[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub- Category	SIM Card Activation
Description	Customers often seek assistance to activate their newly purchased SIM cards. This includes providing necessary information such as the SIM card serial number, personal details, and verifying the customer's identity before activating the SIM card on the network.
Data Size	5,009 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
