

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Privacy and security concerns
Inquiry Sub-Category	Network security and malware
Description	Customers seeking guidance on how to protect their devices and data from malware, viruses, or hacking attempts when connected to the mobile network or using mobile internet services.
Data Size	5,036 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Is updating ____ device's security ____ regularly ____ prevent hacking ____ the ____ network?

Is ____ have the latest ____ features to prevent attacks on ____ network?

Is ____ necessary for me to stay ____ to ____ on my ____ I ____ my ____?

Is it necessary to ____ update device ____ the mobile ____?

____ timely ____ of my ____ defense ____ keep ____ out of ____ phone?

Do timely ____ of my device's ____ shields ____ keep hackers at ____ while ____ my phone ____?

Are ____ features on my ____ to ____ me safe from ____ or ____ the ____ network?

____ updating stop ____ and hack ____ cellphone ____?

Do ____ really need ____ update ____ keep hackers ____ from ____ mobile network?

Is it ____ update my ____ to ____ on the mobile network?

____ the features ____ device be constantly ____ me against ____ on ____ network?

Is it important ____ my ____ be ____ frequently for protection ____ hacks ____?

____ it ____ update ____ viruses ____ hack ____ the cellphone network?

____ updates of my ____ security ____ prevent ____ on ____ network?

____ it a ____ update my ____ security frequently?

Will my device's ____ features be updated ____ keep me ____?

____ the ____ my device be updated ____ protect ____ and ____ attacks ____ the mobile network?

____ device's features ____ updated ____ hacking and virus ____ the mobile network?

Is regular ____ to ____ network attacks?

Regular updates ____ device security ensure protection ____ the ____.

Are ____ update ____ mobile ____ security often?

With an ____ deterrence of malware infections via ____ to ____ device ____ features often.

____ periodic security updates help prevent ____ on ____?

____ from ____ through the ____ can be ____ by regular ____ to ____ device ____.

Are the ____ on my device ____ updated ____ hacking ____ attacks?

Do ____ need to update ____ device ____ to ____ my mobile ____?

____ aim ____ deterrence ____ via cellular ____ it stands essential to ____ device authentication features ____.

Is it ____ phone's ____ up ____ date ____ that hackers can't ____ it?

_____ the features on my _____ constantly updated to _____ or _____ attacks on _____ network?
 Regular _____ of _____ ensure protection _____ and Viruses through _____ network
 Is _____ phone's network constantly updated _____ me _____ hacking _____?
 _____ updates of _____ security ensure protection against hacking _____ viruses _____.
 Do _____ updates _____ device's security _____ prevent _____ of _____ network?
 Should my device's _____ updated periodically to _____ on the _____?
 Is it necessary _____ device's _____ protect _____ hacks on the _____ network?
 Do _____ features on my device _____ to _____ me against hacking _____ other attacks _____?
 Would timely _____ of _____ built-in defense shields _____ hackers _____ when using a _____ on _____ connection?
 Does _____ make _____ stay _____ on _____ device's security when _____ the _____?
 _____ it _____ good idea to _____ my device's _____ avoid hacks _____ the _____?
 _____ updating my _____ security protect me _____ hacking attempts _____?
 Are the features on my device _____ protect _____ attacks?
 Will I _____ protected from _____ network _____ device's _____ features are _____ updated?
 Do _____ need _____ keep _____ device _____ to date _____ features _____ order to prevent _____ my mobile network?
 _____ I _____ my _____ to _____ up-to- date _____ the latest security features _____ prevent attacks _____ mobile _____?
 _____ device _____ prevent _____ mobile networks?
 Do _____ need _____ my _____ to _____ against hacks on the mobile _____?
 Does it make sense _____ my _____ to be up-to-date _____ the latest _____ prevent _____ mobile _____?
 _____ that updating device security avoids _____ through mobile _____?
 _____ necessary for me to update _____ on _____ device _____?
 Is it necessary for _____ be _____ with the _____ features to not _____ hacked _____ the _____?
 Do _____ my _____ security _____ to keep hackers away _____ my _____ network?
 Updating my _____ security _____ will _____ me from _____ and _____ on the _____.
 It stands essential to upgrade _____ often, _____ an aim _____ via cellular _____.
 _____ update my device's security _____ off hacks and viruses?
 _____ an _____ deterrence of malware infections _____ cellular transmissions, it _____ to _____ Authentication _____ often.
 With _____ toward deterrence of malware _____ via _____ to upgrade _____ credentials _____.
 _____ it _____ to update my _____ security features _____ defense _____ hacking _____ other _____ threats?
 Is the _____ constantly updated to protect _____ other _____ the _____ network?
 Is the _____ updated to protect me _____ other _____?
 _____ deter _____ via cellular _____ it's essential _____ upgrade _____ authentication features often.
 Are the _____ on my _____ continuously _____ me against _____ other _____ the mobile network?
 _____ need regular security updates _____ my mobile _____?
 _____ need security updates _____ my _____ safe?
 _____ to protect me _____ hacking or viruses _____ the network?
 _____ it _____ my device up to date _____ against network hacks _____?
 _____ it _____ for _____ keep up _____ updates in _____ minimize the _____ being hacked by _____ Viruses on _____ network
 _____ it necessary _____ me to _____ up with _____ updates _____ to _____ my _____ network _____ hacked or corrupted?
 Is _____ to protect me _____ on _____ phone's network?
 Is _____ have frequent _____ prevent _____ on the mobile network?
 Are _____ features _____ to _____ me against hacking on _____ mobile network?
 _____ is essential to _____ device authentication features often _____ aim to deter _____.
 _____ need to update _____ often in order to _____ on my _____?
 _____ make _____ stay updated on _____ device's security _____ against hacks _____ Viruses through _____ mobile _____?
 _____ for me to update my _____ security to keep hackers _____?
 How important _____ to _____ frequently to keep it safe _____ cyber _____?
 _____ it _____ for me _____ keep updating _____ for safety or _____?
 _____ updated to protect _____ mobile network attacks?
 Is _____ to update _____ network _____ hacking and viruses?

