## [Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	User manual and user guide inquiries
Inquiry Sub- Category	Functionality clarification
Description	Customers seeking clarification or more detailed explanations regarding specific features or functions of their smartphone, such as camera settings, customization options, or support for certain file formats.
Data Size	5,036 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

 $\begin{tabular}{ll} Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.) \\ \end{tabular}$ 

standards supported this smartphone model (Qi/PMA)?
phone model the wireless ?
I use either my phone's wireless?
the phone charge it using QI standards?

phone wireless charging parameters, like PMA the
standards this phone comply?
models work both PMA Qi charge standards.
Does the phone support both charging?
Please confirm this wireless
out my has the wireless standards?
specific wireless this phone?
the phone both Qi and PMA ?
this support the of charging standards?
you to charge wireless standards?
Does the phone wireless such as ?
phone when used for wireless charging?
Can I out the are included phone?
charge PMA or Qi?
Which protocols do accept?
the have PMA and Qi?
Does wireless charging?
which of phones work both and charge standards.
Do you know phone or Qi.
I to know model wireless charging.
if phone wireless formats.
Is this PMA and?
Can tell me if phone you are talking ?
this model support the use of Qi for wireless?
Does phone to charge it with either standard or ?
Is the phone wirelesscharging?
tell about wireless charging supported thisSmartphone?
wireless charging the cellphone?
compatible wireless charging standards?
this phone standards of the system?
supports the Qi.
Does support PMA standards?
model Qi or PMA?
charge this using either the or standards?
know what models of the PMA wireless charge
this supports the wireless charging formats.
Is there a standard supported ofSmartphone?
Does this support charging?
this the wireless charging?
you mean that this supports the Qi?
Is find if uses PMA or Qi?
model of mobile device wireless charging standards?
Is compatible with wireless standards or Qi?
Qi by this phone?
Does allow use of standards?
Can if charging standards enabled this phone?
Which wireless guidelines accepted by ?
Is compatible with a ?

Does the Qi/PMA wireless ?
What are charging on this phone?
with Qi PMA wireless charging standards?
Which charging supported by device?
of two is with the phone's wireless charging?
Does theyouusePMA standardwirelessstandard?
this phone work with or?
Can about the charging this ofSmartphone supports?
Does this particular model the standards?
able to charge using both Qi technologies?
How do this cellphone?
I not which ofSmartphone use the PMA Qi
What does phone embrace?
able to PMA and Qi when this ?
Can or Qi for ?
Which charging standard does ?
this with Qi/PMA?
Does phone to PMA standard QI standard?
I of work the PMA and charge standards.
Is it possible on this after?
Is there a enabled on ?
Is possible to if the is using or ?
phonewith the QiPMAto charge?
Does allow to charge it PMA or standard?
the with PMA and wireless ?
Which wireless do this comply with?
it possible to cellphone Qi PMA?
PMA and Qi compatible ?
phone model Qi?
want to know of phones work both Qi
Is with both PMA and Qi ?
this wireless charging on or Qi?
Does this allow to PMA standard charging?
Do I a of device using PMA ?
I'm not sure models of the wireless .
Is supported wireless charging standards?
Does the support wireless PMa ?
The supports like the PMA the "Qi".
Does wireless charging?
the PMa QI wireless Norms?
Please confirm the wireless charging
have option this device with PMA or ?
support wireless charging standards of and ?
The phone charging parameters PMA or
I know which of phone PMA charge
The charging parameters like PMA the
