[Demo] NLP Dataset for Customer Service Automation

| Company Type | Mobile Network Operators |
|-----------------------------|--|
| Inquiry Category | Transfer of service to a new device |
| Inquiry Sub- Category | Network settings configuration |
| Description | Assistance with configuring network settings on the new device, including steps and settings required to access the internet, send/receive MMS messages, and enable other network-dependent functionalities. |
| Data Size | 5,196 paraphrases |
| Want to buy data? | Please contact nlp-data@qross.me via your business email address. |

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

| What steps for enabling Wi-Fi hotspot service to a? |
|---|
| should enable wi-fi phones? |
| can get working wi-fi hotspot phones? |
| What to done in order to use the wi-fi ? |
