[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub- Category	SIM Card Not Activated
Description	Sometimes, customers purchase a SIM card but face issues during the activation process. Operators help troubleshoot the activation process, verifying customer details and ensuring that the necessary steps are taken for the successful activation of the SIM card and services.
Data Size	5,127 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
