[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub- Category	SIM Card Damaged
Description	Customers may experience a damaged SIM card due to physical factors or mishandling. Operators provide assistance by guiding customers through the process of obtaining a replacement SIM card, transferring their services, and ensuring their mobile connectivity is restored.
Data Size	5,422 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
