[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	Risk management and hedging strategies
Inquiry Sub- Category	Derivatives Hedging
Description	Customers inquire about using derivative financial instruments to mitigate their investment risk, such as options or futures contracts.
Data Size	5,093 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

mainly focus on limit credit/default-related threats from holdings?	
I which would most in avoiding for my bonds.	
key derivatives to acquire order mitigate credit/default risks	
derivatives most focused acquiring limit from bond holdings?	
Can tell me which would risks for ?	
should be on buying in order the to to credit and default wor	rld.
be focused on to threats from bonds?	
The focused buying order limit done to bonds by and default.	
Which derivatives order to threats frombond?	
can purchase limit the threat default on?	
on buying in limit to bonds from credit threats	
Which derivative needs to be buying frombond?	
the derivatives against credit/default from holdings?	
Is good mainly seek derivatives for credit/default-based bonds?	
key derivatives be in credit/default risks linked holdings?	
be focused in order to limit damage to bonds	
mitigate risks with holdings, please advise key derivatives	
Do wish key derivatives to acquire to mitigate risks with holdin	gs?
the right derivatives bond ?	
should be focused on threats from?	
Which should from bonds?	
Which derivatives are best way bond threat?	
derivatives should be on limiting from	
What are the derivatives focus on bonds?	
Which derivatives should try threat bond holdings?	
derivatives can be used to prevent?	
derivatives bought in limit threats holdings?	
The to bonds the related.	
Which derivatives can to bond of?	
Which should in to limit bonds?	

Which derivatives focused on the threat?
should be focused limit risk from holdings?
The derivative order damage done to from credit threats.
Which be limiting from bonds.
Which should to reduce the threat default holdings?
The should be on order limit damage to
to decrease bond?
Which derivatives at acquiring for the of
derivative buying in order to limit the to?
The derivative should focused on order to limit the
recommend essential derivatives to protect bad?
buy in order to the done the credit default.
used to mitigate credit/default-based risks involving?
are the derivatives reduce associated with bonds?
Which derivative focus in threats from bonds.
you tell me which the most helpful credit risks ?
Which buy against bonds?
derivatives bought to the threats bonds?
should be to credit defaults on?
Which should the bonds?
advice derivatives to use mitigate potential bonds.
Is a good idea to derivatives the risk held?
about key derivatives for associated bonds?
derivatives acquiring protect bond-holders' credit/default
What primary derivatives should on protect holdings?
should be focused on acquiring to from?
essential choices used to in bonds?
Which derivative should focused obtaining damage bonds?
derivatives be to against the risks by my ?
$_$ should be focused $_$ buying $_$ order to $_$ done $_$ bonds from credit $_$ $_$.
Which need aim for the sake from bond?
derivative should focused on in order threats?
To credit/default linked with bond derivatives to acquisitions.
derivatives should be most focused to bond?
types derivatives should I to protect with bonds?
derivatives can buying to the from bonds?
If you mitigate risks linked bond please the to acquire.
derivatives should focus on reduce bond?
derivatives can used reduce risk from?
should focused order to limit the damage from and default threa
Which derivative be focused on buying order the
derivative should used to limit damage ?
the that help associated with holding bonds?
protect my going belly?
Which focused on buying limit threat holdings?
advice derivatives protect bonds possible defaults.
Which be to limit bond holdings?
Which derivative focused to limit bonds?
Pick the bond default?
limit damage done to and default derivative should be focused buying