Is it _____ keep up _____ updates _____ make sure I _____ by a virus on my _____
 _____ it _____ to update _____ frequently to prevent hacking _____ the mobile _____?
 It's _____ to upgrade _____ authentication _____ often _____ aim _____ deterrence _____ infections _____ transmissions.
 _____ an _____ cellular transmissions, it stands essential _____ upgrade device authentication features
 often.
 _____ it necessary for _____ to _____ to keep _____ safe _____ hacking on the mobile _____?
 _____ necessary _____ my device up-to-date with the _____ security _____ not _____ hacked _____ the mobile _____?
 _____ a _____ to _____ device's built-in _____ to _____ hackers during mobile web usage?
 _____ on _____ device constantly updated to _____ from hacking and _____?
 Should I always _____ device's _____ features as a _____ and other _____?
 _____ necessary _____ my device _____ be kept _____ with the _____ features to _____ over the _____ network?
 _____ it necessary to keep _____ device _____ to date with _____ features _____ on the _____?
 Is _____ device's _____ constantly _____ to _____ me against _____ and _____ phone?
 Do regular updates _____ my device's _____ prevent _____ the _____?
 Is _____ to _____ my device _____ date for protection _____ hacking _____?
 Do _____ update my device's _____ I want _____ hacking _____ virus attacks?
 I _____ I _____ always update _____ security features as _____ defense _____ hacking _____ virus _____ the mobile _____.
 Is _____ updates _____ device's security helpful _____ the mobile network?
 Does updating my device's _____ a _____ me _____ attempts _____ mobile network?
 _____ necessary for me _____ security _____ as a defense _____ hacking _____ the mobile network?
 Do _____ updates help _____ the _____ from _____ and _____?
 Do _____ of my device's _____ shields _____ keep hackers _____ bay while using _____ phone _____ cellular _____?
 Do _____ need _____ security to stop being _____ the phone?
 _____ security needs _____ updated regularly _____ ensure protection _____ hacking.
 Is _____ necessary _____ update _____ device's security features as _____ defense _____ hacking or _____ the _____ network?
 _____ device _____ protect _____ against hacking and other attacks over _____ mobile _____?
 Is _____ to _____ the mobile network regularly _____ and viruses?
 _____ feature updates offer _____ hacking or viruses on _____?
 Does _____ make _____ for _____ to _____ kept _____ with _____ security features in _____ prevent _____ on the
 mobile network?
 Is _____ kept up-to-date _____ the latest _____ features to avoid attacks on the _____ network?
 Will _____ of my _____ shields help keep _____ at _____ when _____ use my phone _____ connection?
 _____ updating device _____ to prevent _____ and Viruses _____ networks?
 Could _____ updates protect _____ attacks?
 _____ my _____ security in order to stay _____ on the _____?
 _____ regular _____ able to _____ network attacks?
 Does _____ make sense for _____ on my _____ security for _____ hacks _____ Viruses?
 Should _____ be _____ security updates _____ the mobile network _____?
 Is _____ updated _____ protect me against hacking _____ the _____?
 Is _____ for _____ stay up to _____ my device's security for _____ hacks and _____?
 Should _____ device's security to _____ on _____ mobile network?
 _____ feature updates keep _____ free of hacking _____?
 Is _____ device constantly updated _____ protect me against _____ viruses _____?
 Is _____ necessary for _____ my device's _____ to _____ the mobile network?
 Is _____ necessary _____ mobile device security _____?
 Is _____ necessary for me _____ update my device's _____ features frequently _____ against hacking _____?
 Can I _____ to stay _____ on my _____ networks?
 Does _____ device's security make a difference in _____ me _____ my _____?
 Will my _____ security _____ frequently to _____ me _____ hacking and _____?
 _____ regular updates _____ device's _____ help keep my _____ safe?
 Is _____ me to stay up to _____ my device's _____ for protection against _____?

_____ regularly to avoid hacks on _____ mobile network?

Can we update _____ network _____ stop _____ and _____?

Is it _____ device up-to-date _____ the _____ features to _____ hacking the mobile _____?

_____ necessary _____ keep my _____ to keep it _____ from _____ hacks _____ viruses?

_____ it _____ to update device security for mobile _____?

_____ authentication features _____ with an _____ toward deterrence of infections _____ cellular _____.

_____ regular updates help _____ mobile _____?

_____ regularly _____ my mobile _____ security?

Is it important to _____ my _____ protect _____ the _____ network?

_____ for me _____ update _____ device's _____ frequently in _____ to _____ on my mobile phone?

_____ for me _____ keep _____ with _____ updates so that _____ don't get _____ by a _____ on the _____?

_____ a timely update _____ my device's built-in defense shields _____ bay while I _____ phone _____ cellular _____

With _____ toward deterrence _____ via _____ transmissions, _____ stands essential _____ device authenticity frequently.

Will _____ be _____ from hacking _____ virus invasions _____ my _____ security features _____ updated frequently?

Do _____ updates _____ against mobile _____?

_____ crucial for preventing hacking on _____ mobile _____?

_____ it necessary for me to _____ with _____ in order _____ that _____ get a _____ phone network

Will _____ from hacking _____ virus invasions _____ network _____ my _____ security features _____ updated regularly?

_____ the device's features constantly updated to _____ over _____ mobile _____?

Is my _____ constantly _____ me against attacks _____ my _____?

_____ it necessary for _____ device _____ kept _____ date with the latest security _____ that I _____ the

I would _____ know if the _____ my _____ are constantly updated to _____ hacking on _____.

Is it _____ my device's security _____ to _____ mobile network?

Is the _____ updated to _____ other _____ on my mobile network?

With _____ aim toward deterrence _____ via cellular _____ it stands essential _____ upgrade _____.

_____ need _____ updated on _____ device's _____ for protection _____ hacks _____ Viruses _____ my mobile network?

Do security _____ against hacking and _____ on _____ network?

_____ device security needs _____ be _____ frequently to _____ sure _____ protected _____ hacking.

Do _____ of my device's _____ help _____ hackers _____ of _____ phone?

_____ I be protected from _____ the _____ if I _____ my _____ security _____?

_____ necessary for my device's security features _____ updated _____ to _____ on _____ mobile _____?

Will I _____ attacks through _____ mobile _____ if _____ features are updated _____?

_____ update _____ security _____ keep hackers away from the mobile network?

Do _____ update _____ mobile device _____ frequently?

_____ I update _____ device's _____ hacks on the mobile _____?

Is it _____ for me to _____ up with _____ updates _____ end up _____ a viruses _____ network?

Is it important _____ to _____ frequently to _____ hacks and viruses?

Is it a _____ update my device's security features _____ defense against _____ from _____?

_____ updating security _____ network hacks?

Would I be _____ the _____ network if _____ updated _____ device's _____ frequently?

Is the _____ features constantly updated to protect _____ hacking _____ other _____?

_____ important _____ for _____ device _____ be updated _____ protection against cyber _____?

_____ security needs _____ be updated frequently to _____ and _____.

Is it _____ for regular _____ hacking on _____ mobile _____?

_____ my device's security _____ need _____ updated frequently _____ prevent attacks _____ the _____?

_____ it _____ update my mobile device _____?

_____ I be _____ from _____ the cellular _____ my _____ security measures regularly?

Is it _____ device to be _____ to _____ hacks and viruses?

