[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Technical support for TV connections
Inquiry Sub- Category	Remote control issues
Description	Customers face difficulties in using their remote control, such as unresponsiveness, buttons not working, or intermittent functioning. This category covers troubleshooting steps for remote control problems, including pairing or programming the remote, replacing batteries, or resetting the device.
Data Size	8,760 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)
