[Demo] NLP Dataset for Customer Service Automation

Company Type	Wealth Management Firms
Inquiry Category	Market updates and economic outlooks
Inquiry Sub- Category	Risk management
Description	Customers ask about risk management strategies to protect their investments. They seek advice on diversification, hedging, and other risk mitigation techniques.
Data Size	5,012 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Wealth Management Firm" customer inquiry. (Purchased data will not be masked.)

How	your use quantitative models investment risks?
How	quant help manage ?
	you your uses quantitative models mitigate investment risks?
Tell	about quantitative models your mitigate investment risks.
	tell us your company's methodology to techniques investment risks?
Can	us more risks be mitigated by quantitative?
	does your investment risks a quantitative?
	your quantitative models reduce?
Does	your firm quantitative models to ?
How	limit risk using models?
Can	how quant work reduce investment?
How	you use investment risks.
	there example how company uses and Algorithms minimize risks?
	your use to risks?
How	quantitative models reduce?
	to know if your quantitative models mitigate
Quan	ntitative or can to mitigate investment
	your firm use to investment risks?
	models advanced calculations firm help lower the associated investing ??
	want know company uses quantitative when investment
	like to know if your uses models risks.
Is	used limiting investments?
	do you investment risks using
	or advanced calculations in help lower the risks in?
How	use models to investment in your?
	do your company themodels?
Can	you give an of Quantitative are are investment risk?
	models help decrease risks?

can you avoid risks?
your firm use mitigate risks?
I would $___$ know $___$ used to mitigate investment $___$.
you an of Quantitative Models are limit investment risks?
Can you provide an example your uses investmentrisks?
I love know how company using quantitative
give an how Models and are used to investment?
How much does your modeling reducing investment risks?
do limit investment using?
Can you tell me quant help ?
you tell what quantitative firms to manage ?
How quantitative help you reduce ?
Can you example and or Algorithmes used limit the investment?
use quantitative to risk?
possible firm uses quantitative models to risks?
How risks mitigated or methods?
How minimize quant models?
Can you give your uses Quantitative Models in to minimize ?
Does use to risk?
Cangiveexamplehow your companyQuantitative and limit the investment?
Can tell about your company's using to risks?
provide an example of how and used to risk?
Do help business investment ?
How can quantitative to risk?
Do you have an example of Algorithmes used investment?
are quantitative to risk?
you models reduce investment ?
Can an example of Models used to investmentrisks?
company investment risk models?
Can tell quantitative software are to mitigate investment?
How quantitative models can firm ?
do quant investment?
How your firm's of risks?
you use quantitative models to risks?
using quantitative to risk?
minimize your investment, how can quantitative models?
explain how models are reducing investment?
you me models to reduce investment risks?
How help reduce investment ?
can you model risks ? can be to possible investment drawbacks?
can you quantitative models reduce risks ?
Are or calculations to the with your firm?
you use quantitative to control ?
use quantitative models to diminish risk?
give example of Models and used to reduce Risk?
Could how quantitative help mitigate risks?
how you limit a model
you give of how Quantitative and be used reduce ?
am how your quantitative models mitigate investment risks.

	want to	if your	_ quantitative models _	managing	·

way your firm quantitative models to ?
Does your to risk associated with?
How can you to risk investments?
your investment using quantitative models?
Can tell about an example how Models to minimize risks?
you tell me more firm's use of risks?
Quantitative firm reduce investment
Can give me of Quantitative Models and to investment?
Is used reduce risk?

need the use of quantitative software mitigate investment risks. Can you an example of and is used to ?
company investment using a quantitative model?
give us a how investment risks are models?
know how your uses models to mitigate risks.
Can me an example of Models Algorithm is to?
want know or company quantitative to manage investment
model does your company limit?
How can use minimize risk?
to if your uses quantitative in investment
Is an how Quantitative and in order to investment ?
Can you tell me about use Quantitative or Algorithmes ?
Quantitative models used to investment drawbacks
Can you provide to decrease investment?
use quantitative models to your investment ?
want to know your risks using quantitative
know firm uses quantitative mitigate investment risks.
you reduce risks quantitative?
Can you quantitative help my risk?
want to your company uses to manage its
Does firm models that risks?
the risks investments with quantitative models?
give example of Quantitative Models used your to reduce ?
company's methodology to data-driven techniques and reduce investment?
I would to firm uses models mitigate risks.
quantitative models be the risks your investments?
can use quantitative models decrease risks your?
extent to which relies on quantitative modeling reduce?
Are or advanced calculations used by your firm risks ?
I to if use models and mitigate investment
me models your firm to reduce vulnerabilities?
you quantitative models to your risk?
using models advanced to lower risks with investing in?
How can model investment risks?
you about using quant models risk?
much does your on quantitative and algorithmic to?
you give an of how Quantitative algorithms used to reduce investment
How models to minimize drawbacks your firm?
How can reduce firm's exposure quantitative ?
Do you if your uses quantitative models ?
would like to if firm uses to to