Do _____ to update _____ device's security _____ stop _____ hacked?

Is _____ for me to _____ features as a defense _____ mobile network _____?

_____ on my device always _____ to protect me _____ and _____ attacks _____ the mobile _____?
 _____ it necessary _____ to _____ up _____ software updates to _____ I _____ get _____ by _____ virus?
 Is _____ device _____ to _____ protected _____ hacking and other attacks _____ my _____?
 _____ it necessary _____ my device _____ it safe _____ attacks on the mobile network?
 With an aim _____ deterrence of _____ via _____ transmissions, _____ to _____ device _____ frequently.
 _____ the device's _____ updated to protect me _____ and _____ attacks _____ the _____?
 _____ constantly _____ to protect me against _____ and _____ over my _____ network?
 _____ my device _____ date with the latest _____ features to _____ attacks _____ the mobile _____?
 _____ make sense _____ my _____ to be kept _____ the latest _____ features _____ hacking _____ mobile network?
 Do regular updates _____ my device's security _____ prevent _____ on _____?
 With an aim toward deterrence _____ cellular transmissions, _____ features often
 Is _____ necessary for _____ up _____ date with _____ security _____ I _____ my mobile network?
 _____ have _____ device updated for cyber threats?
 _____ device's _____ ensure protection from hacking _____ the mobile _____?
 Do I need _____ mobile _____?
 Is _____ necessary for _____ device's _____ to _____ updated frequently _____ to _____ potential _____?
 Do _____ keep mobile _____ at _____?
 Is it necessary for me _____ security updates _____ protect _____?
 _____ features on _____ updated to protect _____ hacking _____ attacks over the network?
 _____ the feature _____ device _____ updated _____ against hacking or virus _____ on the mobile _____?
 _____ a necessity _____ to _____ my mobile device security _____?
 Do _____ to update my device's _____ in _____ to stay _____ of _____ mobile network?
 _____ needs _____ be _____ regularly _____ order _____ ensure protection from hacking.
 Is _____ necessary _____ to keep up _____ in order to _____ affected _____ Viruses on the _____ network?
 Is _____ necessary _____ device to _____ updated _____ to keep it _____ hacking or _____?
 Can I _____ my device's _____ it being hacked _____ network?
 Will _____ protected _____ hacking and _____ my mobile _____ my device's _____ features are updated _____?
 Is it necessary for me _____ keep _____ updates in order _____ minimize _____ of _____ hacked?
 Do security _____ keep _____ mobile _____ free _____ hacking or _____?
 Will I be _____ hackings and viruses through _____ mobile _____ device's security features _____?
 Do I _____ update my device's security _____ order _____ it _____ attempts and virus _____?
 It is necessary for my _____ kept up-to-date _____ latest _____ to _____ on the _____ network.
 _____ to _____ device up-to-date with _____ security features in order to _____ the network?
 _____ it _____ for me _____ my device's security _____ in order _____ keep _____ mobile _____?
 _____ possible for _____ device's security to be _____ to _____ hacks _____ viruses?
 _____ to stay up to _____ on my device's _____ for protection _____ the mobile _____?
 Do I _____ update _____ security in _____ to keep the mobile _____?
 It _____ to _____ device _____ features often, with _____ aim to _____ via _____.
 Is _____ to protect _____ mobile network?
 How _____ should _____ my device's _____ to protect _____ hacks _____ the _____ network?
 _____ my device's security features necessary to prevent _____ the _____ network?
 _____ necessary for my device _____ be updated _____ prevent _____ on _____ mobile _____?
 _____ security _____ often for _____ hacks?
 Is _____ for device _____ to prevent hacking on _____ network?
 Is _____ constantly updated _____ protect me _____ hacking _____ virus attacks _____ network?
 _____ to _____ my mobile _____ security frequently?
 _____ security _____ updates _____ the mobile network free _____?
 Will _____ my _____ features protect _____ from _____ and _____ the mobile network?
 _____ it really _____ for _____ to keep updating _____ for _____?
 Would I _____ protected _____ over _____ network if _____ updated my device's _____?

Can _____ periodically _____ your _____ to stop _____ hack?

Is _____ to stay _____ my device's security _____ protect it _____ hacks and _____?

Is the device's _____ to protect me _____ and other _____ on _____?

Is the _____ features constantly updated to _____ me _____ on _____ phone's _____?

Is it _____ stay up _____ date on _____ against hacks and _____?

_____ important _____ my phone's security regularly so it _____?

_____ device _____ to _____ me safe from _____ other attacks on _____ mobile _____?

_____ my device _____ updated _____ me against _____ and _____ the mobile network?

I _____ to _____ features on my device _____ constantly updated _____ protect _____ from _____ and _____.

_____ my device's _____ features _____ updated periodically _____ prevent _____ network?

_____ my _____ security features _____ regularly to keep _____ safe _____ and virus _____?

_____ an _____ infections via cellular _____ it is essential _____ device security _____.

_____ I need to update _____ mobile device _____?

Does _____ updates _____ my device's _____ shields help _____ hackers _____ my _____?

_____ device _____ updated to _____ me from hacking _____ virus _____ my phone's _____?

_____ it _____ for _____ to frequently _____ my mobile _____?

Is my device constantly updated _____ against _____ and _____ the _____ network?

_____ updates help _____ network free of Viruses _____ hacking?

Is _____ necessary for _____ with software updates so _____ up with _____ virus _____ the phone network?

_____ I _____ protected from _____ and _____ invasions _____ the _____ network _____ features are constantly updated?

Is _____ need for frequent _____ to _____ hacking _____ the mobile _____?

Is it necessary _____ update _____ so that hackers _____ ruin _____?

Do I _____ to _____ often _____ order to stay safe _____ the _____?

Do I need to _____ update _____ device's _____ in _____ on _____ network?

_____ regular _____ protect you against _____?

Will _____ features _____ be _____ regularly _____ protect me from _____ and viruses?

Is _____ device _____ to protect me _____ on the _____ network?

_____ updates of _____ make _____ the network is _____ against _____.

Is it necessary _____ update my device's security features _____ defense _____ threats?

Are _____ my _____ continually _____ to _____ against _____ and _____ attacks over my mobile network?

Does an update _____ my device's security _____ that I _____ network?

_____ updates _____ mobile _____ are _____ to _____ network from hacking.

Is _____ constantly updated to _____ me protected _____ other attacks _____ network?

Do _____ security _____ hacking _____ mobile networks?

Is it _____ security features to _____ updated _____ prevent _____ the mobile network?

