures?

_____ can things _____ on telecom networks?

_____ if security measures in _____ telecom _____ aren't _____?

What happens to _____ if _____ secure _____?

_____ telecom network _____ from being neglected?

What happens _____ in the telecom _____?

_____ you have _____ about the _____ neglecting _____ protocols for telecom _____?

Implications of neglecting _____.

How do we avoid _____ if _____ don't _____?

_____ we neglect _____ security, what _____?

What happens _____ measures are _____ in _____?

_____ will happen _____ overlook _____ network security _____?

_____ we don't _____ the _____ what will _____?

_____ prevent _____ of telecom security?

How _____ on protecting our telecom networks?

Impacts from not _____.

How can _____ avoid missing _____ our telecom _____?

Is it possible _____ being skipped _____ telecom networks?

_____ can _____ secured _____ harm _____?

How _____ we protect _____ from security _____?

Is _____ possible _____ aftermath of skimping _____ network _____ minimized or _____?

There _____ adverse _____ of _____ security in _____.

What _____ do _____ our telecom networks _____?

How _____ we counteract _____ repercussions of overlooking telecom _____?

How should _____ our _____ networks if _____ it?

If _____ put _____ for telecom networks, what would _____?

_____ give an idea of _____ if security _____ in telecom _____?

_____ there _____ to _____ implications _____ result of an insecure network?

_____ do _____ telecom _____ to consequences?

Will _____ lack _____ security _____ networks?

What are _____ when security isn't _____ telecom _____?

Can you tell _____ repercussions of _____ following security _____ networks?

Is _____ any _____ safety precautions for _____ systems?

What _____ when we _____ telecom _____

_____ would _____ results _____ security for telecom networks?
