## [Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Compatibility of parts with vehicles
Inquiry Sub- Category	Year and Trim Level Compatibility
Description	Customers want to ensure that a specific part is compatible with their vehicle's year and trim level to guarantee a seamless integration and prevent any compatibility-related challenges during installation.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)