Do _____ need _____ update _____ device's _____ in order to _____ my _____?

Is _____ device _____ updated _____ protect me _____ hacking _____ attacks _____ my mobile _____?

Is _____ necessary _____ my _____ to _____ up-to-date _____ the newest security features _____ attacks on the _____?

_____ it _____ for me _____ keep _____ with software _____ in _____ to minimize the risk _____ being hacked _____?

_____ keeping my device _____ the _____ security _____ is necessary _____ prevent attacks _____ mobile _____?

_____ necessary _____ security updates to prevent _____ the mobile _____.

Does it make _____ to _____ my _____ date with the _____ features in _____ prevent attacks on _____?

_____ I _____ to _____ mobile device security _____ frequently?

Will _____ device's _____ regularly to _____ out of _____ way _____ the mobile network?

Should _____ my device _____ to keep _____ the _____ network?

_____ I _____ to stay up to date on _____ mobile _____ hacks and _____?

Does _____ of my _____ built-in defense _____ hackers _____ I use my phone on a _____?

Regular updates _____ device security _____ from hacking.

_____ device constantly updated _____ me against _____ attacks on my _____?

Is my _____ updated _____ me against hacking and _____ attacks on _____?

Mobile _____ be updated regularly to _____ from _____.

Is _____ necessary _____ me _____ my _____ security _____ in order to _____ it safe _____ and virus _____?

_____ updating my _____ security give _____ against _____ attempts _____ Viruses _____ the mobile _____?

Is _____ device constantly _____ hacking or virus _____ the network?

Do security _____ against hacking or viruses _____ network?

_____ it _____ my _____ security _____ frequently as a defense _____ hacking _____ from the mobile network?

_____ advisable _____ my _____ security frequently to avoid _____ on the _____?

_____ device _____ updated to _____ me _____ hacking and _____ attacks _____ mobile network?

Should I _____ my device's security features _____ network?

Is it necessary for _____ updates _____ robust _____ hackers?

_____ necessary to periodically _____ device's _____ a defense against hacking or virus threats _____ mobile _____?

_____ my device's _____ to shield _____ from hackings and _____ invasions?

_____ important to keep my _____ security _____ that no _____ ruin _____?

_____ really need to update _____ device security to keep _____ mobile _____?

_____ on _____ device constantly _____ to _____ against hacking and other _____?

Did _____ of my device's security _____ hacking _____ the _____?

_____ regular _____ of _____ device's _____ help _____ hacking _____ mobile network?

_____ device be kept up-to-date _____ latest _____ features to _____ over the _____?

_____ device constantly updated to _____ it from _____ and other _____ mobile _____?

_____ my device _____ to _____ me from _____ virus attacks on the mobile network?

_____ I need _____ update my _____ security _____ keep _____ out _____ my _____?

_____ to _____ up-to- _____ with the latest _____ features to prevent attacks on the mobile _____?

_____ update stop _____ and _____ in cellphone network?

_____ toward _____ infections via cellular transmissions, it stands essential _____ Authentication _____ often.

I wonder if _____ are _____ to protect _____ hacking and _____ on the mobile network.

Is it _____ keep _____ security _____ so _____ can't ruin it?

Is _____ device regularly updated _____ against _____ and _____ over the _____?

_____ important _____ keep my phone's _____ to date so _____ get hacked?

_____ to update security _____ mobile _____ frequently to prevent _____.

Are _____ on _____ constantly updated to protect _____ against _____ over _____ mobile _____?

Are _____ protecting against _____ network _____?

Would I _____ from hacks _____ cellular _____ I _____ device's security _____ regularly?

Do I _____ to _____ mobile _____ security _____?

Should _____ update _____ device's security _____ hacked _____ the mobile _____?

_____ regular _____ my mobile _____ safe?

_____ it _____ updating my _____ to stay safe _____ the mobile _____?

Is _____ for me to _____ my phone's security _____ so _____ get _____?

Is it necessary _____ my _____ to be _____ updated _____ hacks on the network?

_____ it necessary for _____ to keep _____ software _____ to date _____ don't _____ hacked _____ on _____ phone network

Mobile device _____ should be updated _____ protect _____ hacking or _____.

Is it _____ for _____ updated on _____ device's security for _____ against _____?

_____ necessary for _____ be _____ date with _____ latest _____ features to avoid hacking my mobile _____?

Is the device constantly _____ protect _____ hacking and _____ attacks _____ mobile _____.

_____ necessary for my _____ security features _____ frequently to _____ hacking _____ mobile network?

Are the _____ my device constantly updated to _____ me _____ other _____ the _____ network?

_____ device's security _____ updated frequently _____ protect _____ from hackings _____ invasions?

_____ important _____ to be updated _____ for the sake of _____ security?

Is it important to keep my _____ to _____ so it _____ into _____?

_____ aim toward deterrence of _____ via _____ it is _____ to _____ deviceAuthentication _____ often.

Is it _____ for _____ device _____ the latest _____ features in order _____ prevent attacks _____ mobile _____?

_____ features on _____ device _____ updated to protect me against _____ on _____ network?

Is _____ device's _____ a defense _____ hacking and virus threats?

_____ updates _____ mobile device _____ network is protected _____ hacking.

_____ possible to _____ my _____ security _____ to ward off _____ Viruses?

Do _____ frequently in order to stop _____ and virus attacks?

_____ really _____ to _____ device _____ to keep _____ out of _____ mobile network?

Should I _____ update my device's _____?

_____ of device's security _____ prevent hacking _____ the mobile _____?

Do the features on my _____ change _____ me against _____ and other _____ network?

Is _____ necessary for _____ to _____ device's _____ to prevent _____ and _____ attacks on _____ mobile _____?

Is _____ necessary _____ kept up _____ date _____ security features to prevent attacks on the _____ network?

Should there be _____ against _____ network attacks?

_____ security _____ be updated _____ keep the network _____ hacking _____ viruses.

_____ it possible _____ update _____ network _____ stop virus and _____?

Is it _____ mobile _____ to have _____ updates _____ and viruses?

_____ need _____ update my _____ security to stop _____ hacked _____ the _____?

Is _____ constantly updated to protect _____ against _____ over _____ phone network?

_____ it important to have frequent _____ the _____ network?

Should I _____ features to prevent _____ on the _____ network?

_____ important to update _____ so that it doesn't get _____?

Do _____ need _____ up to _____ with _____ device's _____ against hacks and _____?

Do _____ features on _____ constantly change to _____ and _____ attacks _____ the network?

_____ for _____ to _____ updated regularly so that _____ can't ruin everything?

Regular _____ device security _____ that the network _____ protected _____ hacking _____.

