## [Demo] NLP Dataset for Customer Service Automation

Company Type	Online Electronics and Technology Retailers
Inquiry Category	Privacy and security concerns
Inquiry Sub- Category	Privacy policy
Description	Customers seek clarification on the retailer's privacy policy, wanting to understand how their personal information is collected, used, and protected.
Data Size	9,181 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Online Electronics and Technology Retailer" customer inquiry. (Purchased data will not be masked.)

two-factor available as a	n option account?
Can two-factor add	itional?
Is for _	protection?
Is to se	urity with two-factor Authentication?
Could 2FA safer	?
Is it enable auth fo	·?
There to use	security
two-factor feature	
2-step verification good	choice to?
I would know if	get two-factor authentication.
you a 2FA account	?
Is it possible to two-factor	protection?
I if can enable	<u> </u>
possible use two-fa	ctor for account?
possible a	_ account with 2FA?
there way to	feature?
two-step verification	_?
a good	ny account?
Is give	protection with two-factor Authentication?
Is possible to two-factor	make my more?
Can set up additional on	this?
Is it get cred	entials to account?
I 2FA for ?	
Does account's sec	urity?
Is verification a feature	for?
Would you me the to	on?
better account security	vith thingy?
possible two-	actor authentication safer accounts?
Enhancing via	is feature be given to users.

Is possible to my with ?
I enable two-step verification?
I enable double-authentication?
Am allowed protection?
Is it for to give me two-factor Authentication my?
I authorization to make more secure?
if I can two-step
Can I increase?
Can Authentication for protection?
increase security?
easy use to strengthen security?
2FA strengthen my ?
it possible to secure using ?
it get some decent authentication protect my?
Is it possible for security via authenticate?
my 2FA support?
you the two-factorAuthentication?
Can two my account?
Is it possible me a choice about two-factorAuthentication ?
Does me to use ?
Adding security is available.
it possible to authentication order to account?
Is it to stronger account protection?
accounts provided with 2FA?
use passwords safer accounts?
possible a dual-identity feature be offered.
Is possible toenable?
Does platform the choice security through verification?
Is there a two-step sign-in for
there way such as two-factor ?
step sign-in can used more
there a security two-factor?
Is a my account with 2?
use two-factor more protection?
Can I double-authentication?
protection can be two-step
The service two-step
it to two-factor authentication account?
Could 2FA as a measure for ?
it possible to enable admin more ?
make sense have for safer?
secure my account two-step?
Is it to two to account secure?
Can use for ?
Can for more security?
login?
offer more with two-factor?
It's two-step for better?
Can be increased?
Is a way authe?

Is it my 2-step verification?
Is to account security?
Can have 2FA?
Is it be account protection?
I layer account security 2FA?
need for my account?
Is it get decent two-factor account?
two-step verification?
I use ?
I protect 2FA?
support safeguard my ?
Is it users use to account security.
I want know there's for two-factor
more security benefits two-factor?
Extra security be achieved
Is added security Authentication?
Can I use ?
Is 2FA good way ? may be given the account security verification.
Can I some two-factor protect my?
2-factor can activated.
Is two-step verification enabled?
Do they security of two-factor?
able to my with authentication?
it possible to protection?
an option two-factor?
Is platform now of 2FA?
you provide two-step security account?
it possible two-factorAuthentication to my?
2FA strengthen account's?
Is to account with two-factor?
Could two-step for safety?
possible to security
Is a good for ?
Can trust my 2FA?
it use verification?
There are security two-factor
it to add account
would to know you the to two-factor on my
possible to two-factor?
Can used extra security?
it possible to give two-factor
I was wondering would me the option
Is it use for more ?
it up extra security on site 2FA?
Can I set another layer 2FA?
possible use the 2-factor
you actually two-step my?
you able to add Authentication ?
Is a way add additional via ?

security possible two-factor login?
Is possible to enable two protection?
Is possible the of my account step?
You two-step for account?
is a the 2-factor could be
it to use ?
I it two-step verification for stronger protection.
you use sign-in safety?
Can authentication be accounts?
use for more protection?
I additional to account two-factor authentication?
Is possible to security with?
Is it add protection with
it to two-factor security accounts.
Can enabled me?
Stronger with two-step verification.
Does the use two-step verification?
Is good for fortifying my?
Two-step verification can enhance
Is that for account security?
it possible enable more login?
Is possible two-factor authentication protection?
Two factor added?
can add two-factor for account?
Is to get added two-factor authentication?
possible allow me enable two-factor verification my account?
service option to use verification?
Is 2-step securing?
Can 2FA to security?
Is it possible activated?
account can achieved with two-step protection
it possible to more two-factor?
Is there a way use to account?
two-factorAuthentication to myself?
Are you able authenticating account?
Is it use passwords my account secure?
Do you to add two-factor Authentication ?
secure my two-step security, or is that to?
Is it two for?
can the your account.
use 2FA?
tell me is for secure accounts.
it possible account with two-step?
Please a for secure accounts.
Is there an verification?
two-factor be?
Can multi-step to turn a layer of?
Authentication be used for ?
there a way to add two-factor?
to extra security through two-factor?

a two-factorAuthentication feature?
Adding can use?
Is possible two-factor auth security?
Can tell me there option for ?
Is possible two-factor Authentication for ?
2FA account?
Is to fortify account two security?
I more secure with two-step?
Is to for safer?
Is possible to enable security ?
Would it to opt account two-factor authentication?
The two-factor feature
was wondering if would allow to two-factor account?
Is there my with 2-step authentication?
2FA good way to security?
2FA for my account?
Can I allow that are?
possible to add authentication ?
Is to two-factor for more ?
I additional using two-factor?
strengthen my security with?
Is to use to make more secure.
Is it possible add account ?
decent two-factor authentication?
login feature?
be added measure?
I protect account 2FA
I use second verification make account more?
it fortify with 2-step?
able to enable two-step stronger account?
Can double-sign setup be ?
Can use two-factor more?
Is possible for me set with?
Is possible security for safer accounts?
my security enabling double-authentication?
2FA be used add safety .
Can double-authentication reasons?
available for extra?
two-factorAuthentication on account?
Is there an additional security two-factor?
For account have that two protection?
to if 2FA is an to security.
Is possible for to enable two-factor ?
me to enable for safer accounts?
Is use two-factor authenticate make my account ?
I use extra security?
Is it increase with this site?
security activated.
Do a sign-in for extra?
Can my more by using authenticating?
