[Demo] NLP Dataset for Customer Service Automation

Company Type	utomotive manufacturers	
Inquiry Category	Vehicle specifications and features	
Inquiry Sub- Category	Interior design and comfort	
Description	Customers are interested in the comfort and convenience features of the vehicle, including seating configurations, interior materials, climate control, advanced driver-assistance systems, and ergonomics.	
Data Size	5,013 paraphrases	
Want to buy data?	Please contact nlp-data@qross.me via your business email address.	

 $\begin{tabular}{ll} Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.) \\ \end{tabular}$

and what features does	?

is in climate system?
The climate what things it?
are the the system?
Explain to how control works what features
control system features include?
do of the climate system do?
climate control works; it possess?
How do the?
Is the climate control or is of?
What features do and how they?

Can me about control?	
What functions and of are there?	
do system work and what features have?	
climate control system in an interesting way, but	?
How do of climate system work does do?	
The control has how do work?	
What Control System have?	
How about describing the of climate ?	
What do you about the and your ?	
the climate control system	
How control function and what features ?	
How does the do?	
do the climate control are features?	
How you describe and features climate control?	
How climate control what the?	
AC work with?	
How works?	
me little bit about climate what does.	
system and features are	
the climatecontrol have?	
works, features?	
What operates the ?	
Do you know	
How your system work, any fancy ?	
Climate controls work?	
if you explain features of climate control .	
the climate or what are the	
Tell about climate control system.	
and the operation?	
you explain how functions?	
features does control have?	
about the options.	
I want know works.	
Can explain how the ?	
Tell a about the its attributes.	
Do know climate control?	
Is the control system working do ?	
Climate what?	
How does System ? How climate system ?	
Let me know	
Tell about the the	
a about how control operates.	
help Climate control system	
What AC have?	
the climate system and what are?	
Can explain climate features?	
The functions the system.	
you discuss the features climate ?	

does control have?
control system they have?
Tell us control works.
What climate control system ?
Climate control's?
features climate control system and how work?
functions do the control have?
does do, how does it what features it have?
What present climate?
What features do have climate control do?
of the climate control?
What do have in ?
does the control ?
the climate control things?
things in climate system?
you tell about the system?
Tell me about and features climate
What do climate available?
Does the work are included?
Does system work what features are?
and of a climate ?
What some of of climate control ?
What the of ?
Which does have?
do the function and do it have?
system work and what are features? do the climate control system what it ?
the climate system working is features? How features functions climate system work?
Inform about climate How your any fancy stuff in?
does it do functions do it perform.
features are in theclimate
I like your AC system
does the climate system have?
What are with?
the climate control working bunch features?
What are the system and how function?
The system, do do, what there.
and of climate do you have?
to climate control its capabilities.
How climate control features?
to how the control works.
do the climate?
Which control system?
features included Climate System?
operate along with features?
climate system work bunch of features?
control system, are?
Tell me what climate

Is climate and what feature it?
climate system functional includes?
What feature the climate have how does ?
What functions and in climate system?
What do the climate system and can ?
Interested how clim ?
me about the features.
features system have?
How does the what attributes possess?
Do you know what workings are?
Tell me a climate control possesses.
is climate ?
are the climate system?
are of system, and how do they?
How control?
you how the climate?
features does the climate has, and does ?
does climate work?
the control system what features are?
you explain functions and features your ?
the of control?
Is the there a lot of features?
features the Climate system?
I would to climate thingamajig works.
I want to control
functions, its perks.
doesclimateworks?
the function and what features exist?
are your system and any stuff ?
Can explain the system has?
AC work and anything in?
features operate control?
Help me a climate
how control operates.
What some notable the climate ?
The control system, do, it has? features do the system ?
What the control system do and does it function?
does control and does it function?
Please help features.
to the climate control works and what has.
are the of ?
control function in and what features do it have
What of control setup?
Tell control system
The functions features?
do climate system work features available?
The climate system and are?
vou tell me system?

features are in climate ?
the climate control work?
climate control system and what it?
do operate what are there?
me climate work.
Is climate work or a bunch features.
is offered in climate ?
do the system functions what are?
What the controls?
you know how ?
how AC works?
do the climate ?
Is the system working or that bunch ?
Do in control here?
What features system?
How the climate
The of climate control
What functions and features the ?
What they have the?
does system and what stuff built in?
a bunch of features?
What features do in the ?
climate system?
features control system
how climate control actually works?
how is system
Is climate control system it has?
climate system what do it we don't?
the is a question.
Does the control system or have ?
the climate system and are its ?
like know how the control its features.
What does the climate ?
climate control work or they features?
are the the controls?
The system, does it what features do they work?
your AC system any fancy stuff built?
me how your works?
climate and features are
wondering climate control How the systems ?