How often am _____ to update _____ mobile _____?

_____ to my device's _____ keep _____ network safe?

Is _____ features constantly _____ to _____ hacking _____ attacks on _____ mobile network?

_____ I _____ to _____ update _____ device's _____ features as _____ defense _____ or _____ threats?

_____ I _____ my _____ regularly to keep _____ from network hacks _____?

_____ it _____ for my device _____ be _____ date _____ latest _____ features to _____ it is _____ hacked _____?

_____ I need to _____ device _____ with the _____ features to _____ hacking _____ mobile network?

_____ protect me against _____ and other network attacks?

_____ I need to update my _____?

Is _____ important to _____ device _____ to _____ to protect _____ and viruses?

Are the features on my device _____ to _____ me _____ and Viruses _____?

Is _____ the _____ to be _____ frequently _____ prevent hacking _____ the mobile _____?

_____ hacks is _____ necessary to _____ security often?

_____ constantly _____ to defend _____ against hacking _____ other _____ on the _____ network?

Is _____ device constantly updated _____ protect _____ against _____ and _____ on my _____?

_____ it necessary _____ device's security _____ as a _____ and other mobile _____?

_____ it necessary _____ me _____ keep _____ with _____ so that _____ don't get hacked _____ on the _____?

_____ mobile _____ safety, _____ need _____ device security updates?

Is _____ necessary _____ device security _____ to keep _____ from hacking?

Do security _____ mobile network safe from _____ and _____?

Is _____ updated _____ keep me safe _____ hacking _____ attacks over the _____?

_____ security feature updates _____ protection against _____ on _____ network?

Is it important for _____ network to have frequent _____?

Do _____ need _____ update my _____ device _____ frequently?

Will my mobile _____ be updated frequently _____ keep _____ harms _____?

Are _____ device's _____ constantly _____ me against hacking and _____ attacks _____ the _____?

_____ regular _____ updates help _____ my _____ ?
 Mobile _____ should _____ updated _____ to protect against _____ viruses.
 Is _____ me _____ update _____ device's _____ features as _____ against hacking _____ the mobile network?
 _____ device security updates _____ hacking and _____ mobile network?
 Is it necessary for _____ mobile _____ be updated _____ the _____ prevent _____ on _____ network?
 Does it _____ for _____ updated _____ latest security features _____ prevent _____ on the mobile network?
 _____ the _____ constantly _____ protect me _____ hacking or _____ the network?
 With an aim toward deterrence of _____ transmissions, it _____ to _____ often.
 Will my _____ security features be updated _____ to protect _____ and _____ ?
 Is _____ my device _____ be _____ up-to-date _____ the latest _____ features _____ I _____ get hacked _____
 _____ I _____ to constantly update _____ security features _____ a defense against _____ ?
 _____ device _____ be updated on a _____ to _____ hacking and _____ .
 _____ I need to constantly update _____ to stay safe _____ network?
 _____ prevent attacks on _____ mobile _____ ?
 Is _____ mobile device security _____ be updated frequently?
 _____ it _____ to keep my _____ up to date _____ protection _____ ?
 Updating _____ device _____ frequently is _____ ?
 _____ to frequently update _____ mobile device _____ ?
 _____ necessity _____ security updates to prevent attacks on _____ mobile _____ ?
 _____ to update my device _____ to _____ hackers _____ my _____ network?
 _____ frequent _____ updates help _____ mobile network?
 _____ really _____ update _____ device security _____ attackers away _____ the mobile network?
 Do I _____ change _____ device's _____ stop getting _____ on _____ mobile _____ ?
 _____ it _____ me to update my _____ frequently in order _____ hacks on the _____ ?
 Do I _____ updates _____ keep my mobile _____ ?
 Is _____ for _____ to _____ device's security _____ as _____ defense _____ hacking _____ viruses?
 Is it _____ for _____ keep up with _____ updates in _____ to not be _____ by a _____ ?
 _____ the _____ on _____ constantly updated to keep me _____ or virus _____ ?
 _____ updates of _____ help prevent _____ on my phone?
 Do _____ need to keep my _____ up-to-date _____ the _____ features _____ attacks _____ the _____ network?
 _____ it necessary _____ prevent attacks on _____ mobile network?
 Is _____ to regularly _____ device's security _____ against hacking or virus threats from the mobile
 _____ ?
 _____ be updated regularly to _____ against _____ and viruses.
 Are the _____ on _____ constantly _____ protect me _____ hacking _____ my phone's _____ ?
 _____ is it for me _____ update _____ device frequently _____ from _____ attacks?
 Can _____ periodically update _____ and hack _____ the _____ ?
 Will _____ security _____ updated _____ keep me safe from hacks and _____ ?
 Do _____ prevent _____ over the _____ network?
 Is it important to keep _____ security _____ so _____ not _____ ?
 Regular updates of mobile _____ ensure _____ hacking or Viruses _____ .
 _____ my device _____ protect me _____ on my mobile _____ ?
 How _____ do _____ update _____ mobile device security?
 Can _____ updating stop virus _____ hack in _____ ?
 Mobile device security should _____ regularly _____ hacking.
 Is it necessary to _____ device _____ mobile _____ ?
 _____ the device's features constantly _____ protect _____ hacking _____ other _____ attacks?
 _____ it _____ for my _____ security to be _____ so _____ it doesn't _____ ?
 With an _____ deterrence _____ infections _____ it _____ essential to upgrade _____ features often.
 Regular _____ mobile device security _____ hacking _____ through the _____ .

_____ on _____ device be constantly updated _____ me against hacking _____ attacks?

Do _____ help to prevent hacking on _____?

_____ update my security on _____ device to _____ out?

_____ my device _____ updated _____ protect _____ hacking and virus _____?

Do the features on _____ change _____ protect me _____ virus attacks on my _____?

With an aim toward _____ of Malware _____ transmissions, _____ stands _____ upgrade _____ authentication _____ often.

How _____ do _____ to update my _____ security _____ to prevent attacks _____?

Do _____ need to update _____ for protection _____?

_____ I have _____ keep _____ phone updated _____ threats?

Does _____ make _____ me _____ stay updated on my device's _____ protection _____ viruses?

_____ device security _____ updated regularly in _____ protect _____ from hacking.

Is it necessary _____ to constantly _____ features as a _____ against hacking or _____?

How important _____ device _____ for adequate security _____ cyber attacks on _____ network?

Is it _____ to _____ update _____ device's security _____ defense against _____ mobile network threats?

Do _____ security updates help protect _____ network _____ and virus _____?

_____ the features on _____ constantly updated _____ protect _____ from _____ viruses?

Mobile device _____ be _____ on _____ regular _____ it from hacking.

Do _____ need _____ security _____ to _____ safe _____ mobile devices?

Is it _____ to keep _____ phone's _____ so that _____ one _____ ruin _____?

With an aim _____ infections _____ cellular _____ to upgrade _____ often.

Is _____ to keep me safe against _____ other attacks on _____?

_____ regular security updates help _____ hacks _____ the _____?

Is _____ for me _____ with regular _____ upgrades _____ I don't get hacked _____ a virus _____ network

Does it make _____ my _____ to be kept _____ to date with _____ to prevent attacks _____?

Mobile _____ be updated regularly to _____ protection _____.

Do _____ security _____ updates _____ on the mobile network?

Mobile _____ security _____ updated on _____ regular _____ protect _____ network.

It's _____ security features often, _____ deter infections via cellular transmissions.

_____ aim _____ infections via _____ transmissions, _____ is essential _____ upgrade device _____ features _____.

Does _____ sense for my _____ be _____ with _____ security features to _____ attacks _____ the mobile network?

_____ feature updates offer _____ hacking and _____ the _____ network?

Is my device constantly _____ protect _____ against _____ and viruses _____?

_____ the _____ protect me against _____ and _____ attacks on _____ mobile phone?

Does _____ sense _____ on my device's _____ for _____ against _____ through the _____ network?

Is _____ features on my device _____ updated to protect _____ against _____?

Is _____ my _____ security _____ necessary in order to _____ network?

_____ my _____ to protect _____ hacking _____ attacks on my network?

_____ I need _____ up-to-date with the _____ features to _____ attacks on the _____?

Is the device's features _____ updated _____ me _____ hacking _____ other _____ phone?

How _____ do _____ have _____ mobile device security?

_____ updates help _____ hacking on _____ mobile device?

_____ updates of my device's _____ defense shields _____ keep hackers _____ use _____ on a cellular _____?

_____ I really _____ to _____ my device security _____ keep _____ of _____?

Do I _____ my device security to _____ hackers _____ phone?

_____ constantly _____ to protect me from attacks on _____?

_____ don't know _____ it's _____ for _____ with _____ updates _____ order to protect _____ phone network _____ being hacked

Is it necessary for _____ device to _____ kept _____ date with the _____ features _____ attacks _____ mobile _____?

_____ it possible for me to be _____ from _____ if _____ regularly update my _____ measures?

_____ regular _____ crucial for _____ network?

_____ it necessary to _____ my _____ features _____ a defense against hacking _____ virus _____ from _____ mobile _____?

Is it _____ periodic updates _____ maintain _____ security _____ attackers?
 _____ an aim to deter _____ cellular _____ it's _____ upgrade device authentication _____.
 _____ constantly updated to protect me against _____ the mobile _____?
 _____ need to _____ my security _____ safe _____ my phone?

Is it _____ device's security _____ regularly _____ order _____ ward off _____ on the mobile _____?
 Can you constantly update the _____ network _____?
 Should I _____ the latest security _____ so that _____ get _____ over _____ mobile network?
 _____ it necessary _____ me to _____ updated on my device's _____ to _____ against _____?
 Do _____ updates help _____ network?

Would timely _____ device's built-in defense shields _____ hackers _____ while I use _____ phone _____ a _____
 How _____ I _____ to update _____ security _____ my _____ device?
 _____ it _____ to _____ hacking on _____ by _____ regular security updates _____ my _____?
 _____ is a _____ for _____ mobile device _____ to _____ against hacking.

Do _____ of _____ device's security help protect my _____?
 _____ device security _____ for _____ network safety?
 _____ it _____ device to _____ with the _____ security _____ to stay _____ the mobile network?
 Can _____ cellphone _____ be constantly updated _____ stop _____?
 Is _____ regular updates of _____ hacking on the mobile network?
 _____ I need _____ device _____ to _____ it _____ network hacks and viruses?

Is it necessary for me _____ keep _____ regular software upgrades _____ phone _____?
 Does _____ device's _____ ensure _____ against _____ attempts _____ mobile network?
 _____ it _____ updates to _____ mobile network attacks?
 _____ it _____ me to _____ up _____ regular software updates _____ to _____ the _____ of _____ hacked _____ a _____ the phone
 _____ of _____ security make _____ the network _____ protected against hacking.
 _____ kept _____ with _____ security features _____ prevent attacks _____ the mobile network?

Do _____ updates _____ my _____ security _____ hacking on _____ network?
 Is _____ updated to protect me _____ and other _____ my mobile _____?
 Is it necessary for _____ device to _____ kept _____ to _____ security features to _____ hacking _____?
 _____ device _____ needs _____ updated _____ to protect _____ network from _____.

Are _____ on _____ device _____ updated _____ against _____ attacks on _____ phone's network?
 Do _____ device's security keep the mobile _____?
 Is _____ device constantly _____ protect _____ hacking _____ virus _____ on my _____?
 _____ my _____ device's security _____ be _____ to _____ me safe _____ and virus _____?
 _____ device's _____ features be periodically _____ to prevent _____ on _____ network?

Do _____ to my _____ help prevent _____ my mobile _____?
 With an _____ to _____ infections via cellular _____ upgrade device security _____.
 With an _____ through cellular _____ it's _____ to _____ device _____ features often.
 _____ help keep the _____ network _____ hacking and viruses?

Can _____ cellphone _____ regularly to _____ viruses and _____?
 _____ updates of _____ built-in _____ shields _____ keep hackers _____ while _____ use a mobile phone?
 Is _____ to keep _____ phone's _____ up to date so _____?
 Is it necessary _____ my device's security _____ to _____ and _____ attacks?
 _____ I _____ protected from hackings _____ through _____ network _____ my security features are updated _____?
 _____ updates keep my _____ device _____?

Is _____ possible _____ hacking and viruses through mobile networks _____ device _____?
 Is keeping my _____ up-to-date _____ latest _____ necessary to avoid attacks _____?
 Is _____ device's _____ to protect me _____ attacks _____ network?
 Is it _____ me to _____ on _____ mobile device's _____?
 Will I _____ protected from hacking _____ virus invasions _____ the _____ network _____ security _____ updated _____?
 Do I need to _____ security frequently _____ to _____ hacking _____ attacks _____ mobile device?

Regular updates of mobile _____ from hacking through _____

Is _____ possible to _____ update _____ virus _____ cellphone network?

_____ regular security updates stop virus _____ the _____?

_____ it necessary to update _____ device's _____ a _____ against hacking on _____ network?

_____ the features on my device _____ updated to _____ me _____ hacking _____ other _____ phone's _____?

Do frequent _____ to prevent hacking _____ the mobile _____?

Do I need _____ frequently in order _____ keep my _____ safe?

Should I _____ up-to-date _____ latest security features _____ to prevent attacks _____ the mobile _____?

_____ necessary for frequent _____ prevent _____ on the mobile _____?

_____ a need _____ to prevent hacking on _____ mobile network?

Is _____ necessary _____ device _____ be kept _____ latest _____ in _____ to avoid _____ over the mobile

Do I have to _____ device _____ to protect my _____?

I _____ to know if _____ features _____ are _____ updated to _____ from hacking.

Mobile device security can _____ make _____ network _____ against hacking.

Is _____ against _____ the mobile _____ frequent security _____ updates?

_____ I have to _____ device security _____ hackers _____ of the _____?

Are the features _____ my _____ updated to _____ against _____ network?

Do _____ to update _____ device frequently _____ safe _____ hacks _____ viruses?

Is _____ regular updates _____ hacking and _____ over _____ mobile network?

_____ is it _____ my _____ to be updated _____ protect it _____ cyber _____?

_____ it necessary _____ have _____ security _____ to _____ my mobile networks?

_____ my _____ updated _____ against hacking _____ virus attacks _____ my phone?

_____ the _____ constantly _____ to protect myself against _____ on _____ mobile network?

_____ I need _____ update _____ security _____ on the mobile _____?

Is _____ updated to protect _____ hacker _____ on _____ mobile network?

_____ it necessary _____ to _____ devices _____ the mobile network?

_____ for _____ keep _____ with _____ in order to reduce the _____ of being hacked _____ on the _____ network

_____ regular _____ of _____ device's _____ prevent attacks _____ the _____ network?

_____ frequent _____ help _____ mobile network _____?

_____ against mobile _____ attacks?

Do _____ on _____ to protect me against _____ on the mobile _____?

_____ the _____ my device _____ change _____ me against _____ and other attacks _____ my mobile _____?

Is _____ good idea _____ mobile _____ security frequently?

_____ device's security features be _____ to _____ mobile network?

_____ my _____ be _____ up to date to _____ the mobile _____?

Is _____ constantly updated _____ hacking and other attacks on _____?

Is _____ necessary for devices _____ frequently to _____ cyber _____?

_____ on my device _____ me against hacking and _____ on my _____ network?

Mobile device security _____ on _____ regular basis to _____ and _____.

Is it necessary _____ me _____ keep up _____ software _____ in order _____ the _____ being _____ or infecting _____ network?

_____ it necessary to _____ update _____ device's built-in _____ to _____ off _____ hackers _____ usage?

Would I _____ protected _____ hacks on _____ network _____ updated _____ security regularly?

_____ security features be updated _____ to protect _____ hackings and _____ on _____ network?

_____ prevent _____ through mobile networks?

_____ it necessary for me _____ with _____ updates in order to keep my _____?

Is it _____ my phone's _____ so _____ don't _____ hacked?

_____ regular _____ important _____ protecting _____ network?

For _____ network _____ are _____ to update _____ often?

Is it necessary for my _____ updated frequently _____ prevent _____ over the _____?

_____ features _____ updated to protect me _____ hacking or _____ the _____ network?

____ I need to update my ____ security ____ of ____ mobile network?
 Would ____ updates of my ____ built-in defense ____ keep ____ at ____ while ____ on ____ ?
 Do ____ have to keep ____ against ____ attacks?
 ____ a ____ idea to ____ my ____ security ____ protect against attacks on the mobile ____ ?
 Is it ____ to ____ my mobile device ____ ?
 Do regular security ____ help ____ hacking ____ mobile ____ ?
 Is it ____ necessary ____ update ____ security ____ keep ____ my mobile ____ ?
 ____ a ____ idea to update my device's ____ to avoid ____ on ____ ?
 ____ regular device ____ prevent hacking and ____ networks?
 Is it ____ necessary ____ device ____ to protect ____ network?
 ____ it ____ update ____ security frequently so that hackers can't ____ everything?
 Is it ____ for my device's ____ be ____ date ____ on the mobile network?
 ____ I ____ to ____ my device's security ____ order to ____ safe ____ hacking and virus ____ ?
 Will ____ device's ____ features ____ regularly to keep ____ hackings ____ virus invasions?
 ____ for ____ to be ____ with the latest security features ____ not be hacked ____ network?
 Is it ____ to keep my device ____ to ____ viruses?
 ____ need ____ update ____ for ____ mobile device?
 Is ____ my device up-to-date ____ the latest ____ to prevent attacks ____ mobile network?
 ____ necessary for me to keep up with ____ updates ____ protect my ____ network against ____ ?
 Are regular ____ crucial ____ safety of ____ network?
 Regular updates of mobile ____ make sure the ____ from ____ .
 Are the features ____ my ____ continually ____ me ____ or ____ attacks?
 ____ timely updates ____ defense shields ____ keep hackers out of ____ ?
 Should ____ device's ____ to ____ hacked on the mobile network?
 ____ it necessary for ____ to stay up to date on ____ using ____ ?
 Do ____ the ____ free of hacking ____ viruses?
 ____ regular updating ____ prevent hacking ____ viruses through mobile ____ ?
 ____ of connected ____ via ____ mobile ____ is in ____ of ____ updates.
 ____ device constantly change to protect ____ hacking ____ other attacks ____ mobile network?
 ____ I have ____ update my mobile device ____ ?
 Regular updates ____ mobile device ____ help ____ network.
 ____ aim toward deterrence ____ via cellular transmissions, it ____ essential to ____ .
 Will ____ protected from hackings ____ the mobile network ____ is regularly ____ ?
 It is ____ for ____ device to be ____ security features to ____ hacking ____ mobile network.
 ____ it possible to ____ my device's security ____ to ____ hacks ____ ?
 Does updating my ____ security help ____ from ____ attempts through ____ ?
 ____ an ____ toward ____ of malware ____ via cellular ____ it ____ device authenticating features frequently.
 ____ necessary to ____ my ____ features frequently ____ a ____ against ____ virus threats?
 ____ often ____ I update ____ security ____ prevent hacks ____ mobile network?
 Can regular ____ keep ____ device protected from ____ ?
 ____ regular updates ____ device's ____ prevent ____ on the ____ network?
 Do ____ updates help ____ cellular data connections?
 Does it ____ for my device to ____ with ____ order to prevent attacks on the ____ ?
 Do feature ____ keep ____ mobile network ____ hacking ____ ?
 ____ security ____ updated frequently ____ mobile ____ ?
 Is ____ possible ____ periodically update stop virus ____ network?
 How ____ are I required ____ my mobile ____ ?
 ____ the features on ____ to ____ me against ____ and virus ____ on my ____ ?
 Can security feature ____ protect ____ hacking ____ mobile ____ ?

Are ____ updates necessary to prevent ____ mobile ____?

Does updating my device's ____ help ____ hacking attempts ____ the ____?

____ regular security ____ updates protect ____ network against ____?

____ to ____ malware infections via ____ it's ____ device authentication features often.

I don't know ____ I have to keep ____ order to ____ phone ____ from ____.

To prevent attacks ____ mobile network, is ____ necessary for ____ kept up-to-date ____ the ____ security ____?

Is the ____ constantly ____ protect me ____ attacks ____ the ____?

Is ____ necessary ____ have ____ device ____ keep the mobile network ____?

____ aim towards ____ via ____ it ____ essential to upgrade ____ authentication features often.

Is it necessary to keep my ____ to prevent ____ on ____ network?

____ updating ____ device's security features protect ____ from ____ and virus ____ mobile ____?

Do I ____ to ____ my ____ security ____ stay ____ mobile network?

____ keep my ____ security up to ____ that ____ doesn't get hacked?

Is it necessary for ____ my ____ security ____ safe ____ hacking and virus attacks?

Is ____ updated to protect me ____ attacks on ____?

Mobile ____ security ____ be updated ____ to ____ hacking ____ viruses.

____ device ____ needs to ____ updated ____ to keep the ____.

Is my device constantly ____ to protect me ____ virus ____ network?

Is ____ device ____ to protect me ____ and ____ over ____ network?

____ I have to ____ my ____ device ____ frequently?

____ device ____ updated to ____ me safe from ____ or virus attacks ____ the mobile ____?

Is the device's ____ keep me ____ against ____ virus attacks?

With an aim to ____ infections via cellular ____ it's ____.

Do ____ need ____ to ____ my mobile ____ safe?

Regular updates ____ mobile device ____ help to ____.

____ is ____ for ____ of ____ device ____ to ensure protection ____ hacking.

____ necessary for ____ to keep up with ____ updates in order to ____ network ____?

Is ____ device constantly updated ____ protect ____ against ____ and ____ mobile network?

____ regular ____ of my device's ____ hacks on ____ network?

Is ____ necessary ____ periodic ____ maintain robust security ____ the ____?

Does ____ me protected from hacking attempts ____ the mobile ____?

Will I be protected ____ and ____ the ____ network ____ device's security ____ are ____ updated?

____ I update ____ device ____ against attacks and ____?

Is ____ to keep my ____ to ____ it ____ and viruses?

Do regularly ____ security ____ hacking ____ viruses on ____?

____ important is it ____ my device ____ keep it safe ____?

Is it ____ my ____ device ____ more frequently?

____ need to ____ my device ____ to date with the latest security ____ avoid ____ on the ____?

Do I ____ to ____ my ____ security features ____ hacks ____ the ____ network?

____ the ____ to ____ me from ____ and ____ attacks ____ my network?

____ need to ____ updated on ____ device's security for ____ against ____ on ____?

____ phone constantly ____ against hacking and other ____ on the ____?

____ updates of mobile device security ____ that ____ get ____.

Will I ____ protected ____ and viruses through ____ my device's security ____ are ____ frequently?

Is ____ device ____ updated to protect me against hacking ____ my ____?

____ important is updating ____ device ____ safe from cyber attacks ____ network?

Is ____ to be kept up-to-date ____ the latest ____ features ____ stop ____ the mobile network?

Mobile ____ security needs to be regularly ____ against ____.

____ the device ____ updated ____ against hacking ____ my ____ network.

Should my ____ features ____ to ____ on the mobile ____?

Can regular _____ keep _____ from _____ on the mobile _____?

Is _____ stay up to date _____ security to protect _____ hacks and _____?

_____ security _____ prevent virus _____ the mobile _____?

_____ it necessary _____ periodic _____ to keep robust _____ connected _____ the _____ network?

_____ periodic _____ security _____ devices _____ via the mobile _____ necessary?

Can there be regular _____ to _____ cellphone _____ and _____?

_____ need to update _____ device frequently _____ against network _____ viruses?

_____ want to _____ if the _____ on _____ device _____ to _____ me _____ on the mobile network.

Do _____ of my device's security _____ network _____?

_____ it _____ for my device to be _____ the _____ security _____ on _____ mobile network?

_____ important to _____ my device _____ for protection _____ hacks?

_____ it necessary _____ updated on _____ in _____ to stay protected against hacks _____?

Is it _____ my device to _____ with _____ security features _____ order _____ stop _____ on _____ network?

Is it necessary _____ device's security _____ frequently _____ defense against hacking from _____?

_____ be _____ to ensure protection from hacking.

How _____ update _____ device _____ to keep _____ safe _____ cyber attacks?

Is _____ important for _____ mobile network _____ to prevent hacking _____?

_____ need to _____ updated _____ my _____ in order to protect _____ hacks _____ viruses?

_____ a _____ for frequent _____ security _____ to protect _____ network?

_____ my device _____ protect me from hacking _____ the _____?

_____ features be updated regularly to _____ me against _____ the _____ network?

Is _____ necessary to _____ device security _____ to _____ mobile network?

Is _____ my device up-to-date _____ latest _____ features _____ prevent attacks _____ the _____?

_____ need _____ update my Mobile _____ security _____?

_____ my device's _____ updated frequently to protect _____ from _____ and _____?

_____ update _____ device's security frequently to _____ off potential _____?

_____ security _____ be _____ protect it _____ hacks on the mobile network?

_____ it really necessary for _____ my device _____ the _____ network safe?

Is _____ necessary for _____ update my device's _____ frequently _____ hacking on the _____ network?

_____ like to know _____ the _____ on _____ device are constantly updated to protect _____ network.

_____ my _____ keep _____ from hackings and virus invasions through _____ network?

Is it _____ for _____ to update my _____ device _____?

_____ to update _____ device's security features _____ a _____ against hacking _____ from the _____ network?

Is the device's features _____ against _____ or _____ attacks on _____ mobile _____?

Do _____ security _____ give you protection _____ the _____ network?

Is it _____ to _____ device's security to protect _____ and viruses?

_____ the _____ constantly updated _____ protect me _____ and _____ on the _____?

Do _____ updates of _____ security help protect against hacking _____?

Mobile device _____ to _____ regularly to ensure protection _____ hacking _____.

Do I need _____ to _____ phones?

_____ make _____ stay up _____ on my _____ security for _____ against hacks and _____?

_____ the device constantly _____ to _____ against _____ and _____ over _____ mobile _____?
